Coughs and colds come uninvited but you can quickly get rid of them with a few doses of Ballard's Horehound Syrup. Price 25 and 50 cents. Wilkins & Co.

As our readers are aware, we have been able to secure for them this year an unusually advantageous clubbing arrangement, which includes the Iowa Homestead, its special Farmers' Institute editions, the Poultry Farmer, the Farmers' Mutual Insurance Journal and the Humane Alliance, together with our own paper, all for the surprisingly low figure of \$1.45. Nothing like this has ever before been offered to our farmer readers. The Homestead with its special Institute edition for January contains 72 pages of practical farm information, and reading the paper and its special editions for a year practically amounts to a liberal agricultural education. The Special Farmers' Institute edition for the present month considers four interesting, practical topics relating to farm prosperity, sheep husbandry, winter work, etc., and on them more than 200 practical farmers and farmers' wives in the West contribute their views and experiences, making it a remarkable collection of the best thought on western farms. The Poultry Farmer, The Mutual Insurance Journal and the Humane Alliance, the best of their class, should be in every farm family. Take advantage of this great offer.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Jessie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one else knew the suffering it produced better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it, as soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely. The dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S. S. S. For Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days of the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being struck with it, while in the first case I was able to attend to business about two days before getting 'down.'" Printer: Geo. W. Schwegard. When state senator and Poynter were state senator two different persons in thought and action.

The present trade balance in favor of the United States and against Europe is over \$150,000,000, thus making the United States a creditor nation.

There is one thing that can always be distributed to the republican party. They do not oppose the opposition party if it is in the right, just for the sake of opposition.

More ears, more eyes, is the cry of the nation. The different companies being unable to supply the demand, the freight business having increased enormously.

The conservative asserts that "populists" are those that having a million of dollars destroy a man's heart, shrivel up his sensibilities and sour all the milk of human kindness in his nature.

It is indeed a sad state of affairs when Wayne county court house bonds in the sum of \$25,000, bearing interest at five per cent, will sell for \$27,450.

MR. EDITOR:—When in the course of human events it becomes necessary to inform the public that the leading newspapers of our beloved county are so unfortunate as to have in their service men whose names appear on their lists of correspondents and newsgatherers, and who are the very life of the county press, such as have assumed this self-imposed duty for Carroll and the surrounding country, such information should be given in the spirit of friendliness and for the sole purpose of dealing honestly with the teeming thousands who wait so impatiently for the weekly post-up from our faithful editors, but for which Wayne county would be a very dull concern.

The discussion of the veracity of these particular Carrollites, who are so prejudicial or otherwise mentally deformed as to fail to mention some of the great events transpiring within the limits of our own little village, will be left to the editors and their junior assistants but it may be interesting to some to know that on Saturday, January 6, at 8 p. m., in the A. O. U. W. hall at Carroll, Wayne county, Nebraska, there was a public installation of officers of the A. O. U. W. and D. of H. lodges.

The program was made more interesting by a few entertaining selections of music, recitations, dialogues, etc., all bearing on lodge benefits. Deputy Grand Master Putney was present and treated all to a good laugh. He also gave an exhibition of his famous seven work, after which the exercises closed with a tableau representing a home with fraternal protection and one without.

The hall was crowded and among the visitors were several brethren from Randolph who were treated to an oyster supper before they departed for their homes. EUGENE BLAKESLEY, Recorder A. O. U. W. lodge, No. 197.

Attention Will the ladies who kindly promise to earn \$1 for the benefit of the Presbyterian church please give or send it to Mrs. J. J. Williams by Friday or Saturday of this week, so that Miss White may write it up for the experience meeting which will be held at the Free Presbyterian church Friday, January 27. All are invited.

