

MR. MCKINLEY WALKS

HE GOES ABOUT WASHINGTON WITHOUT FEARS FOR SAFETY.

McKinley dropped during the Spanish War was afterward renamed McKinley. Observed by the Public When He Goes for a Stroll.

On entering the White House Mr. McKinley did not make a recess of himself. During his hours of recreation he enjoyed long horseback rides or walks along the streets as freely as any private citizen, without guards or extra precaution for his personal safety.

When the Spanish war broke out he was compelled to abandon his long walks and take his exercise chiefly within the confines of the White House grounds. In the first place the demand for his time did not admit of his enjoying the same relaxation as formerly.

President McKinley knows a thing about Washington. When President Cleveland never had an opportunity to look at the city it is a point of civility universally observed at the national capital never to intrude attention upon the President when he appears in public.

An Austrian Officer's Comment on the Destruction of Cervera's Fleet.

Capt. Taylor gives an amusing account in the Century of his interview with an Austrian lieutenant, who boarded the Indiana immediately after the fight at Santiago.

"Then there has been a battle?" "Yes," I replied. "And the result?" he asked, eagerly. "We have defeated them."

"But where is Cervera's fleet now?" he inquired. "His flagship, the Maria Teresa, is there, lieutenant," I answered, pointing, at the same time, to the beach a few miles distant.

"But," he interrupted, "you have then destroyed half those splendid vessels of Cervera?" "Yes, lieutenant," I continued, and took a few miles from the beach, and you will see another column of smoke; that is the Yezaya, on the beach near Aserradero.

"And your injuries, captain? What losses has the American squadron sustained?" "None," I replied. "But, captain, you do not understand it is what casualties—what ships lost or disabled—that I ask."

Room for Improvement. beyond our income. For instance, in the month just ended, the ordinary receipts from all sources—customs, internal taxation and miscellaneous (\$49,010,224) were larger than those of any previous March in the last ten years.

Bring on Your Anti Issue. Republicans can well afford to bid defiance to such conservative leaders as propose to frighten them with threats of an anti-expansion issue. As Patrick Henry put it, "Let them come, and let them come quickly."

SIMPLE OR FANCIFUL

JUNE DRESSES IN TWO DISTINCT CLASSES.

Simplicity (Somewhat Modified) is the Key Note with some of them. While Others Are as Elaborate as Dressmakers Can Make Them.

Correctly considered as in the cording way was much of the ornamentation of the middle gown of these three, though it was quite unlike that employed on the other cases.

CORDING AS NOW APPLIED. All but one of the models that we mention point the possibilities in elaborating simplicity. The two remaining suggest the opportunities presented by the first gown for highly wrought effects.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. L. P. Orth.

Fairview Union Sunday school, 6 1/2 miles northwest of Carroll, was started up by Missionary Young last Friday evening, and on Sunday afternoon a school was organized at Mt. Hope, a short distance from Wayne. At the latter place there are upwards of forty children who were not attending any Sunday school.

Randolph Reporter: Wayne is making big preparations to celebrate the 4th of July in a fitting manner, and have raised \$400 to do it with. They have a number of citizens in that burg who never lose an opportunity of keeping Wayne well advertised. If Randolph fails to celebrate Wayne will get the crowd and the money that should stay here.

Wisner Chronicle: Peter Kain, who recently married in Germany and is expected back to his Wayne county home with his bride in a short time, has shipped a sitting of stork eggs to his friend, Hans Krieger, with directions to place under a motherly hen. They are a very desirable bird, much prized by all Germans, and will be a curiosity here if these eggs hatch and the birds thrive in Nebraska. Mr. Kain's friends are pleased at his forethought, and they only regret that George Lehmkuhl was not so thoughtful. They now hope that since the storks are provided for, George will at least find the wife.

GLORIOUS NEWS

Comes from Dr. Cargile of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of sorfolia, which had caused her great suffering for years. Terrible sores would break out on her head and face and the best doctors could give no help; but her cure is complete and her health excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates kidneys, liver and bowels, expels poison, helps digestion, builds up the strength. Only 50 cents, guaranteed at Wilkie & Co's. drug store.

