Thursday, November 25th, has been designated by President McKinley as Thanksgiving day for '99, and never have the great American people in history had more to be thankful for to Almighty God than this year. Every laborer who wishes work is employed at remunerative wages, the country is blessed with bounteous crops, the mills and factories are all running, prosperity is visible on every hand, confidence has been restored and our army and navy have won marvelous victories on land and sea for right and justice in behalf of an oppressed people on foreign shores. It is not often that a contributor to a magazine spends five millions or so of dollars in fitting himself to write knowingly of a subject. But, if popular report be true, that is, approximately, the sum which Joseph Leiter expended in the acquisition of the information necessary to prepare the article which appears over his signature in the November Cosmopolitan on "Wheat." This is Mr. Leiter's first appearance in literature, but he handles the pen with a bold, firm hand that shows him a man of resources.

It seems to be the prevailing idea that there will be a large "stay-at-home" vote this fall and that it will have a great effect in the result of the election, yet THE HERALD predicts there will be a good vote polled in this county, for certainly no man will stay at home on election day that voted for McKinley and prosperity. They can't afford to do it. Be loyal to the cause and see that your vote is cast.

Let nothing keep you at home on that day which will no doubt be an eventful one in the history of Nebraska politics. Again we urge you to go to the polls and vote and take your neighbor republican along with you.

If one or two soldier boys were aware of how much their remarks in the Democrat, coming second handed, were ridiculed, they would observe more discretion. There are a great many old soldiers hereabouts and the ridiculous "stuff" hatched up in the Democrat for political purposes reminds them of a spiked gun, though a very small one.

Mrs. Dr. P. H. Salter, of Norfolk, died at her home in that city Monday morning after a lingering illness of many weeks with typhoid fever. Deceased was the only daughter of Jno. R. Hayes, the republican nominee for state senator in this district, and his many friends throughout the district deeply sympathize with him in this hour of his sad bereavement.

In Mens, Boys and Childrens. Prices starting \$3.50 for a Mens. At Harrington & Robbins.

M. Von Seggern, one of the prominent farmers in Plum Creek precinct, near the south line of the county, lost his residence and contents by fire on Sunday night. Sunday afternoon the family thought they detected the smell of smoke and a thorough search was made but no fire discovered. About 12:30 that night fire broke out through the roof of the house, but it had gained such headway that it could not be extinguished. A great deal of the clothing and bedding and a portion of the furniture and stoves were saved. The building was one of the largest farm residences in the county. Mr. Von Seggern carried some insurance on the property but we have been unable to learn how much. It is supposed that the fire started from a defect in the chimney.

Louis Smithberger will have votes to spare if there is anything to be gleaned from same rumor. He is the man the farmers of Wayne county wish to send as their representative to the legislature and they propose to send him there.

A FABLE. A community had in common a fine St. Bernard, and once they were greatly troubled by the depredations of some hyenas from a neighboring backwoods and they all joined one day in setting their St. Bernard on these marauding wild beasts. Now some of those who owned a share in the St. Bernard when they saw he had made short work of whipping the hyenas, were jealous, and having some private curs of their own they set them upon the St. Bernard. These curs made a great barking and tried to bite the St. Bernard's heels and annoy him all they could. Besides these little dogs were useless at home and this was the occasion of their lives to earn their diet. The other owners cried, "Shame! Hain't this noble and sagacious animal killed a good many hyenas and preserved our sheep and our lambs and why set your curs upon him after you being among the foremost in hissing him on?" And they said, "O, we wanted him to do it some other way, some entirely new way, so we wouldn't have to go out in the rain and in the sun to bury the carcasses."

The Spaniards are the hyenas and you can figure out the St. Bernard and all the others. ANONYMOUS.

REPUBLICAN VOTERS, LISTEN. Ere another issue of THE HERALD is presented to its readers the battle of ballots will be over, and while it may be a bloodless one, yet it is to the interest of every republican to do his whole duty by going to the polls on election day and casting his ballot. Besides, you should urge your neighbor republican to do likewise. There is a republican victory in sight in this county—mark the prediction, but it should be made strong enough to bring success to the whole ticket. Remember the polls next Tuesday.

