H. S. French of St. Louis, visited a few days the past week with his parents Mr. and Mrs. J. S. French. Mr. French is financial agent for the exposition held at St. Louis, every year and the remainder of the time is engaged with the Providence Company.  
There will be a union service at the Presbyterian church next Sabbath evening. After a consultation with the other pastors it was thought best not to hold a union service in the morning as it would be impossible to accommodate all who would desire to attend from town and country. Dr. Craig will deliver the sermon in the evening.  
In the HERALD's report of the A. O. U. W. association picnic last week we omitted to mention the officers elected for the ensuing year. They were as follows: F. A. Berry of Carroll, president; Bert Brown of Wayne, Secretary; M. M. Winebrenner of Randolph, Treasurer; and an executive committee was chosen consisting of one member of each lodge in the district. Randolph, Carroll, Norfolk, Pender, Hartington, Ponca, Bloomfield, Laurel, Winster, South Sioux City and Emerson were represented at the picnic.  
Laurel Advocate: Geo. Devine of Wayne, was in Laurel last Saturday. He spoke very highly of the crops up this way. Geo. seems to be dealing some in land this season. He told of buying a quarter section; holding it two weeks, and selling it at a \$10 an acre margin. How's that for Northeast Nebraska? What do you want of a Klondike when Nebraska land pops up \$10 an acre in two weeks?... Mrs. M. H. Dodge attended the commencement exercises of the Wayne normal Thursday evening of last week. Her daughter, Mabel, who has been attending the summer term at this popular college, returned home with her mother Friday evening.  
Randolph Reporter: While in Wayne Wednesday we accepted an invitation extended by brother Cunningham of the Wayne Republican to take a spin about town in his buggy and was shown some of Wayne's best residences and public buildings, notably the new court house, which is in process of erection, and the beautiful and imposing Presbyterian church. The new court house is a model of architectural beauty and will be a splendid addition to this young city. The Presbyterian church is just completed, except for some minor work upon the interior, and for elegance of design, workmanship, and modern convenience is the peer of any church building we have seen in the state outside the larger cities. The interior decoration, in particular, is executed in a first-class manner, being in fresco. The building cost in the neighborhood of \$8,000, and is the pride of the citizens of Wayne.

**Fall Clothing Stock.**  
We are busy this week opening up our NEW GOODS but will try soon to give you some idea of what we will be able to do in Fall Suits for men and boys.

Rev. Welden returned home Tuesday evening.  
The Best Hog Fence on earth at E. M. Smith's.  
Full Patent Flour 90 cents per sack at the Star Grocery.  
Mr. and Mrs. J. D. King went to Norfolk this forenoon.  
Mrs. L. C. Gildersleeve is visiting with relatives in Laurel this week.  
Walden and Arthur Tucker visited relatives in Randolph over Sunday.  
Patent Flour at P. L. Miller & Son's for 90c.  
Owing to the rain this morning nearly so many went to the Woodmen picnic as otherwise would have gone. Twenty tickets were sold.  
DO YOU need Oxfords or Slippers? Buy them at the August Clearing Sale at MAUTE'S SHOE STORE.  
Pierce Call: Miss Mattie Goff returned Saturday from Wayne where she has been attending the Normal. She visited Friday at Winslow with her friend, Miss Elliott. Miss Goff is greatly pleased with the school at Wayne and considers the faculty very superior.  
There will be a warm time in the old town during the fair this fall. The association propose to make the meeting this year a decided success and Secretary F. L. Neely is doing all in his power to aid in the matter. The races will be better than any ever witnessed on the track here and if everybody will do their share in the matter the Fair will be a grand success. Talk Fair and work for it.  
In another column will be found an item from the Audubon, Iowa, Republican regarding the opening of a new clothing store in Wayne by John H. Kate of that city. A letter from Mr. Kate states that he expects to be ready for business with a complete line of clothing and gent's furnishing goods about the 15th of September. At present he will occupy the building opposite Puchner & Duerigs.  
Yesterday Judge Hunter issued licenses to Alex Hines and Sina Stamblak of Sherman precinct, and Theo Haran of Manly, Neb., and Minnie Brone, daughter of Wm Brone who lives southwest of Wayne. The latter couple are to be married at the houses of the brides parents today; a large number of friends and relatives having been invited to witness the ceremony. The HERALD joins in extending congratulations.  
Audubon (Ia.) Republican: J. H. Kate has made arrangements to move to Wayne, Nebraska; in a few weeks where he intends to open up a clothing store. Mr. Kate came to Audubon twenty-one years ago when the town was founded. During all that time he has been in the clothing business. He has made money and he has made a reputation for integrity and manliness which is worth more than just money. He and his estimable and interesting family will be greatly missed here, for their friends are very numerous both in town and country. We much regret their conclusion to depart. Wayne is a good, live town, and we predict success for Mr. Kate's business venture there.