In the meantime make up your mind that you'll be here the night of the Fourth and participate in the festivities. It will be better than a hot time or Georgia camp meeting.

The HERALD believes that if one person is compelled to repair his sidewalk, all others should be treated in the same manner, be they resident or non-resident property owners.

Margaret Montgomery offers, in the June Ladies' Home Journal, some excellent suggestions for spending a summer's vacation. The article is based on her own experiences in passing her "vacation in a Vacated Parsonage," and is therefore practical. She asserts that the days were delightfully spent, and the party gained in health and rest, and that the expense was small. There are probably enough vacant houses in many of the farming districts to give a number of pent-up families from the cities the opportunity for an enjoyable outing.

Wisner Cor. in Cumming County Democrat: Mrs. Gideon Powell died at her home eight miles northeast of here last Sunday after a lingering illness of nearly five months. She was aged 74 years, 10 months and 10 days. Mrs. Powell was born in Gatzling, Germany July 11, 1824. Came with her parents to this country in 1831 and settled in Maryland where they lived for some time, then moved to Ohio. Here she was married to Mr. Powell and to them four children were born, Camp, Charles, William and Agnes. They came to Nebraska with the husband, are still living. In 1859 they moved to Indiana where they lived for twenty years, then moving to Iowa. In 1883 they came to Nebraska and settled near present home. Eleven years ago she met with the misfortune to become crippled thus making it very difficult for her to get about. In January last she was taken sick with the grip followed by pneumonia and for several days she lay in a most difficult fight between life and death.

GLAD TIDINGS!

The office of the Craig Indian Medicine Company, to which credit is given for the wonderful remedies for this state, has now been located at Wayne, Nebraska. The splendid success of their Indian Medicine in the North Eastern counties of this state has induced the Company to put in an office at this point. Mr. J. Locke of Sioux City, Mo. will manage the business for the company here, and has already loaded on their medicine wagon considerable quantities of the adjoining counties since his arrival.

This medicine company is not like other concerns that seem similar. We, in the first place, manufacture every remedy that we offer to the public, and second, we have different remedies for different diseases. For instance our "Cough" or blood medicine, is a powerful blood cleanser and a had stomach renovator. Positively cures constipation. Then our kidney and liver cure: It carries glad tidings of great joy to the sufferer of kidney and liver troubles. It has positively cured hundreds of cases of female troubles and all their attending complications that the sufferers themselves thought incurable. These ladies have repeatedly told our agents that they had spent large sums of money desiring the best medical specialists they could find but became discouraged from no relief and so much expense but as soon as they had taken our medicine their usual paleness under the eyes, and those dark moss spots from the forehead and face have disappeared. Pains from the back and sides have gone, and a general feeling of weakness, and all other attending ailments have disappeared. This is the home. We have positive proof that this statement is correct.

Our Indian Oil as a pain killer has baffled every other remedy that we have met. It is now used in a number of families in Wayne and hundreds in Wayne county. This remedy is the great Laxative, given in the morning during the season past. It relieves cholera infantum and cholera morbus and all pain external and internal. Every family should have a bottle of this wonderful medicine.

Donch medicine, the best for sore throat and the dreaded Catarrh in the head and throat and bronchial tubes is positively cured if our Indian Oil is used.

We have Worm Destroyer, that absorbs the worms and granularly removes them as well as builds up the system.

We have Indian Salves and Creep medicine, that cure all skin diseases in this country that want of space prevents their account.

For further particulars call on our office in the first residence west of the Post Office, or address by letter, J. Locke.

The Nichols-Shepard Separator

The essential points in a Separator are capacity, thoroughness of separation, and simplicity and durability of construction. On each of these points the Nichols-Shepard Separator has great advantage over all other threshing machines. Any one of the nine sizes will thresh more and save more grain than the corresponding size of any other separator. The Nichols-Shepard Separator is a strongly, simply, yet perfectly made as a separator can be. The work of separation is done without the aid of pickers, riddles, forks, or other complicated parts that in other machines cause continual bother and expense by reason of wearing out.

