OUR NEXT CONGRESSMAN!

A Friend of the People and in Sympathy With President McKinley

JUDGE W. F. NORRIS.

WILLIAM F. NORRIS.

An Excellent Endorsement From Robert L. Wheeler of South Omaha.

WILLIAM M. WHEELER, Editor Wakefield Republican.

My dear brother: I am greatly pleased to note that the Hon. W. F. Norris has been nominated for Congress by his friends in the 3rd congressional district...

That unfortunate political blunder by which the Hon. Samuel Maxwell was turned down and denied his well merited re-nomination, leaves a large and intelligent class of voters without a leader at home, or a representative at Washington...

The more question must bide its time for final adjudication; it will be settled later and settled right, but greater questions are pressing their claims for recognition and must take precedence because of their urgency...

Give us statesmen at Washington, men above the trades of political trickery—such a man is W. F. Norris; by all means send him to Washington. He is the peer of any Nebraska's brilliant men whose presence has been traced to Christian City in 1861...

Biographical Sketch. W. F. Norris was born in Thomaston, Maine. Removed to Minnesota with his parents in 1861. While attending the Normal in Winona, Minn., he met Mrs. Mary A. Donnelly...

Among the passengers for the exposition yesterday morning we noticed Mr. and Mrs. A. P. Brenner, Miss Maude Tucker, Mr. and Mrs. L. P. Rayburn and Jas. McIntosh.

Hon. Geo. D. Meiklejohn will address the people of Wakefield and vicinity Saturday evening on the political issues of the day and the war.

Ahern has the line of Ladies' and Childrens Underwear suitable for this sudden change in weather. Not only the quality but also the price make them feel comfortable.

A stubborn cough or tickling in the throat yields to 1 Minute Cough Cure. Harmless in effect, touches the right spot, reliable, and just what is wanted. It acts at once. L. P. Orth.

The writer visited Winside Tuesday and we want to say this: It's one of the liveliest little towns in this section of the state, and R. R. Smith and Gus Tracy were taking in a large amount of wheat.

John P. D. John delivered his lecture, "Did Man make God or God make Man," at the M. E. church Tuesday evening. The lecture is no doubt one of the best ever listened to in Wayne, and is a strong and convincing argument against the teachings of Col. Jagersoll.

SOUPS! Tomato, Chicken, Vegetable, Julienne, and Consomme. These Soups are fresh and the very best brand. Epler & Co.

The HERALD has never been so small as to speak of any fusion candidate entering a saloon in connection with election matters, and while we could roast some of Mr. Goldie's pet candidates to a turn along this line, the writer will only apologize for having entered such a place at the same time Goldie did.

Deputy Marshal Lergen arrested one M. C. Corbett at the Bennett house on Tuesday morning. Corbett claims to be a fortune teller, but it seems that he is wanted at Elk Point, S. D., on a charge of stealing a watch. Sheriff Ryan of Elk Point, arrived Tuesday evening and returned yesterday morning with his prisoner. The watch was found this morning in the chimney at the Bennett house.

W. M. Wright, who attended the meeting of the silver republican congressional committee held at Columbus in September, says they did not endorse Robinson. The meeting was called for the purpose of determining the advisability of calling a silver republican convention to nominate a candidate for congress, but it was decided not to call a convention. Had the question of endorsing Robinson come before the committee at that meeting it would have been voted down.

High grade short horn cows and heifers bred to full blood short horn and polled Angus bulls. A. B. CLARK.

For a good overcoat go to the Bazaar. W. A. Ivory, Dentist, over 1st Nat'l. Banker Swan was in Sioux City on Monday.

M. P. Savidge went to Omaha Sunday afternoon.

A heavy frost has occurred the past two nights.

A good kettle with every can of Baking Powder at Sullivan's Grocery.

In the meantime don't forget to register your vote for the court house bonds.

Sweet pickles, sour pickles, mustard pickles and Olives in bulk at Sullivan's Grocery.

The weather the past two days has been of the Italian brand and the farmers are very busy.

For fresh groceries go to the Bazaar. A good three room house for sale. Inquire of Henry Goll.

Why pay \$1.00 to \$1.50 for paint when you can buy it of Orth for 75c. per gal? 4

Geo. L. Divine went to Laurel this morning to look after his real estate interests.

H. Mildner went to Omaha on business yesterday, also to attend the exposition.

See the new ads. of P. L. Millr, The Regulator, Aug. Piepenstock, and Chace & Neely, in this issue.

Judge Norris has demolished Robinson's claimed majority and has a safe balance in the number of voters, mark you.

The finest table preserves in the market is HIENZ'S RED RASPBERRY JAM, in bulk, at Epler & Co's.

The following is a list of the jurors drawn for the November term of the district court:

Otis Stringer, S. D. Relyea, John Prince.

A. G. Mettlen, T. Fitzsimmons, Paul Heyer, M. Stringer Sr.

Wm. Shellenberg, W. D. Cavanaugh, Jas. Porterfield, D. W. Garwood, W. D. Hammond, R. C. Osborn, Eli Jones, John Olson, G. W. Riley, R. B. Leonard, John Beal, Aug. Deck, Wm. Worthing, R. B. Leonard, S. W. Williamson, June Conger, Simon Straie.

Hon. Jno. R. Hays, the republican nominee for state senator, has been placed at a great disadvantage in the senatorial race owing to the serious illness of his daughter who is afflicted with typhoid fever, and is not expected to live; and as a result has had all the advantage. This being true, every lover of justice and every republican should put forth special effort in behalf of Mr. Hays. He is a citizen of great worth, would be one of the ablest men in the new senate to look after the interests of the district, and the people should sit down on that greatest political demagogue in the state, Senator Allen. Make it your personal business to look after Mr. Hays' interests.