Miss Nelle Beebe of Stanton, visited this week with Wayne relatives and friends.

Mrs. Laird of St. Louis, is visiting with the families of W. O. Gamble and J. Tower.

Ell Jones has commenced hauling brick for his new livery barn and will begin work at once.

Miss Nelle Spears who has been attending institute at Hartington, returned home Monday morning.

Mr. and Mrs. S. L. Hopkins are visiting at the home of their daughter, Mrs. W. H. Boling, who resides northwest of Wayne.

S. R. Theobald & Co. are receiving their new fall goods. Watch for their advertising announcement in next week's HERALD.

The populist caucuses in the different precincts of the county will be held Saturday evening, Sept. 2, for the purpose of electing delegates to the county convention.

Elmer Lundberg accompanied the Madison company from Omaha, yesterday, and will participate in the reception given the returning soldiers there today.

Geo. I. C. Andresen arrived in Wayne Tuesday evening to look after his property interests here. He expects to dispose of his tailoring establishment to Tweed & Reed of Randolph.

Should you wish to improve the quality of your bread, use the CELEBRATED YEAST FOAM. Nothing like it for producing a light, sweet, nutritious loaf of bread. It will retain its moisture and butty, flavor longer than bread raised with any other kind of yeast put upon the market. Try it.

G. W. Robbins of the Briggs, Meredith Adv. Co. of Des Moines, is in the city making a house to house canvass for ten of our merchants who are giving the Cram's Atlas as a premium for cash trade. Give him a hearing as he has nothing to sell. See ad in next weeks paper.

The entertainment given by the Clamians at the Presbyterian church last Friday evening, was highly appreciated by the large audience present. The recitation of Ben Hur by Mrs. Claman was the chief feature of the entertainment, while the illustrated songs brought forth much applause. Mrs. Claman will institute a new Tribe of Ben Hur in this city next week.

Sioux City Journal: Father James B. Fitzgerald, pastor of the Catholic church at Wayne, Neb., was in the city at the Garrettson for a few hours yesterday returning from New York to resume his parochial duties. He visited in his old home in Wyoming county and said that there and further east all the way to New York City the mountains and fields are burned brown by the terrible drought with which the east has suffered this year, and that in many places great tracts had been burned over by fire.

A merry crowd of young ladies and gentlemen left town about 7:00 o'clock Tuesday evening to enjoy a picnic supper at the home of Mr. and Mrs. A. M. Jacobs five and one-half miles northwest of town. They took with them a variety of good things to eat and spent a very pleasant evening with their host and hostess. Those who went out were the Misses Reynolds, Britton, Cunningham, Sparburg, Austin, Seaco, Sifeen, Ford, Weber, Armstrong and Bush, and Messrs Miller, Ringland, Craven, Wilbur, Jones, Corbit, Holte, Gabblo, Serugas, Fisher and Philcox.

