Story of a Slave. To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work. This supreme remedy for female diseases quickly cures nervousness, sleeplessness, headache, melancholy, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, run down, sickly people. Every bottle guaranteed. Only 50 cents. Sold by Wilkins & Co., druggists.

### Local and Personal.

W. A. Ivory, Dentist, over Nat'l Bank. New assortment of Baby Boots. The Rackety. The Best Hog Fence on earth at E. M. Smith's. Miss Laura Lundburg visited Wakefield friends Monday. See our bargain counter for summer footwear. The Rackety. The demand for harvest hands is much larger than the supply. E. E. Girton, D. A. Jones, and Wm. Vincent were in Omaha Monday. Mrs. R. H. Johansen went to Omaha yesterday to visit with relatives. You can't afford to miss our closing prices on low shoes. The Rackety. Horace Gregory is enjoying a visit from his mother and sister of Madison. Perry & Porterfield shipped in from Omaha Tuesday over 300 head of feeders. Arthur Lundburg is assisting his brother George, in his store at Bloomfield. Everything in reasonable summer goods at greatly reduced prices. The Rackety. Fay Britton who has been visiting with Alice Wright at Omaha, returned home Tuesday. Miss Dullaghan who has been the guest of Miss Grace Ludcke, returned to her home at Ponca yesterday. S. E. Scace went to Omaha Monday to purchase cattle. He expected to go out to the Black Hills before returning. We have heard it remarked that H. E. Miller is a candidate for the popular nomination for treasurer. The more the merrier. Jake Gasper of Plum Creek, is building a residence on his farm in Plum Creek. The building is under the supervision of Ernest Piepenstock and Alex Holtz. Pearl Skeen, Perry and Jesse Theobald and Mrs. Bowser, mother of A. L. Bowser, went to Toomuch yesterday to visit for several days with relatives. Conrad Everett on Monday received a check for \$150 from the German Insurance Company of Freeport, in full payment for loss of two oxen, two yearlings and two 2-year old steers that were killed by lightning July 5th. The claim was adjusted by E. E. Reed, the company's agent here. The city of O'Neill was visited by a destructive fire on Tuesday. Two lively stables, a blacksmith shop and 100 head of horses, mostly farmer's teams put up at one of the stables, were burned. Fire started in three or four places in the city about the same time and it is thought to have been the work of an incendiary.

F. Schlan was in Bloomfield on Friday. Thos. Farand is laying the foundation for his new residence. 10 Pieces of fine Scotch Lincn, 4cts, just half price. Ahern's. Atty. H. C. Simans and Judge Peterson of Winside are in the city on legal business today. Fred French is up near Gordon, Neb. spending the summer months on a large ranch. The machine men have all been rushed with work this week, setting up and starting new binders in the fields. Henry Hodson expects to go to Iowa soon. He won't say just why he is going but there is some rumor of a wed ding. Mayor Quirk of Sioux City is in Wayne on business today in connection with a bankruptcy case before Referee Britton. The state G. A. R. reunion will be held at Lincoln September 11 to 16. The Lincolnites promise to show the old veterans a good time. Geo. Dewitt of Pottawatomie county Iowa, a brother-in-law of C. S. Welch, has been here the past week with a view of purchasing a Wayne county farm. Miss Lillian Cole who has been visiting the past two week with Mrs. A. A. Chance returned to Hartington Saturday accompanied by Miss Blanche Chance. Rev. E. B. Young was in Cuming and Stanton counties last week where he organized a Sunday school in one of the country districts. He was also a passenger for Sioux City this morning. The Wayne Herald to Jan. 1, 1900, and the semi-weekly State Journal from now until after election—both papers for only 60 cents. The sooner you subscribe the more papers you will get. While filling the street sprinkler with water at the engine house Tuesday afternoon, Henry Claybaugh fell to the walk afflicted with sunstroke. He was taken to the Perrin Hotel and Dr. Williams summoned. Wayne informed that he is much improved this morning. A prominent populist or free silver republican asked another citizen this morning why it was that the Bloomfield train had so much work to do that it never got in on time. The reply was "prosperity," and the said citizen looked back at the engine and smiled a sickly smile. The Masonic Lodge will have charge of the laying of the cornerstone of the new court house and the stone will be put in place on next Thursday Aug. 3, at 12 o'clock. The grand lodge officers will be present to assist in the ceremonies. Kodol Dyspepsia Cure completely digests food within the stomach and intestines and renders all classes of food capable of being assimilated and converted into strength giving and tissue building substances. D. P. Orth. John T. Bressler and Dr. Wightman are putting in a fine cement walk in front of the Rackety, and the former is also having the same kind of a walk constructed in front of the stores of D. H. Sullivan and F. H. Jones. Such substantial improvements are a mark of enterprise. James Ritchey filed a complaint against Judge Hunter on Monday before one J. V. Barker, charging him with obtaining money under false pretenses. During the month of June Barker called at the home of Ritchey representing himself to be an insurance agent located at Belden, and that he was agent for a company by the name of the New York Fire, Lightning and Tornado Insurance Co., and after considerable inducement secured an application from Ritchey, also a note for \$22.25, payable in a short time. The note Barker traded to Byron Mossman, a neighbor of Ritchey's for a horse, paying a difference of \$2.75 in cash, but the policy never showed up. Upon inquiry it appears that no such person as Barker lived in Belden and never had. The matter is now in the hands of Sheriff Cherry, who will make an effort to locate the man. The little seven year old son and five year old daughter of H. C. Bartels, who resides thirteen miles northwest of Wayne, met with a serious accident Saturday while playing near the barn where their father was unloading hay with a horse fork. The children's mother was driving the team to hoist the hay into the barn while father was stowing it away, when the little boy caught the rope near the ground pulley and instantly his left hand was jerked into the wheel and badly smashed. His little sister attempted to pull his hand out of the wheel and unfortunately had her left hand caught getting the ends of two fingers mashed and one broken. The children were brought to the city at once and taken to the office of Dr. Leisinger. It was necessary to amputate three of the boys fingers as they were badly lacerated and further amputation of one of the fingers may be necessary, though the Doctor trusts that such will not be the case. The little girl was more fortunate and while she will have a very sore hand for some time amputation was not necessary.