The State convention of the Women's Christian Temperance Union, met in Pawnee City Oct. 11 to 14. Pawnee is a beautiful little city embowered in trees, having seven churches and no saloons, and wonderful to relate, three school rooms, employing twelve teachers. Strange that they should have schools with no saloons to support them. The convention was replete with interest from start to finish. The most harmonious meeting of any kind that I ever attended. The first evening was devoted to addresses of welcome and replies and a roll call of years—a few items of interest by different speakers for each of the twenty-five years that we have been organized in Nebraska. The second evening an address by Mrs. Ada Unruh of Oregon, on "That Old Bachelor," which was both entertaining and instructive. The reports were encouraging, evidencing the fact that the W. C. T. U. of the state is not even asleep. The white heads of many of the delegates indicate that it takes an interest in a live subject to keep women young. The devotional spirit was most marked, showing plainly "from whence cometh our help." ONE WHO WAS THERE.

Historical Society Clothing At Cost \$6,000 We have \$6,000 worth of Clothing to be closed out at FIRST COST For Want of Room Furchner, Duerig & Co. Of Wayne, Nebraska. WILL POSITIVELY CLOSE OUT AT COST THEIR ENTIRE STOCK OF CLOTHING Consisting of Men's, Youths, Boys' and Children's SUITS AND OVERCOATS. Must be sold by Jan. 1, 1899.

Mr. See of Kearney, is visiting with brother-in-law, F. W. Burdick. Orth will sell you wall paper NOW 20 per cent cheaper than you can buy it for next spring—36-4. When you call for DeWitt's Witch Hazel Salve, the great pile cure, don't accept anything else. Don't be talked into accepting a substitute, for piles, for sores, for burrs. L. P. Orth. The HERALD is crowded with advertising and we believe Wayne has the best set of business men on earth. You invite disappointment when you experiment DeWitt's Little Early Risers pleasant, easy thorough little pills. They cure constipation and sick headache just as sure as you take them. L. P. Orth. W. M. Wright says that however much truth there may be in the charges of inhuman treatment given the soldier boys in the late war, the fault is not so much with the administration as our military system, its rules and regulations. These, he says, are relics of barbarism and of decaying empires, constructed on the theory that the private soldier is a dumb brute and has no rights which the officers are bound to respect. We had better be reforming our military system than abusing the administration. Mr. Wright will have more to say on this subject in the near future. He was a soldier for three years in the war of the great rebellion and speaks from experience.

ROBINSON NOT ENDORSED. The Madison Reporter in commenting on an article published in a number of republican papers in regard to the fusion congressional convention at Norfolk, where the silver republicans were totally ignored, says: "The free silver congressional committee was called together at Columbus by its chairman, Hon. Charles Wooster. At that meeting, EVERY MEMBER PRESENT, WITHOUT ONE DISSENTING VOICE, endorsed the candidacy of Justice Robinson; and this action conclusively shows that the free silver republicans of this district are actively and earnestly supporting the fusion nominee." The above is an absolute falsehood. Robinson was not endorsed at that meeting and what's more, EVERY MEMBER PRESENT, WITHOUT ONE DISSENTING VOICE, was opposed to his endorsement, which action conclusively shows that the free silver republicans of this district are NOT supporting the fusion nominee. If you don't believe this, A. just ask Hon. Charles Wooster, W. M. Wright, or any other member who was present at that meeting. How to Prevent Croup. We have two children who are subjected to attacks of croup. Whenever an attack is coming on my wife uses Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this country and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—F. M. KREBE, of Kieck Bros., merchants, Nickleville, Pa. For sale by L. P. Orth.

RUBBER FOOTWEAR We have everything in this line for the ladies. Dainty rubber overshoes, low or storm cut, warm, wool lined storm Alaskas—or one buckle arctics. Same line for the children in all sizes. For the Men Everything from German Sox and Overs, to the finest and most stylish fitting Alaskas made. Quality and Price Guaranteed. WE MEAN BUSINESS! The Racket.

500 Overcoats. In Mens, Boys and Childrens. Price starting at \$3.50 for a Mans. At Har-rington & Robbins. 'GILHOOLEY'S RECEPTION.' Merrimout will reign supreme at the Opera House, November 3rd, the occasion being the engagement of that successful Irish farce-comedy "Gilhooley's Reception" which made such a pronounced hit last season. This is one of the latest of farce comedies and the best of the critics everywhere it has been presented is that it is by all odds the best of its class. Mr. McDonald does not claim the innovating prestige of the plot for his skit, but asserts that it fills his entire purpose by providing a source of enjoyment to the theatre-goers. The piece is in three acts, and they form a panorama of rollicking fun. The story is not very strong, the idea of the author being to introduce a number of character sketches and up-to-date episodes. Manager McDonald carries his own orchestra, so that the different specialties introduced during the action of the piece, will be produced to the best advantage. Reserved seats will be placed on sale at Miller's Star Grocery.

The Markets for Today. Wheat, 1.75; Corn, 1.50; Oats, 1.50; Cattle, 4.50; Hogs, 3.25. MONDAY, OCT. 31st. Special Cloak and Fur Sale! MR. H. P. FISHER. Ponca Journal: Wayne will soon vote on the question of having to build a new court house. As fine a town as Wayne is, deserves something better for a court house than a barn.

The citizens of Wayne and Wayne county, irrespective of party, should be gratified over the fact that we have a nominee for congress, and he should be given a handsome vote. Such a thing was accorded Prof. Fife when he ran for state representative.

Such flak mouth sheets as the Democrat, that gloat over the unpleasant parts of war and army life for the sake of political capital, only show their ignorance and the smallness of their structure. It's too bad some of them didn't go to war.

A character sketch of Col. Theodor Roosevelt, dealing especially with the personal qualities of the man, will appear in McClure's magazine for November. It will be illustrated by several portraits, one of them a quite recent one taken especially for McClure's.

WE have received this year's Canned Vegetables: Baked Beans, Pickles - Sweet and Sour, Plain or Mixed, Also Dill Pickles, Salmon and Lobsters. All fresh and best quality. Epler & Co.

For all fresh cuts or wounds, in either the human subject or in animals, as a dressing, Ballard's Snow Liniment is excellent; while for sores on working horses, especially if slow to heal, or suppurating, its healing qualities are unequalled. 25 and 50c. Wilkins & Co.