School will open on Monday Sept. 4. It is important that every pupil be present at that time, especially is this true of the children in the primary class, who are starting for the first time. In other grades the foundation is laid for the entire year's work during the first month, and to be absent at this time means that the pupil will be at a disadvantage during the whole year. There will be an examination at the high school building on Friday, beginning at 9 a. m. Those who failed to pass in one of two branches and have made further preparation in these subjects during the summer will be given an opportunity to make the required grades. In regard to the work of the high school, I will say that non-resident pupils are permitted to attend free, provided they have a certificate from the county superintendent stating that they have completed the common school course of study. It is not necessary to take all the work of any one grade, but pupils are permitted to select their work from the regular classes their selection being subject to the approval of the superintendent. In the ward building the grades from the first to the seventh, inclusive, will be represented. All pupils in any of these grades whose homes are east of Main-street or north of Sixth will go to the ward building. Sixth street is the first street north of the M. E. church. All pupils except first primary who have not attended school in Wayne will go to the superintendent's office at the high school. Pupils who have text books will please return them on Friday so the records can be adjusted before the opening of school. I will be at the office on Saturday afternoon to give any information in regard to the work which pupils or patrons may be desirous of knowing. U. S. CONN.

## CHURCH DEDICATION.

Next Sabbath morning the new Presbyterian church will be dedicated. The Rev. W. G. Craig D. D., L. L. D., of Chicago, Illinois, will preach the sermon. Dr. Craig is one of the foremost men in the Presbyterian church, and it will be a privilege to hear him. Dr. Craig was moderator of the Presbyterian General Assembly, which met a few years ago at Saratoga, New York, when Dr. Briggs was suspended from the church because of his alleged heretical views. This dedication service is free to all and every one who wishes to attend will receive a most cordial welcome. It is the wish of the church that the general public attend this service. Below is the program of the dedication exercises at the new Presbyterian church next Sabbath morning:  
Organ Voluntary  
Invocation closing with the Lord's Prayer.  
Anthem—"Oh, Father whose Almighty Power."  
Hymn  
Scripture  
Bass Solo—"A Parable."  
Prayer  
Hymn  
Sermon by Dr. Craig  
Offering  
Transferring of keys to chairman of the Board of Trustees  
Act of Dedication  
Prayer of Dedication  
Dedication Hymn  
Benediction  
Musical Director, M. S. Davies.  
Organist, Miss Clara Philcox.

## THE FIRST ARRIVES.

All Omaha was astir early yesterday morning to welcome the Fighting First Nebraska volunteers as guests of the city. Whistles blew, bells rung and everything else that would make a noise was brought into use. About half of the regiment had left the trains before their arrival in Omaha and the boys soon scattered there so that at the time of the parade at 9:30, not to exceed 200 of the soldiers were in line, and they seemed to take no particular interest in the affairs although given a grand ovation all along the line of march. It was a slap at Omaha and perhaps a merited one, in endeavoring to get the regiment as a drawing card for the exposition. Among those who went from Wayne to witness the arrival of the regiment were C. M. Craven, Robt. W. Wilkins, H. G. Maute, C. A. Berry, O. H. Bursen, Fran Frazier and wife, Ted Perry, C. J. Lund, F. A. Dearborn, Harry Jones Elmer and Edw. Lundberg, W. H. McNeal, F. M. Northrop and Henry Kloppling.

# Prescriptions.

We have filled prescriptions for many years. Perhaps 50 per cent of these have been for serious cases of illness, where much depended upon the CORRECTNESS and FIDELITY in filling them.

## We never forget our Responsibility

In this matter, DOUBT is never allowed to enter our Prescription Department. There are no doubtful drugs in it and hurry and carelessness are never allowed to cast doubt upon the medicines we dispense. We aim to be THE DRUGGISTS to whom you can bring your prescriptions for serious cases with perfect confidence.

Stanton Register: Last evening just  
as the fire whistle blew for 8 o'clock  
the fire bell rang. It was at once seen  
that the large barn of C. H. Chace was  
on fire. By the time the people got  
there the entire building was a mass of  
flames. It was a long time before the  
fire company got a stream on the  
flames on account of their being part  
of the hose uncoupled. The building  
was burned to the ground and the fam-  
ily carriage and a horse was also burned.  
The loss was heavy and Mr. Chace had  
no insurance on the building. Effec-  
tive work was done to prevent the fire  
spreading to the W. W. Young residence  
and the Congregational parsonage. The  
fire was started by the 5 year old son of

