J. E. Russell has decided to quit farming and has moved to Wayne to reside in the future, having moved into the Kaas residence just vacated by Gil Harrison. Mr. Russell will be welcomed to Wayne as one of her citizens. Oh! what a difference between the speeches of W. J. Bryan and Theodore Roosevelt at the Labor day demonstrations in Chicago last Monday; one the talk of a demagogue, the other that of a truly American citizen appealing to his fellow men to reason. School in the various districts began Monday and the opportunity to prepare oneself for the proper condition to engage in the pursuit of life and happiness is offered to everyone who will accept of the offer. Enlightenment is one of the best benefactors of mankind. Republican: Robt. H. Jones of Garfield was in town during the latter part of the week. Mr. Jones assures us that the republicans will make decided gains in the western part of the county, that people are satisfied with present conditions and do not propose to run the risk that would result from a change and hence the vote for the republican ticket will be considerably increased. Robert is an old time populist, and was at one time elected by that party as surveyor of the county, but today, like many others, believes the proper and only sensible thing to do is to vote the republican ticket from top to bottom.

A republican club was organized in Sherman precinct last Saturday night with Thos Evans, president, and Jas. Milligan, secretary. Three of those enrolled have voted the fusion ticket for four years but have now come out solidly for McKinley and the republican party. In his speeches Mr. Bryan makes frequent reference to Abraham Lincoln and his utterances, but he has not yet seen fit to quote the following bit of terse common sense from the martyr president: "There is no fear of the people losing their liberties. We all know this to be the cry of demagogues, and none but the ignorant will listen to it."—Kansas City Journal.

Elect Deltrich for Governor and shut off that infernal row between Governor Poynter and Dr. Lang. Ed Raymond attended the old settlers' picnic at Dakota City Thursday and reports a very pleasant time. J. Hood of Joplin, Mo., arrived Thursday, having been called here owing to the dangerous illness of his son. Fred Wright, is home from Wakefield and will enjoy a few weeks vacation, having completed his duties as bank clerk in that town. O. D. Franks, Phil Kohl and Herman Milder went to Omaha this morning on business connected with the Street Fair and Carnival. Nearly two hundred Wayne people attended the M. W. A. picnic at Ponder Wednesday and Thursday, and they all seemed to have enjoyed the outing. Special Excursions Sept. 10 and 26, to all points on C. St. P. M. & O. and C. & N. W. Ry's, where selling rate is \$7.00 or over, one fare plus \$2.00 for the round trip. Good for 30 days. T. W. Moran, Agent. Chas. Tower and Edw. A. Lundburg went to Tekamah Tuesday morning where Byron Hoile is lying very ill with typhoid fever. Chas. will act in the capacity of nurse. LATER: Mr. Hoile is now out of danger. Sioux City Carnival and Interstate Festival, Oct. 1st to 6th, 1900. Excursion tickets sold Sept. 30 to Oct. 6, inclusive, good returning until and including Oct. 8, 1900. Fare \$1.00. 29-8 T. W. MORAN, Agent. Mr. and Mrs. August Piepenstock left Saturday for Minneapolis and Chicago where Mr. Piepenstock will purchase a large line of fall and winter dry goods, hats, and boots and shoes, his largely increasing business demanding it. The Street Fair management propose to make the Fair and Carnival one of the best events that has ever occurred in Northeast Nebraska. They are meeting with splendid success in booking attractions and have some of the best that can be secured. It will be new to everybody in this part of Nebraska, and everybody should be here to enjoy it. Tekamah Herald: Mrs. B. L. Bean entertained a company of ladies on Saturday at six o'clock tea, complimentary to Mrs. Emil Weber and daughter, Lattie, of Wayne, Neb. The table and rooms were prettily decorated with out flowers. Those present were Mesdames E. Weber, Thomas, Jack, Chilcote, Hopewell, Crowell, Hinsdale, J. C. Smith, W. Smith, D. C. Wallace, Conking, Bryant, Brooks, W. Nesbit, G. P. and W. E. Brookings, Laite, Misses Weber, Thomas and Madge Eager of Wayne. The large new addition to the school building is now completed. The old part has been neatly papered and painted and is as neat and clean as a new pin. The structure is now a large and commodious one, amply large enough to provide uncrowded room for all children of school age in the district. The work has all been done within the limit of the \$2500 bonds voted for that purpose. The corps of teachers employed are the very best and there is every reason to believe that under the supervision of Prof. Conn this will be the most successful year in the history of the Wayne Public schools. Saturday afternoon, three traveling men, W. A. Crowe of Milwaukee, J. F. Courtney of Chicago, and M. G. Dower of Omaha, were making a drive to Winside. They had secured a team with driver from Eli Jones of this city and when about six miles out the horses became frightened and began kicking, throwing the carriage into a ditch, and then started to run down the road like a Nebraska wind storm. The horses were severely injured by the barb wire fence. The boys scrambled out of the carriage uninjured, except for a bad fright and the loss of their afternoon's business. They will always remember this city and the next time they want to make Winside they have decided to walk.

