CLOTHING

for the next few weeks. Our stock is complete and we ask no ADVANCE, but will make OLD PRICES and BETTER. If you don't believe this come in and price the goods—everything guaranteed just as represented. A nice line of Wash Suits and separate Knee Pants for Boys, also separate parts for men.

THE RACKET.

What do you Expect to Find

In a first-class Bakery? The first thing in the class of Bread kept on hand, whether it is also, sweet or light, or heavy and sour and unfit to eat. Being satisfied on this point you begin to look around as to the cleanliness of the store, and we would be pleased to have you call and put us to this test. We pride ourselves on our cleanliness, and all our Breads, Cakes, etc., and groceries will be found first-class and the best on the market. Our prices are right, too.

CARL VOLPP, Wayne.

Mines, LEADING Jeweler.

When you are ready to talk Watches you will find us on the ground floor with the largest assortment to be found in this part of the state. All the newest designs, best quality, and the greatest value for the money to be found anywhere.

MINES, The Leading Jeweler.

Dr. J. C. Clark, Eye Specialist, will be at Wayne, July 25th.

Machine Oil at Eli Jones & Son's. Rolley Ley was in Sioux City Monday.

Joe Jones was down from Carroll Monday.

Self Sealing Root Beer Bottles at Sullivan's.

The nicest assortment of Opal wares at Sullivan's.

Delegate Phil Kohl went to Kansas City Friday.

Banker Merrill was down from Carroll Tuesday.

Miss Elsie Sprague went to Winside Tuesday evening.

WANTED: Two ladies to board and room. Call at this office.

Crushed rock salt for use in freezing ice cream at Brookings.

Mrs. C. L. Bard of Wakefield, was in Wayne on business Tuesday.

Miss Bertha Neff was the guest of her uncle, L. F. Rayburn over Sunday.

Fred Volpp, Wm. Wright and W. S. Goldie went to Kansas City Monday evening.

At the Communion services at the Presbyterian church last Sabbath, nine new members were received.

Miss Dolly Holtz was an arrival from Sioux City Tuesday morning, and will visit in Wayne for a few days.

Rube Allyn, humorist and entertainer, will be at the Presbyterian Church next Monday evening. Admission 10 and 15 cents.

Norfolk Tribune: William Beckenhauer of Randolph and Andy Chance of Wayne passed through the city yesterday on their way to Beemer to put up a large brick building.

Call for Wayne Superlative Flour at your Grocers. Only \$1.15 per sack.

Subject of morning services at the Presbyterian Church next Sabbath morning: "The four pillars upon which rests the prosperity of our country," in the evening there will be a union service addressed by Mrs. Crissman, matron of the Omaha Rescue House.

The three act comedy, "A Bachelor for a Day" will be presented by local talent under the auspices of the Federation of Women's Clubs, on Saturday evening, July 14. The Federation puts on this play, in connection with other entertainments for the benefit of the public library. (See bills later.)

The families of Emil and Will Weber and R. E. K. Mellor partook of a splendid supper, on the lawn of the beautiful home of the latter, July 4th, and it was one of those kind which makes one wish that every day was a 4th of July. After supper the evening was very pleasantly passed in conversation and mirth making.

For a Welsh rare-bit, grate one pound of soft American cheese. Put this into a sauce pan with half a teaspoonful of salt, a dash of pepper, a teaspoonful of Worcestershire sauce, two whole eggs beaten until light, with two tablespoons of milk. Stir until the cheese is melted. Pour over slices of hot buttered toast and serve immediately.—July Ladies Home Journal.

For the Finest Case Beer for Family Use Call on or Telephone OSCAR FRANKS, Proprietor of "Schlitz Place."

Local and Personal.

See W. L. Jones for fresh fruits.

See Otto Voget for bicycle repairs.

T. B. Heckert, Dentist, over Miller's. Big discount on hats at Bayer Sisters.

Geo. Fox came down from Randolph Friday.

Mrs. Bean has returned to her home at Tekamah.

Ethel Norris entertained friends on Friday evening.

A. A. Welch was in Ponca on legal business Tuesday.

Fresh fruits in season at Brookings, opposite post office.

Heinz Pickle Vinegar. Warranted to keep pickles. Brookings.

Ice cream by the quart or gallon for parties or picnics at W. L. Jones.

Call and see the hats we are offering at 50c. on the dollar. Bayer Sisters.

S. B. Russell and Grant Mears returned from South Dakota on Saturday.

Call in and see the new lines of bicycles at Otto Voget's. They are beauties.

War Declared this Morning!

See E. M. Smith when you need Soreen Doors.

The wind mill men had a "puddin'" last week and feel like millionaires now. Who wouldn't?

Prof. Conn returned from Knox county Saturday, where he had been engaged in institute work.

W. L. Jones is the place to go to when you want a nice cool summer drink or a dish of ice cream, etc.

What's the matter with wheat and silver? They seemed to have had a worse falling out than the Kansas City convention. The separation is severe.

Wayne Superlative Flour is only \$1.15 per sack at any store in town.

Fred Alexander was over from his home north of Wakefield, on Tuesday and made this office a pleasant call. Fred has been attending the State University for three years past and next year contemplates going to Chicago to attend a school of medicine.

The HERALD is in receipt of a copy of the evening edition of the Manila Times, in which we notice a program of memorial day exercises. Judge W. F. Norris is down for the address of the day. The paper contains much news of interest concerning the islands and the guerrilla warfare.

Fifteen car loads of cattle left Wayne for Chicago Tuesday afternoon, seven of which came down the branch. Chas. Shults shipped five from here to Chicago and was accompanied by his father-in-law. From Chicago he will go to Three Rivers, Michigan, for an extended visit with relatives. Perry & Porterfield shipped three loads to Chicago. Henry Kollogg accompanied them and before returning will visit several days with relatives in Milwaukee.