Thos. Hennessy, a Well-Known Citizen of Wayne, Testifies. For some time back I have been crippled and stiffened with rheumatism, giving me great pain and unfitted me for work. I was advised by a prominent man here in Wayne to try Craig's Indian Remedy. I bought a treatment of the manager and followed his careful instructions and I will now say to the public that my bones and joints are supel, pain is gone, and I feel a better man than I have felt for years. I heartily recommend Craig's Indian Medicine to any one suffering from rheumatism or kidney disease. I am, yours respectfully, Thos. Hennessy. John Britton of Sheldon, Iowa is visiting with relatives here this week. A jolly crowd of young ladies enjoyed a picnic party in the vicinity of La Porte last Monday. Lybns Mirror: Mr. and Mrs. Ira Richards of Wayne visited the family of Geo. Shutes the past week. The eighteenth annual picnic of the Dakota county old settlers will be held at Dakota City August 28th. Misses Jennie Stinger and Nettie Moir visited on Sunday with their friend Miss Etta Beckenhauer. The worst thing with which this prosperous country is now infested is the copperhead and the kissing bug. Geo. L. Devine went to Chicago Monday afternoon and will visit with relatives in Illinois before returning. WANTED—Competent girl to do general house work. Good wages. Enquire of Mrs. E. E. Reed Wayne Nebr. Geo. Mellor and wife of Malvern who have been visiting at the home of his brother Robt. Mellor of this city, returned to Malvern Iowa Monday. By calling at the post office you can subscribe for that great western weekly, the Omaha Bee, for three months for 10 cents. Take advantage of this offer. The number of good sensible citizens who will renounce allegiance to populism this fall, will amaze the stoutest heart among the class of statesmen. Eleven cars of stock were shipped to Omaha Monday. D. A. Jones 6 cars of cattle, Wm. Vincent 2 cars, E. B. Girton one of hogs, Lund & Gildersleeve one and Strain & Frazier one. One of the most bountiful small grain crops ever raised in this country is being harvested this week and never was the hum of the self binder sweeter music to the ear of the industrious farmers than this year of prosperity and plenty. It ought to take many reefs out of the sails of the windy populists. George, the son of J. H. Porter, who resides west of Carroll, cut a gash from his hand almost to his elbow while cutting a plug Monday with a pocket knife which slipped. He was taken to Dr. Lore at Carroll who pronounced the wound a dangerous one and upon his advice Mr. Porter took his son to Randolph. Stanton Register—From all reports and from personal observation the crop prospects are such that they exceed the most sanguine expectation. Wheat and oats are now ready to harvest and hearing a few isolation complaints of rust and two rank straw, the yield will be about 20 bushels per acre for wheat and nearly 60 for oats. The corn is as rank a growth as ever has been seen. The continual rains have kept it growing rapidly and at the present time it is as forward as other years when it had early springs. Yes, Stanton county will have splendid crops this year, the fourth big crop in succession. Republican: Wayne county cattle feeders have made a record during the past month that ought to make every resident of the county hold their heads just a little higher. During the early part of the month E. E. Driskill, living in the extreme eastern part topped the Chicago market with several cars of his feeding, then a couple of weeks later comes John Shannon from the west end and not only "tops" the Sioux City market but sets a figure that breaks all previous records of high prices in that market since the establishment of the stock yards in the city. Wayne county can go up against the best anywhere and is pretty certain to make a showing at all times that is creditable to her resources. Columbus Journal—Cities can learn of other cities how to manage, and the following from the Omaha Bee contains a suggestion valuable to every city that may adopt and enforce such an ordinance: "Mayor Moores has signed the ordinance authorizing the location of iron waste paper boxes on the street corners and governing their use, and as the council has already awarded a contract for the placing and maintenance of the same, they are expected to appear soon. The ordinance declares it unlawful to scatter on the streets any waste paper or fruit peelings and compels pedestrians to deposit such matter in the receptacles provided for the purpose. It is unlawful to put in the boxes any sweepings, ashes, garbage or other like heavy or bulky matter. Under the contract, the city will not be at any expense to put in or maintain the boxes but on the contrary will derive a revenue from them, the contractors paying 10 per cent of the gross receipts from the advertising on the boxes to the city."