The fusionists gave Attorney General Smythe a chilly reception on last Wednesday, but it only made matters worse for the Democrat to find fault with reputable papers for not endorsing the meeting, especially as they had had no request to do so. If the Democrat had a little more regard for the truth its readers would know when to believe it.

H. G. Webbles who recently sold the City Steam Laundry to R. P. Williams, has decided to engage in the restaurant business. J. O. Milligan will erect a building for the restaurant on the corner of the Herald office. Berry knows the needs of the people and will open up a first class establishment, which will be conducted in a first class manner, in which event there is no doubt of the success of the enterprise.

Blair Republican: The Wayne HERALD of last week announced the marriage on last Tuesday of Miss Leola Hitchcock of this city, to Mr. Ralph Greer of Blunt, S. D. Miss Hitchcock will be remembered as a former Blair girl. She was a very popular, bright and much respected young lady. They will make their home in South Dakota. We extend congratulations to both parties.

Columbus Times: The house of Rev. A. L. Mickel of the M. E. church, was burglarized last Sunday evening when the family was at church. Five dollars in cash, some silverware and presents, valued more for their associations, were taken. It was undoubtedly the work of local thieves, who seem to thrive remarkably well in their periodical depredations upon the city, so far, has effected detection and positive proof of their delinquency.

The Democrat says "it might be well for the democratic party of Wayne county to engage McNeal's services," etc, and that it wouldn't cost the party more than 10 cents. However, we want it distinctly understood that if Goldie is to make the engagement, McNeal's agents that the 10 cents be paid in advance. Goldie has been an expensive luxury for poporats and the vote this fall will no doubt reveal the fact.

A Clever Trick. It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back or weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, sleeplessness and melancholy. It is purely vegetable and a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle sent to you on the free trial plan. Write to the R. W. Wilkins & Co.'s druggists.

### OBITUARY.

John H. Hyatt, deceased, was born in Muscatine county, Ia., July 25, 1875. From 1882 to 1888 he lived in York, Nebraska, then moving with his parents to Wayne county. He was one of the first enthusiasts to join the great army of volunteers when war with Spain was declared last spring, and went to Omaha to join the regular army, but for some reason failed to do so. Later he became a member of the Wakefield company, calling with Capt. Brown. Young Hyatt possessed all the qualifications for a soldier. He was a great favorite with his friends and in his business relations scrupulously honest. His death was caused by typhoid fever, at Pabco Beach, Florida, Oct. 16th.

The deceased soldier leaves to mourn his untimely death father, mother, sisters, Mrs. W. B. Searight, Mrs. G. A. Henry of Topeka, Kans., brothers W. B. and A. W. Hyatt of Wayne and G. W. Hyatt of Randolph, besides a score of distant relatives.

The funeral ceremonies were conducted by the G. A. R., of which organization the dead hero's father is a member, and the remains laid away to rest in the Wayne cemetery on Friday, Oct. 21, 1898.

"Oh Promise Me!"

At some time in her life Cupid plays in every woman's ear, and when that time comes it is a woman's duty to think twice before she answers. She should think once for herself, and once for the man who has chosen her for his life companion.

If she is suffering from a torturing, dragging weakness or disease so prevalent with her sex, she has no right to answer "Yes!" until her health is restored. If she does, she will be wretched and ill herself and her home will be an unhappy one. Dr. Pierce's Favorite Prescription is a scientific remedy that cures all weaknesses, disease, disorder and derangement of the delicate and important feminine organs. It is not a "cure-all," but a medicine devised to correct this one class of disorders and no other. It has accomplished its purpose in tens of thousands of cases, and is recommended by thousands of testimonials of the grateful patients themselves. It imparts vigor and vitality to the entire womanly organism, and is the best of all nerve-tonics and restoratives. It fits for widowhood and motherhood. It transforms weak, nervous, dependent invalids into healthy, happy women.

"I was so weak I could scarcely walk about the house," writes Mrs. Mattie Scroggs, of Allen's Creek, Nebraska Co., Va. "I was reduced to a mere skeleton. I was never free from pain in the back and head and could not sleep at night. I bought three bottles of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and two boxes of 'Pleasant Pellets.' After taking these I felt that I was a new person. I slept well and gained in flesh. I am doing all my own housework and we have nine in the family."

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."

### NOTICE OF ELECTION TO VOTE BONDS FOR COURT HOUSE.

Notice is hereby given that on Tuesday, the 8th day of November, 1898, at the general election held in the County of Wayne, in the State of Nebraska, there will be submitted to the vote of the people of said county the following proposition: "That the County of Wayne, in the State of Nebraska, by its Board of County Commissioners, issue its negotiable coupon bonds in the amount of Twenty-five Thousand Dollars (\$25,000) of the denomination of Five Dollars (\$5.00) each, to be dated December 1st, 1898, bearing interest at the rate of five per cent. (5 per cent) per annum, and principal payable in installments of Twenty-five Hundred Dollars (\$2,500.00) December 1st, 1901, and Twenty-five Hundred Dollars (\$2,500.00) the first day of December in each year thereafter and including December 1, 1913, until the full amount is paid; the principal and interest payable to the order of the County of Wayne, in the State of Nebraska, for the purpose of the construction, erection and completion of a Court House in the County seat of said county, upon Block Two (2), Crawford's Brown Addition to the City of Wayne, known as the 'Court House Block,' for County purposes and all purposes for which the County of Wayne is authorized. And shall said Board of County Commissioners, or other officers charged with the sale and collection of taxes, levy annually a tax as provided by law, in addition to all other taxes, sufficient to pay the principal and interest on said bonds as the same become due and payable, and appropriate the money realized from the sale of said bonds for the purpose of paying the principal and interest on said bonds." All the cost thereof not to exceed the sum realized from the sale of said bonds. The said bonds not to be sold for less than Twenty-five Thousand Dollars (\$25,000.00) and to be placed in the hands of the County Clerk of Wayne, Nebraska, after to and including December 1st, 1913, until the same are fully paid, and levy a tax annually as provided by law, in addition to all other taxes, sufficient to pay the principal and interest on said bonds as the same become due and payable, and appropriate the amount realized from the sale of said bonds for the construction and completion of said building, the cost of same not to exceed the amount so realized; and said bonds not to be sold for less than Twenty-five Thousand Dollars (\$25,000.00). And the words 'Yes' and 'No' printed on the right hand thereof, with squares as provided by law for voting thereon; a cross placed in the square against the word 'Yes' shall be a vote in favor of said proposition, and a cross in the square against the word 'No' shall be a vote against said proposition. And a majority of the legal voters voting thereon shall be in favor of said proposition. It shall be deemed and taken to be carried. The County Clerk is hereby directed to cause notice of this proposition to be given for four weeks in the Wayne Herald, Wayne Democrat and Winside Tribune, weekly newspapers published and of general circulation in said County, immediately preceding the day of election, and also by the County official papers of said county. And he is further instructed to deliver to the Sheriff of the County of Wayne a sufficient number of copies of said notice, and said Sheriff shall cause the same to be read in each township of said County, and in each of the Precincts of said County as provided by law, and make due return thereon. And it is further ordered that the County Clerk shall furnish to the judges of election in each precinct a copy of said notice, to be posted up at each place of voting in said precinct during the day of election. REPUBLICAN TICKET.