C. H. Chellis, editor of the Ulysses Dispatch, in a personal communication writes: "Rube Allyn is a royal good fellow, and as an entertainer he is the 'best' they is." He and his estimable wife gave such excellent satisfaction here in Ulysses that by request they gave a second entertainment. If you want a real, good hearty laugh hear Mr. Allyn. If you want to hear something especially good in the pathetic line, hear his wife. They are a combination hard to beat.

They will entertain in Wayne, Monday evening, July 9th, in the Presbyterian church.

West Pointers got a big shock Monday noon when a display of fireworks in Gregor's confectionary store window became ignited. Sky rockets, roman candles and cannon crackers kept up a fusillade for ten or fifteen minutes, demolishing the store front, ruining a portion of the grocery and confectionary stock. The building took fire, but it was soon put out by the bucket brigade of the fire department. The fire started from shooting off a target pistol, the cap of which ignited the tissue paper ornament of the window. The fire was then communicated to the crackers. The building is owned by Ulrich Bruner and is fully insured. Loss on the building, \$75. The loss on stock is about \$200, and is also fully insured.

Ice for Sale.

Inquire of J. H. Goll. For Heinz Pickle Vinegar go to Brookings.

A. L. Tucker was a Sunday visitor in Norfolk.

See the change in Robert Heft's address this week.

Trimmed hats going at half price at Bayer Sisters.

Up-to-date the crops are looking fine in most localities.

Remember W. L. Jones when you want a first class lunch.

For neat job work call on or address the HERALD office.

The population of the city of Wayne of children of school age is 821.

John Hamer, and G. W. Kingston were here from Carroll Saturday.

C. F. Graham and family went to Iowa on Monday for a few days visit.

Miss Lewis of Sioux City, was the guest of Mrs. C. J. Lund over Sunday.

Heinz Pickles, India Relish, Chili Sauce and Olives at Sullivan's Grocery.

Over a Million flies locked out in Nebraska by Sorensen bought of E. M. Smith.

If you want vinegar that will keep pickles call for Heinz Pickle Vinegar at Brookings.

Mrs. John Hallenbeck, of Sergeant Bluffs Iowa, is visiting with her sister, Mrs. A. B. Clark.

Wm. Beokenhauer of Randolph, was in Wayne a few hours Monday morning on his way to Beemer.

Owing to the celebrations throughout the county our correspondents failed to send in the news this week.

Mrs. Chas. Folly is here from Boyd county visiting her sisters Mrs. P. Dixon and Mrs. Smith McManigal.

Miss Mary Coyle returned home Monday from her Sioux City visit accompanied by Miss Rosine Waters.

A severe hailstorm in the vicinity of Wausa and Randolph last Friday morning did considerable damage to crops so it is reported.

Main Street was bombarded last evening, the roar of cannon crackers was almost deafening and all the fireworks in the city were in use.

The wheat crop will be good if present prospects continue, and you will need a new Wagon Box. Buy the Madison at Eli Jones & Sons.

J. W. Sprague of Fullerton Neb., has been visiting the past week with his daughters, Mrs. W. C. Wightman and Miss Elsie Sprague of this city.

R. P. Williams and J. Tower went to Kansas City Tuesday morning to attend the national Free Silver Republican convention, whatever that is!

Call for Wayne Superlative Flour at your grocers. Only \$1.15 per sack.

Mr. and Mrs. H. W. Gamble and Frank Gamble arrived from Kirksville, Mo., Saturday evening. Harry was married on Thursday evening, June 23, to Miss Gertrude Bowman, of Kirksville, at the home of her parents. Rev. A. F. Ernst performed the ceremony. The bride is said to be an estimable young lady and has been a classmate of the groom for the last year or two. Hal's many friends here will wish them much happiness and prosperity as they journey through life.

If the proper effort was put forth by our citizens it is quite within the range of possibilities that Wayne could secure a "rural free mail delivery." Ponca has it, Blair has it and several other towns and communities in the state were the recipients of the local office are not as great as at Wayne. It is a matter that would be of great convenience to the farmers of this section and they are entitled to the best there is on earth. Two or more routes could be established that would very nearly if not quite be self-sustaining from the very start. One of these routes could be to the south and east and another to the northeast of the city and we believe one to the west could be established and that the returns to the government for their operation would be entirely satisfactory. It is certain that the communities would be benefited, and that the postal business would be considerably augmented by their being established. Let us move in the matter.—Republican.

THE GLORIOUS FOURTH

Was not celebrated to any extent in Wayne although there were several private parties and picnics during the afternoon and evening, where two or more families were assembled for the purpose of having a good time, partaking of refreshments, and quietly enjoying the day. Among those reported were parties at the homes of E. Cunningham, J. T. Bressler, Rob't. Mallor and Mrs. Kass, the latter being in honor of Miss Hoffman.

The morning trains carried out large delegations to Wakefield, Laurel, Winside, and a few to Carroll, where two or more excursion tickets being sold, while many went in buggies and carriages. A very good time is reported at Wakefield, Laurel, Winside and Carroll, although the attendance was not nearly so large as had been expected, due no doubt to the fact that too many nearby towns were celebrating. At Laurel the Wayne ball club had been engaged to play and in a very pretty game with Laurel team were victorious by a score of 14 to 11. The home club is winning Laurels right along these days.

At Winside Hon. Elmer R. Lundburg of this city, delivered the oration of the day, which is said to have been a masterly effort, a patriotic address, listened to with closest attention. The largest crowd from Wayne celebrated at Wakefield which was the most convenient, owing to the train service. Here the usual exercises in common with the program for the Fourth were carried out and money flowed freely. At Carroll the celebration festivities were very nicely planned, splendidly executed and the crowd well entertained. Quite a number went to Sioux City, some to the Elk Horn, while celebration picnics were held at the homes of A. M. Jacobs, W. H. Gildersleeve, Robert Skiles, Wright Rice and other places throughout the county. Miss C. M. White delivered the address at Skiles and Edward Lundburg at W. H. Gildersleeve's.

