WAYNE WILL CELEBRATE!

Last Friday evening a meeting was held at the court house for the purpose of determining whether a celebration should be held in Wayne the Fourth. The weather was bad and the attendance not large, but those present went there for business and after discussing the matter it was unanimously decided that a celebration be held. An executive committee comprised of S. T. Wilson, C. M. Craven and S. R. Theobald was elected and requested to canvass the business men for funds, and it seems to have been the right committee in the right place, for according to their report made at a meeting held last night to determine the propriety of celebrating, they had succeeded in raising over \$4000.00. Committees were appointed as follows: Dowers and Concessions, M. P. Ahern, H. C. Henney and H. Harrington; Military, H. Lee, F. A. Dearborn and Jagan; Jags, Hayes, Spedker, John T. Bressler and Judge Norris; Ballroom, H. G. Maute and R. W. Williams; Printing and Adv., E. Cunningham, Goldie and Dr. Yoder; Bands, W. W. Wilkins, W. K. Kibben, J. H. Homer, Skeen; Vocal Music, M. S. Davies, Ludkes, J. M. Cherry, J. W. Turner and W. H. Hoguewood; Parade, Bauk and Ed. Reynolds. The celebration will surpass any ever held in Northern Nebraska. A special effort will be made to secure for an attraction the large eight inch gun taken from the Spanish cruiser Reina Mercedes, and allied to Omaha by Asst. Secretary of War Meiklejohn.

BETTER TRAIN SERVICE

The Chicago, St. Paul, Minneapolis & Omaha Railway Co. has at last listened to the petitions of the road and has established an exclusive passenger train service from Norfolk to Sioux City, and no more will passengers paying first-class fare be obliged to ride on a hog train. The thanks of the people will go out in "gold lots" to the company for this recognition of the best territory in Northern Nebraska. The Norfolk passenger arrives now at 8:00 o'clock a. m. and the run to Sioux City is made in nearly an hour less than heretofore. Engineer Murphy making his engine fairly by past the fertile fields. This is about the only change in the time table. A new freight train has been added which runs here at 6:56, and which carries all the stock and through freight. In fact, we are getting to be metropolitan, a perfectly proper state of affairs. Therefore, in behalf of the citizens of Wayne, the Herald extends thanks to Messrs. Jaynes and Sholes for improved train service.

Local and Personal.

Mrs. Belle Willey Gue will read an original poem on Dorothea Day, written especially for the occasion. Mrs. Gue has won considerable distinction as a writer of poems and the one to be read at the memorial services will no doubt be very interesting.

Prof. E. E. Mason who has been in Oakdale the past three weeks, has been elected Principal of the Stanton schools. Prof. Mason is fast gaining a reputation as one of the leading educators in the state and the patrons of the Stanton school are proud to have themselves on securing his services for the coming year.

The sun has been behind the clouds for a long time and the silvery lining has been fading towards Mars. As a result we haven't been reveling in the old-fashioned Iowa beauty of the sky for a while. But there's a brighter day coming when the silvery lining will flop this way and all nature will wear its broadest smile. Be thou merciful.

Next week is the closing week of the Public Schools of this city and according to every report we are of the opinion that it has been a most profitable school year, due in a large measure to the efficient principal, Prof. Conn, although materially aided by a very able corps of teachers. The loss because of the prevalence of diphtheria, has been made up to a large extent and the school will close with a creditable record of progress.

The Democrat says that if Editor McNeal doesn't want to get the worst of it from that paper, let him "use the same consideration for others that he expects himself." Oh, we don't know about getting the worst of it. Time will tell. McNeal is not losing any sleep; besides, he has a few files of late issues of the Democrat containing some choice libelous insinuations, laid away for future use, and they will not be used for political purposes, either. Goldie is a pretty specimen to talk about consideration for others. Has he and his man Friday used the same consideration for McNeal that McNeal has for them? Furthermore, The Herald has never changed it's adopted course to personally attack Goldie, out of consideration for himself and relatives, not even when he took his departure so suddenly between the setting and rising of the sun. But in the future we propose to deviate from our usual course and should the Democrat again publish any of it's contemptible insinuations concerning McNeal, we propose to use that same consideration for Goldie, and his friend, that the Democrat does for us.

