sisal, 1900 crop at 10 cents.  
Tower & Benshoof.  
This section of the state was visited by another fine rain Sunday and Monday and there is now no longer any question whatever, concerning the corn crop which promises to be a very large one.  
Mr. F. Addis and Miss Geraldine Howard of Chicago, who are with the Campbell Bros. circus which exhibited here Monday, were united in marriage on July 16, at the residence of Rev. Thos. Bigbell who officiated.  
At a meeting of the Executive Committee of the Wayne County Veterans Association, held on Saturday afternoon, July 15, 1900, the time for holding the annual picnic of the Association was set for Thursday, August 23, next.  
Newman Grove Reporter: C. J. Randall of Wayne special state Ry. commissioner, for the Nebraska and Gulf Railway Co., was a pleasant caller at this office Monday. Mr. Randall was here canvassing our people to buy rail road bonds on the new proposed road.  
Stanton Register: Charley Chaco's house out on his farm five miles south-east of town burned yesterday afternoon. Fred Feyerherm and a couple of men were out there setting up a wind mill when the fire occurred, but it being a frame building and very dry nothing could be saved. The fire was caused by an explosion of the stove and all efforts to save the building or contents were useless. Mr. Collins, who lives on the Chaco farm, lost every bit of their household goods. We do not know whether the property was insured or not.  
Uncle Sam's postal service gained more than a million dollars during the fiscal year just ended as compared with the previous year, but the expenditures were \$5,489,246 more than the receipts. The total receipts were \$102,287,408, and the expenditures \$107,776,704. The deficit for the previous year was \$6,610,776. If there is not an increase in the amount of staff carried free, or at a loss, the postal service will in a few years become a source of profit to the government, as it might be now if Congress had the nerve to legislate well known abuses out of existence, but those who profit by the abuses have powerful influence, so there is but little hope in that direction.  
The writer, while at breakfast at the Boyd hotel Tuesday morning, heard six traveling men discussing the political situation and became interested having heard it said, and with emphasis, that "the traveling men were all for Bryan." Five of the six were for McKinley, thought two of the five voted for Bryan four years ago. When the five got through with the one for Bryan he looked worse than 16 to 1. They defied him to show where the traveling men were not better off today than four years ago, and where there was a single traveling salesman who did not have a job, and made him admit that it was a fact that three traveling men had jobs today where one had a job three years ago, etc., and all the one could say was that he had a hat bet that Bryan would carry Nebraska. It was a case of five to one, but two of the men were pronounced in that throughout the state you would find that it was more than five for McKinley to one for Bryan among the traveling men. There were six other persons in the dining room who heard the conversation.

**Snow Flake Patent, only \$1.05 per sack. For sale everywhere. Ask for it.**  
No paper has a larger circulation in Wayne county than the HERALD. Believe it, or believe it not, the fact remains the same. We know whereof we speak as any one can learn if they care to take the time to investigate the matter.  
Word reached Wayne Saturday announcing the death of Dick Pittenger near Albion, who formerly lived in Wayne county. He fell through a hole from the loft while assisting in unloading a load of hay on Saturday morning, sustaining a fractured neck.  
Last Thursday afternoon the Wayne and Winslow clubs played a game of ball here that attracted a large crowd. From the beginning of the game it was plain that Winslow was outclassed and after the first few innings the game became one-sided and devoid of interest and the home club made little effort to keep down the score of the visitors, so at the conclusion of the game the score stood 25 to 11 in favor of Wayne. Batteries: Wayne, Wallbaum and Skeen; Winslow, Johnson and McClusky.  
Last Friday was one of the hottest and windiest days that has been known in this section since the hottest day in '91, and during the afternoon its conditions were such as to remind one of the hot winds. Fortunately it did not get hot enough to take the corn through and during the night and early Saturday morning a magnificent rain fell throughout the county setting at rest all doubts of the corn crop, while little damage resulted to the wheat crop, which, according to the information we are able to glean from the farmers, is one of the best crops ever raised in this county. Harvesting is now in full blast, and the yield will be fair.

**Nebraska's next Governor.**

Prof. and Mrs. H. E. Mason come over from Stanton, Sunday to visit with relatives and friends.  
Sam Davies requests that all persons having ballots for Miss Chase to hand them in not later than Friday afternoon.  
The people will want a man at the helm who understands the business both in and out of war, not such men as Bryan.  
Henry Hinrich says that the German Church northwest of Wayne has an organ which was purchased at Norfolk, that is about as musical when played as a cat would be if its tail was stepped upon.  
Campbell Bros. Circus, owing to the heavy rain of Sunday and Monday morning, did not give the afternoon show but in the evening gave a very creditable performance considering the muddy condition of the grounds.  
The Chinese situation is a serious one, it having become authentic that all foreigners have been massacred, in attempting to storm the walls at Tien Tsin, July 16. The allied forces of 7000 men were repulsed and the American loss consisted of 25 per cent of the U. S. forces in the field killed and wounded. There will be a day of reckoning.  
L. O. Mehus of Hartington, formerly of this city and who was visiting here Tuesday, is one of the prosperous fellows who will visit for three months in the old country and take in the Paris Exposition. He left here yesterday morning for Omaha. He will return in time to give Wm. McKinley a vote this fall.