A PRETTY CONTEST.

Last Friday afternoon was the time set for a game of ball between the home team and the Randolph ball club, and in view of the fact that for a few years past the Randolph teams have been victorious over picked up nines at Wayne, they; the Randolph boys (good boys) had come to believe that with the assistance of an employed pitcher they had a clinch on the boys here; but they discovered their error and endeavored to save themselves by kicking where, if there had been any occasion for kicking, Wayne was certainly entitled to do it. But be that as it may, the game was a decidedly interesting one in which every inch of ground was contested until the score was made which decided the game. A lot of sports came down with the boys from Randolph to jolly them up and they did it, but did not think it was fair for the home people to do a little warbling for their own boys—but it was a game of ball and everybody understands the rest. The home team played a good game and few errors occurred though the few that did proved nearly disastrous, at the close of the sixth inning the umpire quit his job owing to a kick on his decision and a new man was substituted. In the eighth inning Nye made a pretty base hit and reached first; on making a run for second he upset the second baseman of the Randolph team who was in the line. Nye started for third base but the said second baseman held him; then gave him a shove causing him to lose his balance and fall to the ground, and as a result the runner was unable to play the rest of the game. Here a general wrangle occurred and the Randolph boys refused to continue the game, but finally were satisfied and the game proceeded. Randolph tied the score 8 to 8 in the last inning. Wayne went to bat and succeeded in making the winning score with one man out. Batteries: Wayne, Fisher, Wellbaum and Skeen; Randolph, Noyes and Dryer.

CLOSE CALL.

A fire alarm startled the people about 1 o'clock yesterday and, although hundreds of people had left the city, the streets were soon a mass of humanity. The fire was at the home of Fritz Schmill. The family had gone to the country, but Mrs. Schmill, owing to the fact that their boy had been sent away from home a few days before became uneasy and sent her daughters home to see if everything was all right. On reaching home and entering the house they discovered

Cheap Excursions on all Railroads.

fire in one of the rooms and immediately gave the alarm. The department responded promptly and the fire was soon extinguished with little damage to the house, a small hole being burned in the floor. The parents suspect their son as being the cause of the fire and there were evidences of fire crackers in the room.

Everybody now concedes the election of C. H. Dietrich as governor of Nebraska over Poynter, who has simply made a mess of the position he is unable to fill.

The District campaign button is becoming very numerous. It's a good thing. Everybody ought to belong to the same lodge. Join now and get all the benefits.

When the votes are counted the Robinsonites will wonder where John R. Hays got all of his votes. This is a season of prosperity. Reasoning and common sense people are not listening to hypocritical songs of fustianocracy.

The "Fortnightly" is the name of a new publication of a literary nature that will make regular visits every two weeks for a time at least. Its editresses are Miss Lela Tucker and Miss Nellie Dearborn, not exceeding the age of twelve, while the publisher, Luther Dearborn, is still younger. It is an interesting work and promises much improvement, mechanically, with age. The following is the salutatory:

TO THE PUBLIC.

This first class magazine to be edited in the summer of the year 1900, will be called the "Fortnightly," and will be edited every two weeks by Miss Lela Tucker and Miss Nellie Dearborn. The greater part of this little paper will be devoted to short and interesting stories of life's country and EVERY DAY LIFE THIS PART WILL BE CALLED NELLIE'S NARRATIVES and Lela's Legends and we hope it may prove satisfactory to its readers. ITS STORIES are strictly original and we apologize for the type in this issue, but WE PROMISE you that next time it will be "Greatly Improved."

On motion the following School Bond levies are made, to-wit:

District No. 9	3 mills
" " 38	2 "
" " 46	2 "
" " 41	3 "
" " 67	3 "
" " 78	4 "
" " 49	4 "
" " 77	10 "
" " 79	3 "
" " 17	1 "
" " 51	2 "

The Board of Education of the Wayne School District having requested a levy of 25 mills for all purposes, on motion the same is hereby made. On motion Board adjourned sine die.

BEAT BROWN, County Clerk.

Political Paragraphs. With everybody yelling, too at them this year, the democrats are not very

BEWARE OF THE DEVIL OF THIS OFFICE

FATAL ECONOMY.

VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap.

IVORY SOAP—99% PER CENT. PURE.

COPYRIGHT 1913 BY THE PROCTER & GAMBLE CO., CINCINNATI

A. E. Surber went to Sioux City Saturday. Wright Rice was over from Dixon Saturday. Thos. Evans was here from Carroll Saturday. Sam Williamson was a Carroll visitor in Wayne Tuesday. Gus Boberg was down from Wadsworth's ranch Friday. Frank Strahan was a west bound passenger Friday evening. J. J. Tracy was here from Winslow Thursday afternoon. Wm. Piepenstock was a passenger to Sioux City Friday afternoon. A baby girl was born to Mr. and Mrs. D. C. Main Friday, June 29, 1900. Miss Caroline Stringer came home from the State University Saturday. Mr. and Mrs. J. T. Bressler returned from their eastern visit Friday evening. Clyde Winterburn came home from Chadron Saturday for a few days visit. Judge Powers of Norfolk, and Dr. Kieper of Pierce, were in Wayne on business Friday. A fine rain fell Thursday night which set entirely at rest all doubts concerning the wheat crop. Morris Wadsworth of Red Oak, Ia, has been looking after business interests here the past week. Chas. Fisher has commenced the erection of a dwelling on his lots east of the place he now occupies in the east part of town. Randolph Reporter: Andy Chance is up from Wayne this week helping plaster the Hill-Baol building. Henry Taylor, of Wayne, was here on business of importance Saturday afternoon. The Stanton and Wayne second nines played a game of ball at the grounds here Thursday afternoon that resulted in favor of Wayne by a score of 32 to 8. Evidently the Stanton boys played in hard luck, nevertheless they were a nice lot of boys. The HERALD believes that a small league with about 12 good teams could be organized in Northeast Nebraska to play ball that would prove a success if it could be so arranged that every team would have exclusively home players. Great interest would be taken in it. There is no need of a man living until he is fifty years old to blow in a shot gun that is not loaded, buying gold bricks, guzzling patent medicines, lighting fires with kerosene, skating on thin ice, trying to beat other men at their own games, endorsing friends' notes and thinking he knows it all. The school of experience is a good school, but if it rather expensive and one way to avoid the expense is to keep a close lookout for the experience of others, which can be done by observation. There is no use drowning in the same hole where another man drowned the day before if one will only keep out. There may be no use for growing crops that do not pay, simply because machinery is handy for that kind or because it is customary to do so in that vicinity.—Homestead.