BUGGIES-Visit our repository-ask for prices-we'll do the rest. Eli Jones.

Catholic Unity.

Catholic Unity—The unity demanded by the Catholic church is that announced in the Scriptures and insisted upon by the traditions of the apostolic church, not alone an internal and spiritual union, but a unity which is external and visible, a unity of faith, of worship and of rule. Rev. J. M. Hayes, Dallas, Cal.

Follow God.

Follow God—God demands snowy whiteness of character, regardless of all circumstances. No other service or profession is acceptable or pleasing to him. Half devotion he spurns with equal scorn with a direct affront, for to him half service is no service at all. Rev. H. C. Stanton, Presbyterian, Kansas City, Mo.

Thinking and Believing.

Thinking and Believing—There is close connection between thinking and believing, and a still closer alliance between reason and faith. Some people because they find it easier to go to sleep than to think, believe what they hear because they have thought. Rev. F. M. Bristol, Methodist, Washington, D. C.

The Truth.

The Truth—Every philosopher comes to you and says, "I will teach you of the truth." Christ says, "I am the truth." Every philosopher gives you hope hereafter of a resurrection. Christ says, "I am the resurrection." Christ is the great teacher. He alone gives class. Rev. T. J. Villers, Baptist, Kansas City, Mo.

The Vested Choir.

The Vested Choir—The vested choir must bring in their public worship, higher ideals of music and must eliminate much of the unchorded twaddle which is being sung in place of standard hymns and tunes. INVENTED THE BARB WIRE.

INVENTED THE BARB WIRE. Rise of J. F. Glidden to Great Fame and High Fortune.

J. F. Glidden, the inventor of the famous Glidden Barb wire fence, is a native of New Hampshire and was born in 1828. He was a very old man of 88. The earliest patents for barb wire fencing were issued in 1867, but as the invention attracted no attention at that time...

J. F. Glidden saw the invention and believing there was a chance to do something with it, he invented and patented the device which is now universally used for fencing. At first he cut the barbs by hand and extemporized a process by which thirty feet of this wire could be made in a day. The inventor applied for a patent in 1875 and received his letters in 1874. The invention brought immense wealth to his parent. The aged philanthropist has for many years resided at De Kalb, Ill.

And He's at It Yet. Cecil J. Rhodes is the fourth son of a rector of Bishops (Stortford), and in his boyhood often scandalized the good people of the place by his tricks. If there was any "obedience" in Cecil, says one who knew him, it was 100 to 1 that young Rhodes was in it.

Rosa Bonheur. Mrs. Rosa Bonheur, who adopts masculine dress and wears her hair cropped close to the head, explaining that she first did so in order to pass as a man when visiting horse and cattle fairs for the purpose of studying her animal subjects.

**Horses for Sale.** Eli Jones. T. B. Heppert, Dentist, over Miller's. Landlord Turner was a Norfolk visitor Friday. L. Sernage spent Sunday in Omaha with his brother. G. W. Kingston and J. J. Moore were down from Carroll Saturday. Mrs. Montgomery is visiting with friends at Wakefield this week. Postmaster Zieler of Haskins, was in Wayne on business Saturday. Perry & Porterfield shipped two car loads of cattle Friday afternoon. Miss Bessie Winterburn has been re-elected as a teacher in the Chadron schools. Blaine Skeen entertained a large number of his young friends at a party on Thursday evening. Miss Myrtle Ford went to Sioux City Saturday to visit for a few days with her brother, Charles. Chas. E. Morgan camped from Platte last week and will attend the summer term at the Nebraska Normal. According to all reports the Greater America Exposition at Omaha promises to be a greater fizzle than the State Fair.

A cordial invitation is extended to every one to attend the six o'clock tea at the home of Mrs. F. G. Philles this evening. Mr. and Mrs. Dorr Carroll, who visited last week with Mr. C's grandfather, A. G. Howard, returned to Gothenburg Friday morning. Wayne Camp No. 6314, M. W. A., will meet at Masonic hall on Saturday evening, May 27. All Woodmen are cordially invited to attend. A heavy rain fell Friday, and as a result corn planting was further delayed and according to reports many who had their corn in will be obliged to replant. By allowing the accumulations in bowels to remain, the entire system is poisoned. DeWitt's Little Early Risers regulate the bowels. Try them and you will always use them. Orin. Isaac Arnold of this city, was also a member of the Third Nebraska Volunteers, who faithfully and honorably performed his duties as a soldier, and all honor is due him the same as to all other members of the gallant Third.

