NEW CHURCH DEDICATED!

Handsome Building Erected by the Presbyterians Dedicated Sunday, Sept. 3.

SERMON BY REV. W. G. CRAIG, D. D., L. L. D., OF CHICAGO.

Impressive Ceremonies Witnessed by a Large Audience. A Short Historical Sketch of the Church.

One of the most conspicuous events that has ever occurred in this city was the dedication of the handsome new First Presbyterian church at 10:30 a. m. Sunday September 3, 1899.

By 10:30 every available seat in the auditorium, lecture room and gallery was occupied and the choir under the direction of Prof. M. S. Davies, filled the choir loft to the rear of the pulpit.

At the conclusion of his address, Rev. Craig announced that an opportunity would be given for offerings to meet a deficit in the payment of the church, the sum being nearly \$4,000, and in less than an hour over \$3,900 was raised.

DESCRIPTION OF THE NEW CHURCH.

The new church building is 50x71 on the outside. The foundation is of red stone and the roof is slate and the entire building is one of architectural beauty.

ing completed cost over \$10,000, and is one that would be a credit to a city ten times as large as Wayne.

HISTORICAL SKETCH OF CHURCH.

During the spring of 1881 an article appeared in the Interior, giving a glowing description of the country lying along the Elkhorn river in northeastern Nebraska.

Womans. Although the Baptists claim the first church organization, the Presbyterians justly claim the first religious service. During the following December, Rev. Lodge again visited Wayne and preached in the unfinished real estate and banking house of Bressler & Patterson.

Rev. Lodge came to Wayne and became the first stated supply of the church, preaching his first sermon on Sabbath, April 2, 1882.

During the summer of 1882 it was proposed by six members of the congregation that with the aid of the Board of Church Extension, a building suitable for church and school purposes could be erected, provided the citizens would raise \$500.

As the building was used for school purposes during the week it was furnished with desks which made comfortable seats for the congregation of the Sabbath day.

At a congregational meeting held March 3, 1886, a unanimous call was extended to Rev. G. M. Lodge and application also made for aid from the Sustention Department of the Board of Home Missions.

Two of the conditions of Rev. Baker's call were that the church become self supporting and that a parsonage be purchased.

On June 22, 1895, Rev. E. Van Dyke Wight preached to the congregation and on July 3, 1895, a unanimous call was extended to him and on Oct. 13th, 1895, he was installed as pastor.

WONDERFUL CURE OF DIARRHOEA

PROMINENT VIRGINIA EDITOR HAD ALMOST GIVEN UP, BUT WAS BROUGHT BACK TO PERFECT HEALTH BY CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.—READ HIS EDITORIAL.

(From the Times, Hillsville, Va.)

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials how some wonderful cures had been wrought by this remedy I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today, and feel as well as I ever did in my life.—O. Judicial Convention.

The several counties comprising the ninth judicial district of Nebraska, are hereby requested to send delegates to a republican judicial convention to be held at Norfolk, Nebraska, on the 25th day of September, 1900 at one o'clock p. m. for the purpose of placing in nomination a candidate for judge of the district court of said district and for the transaction of such other business as may properly come before the convention.

The several counties are entitled under this call to representation as follows, based upon the vote for Hon. M. L. Hayward for governor of the state of Nebraska in 1898:

Antelope	10 votes	Madison	16 votes
Wayne	9 "	Knox	14 "
Pierce	6 "		

M. D. TYLER, Chairman, A. A. WELCH, Sec'y.

Judge Dickinson of Tekamah has positively declared his intentions in regard to the republican nomination for supreme judge, and will not be a candidate.

Bryan is making the fight of his life, but it will avail him naught. He has the wrong idea of Americanism, and Nebraska will strike the blow this fall that will land him some degrees to the windward in the presidential race.

Down at Lincoln Gov. Poynter, St. Plomb, et al, used the reception tendered the Lincoln company of the First Nebraska, for political purposes. It is a mistake which they will wish hadn't occurred before the election is over.

There is no doubt that a vast majority of his countrymen were with him when President McKinley said, in speaking of the Philippines: "Peace first, then, with charity for all, a government of law and order under the stars and stripes."