Wonderful Change in Kansas.
If Wm. J. Bryan succeeds in carrying Kansas this year it will not be by reason of any lack of prosperity, for the reports agree that it is going to be the banner year for crops in that state. The wheat crop alone will give an estimated yield of 90,000,000 bushels, which is 20,000,000 bushels ahead of former records. With the increased prices of wheat, this crop should bring in about \$54,000,000. To that must be added the profits on the corn crop, which also is above the average. In some portions of the country the wheat crop is a partial failure, but Kansas and Oklahoma have the largest crops they have ever produced, and one authority estimates that the country tributary to Kansas City, which includes Kansas, Oklahoma and portions of Missouri and Iowa will yield \$100,000,000 worth of wheat. The Kansas farmers have already paid off most of their mortgages, and for some time past the banks of that state have been sending large sums of money eastward for investment. It is said to be a fact that several industrial enterprises in the east have been financed with money furnished indirectly from Kansas farmers, this being quite a change from the days when Kansas was mortgaged to eastern money lenders and was howling for stay laws to prevent the loan companies from foreclosing. And the marvelous change has not been brought about by cheap money or by radical legislation of any sort.—Oakland Enquirer.

BLOOD POISON.

Mercury AND Potash Make Wrecks, Not Cures.

In some cases the external signs of Contagious Blood Poison are so slight that the victim is firmly within the grasp of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored spots, and falling hair and eyebrows leave no room for doubt, as these are all unmistakable signs of Contagious Blood Poison. Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial potash make wrecks, not cures, and those who have been dosed with these drugs are never after free from aches and pain. Instead of tearing down, builds up and invigorates the general health. S. S. S. is the only antidote for this specific virus, and therefore the only cure for Contagious Blood Poison. No matter in what stage or how hopeless the case may appear, even the most pronounced incurable by the doctors, S. S. S. can be relied upon to make a rapid, permanent cure. S. S. S. is not a purely vegetable blood medicine known.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These spots broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished the first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large, red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was soon entirely well, and my skin as clear as a piece of glass."

Send for our Home Treatment Book, which contains valuable information about this disease, with complete directions for self treatment. Our medical department is in charge of physicians who have made a life-time study of blood diseases. Don't hesitate to write for any information or advice wanted. We make no charge whatever for this. All correspondence is held in the most sacred confidence. **THE SWIFT-SPEIGIG COMPANY, ATLANTA, GA.**

Local and Miscellaneous.

Banker Merrill was here from Carroll Tuesday. Fred French went to Norfolk on business last week. DeWitt's Little Early Risers are famous little pills for liver and bowel troubles. Never grip. L. P. Orth. Mrs. T. S. Collinson of Diller, Neb., has been visiting the past week with her daughter, Mrs. S. H. Alexander, of this city. You assume no risk when you buy Chamberlain's Colic Cholera Diarrhoea Remedy. Ed J. Raymond will refund your money if you are not satisfied after using it. Ponca Journal: Misses Ruth and Kate Gamble went to Pender last Friday to visit their aunt, Mrs. Goodrich. From there they will go to Wayne to visit Miss Ethel Norris. Everybody smokes the Wayne Leader manufactured at home by Wm. Dammeier. Why? Because it is the best smoke cigar in the city and most smokers who have tried them say so. The July number of McClure's Magazine contains several notable features; among them a story by Rudyard Kipling, articles on W. J. Bryan, on Railways in China, and on our diplomatic relations with Great Britain. The fusion parties met in convention at Norfolk on Thursday of last week and after several ballots R. A. Tawney of Pierce was nominated for state senator of the eleventh senatorial district. W. M. Wright of this city, received eleven votes for several ballots. "We have sold many different cough remedies, but none has given better satisfaction than Chamberlain's" says Mr. Chas. Holzhauser, Druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of coughs, colds or hoarseness. Sold by Raymond. The big day in Wayne will be on July 16, it will be Campbell Bros' Day! Courts adjourn, schools take a recess, labor is laid aside, and the public, regardless of age, sex or color, religious belief or political preference, turn out and see the big show. It is about the only show of this day where ladies and children—the good and pure; the moral and refined—can visit safely, and where no word, act or deed is permitted to offend the most exacting and intellectual visitor. Don't let anything keep you away! A stupendous collection of rare wild beasts: See the Big Troupe of Performing elephants the finest on earth, every cage, every chariot, every tableau, every den, van, wagon, harness, wardrobe and paraphernalia. As new and bright as a new oiled dollar, every animal, actor, artist, feat, feature, act and display absolutely new. It is not only the largest, cleanest, brightest and best show on this broad earth, but is the most liberally managed. The champion riders of all lands and olives. See the big street parade at 10 a. m. Ponca Grit:—Reninger's neck, north of Jackson, an isthmus about 35 feet wide and connecting about 20 square miles, containing 27,000 acres of choice land with Nebraska, the greater, was out through by a force of armed men on the night of June 22nd, after several unsuccessful attempts previous, and now several families have a lesser Nebraska all their own, an island and the channel is south instead of north of them. They are also plenty mad and heap fight through the court is in sight. The cause of the cut to throw the channel of the river to the Nebraska shore was the incessant cutting into the Dakota shore and loss of much fine farm land each year. The lower level at the cut is about 25 feet and the river rapidly cut a wide channel and will very soon adapt itself to the short cut which is some fifteen miles less than the channel heretofore run. That ultimately the old river bed will fill up and the large tract of land will be reclaimed as arable, and that the prospective legal battles growing out of this midnight ditching will make interesting reading for a long time.