On Sunday Perry & Porterfield shipped three car loads of cattle. Lund & Gildersleeve two cars, Wm. Lessman one car, Chas. Schroeder one car, and Chas. Shulties one car. Messrs Perry, Lessman and Schroeder accompanied the shipment. W. M. Wright, E. R. Chace, and Nels Oroutt went to Lake Okoboji Tuesday morning where they expect to catch all kinds of fish during the next week or two. We'll wager that Uncle Chace hooks more of the finny tribe than both of his companions. Memorial day, next Tuesday, every citizen should do his or her part that a fitting tribute may be paid to the brave defenders of the nation who have passed into the great beyond and to those who will soon join their departed comrades. Let our duty be done, and well done.

A solid train load of Champion binders passed through Wayne Saturday about noon, being shipped to points west. It was the largest shipment of machinery ever sent over the M. & O., and presented the appearance of a big circus train. Eli Jones is agent here for the Champion machinery. "I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicines for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy."—P. E. GRISMAN, Gaars Mills, Ia. For sale by L. P. Orth.

Herman, the fourteen-year old son of Fred Pfluger who resides southeast of Wayne ten miles, died Friday morning after an illness of several days. The funeral was held at the German church in Plam Creek on Sunday where the remains were buried. The stricken parents have the sympathy of friends and neighbors in their hour of sorrow. In the long run a man who is constantly hounding his competitors meets with grief. The private life of any individual is sacred to his trust and it is the purpose of the law that he shall have protection to that extent, and the sooner some newspaper establishments become aware of this fact the less trouble they will experience in the future.

The Sioux City Journal says that "Hon. Ed Campbell, of Fairfield, who is more than 75 years of age, like most men at this time of life, has a theory as to how he has managed to live to be so old. 'Eat and drink,' he says, 'what I like, go to bed early or late as I please and keep a moving.' In short, and 'to sum it all up,' he explains, 'I never get beastly drunk nor beastly sober.'"

The Filipino Village. A complete Filipino Village of twenty families in their native huts, with tropical trees and plants, will be at the Greater America Exposition at Omaha. The Fall of Manila, by Pain, the fireworks man, Commodore Schley, Admiral Dewey and President McKinley will be there; also Dan Godfrey's Great British Military Band. Exhibits from Hawaii, Cuba, Porto Rico and the Philippine Islands. The Midway will be better and more attractive than ever. Grand Opening Day, July 1st, 1893.

Mei Norton went to Pender Monday afternoon. F. M. Skeen had business in Plainview on Monday. Rev. Montgomery went to Egin on business Monday. Miss Mary Mason was down from Carroll last Saturday. W. F. Carpenter was a business visitor in Sioux City Tuesday. Fred Volpp and Aug. Piepenstock went to Humphrey Sunday morning. Mrs. H. H. Richmond of Emerson Iowa, is visiting with her parents, Mr. and Mrs. C. D. Martin.

Mr. and Mrs. Will Mettlen who have been visiting with relatives and friends here the past week, returned to Omaha Tuesday morning. Dr. W. A. Ivory was elected president of the State Dental Society which met at York last week. The next session will be held at Omaha, in May, 1900. The W. H. M. S. of the M. E. church will serve ice cream and cake at the home of Judge Hunter Friday, May 26, beginning at 8 p. m. Everybody come. Ballard's Snow Liniment cures sick headache, rheumatism, neuralgia, sore throat, cuts, sprains, bruises, old sores, corns and all pain and inflammation. The most penetrating liniment in the world. 25 and 50c. Wilkins & Co.

Wiser Chronicle: G. W. Riley and family came down from Wayne Saturday to visit his brother, Dr. L. Riley and family. Mr. Riley left Tuesday morning on a trip to the mining regions of Colorado, and Mrs. Riley and children will visit relatives in Iowa during his absence in the west. Many old soldiers now feel the effects of the hard service they endured during the war. Geo. S. Anderson of Roseville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for a dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home not only for rheumatism, but lame back, sprains, swellings, cuts, bruises, and burns, for which it is unequalled. For sale by L. P. Orth, druggist.