OPERA HOUSE TONIGHT. The Gilhooley's Reception Co. arrived in the city this morning in their own car. Their band gave a very creditable street parade and the class of music played by them shows them to be professional musicians of a high order. The sale of seats is now going on and the indications are that the opera house will be taxed to its utmost. "Gilhooley's Reception" is interesting from beginning to end and in its entirety an inspiration of laughter. It is original in atmosphere and locality and different from its predecessors, from the fact that notwithstanding everything is uproariously laughable, it has a theme that touches all sides of our every day life. The specialties introduced by the Vaudeville artists are new and up to date. Some of the latest songs and melodies will be heard here for the first time.

A Sure Sign of Croup. Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by L. P. Orth.

"Have you ever seen the Banigans?" No? Well, it's not people we are talking about, but just a little the smoothest line of Rubber Footwear ever sprung upon an appreciative public. Unquestionably the best Overshoe made at prices as low and lower than inferior grades. This magnificent line of rubber footwear sold only at MAUTE'S SHOE STORE.

There never was a time when the old soldiers of Casey post answered more promptly to a call than on Friday evening. The eyes brightened, heads were thrown back as of old and elasticity returned to the step of many who have halted for some time. As they marched from the Post hall to the home of Comrade Perrin the journey was one of glorious anticipation not only of the grand supper awaiting their coming, but of the excellent entertainment to be theirs. One of the pleasant occurrences of the evening was the address of Colonel A. J. Ferguson in behalf of the Post to the departing Commander and his eloquent reply. Every one of the old boys felt as though the wheels of time had been reversed for the time being and they were again in the spring-time of life instead of on the frosty side. A COMRADE.

Dr. Rea, of Louisville, Ky., has decided to continue his monthly visits to this city. The cases that he has treated during his few visits here have attracted such widespread attention that during his stay here last month his office was visited by a large number of persons suffering from chronic diseases, many of whom had long since abandoned all hope of being relieved. His remarkable success with cases of this kind have made him justly famous as a specialist.

Overcome evil with good. Overcome your coughs and cold with One Minute cough cure. It is so good children dry for it. It cures croup, bronchitis, pneumonia, grippe and all throat and lung diseases. L. P. Orth.

Use Herbine to bring about regularity of the bowels. Price 50 cents. Wilkins & Co. Ex-Judge H. A. Miller of Hartington the republican nominee for state senator of the Eighth district, is winning friends daily, and will no doubt be elected. The voters of Dixon county ought to do the right thing by Mr. Miller. The sooner a cough or cold is cured without harm to the sufferer, the better. Lingered colds are dangerous. Hacking cough is distressing. One Minute Cough Cure quickly cures it. Why suffer when such a cough cure is within reach. It is pleasant to the taste. L. P. Orth. Jno. Fassett, the owner of the new threshing brought in here a few weeks ago, met with quite a loss Monday while threshing at Louis Knobel's north of Wayne. The Sioux City Tribune of Monday says that Judge Robinson will carry this congressional district by about 2,000. Quite a drop from the vast majority of 4,800 last fall, but there'll be a worse drop than that next Tuesday. Norris will defeat Robinson by from 500 to 800. Changes are being made so rapidly however, that his majority may largely exceed 800.

Vote for Frank M. Northrop. "Swearing is growing less, decidedly so," writes Edwark Bok in the November Ladies' Home Journal. "All students of men agree in this view, just as excessive alcoholic drinking is falling into disuse. The principle reason for the decline of both excessive swearing and drinking is that men are getting more and more careful to refrain from any habit that which places their self-control in peril. Society is constantly growing more impatient with a man who lacks equipoise, while the keener demands of business necessitate men being more moderate in all things. The basis of the change may be more material than spiritual, but the change is taking place irrespective of the character of the basis or motive."