CUTTING HAY.

There are a great many things in farming, as well as in other callings, that are acquiesced in as true and yet are largely ignored in practice. One of these is with regard to the time when hay should be cut. As a matter of fact, hay should be cut early, because it is then more nutritious, more palatable and more digestible. As a matter of fact, however, many farmers let the seed form and the hay become woody before cutting. In some localities with timothy especially, where the grass is grown for seed, a header is used to take off the seed crop, and afterwards the stalks are cut and it is called hay. It is really not hay at all; it is straw and it is of no higher feeding value than straw well cured would have. Of course, if one can make more money out of a timothy crop by heading first for seed and then taking the straw for feeding purposes, that ends the matter. But this is hardly ever the case, and the practice generally rests upon a sort of vague idea that the grass will be pretty nearly as good for feeding purposes and that the seed crop will be just so much in. This is a serious mistake, for the only real return obtained by the practice is the seed. If that is worth more than the hay crop would be if cut seasonably, then take the seed crop, by all means, but don't do it on the strength of the idea that three or four bushels of seed, plus a considerable feeding value in the straw will equal a good, fair value for a crop of hay seasonably cut and well cured. Of course, in the case of other grasses where the seed crop has no special market value, allowing the grass to stand until late is a serious injury to the feeding value of the hay crop without any compensation in the value of the seed—Homestead.

Our unblameable calamity contemporary has been forced to admit that Omaha and Nebraska are enjoying unprecedented prosperity, but tries to deny by asserting that it is exceptional. At the same time the calamity organs published in other cities throughout the country say the prosperity they are enjoying is exceptional. A sailow, jaundiced skin is a symptom of disordered liver, as it springs from bilious poisons retained in the blood, which destroy energy, strength, cheerfulness, vigor, happiness and life. Herbine will restore the natural functions of the liver. Wilkins & Co.

We have no share in the partition of China, but we have one of the largest Chinese towns in the world—San Francisco.

DeWitt's Little Early Risers act as a faintless pill should, cleansing and reviving the system instead of weakening it. They are mild and sure, small and pleasant to take, and entirely free from objectionable drugs. They assist rather than compel. L. P. Orth.

The present move in Cuba is to increase the per capita of money and diminish the per capita of old guns.

Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. Tabler's Bunkers Pile Ointment is an infallible remedy. Price 50 cents a bottle, tubes 75 cents. Wilkins & Co.

Mayor Van Wyck says that all New York newspapers are liars, which is heard on the yellow papers that supported him.

Mr. P. K. Tobham of Elks City, Cal., says: "During my rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by L. P. Orth.

J. Sterling Morton's new party has nominated Tom Reed and John G. Carlisle for the presidency. Will J. Sterling please hold another convention to decide which the party will support?

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy by a friend, who, knowing me to be a poor widow, gave it to me. I tried it and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, MRS. MARY A. BEARD, Claremore, Ark. Sold by L. P. Orth.

National Educational Association Meeting.
For the meeting of the National Educational Association at Los Angeles, Cal., July 11-14, 1899, the Union Pacific will make the greatly reduced rate of One Fare, plus \$2.00 for the round trip.

The excellent service given by the Union Pacific was commented on by all who had the pleasure of using it to the convention at Washington in 1898. This year our educational friends meet in Los Angeles, and members of the Association and others from points East should by all means take the Union Pacific.

The service of the Union Pacific via Omaha or Kansas City is unequalled and consists of Palace Sleeping-Cars, Buffet Smoking and Library Cars, Dining Cars, meals a-la-carte, Free Reclining Chair Cars and Ordinary Sleeping Cars. The Union Pacific is the route for summer travel.