Wakefield, Neb., May 22.—Special: Morgan Rice of this place, committed suicide about 6 o'clock this morning by drinking concentrated lye. He had been in ill health some time and despondent. He arose early and went to a neighbor's barn, where he poured three tablespoonful of the lye into a tin cup, mixed it with water and swallowed it. He was found about two hours later by his brother, Abner Rice, and Dr. Hartman was called, but it was too late to do more than alleviate his sufferings and about 10 a. m. he died. Rice was aged about 35 years and was unmarried. He was a farmer and had always borne a good reputation. The funeral will be held tomorrow. He had three brothers and one sister, all residents of this county.

# RUNNING SORE ON HIS ANKLE.

After Six Years of Intense Suffering, Promptly Cured By S. S. S.

Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a chronic sign that the entire circulation is in a depraved condition. They are a severe drain upon the system, and are constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect.

There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark, of Orange Courthouse, Va., writes: "For six years I had an obstinate running sore on my ankle, which at times caused me intense suffering. I was so disabled for a long while that I was unable to get on my feet. One of the best doctors treated me constantly, but did me no good. I then tried various blood purifiers, without the least benefit. S. S. S. was so highly recommended that I concluded to try it and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured."—Swift's Specific—

**S. S. S. FOR THE BLOOD**  
—drives out every trace of impurity in the blood, and in this way cures permanently the most obstinate, deep-seated sore or ulcer. It is the only blood remedy guaranteed purely vegetable, and contains not a particle of potent mercury, or other mineral. S. S. S. cures Contagious Blood Poison, Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Sores, Ulcers, Burns, or any other skin trouble. Insist upon S. S. S.; nothing can take its place. ### A Happy Thought.

If you are sick, if you have the blues, if you are tormented with the grippe and life seems a burden, go and see the Great McEwen and enjoy a hearty laugh, as there is nothing like good wholesome laughter to make a man forget the annoyances of life and encourage him to pick up his burden anew. Every one comes away from the Great McEwen's entertainments satisfied and refreshed, as their laughter was genuine and caused only by experiences that were phantasmal and refined giving pleasure without any disturbing after thoughts. The wonderful out-epitaphical tests introduced at the close of the entertainments, while not with provoking, will furnish pure food for thought for days to come. Mr. McEwen and his excellent company will appear at the Wayne Opera House Monday night, May 29.

### Carter's Monthly For May

Carter's Monthly Magazine, published in Chicago, and edited by Opie Read, is making rapid strides in public favor. Each month the magazine presents an interesting table of contents, consisting of short stories, sketches of travel, and articles of general interest, all profusely illustrated; but in addition to this each number contains an article of a philosophical, economic or scientific nature. The leading article in the May number is "Waltmeter—the New Era in Healing." This is a capable review of the Waltmeter Method of Magnetic Healing, the new science that is creating so much interest in the United States and Europe. The article takes up a question from a scientific standpoint, and shows the fundamental principles upon which the science is based. The writer visits the Waltmeter Institute at Nevada, Mo., for the purpose of research, and was astounded at the marvelous cures effected. Since Prof. or Waltmeter discovered the new science three years ago and commenced his practice at Nevada, over 70,000 patients have been treated, and the list, the long, and the blind have been cured. The new science has opened up another avenue of business for young men and women, and hundreds are taking the course of instruction. The Waltmeter Method of Magnetic Healing is winning the admiration of the most noted physicians, for nearly all the cures effected had been given up by doctors as hopeless. The remarkable success attending his discoveries has stamped Prof. S. A. Waltmeter as one of the great men of the age.

