WAYNE COUNTY FAIR

THE RACES GIVE SATISFACTION

The twelfth annual meeting of the Wayne County Agricultural Society was held last week beginning on Wednesday. The first day was devoted to making entries and transacting general business. The ladies had taken especial pains to make the floral hall present a pleasing appearance, and it did, though the exhibits were not large; that of Otto Voigt is perhaps deserving of most praise for its excellence. The display of tinware, bath tubs, etc., was excellent, also the display of decorated yards by Mrs. Frank Fuller. The embroidery work by a number of little girls was frequently highly spoken of, as were the drawings by the school children. The exhibits in the Agricultural hall, both of agricultural products and of poultry, while not large, were of an exceptionally good quality, evidencing the fact that Wayne county can produce the very best in this line.

The day afternoon 1500 people attended the fair and witnessed the races. The Wayne Corn Palace Band furnished the music. The novelty race between the horses owned by Neils Nelson, Carl Engliert and Bert Ellis was perhaps the most pleasing feature of the afternoon. The race was half mile walk, half mile trot and half mile run and was won easily by Neils Nelson, while the crowd roared with laughter.

The 2:30 trot, purse \$100, was won by Alice G. Union Medium Jr. 2nd, Speculation 3rd. Time 2:29 3/4.

The 2:40 pace, purse \$100, was won by Cep. Medium, Ionia 2nd. Time 2:27.

Pony Race, purse \$25, Little Pet won, Hat Race 2nd.

On Friday afternoon a unique novelty race between the horses owned by Prof. Durrin, A. T. Witter, E. R. Chase and E. P. Olmsted took place, in which E. R. Chase's horse was the winner. The horses were driven by the owners. In the 2:34 trot, purse \$100, Union Medium Jr., Speculation 2nd, Alice G. 3rd. Time 2:30 3/4.

The 2:18 pace, purse \$100, Cep. Medium won, Nebraska Bourbon 2nd, Ionia 3rd. Time 2:25.

Novelty Race, running, Joker won in the time of 1:52.

Financially the fair was a success.

JUDGE MOSES' VIEWS!

The following interview occurred a few days ago between Judge H. H. Moses, a Life-Long Democrat, and a Leading Republican of the County.

J. I have heard Mr. Moses, that you are not satisfied with the nomination W. V. Allen for judge of the district court, in the ninth judicial district, and that you do not intend to support him. Is this report true?

It is.

Will you support Mr. Welch, the republican candidate?

"It is my present intention to do so. Have you any objection to giving your reasons for so doing?"

"None, except that my reasons are so many that you would probably not have patience to hear me through."

"As I know you to have been a life-long democrat I certainly shall be interested in your statements."

"Yes, I have voted with the democratic party for forty-eight years. But you must not understand me as saying that during all that time I have always voted for every candidate on the ticket. If I had good reasons for believing that one or more of the candidates on the ticket did not believe in the principles of the party, was in fact a mere pretender, and a fraud, or if I judged him morally or intellectually deficient, I have claimed and exercised the right to scratch his name and substitute another."

"In this instance, W. V. Allen is not the candidate of the democracy of Wayne county. He has not been nominated by them. A few individuals perhaps a little more than a baker's dozen, assuming to be the big moguls of the party, got together and appointed delegates to attend a judicial convention. No convention of the democratic voters was called and none had. No opportunity was given them to express their views; or to make choice of persons to represent them in a judicial convention. Those delegates knew full well how they were selected and that they had not been authorized by the democracy to represent them in the convention, and it would have been a piece of high-handed impudence for them to undertake to do so. Their action in the convention and the result of the convention shows conclusively that they did not undertake to represent the democracy of this county; for if they had, their votes would have been cast for a democrat. Instead of presenting a candidate who is a democrat they go to another party and solicit from it a candidate who does not even pretend to be a democrat. All that those delegates could do, and all they did do, was to represent those who would be moguls who appointed them, and absolutely none others. The democratic party of this county, at least, has no candidate for judge, and each democratic voter is at liberty to either vote for all, or select a candidate to vote for which suits him best."