Opera House July 28. "The Noble Outcast," a strong dramatic play in four acts, in which every day life is depicted, will be presented at the opera house tomorrow evening, July 28, by members of the Elocution Department of the College. CAST OF CHARACTERS: Jerry, the Outcast, J. J. Byrne. Col. Lee, M. C. Welch. Jack Worthington, Albert Pochman. James Blackburn, E. C. Armacost. Mrs. Lee, Emma Schrewin. Sadie, Clara Thompson. Franco, Lonie Sullivan. SYNOPSIS: ACT I—The betrothal—She's just my notion of an angel—Work? Ain't in my line—No honest dog would bite the hand that fed it. ACT II—The lost child—He's just the nicest, dearest fellow—The law alone shall take her from me. ACT III—The coavict's daughter. ACT IV—Silver Bar mine—All is asked and—. All invited. Admission 25 cents. Reserved seats 35 cents. COLLEGE NOTES. Mr. Munson was at Belden Saturday. Prof. Bright was in Winside the past week. Mr. Otto Bailey visited at the College Friday. Mrs. Johnson of Eureka Springs, Ark., is the guest of her daughter Maud, this week. The members of the graduating classes have sent out their programs for Commencement week. Miss May Cruse returned to her home in Omond after a pleasant visit with her aunt, Mrs. Wallis. The baccalaureate sermon will be preached at the opera house by Rev. Mary A. Safford of Sioux City. Miss O'Brien secured a school in Stanton county last week. Nearly all members of the graduating classes have secured good positions for next year. Prof. Pile will spend the first week of vacation instructing in the Burt County Institute, and during the second he will make a tour of the counties of South Dakota visiting institutes. Mr. Northrop lectured to the students one evening last week on the "U. S. Courts." This is the second lecture this term, both of which have been very interesting and instructive. The Crescent program was well attended and well rendered Friday night. There will be no exercises at the chapel Friday night on account of the play to be given by the Elocution class at the opera house. Miss Marie Marley, a former student enrolled Monday for the remainder of the term. She has taught for the past year in the primary department of the Harrison school where she is employed for the coming year.

OBITUARY. McINTOSH—At his home near Park Hill, Ontario, July 8, 1899, A. R. McIntosh, age 72 years. Deceased was born in Iverness, Scotland, June 24, 1827, came to Canada with his parents where he was married and has since made his home. His wife and several children survive him, two of his sons, James and Archie, and a daughter, Mrs. Alex Laurie, are residents of this county. Mr. McIntosh had been a consistent member of the Presbyterian church for many years; the funeral services were conducted by his pastor, Rev. Ailward, and his remains laid to rest in the Park Hill cemetery. FILIPINOS HERE AUGUST 1st. The Filipino Village will arrive at Omaha the last week in July in twelve elegantly decked passenger coaches from San Francisco. They are the "great things." No person can afford to miss seeing them. The Hawaiians are on the grounds as well as the interesting Cuban and Porto Rican Villages. The Greater America has redeemed its pledge to have a Colonial Exhibit worth seeing. Everything is complete. Good Music! Splendid Art Exhibit. Paine's Fireworks. The great Mormon chorus is coming soon, and scores of interesting special features.

25c. for the Campaign. The Twice-a-Week State Journal, printed every Tuesday and Friday, will be sent post-paid with all of the news of the world from now until after election, for only 25 cents. It is worth that much to read about the Fighting First regiment's return. The Journal, printed at the state capitol, is the leading Nebraska paper, and it's mighty cheap at a quarter.