DEATH ENDS HOLIDAY

PHILADELPHIA, Aug. 21.—A collision between a trolley and a milk train on the Philadelphia branch of the Philadelphia and Reading Railroad Monday morning at Philadelphia, twenty-seven miles north of the city, resulted in the death of ten day laborers and was the first section of a large trolley accident in Philadelphia since the trolley car was introduced in 1888.

The trolley car, which was carrying about thirty passengers, was struck by the milk train, which was carrying about thirty passengers. The collision occurred at a crossing between the two lines. The trolley car was derailed and overturned, and the milk train was derailed and overturned. The accident resulted in the death of ten day laborers and the injury of several others.

FAILURES IN AUGUST.

Best Monthly Statement of the Year in Commercial Distress.

New York, N. Y., Aug. 21.—The Weekly Review of Trade says: Commercial failures during August were 735 in number, with liabilities of \$7,329,000. Manufacturing was 174 for \$2,495,000; trading, 519 for \$3,834,000. The first of August was a record for 1892. There were only two bank failures, with liabilities of \$140,000. This is the best monthly statement for 1892 thus far, but shows an increase over the corresponding month of the preceding years.

Steel mills in the Cumberland district and some in Indiana have shut down, throwing many hands out of employment, but part of these will be transferred to other departments of the new crucible steel company. The steel market is working more freely. Steady improvement is seen in the iron market. It is not possible to report progress in the boot and shoe industry, unless it can be considered encouraging that continued inactivity as to orders which will mean resumption of operations. Trade is generally quiet but both cotton and woolen mills. Prices of wool are unchanged.

WILL KEEP OUT OF POLITICS

Gen. Maximo Gomez Declines Nomination of National Party.

HAVANA, Aug. 21.—Gen. Maximo Gomez has declined to accept the nomination offered him by the national party to the constitutional convention. He says he has always kept out of politics, and does not wish to enter now.

The national party did not join with the other parties in a telegram sent to President McKinley Aug. 31 asking that the clause referring to the future relations between the United States and Cuba be modified. The parties which did sign the dispatch called the nationalists unjustified. The nationalists reply, in substance, that they trust the Americans, but that if they are not satisfied with the present arrangement, they will not accept a permanent treaty they would refuse to assist in drawing up the constitution.

CHICAGO UNIONS ARRESTED

Baseball Players Suspected of Theft in a Wisconsin Town.

LACROSSE, Wis., Aug. 21.—The members of the Chicago Union, a colored baseball team, were arrested Tuesday by the sheriff of Grant county, charged with the theft of a large sum of money. A couple of watches and a pair of shoes were also stolen at a hotel at Potosi while the baseball players were waiting to take the train to LaCrosse. They assisted in carrying out some of the contents of the building. Although some plundering was done, the police were unable to find the stolen goods. The evidence was not sufficient to convict them and they were released. GRENSHAW WELL TREATED.

Army Surgeon Denies Statements of the Dead Captain.

BATTLES CRENSHAW, Mich., Aug. 21.—Dr. P. S. Kellogg, who has just returned from two years' service as a surgeon in the Philippines, denies the charges of neglect on the part of the late Captain Crenshaw of the Sherman Wild Cat. Crenshaw says that the captain was so badly wounded that it was only a question of time when he would die. Kellogg says that Crenshaw had every possible attention, including the best physicians and nurses. He says that he assisted him occasionally himself, and knows that at any time he crawled out of his cot.

KILLED BY FALL FROM TRAIN

Prominent Pennsylvania Politician Meets Accidental Death.

PHILADELPHIA, Pa., Aug. 21.—Thomas J. Powers, commissioner of banking for Pennsylvania, was killed by falling from a train in the outskirts of the city. Powers had been spending the summer at Atlantic City with his family, and it is presumed he had gone to the platform to escape the heat in the car and was jolted off while the train was on a curve. He was a conspicuous figure at the Philadelphia national convention held out for the 33rd Congress, who held out for a third term for President Grant.

FOUR MEN ROB A TRAIN.

A Union Pacific Passenger Train Is Held Up in Wyoming.

CHEYENNE, Wyo., Aug. 21.—A Union Pacific passenger train, the second section of No. 1, was held up by four bandits near Tip-top station. The express car was blown up and the passengers were robbed. The railroad company says the loss is nominal. United States Marshal Haddell and a posse of seventy-five men are on the trail of the bandits. No one was injured.