CONGRESSIONAL.

For Congressman, 3rd District, W. F. NORRIS, —Wayne County.

COUNTY.

For County Attorney—FRANK M. NORTHPROP. For Commissioner, 3rd District, M. S. MOATS, —Sherman Precinct.

Where is the man who will not vote to uphold the present prosperous times and the present administration. You cannot do it by voting for fusionism.

Frank M. Northrop has made a clean campaign and is deserving of the support of every republican in this county and if he gets it he will be elected by a handsome majority.

Remember the Northeast Nebraska Press Association convenes in Wayne, Monday, November 14th. The people of Wayne extend to the brethren of the press a cordial invitation to our city.

"Those who lie will steal!" shouted Meserve in his Lincoln speech. Recent events and a glance at the column of populist defamers, causes us to believe the populist officials have a corner on the crimes referred to in the 8th and 9th commandments.—Tehamah Herald.

If Judge Robinson is so sure of election, why is he working with "might and main" night and day until he has begun to look as peaked as a fusion deflated candidate. The person who thinks Robinson is a winner had best well weigh the conditions existing at this time. People are not going to vote to cut off their nose for spite this year.

Judge M. L. Hayward, the next governor of Nebraska, has been prosecuting a vigorous campaign throughout the state, as one Poynter of stockyards record will discover when the voters go to the polls next Tuesday. The day of reckoning is close at hand and the successful business farmers will administer a severe rebuke to Poynter.

Once more we desire to appeal to the voters of Wayne county to stand firm by that great war President, Wm. McKinley, by voting for such men as W. F. Norris for Congress, Jno. R. Hays for State Senator, and Louis Smithberger for Representative. It is a duty you owe to yourself and nation. Guard well your true interests.

The ship of state on the fusion sea has been dismantled and is now in a state of chaos. It is in a sinking condition, wrecked by such men as Allen, Poynter and Bryan, but when the finale comes—and it sure will come—as the old, decayed hulk goes to the bottom, there will be much rejoicing among the people of Nebraska. May Nov. 8th be the day for this event.

Judge Robinson's organ, republishes with its approval a declaration that if he is elected he will be opposed to every act and every measure of the administration. In other words the administration which has brought prosperity to the country and started anew the wheels of industry and filled the treasury with gold and liberated fifteen millions of enslaved beings by whipping Spain in two hemispheres and consuming only 114 days of time, is to be violently opposed in everything asked, by the gentleman from the Third Nebraska district, if Judge Robinson is elected to congress. This is abundant reason why he should be snuffed under by a decisive majority.—Fremont Tribune.

SENATOR ALLEN'S CONTRADICTIONARY RECORD.

Senator Allen in his campaign thro' this state has been on all sides of the questions, which is exactly like his record in congress. At Fremont he declared against imperialism and the very next day at Lincoln he spoke in favor of the annexation of Cuba, Porto Rico and the Philippines. At Falls City he boasted that the populists in congress had forced the government into the war, and in the same speech criticised the government for going into the war unprepared. His speeches and his record alike tend in one direction only—the embarrassment of the national administration by any and all means.

Last winter Senator Allen was eager for war and in the early spring he introduced numerous resolutions asking for armed interference. He resolved "that the political independence of the republic of Cuba, the capital of which is located at Cuitas, is hereby recognized by the United States of America as the lawful government of the islands of Cuba." In spite of this pretended anxiety, on the 18th of April he voted against a declaration of war. Two days later he voted against the revenue bill which was intended to raise money to carry on a war. On the 14th of April he voted to permanently lay on the table a joint resolution authorizing the president to use the land and naval forces of the United States to intervene and stop the war in Cuba. To cap the climax, on the 25th of April he introduced this resolution:

Resolved, That a state of war now exists, and has, since the 15th of February, 1898, existed between the United States and the Kingdom of Spain. This spasmodic and contradictory record of Senator Allen is shown in the Congressional Record, and stamps him as an unfit man to represent this state in congress during a critical period when the country needs the consistent support of every patriotic man. Vote for Jno. R. Hays and Louis Smithberger, and oust Allen.