**Miscellaneous.**

The country is experiencing quite an epidemic of lockjaw, but it has not yet reached Nebraska.  
What you want is not temporary relief from piles, but cure to stay cured. DeWitt's Witch Hazel Salve cures piles and they stay cured. L. P. Orth.

Why doesn't Chicago allow the claim of the Simon Pokagon heirs to the principal part of Chicago and begin negotiation with them? It would probably be cheaper than dealing with the aldermen.  
To eradicate worms from the system give the child plain, and nourishing food and White's Cream Vermifuge. The result will be, the worms will disappear and the child will become healthy and cheerful. Price 25cts Wilkins & Co.

The entire country will breathe a long sigh of relief, inflate its lungs and gleefully exclaim, "At last!"  
J. A. Sober of Sedalia, Mo., saved his child from death by croup by using One Minute Cough Cure. It cures coughs, colds, pneumonia, influenza, throat and lung troubles. Orth.

Gen. Pope may not be a very hospitable person, but he is entertaining a lot of very unpoplar views.  
Those who live on farms are liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is promptly applied. Price 25 and 50 cts. Wilkins & Co.

It all depends on the state of Mr. Bryan's digestive organs whether these banquets will drive him to dyspepsia or the goat.  
Thomas Thurman, deputy sheriff of Troy, Mo., says if everyone in the United States should discover the virtue of DeWitt's Witch Hazel Salve for piles, the demand could not be supplied. Orth.

Massachusetts republicans are preparing to defeat Senator Hoar in his contest for re-election. Vandale! Would you strike an old woman?

All the "Jersey lightning" doesn't come from Jersey, and all the hoboes don't come from Hoboken. Kentucky is still on the map, and Chicago is busy.

Imperfect digestion and assimilation produce disordered conditions of the system, which grow and are confirmed by neglect. Herbine gives tone to the stomach, and causes good digestion. Price 50 cts. Wilkins & Co.

The democrats of Ohio are carefully inspecting the output of gold bricks for the personal identify marks of John R. McLean.  
"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by L. P. Orth, druggist.

The longer the country has to wait for the democratic national convention the longer it will feel perfectly safe.  
If Dewey is wrong on the expansion question and the demagogue right, why were they so anxious to put him up as a candidate for president?

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer of diarrhoea, the frequent attacks completely prostrating me, and rendering me unfit for my duties at the hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by L. P. Orth, druggist.

Wakefield Journal: Miss Rayburn of Wayne, visited with Mrs. Neff Saturday night. Henry Beckenhauer of Wayne, was the guest of J. G. Moir and family Sunday.  
Wausa Gazette: S. A. Dwyer was up from Wayne Sunday visiting with relatives and friends. Blanch Gaertner of Wayne, was visiting at the home of F. H. Orphan the first of the week.  
A special train of thirteen car loads of cattle went to Omaha Sunday afternoon from here. Perry & Porterfield had five cars, Brown Palmer 2, F. B. Adams 4, Ran Frazier 1, and Henry Evans 1.  
Laurel Advocate: Mrs. J. W. Turner and daughter, Edith and a sister of Mr. Turner came up from Wayne Monday and remained until Tuesday afternoon. They were the guests of J. W. McDevitt.  
Malvern Iowan: Numerous traveling men tell us that Nebraska and Kansas have the finest corn prospects they ever saw. The copious rains are just what the soil there needed and was able to absorb without the damage that was done the crops by too much water in many parts of the state.  
Pierce Leader: Miss Mamie E. Wallace of Wayne, was in town Tuesday interviewing our school board and visiting Mrs. C. D. Gearhart. Miss Wallace created a favorable impression and will probably be employed to teach in Miss Kraus's room, the latter lady having resigned in order to be able to give her whole time and attention to her musical education.  
Apparently harmony will be floating around in large-sized chunks this fall, although one would-be republican who asserts that he hopes "every darn republican will be defeated" has a political knife which he proposes to use. However, he may be an attendant at his own funeral. There is no such a fool as the man who is soured after having been repeatedly honored at the hands of his party.  
Madison Chronicle: F. O. Largent of Wayne, was in the city again Monday and presented his plans for an electric light plant to the members of the city council, who were well pleased and instructed Mr. Largent to make the blue prints.  
Norfolk Times-Tribune: Rev. D. C. Montgomery of Wayne, passed through the city last night on his way to the south part of the state. Mrs. E. M. Smith of Wayne, is in the city visiting her friend, Mrs. Robt. Utter. Her husband will come up tonight from Omaha and they will spend Sunday with the Utters.  
The Herald is under no obligations to any of the county officials. Neither are they under any obligations to the Herald. Furthermore, we are not caring anything about whether they are persecuted or not, and we are not worrying about being persecuted ourselves, for if we are obliged to we are pretty well "hooked up" to engage in that business ourselves. Neither are we carrying favors, but we would like to see the republican party win in the county, and it can if the work of county officials is dropped. If that is carrying favors, all well and good; we are certainly in favor of the party's interest. However, for the sake of party success and in the interest of harmony, we are willing to be charged with most any old thing from some source.