"My preference will be for Mr. Welch because I think I have the means of determining that he is at least the equal of Mr. Allen in ability, legal knowledge, honesty honor, and acquaintance with those rules and principles of courtesy and amenities due from one attorney to another, and from the court to the bar. Madison county has now furnished, almost uninterruptedly for over ten years the judge of the district court, and if the emoluments and the honors of the office are of any value to a county, as I think they are, it is high time that some other county of the district should have its share. Again there are many applications and motions to be made to and heard by the judge at chambers, and when the judge resides in another county from the one from which the application comes, it subjects the attorney and suitors to extra time, expenses and costs. There can be no reason why the other counties of this district should be saddled with these burdens, unless Madison county has persons better qualified to fill the office of Judge than any other county, which every lawyer at least, well knows is not the case. Again, Mr. Allen was elected to this office several years ago, and abandoned it as soon as there was a chance to get another office which suited him better. And there can be none so stupid as to not know that he will take the judgeship only as a makeshift while he is waiting for Mr. Thurston's term to expire, hoping and tremblingly expecting to succeed him. If elected judge he will devote more thought and energy to laying the ropes to step into Thurston's place than to performing the duties of the office."

The Ninth Judicial District is not so hard up for judicial timber as to be under the necessity of asking Mr. Allen to be so kind, obliging and condescending as to take an office which he has once thrown back in the faces of the voters of the district."

"We, the republicans of Wayne county, in convention assembled take this occasion to congratulate the people upon the general revival of business and the resumption of property we now enjoy and which we believe to be due to the restoration of confidence following the party's success in 1898.

"We are heartily in accord with the policy of the administration in the conduct of the late war and commend the course it has pursued toward the readjustment of affairs in our newly acquired territory. We believe any other course than that of establishing our full and complete sovereignty over all the territory acquired by the late treaty of Paris or any attempt to evade the responsibility there assumed would subject us to the just contempt of all the progressive powers of the globe.

"We endorse the platform enunciated by the republican state convention and commend the wisdom there shown in the nomination of Judge Reese

"We congratulate the voters upon their choice of a candidate for Judge of the Ninth Judicial District and can say that in the person of Anson A. Welch we have a candidate to whose record as a citizen and a lawyer we can point with a just and pardonable pride and in whom we will have a judge that will be an honor to the district and a credit to his party.

"F. L. Neely was elected chairman, and Chas. Craven secretary, of the county central committee, and the following committeemen named from each precinct: Chapin, G. A. Lewis, Brenna, E. T. Romick; Deer Creek, J. R. Manning; Garfield, E. C. Brooks; Hoskins, Louis Ziemer; Hancock, Per-

The Chicago Record proudly boasts that Chicago secured the anti-imperialist convention without putting up a cent.

St. Paul was ready to pay for it going somewhere else. Mexico has allowed President Diaz \$100,000 to spend in Chicago. That ought to give him a couple of pretty warm nights.

POINTING THE WAY.

When a brave admiral in war time goes into an enemy's harbor he knows that the life of every man in the fleet depends upon his skill and courage. It is a tremendous responsibility; and yet he cannot feel it any more deeply and truly than a conscientious physician feels his responsibility for the lives of those who are dependent upon his professional care and skill. He feels that his duty demands more than a mere routine, stereotyped interest in his patients; he feels that his work is a serious matter; that it is often a question of life and death.

"You have my many heart-felt thanks for your kindly advice in my recent sickness," writes Mrs. Claus Nelson, of Rice Heights, Los Angeles, Cal., Box 41, in a cordial letter to Dr. R. V. Pierce, of Buffalo, N. Y., dated for your book which I received two years ago, and which I have had since I got it. "I had female trouble and Dr. Pierce's Favorite Prescription, together with the advice given in his book, cured me in five years' sickness. I thought my days would not be long out, but kindness and medicine would not let me die." "For more than thirty years Dr. Pierce has occupied a grand and most unique position for benefiting his fellow beings: As a consulting physician of the great Invalids' Hotel and Surgical Institute, of Buffalo. Almost countless thousands have sought his services and advice both in person and by letter. "He is one of the best men in the world," said the late President Garfield, "and he is at the head of one of the best medical institutions in the world." Dr. Pierce's great thousand-page illustrated "Common Sense Medical Advice" is sent free for 21 one-cent stamps to pay the bare cost of mailing, or for handsome cloth-bound copy, 31 stamps. He makes no charge for consultation by mail; he only requests the sender to enclose their cases to him fully, freely, and in perfect confidence. Address Dr. R. V. Pierce, 665 Main Street, Buffalo, N. Y.