STATE.

For Governor—M. L. HAYWARD, —Otoe County. Lieutenant Governor—GEO. A. MURPHY, —Gage County. Secretary of State—CENEK DURAS, —Saline County. Auditor—T. L. MATTHEWS, —Dodge County. Treasurer—PETER MORPENSEN, —Valley County. Supt. of Public Instruction—J. F. SAYLOR, —Lancaster County. Attorney General—N. D. JACKSON, —Antelope County. Com. Public Lands and Buildings—G. R. WILLIAMS, —Douglas County.

LEGISLATIVE.

Senator, 11th District—JOHN R. HAYS, Madison County. Representative, 17th District—LOUIS SMITHBERGER, Stanton County.

CONGRESSIONAL.

For Congressman, 3rd District—W. F. NORRIS, Wayne County.

COUNTY.

For County Attorney—FRANK M. NORTHPROP. For Commissioner, 3rd District—M. S. MOATS, Sherman Precinct.

Jno. R. Hays, the republican nominee for State Senator, is an able man and one who will fill the position with credit to his constituency and to the state. Your ballot should be cast for him.

It seems to be the wish of nearly all of the churches of the country that the United States retain the Philippine Islands, if for no other reason than for humanity's sake. This certainly puts Judge Robinson in a sad plight.

You have your choice of voting for a republican or a free silver republican for county attorney, which will it be? If you think the matter over carefully your vote will no doubt be cast for Frank M. Northrop.

Senator Allen could not trust W. M. Wright, apparently, and for that reason W. M. was given a stab in the political ribs, but the bosses didn't care; they say "Bill Wright has no influence anywhere," but there may be an awakening.

If the farmers and business men desire their interests properly looked after at the next session of the legislature, they should cast their ballots for Louis Smithberger for representative. It's time to lay such demagogues as Senator Allen on the shelf. Business is business.

The voters up in the third commissioners' district should see to it that M. S. Moats, that staunch republican and successful farmer of Sherman, is elected county commissioner. Mr. Moats is a practical man of good business judgment who knows the county's needs, and who will carefully guard the county's interests. He is the man for the place.

Louis Smithberger of Stanton county, the republican nominee for representative of this district, was in the city Saturday getting acquainted with the people of the county, and he made friends and lots of them, too. Mr. Smithberger is one of the leading and successful German farmers of that county who has been successful in every pursuit. He is a business man of marked ability and just the right man for the farmers to send to the legislature to work for their interests and not for the interests of the "pot hunters." Louis Smithberger is the man to vote for.

Hon. W. F. Norris is emphatically a man of the people. His sympathies are and always have been, with those who by honest toil, make this the greatest nation on earth. Every one who has heard him speak in public has been fully convinced that the Judge was not or could not be made the tool of corporations or combinations. Should he secure a seat in Congress, as we believe he will, there will be no jobbery connected with his work there. He has no 10 per cent. contract with Indians or white men, where he can by his vote take from the treasury of the country a million dollars and put in his own pocket a \$100,000. A vote for the Judge is a vote for a clean administration of public affairs.—Ponca Gazette.

NORRIS FOR CONGRESS

To the readers of The Herald: If you were going to vote for President this fall, would you not vote for the re-election of that able war president, Wm. McKinley? We have no doubt that you would, for he has made one of the best president's this country has ever known. No man has ever conducted the affairs of government more wisely than he. The people regardless of party, admire the cool and distinguished manner in which he has conducted the great affairs with which the country has been confronted during the past year. He has won the admiration of the whole world, and all classes of good citizens in this country. This being true there is one thing every loyal voter should remember, and that is that in the congressional election in this district there is every reason for casting your ballot for the republican nominee, Judge Robinson, the popoartic nominee, is directly opposed to McKinley, the administration and its policies, and though Mr. Robinson may be a first rate man and a good lawyer, he is not the man to vote for under the above existing circumstances. He is against the greatest administration that has had charge of the affairs of the nation since the time of Lincoln. Can Nebraska, which made its entry as a state into the Union under the grand old party through the influence of the Homestead law enacted by a Republican congress, afford to vote for a man to oppose and attempt to thwart President McKinley in his great work for the American people and suffering humanity? We believe not. Then it is your duty to elect that able scholar, orator, jurist and statesman, W. F. Norris, whose voice will make the halls of congress ring in behalf of the common people and in behalf of President McKinley, of whom he is a warm supporter. Judge Norris is the right man for the place; he will make a model congressman, and one which every citizen of Wayne county will never regret having voted for, and regardless of party our citizens should give him a handsome majority. Wayne county ought to have a man in congress. Madison county has had her share.

The Republican Congressmen who are before the people for re election stand for the policy which has made the United States a great continental Nation, and ought to make it a great cosmopolitan Nation. By their votes in Congress and their subsequent declarations they all have put themselves squarely on the platform of expansion. They are entitled to the loyal support of every voter who wishes the United States to be true to its past and to the opportunities of its future.