**HORSEMAN MAY DIE.**  
Mel Sallings Had Serious Fall in Homer, Neb., Races.  
Mel Sallings, an owner of race horses from Wayne, Neb., was brought to this city from Homer, suffering from a fractured skull and a badly injured collar bone; sustained by a fall from a running horse in a race at Homer last Thursday and he now lies at St. Joseph's hospital in a critical condition. Sallings had about on Bob Conley in a half mile and repeat event. He was third in the first heat at the quarter pole when his horse stumbled and fell to the ground. Sallings was knocked senseless and the horse rolled over him. He was plucked up unconscious and Dr. Daniel Sidworthy brought him to Sioux City.  
Yesterday an operation was performed to lift his skull. The collar bone was not broken, but torn from its fastenings. The doctors have hopes that Sallings will recover, although his condition is very precarious.—Sioux City Journal.

**Remarkable Rescue.**  
Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she ought gold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking six bottles found herself sound and well, now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at Wilkins & Co's. drug store. Only 50c. and \$1.00 Every bottle guaranteed.

# RUNNING SORE ON HIS ANKLE.

**After Six Years of Intense Suffering, Promptly Cured By S. S. S.**

Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a sure sign that the entire circulation is in a depraved condition. They are a severe drain upon the system, and constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect.

There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark, of Orange Courthouse, Va., writes: "For six years I had an obstinate running ulcer on my ankle, which at times caused me intense suffering. I was so disabled for a long while that I was wholly unfit for business. One of the best doctors treated me constantly, but did me no good. I then tried various blood remedies, without the least benefit. S. S. S. was so highly recommended that I concluded to try it, and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured." Swift's Specific—

**S. S. S. FOR THE BLOOD**  
—drives out every trace of impurity in the blood, and in this way cures permanently the most obstinate, deep-seated sore or ulcer. It is the only blood remedy guaranteed purely vegetable, and contains not a particle of potash-mercury, or other mineral. S. S. S. cures Contagious Blood Poison, Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Sores, Ulcers, Boils, or any other blood trouble. Insist upon S. S. S.; nothing can take its place.

THE WAYNE HERALD.

Published at the Post Office at Wayne, Neb., as second class mail matter.

W. H. MCNEAL, Editor.

Published every Thursday.

If the republican party would nominate Judge Reese for Supreme Judge this fall, what a blow fusionism would receive.

Even the pop idol—Holcomb, has failed. The state house ideas of honor have no terrors for popocratic officials.

The Nebraska Editor, as well as other periodicals, makes errors in crediting articles from other papers. Nothing serious, however.

It might be well for Aguinaldo and his confederates in this country to try government by round robin. It seems to be the latest idea.

Bixby says that Governor Poynter had better wait till the boys get here and then square himself with them if he can. He does wrong to go and meet them without an invitation.

The great democratic powwow was held in the Chicago "wigwam" last Thursday and while there was "weeping, wailing and gnashing of teeth," no blood was shed, yet there was a whole lot of sour-milk fermented.

The republican papers of Wayne county do not need to berate or decry the present county officials. Might just as well have everything pleasant and good-natured. The voters propose to elect the entire republican ticket this fall. Cut this out and keep it for future reference.

Bank clearances in the United States last week showed a gain of 61 per cent over the same week a year ago, of 102 per cent over the corresponding week in 1910, of 93 per cent over 1904 and of 70 per cent over 1903. The prosperity of 1910 stands any test that can be applied. —Globe Democrat.

Senator Allen has gone into the denying business, as well as letter writing. He declares that it is a lie, the assertion that he has gobbled up a hundred thousand acres of land under the "reserve act." He ought to be charged with entering such a job lot out in that god-forsaken pop country.

It may be that Judge M. B. Reese has concluded not to be a candidate for the republican nomination for supreme judge. Nevertheless the party should tender him the unanimous nomination and in such a manner that even he could not refuse it. To do so means the absolute overthrow of populism in Nebraska.

The populist state officers now know what it is to be in the sweat box, and they positively refused to appear before the investigating committee in accordance with the summons. They are perfectly willing to permit the charge of the attempted ballot-stuffing steal of two supreme judges to go uncontradicted, but they are not anxious to have any other "misdemeanors" about the state house revealed. Sweet reform!