For more than six years there has been an organization of politicians and idiots in Nebraska predicting the impossibility of making even a living on ordinary farm lands in this state. The populist party has proclaimed to every school house, court house and platform that the farmer in Nebraska is a down-trodden, moneyless serf, over whose prostrate person the plutocrat and the corporation hold gleeful orgies. And yet this same supine son of toil pays his debts, schools his children, buys carriages, organs, sewing machines and pianos, and wears a smile brighter than an Easter morning. Everywhere the farmers in Nebraska are paying off the mortgages which represented a larger part of the purchase money which was to be paid for their farms. These payments are treated out of the sale of the products of the lands themselves after paying for the maintenance of the farm and family. In every county courthouse records show a steady constantly increasing reduction of the mortgage debts upon farms. This is the truth. These records are facts. They stand up with moral courage, and with unflinching eyes look the populist press and orators of 1890 in their brazen faces, and say in almost angry tones: "How you all did lie in 1890! Not a single forecast of calamity has been verified. The gold standard has been upheld. There is now a bigger amount of circulating cash in this in the United States than ever before!" And are people buying lands at advanced and advancing prices upon which no man can make a living and much less profits over and above a living? How is it that farmers in Nebraska have nine times out of ten, paid for their lands out of the surplus products of the land themselves, if populism teaches truth? Was there ever before a constant and rising demand for land upon which nobody, according to the populists, could make a decent living under the gold standard? Where is the farmer who wishes to find a buyer for his Nebraska farm at the same, or a less price, than it cost the present owner? Where is there a man, with ordinary sense, in Nebraska who does not honestly think farming lands in this miraculously fertile commonwealth, are going higher and higher?—The Conservative.

A well-deserved and well earned honor was conferred on Hon. W. F. Norris of Wayne, when the war department selected him for the position as attorney for the U. S. custom house at Manila. Judge Norris is well qualified for any position in the public service and his honor and integrity will leave their impress on the service wherever he serves this country. While we are glad to see him secure a right recognition of his worth and services to his party and state by the national administration we are likewise sorry to see him leave the third congressional district of which he has so long been a resident, and which he would have, no doubt, been chosen next year to represent in congress if he had remained in it. The Filipinos will be impressed with true Americanism when they come in contact with Judge Norris.—Pender Republic.

During the administration of Grover Cleveland congress saved the air in discussing how to obtain the markets of the world under a free trade policy, while the business of the country for eign and domestic, literally went to pieces. Under the administration of William McKinley congress promptly passed a protective tariff bill and the markets of the world are being rapidly captured, while the business of the country, both foreign and domestic, is being built up on an enduring basis and everywhere are found indisputable evidences of substantial prosperity. There is a great difference between impracticable vagrants and a party guided by practical common sense.—Norfolk News.

The Automaton chess player is a wonderful thing. It plays a perfect game inside its limitations. But once outside the routine moves, the Automaton is a failure. Much of the Automaton's success is as limited in its way as the moves of the Automaton at chess. No medical man can move with success outside his experience and training. For that reason the local doctor offers up to his patients a cure which is quite curable when greater skill and experience are brought to bear. It is the so-called "incurable" and "hopeless" cases, which come in such numbers to Dr. R. V. Pierce of Buffalo, N. Y., for treatment. Men and women with weak lungs, obstinate coughs, emaciated bodies and fevered cheeks have found in Dr. Pierce's Golden Medical Discovery the best treatment in two hospitals and by three doctors besides and received no benefit so I think your medicine is the only medicine for me."

Well, all join New York in raising merry Cain—when Dewey comes sailing home.

The boys will find it a difficult job in keeping in the "middle of the road" just at present. Nebraska's raids are giving them a black eye.

Senator Jeffers of Kansas has announced his return to the republican party—whiskers and all. Such an act is rather tough on populism.

The republican party is blessed with a large number of congressmen who are thoroughly qualified to fill the speaker's chair, and one of them will do it.

It is expected that the first Nebraska will arrive at San Francisco about the time Dewey arrives in New York. In that event there'll be no time in the two great seaport cities.

With Dewey, Sobley, Roosevelt and Funsion, the great American heroes, in favor of holding the Philippines, it's more than probable that they will be held by your Uncle Sam, who has a habit of respecting his heroes.

The volunteer army is coming home covered with honor and glory, but it's not Coxy's army that traveled to Washington in the face of good old free trade democratic times, during the soup-house season from '93 to '95.

What a miserable time the populists are having these days, stomping around for an issue. As fast as the volunteers return home from the Philippines the hue and cry of the Bryanites grows beautifully less. They do not appreciate the tales of the soldiers who did the fighting and were on the ground.

