THE CELEBRATION

Are you making preparations to celebrate at Wayne? If not you will miss the treat of a life time. The committees are working industriously to make every feature a grand success. Among the attractions will be a magnificent balloon ascension and double parachute leap by Prof. Winteringer, at which time a pig will be dropped from the clouds in a parachute. Mr. Horace Babbe, the great high jumper will leap from the top of a seventy-foot tower into a pool of water, a new and novel feature. The ball teams of Laurel and Wister will cross bats in the diamond for the championship of Northeastern Nebraska. There will be pony races, bicycle races, foot races, and other sports galore, including bowery dance. The grand review of the M. W. A. Royal Highlanders and other orders that has been arranged for will be participated in by hundreds of members of the orders and the contest for prizes will be intensely interesting. The great feature, however, will be the brilliant electrical illumination in the evening, concluding with the carnival and cake walk, at which time the merry muskies will have possession of the city. Fun and pleasure will predominate. A large amount of confetti will be procured for the occasion. Everybody is cordially invited to celebrate in Wayne.

PTYTHIAN MEMORIAL DAY.

Sunday, June 11th, 1899, was the day set apart by the Supreme Grand Lodge Knights of Pythias as Pythian Memorial Day according to the established custom of the Order. The ceremony was duly observed by Lotus Lodge No. 45, of this city. At 9:00 o'clock in the afternoon, the Knights assembled at the Castle Hall and marched to the cemetery in a body where the regular and realistic exercises were carried out, and the graves of departed Knights strewn with flowers, in accordance with the sacred principles of the order. The Knights of the Wayne cemetery are Dr. A. E. VanCamp, Wm. Ritchey and Hollis Miller. In the evening the Knights again assembled and in a body attended the Presbyterian church, Rev. Montgomery preaching the sermon in behalf of the order. His address was an able one, and one which was greatly appreciated by every Knight present.

WESLEYAN QUARTETTE.

The large crowd which greeted the Nebraska Wesleyan Quartet last night on their second visit here showed in what high esteem they are held by the music loving citizens of Wayne. If anything, their singing was a better than on their former visit. They were called back after every number on the program and the audience would no doubt have kept them singing all night had they not refused to respect the honored ones. The readings of A. Key Israel were fine, and he, like the singers, was called back again and again. Mr. Israel is one of the finest impersonators who has ever visited Wayne. The entertainment was thoroughly appreciated from beginning to end and the Wesleyans feel highly complimented by the manner in which they were received.

County Teachers' Institute.

Professors Saylor and Davison gave very entertaining lectures at the Presbyterian church last week. The teachers' institute being held here. The gentlemen are both excellent speakers, their lectures being of an instructive nature, of which they were thoroughly conversant, and were greatly appreciated by their audiences. The institute was pronounced by many as being the best they ever attended. Great interest was shown in the work, and under the very able instruction of Supt. Saylor, Prof. Saylor and Conn. Many valuable lessons were learned. One hundred and fourteen teachers were in attendance which is the largest enrollment of any institute ever held in the county. Supt. Miss White deserves much credit for the successful manner in which the work was carried on.

THE HIGH SCHOOL ALUMNI.

The Wayne High School Alumni association has been in existence thirteen years. Up to 1899 eighty-three graduates have signed the roll as members of the association, and at the present time, although a number have withdrawn for various reasons, the organization is stronger than ever, and the meetings in the future will, no doubt, be promoted with more enthusiasm than in the past. The following poem was delivered by Thos. Holtz at the annual meeting held in the opera house on June 3rd of this year:

O, comrades we have met again, we grasp each other's hands, We have had another inning and the government still stands; We have seen the consummation of a thousand hopes and fears, You may smile and shiver frequently, in thirteen years

We have read the commentaries on the gospel and the law, We have tested the technicalities that serve us as law, And some have learned the ropes by which the politician steers, You may probe a mystery or two, in thirteen years

Some have wandered in the moonlight and have started till after ten, They have called successive evenings and then have called again; Some have begged an angel's mercy, would she calm the dreadful fears? You can make prodigious promises, in thirteen years

There's Johnny and there's Mary, and there's Teddy and there's Lou, There's little Ed, and little Fred, and little Byron too, How they have kept a'coming—the precious little dears!