By the time Bryan gets through with Nebraska this fall, he will wonder why he got mixed up with that cow speak and cheap John St. How the mighty (?) have fallen, will be the well merited heading of a new song, to be dedicated to ex-Gov. St. Bryan and Allen.

The boys of the gallant First will no doubt long remember their return to Nebraska. The reception accorded the members of the different companies at their home towns was of the warmest character and when such is the case it is little wonder that the love of country becomes so engrafted in the hearts of Americans.

The esteemed Times-Trouble gracefully confers the republican nomination for district judge on Hon. A. A. Welch, of Wayne. For once in its career the T. T. has made a wise selection, and if Mr. Welch should happen to be nominated, Judge Allen will raise a Macedonian cry for Bryan and all his friends to come over and help him let go of the bear.—Norfolk Journal.

Simpson Fennel is a farmer living within fifteen miles of Nebraska City. He has only about three thousand acres in his little homestead. But last week he sold a small bunch of cattle to an Englishman for direct shipment to Liverpool. The amount received for that little herd was more, in gold, than ninety thousand dollars. How much better would Fennel feel if it were silver? On Saturday, the 26th of August Mr. Fennel kindly showed his account of sale to Mark Morton, who gave this item to the Conservative. Every steer in Fennel's herd brought six cents a pound on the hoof at home. Hard times! Poor farmer!—Conservative.

The Herald knows it but voices the sentiment of the citizens of this county in acquiescing to the fullest extent in the following from the Norfolk Daily News. Wayne county had but one member in Company F of Madison, First Regiment Nebraska Volunteers, namely: Elmer Lundburg. He participated in the capture of Manila, and afterwards came home on a furlough and was mustered out while here, receiving an honorable discharge with a creditable record. The News says in speaking of the returning soldiers: "The people of Norfolk in common with those of the entire state, extend to the gallant members of the 'Fighting First' a cordial and heartfelt welcome home, and wish for each individual member of the heroic regiment the richest and most beautiful blessings to be had."

In our hearts are engraven a record of your history making deeds in the far off Philippines. No news from those distant possessions has been more eagerly scanned than tidings referring to you, and the movements of no set of men more closely watched than yours. When you have scored a victory our hearts have cheered for you and as your engagements have all resulted victoriously for the glorious stars and stripes we have been proud that Nebraska was represented in this war by such a brave and valiant band of men.

The lists of casualties have also been carefully read, and our hearts have drooped in sorrow for those who have filled a soldier's grave beneath the sod of a distant land. Your sufferings and sorrows have been ours, and our regret was always that we were unable to prevent them.

While, as oft repeated, war is to be regretted, it undoubtedly is to be commended for certain results and disclosures. How, otherwise, could we have received such convincing proof that in the breasts of the young manhood of the present generation throbs hearts as patriotically true to a great and glorious country as any of preceding generations? How could we have so great an insight into your real worth and ability?

Your patriotic but distressing service has bound you to father, mother, to us all, with ties strengthened a thousand fold—ties which the dim future, with all its vicissitudes and surprises, holds nothing which can weaken or break.

Never in the history of our great country has such an uninviting field for a showing of patriotic motives been unfolded to our endeavors, seldom have such obstacles in the way of attainment been encountered, and it would not have been a matter of surprise had there been faltering and doubt. To be ordered to a tropical climate, infested with disease and swarming with enemies, containing mysterious and unknown dangers, might daunt the bravest, but in the ranks of the noble First there were no cowards, no traitors.

You have given indisputable evidence of a firm and unequalled love of country, and you have made of us hero-worshippers, willing and ready to sing songs of praise to your glory and honor. You have maintained before the world a loyalty and patriotism which has brought honor to yourselves and credit to the state you represent. The deeds of the "Fighting First" have already been heralded throughout the land and they will be inscribed in history as the most gallant of the war.

Our welcome is inadequate and expressionless when it comes to adjectives of what we really feel. We can bring you by the hand, embrace you, and offer you the best within our gift, but it all seems to weakly record our sentiments. Words are totally incapable—we can but say "Welcome, thrice welcome, and may the Ruler of the universe bless and prosper you."