STATE OF NEBRASKA

NEWS OF THE WEEK IN A CONDENSED FORM.

Militiamen's Row with a Bartender in Hastings Develops into a Serious Riot—Saloon Is Wrecked by Comrades—Other State News.

There was a dangerous riot in Hastings during the National Guard encampment, which resulted in several broken heads and \$500,000 worth of property destroyed. The riot grew out of a saloon row. It is said that a young private of Company L, Second Regiment, whose first name is Perry, was in the Tyler saloon drinking, when he began to have words with the bartender, and before anyone could interfere they got into a fight. It is also said the bartender lay young Perry in the face and over the head with a large revolver. This caused his comrades to interfere and a general riot followed.

The soldiers made their way to the street, where they hurled bricks and huge rocks which they carried through the large plate glass. Every plate glass was smashed to pieces and the bar fixtures were badly shattered. The city police were helpless and the riot continued until a telephone message was sent to Camp Lee for military assistance. Capt. John C. Hartigan immediately brought down his company, and a half dozen other detachments followed, but before they arrived the rioters had fled. The saloon looks a perfect wreck.

WANTERS 5,000 DAMAGE.

West Point Creamery Sues Omaha Milkman.

Iver N. Jensen, one of the Omaha milkmen convicted of selling milk containing formaldehyde, has another suit on his hands. He has been sued for \$5,000 damages, the West Point Creamery Company bringing the suit. A few days ago when Jensen was in jail, he was asked to swear that the can of milk which was inspected and which was found to contain formaldehyde was bought from the West Point Creamery Company. The can of milk from his own dairy contained the preparation for embalming. In its suit against Jensen the creamery people aver that the testimony of Jensen was false, so far as the milk purchased from him containing the formaldehyde was concerned. They say further that the testimony was malicious and that he has injured their business materially.

HYPNOTIZED BY SMALL BOY.

Exhibition of Children Is Successful Beyond Their Own Hopes.

Lillie Armstrong, a little girl about 8 years old, while playing show at Beatrice last evening, was hypnotized by a small boy. The boy, who was named Lillian, described method after method of hypnotizing a child. The youthful hypnotist announced that he would hypnotize Lillian and put her to sleep, and to his surprise, succeeded in doing so. It is reported that the boy is now bringing her out of the spell and all efforts by members of the family had no effect. The services of a local hypnotist were finally invoked to bring the girl out of the spell, which he succeeded in doing after a half hour of hard work.

Call for Senatorial Convention.

The Republican electors of the 11th Senatorial District are requested to send delegates to a convention to be held at Norfolk, Neb., on Wednesday, Sept. 17th, at 10 o'clock p. m., for the purpose of nominating a Senator for said district, and for such other business as may come before the convention.

The several counties comprising the said district are entitled to representation as follows: Madison County 17 delegates, Pierce 8, Stanton 7, Wayne 10.

JOHN T. BRESSLER, Chairman.

Get into the republican band wagon. It's filling up rapidly. Now is the accepted time.

Charles Dietrich was once a minor, now he will make the other fellow dig. Superior Journal.

The campaign in Wayne county may not be so warm as it was four years ago, but the results will be different.

The campaign is now on in full swing, but the corner politician is a scarce fellow. The people have't time to talk against prosperity and they are few who want to, anyhow.

The citizens of Wayne county certainly know what their experience has been the past two or three years. Haven't you prospered? If not whose fault is it? If you have don't you think you ought to be outspoken and advocate a retention of prosperity by urging your friends to vote for Wm. McKinley? Do it. Don't be afraid because you was once a democrat or a populist, but outwardly sanction that which you believe to be right.

CHANGES IN KANSAS.

Reasons why Bryan Will Lose and McKinley will Gain Many Votes in That State.

The special from Valley falls, Kan., which appeared in yesterday's 'Journal' and gave the result of a canvass of Delaware township, Jefferson Co., furnished an exceedingly interesting and promising story of political readjustment in the Sunflower State.

As this township which was selected by chance for investigation, may be regarded as a pretty good test of political sentiment in Kansas, the report is very significant. The names of those who have changed from Bryan to McKinley are given and most of them gave their reasons for changing. These reasons are timely and instructive coming from professional men, merchants, farmers and laborers.

It has been demonstrated that we have an abundance of money, and the laboring people are having a chance to earn good wages. Farmers are prosperous and business in general is good.

It is impossible for me, with my love of Americanism, to support a ticket whose main issue is the hauling down of the American flag.

What the future success of the country depends upon the success of the republican party. The most disastrous thing that could happen at this time would be the election of a democratic president.

I have no confidence in the democratic professions of liberty and freedom, as their past history will bear them out. If they believe in equal rights why do they not encourage a free ballot among blacks as well as whites?