IS IT RIGHT.

(SYLVAN VALLEY NEWS, BREVARD N. C.)
It may be a question whether the editor of a news paper has the right to publicly recommend any of the various proprietary medicines that flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale at Raymond's drug store.

Fables of the Rail.

A Young man was going to Chicago to get married, and he rode in the Sleeping car so that he would be nice and fresh for the Ceremony next Day. But he was unable to sleep, and when the young woman saw his Red eyes and what a General Wreck he was she thought he had Accumulated a Jag and refused to Marry him, whereat he got his Picture in the Paper for being dead.

County Supt. of Public Instruction.

Hicks Prophesies.

Hicks, the great weather forecaster, prophesies that the year 1900 will be one of unusual cyclonic disturbances. Wayne county is as likely to be visited as any other. Take out Torpedo Insurance with Russell & Kohl before it is too late.

Expert Employees.

G. J. Savage now has a corps of expert employees and is prepared to do all kinds of plumbing, wind mills or machine repairing or any kind of work in the line of sinking wells, putting in pumps and windmills. Prompt attention paid to all orders and all work guaranteed. Mail Orders given prompt attention.

Electricity in Capsules.

This new compound which is made from cheap chemicals, is put in capsule form and when added to a certain quantity of water will furnish enough electricity to light a house, drive an automobile or even a railroad train, but this is nothing compared to one of Eli Jones & Son's durable and well finished buggies which make life a pleasure to all who use them.

Attractive Meat

should not only be agreeable to the taste and smell, but it should be cut so as to be attractive to the eye. Our steak is most carefully selected by us (not by the man we buy it of!) and is tender and juicy, and as good to look at as an Easter hat. Attractive prices.

VOLPP BROS.

Highest price paid for Hides, etc.

Kidney Cure.

CURES all Kidney Diseases, Backache, Rheumatism, Gravel, etc. At drug stores, or by mail. Price 50c per bottle. Ad. vice, etc., of Dr. B. J. Kay, Saratoga, N. Y.

Dr. Kay's Renovator.

GUARANTEED to cure the very worst cases of dropsical conditions. It cures Headache, Liver and Kidneys. At druggists, 25c and \$1. Send for Free Sample, Free Book and Free Advice. Dr. B. J. Kay, Saratoga, N. Y.

Rail Road Time Table

CHICAGO, ST. PAUL, MINNEAPOLIS & OMAHA.

Trains Going East.	
St. Paul Passenger	7:30 a. m.
Black Hills Passenger	2:30 p. m.
St. Paul-Omaha	4:00 p. m.
Daily.	
Trains Going West	
Norfolk Passenger	9:40 a. m.
Black Hills Passenger	6:40 p. m.
Omaha Passenger	7:20 p. m.
Daily.	

BLOOMFIELD LINE.

ARRIVES.	LEAVES.
Accommodation & Pass	6:45 a. m.
	1:45 p. m.
	7:20 p. m.

The 7:30 a. m. train connects at Emerson with train reaching Omaha at 11:20 a. m. and Sioux City at 9:55 a. m., making close connection for Chicago, St. Paul and Iowa points on the C. & N. W.

The 2:30 p. m. train runs through to Sioux City connecting with all lines west and north.

The 4:35 p. m. train connects at Emerson with trains arriving at Omaha at 9:10 p. m. and Sioux City at 7:40 p. m.

The 9:40 a. m. train west connects at Norfolk with F. E. & M. V. for Oregon and points west of Norfolk and with D. P. for all points south and west.

The 6:40 p. m. train connects with F. E. & M. V. through train for the Black Hills.

SHREDS AND PATCHES
DRESSES NOW CONSTRUCTED OF SNIPPED-UP MATERIAL

Old-Fashioned Patchwork Isn't to Be Compared with It—Waists with No Collars Are Worn in Both House and Street—Fashion's Fancies.

ASHLY season novelties have now become either accepted fashions or discarded fashions, and attention is devoted chiefly to the elaboration of established modes. There seems no end to the combination of materials. Wash and unwashable stuffs elaborate each other. Dick trims cloth, velvet beautifies lawn, silk is overlaid with muslin, bits of Persian and Turkish embroidery cut off original dresses and belted into little jackets in conventional cut. The picture at the head of this column shows one employment of this last trimming, Persian embroidery being framed by the increased tuckings of cream mohair used for goods. This was a simple arrangement

more numerous who are massaging, using rubber brushes, trying to become plump and to eradicate high-collar marks all at once. It is only the bothersome slowness with which the desired results come that delays the fashion's more general adoption.

As soon as the fancy appeared sure of at least some acceptance for outdoors, it began to be made more pronounced for the house. The central figure of this picture shows a permissible form. Its cut-out was alike back and front. Its material was a brand new one—blue foulard sprinkled with scarlet currants. Similar fabrics are figured with cherries, grapes and the other fruits that are so plentiful on millinery.

Variations on the elbow sleeves are appearing rapidly. The long glove for street wear is in vogue, and such gloves in light color are worn with elbow sleeves to give an undersevere effect. The real undersevere sleeve should be loose and puff softly from under the edge of the oversleeve. So far the edge of the oversleeve has held pretty close to the undersleeve, but a few recent gowns have displayed the real leg of mutton affair with billowing lawn underneath. Three types of elbow sleeves appear in the next picture. The first were pale gray nun's veiling finished at the elbow with cuffs of blue and white all-over embroidery. The second pair had an oversleeve of all-over white lace on coral colored satin, lawn undersleeves appearing below. The remaining sleeve was dark blue French dimity covered with lace medallions and ending in puffs of lace and mull. By these specifications the materials of the gowns are indicated.