MALARIA AND FEVER.

At this season of the year the atmosphere teems with malaria. The germs that cause typhoid and malarial fever are not only in the air but in the water you drink. The weak and debilitated become an easy prey to these germs, as they have not the vitality to resist them. Now is the time to fortify yourself against these diseases. The following symptoms are Nature's danger signals: tired and weak, no ambition, loss of appetite, coated tongue, headache, indigestion, constipation, do not get restful sleep, and general run-down feeling. If you have any of these symptoms, beware! Do not delay, but attend to your case at once, before malaria or fever has fastened their grip upon you. Thousands have prevented a fever by timely assistance with Dr. Kay's Renovator, thoroughly cleansing their sluggish system from germs of disease and impure matter, and avoided large doctor's bills. Quinine will not cure you, nor prevent a fever. Dr. Kay's Renovator will, as it renovates the entire system. It eliminates all malarial poison. By this process the blood becomes purified and every organ is toned up to a healthy and vigorous action. It taken now it may prevent months of illness. Just think how much this means for you. Dr. Kay's Renovator is sold by druggists, or sent by mail on receipt of price, 25c and \$1.00, or six for \$5.00, by Dr. B. J. Kay, Medical Co., Swatoga Springs, N. Y. Send symptoms for free advice and free illustrated book.

With Mr. Bryan as the candidate the only thing about the campaign that would be worse than the candidate would be the platform.

Bryan says an abandonment of the 16 to 1 ratio is an abandonment of the money question. So it would be, on the part of Bryan; but others have not put all their eggs in the 16 to 1 basket.

The vision of the stork is one which brightens the eyes and quickens the heart beat of every young wife. Yet often the vision is never realized, and as the laughter of infant voices floats from without into the childless home the eyes sadden and the heart grows sadder. It often happens that childlessness is due to conditions which may be corrected. Many women have found that the vitality and vigor imparted to the womanly organs has been the one thing needed to fulfill the joy of motherhood. This famous medicine is not a cure-all, but a specialist's prescription, having as a single aim the cure of diseases peculiar to women.

Sick or weak women are invited to consult Dr. Pierce, Buffalo, N. Y., by letter, free of charge, thus avoiding the indelicate questions, offensive examinations, and local treatments generally considered necessary by inexperienced practitioners. All letters are held as strictly private and answered in a confidential envelope. Here is another alcohol-sar other important contained in "Favorita Prescription," and it is absolutely free from opium, cocaine and all narcotic drugs.

My wife was sick for over eight weeks. I wrote Allen E. Pease, Esq. of Atlantic, Grand County, Tenn., and he sent me a box of your Favorite Prescription. I took it and we decided to try it. I took it and we decided to try it. I took it and we decided to try it.

Boils and Pimples Give Warning.

AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP.

When Nature is overtaken, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance—a warning that can not safely be ignored.

To neglect to purify the blood at this time means more than the annoyance of painful boils and unsightly pimples. If these impurities are allowed to remain, the system succumbs to an ordinary illness, and is unable to withstand the many ailments which are so prevalent during spring and summer.

Mrs. L. Gentle, 2014 Second Avenue, Seattle, Wash., says: "I was afflicted for a long time with pimples, which were very annoying, as they disfigured my face fearfully. After using many other remedies in vain, S. S. S. promptly and thoroughly cleansed my blood, and now I rejoice in a good complexion, which I never had before."

S. S. S. FOR THE BLOOD

is the best blood remedy, because it is purely vegetable and is the only one that is absolutely free from poison and mercury. It thoroughly purifies the blood and thoroughly cleanses the system, builds up the general health and strength. It cures Scrofula, Eczema, Cancer, Rheumatism, Tetter, Boils, Sores, etc., by going direct to the cause of the trouble and forcing out all impure blood.

County Central Committee.

A meeting of the republican county central committee will be held at the office of A. A. Welch on Saturday Sept. 9 at 8:00 o'clock p. m. Every committee-man is requested to be present.

F. L. Neely, chairman.

When Dewey comes home he will get a taste of American enthusiasm that will lay all past efforts in the shade. America loves her heroes and that's why the vast multitudes volunteer for services anywhere the flag needs protection, regardless of Bryanism.