Oh, no! we do not hate populists, says the York Times. It is populism that we hate. Individually populists are humane and suffer with heart and hand, hunger and thirst, and have the same kind impulses of the heart that others have. But populism is in this state the successor of democracy as the catch basin of all the disappointed, the discontented and sore, and it is worse than the democracy ever was in that it professes principles that would indiscreetly lay foundations of government. It has all the errors of democracy and a lot of dangerous foolishness that the democrats never did advocate.

THE PHILIPPINE MARPLOTS.

No war has ever yet been waged since the days when newspapers were first represented in any of them in which some of the correspondents did not make the mistakes very much made by the correspondents. Sherman was accused of many blunders in his campaigns. Grant was vilified by some of the correspondents in the field with him. Even Sheridan, the most picturesque and dashing soldier since Ney, was attacked by writers in his army and at the general headquarters. If there had been half a dozen newspaper correspondents with Caesar, some one or other of them would have pointed out many blunders in the campaign to Gaul or the battle of Dyrrachium, in which he was emphatically beaten by Pompey. Napoleon's refusal to attack R. m. when he had arrived in front of the city, after the battle of Cannae, would have been held up as a mark of cowardice or incompetence by the military critics of his day, if there had been any, and positions would have been sent to Carthage demanding his immediate removal from the command. At the time that Alexander was said to be mourning because there were no more worlds to conquer, the yellow papers, if there had been any at that time, would have shown him that there were several spots not yet conquered in the world he had.

It is well to bear in mind that there are many things connected with a campaign which military exigencies compel the commander to withhold from the knowledge of even his own military family. There are secrets connected with his plans and the movement and strength of his antagonist which he does not feel free to proclaim from the housetops. He is necessarily in possession of facts which are denied to the correspondents, but which at a different time are presented to them. In general, the newspaper men with the armies print things as they see them. There are many things, however, which they cannot see, and which the military commander does not feel at liberty to communicate to them. This is the case in all wars. Something in the situation has always to be concealed temporarily for the very best of reasons. Not knowing these things, the critics point out alleged blunders which have not been made, and make charges which they would refrain from making if the whole situation were revealed to them.

There is one fact which the country ought to keep constantly in view in weighing these criticisms of Gen. Otis and the general management of the campaign in the Philippines. The inciting cause of many of these attacks is partisan. They were started by Democratic papers or by Democratic politicians for effect in the canvass this year and in 1900. Not all the newspapers and the correspondents that are criticizing the conduct of the affairs in the islands are influenced by partisan reasons. Some of the critics are Republicans, who are just as anxious as the administration is to end the war, with the least possible delay and sacrifice. The greater part of the accusations, however, have been made by Democratic papers, led off by the yellow press, and are intended for political purposes. Many of the fault-finders care nothing for the conditions in the islands except as these furnish them with an opportunity to assail the American government. But the situation promises to soon improve. The new army is being raised quicker than any one expected. The military commander in the Philippines will have about 40,000 and 50,000 well-trained men under his direction at the time for the reopening of operations in the fall, and if Aguinaldo has not surrendered in the meantime a campaign will begin which will speedily stamp out the last vestige of resistance to the American authority. —Globe Democrat.

FATHER DE COIN, MISSIONARY.

Father De Smet was the first and the most zealous of the efficient missionaries among the Indians of the upper Missouri river. Father De Smet was sent into Nebraska because no white men lived there and all its inhabitants were idolaters, barbarians. Missionaries are sent and proselytes are employed under a new faith desires to take hold by the uprooting of an existing one. Had Nebraska been then, as now, covered with churches and school houses, no missionary would have been employed within its domain. The present tedious and detailed itinerancy of Coin Harvey in Nebraska, who is preaching in hamlets, villages, and cities every night, of the efficacy of the free coinage of silver, at the rate of sixteen to one, as a means of redemption from poverty, and salvation from all future ills, indicates that Bryanarists generally regard this as a badge of the savage and relentless tribes of the gold standard. The presence and efforts of Mr. Coin Harvey in Nebraska are a confession that the state is regarded by them as almost a part of the enemy's country! In none of his speeches does Mr. Harvey point with pride to banks, railroads and factories which have been established in Nebraska by virtue of Bryanarists. —The Conservative.

Coolest Down South.

A thoughtful Virginian of mature years undertook yesterday to explain to me why southern people living in the north revert to often to the old-fashioned cooking. "The beauty of the southern family dinner lay in the seasoning of the food to suit the taste of all the members of the household, individually and collectively. Old Aunt Dinah, or Aunt Sarah, or Aunt Chloe, the cook, knew exactly from years of practice what each of the children liked, what the father submitted to and what the mistress demanded, and she could please all.