THE collarless bodices are shaped. compared with many stylish ones, for they include not only complications accomplished by combination of materials, but others brought about by slashing, cutting and having together again. Good old-time patchwork isn't to be compared to the wonderful inlaying and sewing together of bits shown on some of the newest gowns. A bolero, for instance, is made by sewing together little diamond shaped pieces of cloth, every second piece being overlaid with lace. Many corseted bits are sewed together by one or two points, spaces being left open between. A vest of this kind is made of lace, the neck showing at the spaces. Boleros are punched through lace that ribbon or velvet may be threaded in and out. Costly cloth is punctured for the same purpose. Indeed, except in strictly tailor gowns there is no such thing as unpleated material. Every piece must be cut up and crinkled, stitched together, hemmed, tacked, and the rest of it, or it is not the mode. Go to the rag bag, if in slugs

Being Rather Hard on the Woman Who Had Aspirations.

A plain and sensible husband and father, who was making a modest livelihood in the retail dry goods business, had a wife who was ambitious to shine in society. She was quite well aware that her husband's means were not of sufficient magnitude to permit an extraordinary display of gaudy and gentility, but she banked on the matrimonial alliance of at least one of her two beautiful daughters with an aged millionaire who was ready at any moment to marry any pretty girl who would accept him.

Naturally enough, it was not to be expected that any young and pretty girl could love any old thing like he was; but then he was so rich that love might well be asked to take a back seat.

Now, the husband of this ambitious lady and the father of the two beautiful daughters was foolish enough to think that love mixed with matrimony better than money did, and he was averse to the machinations of his wife to dispose of either of the daughters to the millionaire at a price. One day the lady, in no pleasant humor, spoke to her husband on the subject of his opposition.

A FABLE OF SOCIETY.

Every Suffering Woman Should Read This Letter and Be Convinced that Lydia E. Pinkham's Vegetable Compound Does Her Female Weakness.

I have been troubled with female weakness in its worst form for nearly ten years. I had leucorrhoea and was so weak that I could not do my housework. I also had falling of the womb and inflammation of the womb and ovaries and at menstrual periods I suffered terribly. At times my back would ache very hard, I could not lift anything or do any heavy work; was not able to stand on my feet. My husband spent hundreds of dollars for doctors but they did me no good. After a time I concluded to try your medicine and I can truly say it does all that you claim for it to do.

Thirty years ago a hammerless shotgun was a novelty. It had "London line twist" barrels and a walnut stock and cost \$250 or more. A finer quality had "laminated steel" barrels. The first breechloader to appear in a back country town was a curiosity that attracted people from points 100 miles distant. Yesterday I looked over a new American gun, the very latest improvement in sporting arms, and the proud owner informed me that nothing is manufactured here or abroad that surpasses it. The barrels are made of Whitworth fluid-pressed steel, a certificate to that effect being furnished with the piece by the Sir Joseph Whitworth Company of Manchester, England. The stock is made of Circassian walnut, superbly checked and engraved, with pistol grip, gold shield, and skeleton butt plate. The price was \$400.—New York Press.

TO WOMEN WHO DOUBT.

Supreme Court Sustains the Foot-Ease Trade Mark.

Justice Laughlin, in Supreme Court, has sustained a permanent injunction, with costs, and full accounting of sales, to issue against Paul B. Hudson, the manufacturer of the foot-ease called "Dr. Clark's Foot Powder," and also against a retail dealer of Brooklyn, restraining them from making or selling the Dr. Clark's Foot Powder, which is identical in the decision of the court, an imitation and infringement of the "Foot-Ease" mark.

Thirty years ago a hammerless shotgun was a novelty. It had "London line twist" barrels and a walnut stock and cost \$250 or more. A finer quality had "laminated steel" barrels. The first breechloader to appear in a back country town was a curiosity that attracted people from points 100 miles distant. The barrels are made of Whitworth fluid-pressed steel, a certificate to that effect being furnished with the piece by the Sir Joseph Whitworth Company of Manchester, England. The stock is made of Circassian walnut, superbly checked and engraved, with pistol grip, gold shield, and skeleton butt plate. The price was \$400.—New York Press.

It Hit the Mark.

Sometimes slanting the mark like a well-aimed hammer.

Three young women were walking along a West Side street early one evening last week, when two young men came up behind them. The young men evidently desired to attract the young girls' attention, but they failed. Precisely they passed by, and as they did so one of them said: "Hello, girls!" Instantly the tallest looked around and remarked in severe tones: "Ring off, young fellow; you've got the wrong number!"—Cleveland Plain Dealer.

Ready for the Task.

Look in your mirror today. Take a fast look at your hair. Is it the last? If you want it so; you needn't keep your gray hair a week longer than you wish. There's no guesswork about this; it's sure every time.

After using it for two or three weeks notice how much younger you appear, ten years younger at least.

Friendship's Ties.

"Am I going to the wedding? Certainly not," snapped the pretty girl in black. "I'd like to see myself there! You thought we were friends? Oh, yes, we were friends. I'd like to scratch her eyes out, the deceitful thing! How did it start? How did you start? If her young man wished to call on me, there was no law against it, was there? I got in the habit of calling here every day in the week and twice on Sundays. It wasn't my business to turn him over to the police, was it? I wish I had, though, as he was an awful bore and so persistent that I thought he had a chance to go anywhere or see any one.

"And all the while that deceitful thing pretended to be crying her eyes out at the desertion of her young man into my camp. If I had not thought that that young man's presence here was making her awfully mad, he would have got his walking papers long ago. But I endured him because I thought that she cured everything for him and could not live without him.

"Over to think that she simply turned him over to me to get rid of him as well as me, she landed the eligible young man with the bank account who recently arrived in the city. And I never knew that he was here until it was too late! And we were such dear friends too!"—Detroit Free Press.