Albert is studying to be a pharmacist

Stanton Placket: During the storm  
of Saturday last lightning struck the  
large barn on W. W. Young's farm and  
the building, together with the cattle  
shed was entirely consumed. The  
stroke came between nine and 9:30  
o'clock, after most of the help about  
the place had retired for the night, and  
before the building was reached it was  
entirely enveloped in flames. The  
barn was 68x90 feet and the shed 48x80  
and were built at a cost of \$3,000. One  
horse, a lot of machinery, eight sets of  
harness, some pigs and other property,  
amounting in all to about \$300.00, were  
also consumed. There was \$1,500 insur-  
ance on the buildings but nonson con-  
tents. The loss is considerable and  
falls heavily upon Mr. Young.

of flour, into which one-fourth of a  
teaspoonful of baking powder has  
been stirred; add the stiffly beaten  
whites of the eggs, stir carefully and  
fry at once. Rub equal parts of butter  
and lard together, heat a perfectly  
clean pancake griddle, spread with fat,  
drop the batter in spoonfuls, making  
them as near the shape of oysters as  
possible and neatly in a hot thick, and  
brown on both sides.—Homestead.

**A "DEMOCRATIC POSSIBILITY."**

There is talk in Pennsylvania, if nowhere else, of ex-Gov. Robert E. Pattison of that state, as a democratic presidential possibility in 1900. The ex-governor has been in the west with a view of informing himself upon the political situation, and a few days ago he talked conversationally with a representative of the New York Tribune. Assuming that he is accurately reported by the Tribune, it is difficult to understand how he can regard himself, or how his friends can regard him, as a possibility of a national democratic ticket.

Ex-Gov. Pattison expresses the opinion that when the democratic managers get down to business they will take conservative action. "Issues," he says, "which have been gone over and settled in one campaign, and have not been strengthened since by events nor by conditions, are not likely to be fought over again. We can expect to win only on new issues." What new issues? The ex-governor does not answer.

In a negative way, however, he puts some things out of the reckoning. He speaks in glowing terms of the prosperous conditions of business. For instance: "I found everywhere in the west unparalleled prosperity, not in manufactures only, but in agricultural pursuits. Farmers are getting good prices for their products. As they constitute the great mass of the country, they form an important element, possibly the most important in all political calculations."

That is good. A view like that appeals to healthy local pride. There is more of it that it would be pleasant to quote. But pass to the war question. You may call it "expansion," "imperialism," or what not, he is in favor of it. Note this:

After becoming possessed of these outlying countries as the result of a victorious war, we cannot abandon them. If we gave up the Philippines, Germany, France or England would take them up gladly. They would never revert to Spain, and they certainly would not be left in the hands of the native population.

He believes in making short work of the insurrection in the Philippines, "and that is what it is." Democratic presidential possibility!

The ex-governor goes on in the most optimistic fashion to give his estimate of what a mighty people we are and to make known in the clearest manner how fully he is in sympathy with the push and progress of the times. Hear him further:

We as a nation are today the neighbors of the whole world. We are shipping locomotives to Siberia, railroad bridges into the heart of Africa, electric plants to India, our textiles to China, steel rails to England. We are the foremost nation of the world in the output of pig iron. We turn out more manufactures of all kinds than any other nation. The people are too busy to stop to consider whether silver shall be 16 to 1 or 16 to 20. They know that intercourse with the outer world is a national matter and must be based on the coin of commerce, whether in the gold, silver, nickel or any other thing of fixed intrinsic value. The United States is not only the workshop and granary of the world, but its cotton is a staple at home and abroad. These are things to be considered in preparing for a national campaign.

"Certain," as Uncle Joe Cannon would say, "Certain." Those things can be considered in the preparation of a national republican campaign, but what place is there for them in the consideration of a democratic national campaign?

Gov. Pattison does not intimate what new issues he would bring in, but he makes a conspicuous scattering to the wind of the issues the democratic party has stood upon in all recent years. The task thus set for the democratic party is altogether beyond it, and those who feel as Gov. Pattison does should lose no time in getting beyond the democratic party.—St. Louis City Journal.