THE McCLEARY BILL BUGBEAR.

The collapse of free silver as a campaign issue has forced the populist leaders to concoct false issues in order to keep a hold upon their deluded followers. The howl about army horrors having worn itself out a false alarm has been raised over an impending imaginary crime.

The McCleary currency bill furnishes the text and pretext for the new scare-crow. Although hundreds of bills are pending in congress, embodying all kinds of currency schemes, this particular bill is represented as the acme of all conspiracies ever hatched by the money power. Although the republican party has never endorsed any particular currency measure the McCleary bill is placarded as the republican currency program.

Whatever may be the effect of this roorback on the people of other states, the voters of Nebraska are too intelligent to be frightened by such a bug-bear. The essence of the McCleary bill is the retirement of the greenback. The republicans of Nebraska have never committed themselves to the abolition of the greenback and no candidate of the party for any position is advocating their retirement. That fact alone takes the wind out of the populist mill.

The issues on which republican candidates in Nebraska stand are embodied in their party platform; They all stand for sound money, based on the gold standard, under which the national credit has been strengthened and business confidence restored. They all stand for the protective policy under which American mills and factories have been reopened and American wage-workers re-employed at good wages. They all stand for President McKinley and his patriotic administration of national affairs and fully approve the course he has pursued both at home and abroad. They all stand for an economical and honest management of both national and state governments and are pledged to such reforms as may be demanded to carry these principles into effect.—Omaha Bee.

The populists object to Judge Norris because he is not a good enough republican. He six years ago, was endorsed by the populists of the Eighth judicial district for judge, they say. That same year, by the way, Judge Robinson, democrat, prevented fusion on J. M. Devine, populist, for congress, and Meiklejohn was elected. Peradventure the fusionists should keep man about Norris' republicanism.—Fremont Tribune.

Senator Windy V. Allen is still regularly maintaining his reputation as prince of demagogues, and as the campaign approaches the close the voters of Nebraska are greatly impressed with the well defined duty they actually owe the state in electing members to the legislature favorable to retiring this colossal humbug to private life. Early in the campaign while addressing a meeting in the southeastern part of the state, he declared with vehemence that to the populists in congress under his splendid leadership was due the honor for "pushing" the administration into the war with Spain; and a few weeks later in a speech elsewhere, he vilified the president for rushing into war wholly unprepared, demanding the sad fate of our soldiers who were abused, starved and murdered in consequence of this unnecessary haste. He blows both hot and cold in the short space of a day on territorial expansion, the leading question today engaging the minds of the American people. No man can tell what a day may bring forth Senator Allen, nor has the faintest understanding of what he really means by his public utterances. And the dishonest tactics employed in the present campaign is in strict keeping with his whole official career. Whether in Washington addressing the senate, or reeling off a political harangue in Nebraska for reelection he is the same blatant demagogue, measuring every word to give utterance with a careful regard as to its probable sympathy upon the tympanum of lamenting Jeremiahs. Our feet must be guided by the lamp of experience. The successor to Senator Allen should be a certain quantity, an upholder of the brilliant administration of President McKinley; one who does not prize his own selfish interests above those of his own country and one who possesses a loftier and more patriotic ambition than posing for applause from the grand stand of pessimistic politics.—O'Neill Frontier.

PRESIDENT AND CONGRESS.

The settlement of the territorial question lies in the hands of the President and Congress of the United States. It is imperative that Congress and the President shall stand together. The President has just completed an extensive journey of information, and has learned how strong is the desire of the people for the thorough Americanization of all the islands that the verdict of war has awarded to this republic. It is the chief glory of the present republican administration that it has been conducted by President McKinley on purely American lines. It is as impersonal and as completely reflective of the will of the people as was the administration of Abraham Lincoln. The incoming congress should be of one mind with the president, as he is of one mind with the people.