You may look at the technicalities that serve us as law, And some have learned the ropes by which the politician steers, You may probe a mystery or two, in thirteen years

We have watched the microbes hunted down and slaughtered in his lair, We have seen those X-ray photographs that lay your bones all bare; The dynamo assails the horse and strip him of his gear, And all creation mounts a bike, in thirteen years

We have learned the method Bryan used to write his first new book, We have seen the best attempt yet made to photograph a spook, Whole lectures on their knees to such as furnish beads, And the new woman ushered in, in thirteen years

Our high school staidest not as in the days gone by, She has rooms that have been added while the years were passing by, She has called her new professors in who stimulate their peers, O, it's no Van Winkle sleep she's had, in thirteen years

There's a deal of space to conquer 'twixt the mountains here and there, There's a bit of follows playing ball who do not get the air, Though our lads have won no championship to hold up by the ears, They have made a blazing record now, in thirteen years

The good old men are still at work who ground his through the mill, They are dealing out the discipline and knowledge with a will, May age deal kindly with them when his frosty winter nears, For they've built their noble monuments, in thirteen years

Here's health to old associates whose obituary has not been passing by, We bless them if in congress, and we bless them if in jail; And a tender memory for those, thro' rising mists of tears, Who lie in their graves laid in sepulchers, in thirteen years

We shall bravely face the future now, whatever we have planned, We'll do whatever honest work shall come into our hand; For high school, country, home and friends send up three silent cheers, And say, let those who all we've got, in thirteen years

Madison is agitating electric lights and without any hesitation whatever we can say no mistake will be made if that city can procure a plant like Wayne has at any price near the same price, Our people wouldn't be without them, and the beauty of it is the city is lighted without a cent of expense,

While playing with some young friends last Friday Demeter McKee was breaking the bones of his left wrist, Dr. Wightman reduced the fracture and the young lad is getting along nicely, We have been favored for the past two nights with a grand entertainment by the Alha Heywood Company, They furnish a refined program of continued impersonations, character songs, solos, duets and fine orchestral selections, They played to good houses and we bespeak for them good business wherever they may go, They are deserving of liberal patronage, Grand Rapids, Mich., Telegram Herald,

FEARFUL DISASTER.

A Cyclone at Herman Entirely Destroys the Town—A Dozen People Killed and More than One Hundred Injured, Some of Whom Will Die.

Tuesday evening a cyclone wiped out of existence the town of Herman on the C. St. P. M. & O. railway about forty-five miles north of Omaha. But two buildings were left standing while the destruction wrought was fearful. More than a dozen people were killed and over one hundred injured, many seriously. Relief trains were run from Blair where the injured were taken. Many were taken to Tokamah, the citizens of those towns doing everything in their power to care for the stricken people. Among the injured is George Coyle, the depot agent, and a son of Mr. and Mrs. Peter Coyle of this city. He sustained a severe gash upon the head, but is reported as in no immediate danger. The scenes at the disaster are said to have beggared description. Relief has been sent from neighboring towns and Omaha.

Bad management keeps more people in poor circumstances than any other cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself they are ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the home, the slightest fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides, one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by L. F. Orth.