The Congressional re-nominations appeal strongly to both Republicans and Democrats. No republican who reflects upon the present political situation can fail to see that he is compelled to choose between the cause of such political apostates as Carl Schurz, Lyman Abbott, and Henry Wade Rogers and the teachings of Wm. H. Seward, General Grant, James G. Blaine, Benjamin Harrison, and Wm. McKinley. Every democrat acquainted with the history of his party knows that, prior to 1893, its record was conspicuous for acquisitions of territory. Hence he is confronted today with the question: Shall I follow the leadership of Bryan, Altgeld, Bailey and Harrison, who have no higher conception of politics than to oppose whatever republicans support, or shall I follow the example of Jefferson, Jackson, Polk, Pierce, and Buchanan? With the solitary exception of Van Buren, no democrat of note ever opposed expansion until Grover Cleveland ordered the American flag hauled down at Honolulu. The democrat who votes against a republican candidate for congress repudiates nearly a century of democratic doctrine and practice to endorse five years of democratic error and incapacity. By voting for a republican he supports the principles of the historic Democracy. By voting for a democrat he betrays those principles.—Inter Ocean.

The fusionists of Nebraska lay great stress on the alleged fact that they represent the producers of Nebraska. After reflecting on this claim consider their candidates for congress. In the First district they have nominated young Lawyer Manahan; in the Second they have named Editor Hitehook, who was educated for a lawyer; in the Third they threw over Judge McCall and took up Judge Robinson, who is holding to his judicial ermine until he sees whether he or Norris is to go to Washington; in the Fourth District they have renominated Judge Stark; in the Fifth district they have given Lawyer Sutherland a renomination; in the Sixth they will stork to Judge Greene. A lawyer for Congress in every district in the state! And they toll not, neither do they spin. Time was, not so very long ago, when lawyers were tabooed. They were barred out of the alliance movement, which was the embryo of fusion, but the fusionists have been captured, bag and baggage, by the pettifoggers. Lordy, lordy, what a situation for the contemplation of the masses, the great common people, the producers! The republicans have never made such unbecome claims and yet one of their six candidates for congress is not a lawyer.—Fremont Tribune.

Nebraska was always all right until we had a drought and a panic, and the election of a populist governor who failed to do his duty as required by law, in making a settlement with a treasurer who proved recreant to his trust.—Tekamah Herald. When it comes to "stealing" the popoarts forget their attempt to steal two supreme court judges, but was defeated in the project by the vigilance of Ole Hedlund.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and irritating mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint. Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely, the dreadful disease was eradicated from my system, and I have had no return of it. Many have been taking local treatment for years, and find themselves worse now than ever. A trial of S. S. S. will prove it to be the right remedy for Catarrh. It will cure the most obstinate case. Three Doctors in Consultation.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what the doctor (i. e. Theory) says is best, to be chosen in the last place. But if you can get Dr. Inoullation, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken." When you have a bad cold Dr. Inoullation would recommend Chamberlain's Cough Remedy because it is and pleasant to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. Why He Quit the Stage. There is in Philadelphia a man who abandoned the theatrical profession because he could not lift Fanny Davenport. He was a member of one of the local stock companies about twenty years ago when Miss Davenport came to Philadelphia with one of the men of her company sick. She applied to the manager of the theater in which the young man referred to was employed for some one to take the sick man's place, and as the young actor was not in the cast of the play then running his services were loaned to Miss Davenport. He was cast for the part of Calus Lucius in "Cymbeline," and the business of the part required that he should take Miss Davenport in his arms and carry her off the stage. The lady weighed considerably more than he did, and when he attempted to pick her up he found that his strength was not equal to the task. His struggles caused the audience to laugh, and that spoiled a good scene. He was so humiliated that he left the profession after that engagement.

### A FAMOUS FINANCIER.

Handled \$3,000,000.00 for the Government in One Year.

Jay Cooke, who twenty-five years ago was the principal in one of the most sensational financial failures ever known in this country and who retired penniless, is to-day worth \$1,000,000, and is living in good style in Philadelphia.

Cooke's career has been full of big deals and exciting incidents. He is a man who handled money by the hundreds of millions. He was one of the original promoters of the Northern Pacific Railway, and during the civil war served as fiscal agent for the United States government, providing it with hundreds of millions of dollars in gold at a time when the greatest capitalists and financiers in the confidence of the administration were unable to assist it. When the firm of Jay Cooke & Co. went down in the panic of 1873 the shock was felt all over the civilized world. Its indebtedness was enormous, but every cent has been paid, and even those people who invested money in Cooke's various railway enterprises and had the nerve to hang on have made big profits. Mr. Cooke is now a man of 77 years. He is alert, vigorous, keen mentally, and shows little trace of the ravages of time.

Mr. Cooke was born in Sandusky, O., in 1821. He moved from the sugar district of a country grocery store to Philadelphia to become a banker's clerk, and at the early age of 18 was made the confidential and financial representative of E. W. Clark & Co., then one of the foremost banking houses of the city. Within three years he became a partner in the firm. He made money rapidly for himself and for his patrons.

In 1858 he retired from the banking business and became interested in large railroad enterprises, some of them in the western part of Pennsylvania and some of them in the great Northwest, a region dear to his memory and destined to become the theater of the most famous event in his life, the inception of the Northern Pacific Railroad. During this period Mr. Cooke negotiated the sale of the Pennsylvania State canal, which eventually led to the completion of the Pennsylvania road.

But it is in connection with the work he accomplished in raising the "sinews of war" for the government in the civil war that Mr. Cooke will be chiefly

remembered. Glorious as the figures may appear, it is a fact that in one year, during which it was the sole financial agent of the government, the house of Jay Cooke & Co. transacted a business of \$200,000,000. This was in the year in which the great 7,500,000 government bonds were floated. Within less than five months of that year Jay Cooke & Co. paid to the United States government in 1862 \$20,000,000 in gold.

At the time of his failure in 1873 Mr. Cooke lost \$7,000,000 in a single day and was rendered penniless. He began life anew as a broker and soon laid the foundation of a second fortune.

### COLOR PHOTOGRAPHY.

A Chicago Claim that the Discovery Has Been Made.