Sparring of Her Remedy.

There is at least one woman in Kenwood who believes, thoroughly in the efficacy of prayer. About a year ago her husband engaged in a business venture that looked rather uncertain. But his wife had strong faith that it would turn out well.

"Go ahead, John," she said, "and let us put our trust in the Lord. I pray every night that we may have no reason to regret the risk we are taking."

The affair seemed to turn out pretty well right from the start. Handsome dividends were paid all through the summer and during the winter, and great joy was in the home of this man and his sharer of his fortune.

"But there came a turn about a month ago. The business ceased to pay, and since then the losses have been increasing every day. Nothing was said about it at the festive around which so much happiness had centered during the last year until the other day, when it was suggested by the worried husband that it would be well to cut down expenses.

Questions, followed, as a matter of course, and then it had to be confessed that the business was not going well.

Kate Kesterson's First Poem.

Kate Kesterson, the poet and humorist, thus describes the beginning of her literary career.

"I was at school in Brooklyn when I first sent a poem to Judge, signing it Kittle K. It was accepted and published with an illustration, and my cup of joy was brimming. When I got a check for \$2, I overrejoiced. I then sent some verses to Puck, which was then edited by H. C. Bunner. They were also signed Kittle K., but were written from a masculine point of view, and as I wrote a very gentlemanly hand, Bunner evidently came to the conclusion that I was a boy. He sent me some very funny letters, and I replied, keeping up the idea that I was a very fresh, slangy boy. He accepted the verses, 'She Stood on the Stair,' and they were published in a Christmas number with a picture. As this was only the second poem I had sold in my life, you can imagine how wildly anxious I was to have it appear. I bothered Bunner with inquiries, for of course that was the only poem on earth to me just then. I recollect finally writing him, 'Do you think my poem will be published during my lifetime?'

"He wrote me, 'My dear boy, I cannot say if your poem will be published during your lifetime, as I do not know when you are going to die.'—Saturday Evening Post.

Base Apathy.

"Say, Thompson, did you ever notice that I was brutally indifferent to my children's ailments?"

"Certainly not. You're quite the contrary, Holmes."

"Well, do I look like a miscreant who would be only too glad to abandon them to the mercy of strangers?"

"Of course not. Whatever put such an idea into your head?"

"Or have I the reputation of being so selfish that I would not disturb or exert myself in the slightest to secure their safety from the most desperate danger?"

"No, indeed. Who's been accusing you of such things?"

"My wife."

"Your wife? Why?"

One More Eulogy.

Lieutenant A. W. Thomson says, in The Independent, that when the civil war was practically over he was sent from the camp at Lincoln to Charlotte, N. C., under a flag of truce. He entered the town and was conducted to General Echols' headquarters in a large upper room, evidently a school-room.

Our guide pointed out the general, a fine, portly gentleman, seated at a table. I advanced and laid my papers on the table.

"General Echols, I presume?" I said. "These dispatches are from General Gilliam. Shall I wait for an answer?"

"Please be seated," the general said. Glancing around, I saw 16 or 18 gentlemen, all with one or two exceptions, in military uniform. Colonel Morgan came up to me, shook hands and said: "I believe you and I are not extra strangers."

He had been our prisoner a year or so before. While we clattered a gentleman in a civilian gray suit turned to address General Echols. The cold stare of a glass eye caught my attention, and the features were somewhat familiar.

"Ah, Jefferson Davis! Are you here, pressed to the wall?" was my first thought. His face was far more pleasant than our northern papers had pictured it.

A dispatch was handed to General Echols, who read and reread it with an earnest, anxious look. Half rising, he passed the paper to Mr. Davis, who read it slowly and then handed it back.

"Well," said he, "we have lost a generous enemy."

It was the news of President Lincoln's assassination.

When They Say "Goodby."

Did you ever hear two married women take leave of each other at the gate on a mild evening? This is how they do it:

"Goodby! Come down and see us soon."

"I will, Goodby!"

"Goodby! Don't forget to come soon."

"No, I won't. Don't you forget to come up."

"I won't."

"Be sure and bring Sarah Jane with you next time."

"I will. I'd brought her up this time, but she wasn't very well. She wanted to come awfully."

"Did she, now? That was too bad. Be sure and bring her next time."

No Private Interview.

"Could I have a few minutes' private conversation with you?" he asked as he stood at the open door of a lawyer's office in the Loan and Trust building the other afternoon.

"Can't you speak right out from where you are?" asked the lawyer in reply after looking the man over.

"I'd rather make a private matter of it."

"What is the nature of your business?"

"Confidential—strictly private and confidential, sir."

"Well, I have no time to grant you a private interview. If you have anything to say, you can let her go right here. Now what is it?"

"I wanted the loan of a quarter, sir," stammered the man.

"Oh, you did! And you wanted a private interview to ask me that?"

"Yes, sir. I knew that it would hurt both our feelings if I were refused in public—yours because you couldn't afford to loan me the money and mine because I couldn't get it. Can you grant my request, sir?"

"No, sir."

"And does it hurt your feelings?"

"Not a bit. You are mistaken on that point."

"And my feelings are the only ones hurt?"

"Yours alone."

"Just so," said the man as he bowed and backed out. "I beg your pardon. I was mistaken. You have the money and no feelings, and I have the feelings and no money. Impossible chasm; no use in trying to bridge. Good day!"—Washington Post.

The Poodle and the Lions.

"I notice that Automobile Montgomery says that horses often make a dive for the corn he paints," remarked one art league student to another.