 Dr. Cherry of Winside was in the city Friday morning.  
 Dr. Leisenring left for an extended visit in the east, Sunday.  
 J. W. Mason and W. E. Wallace went to Omaha Thursday with stock.  
 Dr. and Mrs. Blair returned from Kansas City Saturday evening.  
 Mrs. N. Grimesley and sister were Sioux City visitors Saturday.  
 Editor McKee of Winside, was in city on business Saturday afternoon.  
 Miss White left for Manila, Iowa yesterday for a short visit with her sister.  
 Mrs. U. S. Conn left Tuesday for Val-paraiso, Ind., for a visit with her parents.  
 Mr. and Mrs. Pingrey went to Iowa Friday to visit for some time with their son.  
 Mr. and Mrs. C. A. Chace went to Stanton Friday to visit for a few days with relatives.  
 Mrs. and Mrs. Chas. Grunke of Beemer, spent Saturday and Sunday in Wayne with relatives.  
 Prof. U. S. Conn went to Central City the first of the week where he is engaged in institute work.  
 Miss Lola Shankleford who has been attending the Normal here, returned to Omaha Saturday morning.  
 Gus Boberg shipped three car loads of fine oats to Chicago on Saturday from the Wadsworth ranch.  
 Thos. Cook went to Wakefield Monday where he has accepted a position as clerk in the Occidental hotel.  
 Herman Mildner and Frank Kruger went to Sioux City Monday to attend the opening of the large new brewery.  
 Dr. Cadwell went to Canada Tuesday and will be away about thirty days. He will return home by way of Idaho.  
 Miss Clare Stringer who has been attending the State University, returned home Saturday for the summer vacation.  
 Miss Maude Bressler returned from Pennsylvania Saturday evening accompanied by her father who joined her at Chicago.  
 Many Wayne friends will deeply sympathize with Erik Johnson and wife of Omaha, who recently lost their little daughter, Elle Ida Johnson.  
 Hartington Herald: Mrs. Harrison and Miss Bertha Armstrong of Wayne, attended the dancing party last Friday night as guests of Rev. W. R. McKim.  
 Magnus Westlund went to Grand Island Friday where he has accepted a position on the P. P. If the position suits him he will move his family there in a short time.  
 Laurel Advocate: J. L. Kelly of Wayne shook hands with friends in Laurel Saturday. Mrs. M. P. Ahern and Jas. Ahern of Wayne, were at the Hotel Laurel Wednesday.  
 Wisnet Free Press: M. Norton, the carriage painter, came down from Wayne Sunday and returned with the notification of an stomach or liver troubles. L. P. Orth.  
 Norfolk News: Announcement of the marriage of Harry Woodward and Amelia Kahl at Omaha on Monday, June 5, has been received by friends in this city. Mr. Woodward is a travelling man who frequently comes here.  
 A cyclone near Salix, Iowa, on Sunday killed three members of the Malloy family, and seriously injured several others. It also destroyed all the buildings of the place, killed a lot of stock, and destroyed a number of other farm houses in the vicinity. The twister has become a terror.  
 The news of the Fitzsimmons-Jeffries prize fight was received here by rounds and judging from the crowds assembled to hear the news, a great many people were interested. In fact, we have heard a great many people hoot at such business but they seemed to be among the most interested spectators.  
 What is Kodol Dyppepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. L. P. Orth.  
 Neta Owen, aged sixteen years, was drowned in the north fork of the Elk-horn river near Norfolk Tuesday afternoon while making a heroic attempt to save his comrade, Harry Keeler, who had fallen off the dam into 35 feet of water, and who could not swim. He was successful in getting the child to the water, but lost his own in the attempt.  
 Laurel Advocate: The Advocate is in receipt of a letter from the Fourth of July committee of Wayne, in which an invitation is extended to the people of our city to celebrate at our sister town on the fourth. A sham battle, a grand fire parade of fraternal organizations, leap from a sixty-foot tower into the Logan creek, street carnival and cake walk, races, merry-go-round and bowery dances will be some of the attractions. Wayne sent a good delegation to help Laurel celebrate a year ago, and no doubt many of our people will feel like going there this year.  
 Pierce Call: The ball game Saturday between the Pierce High School nine and the Wayne college boys resulted in a victory to Pierce, the score standing 7 to 6. Hiron and Steinkraus for Pierce and Leatherby and Mulligan for Wayne constituted the batteries. Prof. Hiron pitched a strong game striking out 13 men and was well supported by Steinkraus, but the nine as a whole made coaching and earnest team work. Leatherby, the Wayne twirler, fanned 23 batsmen, but poor support behind the bat nullified all advantage gained. In fact outside of Pohlmann at first the Wayne pitcher had no support and it was owing to this fact that Pierce won the game.