The people and the President understand that the question of territorial expansion is not sentimental or metaphysical. To all unwise suggestions of the alleged injustice of a policy that will deprive the people of Cuba, Porto Rico, or the Philippines of "the right of self-government" it is sufficient to answer that no one can deprive another of a right that the other never possessed; neither can any one enslave another with a right that the other cannot exercise. The people of the islands whose fate is to be determined by the President and Congress never possessed the right of self-government, and consequently cannot be deprived of it by any Congressional or Presidential action. They have been oppressed and degraded through long centuries of Spanish misrule. No change of government could make matters worse for them. An change to any form of government that could be sanctioned by an American President and Congress will insure the betterment of their condition.

We could not if we would endow the Cubans, Porto Ricans, or Filipinos with the right of self-government, for they could not exercise it. Neither individually nor collectively is the human race born wise enough and strong enough for self government. There is a neces-

P. L. MILLER, Wayne, Nebr.

Slowly but surely the lamp of fusionism grows dimmer and dimmer, and ere the cock crows for midnight next Tuesday it will have flickered out. Let'er flicker. So say a good many democrats who have grown sick and disgusted with populist maneuvers.

When the populists of this county come to vote on congressman, they will no doubt remember how Judge Robinson stuck the political knife into their candidate Devine a few years ago and will vote for Judge W. F. Norris for Congress.

It is said that ex-Judge Crawford of West Point is supporting Robinson and it certainly must be a bitter pill for populists who cry reform. In all probability they will cry reform by voting for Judge Norris, since it is known that Judge Crawford supports Robinson.

If you want to give the Philippines back to Spain or some other old country, vote for Robinson for Congress. He's "fermest" the administration you know. But if you believe we should hold all our brave soldiers and sailors in battle, vote for Norris. A vote for Norris is a vote to sustain the policy of the administration and President McKinley will never consent to giving up any of the advantages gained in war.—Winside Tribune.

When democrats vote for a prohibitionist for governor, there is some flimsy business connected with the deal somewhere. This is one of the mysteries of populism or fusion, that no one has been able to explain. There are those who think it has lost some of its charm already and that the majority for the republican state ticket will be a surprise to all parties.—York Times.

Think it over.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant Cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the jaw bone and scrape it. Before he was cut down to the jaw bone the Cancer returned, and he came home and he was so weak that he could not get up. We gave him many remedies without relief, and finally upon the advice of a friend, decided to try S. S. S. (Swift's Specific), and within a few days he began to improve. After twenty bottles had been taken, the Cancer disappeared entirely and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return. J. N. MURDOCH, 29 Snodgrass St., Dallas, Texas.

S.S.S. For Blood

as it is the only remedy which goes to the very bottom of the blood and forces out every trace of the disease. S. S. S. is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books on Cancer will be mailed free to any address by the Swift Specific Co., Atlanta, Ga.

WHISKERS DYED

Buckingham's Dye.

Farm of Cecil Rhodes.

A London paper contains the description of a farm belonging to Cecil Rhodes, in Mashonaland, South Africa. The house is of cut stone, and at a little distance are stables and outbuildings. Surrounding the house are immense gardens, where flowers of all sorts, rare and otherwise, flourish in the fertile soil. Further off are fields of grain and great squares of cabbages, promising a plentiful harvest. He has already planted 4,000 trees, and hopes by next year to add about twenty times the land he now has to his estate. Mr. Rhodes also indulges in stock raising, and with success. Who knows? The joys of agriculture may mean the celebrated colonizer from politics, and he may yet repeat to his followers the saying of the Roman emperor, "If you could only see the beautiful cabbagees that I cultivate myself!"

It's Your Own Fault.

How long have you had lame back? It's your own fault. St. Jacobs Oil would have cured it promptly, and will cure it now, no matter how long it has remained neglected.

Lighted the Sea Bottom.

At Doulon recently the bed of the sea was lighted up from a balloon attached to a tug in the hope that a lost torpedo would be detected. The experiment was successful.