What a striking difference is noticeable between the two platforms of the fusion state convention of Nebraska and the republican state convention of Pennsylvania. The latter is American in every sense, wise, patriotic, and enlightening; while the other plainly shows the work of narrow minded fanaticism, un-American in every detail, consisting mostly in tirades against the business interests of the country and the banalities they are pleased to term "imperialism."

The democratic, populists and silver republicans held their convention at Omaha Tuesday with W. J. Bryan absolute master of them all. The result was the successful consummation of a deal fixed up two years ago, in which it was bargained that the democrats were to endorse populists in the congressional districts, endorse the nomination of Holcomb for supreme judge, throw their strength toward keeping up a hurrah for Allen for the senate to succeed Thurston, and in return for all this sacrifice the populists are to endorse Bryan for President next year. It was all out and dried and delegates simply met in convention to ratify the decree of Bryan. Republicans were never more subservient to Mark Hanna yet the Bryan sympathizers work themselves up to the boiling point in denouncing them for such subservency while they, themselves, are guilty of worse conduct. It is a case of the pot calling the kettle black.—Alliance Pioneer Grip, (dem.)

D. E. Thompson will receive more hearty cheers from the returning boys of the First for his pledge of \$20,000 to buy way home than will the legislators that voted them thanks and turned them way down.—Western A. Chronicle.

Such hypocritical assertions come, with bad grace, and especially so from such men as Editor Kenower, when it is well known that he was ready to howl "corporation tool, railroad ring," and every other cry on the event of the election of Mr. Thompson to the United States Senate. But! The action of Mr. Thompson will be greatly appreciated by every citizen of Nebraska, but demagogism is not to be winked at.

It is perfectly legitimate business to open a bank, provided it is done in the daytime and without the assistance and persuasion of a six shooter.

"I can truthfully say, Dr. Pierce's medicines did me good than all I had ever taken before."

These are the words of Mr. O. S. Copenhaver, of Mount Union, Huntingdon Co., Pa. He says further:

"About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not walk straight. I consulted a physician and he told me I had a form of dyspepsia and treated me six months with but little result. I then tried another physician and he told me the only way to cure it was to take Dr. Pierce's Golden Medical Discovery. I had chronic indigestion, irritation of the lining of the stomach, and kidney affection. He treated me for some time with his medicine. I then took several widely advertised patent medicines, but received more than temporary relief. I then tried Doctor Pierce's Golden Medical Discovery, and in two months time I was feeling better than I had for years before."

The "Golden Medical Discovery" is the most effective blood purifier and general tonic that modern medicine has produced. It at once neutralizes the poisonous, fermenting matter in the stomach, liver and bowels, and as soon as this is removed by the action of the "Golden Medical Discovery" the impure elements of these organs, which have been the cause of the disease, are absorbed into the blood, filling it with vitalizing, strength-giving properties. It produces a healthy, glowing complexion, and cures all ailments. It is a safe medicine. It contains no whisky, alcohol, sugar or syrup. It does not create a craving for liquor.

The candidate who secures a nomination ought to be thankful that his expenses must not exceed \$100.

The affections of the Nebraska democrats seem to be somewhat involved between Agnaldo and the soldiers who have been fighting him in Luzon.—St. Louis City Journal.

Adding to the amount of business the railroad company is doing these days there must be a little prosperity hereabouts. Coin Harveyites to the contrary notwithstanding.

The Fremont Tribune avers that the melancholy days will soon come for the democrats of Dodge county and Nebraska. The olebric days for democracy have struck Wayne county already. The pops propose to show 'em.

Judge Edgar Howard of the Papillon Times, will no doubt fill in line and support Holcomb, but the pill will be a terrible bitter one. Bryan cracked the whip and the tail of democracy waddled into line. Oh! Edgar, we feel sorry for thee.

Well! Well! What do you think of this? The Wayne Democrat proclaims that it was the democracy press that forced the war upon this country, while all the rest of the d. p. has all along been accusing Mark Hanna of being at the bottom of the whole shooting match.—Madison Chronicle.