The announcement comes from Chicago that James W. McDonough has discovered the art of color photography. Similar announcements have been made with more or less regularity for a good many years, but none of the methods heretofore discovered seemed to be of any value. About a decade ago a handsome photograph in colors was shown, the picture of a brilliant-lured Japanese vase then in the possession of a famous New York collector, but whether it was really a color photograph or merely a colored photograph

nothing more was ever heard of the particular method by which it was claimed this picture was made.

The story that comes from Chicago appears to have a good deal more than the usual foundation in fact, and according to it the method has been subjected to many and severe tests and has proven a success in every instance.

It is to be hoped that the problem, which has for more than a quarter of a century been attacked from all sides by chemists and photographers, has at last been solved. The art of color photography, if it can be perfected and made practicable, in addition to its value in portraiture, will revolutionize the work of book and magazine illustration. The lithographer's stone will be superseded, and pictures true to life in color as well as line will be within the reach of every eye.

## FASHIONS FOR FALL

New York correspondence.

SEXINESS and demerity are characteristic of this fall's fashionable young woman. This means a complete change, for only last season the dressy and viracious young woman in silken petticoats and swishy skirts. Now she has on her baby expression again, and with the clinging smoothness of the mantle that comes suggestion of shrinking in her manner and of childlike drooping in her eyes. These points will be prominent in the costumes of the accompanying pictures, though they showed a wide range of material and treatment.

Of course, the romantic girl hasn't all of her own way, though she is in a minority. The girl with tipped-up nose, high curls and eyes that are her best when shooting slanting glances is disdainful of demerity. She has a lot of smart fashions to suit her own make-up too. The newmark of the second picture in the group is one of these. It was a striking affair of the oddest cut. Its dark green heavy broadcloth was slit up the side to show an under waistcoat effect of still darker green velvet. The waistcoat turned back its velvet collar over the cloth, as you see. Maybe such a newmark can be worn closed above, but who could think of wearing it so when it looks so stunning with a billowy white net scarf bursting forth and sweeping almost to the feet? Romance is left out of the hat, too, which trimmed with black velvet poops, pink roses coming under the brim.

For the house the assumption of soft and drooping fashions is to be continued. In other dresses it may seem a bit like a response to a fad, but this suggestion is not created within doors. Embroidered nets over silks are especially suited to these arrangements, and the one shown here was of ivory net over pale yellow silk. Its wearer, the maker explained, should be a red blonde. The net was fastened into a robe that hung loosely over the yellow silk bodice by shoulder straps. It was cut out well under the arms and held to the figure by a turquoise blue velvet belt. Below the belt the robe fell softly. A valanced bouffant added to

the figures in bright colors bestrewn upon the ground are made along these lines and are very becoming to tall, slender women. The figured stuff is used for the polonaise portion, yoke and lower skirt being of solid color to match the ground of the dress and either wool or silk. The outside wool arrangement in the pictured dress is pretty. Its colors were plum, the wool figured with bright red flower, with natural stem and leaf. The general plan does not demand a figured goods for the polonaise, and the design is entirely suitable for the employment of plain stuffs.

This doesn't seem just the time to advance a new sort of bolero, but that feature was embodied in the last of the illustrated models. The gown was brown nu-hair, its bolero was outlined by black braid and was covered all over with black stitching. Epaulettes to match were set on the shoulders, and the trimming of the skirt allowed a point front and back trimmed to match the bolero. You see, the skirt must be actually in two portions, or

division somewhere must be suggested by the trimming.

Promise of comfort comes in some of the lower collar fashions. These appear of loose gowns and afternoon dresses and turn away from the throat, but the tailoring collar is higher than ever. There is a stock linen collar, buttoning in the back that is as high as the chin can possibly allow it in front and that slopes up still higher at the sides. In it one is cramped as in a vise, but it looks lovely, and the soft lawn scarf that winds about it is held up to the admiration of beholders. This keeps the wearer from looking uncomfortable—always bad taste—because it soft pleats hide the awful stiffness of the band. In the evening wear with tailor dresses the collar is high and turned back. It laps in front so hardly any space is left between, and what is left is a misery

for the choked throat slips into it under the chin and gets pinched. If men are half as uncomfortable in their clothes as women are, we have our revenge for their criticism on our wear.

### Chinese Dialects.

While in other countries, such as Germany, France, etc., where there are various dialects, those who speak these dialects can understand each other as soon as they drop their dialectic peculiarities and make use of the common literary language of the land, this is not at all the case in China. For the simple reason, says M. Leisering, that such a common literary language of the land does not exist. The various Chinese dialects have developed such peculiarities that they have practically become independent tongues. Thus the average Chinaman from Peking cannot understand his compatriot from Canton. Although both employ the same sign for the same idea, each pronounces it in his own way, and he cannot be understood by the other unless he reduces what he desires to say to a written form.

### Fun or Profit?

The funny man who always with us, undertook to have some fun with the train boy and offered to buy a one-cent newspaper if the boy could change a twenty-dollar bill. The boy was about to reject the offer, when another passenger handed him a large and heavy canvas bag. "Take your change out of that," he whispered. The boy opened the bag and found it full of pennies. He counted out nineteen hundred and ninety-nine cents to the facetious passenger, who was man enough to keep to his bargain. It was afterward learned that the accommodating passenger was connected with a penny-in-the-slot company, and had been making a collecting tour.

### Shock of a Great Gun's Discharge.

The hardest work a gunner is called upon to do is to stand the tremendous shock. The forces exerted by the gases in expanding seem to radiate in all directions from the cannon, as ripples are caused by dropping a pebble in a pool of still water. As a matter of fact, it has been discovered that these lines of forces are exceedingly complicated affairs, and play very queer pranks about the cannon. As a result few people know just which is the safest or the most dangerous position for a gunner to take beside his gun. In the case of the great thirteen-inch guns on our monitors, a position back of the gun's muzzle easier than one nearer the muzzle.

A farmer near Decatur, Ala., has raised a hog which weighs 1,524 pounds.