When Bryan in 1896, declared that the success of republicans would be 8 cent corn and 25 cent wheat, foreclosure of mortgages on farms and the starvation of laboring people, I actually took some stock in his prophecies. But he has proven a false prophet. If he was wrong in his prophecies then, why should we listen to his prophecies now?

This talk about 'consent of the governed,' coming from Democrats, is ridiculous. That doctrine is not mentioned in North Carolina and other Southern States.

I have become disgusted with the sympathy the Pops profess for the laboring man. It is bogus. Plenty of work and good times have changed me from a Bryanite to a McKinley man. Bryan caught us four years ago with his alarmist speeches, he will not do it again.

I have had plenty of work the past three years. That's what interests me. I have made money farming under McKinley. It kept me scratching to make a living under Cleveland.

I am for prosperity and the flag. We don't swap horses in the middle of the stream.

My motto is 'Let good enough alone.'

The republicans gave us what they said they would—good times. That is why I am for McKinley. I voted for Bryan in 1896 because I thought he would bring prosperity. He lost. The republicans have brought it and I am for McKinley.

These good and sufficient reasons will apply as well in the other states as in Kansas.—Kansas City, Mo. Journal.

A BOON TO FARMERS.

What Republicanism Has Done for the Farmers of Nebraska.

How Prices for Farm Products Have Increased the Last Four Years.

Important Facts Bearing On Local Affairs In Connection With the Poynter Administration.

Omaha, Sept. 3.—Slowly yet surely public sentiment in Nebraska is crystallizing against Bryanism. Hard times and low prices under Democratic rule are so firmly impressed on the memory of the voters that the attempt of Bryan to divert attention, through the instrumentality of vulnerable and fallacious doctrines, has fallen flat.

The people of Nebraska are too intelligent and too discerning to be deceived by the 'mocking-birds of Democracy on the question of "militarism" and "imperialism," and they have only to take their pencil and paper and do a little quiet figuring to determine what Republican victory really means for them.

Tell-Tale Figures. The following figures will show the real difference between applied Democratic and Republican principles, the first column showing the prices under Democratic rule in 1896, and the second the prices prevailing now under Republican rule:

Table with 2 columns: 1896 and 1900. Rows include Wheat, Corn, Rye, Oats, Hogs, Labor, Horses, Cattle (fat), Cattle (feeders), Sheep.

This means that the Nebraska farmer tilling 160 acres of land, and that is not considered a large farm in Nebraska, will receive at least \$800 more for the same amount of stock and grain in 1900 than he received in 1896.

There are thousands of 100-acre farms and thousands of farmers in Nebraska, so it can be seen at once that this increase in prices in the aggregate amounts to a large sum.

These figures are unanswerable. They deal staggering blows to Democracy and they at the same time attest the wisdom and reveal the substantial benefits of Republicanism. It can be seen by this that Republican prosperity has in four years increased the value of every cow, steer, sheep, horse, and every bushel of grain in Nebraska more than 30 per cent. It has increased the value of every acre of farm land, and, aside from household effects, has in many instances doubled the value of all the personal property on Nebraska farms.

The Republicans in Nebraska pin their faith to this record. They are willing to stand on it, confident in the intelligence and judgment of all the people.

Under such conditions it is possible that Bryan and the Democratic campaign orators can mislead the people into depositing the Republican party and voting the Democracy back into power? Is it possible that the voters of Nebraska can, by the seductive and alluring strains of the political siren, be duped into voting for Bryan and a return of the depression and distress of four years ago? A vote for Bryan means that and nothing else.

For the rest of the agricultural states, the report of the bureau of statistics issued shows to what extent the farmers have profited in the last four years in live stock values alone. Here are the figures:

Table with 3 columns: Jan. 1, 1896, Jan. 1, 1900. Rows include Horses, Mules, Milch cows, Other cattle, Sheep.

Total \$1,541,306,339 \$2,042,846,813. This shows a net increase in values—a clear and clean profit to the farmers and stock owners of \$501,444,474. Adding to this the increase in the value of swine and farm cereals, which is even a greater amount, and it is found that the entire gain amounts to the enormous sum of more than \$1,000,000,000.

Have a Right to Know.

The people of Nebraska have a right to demand of Governor Poynter an explanation of his conduct in connection with the management of the various state institutions.

They have a right to an explanation as to why he has permitted officials to transgress the law without even so much as a public protest or reprimand. Within the last few weeks reports of official corruption have been published—charges upon which prompt inquiry should be made—yet Governor Poynter has refused to act, and has made no apparent effort to stop these abuses.

