Sioux-City Journal, Dec. 3: Five Thousand dollars "on the side"—this is the annual income Geo. W. Kortwright of this city, expects or the invention of a patent seat post and handle bar clamp for bleyeles.

Mr. Kortright has just returned from Chicago, where he expected to contest with the Aurora Automatic Machine Co. of Aurora, Ill., but who surprised him by admitting priority of his claim. When he arrived he found the papers all made out which will bring him his royalties. He flad no right on his hands.

The Aurora Automatic Machine Co., of Aurora, Ill., manufacture bicycleparts. Their factory is equipped with intricate machinery for making them economical and thus have done a big business, it is said. The managers, who are Swedes, have been on the qui vive for any improved style of hubs and rims, ball bearings or handle bars, and one man is paid a big salary to devise them, and machinery to make them cheaply. Among the things he invented was a clamp for seat posts and handle burs. In November, 1896, he applied for a patent.

arvanera was a clamp for seat posts and handle bars. In November, 1896, he applied for a patent.

But G. W. Kortright had already invented almost identically the same device. He did not apply for a patent until January, 1897, he admits, but was able to establish evidence of priority of inventions. F. S. Loomis, Androw Larger and C. W. Ashley were witnesses when Kortwright's suit for interference against the Aurora concern was first heard before a notary in this city. When further hearing was jo be had the Aurora company weakened and the Aurora company weakened and will now pay the ingenious dealer in photographer's supplies, he says, about \$5,000 a year royalty for using his patent.

The Lincoln Normal, one of the large educational institutions at Lincoln was totally destroyed by fire last Friday morning. The loss is about \$100,000 partly insured.

Twenty-five years hence American history made during the past year will be mighty interesting reading for the generation coming into existence during the present period.

In the recent election the republicans lost twenty four congressman in the East and gained sixteen in the West. The banner for 1898 belongs to the Trans-Mississippi region.

The legislature convener at Lincoln this winter, but if that august body should undertake to make an appropriation for an Exposition next sum mer, it wouldn't be wise for any member to return to his constituency. Don't forget that for a minute.

The President's message will be a revelation to a vast majority of those who read it. It is lengthy, but so of necessity in giving a resume of the way with Spain. It is replete with information conserving the new possession-of the United States and the establishment of a stable government in Cubment is agreed appear, and one in which even-democrats fluid little to criticise.

Some of the popocratic papers keep continually blowing about "what Sena tor Allen has done for Nebraska." Por heaven's sake pleuse tell us, what great thing the Senator has done for Nebraska. The people are "dead anxion." to know. Of course he advocated reform and then boildly proclaimed be was riding on a railroad pass. Demagogu ery flor's a cold reception in the heart of the prospectual people these days.

There is one Spaniard the Americans will always feel a kindly regard for and that is admiral Cervere. The letters he wrote before the war broke out warned Spain of the inevitable. He also proclaimed that Cuba was already lost to Spain. How well he knew what he was talking about has been clearly demonstrated since. He frankly stated he was ready to accept instructions and take the worst.

poverty upon American workingmen. Tracoma Ledges,
It is a fact of listory that in the States of the far West the campaign ending November 8 was chiefly fought on the issue of protection. The extract just quoted from the Tacoma Ledger is a fair sample of the arguments and appeals relied upon by the leading Republican newspapers of the Pacific coast to reach the intrigence of voters. Real Benefits of Protection.

A fusion paper says that "effort is made by gold standard papers to convince, their readers that the current large balance of trade is due to Mr. McKinley sitting in the White House." It takes no effort to convince the people of this country that the splendid balance of trade in our tayor, \$615,000,000. ance of trade in our favor, \$615,000,000, the largest ever known, is principally due to the Dingley protective tariff. While it is true that the shortage of crops in Europe created an unusual demand for cereals, the increase in this direction made but a small portion of the balance in our favor. The decrease in linports was the principal factor in the balance. Our people bought less frozien neaducts by hundreds of millforeign products by hundreds of mill loreign produces by monrees of mis-lons, using home products Instead, thus giving employment to hundreds of thousands of American workmen. This is where the real benefits of protection have been felt by the people of the country. Instead of taking foreign country. Instead of taking foreigt goods in payment for exports, they re-ceived over a hundred millions of Euro-pean gold. -Tacoma (Wash.) Ledger.

A different policy was pursued in the Middle and Eastern States, more particularly the Atlantic Coast States. In these States the tariff was almost entirely ignored allike by newspapers and campaign speakers on the Republican side. Naturally it was ignored on the Democratic side. Upon examinaing to say about the leading feature in the policy of the Republican National the policy of the Republican National administration. The needs and demands of the American merchant marine, albeit of vital consequence to the people of the Atlantic Coast States, received scarcely a word of recognition. So far as the voters of these localities were informed the issue of marine protection and the restoration of American shipping was not involved in the campaign. what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottlesof Lydia E. Mark the result! The Republican
majority in the National House of

Piso's Cure for Consumption is the or cough medicine used in my house.—D. Albright, Mifflinburg, Pa., Dec. 11, '95.

Plant Food in Pill Form The administration of food to plants by means of pills is a new idea. The exact kind of nourishment required is easily ascertained, the necessary salts are inclosed in a prepared, case, and buried under the roots.

### Make It a Point

To Got the Best Every Time, When You Buy Medicine.
Health is too valuable to be trifled with. Do not experiment. Get Hood's Sarsaparint and you will have the best medicine money can buy—the medicine that cures when all others fail. You have every reson to expect it will do for you what it had done for others. Remember

Makes the Spot Vanish.

A slight rap may cause a bruise, or a slight blow a blick one, sore and tender. But it is easy to cure a bruise by the use of St. Jacobs Oil, and make the spot vanish and the soreness heal. Not to Be Caught. Waiters in Parisinn restaurants al-Walters in Parisian restaurants at-ways have an answer ready. Zola, the novelist, had noticed this fact, and ac-cording to the London Figaro, inade use of it in perpetrating a joke. " "Bring men sphinx a la Marengo" he said to a walter.

"I am sorry to say they are out," was

the answer.

"What, no more sphinx!" said Zola, in a tone of indignant surprise.

The waiter stepped close to the chair and whispered:

ind winspered:
"The truth is, we have some, mon-sieur, but I don't care to serve them to you, as they are not quite fresh."

Deafness Cannot Be Cured

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mutuous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imported heartened to be sufficiently and the state of the surface of the the result; and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, interesting the surface of the s