Rev. F. M. Esterbrook, Treasurer of the Nebraska Wesleyan University at University Place, Neb., writes on April 26, 1898:—"I have been troubled for some time with tickling in the throat which often greatly annoyed me. After taking Dr. Kay's Kidney Cure I found relief. I found your Dr. Kay's Kidney Cure helped my kidney trouble which has been troubling me for a number of years. Mrs. Esterbrook had been subject to a cough for most of the winter, and also insomnia. After taking only one box of your Dr. Kay's Lung Balm she was almost entirely relieved of her cough and she also found it made her sleep better. We find your remedies work like a charm. If druggists do not have them do not take any substitute for they have no equals. You can get them by return mail from us postage prepaid. Write for free advice and Dr. Kay's Home Treatment, a 16 page illustrated book of receipts etc. Dr. Kay's Lung Balm 10 cts and 25 cts. Kidney Cure 25 cts and 50 cts. Address Dr. B. J. The Cuban soldiers evidently don't know a good thing when they see it. Uncle Sam's money is the best the world affords.

Ex-Secretary Morton of the Conservative, seems to have struck a horizontal gait. At least, his late preachings do not represent the title of his paper.

The man who fails to uphold the administration's war record and adopts the course of the rebels of the civil war will find himself in a very small minority during the next ten years.

Admiral Dewey is enjoying a much needed rest at Hong Kong, and will not reach the United States until about October 1st. Necessarily many monster demonstrations that had been arranged for, will likewise be postponed.

A terrible wreck occurred on the Burlington, Cedar Rapids & Northern Railway near Waterloo on Sunday, in which nine passengers were killed and thirty more or less seriously injured. A washout on the road was the cause of the wreck.

The Filipinos will be the happiest people on earth when they come to know that their welfare is in the hands of the Americans, and that their capital is located at Washington. They will then know for the first time what freedom means.

It is said that the President has seen the handwriting on the wall and a black action summer suit may be expected at any time in his imperial policy. He is looking out for a renomination and knows that he cannot make it with his present Philippine policy. Mr. McKinley is a politician and there is no mistake.—Cuming County Democrat.

Well! wouldn't that break your face? Who said it?

Who is there in Nebraska that will urge the abandonment of the Philippines, the hauling down of the flag and trampling it in the dust, over the bodies of the brave volunteers of Nebraska, and their brave Col. Stotsenburg who gave up their lives for their country? Shall the fruits of their victory be cast aside? No, No! Who is the man that is coward enough to ask it? Let him speak!

In extending to Admiral Schley the cordial western welcome the people of the west have not only honored him, but also the brave seamen who fought under him. It is the only opportunity the people have of honoring the brave and loyal men of the army and navy. It is no one man affair, and the respect accorded Admiral Schley is intended as a fitting recognition of the entire fleet at the memorable naval battle at Santiago.

It is believed that there will be no further hitch in the Cuban disarmament proceedings. The surrender of their arms by the insurgents was begun last Saturday, and the disbursement of the \$2,000,000 by the United States to the persons who give them up will set in. Apparently all the Cuban leaders, Gomez as well as the rest, are satisfied with this arrangement. Nobody is finding any fault with the adjustment. It is believed that the entire work of disarmament will be accomplished within about two weeks. This is a task which the opponents of expansion said a few months ago would cause serious trouble for the Americans. Everything, however, is working with more smoothness in the island than even the expansionists themselves expected. The first practical step in the work of reconstruction in Cuba, will soon be made.—Globe Democrat.