REPUBLICAN NOMINEES.

ENOCH HUNTER. The old soldier candidate for county judge is well known to every citizen and needs no commendation, and he is recognized as having made an honest, upright and impartial judge, commanding the respect of all people. His re-nomination is a fitting one and is so recognized by all parties.

ROBERT JONES. Candidate for county surveyor, is one of the prominent and well-to-do Welsh farmers in Garfield precinct, who has served the county in the capacity of surveyor at the hands of the populist party, but seeing the fallacy of the populist cause returned to the republican party two years ago, and is now an earnest worker in the cause. He is thoroughly competent and merits the support of every republican in the county.

DAN MC-MANICAL. The nominee for sheriff, is one of the well known and substantial farmers of Plum Creek precinct, with plenty of ability to fill the position. He is an old soldier and has been a resident of Wayne county for many years.

A. T. WITTER. Is one of the respected citizens of Wayne, having resided here for several years. He is a candidate for district court clerk and is in every way qualified to fill the position, and republicans should look well to their ballots.

ROBERT W. WILKINS. The nominee for county treasurer, is 34 years of age, was born in Ohio, and from there moved with his parents to Illinois where they resided for several years. From Illinois they came to Wayne county. Mr. Wilkins has been a resident of the county for 17 years. In '82 he entered the employ of L. C. Dearborn in the drug business and has been engaged in that business ever since, having purchased the drugstore of Dr. Williams in 1891, later forming a partnership with H. D. Blanchard. He has been a successful business man recognized for his sterling integrity, and is recognized as one of the leading druggists of the state. He is a first class accountant and so far as competency to fill the office of county treasurer he has no superior in this section of the state, and his long residence and assistance in building up the city and county entitles him to proper recognition in the county affairs.

J. R. RUSSELL. Has served the county the past three years as commissioner from the first district. He has been a faithful and tireless worker in the interests of his constituents and his unanimous re-nomination is a merited recognition of his services. There is no doubt of his re-election, and that too, by a greatly increased majority over three years ago.

BERT BROWN. Our next county clerk, has been a resident of the county for many years, having removed with his parents from Indiana to Wayne county when a little boy. Four years ago Mr. Brown was elected clerk of the district court over strong opposition. He is thoroughly qualified for the position of county clerk; he is a young man of excellent habits, honest, courteous and well liked by everybody. A vote for him is a vote for the right man.

EDWARD A. LUNDBURG. Candidate for county superintendent, is the youngest man on the ticket, but his excellent education and experience as a teacher well qualifies him for the office of county superintendent. Mr. Lundburg is now principal of the Emerson schools, this being his second year at that place. No young man in the county is more deserving of recognition than Mr. Lundburg; he is a hard worker and has been very successful in everything he has undertaken. He will be our next county superintendent.

This country has a clear cause of action against the physician who restored Billy Mason's throat to a talking condition. What Boston needs now is to go to Kansas. Kansas used to be just like Boston is, but has manfully recovered.

The way Silas hankers after office is a caution, but he has had his last call...

By the time election day arrives it will be difficult for the populists and democrats to tell what Bryan's platform is...

Good-bye, Mr. Holcomb, good-bye. You will be needed at home after Nov. 7th...

The nomination of Judge M. B. Reese seems to have infused new life into the republican party in Nebraska...

This nation is grateful to its heroes as the magnificent reception to Admiral Dewey evidences in no uncertain manner...

The state house ring and would be halloo rapers at Lincoln are turning heaven and earth to elect Slippery Silas...

The revenue balance of the United States Treasury is now written in black instead of red for the first time since the democratic administration turned it to the wall...

The HERALD is pleased to state that not a single word can be said against the character and standing of Hon. A. A. Welch...