### Miscellaneous.

The Paris mob is not what it used to be. Perhaps that is why Zola can never rise equal to Victor Hugo.  
 What you want is not temporary relief from piles, but a cure to stay cured. DeWitt's Witch Hazel Salve cures piles and they stay cured. L. P. Orth.  
 Most of the fellows who hang around and talk anti-trust are also on an anti-trust basis at the grocery store and butcher shop.  
 Hardly a day passes in families where there are children in which Ballard's Snow Liniment is not needed. It cures quickly cuts, bruises, wounds, burns and scalds. Price 25 and 50 cents. Wilkins & Co.  
 Heres hoping Germany will have better luck with her islands than we had with ours.  
 J. A. Sobear of Sedalia, Mo., saved his child from death by croup by using One Minute Cough Cure. It cures coughs, colds, pneumonia, la grippe, throat and lung troubles. Orth.  
 The Illinois democrats are getting so rattled that even John R. Tanner has quit being afraid of them.  
 If the predisposition to worms in children is not cured they may become emaciated, weakly and in danger of convulsions. White's Cream Vermifuge is the most successful and popular remedy. Price 25c. Wilkins & Co.  
 Let's have more battleships for our coaling stations and more coaling stations for our battleships.  
 Mr. P. Ketcham of Pike City, Ok. says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by L. P. Orth.  
 Mr. Hanna said he wanted to go to Europe with a clear conscience. Also with Mr. Foraker's political account closed.  
 A yellow, jaundiced skin is a symptom of disordered liver, as it springs from biliary poisons retained in the blood, which destroy energy, strength, cheerfulness, vigor, happiness and life. Herbine will restore the natural functions of the liver. Wilkins & Co.  
 Gen. Aguinaldo expects to be able to prosecute the war for six months longer, if his legs hold out.  
 DeWitt's Little Early Risers act as a faultless pill should, cleansing and reviving the system instead of weakening it. They are mild and sure, small and pleasant to take, and entirely free from objectionable drugs. They assist rather than compel. L. P. Orth.  
 The prospectus of the new J. Sterling Morton party does not state whether the bait is to be carried in a jug, or a tin can.  
 Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. Tabler's Buckeye Pile Ointment is an infallible remedy. Price 50 cents a bottle, tubes 75 cents. Wilkins & Co.  
 There is no special significance in the fact that the next speaker of the house and a late senator from New York have the same initials—D. B. H.  
 I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy by a friend, who, knowing me to be a poor widow, gave it to me, I tried it and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, Mrs. MARY A. BRAD, Claremore, Ark. Sold by L. P. Orth.

### Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs. She was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefitted from the first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at Drug Store. Only 50 cents and \$1.00, every bottle guaranteed. Wilkins & Co.

have the choice of various styles of stackers. The **Seburn Stacker** is the newest form of wind stacker, and has many features that will instantly commend it to thresher buyers.

Some of its advantages: The chute starts from the top of the separator; is higher from the ground; swings in a complete circle; it can be loaded or unloaded by one man.

### CARROLL

(Received too late for last week)

Cass Belford went to Wayne Tuesday on his wheel.

Henry Wolf shipped several cars of hogs Saturday.

The Francis boys shipped three cars of cattle to Chicago Saturday.

Mrs. Manning came up from Wayne Wednesday.

About 20 tickets were sold by Station Agent Aedin for Sioux City Sunday.

M. S. Merrill of Vermillion, is looking after the business of the bank during the absence of Geo.

The warm weather of the past week has enabled the farmers to catch up with their work and corn plowing has already commenced.