### Pitch of Indian Coats in War.

The American consul general at St. Petersburg gives this account of a trial of corkshank pitch made by the Russian admiral near St. Petersburg: "A corkshank six feet long, six feet deep and three feet broad was packed with blocks of cellulose made from the pith of Indian corn stalks. The material was supplied by the Marsden Company of Philadelphia. A six-inch solid shot was fired through the dam, striking it about twenty inches from the bottom. The shot passed clear through both the iron walls and the cellulose packing. Less than half a pound of the cellulose was carried out by the projectile. The water compartment of the dam was filled, giving a pressure of nearly five feet of water on the perforated surface. In just half an hour the corkshank began to show on the water surface of the dam, but it was evident that the moisture had come along the bottom of the packing and not along the path of the shot. In four hours no water had come through the shot's path. The experiment conclusively demonstrated that a ship provided with a corkshank dam, packed as was the one used in the experiment, could be perforated five feet below the water line without the least danger of the entrance of water. This demonstration opens up an immense market for American cork-pith, and will prove of great advantage to American agriculture."—Chicago Times-Herald.

### Dromedaries that Smoke.

Dromedaries are said to be particularly fond of tobacco smoke, and can be made to do almost anything under its influence. Travelers in Egypt, it is asserted, rely more on tobacco smoke for their control over these huge beasts than anything else. When traveling on long journeys the dromedaries are in many cases required to travel night and day without rest, and the beasts are kept up to their tasks by smoking cigars. The driver carries a triangular piece of wood, which is pierced at one point like a cigar-holder. This is inserted in the mouth of the beast, the cigar being lit and pressed into the hole in the same fashion followed by man. The dromedary immediately closes its eyes and puffs away through its nostrils until the cigar is burned away. The indulgence appears to refresh it and the keeper has no difficulty in persuading the animal to plod on without further rest.

### American Watches in Japan.

Switzerland continues to export the larger portion of complete watches to Japan, but it has been badly beaten by the United States in the exportation of watch parts to that country. The competition has been fair, and the Americans have won because they sell better goods at cheaper prices. To offset this, the factory at Osaka has discharged its American foreman and all American workmen, replacing them with Japanese who learned their trade in Switzerland.—Chicago Times-Herald.

### Shall We Keep the Philippines?

While public opinion is divided as to the wisdom of keeping the Philippines, it is, however, all one way in regard to the wisdom of everybody keeping their health. For this purpose Hostetter's Stomach Bitters is widely used. This medicine is both preventive and cure for malarial fevers and stomach disorders.

### A Sagacious Horse.

## STORIES OF RELIEF.

### Two Letters to Mrs. Pinkham.

Mrs. JOHN WILLIAMS, Englishtown, N. J., writes:

"DEAR MRS. PINKHAM—I cannot begin to tell you how I suffered before taking your remedies. I was so weak that I could hardly walk across the floor without falling. I had womb trouble and such a bearing-down feeling; also suffered with my back and limbs, pain in womb, inflammation of the bladder, piles and indigestion. Before I had taken one bottle of Lydia E. Pinkham's Vegetable Compound I felt a great deal better, and after taking two and one-half bottles and half a box of your Liver Pills I was cured. If more would take your medicine they would not have to suffer so much."

Mrs. JOSEPH PETERSON, 513 East St., Warren, Pa., writes:

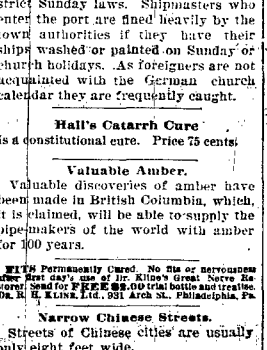

"DEAR MRS. PINKHAM—I have suffered with womb trouble over fifteen years. I had inflammation, enlargement and displacement of the womb. I had the backache constantly, also headache, and was so dizzy. I had heart trouble, it seemed as though my heart was in my throat at times choking me. I could not walk around and I could not lie down, for then my heart would beat so fast I would feel as though I was smothering. I had to sit up in bed nights in order to breathe. I was so weak I could not do anything."

"I have now taken several bottles of Lydia E. Pinkham's Vegetable Compound, and used three packages of Sative Wash, and can say I am perfectly cured. I do not think I could have lived long if Mrs. Pinkham's medicine had not helped me."

### WINSIDE.

W. M. Wright was in Winside Wednesday.

M. H. Dodge was in town Monday.

Frank Fuller was in town Tuesday.

Mrs. David Leary is very ill.

Wm. Hart is out on the streets again after an illness of a week.

Walter Gaebler has been ill but not confined to the house this week.

The father and mother of J. M. Cassel have come from Illinois to make their home with him.

Little Hallie Miller, son of H. I. Miller, is quite ill, suffering from the same disease from which his father has just recovered, typhoid fever.

Rev. Klaus and wife left here for Minnesota the first of this week.

Mr. Klaus has been a very successful pastor of the German church of this place for some years, and his people will miss them both very much. He was also much respected and liked by the entire community, even by those entirely outside of his church.

Charley Schmitt, living southeast of town, went with his wife to dig potatoes on last Saturday; they took their eight month old baby with them to the field and placed it on a pile of hay while they worked. In some way, it is presumed, from a match which Mr. Schmitt had lighted his pipe with, this pile of hay caught fire and the child was so badly burned before its parents could rescue it, that it is said it cannot live.

Our sunny days are encouraging our farmers very much as well as the fact that the price of wheat went over fifty cents here this week. Many are still threshing while some are husking corn. It is thought that the corn crop will not be so large here as it was last year, the ears of corn are said to be smaller than one would think from looking at the unhusked corn; this is said to be a sign of a cold winter. Some fear that they will not get their small grain threshed at all this season as few steam threshers will be at work after cold weather sets in and there are not many horse power plants here now. There is, on the other hand, a great deal of wheat and oats still standing in the stacks.

### CARROLL.

Cold weather.

W. H. McNeal was in town Monday.

Somebody order some warm weather.

The stormy weather must have scared the politicians.

Notwithstanding the cold weather exposition visitors have been going every day.

Howard Porter went to Wayne Saturday.