Fusion—what is fusion? Will Coin Harvey give the correct definition for the word? It's easy. Fusion, in its true sense, means the coating of suckers for the purpose of lifting spoilsmen into office, and damming the best administration this country has had for thirty years. That's what fusion is for nothing more.

In a speech last week Gov. Roosevelt said in referring to the Philippines: "We can't shirk our duty. We're there. You can't run away unless you make every man in the civil war add whose ancestor was a pioneer, assumed to claim kinship with us. Morally, we can't run away." The round of applause the Governor received left no doubt of the sentiment of the audience.

There is not a man in Wayne county who has not the staunch faith in McKinley and the present administration. You are not losing any sleep for fear of things going to the "damntion pow-wow." In fact, you are aware that prosperity abounds and that the only opposition to the present state of affairs is by those men who have an itching after office. Now isn't this a fact? We are anxious to publish the names of those who will deny the truth of this statement.

President McKinley, in an address at Ocean Grove, N. J., recently, said: "I believe that there is more love for our country and that more people love the flag than ever before. Wherever that flag is raised it stands, not for despotism, and oppression, but for liberty, opportunity and humanity, and what that flag has done for us we want it to do for all people and all lands which by fortunes of war have come within its jurisdiction. That flag does not mean anything in the United States and another in Porto Rico and the Philippines. There has been some soubornism in some quarters respecting the policy of the government in the Philippines. I see no harm in stating in this paper: Peace first, with clarity for all, establish a government of law and order, protecting life and property and occupation for the well being of the people who will participate in it under the stars and stripes."

**ILLINOIS CENTRAL R. R.**

Of interest to Stockholders. Free Transportation to Attend the Annual Meeting at Chicago.

The Board of Directors of the Illinois Central Railroad Company, at a meeting held July 21, 1900, adopted the following preamble and resolution:

To the end that the Stockholders of the Illinois Central Railroad Company may more easily attend in person, the annual meeting of stockholders, which the by-laws require to be held in Chicago on the last Wednesday in September, in each year, by

Resolution. That until the further order of the board, there may be issued to each holder of one or more shares of the capital stock of the Illinois Central Railroad Company, as registered on the books of the Company, a ticket enabling him or her, to travel free over the Company's lines from the station on the Illinois Central Railroad from the station nearest to his or her registered address, to Chicago, and return, for the purpose of attending the annual meeting of stockholders, the said ticket to be good for the journey to Chicago on date of the meeting, and for the return journey from Chicago only on the day of the meeting and the four days immediately following, when properly countersigned and stamped in the President's office. (These tickets will not be countersigned and stamped in the office of W. G. HUGHES, Assistant General Manager, at Chicago, but may be obtained by any registered holder of stock on application, in writing, to the president of the Company in Chicago. Each application must state the full name and address of the stockholder exactly as given in his or her certificate of stock, and the number and amount of such certificate. No more than one person will be carried free in respect to any one holder of stock as registered on the books of the Company.)

By order of the Board of Directors, A. G. HACKETT, Secretary.

The next annual meeting of the stockholders of the Illinois Central Railroad Company will be held at the office of the Company in Chicago, on Wednesday, September 27, 1900, at noon. For the purpose of this meeting the Stock Transfer Books will be closed from the date of publication on September 12th, to the meeting of September 25th.

# ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood disease, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of washing no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Millersville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be balanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Sims once recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

## S. S. S. FOR THE BLOOD

—Is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S. S. S.—Nothing can take its place. BOTTLES ON BLOOD AND SKIN DISEASES WILL BE MAILED FREE TO ANY ADDRESS BY THE SWIFT SPECIFIC COMPANY, ATLANTA, GEORGIA.