Geo. Merrill left Friday for Peru, Neb., to attend a reunion of his old class and to spend a few days with his wife who is there taking a course in music.

Among the passengers from here to Sioux City Sunday we noticed the following: Mrs. Berry, Mrs. Andrews, the Misses Williams, Gardner and Berry, Cass Belford and Jap Willis.

Little Ned Zielke had the terrible misfortune to have one of his eyes put out by a bow and arrow in the hands of a younger brother. Inflammation set in in the other one and his father took him to Omaha Friday for treatment.

A base ball meeting was held in the barber shop last Friday evening. A ball team was organized with Cass Belford as business manager and Ralph Taylor as captain. The boys say they are now ready to play any team in Northeast Nebraska. New uniforms will be purchased and Carroll will endeavor to hold her own on the diamond this season. The manager is trying to secure a game for the Fourth.

Saturday evening would have been a good time for our newly appointed marshal to have shown his colors. When a man comes to town, gets hit, serious on bug juice and proceeds to destroy personal property, etc. he should be taken care of by the proper officials and the amount in the city treasury swelled a little from the contents in the man's pocket book. A few snip doses administered once in a while, would in our opinion, effect a permanent cure.

**Buckley's Arnica Salve.**

The best ointment in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chilblains, chapped hands, tetter, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25c. per box. For sale by R. W. Wilkins & Co., druggists.

With a newspaper on his hands, Jerry Simpson should be able to maintain an octopus for exhibition purposes in his own back yard.

W. M. Gallagher of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles. L. P. Orth.

If the New York Sun wants to cool off after the hot spell and the Henderson wave it should go to Minnesota and talk through Medicine Hat.

Thomas Thurman, deputy sheriff of Troy, Mo., says if everyone in the United States should discover the virtue of DeWitt's Witch Hazel Salve for piles, rectal troubles and skin diseases, the demand could not be supplied. Orth.

The kidnaping industry is not so flourishing since the kidnapers were caught napping.

The American troops can never wind up the trouble in the Philippines until the Filipino leaders are run down.

For relief and comfort in asthma Ballard's Horsehound Syrup has no equal. Price 25 & 50c. Wilkins & Co.

Celebrate in Wayne this year it will be a stem winder—the celebration. All others will be simply side shows in comparison.

It will be very singular if Tom Platt does not come forward with the proofs that he was the man who engineered the Henderson deal.

### THE WAYNE HERALD.

Entered at the Post Office at Wayne, Neb. as second class mail matter.

W. H. McNEAL, Editor.

REPUBLICAN REGISTRATION

PUBLISHED EVERY THURSDAY.

If Aguinaldo expected to have a summer vacation he has been most gloriously fooled. Uncle Sam doesn't do business in that way.

Major E. H. Tracy of Norfolk, has been promoted to Lieutenant Colonel of the new Second Regiment of the Nebraska National Guards.

It seems to be developing that Dewey was sent for to travel with McKinley. —Colorado Blade.

In that event they will be sure to catch even the U. S. Filipinos.

Uncle Sam is not in the habit of taking any bluffs. He has always called them much to the discomfort of the nation indulging in such freaks. The Cuban soldiers have made such a discovery.

If the twisters will keep their vile clutches away from the soil of Nebraska this year, this grand old commonwealth will be able to produce enough to supply about half of the Universe.

The four greatest trusts in this country cannot be attributed to the tariff. The silver billion trust, the school book trust, the standard oil trust, and the beef packing house trust.—Burt County Herald.

The band wagon of Colonel Henderson of Iowa is filling up so rapidly that it is being sold in the market. It is a fine year, this grand old commonwealth will be able to produce enough to supply about half of the Universe.

The Fitzsimmons-Jeffries mill at Coney Island Friday night resulted in a victory for Jeffries in the eleventh round, and a new man steps into the arena, in the person of an American and wins the championship as a prize fighter.

Doesn't it seem a little bit strange that our democratic friends are not telling republicans who would make a better republican candidate than McKinley in 1907? But even they recognize the inevitable and have become resigned to reason.