Well arranged time.

Well arranged time is the surest mark of a well arranged mind.—Pittman.

Salutes on a War Ship.

How the Contrastes of the Sea Are Extended to Official. No salute by ships of war exceeds twenty-one guns, and no salute is ever fired except between sunrise and sunset, when the national colors must be displayed, but it is also usual to fire salutes before 8 a. m. Whenever the President is embarked in a ship of war flying his flag all other United States ships of war and naval stations near which he passes fire the national salute.

Side-boys are detailed usually from the apprentice boys. They stand each side of the gangway, in line, and salute by touching their caps as the visiting officials come on board and leave a ship by the starboard gangway. Warrent officers, naval cadets and enlisted men use the port gangway.

After nightfall all boats coming close to the ship are hailed by the marine sentry or by the quartermaster with the words, "Boat ahoy!" A flag officer answers "Flag," a commanding officer answers the name of his ship, other commissioned officers answer "Aye, aye," warrant officers and naval cadets answer "No, no," while enlisted men answer "Hello."

Every officer and man on reaching the upper deck salutes the national flag, and this salute is returned by the officer of the watch at hand.

Flag officers are addressed by their titles of admiral or commodore; captain and commanding officers are addressed "Mr." and not "sir." Official titles, though in addressing them in writing those titles are always used. The surgeon, however, is usually called "doctor," and paymasters of any grade "paymaster."

Boat salutes are given by tossing oars, which means holding them upright in the air with the blades fore and aft, or by lying on oars, by which is meant holding the oars horizontal as they rest in the rowlocks. Coxswains of boats stand and salute when passing boats containing officers. All officers and men, whether in uniform or not, meeting a senior aboard or ashore, salute by touching the cap.

When a ship of the navy enters a port of any nation where there is a fort or battery, or where a ship of war of that nation may be lying, she shall fire a salute of twenty-one guns, provided the captain is satisfied that the salute will be returned. The flag of the nation saluted will be displayed at the main during the salute.

National airs of foreign states having war vessels in company with our own will be played by our bands as a compliment. St. Nicholas.

The Cost of a Railroad Car.

"The wonder of it is," is often the thought of those who ride in the splendidly furnished railroad cars, now provided for the traveling public. Recently there appeared a detailed statement of the cost of constructing, at the Altoona shops, a "simple, first-class, modern, luxurious passenger car." Some of the items are as follows:

The wheels and axles represent a cost of \$24,255; the trucks upon which the car rests cost \$23,622; the air-brake represents \$13,175; the seat fixtures—twenty-five in number—cost \$50,550; the three bronze lamps, \$12,500; the two gas tanks, \$81; the chandeliers, \$50.72; and the item of screws, which might not appear to be an important one, \$51.88. In the construction of this car 2,480 feet of ponderosa pine, 3,434 of ash, 1,100 of white pine, 225 of yellow pine, 450 of hickory, 400 of cherry, 700 of Michigan pine, 500 of oak, and 430 of maple veneer were used. It required in addition thirteen gallons of varnish, forty-five pounds of glue, and nearly 3,000 pounds of iron, exclusive of 800 pounds of iron castings. For the furnishing of the car there were required sixty-nine yards of scarlet plush, forty-four yards of green plush, sixty-one yards of sheeting, and 243 pounds of hair. The springs on the car seats cost \$42.17. The basket racks cost \$77.35; the sash levers, \$42; the bronze window-lifts, \$24.40; and the gold leaf for the embellishment of the woodwork, \$14.58. For the window fasteners \$16.47 worth of material was required; two gloves cost \$7.56; and the tin used on the roof of the car, \$41.44. The labor required in the construction of the car represents an actual cost of \$1,293.94, bringing the total expenditure up to more than \$4,400.

Drug Clerk—Well, sir, what is it? Customer—That's just what I would like to find out.

Drug Clerk—What do you mean, sir? Customer—I've got a doctor's prescription here, but I haven't the least idea what it calls for.