## We are not "Hunch Backs."

"I have heard so much about the 2 Johns that I thought I had better come and see for myself if it was true that they were hunch backs. That is what I was told in Carroll." The above remark was made in our store by a farmer living west of Carroll. He was quite surprised to see that we looked like other people. When we explained to him our method of doing business and showed him the advantage of trading here, he then realized why it was that he had heard so much about the 2 Johns. We are not freaks and there is nothing about our outward appearance that would excite curiosity. We are different than other merchants in Wayne because we are expert clothing men, having devoted our whole life to the clothing business. If you desire to see a freak or a person that would draw a crowd to a side show, you will be disappointed in calling upon the 2 Johns, but you will be well paid for your time if you get acquainted with them and see their method of selling clothing. Our clothing is entirely different than other merchants sell. It is made on a different plan; we buy it in a different way. It is the only clothing sold that has a guarantee sewed in the pocket and you can bring it back if it goes wrong. We sell Bushy Gloves made in San Francisco, Cal., the kind that all the cow boys wear, because they are made of Indian Tan Buckskin and sewed by hand and do not rip. Our Childrens Clothing is entirely different than what is usually sold in towns the size of Wayne. If you don't want the common, cheap-looking, poor fitting childrens' suits see the 2 Johns and you will find what you want. If you want Mens' or Boys' shoes that wear and fit you will find here shoeman that understand the shoe business and can please you. We have shoes made for boys that are made for boys only, not the kind that others sell for boys and girls but made to fit a boy's foot and made to wear. Everything sold here is bought by experienced men who know inferior goods when they see them, and nothing that is shoddy enters this stock. Here you get the best that money and experience can buy, and with the method employed here you do not pay as much as inferior goods are sold for. You save money by trading here. You trade with experienced salesmen and get satisfaction trading with the 2 Johns. Special Bargains during July. 25 per cent. off on all Straw Hats.

To our free silver republican friends, are you democrats? When times are like they are now will you vote for all the bill-nations of Bryan and just for the sake of 16 to 1, which Bryan said four years ago would be the ruin of the country if 16 to 1 was defeated? In what particular is it ruined? Name a single instance. The fact that Bryan says is going to ruin doesn't make it so? Then what are you going to do.  
Married.

Herman Lessman's Death.  
Our citizens were startled Saturday morning at the news that Mr. Lessman, efficient former of the brick yard, had died during the night. Mr. Lessman had suffered a few days with "intestinal" obstruction and it was known that he was rather worse Friday evening it was not thought that there was any immediate danger. Deceased has been a resident of our town but a short time coming here from Wayne in the spring. He was a sober, industrious man devoted to his family and home. He leaves behind a wife, three children and a brother besides a number of other relatives. Funeral services were conducted at the M. E. church Sunday afternoon and the remains taken to the Wood Lawn cemetery with the rites of the Woodman order, of which the deceased was a member. The Gazette joins with the entire community in extending to the bereaved family, the sympathy and condolence in their sad affliction.—Wausa Gazette.

**We Don't Sell Clothes to Everybody**  
Could not if we wanted to. There are lots of kinds we do not keep. Would not sell them if we could. Why? We have seen suits advertised at \$3.98—but does anybody suppose they had \$3.98 worth of wear in them? That is the kind of clothing that gets people discouraged with ready-made. We tell you now, more emphatically than ever—that we are reaching the top round of the ladder—selling to the best people in this city—selling them clothes we are proud of, and you will be proud of—at prices fully as low as you will pay for ordinary goods. You want the best, don't you? You will get it here at the right prices.

A great many fusion papers are publishing the Declaration of Independence so that their readers may know what it is.

Along next November the populists and free silver republicans can put the screws to Bryan that are applied to them at the Kansas City convention.

A careful investigation of the nominees of the fusion state conventions will disclose the fact that while they claim to be farmers, they have extensive records of office holding.

Even Phil Kohl could not manage the three rigged circus down at Lincoln and his man Eukelsh of Norfolk was swept from the list and ignominiously failed in securing the nomination for State Treasurer.

For Bryan's sake the democratic party of Nebraska was compelled to swallow a big dose down at Lincoln and content itself with one paltry office—that of attorney-general. How long will honest minded democrats or populists continue to accept the doses poured into them.

Bryan jammed the issue down the throats of the anti-free silverites at Kansas City and they must take their medicine, but judging from the reports coming from Maryland, New York, New Jersey and other states, an army of democrats propose to jam the wind out of Mr. Bryan.