"Take, for example, a rice pudding, one of the familiar stand-bys. In the mixing of the ingredients Aunt Chloe would muller to herself: 'Mars Willie 'e like plenty o' cinnamon. 'I'll jes put in 'bother little piece o' cinnamon for Mars Willie. Miss Tavy she like all-spice. I'll jes put in a little mo' all-spice for Miss Tavy. Mars Habereham 'e like plenty o' cloves. I must please Mars Habby wid a little mo' cloves. Miss Julia she fond o' nutmeg. Dar's a little mo' nutmeg for Miss Julia. Marster 'e all right if dey a plenty o' rice, an on 'em any an' do egg an' milk. Dey all fond o' raisins, an' dar all likes sugar plenty; so dar dey goes an' de puddin' ready for de oven."

The Woman of It.

The Philadelphia Record says: "Almost the first thing a visitor does upon entering the room in which the Declaration of Independence was signed is to add his autograph to the vast collection of more than 30 years. The custodian of the book a few days ago, in speaking of his experience, said: 'You wouldn't believe it, but we have had only two attempts to mutilate the register or to write anything in it except names and addresses, and on both of those occasions the culprits were women.'

"There's another strange thing about the visitors," he continues. "Of the thousands who come there the only ones who have any trouble with the women. We have a tape-stretcher across all those chairs," he said, as he pointed to a long line of 'seats of the mighty,' as it were—chairs of the signers—to prevent people from sitting in them. Well, one woman only yesterday wanted us to cut the tape for her, because she claimed she was a descendant of one of the signers and thought she had a right to sit there, and she went away mad when we wouldn't make an exception in her case."

Old and New.

An English newspaper contains an interesting parallel, discovered by a classical scholar. First comes a translation from the original Greek of Antipater of Thespis.

Once upon a time when a ship was shattered at sea, two men fell at strife, fighting for one plank. Antagonists struck away Pisistratus. One could not blame him; it was for his life. But justice took cognizance. The other swam ashore; but him (Antagoras) a dogfish seized. Surely, the avenger of the fates rests not, even in the watery deep.

The incident recorded in the London Chronicle seems to translate the story into a modern event and to show how life repeats itself.

Two blue-jackets, named Friday and Painter, were captured from a boat at Weymouth. After a struggle to get into the waterlogged boat Friday beat his comrade off, and Painter swam ashore. Friday got into the boat and was drowned.

Black Pooled Them.

Sir Wemyss Reid, in a personal sketch of his friend the late Mr. Black in The Spenser, tells how the novelist out-pooled the Saturday Review. When "A Daughter of Heth" appeared, it took the town by storm, and as it appeared anonymously Sir Wemyss heard for the first time from an acquaintance who the author was.

It was with a certain sense of injury that he asked, "Why, if Black wrote the book, did he not put his name to it?" "Oh, don't you know?" was the instant response. "That is the best part of the joke. The Saturday Review has been 'down' upon everything he has written, so he purposely published this book anonymously in order to take in The Saturday Reviewers, and they were the first people to sound the praises of 'A Daughter of Heth.' If his name had been on the title page, they would have damned it."

Unlike many bits of gossip about successful authors, this—as Sir Wemyss learned later from Mr. Black's own lips—was strictly true.

A WORD OF CAUTION.

The old saying that "a man, who is naked can't give away his shirt," is only another way of saying that you can't give what you haven't got. The man can't refuse to accept advice, or any other kind of medical advice which he has got a medical education and a certificate to the fact, in the form of a diploma. And in this particular a woman has no more privilege than a man. She can't give medical advice without medical education and medical knowledge.

The offer of free medical advice made by Dr. Pierce, chief consulting physician to the United States Surgical Institute, Buffalo, N. Y., has been limited by so many, who without any medical qualifications claim to give "medical advice" that a word of caution is necessary.

Don't write for medical advice to any one, man or woman, who is not a physician. If they are physicians they will take the title of physicians or doctors so that you may recognize them. If they don't claim that title it is because they dare not, for fear of the law.

Do not forget that there is just as much difference in a doctor as in an artist. Every little town has its artist who draws and paints. But these "artists" generally paint copies of the works of great artists like Millet. There was only one Millet.

There is only one Invalids' Hotel and Surgical Institute, such as Dr. Pierce presides over. Thousands of women or write to Dr. Pierce, who have found no help at the hands of doctors of lesser skill and narrower experience.

Any sick or ailing woman, suffering from the distressing forms of disease usually known as "white" or "blue" discharges, consult Dr. Pierce, by letter, free. Such consultations are absolutely private. Each letter is treated as a sacred confidence, and each answer is sent in a plain envelope, bearing no printing upon it.