W. H. McNeal was in Carroll Monday. Henry Wolf shipped hogs to Omaha Tuesday. A. J. Honey left for Omaha Tuesday afternoon. R. D. Merrill and wife went to Wayne Wednesday. A. J. Swartz went to Blomfield on Tuesday. J. H. Porter was a Wayne passenger Tuesday. Another change in the conductors on this line. D. M. Davis and Ed Carroll went to Wayne Tuesday. Mrs. Essie Gardner is very sick, but her recovery is looked for. Mrs. O. M. Harburt is nearly recovered from her spell of sickness. Rob Gardner and Miss Emma Berry drove over from Laurel Sunday. Mrs. Robinson and Mrs. Frank Harburt drove to Wayne Tuesday. F. A. Berry and wife spent Thursday and Friday with relatives in Wayne. The sudden change in the atmosphere Monday gave everybody a bad cold. R. D. Merrill has had very sore eyes the past few days, the doctor saying it was "pink eye". One or two new buggies have been added to the livery barn, conducted by the Robinson boys. Mrs. Charley Jones has been quite sick the past ten days and at this writing is fast recovering. Trade in Carroll has never been better, the merchants being kept busy every day of the week. Lyman Shoals, General freight agent for the Omaha road, was looking after business in Carroll Wednesday. Miss Pearl DeLong has been confined to her bed for some time past but is reported much better today. Mr. Charles Meyers of the firm of Meyers Bros., Sioux City, Ia., wholesale dealers in harness, saddlery, etc., was in the city Tuesday. Last Thursday Sherman Baker received the sad intelligence that his father was not expected to live. Mr. Baker took the afternoon train for Red Oak to be present if possible, when the sad came. A good deal of trouble was had in starting the new engine recently purchased by Turner & Brenner for their elevator at this place and not until an expert mechanic arrived was it possible to run the engine. Those from a distance who came to attend the funeral of Lincoln Swartz were: Mrs. E. W. Howe, Atchison, Kan.; Mrs. Albert Frank, Omaha; Mr. and Mrs. Geo. H. Fletcher, Sioux City; E. F. Swartz, Pierre, S. D.; Miss Emma Swartz, Parkston, S. D.; and Miss Ethel Duncan of Wakefield. Owing to the difficulty in starting the new engine in the Turner & Brenner elevator the past week, Geo. Bailey has been very busy. A large amount of corn has been coming to market and in order to handle it Geo. has been compelled to work day and night. The price 2 1/2 cents, is what attracts the farmer.

Don't forget the dance Friday evening in the A. O. U. W. hall. Good music and a good time is guaranteed.

G. W. Yarian has been appointed agent for The HERALD at this place. All subscribers in arrears are dropping in and pay their subscription account at any time and receive a receipt, therefore, or any one wanting to become a subscriber can do so by calling on him.

To our many friends in Carroll and vicinity: We wish to take this opportunity to extend to you our sincere and heartfelt thanks for your kindness and assistance during the illness and death of our beloved son and brother, Lincoln, and that you all may be abundantly blessed for your kind acts and words is the earnest desire of Mr. & Mrs. W. H. Swartz & Family.

Another special train loaded with freight went up the road Wednesday. This makes several extras in the past two weeks, and with the large number of freight cars being hauled every day on the regular shows the condition of the country at the present time. Two years ago a box car was a curiosity on this line and for a greater part of the time only one train a day was run. Just give us a few years more of McKinley and we'll all wear diamonds.

OBITUARY.

At his home at this place, Thursday morning, Jan. 12, 1890, Edgar Lincoln Swartz was called to the great beyond after a brief illness lasting only twenty-six hours. He was stricken Wednesday morning with that dreadful and fatal disease, appendicitis and suffered untold agony until he died Thursday morning. Dr. Love of Carroll and Dr. Haig of Wayne were summoned, but could only alleviate the pain for a short time. Dr. Marvin of Sioux City, was sent for but arrived too late. The funeral services were held at the M. E. church Sunday afternoon, Rev. Tyson of the Baptist church officiating. Lincoln has spent the most of his life in Carroll and commanded the respect of all who knew him. He was just approaching the bloom of life, being twenty years old, and the community at large as well as the family have suffered a severe loss in his demise. He leaves behind to mourn his departure a father, mother, four sisters and three brothers, besides a host of friends. The family have the sympathy of the entire community in their sad bereavement.