Candidate Bryan appears to think that the declaration of independence was written as a campaign document and especially in his interest. It wasn't and the country should speedily resent any such usurpation of this greatest of American documents.—Stanton Picket.

Government without the consent of the governed nevertheless, is the only way to substitute order for anarchy in China at present. It may be contrary to the ideas of the men who frame Democratic platforms, but the only way to control barbarians in China or in the Philippines is to control them without waiting for some expression of their complaisance.

According to democratic leaders like Phil Kohl this is to be the last year of populism in Nebraska. You've got to be a democrat or take up your bed hereafter and walk. The decree has gone forth. There's a haven of security for you though. Just quietly drop a ballot in the box for those thoroughly American citizens, Wm. McKinley and "Teddy" Roosevelt.

A German, who is a republican, according to the fusionists notion, is a son-of-a-gun, but a German who is a Democrat is the only real thing in the German line. Some of those men here about who claim they can throw the German vote where they please, will discover that there are a lot of German voters who have brains of their own to use at the polls this fall.

It is charged by the Philadelphia Record that of the fund of \$1,135.38 which was subscribed in this country during the visit of the Boer envoys at least \$18 will be sent to relieve the distress of the widows and orphans of the Transvaal. This Record adds:

"The frandulency of the gushing sympathy for the liberty loving Afrianders displayed by the Tammany politicians who engineered the pro-Boer demonstrations is clearly shown by the diversion of the greater part of the benefit fund to the purchase of fireworks and wine and for the payment of hotel bills and hack hire."—State Journal.

Democratic Platform Madness. The sort of a platform which the Republican party, in its own interest decried the Kansas City convention to adopt, that gathering has framed and accepted. It demands the abandonment of the Philippines. It reaffirms the Chicago declaration of 1890, with all its vices and follies, and singles out the foremost of these unbecoming and iniquities—the demand for bogus money, for 450 dollars—for direct and specific sanction. There is a hysterical and hypocritical denunciation of trusts, framed by a committee which had for one of its members Van Wyck, of New York, a notorious magnate of one of the most vicious combines which the country has seen, the Tammany ice trust, and adopted by a convention belonging to a party which gave favors to the sugar trust in its Mills bill of 1888 and its Wilson-Gorman law of 1894 in compensation for which favors that combine made heavy contributions to the Democratic national campaign fund in 1888, 1892 and 1896. In the platform there is a base and cowardly attempt made to involve the United States, into a destitute Old World issue, by attempting to bring the Boer question into American politics.

Bryan's convention wants the American flag to be furled in the Philippines although Bryan himself advocated the restoration of the Spanish-American treaty which made the Philippines American territory. Bryan's platform, speaking for the Bryanites party, says, "We favor an immediate declaration of the nation's purpose to give to the Philippines a stable form of government; second, independence, and third, protection from outside interference such as has been given for nearly a century to the republics of Central and South America." This is the issue which Bryan's convention calls "imperialism." It declares that it regards this as the paramount issue of the campaign. The islands which, through the lead-

ers completely with Aginaldo and his relatives, have cost hundreds of American lives and millions of dollars, the Democratic party would now give up to anarchy or as a prize to some of the nations of continental Europe. The locality which is a base from which the United States has exacted from an unwilling Europe a pledge of the open door in China, and whose possession enables this country to act promptly and decisively in asserting its protection to American citizens in China or in any other part of Asia where their lives or interests are endangered, the Democratic politicians and imbeciles demand shall be abandoned. Very few sane persons in the United States supposed that the Democratic party would have the madness to come out squarely and specifically in 1900 in favor of the repudiation infamy which buried that party under an avalanche of votes in 1896. Nevertheless, the Kansas City convention has done this very thing. After declaring that "we reaffirm and endorse the principles of the national Democratic platform adopted at Chicago in 1896," it demands the immediate restoration of the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1 without waiting for the aid or consent of any other nation." This is a repetition of the insanity of 1896 which split the Democratic party more nearly in the middle than any other issue since the slavery madness wrecked that organization in the Charleston convention of 1860. The adoption of the silver folly has been denounced as vehemently by conservative Democrats at and before the Kansas City convention as the slavery extension madness was at the convention at Charleston. The consequences of the later insanity promise to be as disastrous to the Democracy as was the earlier folly. It will, as in 1896, send hundreds of thousands of Democrats to a third party or to the Republicans. It will give the Republicans a larger majority in the electoral college in 1900 than was rolled up four years ago. It promises to arouse an antagonism to the Democracy all over the country which will keep that party in the minority for as many years as the slavery barbarity did which culminated in secession and civil war.—Globe Democrat.