The Ohio Republican State convention gave to Bryanocracy one of those chilling blasts that usually arrive from the north about the first of November. There was a spark in the proceedings of that convention with which to kindle the semblance of a flame against the McKinley administration.

The improved mail facilities just ordered by the department for Fremont is a reminder of the efficient service Senator Thurston is giving the state. Ever since President McKinley was inaugurated the senator has not only been one of the most influential men in Washington, but he has attended to the business needs of his state with the utmost promptness and efficiency. He has remained in Washington ever since the adjournment of congress, and every need of his constituents has been promptly looked after by him. No Nebraska member ever did so much for his state as Senator Thurston has done. The senator has not confined himself to his power and eloquence of speech, but he has demonstrated his ability for active and efficient service in departments where the real benefits are secured by a member of congress for his constituents.—Fremont Tribune.

Norfolk News, Friday: During the afternoon yesterday Judge Barnes drew an article of incorporation for Messrs. Graham and Meekling, the promoters of the Yankton railroad who arrived in the city in the morning. The name of the Yankton, Norfolk & Southern railroad was given to the projected line, and the articles of incorporation were made broad enough to allow the construction of a road from this Norfolk to Omaha and also to Kenney. place to Omaha and also to Kenney. Norfolk was made the principal place of business, and here the headquarters will be located when the road is completed. The capital stock was fixed at \$1,500,000. The incorporators are J. S. Meekling of Chicago, W. W. Graham of Norfolk, Ohio, two gentlemen of Cincinnati and three of Yankton. Messrs. Meekling and Graham will act as the business men, and all with whom they came in contact became impressed with the idea that they are sincere in their efforts to revive and complete the road.

# S. S. S. GOES TO THE BOTTOM.

Promptly Reaches the Seat of all Blood Diseases and Cures the Worst Cases.

In every test made S. S. S. easily demonstrates its superiority over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved. Everyone who has had experience with blood diseases knows that there are no ailments or troubles so obstinate and difficult to cure. Very few remedies claim to cure such real, deep-seated blood diseases as S. S. S. cures, and none can offer such incontrovertible evidence of merit. S. S. S. is not merely a tonic—it is a cure! It goes down to the very seat of all blood diseases, and gets at the foundation of the very worst cases, and routs the poison from the system. It does not, like other remedies, dry up the poison and hide it from view temporarily, only to break forth again more violently than ever; S. S. S. forces out every trace of taint, and bids the system of it forever.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. Improved from the start, as the medicine seemed to go direct to the cause of the trouble and force the poison out. Twenty bottles cured me completely." Swift's Specific.

### S. S. S. FOR THE BLOOD

—is the only remedy that is guaranteed purely vegetable, and contains no mercury, potash, arsenic, or any other mineral or chemical. It never fails to cure Cancer, Eczema, Scrofula, Rheumatism, Contagious Blood Poison, Tetter, Boils, Carbuncles, Sores, etc.

All day Delight was busy. Toward night there came a lull, and she sat beside her Cousin Kate and heard and told much that had been happening in both the houses since the late arrival of the troops of Lexington Green, they took their fatigue, and were bred in new soil in the cause of liberty."

"Yes, and," replied Delight, demurely. "The poor fellow has hurt his foot. I asked old Pierre to take him out to the barn and try to ease it. I'll go presently and carry him something to eat."

"I'll see that he gets off soon after," declared the farmer, with a decision. "More than likely, he's a vagabond. Why isn't he carrying a musket instead of a pack, if he's an honest man, these days? I like not the looks of it, but the change will do him good."

"I'm willing enough, he should have his dinner, whoever he is, but after that, I'll promise you that," he added, indeed.

DECORATED BY THE QUEEN: Unusual Honor Bestowed Upon Two Military Dogs.

Army pets whose sterling worth is appreciated by their masters and their country are crooked as numberless, but few are so honored as the position of "regimental pets," who become part and parcel of the regiment at home and in action, and who receive official recognition, are comparatively few.

