COUNTY ELECTION.

Wayne Wheels into Line for a Continuance of Prosperity.

The People Here Take Mark Hanna's Suggestion to "Leave Well Enough Alone."

Election day dawned bright and beautiful and remained so throughout the day as the battle of ballots raged. One after another they were plunked into the ballot box in favor of a full dinner pail. Republicans seemed to take especial delight in putting in their plunks. A total of 431 votes were polled in the city of Wayne the largest ever polled, and when they were counted it was discovered that McKinley had made a gain of 47 over four years ago and that in general the Republicans had made gains. Every precinct but one showed gains for McKinley and especially was this true down in Brenna where McKinley received 69 to Bryan's 70. Four years ago Bryan had 114, McKinley 37, a gain of 67 for the latter. Thus Brenna takes the cake, and Frank Hooper, the Baird boys, Perry Bashoff and other good fellows down there have a right to smile a little louder than the rest. But it's good all over the county and the very best thing that could happen.

A special fight was made against Louis Smithberg for representative but the earnest work of friends kept his majority up to nearly that of any other candidate on the ticket in spite of the fact that Mr. Gubler is a resident of Wayne county. August Wittler won the race for county commissioner, although Mr. Ziegler has made a splendid commissioner, and many felt like keeping him there, but at the same time did not wish to vote against Mr. Wittler, yet the latter did not get the full republican vote.

Owing to local issues, Mr. Welch, the republican nominee for county attorney, had his majority reduced considerably, but succeeded in being elected.

Croker "croaked."

Look out for that crown of thorns. What's the matter with Nebraska? Henry Luders says he lost all his money.

Bryan was once a great man but Croker did him.

Improvements on our streets are still going on in the shape of crossings and grading. Ere long our streets will be in fine shape.

There is not much news to write this week, the election having absorbed every other thing. Its importance has filled the minds of everyone who was capable of comprehending its importance and wool or wool that was contemplated with it. But from all the news that is available today it seems that the people have decided right and that our country and its interests are safe for another four years. So mote it be.

BOERS STILL ACTIVE

THEY PROMISE TO KEEP BRITISH TROOPS BUSY.

Cuban Constitutional Convention Sends an Appreciative Message to the President of the United States—Other Items.

LONDON: Lord Roberts, according to dispatches from Cape Town, has taken his sick daughter to Johannesburg and will probably be left in command. It seems likely that he will have plenty of work. Gen. Buller is reported to have made his appearance near Frankfort, in the north-western corner of Orange River colony and some bodies of Boers continue to harass the army. It is asserted that Lord Roberts intends to stop the pursuit of commandos and to try to settle the colonies by rapid raids with mounted troops. Roberts telegraphs that in the operations in the Beaufort district, 2 (Capt. Chalmers of the Canadian mounted rifles, was killed, and Maj. Sanders wounded.

CUBANS ARE THANKFUL.

Constitutional Convention Sends Message to McKinley. WASHINGTON: A cablegram received at the war department late Monday afternoon from Gen. Wood, military governor of Cuba, reported the enthusiastic opening of the constitutional convention at Havana. The dispatch is as follows: "Convention opened promptly at 2 o'clock. Immense enthusiasm and cheering for the United States. Absolutely harmonious. Every evidence that satisfaction of the people was complete."

JEERS AT AMERICAN COAL.

English Ship Product in No Value for Steam Purposes. LONDON: "Three cargoes of Poebantons coal," according to the Liverpool Journal of Commerce, "are going derelict to Mediterranean ports, no offer being obtained here. The coal is practically worthless for steam purposes on account of its brittleness, which causes a wastage of 25 per cent. in handling. English coal owners are advised, therefore, not to worry about American coal competition."

A POSTOFFICE ROBBER.

John Schmidt Admits Participation in Several Crimes. SPRINGFIELD, Ill.: John Schmidt, alias August Miller, who was arrested in a saloon here and in attempting to escape was shot by Officer Bretz, was brought before United States Commissioner Kidd today for trial on charges of robbing the federal grand jury at Union Hill, Kan., and robbing the postoffice at Union Hill, Kan., and came here to sell the stolen stamps. He also admits serving two terms in Joliet penitentiary and being wanted for violation of the law. The postoffice at Farmersville was also robbed and it is believed Schmidt is the robber.