This is The Plank. President McKinley made good at Canton yesterday several shortcomings of the republican platform. In response to the formal notice of his renomination he was called upon to define Republican policy and declare Republican purpose. In so doing he spoke clearly where the platform is vague, strongly where the platform is weak, vividly where the platform is commonplace. After referring to the questions of 1896, the President then said: "The Philippines are ours and American authority must be supreme throughout the archipelago. There will be amnesty broad and liberal, but no abandonment of our rights, no abandonment of our duty. There must be no seigniorage policy." This was clear and specific. No one can doubt what it means. The honest voter in the land can learn from it that the Republican party is determined to hold the Philippines without sacrificing an American right and without finching from an American duty. "No outside interference blocks the way to peace and a stable government," continued the President, "obstructionists are here, not elsewhere. They may postpone but they cannot defeat the realization of the high purpose of this nation to restore order to the islands and establish a just and generous government."

In this campaign the Democrats are represented by Mr. Bryan are committed to the obstruction policy. They are employing all the catch words and phrases of a discreditable minority to turn the people away from the consideration of "the strong national sentiment which finds expression in every part of our common country and the increased respect with which the American name is greeted throughout the world." Accepting the obstruction policy as a force to be used against the Republican party, the president assures the country at the ratio of 16 to 1. Alabama, Arkansas, Colorado, Idaho, Delaware, Maine, Massachusetts, Iowa, Missouri, Nebraska, Nevada, Arizona, New Hampshire, North Dakota, Utah, South Carolina, Kansas, Kentucky, Tennessee, Vermont, Washington, and Wyoming, representing 162 electoral votes and Arizona, Indian Territory, New Mexico, Oklahoma and Hawaii, representing no electoral votes, voted in favor of the free coinage resolution. In the committee there were twenty-six votes in favor of the silver resolution and twenty-four against; but five of the affirmative votes were cast by Republicans, which have no vote for President. The twenty-four votes against the silver resolution came from twenty-three states representing 120 more electoral votes than states voting for the resolution. Mr. Bryan forced the Kansas City convention to adopt a resolution opposed by states representing two thirds of the electoral votes that will be cast for President.

In his brief speech at Canton on the Fourth, President McKinley said: "Summoning the precepts of the fathers, we will maintain inviolate the blessings of free government at home, carrying its benefits and benedictions to our distant possessions, which lie under the shelter of our glorious flag." The sentiment reflects the extent to which the president is imperialist.

The populists of this state must feel exceedingly delighted in seeing their nominee Towner turned down for that roll of the days of Cleveland's administration.

When the populist party first made its alluring banner on the outer wall they were adorned with the most generous and lavish promises ever made by any party. Have we forgotten them all. There was government loans on farms only at two per cent interest. This was a tempting proposition when money was worth 8 per cent. They never explained who was to pay the 6 per cent difference between what the government was to receive and what the money was really worth. Have we forgotten the "sub-treasury" scheme that was a cardinal principal with the populist party what time Jay Burrows and W. A. McKelghan were running papers, organizing alliances and getting to be congressmen?

By this wonderful scheme, also exclusively in the interest of the farmer, the government was to build a warehouse in every county in the land of sufficient capacity to hold the entire crop. To the warehouses, or "sub-treasuries," the farmer could take his grain and the government would advance him ninety-five per cent. of the value of it. He could then hold it, storage free, as long as he chose, and sell it to the government whenever he took a notion. If it went below ninety-five per cent. of the value when it was taken to the warehouse the government lost the difference, if it went higher the government paid the difference. This was a great bait for suckers. In those days when political suckers first commenced to run in schools.

Another tenet of the new party was government ownership of all railroads, telegraph lines, coal mines, iron mines, and everything else in the country that costs more than fifteen cents and required more than one man a boy to run it. There was nothing said about now the government was to get the money to buy all these properties and the only conclusion was that they were to be confiscated.

This was a great scheme and closely allied to it was that other cardinal principle that a pass is a bribe and no man who rides on one is fit for office. This was populism when the first dawn of inspiration made statesmen of demagogues and philosophers of fools. But this has all been forgotten, and first of all by the populists themselves.

Upon these momentous issues McKelghan and Kam were elected to congress. Uncle John Powers received 70,000 votes for governor and hundreds of county officers were elected. Upon these issues Schrader and Newberry and Taylor and Loup, were sent to the legislature to bind the monopolies in chains, to damn the constitution and make what they could on the side.

Those who went out of the republican party to follow the advocates of these principles and policies have been gradually led along step by step until this year they are expected to stand upon a democratic platform and vote the democratic national ticket. In those days the democratic party was as vigorously denounced as the republican party, and even as late as four years ago the platform of the national convention of the people's party declared against the election frauds of the south and arraigned both old parties in the same paragraph for political crimes and misdemeanors. Not a single issue of the campaign of 1890 in this state is now even mentioned. They are all abandoned by the leaders apparently forgotten by the voters, and today on all important questions the populist platform is the democratic platform and the man who votes the populist ticket must vote for a democrat for president.—York Times.

A Significant Vote.