Of the eighteen free silver men belonging to Company M, sixteen returned home republicans. The boys found that the American dollar in Cuba was worth 30 cents more than the Spanish dollar. Mr. Bryan should have accompanied the regiment and received a few practical lessons in finance. O'Neal's Frontier.

Rear Admiral Sobley, the hero of Santiago, was the guest of ex-Senator Charles Manderson of Omaha, from Friday morning of last week until Wednesday of this. He was accompanied by his wife. The Admiral was given a royal welcome by the citizens of Omaha and was greatly pleased with the western hospitality extended him.

At Connelville, Pa., the wages of 12,000 men employed by the H. C. Frick Coke Company, are to be raised from 6 to 12 1/2 per cent, notice to that effect having been given and the increase to take from May 1. This is not Bryanism and the increase will go a long way to help these 12,000 men to purchase the products of Nebraska farms. Who is there that will proclaim that protection is not a good thing and that the principles of the republican party are not all right.

The Cambridge County Democrat is a pretentious paper, but the only one I sing to one about, Joe Bartley. Why, bless your soul, there is many a democrat official that has betrayed his trust that is as equally as bad a fix as Bartley, and some worse. Give your readers something new. Tell them how Snyder vetoed a resolution concerning the brave boys of the First Nebraska Volunteers. Tell them how the county has gone to the demission bow-wow because free silver and Billy Bryanism got beautifully "hooked." Do a little house-cleaning in your own party and then it will be time to preach to others to be good.

**COLLEGE NOTES.**  
Miss Sullivan of Dixon, was a College victor last Saturday.  
Miss Bailey, who has been sick for several days, is again in her classes.  
A large number of the students wrote the teachers' examination last Friday and Saturday.  
Miss Showell, a teacher of Butler county, enrolled this week for the remainder of the school year.  
Jesse Griffith of St. James, was here this week and made arrangements to attend all next year. He attended two terms last year.  
Mr. Bright of Winside, visited college friends Saturday. He has been re-engaged as principal for next year. He is a very successful teacher.  
A splendid program was given by the Crescent Literary last Friday evening. The Philomathean society has arranged a pleasant program for this week.  
Co. Supt. Miss White visited classes Tuesday morning. She conducted chapel exercises and gave the students a practical talk which all enjoyed.  
Mrs. Wallis came in Tuesday and took up the education work. A large number of students will take advantage of the opportunity to study under her direction.  
At the beginning of next term, June 15, many new students will enter. But few of those now attending go out, so a very large attendance is assured. Mrs. Bright will assist in teaching during the term.

Prim. C. E. Morgan of Pilger, enrolled Monday. He completes the work of the school in August. He has been engaged for principal at Pilger for another year at a substantial advance in salary.  
H. E. Mason has been elected principal at Stanton. He is one of the strongest school men in Northeast Nebraska. Mr. Wilson and Miss Lemonds, both graduates from the normal courses, are engaged for Stanton schools, one assistant principal and the other intermediate teacher.

**WINSIDE.**  
J. D. King was in Winside on business the latter part of the week.  
J. M. Cassell and others shipped 7 cars of cattle from here Monday.  
Mrs. Ludwig Zeimer of Hoskins was visiting friends and relatives in Winside Monday.  
An addition is being made to the building occupied by Mrs. Tillson as a restaurant on Main street.  
Wm. Newt, nephew of Henry Horn, is another of our boys returned from Cuba. He will stay here with his uncle for some time.  
Dorr H. Carroll and wife, now of Gothenberg, were shaking hands with their many friends in Winside Wednesday and Thursday.  
McClusky & Needham's new elevator is growing rapidly now; the American Grain Co's elevator is up and painted. These improvements add to our town considerably.  
Henry Pokrandt resumed the position he occupied with Mr. A. C. Goltz here before he went to Laurel on Monday. He and his family are living in their own home again. Mr. Hopp is employed by W. Goble in his draying work.  
A great deal of preparation is being made for social entertainments on Friday night. Miss Carrie Hupp will be the only graduate from the course of study pursued here, but many others of the school will assist her in making an evening's entertainment.