Laurel Advocate: As John Krel was passing over the county bridge on Baker Creek south of Henry Madison's yesterday morning, it went down with him. Mr. K. lost his load of wheat and badly crippled one horse. Someone is responsible for the condition of this bridge.

If anybody has any doubts as to the popularity of President McKinley, he should read the account of the Grand Army Encampment at Philadelphia on Monday, when 35,000 Grand Army veterans were in the line of march. The enthusiasm with which he was greeted has never been more marked.

Somewhat or another our deluded pop friends have an idea that the fuslon biz will land them high and dry on the road to success in Wayne county this fall, but such is not the case. This is a republican county, and the republicans by their votes this fall propose to stand up for Nebraska and give Bryanism a body blow.

A boy addressed a younger comrade one day recently and asked him if he knew what "Bryanism" is. "Yes, you bet," was the reply. "What is it?" the older lad inquired. "Bryanism is where a man by the grace of a good people is appointed colonel of a regiment gotten up for his esdacial benefit, and then deserts it in time of need in order that he may use his mouth to howl against that for which he entered the service. That's the kind of lam it is; some would call it traitorism," said the youngster.

The Republican says: As it nears the beginning of the school year, quite a number of our young people are leaving and preparing to leave for different schools. Fred Wright, Herbert and Clem Theobald, Eugene Brookings, Geo. Wilbur, Ben Skiles, James Abern and Miss Caroline Stringer, go to the State University; Lloyd Cunningham goes to McCormick in Chicago to finish a theological course; Ross Cunningham to the American Conservatory of Chicago; Edna Britton to Doan College, Crete, Neb.; Maude Bressler to Birmingham, Pa.; Sominary; Ethel, Arthur and Walden Trucker to Cornell. Mt. Vernon, Iowa.

To this we would add that Earl Gibson will also attend the State University; Miss Edith Moses and sister will attend the Normal at Peru, and H. S. Moses and Floyd Jones contemplate attending the University at Lincoln.

Winside Tribune: "My name having been used in connection with the republican nomination for the county superintendency, I deem it my duty to state where I stand in the matter. I appreciate the seeming good will accompanying the mention from various sources of my possible candidacy, but other plans make it inconsistent for me to pose at this time as a candidate for the nomination. I do not know that the situation is likely to change before the convention, so the field is open, so far as I am concerned, for any good republican who may wish to try for the nomination, and if such a one is nominated he will receive the cordial support of the Tribune. I believe the chances for republican success in this county this fall are excellent, and were I free to make the race for superintendent I would not hesitate, if opportunity presented. As it is, I hope to do my best for the whole ticket, instead of for a portion of it. B. W. MCKEN."

Denver Times: A large and appreciative audience gathered Thursday evening at the South Broadway Christian church, to hear the recital by Miss Mae Names of the Scott Saxton College of Oratory, and the program presented by her on this occasion was most acceptable to all lovers of dramatic art who were present to hear for the first time publicly in Denver, this young artist of brilliancy and promise. Miss Names demonstrated at once that she is possessed of a high degree of dramatic power, combined with great versatility, and the ability of entering completely into the spirit of her work. She presents a graceful stage appearance and the freedom and ease which mark every movement show her complete mastery of the technique of her art. Perhaps her personification of Demetrius showed more than anything else her broad comprehension and treatment of works of the more serious and impassioned order. The 600 or more persons present showed their appreciation of talented work and the esteem in which the young artist is already held.

A Word to Mothers.
Mothers of children affected with croup or severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment for colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale at Raymond's drug store.

Mrs. Curry, the wife of A. J. Curry, lives in Dixon county in the Curry settlement about six miles south of New Castle. Mr. Curry is a well to do farmer and both he and his family are highly respected. Mrs. Curry says: "I was sick and very weak with kidney and liver trouble. I had the worst complication of female diseases known to women. Hearing my neighbors talk of Craig's Indian Remedies, how they had relieved so many, I tried them and after taking two treatments I am cured. The reeking pain in my back is gone and I feel well every way. I most heartily recommend them to women suffering from these awful diseases."