In the democratic convention of 1896 the states of Connecticut, Delaware, Maine, Maryland, Massachusetts, Minnesota, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, South Dakota, Vermont, Wisconsin, and Wyoming voted against the silver plank of the platform. All of these states, except South Dakota and Wyoming gave their electoral votes to McKinley.

In Kansas City on Thursday California, Connecticut, Georgia, Illinois, Indiana, Louisiana, Maryland, Minnesota, South Dakota, Virginia, Michigan, Ohio, New York, North Carolina, Oregon, Rhode Island, Pennsylvania, Mississippi, Texas, and Wisconsin, representing 282 electoral votes, voted in committee against a declaration in favor of free people that there will be no turning aside, no wavering, no retreat.

The Republican party, dedicated to freedom forty-four years ago, has been, in the language of the president, "the party of liberty and emancipation from that hour—not of protection, but of performance. It broke the shackles of 4,000,000 slaves and made them free, and set the party of Lincoln has come another supreme opportunity which it has bravely met in the liberation of 10,000,000 of the human family from the yoke of imperialism."

This is the plank on which the Republican party stands, with apologies to none and with justification before all. It is a plank as solid as the declaration of independence and as American as the stars and stripes. It is a plank against which the whole Bryan platform of rum and south must shatter in November. This has been written in the records of the nation every day since the Maine went down in Havana Bay—Inter Ocean.

The way democrats all over this broad land are "pouring the soup" into Imperialist Bryan in gall and wormwood for the friends of the czar in this state. The handwriting is on the wall. They see it.

HEART-SICK.

There are a great many people who have heart sickness, who have no chronic derangement of the heart.

When the stomach is diseased it may affect many other organs, and produce the evidence of diseased heart, diseased liver or kidneys, or disease in some other organ.

The inexperienced practitioner treats the wrong disease, and hence the constant statement of Dr. Pierce's correspondents: "Doctors could not help me."

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It increases the assimilative powers, and purifies and enriches the blood.

When diseases of organs remote from the stomach are caused by the stomach, the cure of the stomach results in the cure of the other diseases, in heart, lungs, liver, kidneys, etc.

Six years ago my stomach and heart troubled me so much I had to do something, as the doctors could not help me.

Resolutions of Respect. Passed by Wayne Council No. 23. Loyal Myrtle Legion of America, Wayne, Nebraska June 30th, 1900.

Whereas, in the infinite wisdom of Almighty God the silent messenger Death has taken from among us one of our most beloved and respected companions Sylvester R. Bruner, and whereas, through his death a wife and children have been called to mourn the loss of a kind and affectionate husband and father and our order a companion who was ever true and faithful.

Be it resolved, that while we realize that sympathy cannot alleviate the deep sorrow of the widow and fatherless, we tender to the stricken family our heartfelt sympathy and extend to them our consolation and assure them that our sorrow shall be mingled with theirs in this hour of bereavement.

Resolved, that the above preamble and resolution be spread at large on the records of this council and that the secretary be authorized to have the same published and a copy transmitted to the family. Committee: M. P. ABERNETHY, R. DUBURN, F. W. BUSHICK.

White Man Turned Yellow. Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, and his eyes, and he suffered terribly. His malady was yellow jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitter, the wonderful stomach and liver remedy, and he writes: "after taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 50 cts. at Raymond's.

Dr. Simpson of Norfolk, was in the city Tuesday. A. A. Welch went to Minneapolis Monday to attend the meeting of the National League of republican clubs. Wayne and Emerson will play a game of ball on the later grounds in that town July 20.

One Minute Cough Cure is the only harmless remedy that produces immediate results. Try it. L. P. Orth. David B. Hill excels in remarkable judgement in his acceptances and rejections. Mr. Hill never accepts anything that he cannot get.

White's Cream Vermifuge not only effectually cures worms, but is equalized as a tonic, and is a certain and moment cure for chills and fever in children. Price 25 cents at Raymond's drug store.

Democracy's efforts to dig up a war hero for vice president were ludicrously unsuccessful. Mr. Stevenson like Mr. Cleveland preferred to receive his wounds in the substitute.

It has been demonstrated by experience that consumption can be prevented by the early use of One Minute Cough Cure. This is the favorite remedy for coughs, colds, croup, asthma, grippe and all throat and lung troubles and cures quickly. L. P. Orth.

Let us hope that no detail of the Kansas City Circus will tend to deprive us of the accustomed spectacles of Chas. A. Towne starring the voters of Sixth district in the face.

"We have sold many different cough remedies, but none has given better satisfaction than Chamberlain's," says Mr. Chas. Holzhauser, Druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of coughs, colds or hoarseness. Sold by Raymond."

Mr. Bryan and Gov. Lind should get together and agree on a war record for campaign purposes.

What among human ills are more annoying than piles? The afflictions that prevent active exercise are bad enough, but one that makes even rest miserable is worse. Women are among martyrs. Tabler's Pile Ointment will cure the most obstinate of the cases. L. P. Orth.