Almost five days without the sun and with lots of rain and constant moisture in the air have retarded farm work a good deal. A good many of our farmers are listing corn instead of planting it as this work can be done in wet ground. Some of the corn planted before the rain has rotted in the ground.  
Our school board held a meeting on Monday evening and elected Prof. Bright as principal of our schools for another year. Mrs. Bright was granted the place held by Mrs. Mahrhead in 1907. Mrs. Lowry was retained in her position as Miss Bayne's assistant for her room again, preferring to teach in the country next year; it is not yet settled as to who will have her place.

**CARROLL.**  
Rob Gardner was over from Laurel last week.  
Mrs. Dan Daly is visiting her parents in Blair this week.  
Frank Bell has been quite sick but is around again now.  
Mr. A. J. Ferguson of Wayne, was in Carroll last Friday.  
Dr. Little of Bloomfield, was in town the first of the week.  
Geo. Batley is building a house on his lots south of the M. E. church.  
Miss Mary Williams has sold her interest in the millinery store to Mrs. Berry.  
Fourth of July will soon be here. Do we celebrate at home or do we all go to Wayne?  
On account of the rainy weather farmers have been delayed in planting their corn.  
Saturday is the day of the great picnic in Henry Wolf's grove east of town. A good time is anticipated.  
Miss White, county superintendent, will give a temperance lecture in the M. E. church Sunday night.  
Mrs. R. D. Merrill will spend a few weeks at Fremont studying music. She left for that place last week.  
The social Tuesday night at the home of Mrs. Blakeley was very well attended and a good time enjoyed by all present.  
A new crossing has been put in between E. D. Merrill's hardware store and the general merchandise store of Hornby & Co.  
Mrs. M. A. Gardner, accompanied by her little grand-daughter, Lois De France, left for Windsor, Iowa, last Thursday where Mrs. Gardner will spend the summer with her daughter, Mrs. DeFrance.  
Geo. Yarran closed out his grocery business last week and has opened up the butcher shop. He will continue to keep a nice line of confectionery, and will have fresh meat at all times. A good butcher shop is one of the things Carroll has needed for some time past and now that we have one let us give it our patronage.  
If the crowd of boys known as the "Dirty Dozen" thinks there is anything smart in making the night hideous, as they do every night in the week, they are badly off. And if Carroll has a Marshal, the first thing for him to do would be to see that they discontinue their loud and unbecomingly demonstrations on the streets at night.

Ed Zielke has been granted a license to run a saloon and expects to open as soon as he can complete the building. No doubt saloon game will go there. Mark our predictions.  
Thursday evening, May 20, Miss Rose Evelyne Knastriek will give an educational and literary entertainment in the Baptist church. Admission free and donations will be 15c for children and 25c for adults.  
Victor Staarm who has been very sick the past eight weeks, and who it was supposed, was rapidly convalescing, has had a severe relapse and will not recover. Larry Victor has recovered from his relapse, and will soon be able to be out, the Doctor thinks.

What do you think of the Third Nebraska boys? They are surely all right. And while their offer of assistance in the Philippine war was not accepted, it is most gratifying that they are a "crew" in Nebraska who are in sympathy with the course of the present administration.  
Died, at their home in Carroll, Monday morning, May 23, Mrs. M. S. Linn. Mrs. Linn had been sick the past two or three months with dropsy, and while her recovery was doubtful yet it was with deep regret that her many friends learned of her death Monday. On Friday Mrs. Linn gave birth to twin girls and grew rapidly worse from that time until she died. A short service was held at the home Monday evening and on Tuesday morning Mr. Linn, with three of his children, and Miss Way, a sister of the deceased, accompanied the body to Assaria, Nebraska, where the interment will take place. Mr. Linn and family have the sympathy of the entire community in their deep and sad affliction.

Deputy Revenue Collector Carl T. Seely, editor of the Madison Chronicle, was here a few days the past week and while in the city devoted the most of the time in examining the records of the County Clerk's office to learn whether the required revenue stamps had been affixed to such legal documents as had been filed since July 1, 1908. He found a number of legal papers that were not legally stamped, also several real estate deeds conveying property for a consideration of \$1 and love and affection that were entirely without stamps. The persons making these deeds will be notified to come forward and contribute to Uncle Sam's coffers. The laws provide that anything of value cannot be conveyed without affixing stamps to the amount of \$100 in value or less than \$500 in value with 20 cents added for each additional \$500 or fraction thereof, and the conveying of property without a money consideration does not release a person from affixing the stamp. A considerable sum will be collected in Wayne county.