W. H. Swartz left for Omaha Monday.

O. P. Butters of Sioux City, spent Sunday with A. J. Swartz.

James Doty, a populist office seeker, was in town Friday, but met a cool reception.

Elias Haines has rented his black smith shop and will spend the fall in the cornfield.

Miss Ethel Duncan who was visiting Miss Nellie Swartz, returned to her home in Wakefield last Saturday.

John Bell and Arthur Baker returned to school at Wayne Monday.

Will Belford was a passenger for Omaha Monday.

Corn husking has begun and farmers are reporting yields all the way from 40 to 60 bushels per acre.

Carter Cox and family are at the exposition this week.

Several head of cattle perished in this vicinity during last week's storm. It was a very bad week for cattle.

Corn huskers are very scarce and farmers are offering three cents per bu. to get their corn out.

Three carpenters located in Carroll and all of them busy! Yes, and they have been all summer.

Charley Jones is building a house on the lots lately occupied by Mr. Starin, for an employe of the Omaha R'y. Co.

Digging potatoes and husking corn in October with snow on the ground is rather unusual, but that is what the farmers have to do this fall.

Rodney Manning shipped two car loads of potatoes to Omaha Wednesday.

Wayne says: "Vote the bonds for a court house and then she will do her share." What will we do?

Freight business was so heavy last week that the railroad company sent a special freight over the road Sunday.

Louis Smithberger, our next state representative, was in town Thursday and Friday of last week. Lou is a hustler, and confident of winning. Of course he will.

We understand that the merchants of Wayne had a carload of potatoes shipped in to that place last week. It seems rather strange that they should ship potatoes into Wayne county, when there are enough raised within 10 miles of Wayne to supply half the state. Instead of shipping potatoes into the county, glutting the market, it would, in our opinion, be much better if they would purchase at home. Especially when potatoes are as plentiful as they seem to be this fall.

### BRENNA.

No husking corn or threshing wheat last week on account of snow.

Many people attended the exposition last week.

W. S. Brown bought a new pony last Saturday.

Charley Baker went to Omaha on Saturday.

N. E. Baker has a first class cook just from the south, and he says they have hot hours at all meals.

School teachers should impress upon the children's minds that school is a place to cultivate the intellect, not the jaw. Therefore do not chew gum. To

develop the heel, the law and the fist are signs of degeneracy.

Miss Lucy Brown has been very ill for the last two weeks with malaria.

Charley Swarner of Iowa, was visiting at W. S. Brown's last week. W. S. said they had not seen each other for about fifteen years.

Marie Brown had no school last week on account of her sister being sick. She attended the exposition.

Wm. Thompson purchased a fine span of black ponies last Saturday. Look out girls, they will be spinning the country.

A small crowd assembled at Grace church last to hear the new minister Mr. Phillip, who has been stationed at Winside instead of Laurel.

Miss Bessie Winterburn closes her school in Dist 57 on Friday, and is re-elected for the winter term. Miss Winterburn has taught eight months and has given perfect satisfaction.

### COLLEGE.

The ladies of the literary societies have organized a sextette.

Mrs. Cross and Mrs. Sullivan were visitors at the Y. W. C. A. Sunday.

Mr. McKiraham of Custer City, S. D. is among the new students this week.

Prof. Gibbins has arranged his work for a good class in actual business the coming term.

The graduating classes will have a general debate for the first meeting of the debating society.

May Preston is spending her vacation with us. She is completing some studies in the Teachers' course.

Miss Melvina Balgard spent Saturday and Sunday visiting with Miss Ella Wright at the latter's home.

The Y. W. C. A. have taken up a course in Bible study, the first series being "The Women of the Bible."

Our delegate to the Y. W. C. A., Mrs. Pile, gave a very interesting report of the convention she attended at Crete.

The graduating classes have organized a debating society which will meet each week for discussions and drill in parliamentary rules.

The change in the weather last week is causing some sickness among the students. Misses Thomas, Christensen and Wright have been confined to their rooms for a few days.

The work of the teachers' class next term will be Rhetoric and Literature under Miss Chase; Philosophy under Prof. Gregg, and Algebra under Prof. Pile. The scientific class will study Caesar under Miss Klintwort; Chemistry and Political Economy under Prof. Gregg, and Trigonometry under Prof. Pile.

"HORSE DOCTOR" HUIDEKOPER

Assistant Secretary of War Geo. D. Meiklejohn made a speech to a crowded house at Lincoln Saturday night. During the course of his remarks he paid some attention to the yellow journals because of the appointment of Dr. Huidekoper as a surgeon in the army. The yellow journals have been making all kinds of charges against this surgeon, whom they are pleased to dislike particularly as he is a "horse doctor."

If the doctor proved incompetent for the position it was not because he had not acquired sufficient knowledge of medicine, nor because of lack of experience, neither was there a lack of sufficient recommendations of his ability. Mr. Meiklejohn said:

"Dr. Huidekoper was the surgeon general of the Pennsylvania National Guard, having held that position for eight years. In his application for the appointment he had their endorsement—that of the soldiers and officers of the great state of Pennsylvania, who had been associated with him for years and who knew his capacity and fitness better than any one else. Certainly the 5,000,000 people of Pennsylvania—the state which has honored him in a similar position, knew him better and could judge of him more fairly than the political unfortunates and intellectual misfits who publish yellow journals. I state positively that there was absolutely no political pressure brought to bear to secure his appointment. The considerations which governed the appointment of Dr. Huidekoper was precisely the same as those which controlled the department in the appointment of Dr. Giffin for a like position from this state and which obtained in the appointment of other officers from other states."

The following official telegram was also read and the matter was so satisfactory that it elicited hearty applause from the audience:

WASHINGTON, Oct. 22.—To Meiklejohn, Assistant Secretary of War, Lincoln: Huidekoper graduated in medicine from the University of Pennsylvania in 1877 and practiced medicine in Philadelphia in France, Italy, Germany, and Europe and studied veterinary medicine in Germany. He was a medical officer of the National Guard of Pennsylvania for nineteen years. From 1878 to 1894 he was brigade and division surgeon. Recommended by many prominent Pennsylvanians.