A NATION OF DYSPEPTICS.

From the Mountaineer, Washburn, N. Dakota. The remorse of a guilty stomach is what a large number of the people are suffering with to-day. Dyspepsia is a characteristic American disease, and it is frequently stated that "we are a nation of dyspeptics."

Improper food, hurried eating, mental worry, exhaustion, any of these produces a lack of vitality in the system, by causing the blood to lose its life-sustaining elements. The blood is the vital element in our lives, and should be carefully nurtured. Restore the blood to its proper condition and prosperity will result.

For example, in a few miles from Washburn, resides Mr. Ernest Seider, a man of sterling integrity, whose veracity cannot be doubted. He says:

"I became seriously ill three years ago. The doctor gave me medicine for indigestion, but I continued to become worse. I had several physicians at intervals who gave me some relief, but nothing permanent.

"I read in the newspapers articles regarding the wonderful curative powers of Dr. Williams' Pink Pills for Pale People, and finally concluded to try the pills. I purchased a box and took the first month's dose. The first box gave me much relief. I continued taking the pills, and after using four boxes was cured."

FLASHES OF FUN.

"What do you consider the hardest problem of a man's existence?" "Getting his own consent to crawl out of bed in the morning."

Boys, Wackum—How did that naughty boy of yours hurt himself? Mrs. Snapper—The good little boy of yours hit him on the head with a brick.

Agg—You say only partially returned your affections? Clarence—Yes. She returned all the love letters, but retained all the jewelry.—Tit-Bits.

Goldborough—You may say what you like about Deberts, but he's as good as his word. Polidexter—But consider how many bad words he uses.

A Tangled Web—Tommy—Pa, why are single women called spinsters? Pa—I expect it's because they are always spinning a web to catch a man.—London Fun.

Progress—They say the Friday superstition has been exploded in Spain. "Indeed?" "Yes, they seem to think that one day is just as unlucky as another."—Puck.

"He says his soldier life rounded him constantly of home and mother." "How was that?" "They wouldn't let him sleep late in the mornings."—Chicago Evening Post.

"Do you think Bowkles, the tailor, would give me a good suit of clothes?" "Does he know you?" "No." "O, in that case he would!"—Das Kleine Witzblatt.

Coal dealer anxiously held on! The coal dealer's heart weighed. It felt rather large for a ton. It's a Decker. Tain't intended for a ton. It's two tons. Dealer Beg pardon, Go ahead.

"No," he said, "I don't care for poetry. Fact is I haven't time to read much of anything." "Why," she sweetly asked, "don't you try to learn to roll your cigarettes with one hand?"—Chicago News.

"This dog, mamma, would be cheap at an hundred." "I would take him, but I am afraid my husband might object." "Madame, you can get another husband much cheaper than a dog like that!"—Life.

Visitor to sexton digging grave in "churchyard." Who's dead? Sexton—Old Squire Thornback. Visitor—What complaint? Sexton—Overturn looking up. No complaint; everybody satisfied. Tit-Bits.

"I understand you won the blue ribbon, so to speak, in the examination for the civil service." "I—ah—would hardly call it that," answered the mild young man. "Let us say I won the red tape."—Indianapolis Journal.

Tommy Hullo, Jimmie, what kept you? Jimmie—Me and the ol' man had an arguement. He wanted me to haul some wood into the back yard. Tommy—How did it end? Jimmie—In a draw—I drew it.—Truth.

"Why is a merchant who does not advertise like a man in a row-boat?" asked the student. "Keeps going backward," guessed his friend. "No; he is trying to get along without sails," said the student.—Spokane Spokesman-Review.

Teacher—Now, children, we all know what the word posterity means, do we not? Pupils—Yes, ma'am. Teacher—Well, then, write a sentence containing the word. (Five minutes later.) "Now, Johnny, you may read yours." Johnny—I am sorry for the kids of posterity that will have to learn this war out of a book; we have a regular snap.—Truth.