WINSIDE.
Mrs. A. C. Goltz visited at Norfolk Tuesday.
Mrs. Sophia Hagedorn went to Station Saturday.
Mabel Dodge of Laurel was visiting with friends here this week.
Misses Erika Shultz and Maggie Reed drove to Wayne Tuesday.
Sheriff Cherry and Emil Weber were Wayne people in our town the latter part of the week.
Among those of our citizens who attended the Decoration Day exercises at Wayne Tuesday, were Messdames Brown, Bleich, Agler, Statten, Misses Minnie and Emma Leichert, Tillich, Venneburg, Reed, Mr. and Mrs. Archer, Mr. and Mrs. Gae. Some of our Spanish-American soldier boys were also in attendance. We have but one veteran of the Civil War buried in the cemetery here.
During the storm of Saturday night the barn stall northwest of Winside had portions torn from it by the wind. John Pritcoe who had taken refuge from the storm behind the building, was blown some distance by the force of the small cyclone and his horse had to be dug out of the debris of fallen timbers. Some corn cribs and other outbuildings were also blown over by the wind, which swept over a limited territory. Lightning struck the fence near L. Sonnenburg's house. He had just had the house repaired after having been badly torn up by lightning.
The school entertainment and graduating exercises of Miss Carrie Hupp, who was the only graduate of our high school this year, were well attended on Friday night. The children did very well indeed and in spite of the great heat of the air preceding the storm, the exercises were all enjoyed by the audience. The storm blowing quite in crowd home as the crowd looked very threatening, but many stayed until after midnight and heard all of the entertainment. Miss Hupp's oration was well thought up and splendidly delivered. The teacher's have done good work with the pupils during the year as was evidenced by the excellent result.
One of J. T. Englehardt's teams ran away Sunday evening but did not create damage except to the property which was demolished, and the harness which was badly out and torn on the barbed-wire fencing. The horses came out of the tangle with many scratches but no serious cuts and with hardly started nerves. They ran through a barbed wire fence four times. The accident occurred because one of the horses, a quiet very high-lifted, was started by a piece of straw blowing under his hind legs and because no one was yet in the buggy to hold the team. It happened at one of Mr Englehardt's farms south of town.

CARROLL.
The Carroll schools closed Friday. Miss Mason returned home Monday. Andy Brenner was in town Tuesday. Some corn is up, while others are planting.
Miss Emma Berry will spend part of her vacation in Carroll.
Miss Mary Williams and mother drove to Wayne Tuesday.
Rodney Manning and his "fair one" drove to Wayne Monday.
Wayne was well represented at the picnic in Carroll Saturday.
Weeds are growing very fast now and farmers are kept busy.
A. S. Linn and children returned from their sad trip Wednesday.
The excursion to Sioux City Sunday in all probability will be well patronized by Carolites. The \$1.25 round trip fare will draw a good number.

INSIDE.
Mrs. Sundahl is very sick having suffered a partial stroke of paralysis.
Mrs. Daly who has been visiting her parents in Blair came home this week.
Jap Willis was appointed Marshal by the town board at its last meeting.
A new school house is being agitated and it is one of the improvements Carroll needs to make.
Rev. Lemon of Wayne, will preach in the Baptist church at this place Sunday morning and evening.
Mr. Bassford has purchased a Stimson computing scale for use in the grocery department of his store.
Mr. Stone, Mrs. D. M. Andrew's brother-in-law, who has been visiting in Carroll the past week, returned home on Tuesday.
A ball game Saturday was a feature in closing the picnic at Carroll. P. A. Berry was Captain of one side, while Lee Wardrup coached the other side. The game was not very exciting, ending in a score of 14 to 0 in favor of Lee Wardrup.
BRENNA.
The weather has been quite nice these days. Mr. Lehmkuhl had a very nice party Saturday night. Miss Mary Brown stayed in Wayne Saturday night. Miss Agnes Coleman is going to Sioux City Saturday. Chet Brown visited Mr. Coleman's farm last Sunday night. Mary Brown went to Laurel Tuesday. Chasley Baker rode home with Miss Brown Saturday, and John paid the freight. Nick Baker and Lucy Brown visited Peter Baker's on Saturday eve. Chester, Bertha and Laura Statten were in town Sunday. Wesley Bonawitz visited the young folks at Mr. Brown's Saturday night. Albert Lehmkuhl has been going to town this week with what. Lucy and Mary Brown visited Mr. Madden's last Sunday evening and came home after the rain.
See those Knox Sailors at Wilson Bros.
Jerry Hayes of Winside, was in the city Decoration Day.
Miss Myrtle Ford returned from Sioux City last evening.
J. P. Larson and C. Frevort shipped cattle to Omaha yesterday.
A son was born to Mr. and Mrs. L. C. Fitzworth, Saturday, May 27.
George Whitton of Marshalltown, Ia., was in the city the first of the week looking after property interests here.
Remember the grand celebration in Wayne on July 4. Bring your family and stay all day. Prepare for a big time.