The free silver republican party has "kernunked." The well. It was born of prejudice and died a burning. Peace to its ashes.

AN IMPARTIAL JUDGE.

In 1893 Silas A. Holcomb was a candidate for the position of judge of the supreme court of Nebraska. In 1893 Silas A. Holcomb's candidacy was opposed by the Omaha World-Herald and he was denounced as lacking all the elements necessary to make him an impartial judge...

Judge Harrison was nominated by the railroads and corporations. All business interests are asked to support him for that reason. On the other hand, Judge Holcomb is pretended to be a representative of the anti-monopolists and debtors...

This is a vicious issue to be permitted to creep into the selection of our judiciary. Do the people of this state want a champion of any special interests elected? Do they not need rather an impartial judge representing neither the corporations nor their enemies...

We have had enough of special advocates upon the supreme bench. The false issue injected into this campaign should be rejected by all good citizens by the election of Frank Irvine.

The pertinent question presents itself, if Judge Holcomb would not make an impartial judge in 1893, how can he be expected to make an impartial judge in 1899? If anything Judge Holcomb six years ago promised better for the bench than ex-Governor Holcomb today...

Yet the World-Herald, after refusing six years ago to support Judge Holcomb on the ground that it wanted an impartial judge, now asks the people of Nebraska to vote for him as against the republican candidate, M. B. Reese, who by his sole during one term's service on that bench showed himself the fairest and most impartial judge who ever sat there...

Edgar Howard of the Papillion Times says he never did and cannot now regard Judge Reese, the republican nominee for supreme judge, as dishonest. It is safe to say this is not alone the opinion of the Times editor but of every editor in the state...

The republican papers have a lot of paid correspondents in the different towns, who report that M. B. Reese's candidacy is pleasing. No fusionists don't need to hire men to work for Holcomb. The people are doing that—Stanton Register.

Is that so? Well, the World-Herald sent a paid correspondent with Bryan on his recent trip through the state, and judging from the number of lies told he must have been working on commission; the more lies, the more the salary.

We are only half a century old but we cannot recall a time when stump orators and silly scribes did not talk about the rich getting richer and the poor getting poorer, the masses of the governing classes, and that class of rot. It is falled over and over every campaign, and yet people continue to prosper and liberty is more firmly established than ever before...

Niobrara Pioneer: The selection of A. A. Welch as a candidate for judge of this district is an excellent one in point of legal and judicial ability, and the fact that Judge Allen finds it necessary to postpone Knox county's term of court until after election, so that he can canvass the district, shows which way the wind blows.

"Vote for Holcomb to help Bryan next year," shout the fusionists. "Vote for Reese to give the people of the state a clean, honest and capable supreme court," answer the republicans. Which is the more important to the state? Which is more honest and patriotic? Which are you going to do?—York Times.

The HERALD will watch with keen interest the vote of the populists and democrats in this county for Holcomb and Reese. If many of them are honest in their convictions, there can be but one result, they will cast their ballots for Judge Reese.

The free silver republican party has "kernunked." The well. It was born of prejudice and died a burning. Peace to its ashes.

Well meaning populists who do not propose to be led around by the nose by the triple political ring will cast their votes for M. B. Reese, and A. A. Welch. In fact, many of them will vote the entire republican ticket this year.

FOR JUDGE, A. A. WELCH.

We fully believe that in the selection of A. A. Welch for Wayne, as the republican candidate for district judge the very strongest man in the district was selected. Certain it is that in Wayne county, where he is best known, his popularity and vote-getting qualities are fully known through past experience...

In 1896 when Bryan sentiment ran rampant throughout Nebraska, and when Bryan carried the county by 117 A. A. Welch was elected county attorney by just 400 majority. He was and is easily the most popular man in the county. It is true he was not then running against Wm. V. Allen whose record as United States Senator gives him a certain amount of prestige with some, and it is true that in this judicial district Mr. Welch has a nominal fusion majority, as per the head of the ticket last fall, of 640 to overcome. It is well to face these facts, but at the same time in the judicial contest four years ago the fusion majority for Judge Robinson was only about 150, which is perhaps as fair a test of the vote in the district as was the vote on governor last year...