The gravest charges have not even commanded official attention, yet these charges are of such a nature as to be of the utmost importance to tax payers, involving as they do a reckless dissipation of the public funds. With wholesale pilfering going on in many of the state institutions it is no wonder that a large deficiency, conservatively estimated at \$100,000, is staring the Poynter administration and the people of Nebraska in the face.

For this, and for demoralizing the management of the public institutions by the appointment of political adherents irrespective of fitness, Governor Poynter will be held to answer. Proper management of public institutions is not a partisan question. All political parties profess to favor it. What shall be said or done with a party or official who proves recreant to this trust? That is the problem before the voters of Nebraska, and that is the charge upon which Governor Poynter and his party must stand trial in the high court of public opinion.

Secorony in the administration of public affairs is a matter of dollars

Mica Axle Grease advertisement with image of a horse and text: 'In every town and village may be had the Mica Axle Grease that makes your horses glad.'

and costs to every tax payer, and the fact that, with general appropriations approximating more than \$2,000,000, there is an apparent shortage of \$100,000, of itself proves that Governor Poynter has not practiced it.

Other Officials Extravagant. Governor Poynter is not the only fusion official who has fallen short of party promises and public expectations. The names of State Treasurer Meserve, Attorney General Smyth and Land Commissioner Wolf may be also added.

It is no secret that a portion at least of the state school funds has been farmed out to favorite patrons. There is at least \$200,000 of school funds upon which the state is receiving no interest and which is no doubt deposited with such concerns as are "friendly" to the administration. Diligent inquiry has thus far failed to disclose where this money is, or why the state is not drawing interest on it. This alone represents a clean loss to the state of \$4,000 per year.

In regard to the attorney general's department, the records show that that department has not alone been extravagant, but has made excessive demands on the treasury.

The constitution expressly provides that the attorney general shall receive a salary of \$2,000 a year and no more. It declares further, that nothing shall be allowed that department for deputies or clerk-hire. The records show how openly this has been disregarded. The following figures show to what extent the treasury has been milked during the present term of two years:

Table with 2 columns: Name and Amount. Rows include Attorney general, W. D. Oldham, Assistant attorney, Stenographer, Printing bills, Postage, telegraph, telephone, etc., Traveling expenses, W. D. Oldham, C. J. Smyth, W. D. Oldham, Ed P. Smith, G. P. Corcoran.

Other allowances have been made in addition to this, so that upon the whole this department under the present administration has been the most extravagant and expensive in the state's history.

More or less odium is attached to the land commissioner's department. The manner in which building contracts have been awarded and executed almost approaches a public scandal. Certain contractors have been awarded contracts and have signally failed to properly fulfill them, yet after having failed at one place the board has turned right around and awarded them contracts at another. In some instances the bondsmen of the contractors have been required to complete the work and in each and all instances the state has sustained pecuniary loss.

Contracts for groceries and provisions are now largely awarded to Lincoln parties, although which action is circumstantial evidence of rank favoritism. These contracts have been manipulated in the interest of the state house ring at Lincoln, and against the interest of the business men of the towns in which the institutions are located. Commissioner Wolf and Governor Poynter are directly responsible for this, as the former is chairman of the board of public lands and buildings and the latter chairman of the state board of purchase and supplies, boards that have direct charge of these matters.

It may be claimed by the state house officials, in justification of their acts, that the state is getting its groceries and supplies cheaper on this account. Nothing could be farther from the truth. In the first place, the way business is managed, prices become a secondary issue. The principal issue is that of weight and quality. There is scarcely an institution that has a weighing scale, and there is scarcely an official at any of the institutions competent to judge as to quality.

MISS MAUD KERKON,
 Of 1533 Orange Street, Los Angeles, Cal., writes: "I had been afflicted with my eyes for over a year with such a dreadful itching and inflammation that I could not see them for anything. Physicians had given me many different remedies which were like using so much water; they measured my eyes for glasses, which did not do me any good, but they did not benefit me in the least. My mother desired me to write to Dr. R. V. Pierce and explain the condition of my eyes. I did so, and after following your advice and using eight bottles of the Eye-Balm, my eyes were cured. I would advise any one afflicted to try these wonderful medicines. My health was never so good as it is now, and I shall never tire of praising Dr. Pierce's medicine. If other women are troubled to consult Dr. Pierce by letter and secure a specialist's advice free of charge."

It digests what you eat. You need not diet yourself. It contains all the digestants combined with the best known tonics and reconstitutives. It will even digest all classes of foods in a bottle. No other preparation will do this. It instantly relieves and quickly cures all of the stomach troubles. L. P. Orth.