"Bob" was the regimental pet of the Second Battalion, Royal Berkshire, and a soldier dog to the backbone. He accompanied his regiment to Afghanistan and went through at the battle of Malwaud one of the most heroic days of fighting that has been known during the past generation.

Man after man was cut down, but Bob would not be denied his share in the fray. He kept on running to the front, barking fiercely at the enemy, until at length a bullet laid him low. The wound was serious enough, as it tore nearly all the skin off his back, but he recovered and once again accompanied his old corps into action.

When the war was over, he returned to England and was the most honored of dogs, his honor at the hands of the Queen, her majesty not only decorating him with the medal for the campaign, but trying it round his neck with her own hands when the regiment paraded before her at Osborne House.

Like many another warrior, Bob did not live long to enjoy the blessings of peace. In a little more than a year he was run over and killed in the Isle of Wight.

"Regimental Jack," the Scots Guards' dog, took part in the hottest fighting in the Crimea. He became the pet of the guards in a curious fashion. One cold winter's night he was found by a sentry in St. James' Palace Gardens. Someone had been brutally ill-treating him and had ended by flinging him over the high wall.

In befriending the poor animal the sentry left his post, and this dereliction of duty being discovered, he was placed in the guard room under arrest. The dog followed his protector, and on hearing the story the officer was so touched by the dog's gratitude that the prisoner was released, with the proverbial caution.

Henceforth Jack's fortunes were to be bound up with those of the Scots Guards. When the regiment went to the Crimea he very soon showed the stuff of which he was made. At Alma he saved the life of his protector, and afterward carried a flask of brandy to the wounded.

At Inkerman he was wounded in the right foot, after literally performing prodigies of valor. With his two-legged comrades he charged, and with tooth and nail went for his country's enemies. When the regiment went to the Crimea he very soon showed the stuff of which he was made.

### Convalescing

is more or less a very slow process, according to the severity of the sickness. Vitality, when at a low ebb, works at a great disadvantage, and more time is required to regain the lost strength and power.

### CARROLL.

Geo. Merrill returned home Friday. Ben Wellbourn was in Carroll Friday. Postmaster Baker is having his house repaired. Grant Young is putting down a well for Lou Sture. John Morris was a Wayne passenger on Wednesday. M. S. Merrill left for his home at Vermillion, Monday. Guy Manning returned home from Omaha Wednesday. Rob Gardner came over from Laurel the first of the week. Services were held in the new Lutheran church Sunday. C. H. Wolf shipped out a number of cars of hogs this week. Mr. Manning shipped three car loads of cattle to Chicago Friday. The baseball boys have received their uniforms and look quite swell. F. A. Berry went to Iowa the latter part of last week, returning Sunday. Geo. Bailey has begun the erection of a house on his lots south of the M. E. church. Get your horns and shot guns ready, boys.

The past week has been very beneficial to growing crops and, judging from the present outlook, the harvest will be abundant. Durb: Sunday morning at his home in Carroll, Victor Starn, son of Mr. and Mrs. Carl Starn. Victor had been sick the past two weeks with congestion of the brain, but seemed to be recovering quite rapidly until Friday when he had a severe relapse from which he never recovered. Victor was about twelve years old. He was a favorite among his many playmates who will miss him very much. The family have the sympathy of the entire community in their sad bereavement.