Minnesota is as full of original Roosevelt men as hades is of unreconstructed democrats. To eradicate worms from the system give the oblid plain, nourishing food and White's Cream Vermifuge. The result will be the worms will disappear and the child become healthy and cheerful. Price 25 cents at Raymond's drug store.

With a dead issue for a platform, the democrats could have done nothing more appropriate than to nominate the late Adlai E. Stevenson for vice president.

A gentleman recently cured of dyspepsia gave the following appropriate rendering of Brax's famous blessing: "Some have meat that cannot eat, and some have none that want it; but we have meat and we can eat—Kodol's Dyspepsia cure be thanked." This preparation will digest what you eat. It instantly relieves and radically cures indigestion and all stomach disorders. L. P. Orth.

CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is a serious and far-reaching in its results. The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in its rapid and destructive, and finally ends in consumption. It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Pohll of Des Moines, S. C. writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no signs of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonic and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

**WINSIDE.**  
 Clifford Grafrod and wife left on Friday.  
 John Jaskowski was visiting friends in Winside the first of the week.  
 George Slater and family moved into the home of the Carter family just west of town.  
 Small grain is being cut and is being put to have been injured by the heavy rain to any great extent.  
 Our farmers are saying that the recent rain has cured the late corn but that the early corn was too far gone for help.  
 A good deal of minor damage was done to roofs and windmills by the storm, some trees were torn up by the roots and some broken down.  
 Will Carter and his Mother have taken the Commercial hotel for a time and will manage it with the help of the rest of the family from this time on. One of the best of the best of success as they are worthy of patronage.  
**CARROLL.**  
 Farmers are busy harvesting.  
 Wes Shippy was in Wayne Tuesday.  
 Clay Manning was in Sioux City yesterday.  
 J. H. Wolf signed hogs to the city yesterday.  
 Jim Hancock's new threshing outfit arrived Monday.  
 The honey boys received their new equipment Saturday.  
 O. M. Hubbard was transacting business in Wayne yesterday.  
 Mrs. E. Merrill of Vermillion, S. D., was here the first of the week.  
 Mr. and Mrs. R. V. West are visiting relatives in Iowa this week.  
 Mr. and Mrs. J. Taylor returned from Albion, Neb., last evening.  
 John Berry of Sioux City was in Carroll between trains yesterday.  
 The heavy rain of last week does no harm to small grain as was at first reported.  
 Little Helen Stone has been quite sick the past few days but is some better now.  
 Married at Wayne Monday, July 16, Mr. Hankins, of Carroll, Neb., and Miss Grace Cook of Wayne.  
 Miss Abigail Manning left for Illinois Saturday and will spend the last of her summer vacation visiting relatives and friends in that state.  
 Last Saturday Mr. Roy Johnson re-arranged the sad news that her brother Dick was instantly killed by falling from the loft of the barn. Mrs. Johnson and mother, Mrs. Pittinger, who has been visiting her for several weeks, left on the afternoon train for Albion. Dick Pittinger was very well known in Carroll, having resided on a farm near here for several years, before locating in Albion and it was with great regret

### A Letter From W. F. Norris.

Manila, June 4, 1900.

W. J. McNeal, Wayne, Neb.:  
 The Commission are in the bay, but what they will do, or when they will assume authority, or what that authority will be no man can tell excepting the members thereof. The party consists of over forty people, all of the Commissioners having their wives with them and more or less of their families. I know at least that one has in addition to himself and wife two daughters, as a young officer was exulting this morning in the fact that the evening before he had escorted the two pretty daughters of Mr. Ide to the steamer.

There is no special war news, but numerous rumors have been in circulation to the effect that the natives contemplated a rising on the arrival of the Commission. Their object being to create an impression on the Americans that the insurrection was not ended. A young man working in the office told me recently that he had been privately informed that an uprising would occur on the arrival of the Commission and that there were 4000 insurgents in the city of Manila ready to take part in the disturbance. He went on to say that a certain party in the city, a Native or Spaniard, had been warned to leave the city before the Commission came. My informant is an Indian, that is he is from India, and is as dark as a Hindostanee, but claims to be of English and French descent, and he recently married a Spanish girl of Manila, so he would be more likely to possess the confidence of the Natives than an American.

The foregoing is a sample of the reports in almost constant circulation. I think there is no danger of a serious uprising here in Manila. There might be an attempt made by the active insurgent element to set fire to certain quarters for the purpose of creating a disturbance or to afford an opportunity for looting the stores or houses. There are portions of the city that would burn like tinder. The houses of some of the suburbs are built of napa, which, during the dry season, is as combustible as so much hay or straw, would be very easily lighted and as difficult to extinguish. Such houses are, of course, of comparatively little value, and being the property of the natives, one would suppose they would be respected by their countrymen, but such does not seem to have been the case in the past, as that portion of the city destroyed in the great fire of Feb. 22, 1899, was the barrios (suburbs) of Tondo and Binondo, inhabited by the poorer class of natives whose sympathies were altogether with the insurgents.