Then too, the unmistakable trend of events in this year of patriotism, good crops and fair prices is toward republicanism, so that Mr. Welch's chances of election are far from poor. We have known Anson A. Welch nearly ever since we have been in the county, and in common with the people of Wayne county in general we know him to be a man of sterling integrity, of upright, honest, and of undoubted legal ability. Mr. Welch is an eminently fair minded man, and singularly free from prejudice of any kind. As judge, he would decide all cases strictly on their merits and in accordance with the law and evidence...

He would be thoroughly upright and incorruptible, and everyone, rich or poor, high or low would be sure of strict impartiality and absolute justice under his administration. If everyone in the district knew Anson A. Welch as well as do the people of Wayne county there would be no doubt of his election. He is, however well and favorably known throughout the district, and he will run well in all parts. With the united efforts of his friends in all parts of the district from now until election we believe he will be our next judge, as he ought to be.—Windside Tribune.

Miscellaneous. Not that it matters particularly, but what did Gen. Pope intend to do with that \$500, anyhow? The golden grain fed by farmers to beef crippers becomes a veritable mine of precious gems. Joseph Stockford, Hodgdon, Maine, headed a sore running for 17 years and cured his piles of long standing by using DeWitt's Witch Hazel Salve. It cures all skin diseases. L. P. Orth.

Speaking of the "less" things, what is the matter with a silverless campaign for the Iowa democrats? They seem to want it, at any rate. Eat plenty; Kodol Dyspepsia Cure will digest what you eat. It cures all forms of dyspepsia and stomach troubles. E. R. Gamble, Vernon, Tex., says: "It relieved me from the start and cured me. It is now my everlasting friend." L. P. Orth.

There is fighting enough among the New York reception committees to make the grim old admiral feel perfectly at home. "It did me more good than anything I have ever used. My dyspepsia was of months' standing, after eating it was terrible. Now I am well," writes S. R. Keener, Holsinger, Kan., of Kodol Dyspepsia Cure. It digests what you eat. L. P. Orth.

Senator Forsaker has definitely made up his mind that there is nothing in it to be a stalking horse for the anti-administration "republicans." President King of the Farmers' Bank of Brooklyn, Mich., has used DeWitt's Little Early Risers in his family for years and says they are the best. These famous little pills cure constipation, biliousness and all liver and bowel troubles. L. P. Orth.

All the arguments against expansion summed up and condensed for convenience and digestion, are but so many excuses for treason. The "Plover Preacher," Rev. J. Kirkman, Belle River, Ill., says: "After suffering from bronchial and lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds, grippe and all throat and lung troubles. L. P. Orth.

Bryan and Allen now realize the millions attached to their necks in the personage of Silas Holcomb. The words of Judge Edgar Howard of the Papillion Times, how come home to root. "If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Editor Fackler, of the Mitoanopy, Fla. Hustler. It cured his family of LaGrippe and saves thousands from pneumonia, bronchitis, croup and all throat and lung trouble." L. P. Orth.

The New York World says Dewey is the only man who can lead the democratic party to victory, but Dewey has already led something to victory that is a good deal better than the democratic party, and will not take a backward step. "I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy, for having put on the market such a wonderful medicine," says W. W. Massingill of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who have used Chamberlain's. It is for sale by Ed. J. Raymond, Druggist.

RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost unendurable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an indication of a humor in the blood—of a terrible condition of the system. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes: "I had Eczema, thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.—nothing but take its place. Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

SCHOOL NOTES.

The enrollment for the month just ended was 426, and an average attendance of 425.

A lecture course is to be given this year, from the proceeds of which the library will be benefited, it is hoped.

The work in drawing which was exhibited at the Fair, was the regular class work. Drawing is taught two days in the week and writing three.

Parents should visit the primary grades now while the attendance is good. The work during the cold weather is always broken up and can not be so satisfactory.

Owing to the fact that many of the pupils fell behind in their work last year on account of diphtheria, it has been thought best not to take any time for the literary programs for the first month or two.