### PLUM CREEK.

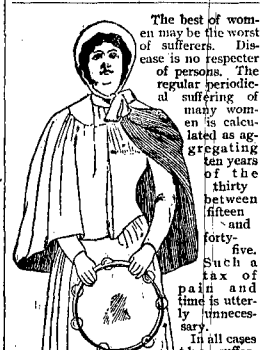

The farmers on the Creek are about over their corn the first time. C. Stinrod of Wayne, was a caller at the Breckenridge home last Sunday. C. P. Bostron of Carroll, is visiting at the home of J. Johnson this week. [There was a party at Fred Jensen's Saturday night and a good time is reported. Peter Merton's new house is nearing completion. Hurry up, Peter, the boys are waiting patiently. We understand that Smith McMenegal and Albert Roth have ordered a new threshing machine. Albert says they can thresh anything from beans to wild-cats. Try them. You may boast of your flowers, The pink, the violet and posy. Fred's Farming says he has quit weeding through the mud three or four miles to a party just to see the folks go to bed. Stay with it, Fred; spit on your hands and try it again. A faint heart never won a tall lady. John Johnson has gone into the chicken business. He already has twelve young chickens and two more hens setting. John says it beats raising corn and wheat all to h—l. Stay with it John, the hen market is rising.

### WINSIDE.

R. H. Gibson was on our streets Monday. Dr. O'herry went to Omaha Saturday. A. H. Carter visited the Co. Capitol Tuesday. George Ludwig went to Arlington, to visit relatives. Will Tolstobek is visiting his sisters here Mrs. J. E. Hayes and Mrs. J. L. Marvin. Mrs. M. Welch, who formerly resided here, visited her friends in Winside last week. A good deal of paint is being put on buildings in Winside. Just now the Methodist church, Mr. Glaser's saloon, Mr. Trenn's house and the office of Gus & Gus have each assumed a different external appearance the past week. While other towns in Iowa, Wisconsin, and even in our own state have been suffering from cyclonic conditions we have been having gentle rains that have done our crops lots of good. Of course our corn may come but so far we have been favored.

The Catcon Ball given on Friday night, under the auspices of a mysterious organization having the initials of W. W. W. was a success if the object of it was to make some money and give a prominent one to our town to spend a night. Many came from Wayne by team. Mr. and Mrs. Brown, Mr. and Mrs. Bleich, Mr. and Mrs. Statton, with Misses Erika Schultz and Maggie Reed, and Mr. Jesse Clayton made up a fishing party to the Elkhorn river, on Sunday; they caught a good many fish and the only accident to any of the party happened to Mr. Bleich who had his

fish line catch on a limb of a tree and the hook imbedded in one of his fingers. Others of the number cut out the hook and the wound is healing rapidly. A brother of August Walkenfort from Paxton Nebr. surprised him with a visit Saturday. The American Grain Elevator Co. opened their new elevator here Saturday with P. M. McElrath in charge. Messrs Brown, Benser, Tracy and Cavanaugh combined forces and made a cyclone cure, back of croquet ground, near the Post Office, Tuesday.

The best of women may be the worst of sufferers. Disease is no respecter of persons. The regular periodic suffering of many women is calculated between fifteen and forty-five. Such a tax of pain and time is utterly unnecessary. In all cases the sufferings of women due to irregularity and weakness may be alleviated, and in most cases they may be completely cured by the use of Dr. Pierce's Favorite Prescription. This wonderful medicine is not a cure-all, but a specific remedy for diseases affecting the delicate womanly organs. It cures, completely, irregularity, ulceration, inflammation and female weakness and gives the enfeebled organs health and vigor. Mrs. W. J. Kidder, of Hill Dale Farm, (Knobburg Center), Escobedo, Mo., writes: "I cheerfully send you the following testimonial of the great relief your kindly advice and medicines brought me. During the past year I found I was with child and in rapidly falling health. I suffered dreadfully from bloating and urinary troubles, and each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. I followed your directions and took twelve boxes of Dr. Pierce's Favorite Prescription, and also followed your instructions. I began to improve immediately, my health became excellent, and I could do all my own work (we live on a good sized farm). I liked the taste all the way and enjoyed it. I had a short, easy confinement and have a healthy baby boy."

Story of a Slave. To be bound and sold for years by the chains of disease is the worst form of slavery. Geo. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Balm, she is wonderfully improved and able to do her own work (we live on a good sized farm). I liked the taste all the way and enjoyed it. I had a short, easy confinement and have a healthy baby boy."