"Well, there might be some truth in it," said the second. "I saw a little incident at the art institute the other day that made me think of Mr. Montgomery's proud boast. You know those big lions on the sides of the steps; the work of Kenney, are pretty lifelike, I was standing looking at them when a little white poodle came down the steps in the wake of a woman with stylish clothes on. The poodle had a gold collar around his neck and was altogether one of the tiniest, daintiest specimens of a dog that you could find. He walked up to one of the lions, settled back on his hind legs, and looked at the big stone beast. Then he sniffed and glanced around inquiringly. All at once he made up his mind. He made a fierce rush for the lion, barking as vigorously and as loud as a dog six inches long could bark. He positively swelled up and appeared about to explode with wrath.

"There you are. If Kenney's lions so excited a poodle dog, it may be that horses will eat Montgomery's corn pictures."—Chicago Inter Ocean.

The Truthful Manager.

Business manager of great London newspaper to clerk:

"George, take down an advertisement as I dictate it, and then send it ready to print. I want a man for a pleasant indoor position. Short hours, light work, no experience necessary, place permanent; salary, £1,000 a year. Answer in own handwriting. Millonaire, Great Daily office."

Clerk—I have it down, sir, and will send it to the printers at once.

Business Manager (a week later)—George, how many answers were received in reply to that advertisement? Clerk—Eighteen thousand.

Business Manager (an hour later)—Good morning, sir. What can we do for you, sir? Seedy Individual—What do you charge for an advertisement for situation wanted? Business Manager—Our charges are high, 2 shillings a line, but you must remember the vast number of people we reach. Why, sir, in reply to one single advertisement inserted last week there were received 18,000 answers!—London Tit-Bits.

The Highest Court.

"No," said the judge firmly, "I will not consent to your marriage with my daughter."

"Sir," returned the young lawyer haughtily, "I shall not take this decision as final."

"You won't?"

"No, sir. I will not. I shall appeal to the court of last resort."

"Oh, very well," replied the judge. "Submit your case to her mother if you want to."—Chicago Post.

How Needles Are Made.

Needles are all made by machinery. The piece of mechanism by which the needle is manufactured takes the rough steel wire, cuts it into proper lengths, files the point, flattens the head, pierces the eye, then sharpens the tiny instrument and gives it that polished finish so precious. There is also a machine by which needles are counted and packed in the papers in which they are sold, these being afterward folded by the same contrivance.

That Family Skeleton.

Mrs. Whistler—Tell me, Mary, why it is that you always cry so when papa sends you to bed in the dark when you are naughty? There's no such thing as ghosts, and the dark doesn't hurt you, does it?

Little Mary—No, mamma, but I'm afraid of that skeleton Mrs. Jones says we got in our closet.—Baltimore American.

Solitary Angels.

Mamma—It's very naughty to tell lies, Eva. People who do so don't go to heaven.

Eva—Did you ever tell a lie, mamma?

Mamma—No, dear, never.

Eva—Won't you be fearful lonely in heaven, mamma, with only George Washington?—Collier's Weekly.

Sarcasm.

Myer—Have you noticed what a lot of new houses are being put up all over the city?

Georges, and I've been wondering why they don't put up a few old ones just for change.—Chicago News.

In the chamber is supposed to be a specific against the evil effects of nicotine, and as the people are great lovers of tobacco they freely indulge in the use of it, but take care to safeguard themselves by having amber mouth-pieces in their pipes.

Eureka Harness Oil

A good looking horse and team pulling harness is the best kind of a combination.

Give Your Horse a Chance!

"The righteous man regards the life of his beast." Such a man will not let his horse suffer from cuts or bruises, galls, etc., and will appreciate the value of the old and reliable remedy, Cole's Veterinary Carbolisole.

FOR A SUMMER OUTING.

The Rocky Mountain regions, reached via the UNION PACIFIC, provide lavishly for the health of the invalid, and the pleasure of the tourist. Amid these rugged steeps, are to be found some of the most charming and restful spots on earth. Fairly lakes, nestled amid sunny peaks, and climate that cheers and exhilarates.

Summer Excursion Rates

put in effect by the UNION PACIFIC enable you to reach these favored localities without unnecessary expenditure of time or money.

In effect June 31, July 7 to 10, July 18 and August 2. One fare, plus \$2.00 for the round trip from Missouri River to Denver, Colorado Springs, Pueblo, Ogden and Salt Lake City. Return limit October 31, 1900.

Railway Farm Lands For Sale!

In Northern Wisconsin the Chicago, St. Paul, Minneapolis & Omaha Railway has for sale, at low rates and easy terms of payment about 400,000 acres of choice farm lands. Early buyers will secure the advantage of locations on the many beautiful streams and lakes, which abound with fish and furnish a never ending and most excellent water supply for stock raising and for stock.

Land is generally well timbered, the soil fertile and easy of cultivation. Chicago, Milwaukee, St. Paul, Minneapolis, Duluth, Superior, Ashland, and numerous other thriving cities and towns on the line of the C., St. P., M. & O. Ry., and other railroads in the same territory furnish good markets for farm produce.

For further particulars address: G. W. BELL, Land Commissioner, Hudson, Wisconsin, or G. H. McEAE, A. G. P. A., St. Paul, Minn.

AN IDEAL CLIMATE.

The first white man to set foot on Utah soil was Captain James W. Weyler, who, in 1846, on the GREAT SALT LAKE on the 3rd day of September, 1846, wrote in his diary: "Here the climate is so delicious, the air so balmy, that it is a pleasure to breathe by day and by night. The climate of Utah is one of the richest endowments of nature. On the shores of the Great Salt Lake especially—and for many miles therefrom in every direction—the climate of climates is found. To enable persons to participate in these scenic and climatic attractions and to reach the famous HEALTH, BATHING AND PLEASURE RESORTS of Utah, the UNION PACIFIC has made a rate to OGDEN and SALT LAKE CITY of one fare for the round trip, plus \$2.00 from the Missouri River, to be in effect June 21st, July 7th to 10th inclusive, July 18th and Aug. 2nd. Return limit October 31, 1900.

For time table and full information call on your nearest agent or address E. L. LOMAX, G. P. & T. A., Omaha, Nebraska.