There is more or less irregular fighting on but what has become of Aguinaldo seems to be a mystery, nothing has been publicly heard of him for months. It is supposed by many that he is dead. Should such be the fact, the knowledge of his death would have a strong tendency to weaken organized opposition, as the natives had a most wonderful confidence in him, believing him to be possessed of supernatural powers.

An officer in command of one of the sub-districts of the islands was talking with a former insurrecto, at the time apparently friendly to the Americans, he had in fact recently killed a noted insurrecto of that locality. Speaking of Aguinaldo he said that he could not be killed, he was divine, surrounded him with bayonets you could not take him, he would ascend up out of danger. That their chief still bears a pharisaic belief among his more ignorant followers.

The people need protection from themselves, the insurgents imposing tribute on their countrymen, who, whether in sympathy with them or not are obliged to pay the tax for fear of life or the destruction of their property in case of refusal. Such tribute the people are subjected to willingly or unwillingly and it is said to be imposed in the city.

Decorations day was observed here with the same ceremonies as at home. EAST DEPARTMENT day I spoke at Bloomfield, this year at the Y. M. C. A. in Manila and in both cases to an American audience, though last Wednesday they were mostly young Americans in uniform. I think, however, the latter may be considered a citizen audience, as most of them propose returning to the states and resuming their civil life and occupation in 1901, when their term of service expires.

The Y. M. C. A. is doing well in Manila. They have pleasant rooms furnished by the Government. Their building is centrally located and I think a better situation could not be had in the city. They have reading and bath rooms and it is proposed to add a restaurant and gymnasium, recently a fine lot of books were received from Lincoln. The chief benefactor of the institution is Miss Helen Gould, whose name is one to conjure with among the boys attending the Y. M. C. A.

Messrs Jackson and Glanville who have up-to-date managed the work left for the States last week, leaving an excellent record behind them in the Philippines. Mr. Helms from Iowa is their successor and promises to be a worthy one. It is really a very important work here and of great convenience as well as a benefit to the soldiers, affording those so inclined a pleasant place to read and write and pass the evenings in playing games and affording a resort outside the saloons. I notice the operations are beginning and the long political contest is fairly on, and also that the season opens favorably for crops. Hoping that the crops will be abundant and none be disappointed in politics, I remain, yours truly,  
 W. F. NORRIS.

### Local Overflow.

Madge Abbot has been visiting with Wausau friends the past week.

Mrs. R. Mick entertained friends at "Six O'clock Tea" on Tuesday.

The Wayne ball club played at Ponca this afternoon and at Emerson tomorrow afternoon.

Zola Harmon of Wakefield, is spending a few days with Hattie Weber and Laura Lundburg.

John Owens has completed his grading contract with the U. P. west of Grand Island and returned home yesterday. Geo. Nangle and the other Wayne boys who were with him went to Wyoming to engage in the same work. Mr. Owens expects to contract for a 50-mile grade in Iowa.

Mrs. Stallsmith's mother returned to her home at Wayne, Nebraska, Monday. The little child of Mr. and Mrs. Chas. Stallsmith died Tuesday morning. It was two months old. It was buried Tuesday. The friends of the family all sympathize with them in that the little one could not stay longer to brighten their home Old Times.

Mrs. W. C. Wightman entertained friends at "Six O'clock Tea," on Wednesday evening complimentary to her sister, Miss Elsie Sprague. The hostess was assisted by Mesdames C. A. Chase, Robbins and James. The table was prettily decorated with sweet peas and cherries. The guests spent a pleasant evening. Those present were: Misses W. H. Knabbe, Olmstead, Mary and Jennie Mettlen, Edna and Pearl Sewell, Weber, Briggs, Spears.

Republican Judge Hunter tied the knot on Friday evening that makes H. L. Taylor and Martha Bigler of this city husband and wife. W. C. Parsons and wife of Hoskins were here Saturday. It was the first time that Mr. Parsons has been out of the house for five months and his locomotion was effected by means of a wheeled chair. He and his wife were here looking after some city property with a view of purchasing and making this their future home.

A very pleasant party was given on Friday evening at the home of Mrs. R. Philbo by Mesdames C. Chase, Taylor and Maude Britton complimentary to Miss Baker of Chicago, Miss Hill of Churdan and Miss Jessie Dickey of Council Bluffs. Several games of progressive team bug were played and George Wilbur received the prize, a pretty ink stand after these games the guests enjoyed a musical program.

Light refreshments were served by Mesdames Edna Britton and Edna Beckenhauer. Those present were Mesdames Baker, Hill, Jessie and Nellie Dickey, Maude, Sloan, Weber, Cunningham, Sparker, Armstrong, Maude and Pearl Reynolds, Bush, Mr. and Mrs. Hal Gamble, Messrs. Miller, Hollie, Jones, Sarber, Wilbur, Walden and Arthur Tucker, Craven and Ley.