When in Carroll call at G. W. Yarian's for Flour, Groceries, Tobaccos and Cigars. A good lunch served at all hours. We also serve Oysters.

As additional evidence that prosperity is here, we will give this simple illustration. A farmer in this neighborhood sold his farm last fall for \$35 an acre, and now the original owner offers the new purchaser; \$300 for his bargain. Great is Wm. McKinley and the Republican administration!

You can blame it to P. V. or whoever you are a mind to, but we have a better corn market here in Hunter than Wayne is. Corn is always a cent to two cents a bushel more than the elevator price. Great is the cattle feed industry and we do not have to depend on the railroad.

The HERALD missed a number of news items last week through a mistake that was not noticed until it was too late to get them in that issue.

Sioux City Journal.—The Universalist church of Cedar Rapids, has received from Mrs. Mary L. Pingree, of Wayne, Neb., a donation of \$2,000, to be used in paying off the church's indebtedness. Mrs. Pingree and her husband were early pioneers of Iowa, having lived at Muscatine for many years. Some years ago and while still a resident of the state, Mrs. Pingree united with the Cedar Rapids church. She takes this means of evincing her interest in it.

Norfolk Special to the Omaha Bee.—The Business Men's club has again taken up the question of discriminating freight rates, and at a meeting held Saturday evening a committee was appointed to draft a memorial to the legislature "praying for such relief from existing freight rate discrimination as may seem just and equitable."

If The HERALD had put it 1 1/2 cents below the market price in Chicago instead of Minneapolis in an item headed "a query for P. V." in last week's issue, it would have been correct, but this error in no way affected the material points in question.

Since writing the above we learn that May corn was 3 1/4 in Chicago at the time in question, and 38 cents for cash; but therefore we should have stated that the price here should have been 35 1/2 instead of 26 1/2 as we had it last week, but instead they paid only 23 1/2.

In the question of establishing a state normal school in north Nebraska Senator Hale seems to be throwing his influence to Wayne. He has introduced Senate File No. 3, entitled, "A bill for an act to locate and establish a state normal school at the city of Wayne, Wayne county, Neb., and to provide for receiving a donation of real and personal property for the use thereof." Their donation, however, will hardly interfere with Norfolk's prospects, as the buildings offered are not what would be required for such a school, besides Norfolk's good location and railroad facilities will have a great bearing in the matter. Norfolk is the proper place for the school.—Norfolk Journal.

The Journal should not be so piggyish in its statements. Wayne is just as accessible as Norfolk so far as railroad facilities are concerned, as it can cost but 85 cents more to reach Wayne from Norfolk, while on the other hand the same thing would apply to all of the northern part of the state when the difference would be the same from Wayne to Norfolk, 85 cents. Here the Journal's statements along this line are flippant. Besides, Norfolk has one large state institution and it doesn't pay to be hogish in these matters. There are other cities just as good and a little better than Norfolk which was recognized as a good place for the establishment of a lunatic asylum, but when it comes to educational institutions as a location Norfolk isn't it with Wayne. As to the buildings here they are adequate for a school of five hundred students; not only that, but the Normal is already established. The Journal hardly knows whereof it speaks and we hope our neighboring city will see its way clear to be fair in this matter. There is a future.

Bring your Grain to Wayne.

The Wayne grain dealers are paying us much or more today than they are in any of the neighboring towns and there is no likelihood of the situation ever existing here again as it has for the past few months. Farmers can now bring their grain to Wayne and get as much for it as they can elsewhere. What is 50 cents today, out 22 and corn 23 1/2.