Cover two cupsful of small hominy, usually called grite, with a quart of milk. Soak it in a cold place over night. Next morning cook until thick and tender. Put through your nut-grinder half a pound of blanched almonds, the same of pecan nuts and the same of pine nuts. Add to them half a teaspoonful of salt, two hard-boiled eggs chopped fine and a tablespoonful of chopped parsley. With your hominy form a sort of a back of a chicken; put the nut mixture inside, and then cover over with hominy in the shape of a chicken. Form the legs in the same way; fasten them to the sides; stick in a piece of macaroni for the bone. Brush this over with melted butter or beaten egg and bake one hour in a hot oven, basting frequently. Serve with cream sauce.

White Lake Wave.
 A Curious Case.
 A curious case, involving the com-mist of a claim upon the life of a person who turned out not to be dead, has given rise to some conflict of judicial opinion in the state of New York. In 1886 Charles R. Baumgrass of Syracuse obtained a \$2,000 certificate in the Ancient Order of United Workmen. He shortly after disappeared and was not heard of again until 1896. His wife, in 1896, believing her husband to be dead, sued for amount of certificate. Before suit was tried the Workmen agreed to pay \$600, "not to be returned in any event," and the balance if the insured was not shown to alive before July 1, 1897. After this compromise was made but before the \$600 had been paid, it was ascertained that Mr. Baumgrass was living, and the question arose as to whether or not Mrs. Baumgrass was then entitled to that \$600.

The court of Syracuse held that she was. The court of Rochester, N. Y., held that she was not. The court of appeals has reversed the Syracuse decision and has sustained the Appellate court in the conclusion that the Workmen must keep their promise to pay the \$600 in any event.

The Bravery of a Woman.
 Was grandly shown by Mrs. J. Dowling of Butler, Pa., in a three years' struggle with a malignant stomach trouble that caused distressing attacks of nausea and indigestion. All remedies failed to relieve her until she tried Electric Bitters. After taking it two months she wrote: "I am now wholly cured and can eat anything. It is truly a grand tonic for the whole system as I gained in weight and feel much stronger since using it." It aids digestion, cures dyspepsia, improves appetite, gives new life. Only 50 cents. Illinois Central R. R.
 OF INTEREST TO
STOCKHOLDERS.

FREE TRANSPORTATION TO ATTEND THE ANNUAL MEETING AT CHICAGO.
 The board of directors of the Illinois Central Railroad Company, at a meeting held July 18, 1900, adopted the following preamble and resolution:

Upon the recommendation of the President, the resolution adopted July 21, 1897, authorizing the free transportation of stock holders of the Company's lines to Chicago and return, at the time of the annual meeting of the stockholders was reconsidered and amended so as to read as follows:

RESOLVED, That, until the further order of this Board, there may be issued to each holder of one or more shares of the capital stock of the Illinois Railroad Company, as registered on the books of the Company, a ticket enabling him or her, to travel free over the Company's lines from the station on the Illinois Central Railroad nearest to his or her registered address, to Chicago and return, for the purpose of attending in person, the meetings of stockholders. Such ticket to be good for the journey to Chicago only during the four days immediately preceding and the day of the meeting, and for the return journey from Chicago only on the day of the meeting and the four days immediately following, when properly countersigned and stamped during business hours—that is to say, between 9 A. M. and 5 P. M.—in the office of the Assistant Secretary, Mr. W. G. Bruen in Chicago. Such ticket may be obtained by any registered holder of stock on application, in writing to the president of the company in Chicago. Each application must state the full name and address of the stockholder exactly as given in his or her certificate of stock, together with the number and date of such certificate. No more than one person will be carried free in respect of any one holding of stock as registered on the books of the Company.

A. G. HACKSTAFF,
 Secretary.

The next annual meeting of the stockholders of the Illinois Central R. R. will be held at the office of the company, in Chicago, on Wednesday, Sep. 26, 1900 at noon. For the purpose of this meeting, the Stock Transfer Books will be closed from the close of business on Sep. 11 to the morning of Sep. 27.

BOILS AND CARBUNCLES

Baneful Boils
 Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was a sufferer from boils and carbuncles caused by impure blood. It is impossible to describe my suffering; part of the time being unable to work or sleep. Several doctors treated me and advised me to try S. S. S. and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."
 and any information or advice wanted will be cheerfully given, whatever for this service. Send for our book on Blood and Skin Diseases—free.

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.
 Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.
 Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disgusting diseases.
 S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.
 S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.
 S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.
 Our physicians have made blood and skin diseases a life study—write them fully about your case, and they will be cheerfully given, free of charge, whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

School Suggestions.

School will open Sept. 10th in all departments.

I will be in the office at the High school on Friday forenoon and Saturday forenoon of this week. All who have not previously been in school here should call at that time and be assigned to their respective grades. Please do not delay this matter till the morning school opens. All others who have any questions to ask about the work in any way should also call. I especially desire to see those in the High school who have any work to make up, or those who are undecided in regard to the studies they will pursue. By carefully planning the work at this time there are few who will not be able to make up work in which they may be deficient.