The marriage of Mr. E. J. Gallagher to Miss Estella Shively was consummated at the Catholic church in this city at 7:30 Tuesday morning. The bride is a daughter of Capt. and Mrs. W. T. Shively of this city and has many friends here. She has been identified with the educational interests of the county for some time past. The groom is a well known in O'Neill, having been engaged in business here a few years. The bride was dressed in pink, trimmed in cream, and wore pink shoes. Miss May Metz, niece of the groom, was bridesmaid. The groom was dressed in black. G. E. Shively, brother of the bride, was groomsmen. At the conclusion of the ceremony the wedding party repaired to the home of the bride's parents, where breakfast was served. Many beautiful gifts were received. The young couple departed the same morning for Wayne where Mr. Gallagher has resided the past two years and where they will make their home. The Frontier extends congratulations and wishes them continued joy. (O'Neill Press.)  
Mr. Gallagher recently purchased the Corner restaurant of Mrs. Gillaspay and he and wife will be heartily welcomed to Wayne.  
Unless a woman eats sufficient nourishing food she can neither gain nor keep a good complexion. Food, when digested, is the base of all health, all strength and all beauty. Herbine will help digest what you eat, and give you the clear, bright, beautiful skin of health. 50 and 75c. Wilkins & Co.

**GLAD TIDINGS!**  
The office of the Craig Indian Medicine Company, for the distribution of their wonderful remedies for this state, has now been located at Wayne, Nebraska. The splendid success of their Indian Medicine in the Northern Eastern counties of this state has induced the company to put in an office at this point. Mr. J. Locke of Sioux City, Iowa, will manage the business for the company here, and has for each of the last twelve weeks sold considerable medicine for the adjoining counties since his arrival.  
This medicine company is not like other companies that seem similar. We, in the first place, manufacture our own medicine, offer to the public, and second, we have different remedies for different diseases. For instance, our "WATER" or blood medicine, is a powerful blood cleanser and a bad stomach restorer. Fourthly, a rare combination.  
Then our kidney and liver cure: It cures all kinds of kidney and liver troubles. It has positively cured hundreds of cases of female weakness, as well as that attending complications that the authors themselves thought incurable. These ladies have repeatedly told our agents that they had spent large sums of money doctoring and the case appeared hopeless but became discouraged from no relief and so much expense how that awful pain under the eyes, and these dark moss spots from the nose and face have disappeared. Pains from loose and jointed knees, headache, no more, dizziness a thing of the past. Many have taken their departure, and all other attending ailments have disappeared. It is in this medicine. We have positive proof that this statement is true. It is a pain killer that baffles every other remedy that we have met. It is a cure for all kinds of diseases in the blood and hundreds in Wayne county. This remedy was used for the season past. It follows all other ailments and cholera morbus and all other ailments and internal troubles. It has cured a bottle of this wonderful medicine. It is the best medicine that we have ever used. The deodorant in the head and throat and bronchial tubes is positively cured if our medicine is used.  
We have Worm Destroyer, which cures the head and removes them as given to us by the State of Iowa. We have Lodian Salve and a Group medicine that want of space prevents their account. For further particulars call at my office in the first residence west of the Post Office, or address by letter to Wayne, Nebraska.

National Educational Association Meeting.  
For the meeting of the National Educational Association at Los Angeles, Cal., July 11-14, 1909, the Union Pacific will make the greatly reduced rate of One Fare, plus \$2.00 for the round trip.  
The excellent service given by the Union Pacific was commented on by all who had the pleasure of using it to the convention at Washington in 1908. This year our educational friends meet in Los Angeles, and members of the Association and others from points East should by all means take the Union Pacific.  
The service of the Union Pacific via Omaha or Kansas City is unexcelled and consists of Palace Sleeping-Cars, Buffet Smoking and Library Cars, Dining Cars, meals a-la-carte, Free Reclining Chair Cars and Ordinary Sleeping Cars. The Union Pacific is the route for summer travel.