Rattle for France's Prince Imperial. The first article made in aluminum was a baby's rattle intended for the infant Prince Imperial of France, in 1856. Its lightness, brightness and ring fitted it admirably for such a purpose; but only a prince could afford such a rattle in those days.

Must Not Exercise in the Morning. Early morning exercise is denounced nowadays by the majority of hygienic teachers. At that time, they say, vitality is at its lowest ebb, and needs the stimulation of food.

HOMESICKNESS.

How This Strange Disease, When It Severe Form, Causes Death. There are few of us who have never known the pangs of homesickness, and these few are rather to be pitied than envied. Homesickness in mild form is but a sign of a gentle mind, and indicates the possession of a love of home and of country which is the characteristic of civilized and normal man.

This mild form, fortunately, is the only kind which most of us have experienced, for when the severe form takes possession of a person it is a terrible disease, causing untold misery and even death. This severe form, usually called nostalgia, has grown less common in these days of quick communication, of rapid transmission of news and of a widespread knowledge of geography.

The element of ignorance of one's surroundings and consequent sense of helplessness and despair of ever seeing home again, which in times gone by oppressed the sufferer from nostalgia, is now removed except in the case of the very young or the densely ignorant.

The greatest sufferers are Highlanders, German and Swiss mountaineers, or the Celtic Scots, and men are more apt to overcome that women.

The victim of this extreme form of homesickness is almost always a resourceless person, one whose life is a routine of trivialities, whose ideas are few and limited, and such as they are, based upon familiar objects and well-known associates. When such a person is placed in new surroundings no new ideas are created, but there is a growing longing for the past, which is the more intense as a return seems impossible.

The patient, for such he really is, broods over what he has lost, rejects what is offered in place of it, and becomes apathetic and factious. Sleep becomes fitful, and is disturbed by vivid dreams of home. The appetite fails, digestion grows poor, and the sufferer becomes thin and haggard. There is headache, with dullness of intellect and finally, perhaps, a condition of complete indifference to everybody and everything which may end in death from a failure of the vital organs to perform their functions.

There is little to do for cases of this sort where there is no possibility of a return home, though sometimes a study of the map and of the routes by which return can be made, and the birth of a hope that conditions may change and the separation from the beloved spot not be final, may bring about a restoration to mental health, especially if the hope is based upon the sufferer's own efforts to that end.

Why They Did It. At an ancient church at Valsbol, in Russia, it has been customary for the congregation to turn to a blank wall and bow reverently before leaving the church. Why they did this nobody knew, except that their forefathers had done so, and had handed down the custom. In making some repairs recently the origin of the custom was discovered, for beneath many layers of whitewash and paint a picture was found of the Virgin Mary, which must have stood out brilliantly on this wall five or six centuries ago.

His Own Epitaph. Randolph H. Waters, an inmate of the Soldiers' Home at Leavenworth, Kan., visited a cemetery at Edinboro, Pa., and read the epitaph over a grave which was supposed to be his. THREE HAPPY WOMEN.

Each Relieved of Periodic Pain and Backache. A Trio of Fervent Letters.

Before using Lydia E. Pinkham's Vegetable Compound, my health was gradually being undermined. I suffered under most painful menstruation, backache, pain on top of my head, and nervous trouble. I concluded to try Mrs. Pinkham's Compound, and found that it was all any woman needs who suffers with painful monthly periods. It entirely cured me.—Mrs. GEORGE WASS, 923 Bank St., Cincinnati, O.

For years I had suffered with painful menstruation every month. At the beginning of it was impossible for me to stand up for five minutes, I felt so miserable. One day of Mrs. Pinkham's was thrown into my lap. I sat right down and read it. I then got E. Pinkham's Vegetable Compound and can heartily say that to-day I feel like my monthly suffering is a thing of the past. I shall always praise the Vegetable Compound done for me.—Mrs. MARGARET ASPENESS, Lewiston, Me.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E.