### MALARIA AND FEVER.

At this season of the year the atmosphere teems with malaria. The germs that cause typhoid and malarial fever are not only in the air but in the water you drink. The weak and debilitated become an easy prey to these germs, as they have not the vitality to resist them. Now is the time to fortify yourself against these diseases. The following symptoms are Nature's danger signals: tired and weak, no ambition, loss of appetite, coated tongue, headache, indigestion, constipation, do not get restful sleep, and general run-down feeling. If you have any of these symptoms, beware! Do not delay, but attend to your case at once, before malaria or fever has fastened their grip upon you. Thousands have prevented a fever by timely assistance with Dr. Kay's Renovator, thoroughly cleansing their sluggish system from germs of disease and impure matter, and avoided large doctor's bills. Quinine will not cure you, nor prevent a fever. Dr. Kay's Renovator will, as it renovates the entire system. It eliminates all malarial poison. By this process the blood becomes purified and every organ is toned up to a healthy and vigorous action. It taken now it may prevent months of illness. Just think how much this means for you. Dr. Kay's Renovator is sold by druggists, or sent by mail on receipt of price, 25c and \$1.00, or six for \$5.00, by Dr. B. J. Kay Medical Co., Saratoga Springs, N. Y. Send symptoms for free advice and free illustrated book.

### Conditions Have Changed

General David B. Henderson, who will, without doubt, be the next speaker of the House, to succeed Mr. Reed, has no fears about the success of the Republican party in 1900 and the continuation of our present national policy. He is quoted as saying in reply to the question whether in his opinion Bryan would be the Democratic candidate for the Presidency next year: "He may be, but if he is, he will get a much smaller vote than he did three years ago. The 'Granger' states, which in 1896 voted for Bryan, entered the Republican column in 1898. They will be found there in 1900." Evidently the General is of the opinion that the people of the country know a good thing when they see it and are not going to risk the substantial benefits which they have received through the restoration of Protection for any fancy promises on the part of Mr. Bryan or any one else. The election of Bryan would mean a change from present conditions, and no change could mean greater prosperity than that which we now enjoy. In 1896 the constant cry of the Bryanites was: "Any change must be for the better; nothing could be worse than present conditions." They were not far wrong, for the conditions then existing, as the result of Free-Trade, tariff tinkering, were such as to bring the country al-

most to the verge of revolution. But to day it is different. Conditions are such that any change from the restored policy of Protection to American labor and industries would inevitably be a change for the worst.—Economist.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we tried One Minute Cough Cure. It relieved at once and cured her in a few days."—E. L. Nance, Prin. High School, Bluffdale, Texas. L. P. Orth.

Norfolk News: Forty-one tickets were sold this morning at the union depot for Wayne where the district picnic of the A. O. U. W. is being held today, and the special car provided for the purpose was well filled with members of the order, their families and friends. Hon. E. J. Burgett of Lincoln and M. E. Shultz, Grand Master Workman, the two leading speakers of the day, joined the crowd here and accompanied it to Wayne. Each side of the car bore a banner on which were the words, "Norfolk Lodge No. 97, A. O. U. W." Among those who went over were C. H. Chamberlain, C. G. Dolan and wife, Geo. Schwenk, Wm. Bland, Nick Keat, Ed Grant, Mrs. Woodall, M. L. Ogden and wife, S. T. Adams and wife, J. M. Coyert and wife, John Quirk and wife, Mrs. L. A. Miller, C. B. Durland, C. C. Gow and wife, Mrs. Guthrie, Mrs. John Beach, Mrs. Jos. Schwartz, Fred Kroeber, F. F. Miller, May Harshman.

"It is estimated that during the last year 6,000,000 pieces of mail matter, including all classes, were posted in the United States," writes Patti Lyle Collins in The Ladies' Home Journal for September. "Of this number, 6,312,731 were sent to the deadletter office, making an average receipt of about 21,000 letters and parcels for each working day. During this period more than 85,000 pieces were dispatched either with insufficient postage or none at all, 32,000 bore no address whatever, 34,000 were misdirected, 200,000 were unclaimed at hotels, and something more than the last number were sent to fictitious addresses. And to these figures must be added 2,973,387 letters and circulars without inclosures of obvious value which could not be returned to the senders and were destroyed. More than 50,000 letters contained money amounting to \$38,595, while 32,422 included drafts, money orders, etc., to the value of \$945,000, to say nothing of 30,000 with photographs."