All pupils above the Seventh grade will go to the Main building, and all pupils in the Seventh and lower grades, who live west of Main street or within one half block of Main street on the east side of it, and south of the Methodist church, will attend the High school building. All others will attend the Ward building.

Additional room and additional teaching force will be greatly to the advantage of the school in every way. With the usual co-operation of the parents with the teachers in carrying on the work, it is but fair to presume that the coming year's work will be more than ordinarily successful.

Any suggestions which patrons may have from time to time, in regard to their own children or in regard to the general welfare of the schools, will be gladly received by the teachers and superintendent.

Visiting the school, and becoming acquainted with the work and the aims of the school, together with the earnest co-operation of parents, teachers and pupils, is the most certain way to have a good school.

Very truly,
U. S. CONN.

HOSKINS.

Hoskins can now boast of its side-walks.

Melvin Case went to Omaha on Wednesday.

School started Monday with a good attendance.

Old Mr. Esterbrook came up from Norfolk on Tuesday.

A good shower of rain fell in this valley Tuesday evening.

Mrs. R. E. Tomplin of Winseld, was visiting in Hoskins this week.

Miss Bessie Howser is here from Wayne visiting with relatives.

Eleven cars of fat stock and four of grain have been shipped since our last report.

Dr. Salter came up from Norfolk Wednesday morning; we know of no one being sick in town.

Mrs. Anderson who died last Monday was brought from Wisner and interred at Bega on Wednesday.

There will be preaching at the M. E. church next Monday evening by the presiding elder. All are invited to come.

A rock foundation has just been built under the water tank and a new wind mill erected to pump the water and everything connected with the tank has been put in prime order at this place.

The Lutheran churches of Stanton, Norfolk, Pierce, Hoskins assembled at Mortz's grove on Sunday to the number of about 1000 persons and enjoyed a day of communion and fellowship long to be remembered. A fine dinner was served to all in attendance. There is talk of starting a McKinley club here in the near future. The people of this valley are doing some good hard thinking. They say, "Why the difference now and four years ago," and their good hard sense is telling them where the difference comes in and why we have this era of prosperity.

CARROLL.

School began Monday.

Prof Kelley arrived in the city Saturday evening.

Jack Frost made his appearance last Monday morning.

Charley Merrill came over from Hartington Tuesday.

Miss Abigail Manning returned from her eastern visit Saturday.

A great deal of fall plowing is being done in this vicinity this fall.

Jacob Peters of Niobrara, Nebr., is visiting with relatives in Carroll this week.

Cunningham & Young is the name of the new well firm now located in Carroll.

A. J. Honey returned from the G. A. R. reunion at Chicago the latter part of last week.

Cholera continues to kill off swine in this neighborhood. There is hardly a farmer around that has not lost some.

A young lady made her appearance at the home of Mr. and Mrs. C. E. Jones, Tuesday, Sept. 4, and Chas. wears a broad smile these days.

The picnic given by the different lodges of this place will be held a week from Saturday on Sept. 15. The Hartington band has been secured for the occasion.

This week finds one of the best corn crops ever raised in this section, practically out of the way of frost and the yield is estimated all the way from 30 to 60 bushels per acre.

A small hunting party composed of M. S. Linn, R. D. Merrill, Cass Belford, and Ralph Shirts left here Monday for a two weeks hunting trip in the western part of Pierce county.

Last Saturday evening Rob Wolf met with a severe accident by being kicked in the head by a horse. Dr. Phillips was summoned and pronounced the skull crushed and advised the boy's father to take him to a hospital at Sioux City which he did. Upon a careful examination at the hospital however it was found that the

skull was not injured and on Monday evening "Bobby" returned home as lively as a cricket.

DIED.

In this city on August 31, Mr. Sam Hood at the age of 28 years. The funeral was held Sunday afternoon from the home of F. G. Wadsworth, and the remains interred in the Wayne cemetery.

Sam Hood was born at Mason City, Iowa, October 31, 1871. Moved from Mason City to Waterloo, Iowa, and lived successively at Waterloo, Red Oak, Wayne and again at Red Oak. He was married two years ago last April to Miss Bartha Wadsworth of our city. With his wife he removed to Red Oak, Iowa, where he followed his trade as a barber. Five months ago he took a severe cold. This passed into consumption against which he bravely battled. But his own constitution and the care of loved ones and medical skill were unavailing and at 10:30 o'clock on Friday night last he peacefully passed over to the other shore. He leaves a wife and child and many relatives and friends who mourn his departure.

MALARIAL FEVER.