The teachers have a meeting every Friday afternoon and compare notes. It is the intention to have the parents who can, meet with the teachers occasionally, as a general understanding of the purpose in view will make the work of the school more effective.

The spelling classes in the various rooms are among the most interesting features of the school work. Much of that good old fashioned spelling—spelling for head—is used. This plan creates more rivalry and spurs better prepared lessons than any other method yet used. After years of experimenting with written spelling the best schools are now coming to the conclusion that the method is best which secures the most enthusiastic work on the part of pupils in preparation. The pupil gets all the practice he needs in written spelling, from the daily written work. If a pupil can stand and spell a word orally, he can write it correctly.

COLLEGE NOTES.

A large number of former students write the college that they will be here next term. Most of them will bring some friends to remain till the close of the school year next August.

Mr. Maack of Saylar, visited relatives at his home from Friday till Monday.

Miss Schumacher who teaches south of town visited friends Saturday afternoon.

Mr. Pat Coleman of Plum Creek, with a friend, was a college visitor Monday.

Miss Fay Weber spent Friday and Saturday in Omaha at the exposition and shopping.

Mr. Howard and his friend Mr. Johnson, of Stanton, came up Friday to see the fair and visit school friends.

Miss Reeves and Miss Osborne of Madison county are new students who expect to remain a year. They take the Teachers' course.

Miss Edith Hatchelor came down from Norfolk Saturday to visit her sister who is spending this year in college and completing the Scientific course.

Miss Anna Miller, who completed our Teacher's course in '94 and the Scientific course in '96 has given up teaching and accepted a position in hospital at Yankton.

There must be a scarcity of gentlemen teachers for the winter schools. The college receives a large number of letters inquiring for competent teachers but all the college students have positions.

A friend advises us that Mae Preston is meeting with the best success in the Decatur schools. She was a decided success in the country schools of this county and well prepared herself for a good position.

At the meeting Sunday afternoon the Young Womans Christian Association elected the following officers: Miss Leonard, president; Miss Wheeler vice-president; Miss Pate, secretary. The program committee is Misses Horton, Keller and Hatchelor. Miss Horton leads the meeting next Sunday.

WINSIDE.

H. E. Siman was in Wayne Monday. Elma Benser went to Wayne Thursday.

F. A. Dearborn was in Winside on Tuesday. J. R. Cooks drove to Stanton last Thursday.

A. Woodward of Madison, Sundayed in Winside. Sheriff Cherry was on our streets Wednesday.

A. B. Clarke returned to our town the first of the week. John Kaufe brought in some cattle from the west, Friday.

S. C. Lane has just purchased residence property of Dr. Cherry on Miller street.

A. T. Chapin bought the building occupied by Reibert Sisters as a millinery store, Tuesday.

Mr. and Mrs. Harry Workman and Wm. Hayes and his mother were among Wayne Fair visitors Friday.

A. M. Averill bought the lot and buildings on Main street owned by Chris Christensen, last week.

Miss Mary Engelhardt of near Julesburg, Colo., sister of J. T. Engelhardt, visited her brother and family this week.

Chris Christensen, a Dane whose reputation while among us has been such as to make him no honor either to his own or his adopted country, visited the farm house of Eric Cook some time last week. Mr. Cook showed him some valuable old coins which he prized very highly; Christensen was alone in the building where the coins were for a short time and almost immediately after his departure Mr. Cook had occasion to look in the trunk where he kept the coins, when he found that the most rare and valuable pieces of money had been taken. He at once surmised that Christensen had them and came to Winside and had the suspect arrested. The search of his person and premises resulted in not finding the missing articles that day, but it seems that he was too proud of having evaded the law and showed some of the coins to persons in town. Tuesday night he was re-arrested and a trial with Attorneys Fuller and Siman and Justice Gaetler with H. P. Petersen as Christensen's nearest friend, was had on Wednesday, resulting in the theft being acknowledged and Christensen's paying something like \$60 for the privilege of having carried another man's money for a few hours. The coins are to be returned to their owner, and are now deposited for that purpose. "Verily, the way of the transgressor is hard," but not so hard in this case, at least.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va. struck his leg against a dake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Ed. J. Raymond, druggist.