Rural free delivery carriers leave the postoffices in the morning, delivering market reports and daily papers within a few hours after they are received at the post office. They sell stamps, cards etc., collect letters and are in fact traveling post offices. They charge a small fee for doing errands not connected with their postal duties, but otherwise the service is absolutely without charge to the public. The carrier does not leave the route, each family is required to provide a box by the roadside to receive their mail. These boxes must be mounted on posts so the carrier can reach them without getting out of the buggy. Rural free delivery routes are established over stretches of road having the requisite number of inhabitants. A petition is now being circulated for a route south east of Wayne, starting at Wayne to go two miles south, thence two miles west, thence two miles north, thence two miles east, thence two miles north, thence one mile east, thence one mile north, thence six miles west to Wayne.

IS IT RIGHT.  
 (SYLVAN VALLEY NEWS, BREVARD N. C.)  
 It may be a question whether the editor of a news paper has the right to publicly recommend any of the various proprietary nostrums and pills for the market, yet it is a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for many years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any nostrum or medicine, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in many cases prevented. It is a safe medicine and does not require a doctor. At least this has been our experience during the past twenty years. For sale at Raymond's drug store.

### Proprietor of "Schlitz Place."

Hundreds of people in and around Wayne are suffering with headache, red, inflamed and crossed eyes, who might HAVE RELIEF.

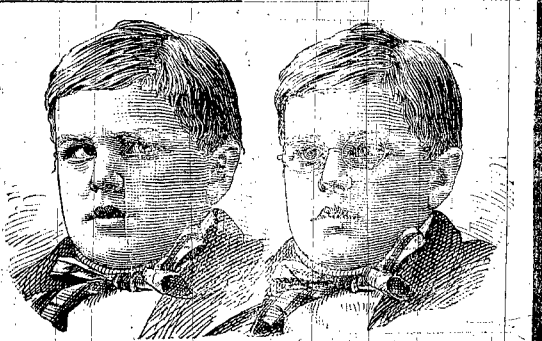

## Dr. J. C. Clark, EYE SPECIALIST,

Prescribes glasses for all defects of refraction, of vision and eye strains. His wonderful success can be accounted for easily—18 years at special eye work—nothing else—and all the improved instruments.

### Hundreds of His Patients Now Endorse His Methods as Follows:

Mrs. S. Osborn of Hartington, says: "I was afflicted with severe headache since I was 17 years old, at times rendering me unable to do any work, and I was obliged to take my bed. I have doctored away hundreds of dollars taking medicine and had glasses several times, all to no avail. Dr. Clark fitted me a pair of glasses and now I am entirely free from those headaches and I can do my work much easier and am better in all ways."  
 Miss Rose Breslin, a school teacher of Colorado, says: "I was troubled for a number of years with my eyes. It was a great trouble to me in my school work. I had consulted a number of oculists and have been told there was no relief for me. I went to Dr. Clark, upon the recommendation of another oculist, and I am pleased that I did. I have glasses now which give me perfect vision and great relief."  
 Mrs. M. D. Chance of Wayne, says: "My daughter had nervous prostration. We had doctored with medicine and done all in our power for her without benefit. Dr. Clark fitted her with glasses and she at once began to get better. Her nervousness is all gone. She goes to school and studies as never before and is doing nicely. Before she got the glasses we had to take her from school and stop her study of music."  
 Rev. Thos. Bithell of Wayne Methodist Church, says: "Dr. Clark fitted Mrs. Bithell with glasses which relieved her very much, far more than those she previously had."  
 Mrs. E. P. Olmsted, Wayne, says: "Dr. Clark fitted me with glasses which relieved me of severe pains in the head."

Look at this picture see what glasses did for this boy, then read letter below:

Magnet, Neb., Jan. 7.  
 Dr. Clark: I am very much pleased with results of your treatment of my little girl's eyes. The glasses you fitted for her have done ALL and more than you claimed they would do. She never looks out at eyes now and her eyes do not trouble her in school now as they used to.  
 Mrs. W. A. Preston  
 Mrs. Preston is also an estimable lady school teacher.

Dr. Clark's methods are entirely without drugs or medicine. Examination FREE. Dr. Clark will be at the Boyd hotel in

### An Epidemic of Diarrhoea.

Mr. Slanders writing from Coconaut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best remedy ever used. For sale at Raymond's drug store.

### Was it a Miracle.

The marvelous cure of Miss Rena J. Stout of Consumption has created intense excitement in Cammack, Ind., writes Marion Stewart, a leading druggist of Muncie, Ind. She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to use Dr. King's New Discovery and gained 37 pounds in weight and was completely cured. It has cured thousands of hopeless cases and is positively guaranteed to cure all of the throat, chest and lung diseases, 50c and \$1.00. Trial bottles free at Raymond's.