If you feel tired, appetite poor, have headache, indigestion, constipation and a general run down feeling, do not delay but attend to your case at once, before malarial fever has fastened its grip upon you. Read what Rev. H. W. Cies, pastor of Christian church, Craig Mo., writes. "We have used Dr. Kay's Renovator in our family and believe it is the best medicine we ever used. I had a bilious attack bordering on malarial fever, to which I am subject, and feel safe in saying that I broke it up completely with half a box of Kay's Renovator." Thousands have prevented a fever with the timely assistance of Dr. Kay's Renovator, thoroughly cleansing their sluggish system from all germs of disease and impure matter. Thus the blood is purified and evergreen toned up to a vigorous action. If taken now it may prevent months of illness. Dr. Kay's Renovator is sold by druggists or sent by mail on receipt of price, 25c and \$1, by Dr. B. J. Kay Medical Co., Saratoga Springs, N. Y. Send symptoms for free advice and free illustrated book.

Bert Ellis left Sunday for Omaha where he visited until yesterday when he was joined by John Harrington and Paul and they all went from there to Lexington, Mo. where Paul and Bert enter the Wentworth Military school.

A. J. Hyatt of Brenna, was in our office one day last week accompanied by a brother in law, Mr. Wyman of Red Oak, Iowa, who was here visiting and looking over our country and like everybody who comes here, he thinks it a pretty good place to tie to. Republican.

Teddy Roosevelt stated a great truth in his labor day speech in these few words: "When we come to dealing with our social and industrial needs, remedies, rights and wrongs, a ton of oratory is not worth an ounce of hard headed, kindly common sense." The trouble in the past has been that the wage-earners of this country have been too prone to turn their faces toward the politicians who, assuming to be their particular friend and sponsor, could turn on the heaviest hurricane of hot air and say the most ugly and unreasoning things in a given length of time. When sense and reason dominate the divers elements and constitute our social fabric, touch without striking fire; and he who fails to bring about a better understanding between man and man is a true benefactor of the race and the only fit person to be trusted with government affairs.—Bliss.

The Bravery of a Woman.

Was grandly shown by Mrs. J. Downing of Butler, Pa., in a three years' struggle with a malignant stomach trouble that caused distressing attacks of nausea and indigestion. All remedies failed to relieve her until she tried Electric Bitters. After taking it two months she wrote: "I am now wholly cured and can eat anything. It is truly a grand tonic for the whole system as I gained in weight and feel much stronger since using it." It aids digestion, cures dyspepsia, improves appetite, gives new life. Only 50 cents. OSCAR FRANKS

Democracy and the Laborer.

"In other countries and in other civilizations," said Mr. Bryan in his Labor day speech, "men have been condemned to a particular occupation, place or caste; in this country each man, however and wherever born, can ever strive for the highest rewards of business, state or church, and these avenues must be kept open and they must, however be kept open by the Republican party, for, as indicating the tendency of the Democratic party to condemn men to a particular occupation, place or caste, we find:

That in Louisiana 554,712 whites, in defiance of the fourteenth and fifteenth amendments to the constitution, have condemned 562,793 blacks to a condition of hopeless servitude.

That in Mississippi 539,703 whites, in defiance of the fourteenth and fifteenth amendments to the constitution, have destroyed the political liberty of 747,720 blacks.

That in North Carolina 1,010,191 whites in defiance of the fourteenth and fifteenth amendments to the constitution, have condemned 507,170 blacks to perpetual disfranchisement.

That in South Carolina 458,884 whites, in defiance of the fourteenth and fifteenth amendments of the constitution have deprived 692,503 blacks of all rights except those enjoyed by cattle and

That four other great commonwealths in the South, dominated by the Democratic party, in defiance of the fourteenth and fifteenth amendments to the constitution are preparing to reduce 3,000,000 to the condition of chattels.

Mr. Bryan may argue that the fact that these Southern negroes are condemned to a particular occupation, place or caste does not affect the main proposition, as the Southern whites should be left to solve the race problem in their own way but a man can hardly be ignorant on the other fact, that the negro laborer cannot be degraded in this country, except at the cost of the white laborer, and that it is but a short step from disfranchising the one to disfranchising the other. Neither can Mr. Bryan be ignorant of the fact that it is only in the states where colored men are condemned to a particular occupation, place or caste that the term "white trash" is known and understood.

The Democratic party has never in all its history recognized the nobility of labor. It has never, unless forced to do so, recognized the rights of the laborer. It is the Republican party, and the Republican party alone, that has made labor respectable and opened up every avenue in life to the laborer. And it is the only party that can be depended upon to keep every avenue open. That is another one of the questions which we believe was decided at Appomattox—Inter Ocea.