In this way offensive questions and repulsive examinations may be avoided. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Kay's Lung Balm
Rev. F. M. Esterbrook, Treasurer of the Nebraska Wesleyan University at University Place, Nebr., writes on April 26, 1898: "I have been troubled for some time with tickling in the throat which often greatly annoyed me. After taking Dr. Kay's Lung Balm I found relief. I found your Dr. Kay's Kidney Cure helped my kidney trouble which has been troubling me for a number of years. Mrs. Esterbrook had been subject to a cough for most of the winter, and also insomnia. After taking only one box of your Dr. Kay's Lung Balm she was almost entirely relieved of her cough and she also found it made her sleep better. We find your remedies work like a charm. If druggists do not have these do not take any substitute for they have no equals. You can get them by return mail from its postage prepaid. Write for free advice and Dr. Kay's Home Treatment, a 100 page illustrated book of receipts etc. Dr. Kay's Lung Balm 10c per bottle. Dr. Kay's Kidney Cure 50c and 100c bottles. Address Dr. B. J. Kay Medical Co., Salsburg Springs, N. Y."

Did you ever see a snow storm in summer?

We never did; but we have seen the clothing at this time of the year so covered with dandruff that it looked as if it had been out in a regular snow storm.

No need of this snow storm. As the summer sun would melt the falling snow so will Ayer's Hair Vigor.

It gets rid of the dandruff in the scalp. It goes further than that, and restores the color to gray hair. It restores color to gray hair. It restores color to gray hair.

A Story of Sterility, SUFFERING AND RELIEF. DEAR MRS. PINKHAM—Two years ago I began having such heavy dragging pains in my back, between my shoulders and hips, and was troubled with leucorrhoea. I took pink pills and consulted a physician, but received no benefit.

Copyright, Louis Kirsch, 1899. THE form the subject of Dr. T. N. KIRK's sermon today, and the contrast between the two is striking.

It is not worth more than \$10. They have a better article than that and for lower price down at Clifton, Fitch & Bros. Besides that, I don't want it at any price.

Word as Good as Bond. There are no higher styles of men in all the world than those now at the head of the enterprises in the great cities of this continent.

Practical Condemned. With which indignation we think of the iniquitous stratagem by which goods are sometimes disposed of at a price at one of our hotels of a young man.

members. The old adage that corporations have no souls is misleading. Every corporation has as many souls as it has members.

Charm of the Country. Many, although not contentedly situated in worldly circumstances, have a goodly establishment in the future planned out.

What charm will there be in rural quiet for a man who has for thirty or forty years been conforming his entire nature to the city?

Awakened from Lethargy. Again, business men are often tempted to let their calling interfere with the interests of the soul.

Individual Responsibility. Again, business men are sometimes tempted to let the institution to which they belong, directors in banks and railroads and insurance companies sometimes shirk personal responsibility.

JAPANESE MAGIC. Some Tricks that Typify the Progress of the Country.

I strayed into a small theater in Yokohama last year following a throng of other common Japanese, who seemed deeply interested and anxious to crowd in, drawn by the fierce ringing of an ordinary hearing-room dinner bell.

More and more distinct grew the outlines of the skeleton as the light and less forbidding grew the color of the other bones. Then, as they seemed half fading into gloom, I became aware that around all the bones was gathering a cloud, as though a fog was clinging to them.

Lesson From Gen. Jackson. A libretto unpublished story of Stonewall Jackson is told by former Gov. Thomas G. Jones, Gov. Jones was a student at the Virginia Military Institute when Jackson was president there at the outbreak of the war between the States.

Li-litening Anticipated. M. Ducruet, the French scientist, has constructed an automatic recording device to register the intermittent atmospheric disturbances produced during storms.

Care Baby the Wrong Name. A young girl had an amusing experience at a baptism the other afternoon. She was occupying the exalted position of sponsor for a little girl baby, and never having served in such a proud capacity before, she was slightly nervous and perplexed.

No Disqualification. Maj. Whipple of the Second Massachusetts Regiment, had been a soldier and an officer in the civil war, and in the meantime had seen much service in the Massachusetts militia.

Kills in the Mosquito Season. One of the 900 men required for the Victorian Scottish regiment only six days have been enrolled, and on the third occasion of receiving applicants only three entered their names.

REGISTER OF TREASURY. Hon. Judson W. Lyons, Register of the United States Treasury, in a letter from Washington, D. C., says:

Remember that cholera morbus, cholera infantum, summer complaint, bilious colic, diarrhoea and dysentery are each and all of them of the same nature.