IMITATE LONDON.

Toronto People Celebrate Volunteers' Return with Fatsalities. TORONTO, Ont.: Several fatalities occurred during the parade in honor of the South African volunteers Monday. Eliza Magee, aged 70, was knocked down by a truck and instantly killed. Jennie Mackenzie, aged 10, was killed by being struck by a falling board and her skull was fractured; she died later. George Shaughnessy fell from the roof of the armory and had both legs broken and was injured internally. He will die. Charles Taylor, assistant chief of the Queen's Rifles, had his hand completely blown off by a giant firecracker.

DAVIS LOSES A TOE.

Minnesota Senator Doing Well Since the Operation. ST. PAUL, Minn.: An operation was performed on United States Senator Cushman K. Davis Monday which resulted in the amputation of one of his toes. The senator's condition is reported as favorable. Senator Davis has been suffering for some time from blood poison in the foot.

Cruiser Academy Row.

CHICAGO: The self constituted committee of patrons who called on the superintendent and authorities of the military academy at Annapolis, Md., relative to the dismissal of 113 candidates from the academy last week, issued their report. Col. Fleet, the superintendent, and the authorities were upheld in their action by the committee. It was further stated that the individual cases of each of the dismissed students will be considered on application by the parents, and will be decided on the past record and merits of the one under consideration.

Thirteen Were Killed.

PHILADELPHIA, W. Va.: The latest reports from the ill fated mine at Berryburg show thirteen killed, eight of whom were recognized, and three so seriously injured they cannot recover. Two men were found dead in part of the mine which was abandoned. The door of the mouth of the mine was shut and two men were blown 250 feet from the mouth.

Meet the Miners' Demands.

HAZLETON, Pa.: Cuyler Bros., stripping contractors, granted their men a voluntary increase of 10 per cent. in wages. All the stripping contractors and operators of shafts and collieries with but one exception have now acceded to the demands of the Seaton miners' convention.

Shots Are Exchanged.

WINDING, W. Va.: In a pitched battle between the strikers and the coal mine have taken their place. Walter Davis was fatally injured. Shots were exchanged, and missiles of every description thrown.

Struck a Fishing Schooner.

QUEBEC: The Canadian Sash and Cord Co., Capt. Pritchard, from Boston Oct. 17, which has arrived here, brought fifteen members of the crew of the fishing schooner "The Fish Hawk" which was destroyed by the Gloucester on the day of departure from Boston. One member of the crew was drowned. The Gloucester was not damaged. All the men are Portuguese.

Harris Gets Life Sentence.

Who Killed Policeman Thorne, 19, is sentenced to life imprisonment. The murder of Thorne caused serious race riots in this city.

ACCIDENT TO THE ST. PAUL.

American Lino Steamship Loses Her Propeller. NEW YORK: The steamship St. Paul, of the American Lino Line, Captain Roberts, commanded, arrived in port Monday, twenty-four hours late, with her starboard propeller gone and her engine room badly damaged. Statements of different officials vary as to the cause of the accident, but about 8 o'clock on the evening of Oct. 31 while some of the passengers were still at dinner and other passengers promiscuously, a sudden shock was felt over the ship, although it was not sufficiently severe to cause a panic. The engines were stopped in a few seconds after the shock, but it is said that during that brief time the whirling machinery, free of the weight of the propeller, wrought havoc in the engine room. The officials of the steamship intend to allow anyone to enter the engine room.

MAY BE A CLEVER SWINDLER.

Baltimore Officers Believe They Have Made a Good Capture. BALTIMORE: Edward E. Orth, an Englishman, has been arrested here and the police consider they have made an important capture. A communication was received by the department from Edward Jones of Perth, Ontario, enclosing a letter received from Orth, in which he stated that deceased relatives had left him certain securities, which he (Orth) would forward upon receipt of \$400 to cover costs, etc. In Orth's office was found certain letters and three hand addressed letters ready for mailing to various parts of the United States and Canada. The securities consisted of certificates of stock of the "Newfoundland Pulp and Paper Company," with offices in London and New York, N. Y.

Horrible Tale of Cruelty.

Soviet-Four Chinese Prisoners Bayoneted by Germans. BERLIN: Letters from privates in China begin to find their way into their social democratic papers showing that the German troops do not give quarter. The Bremen Burger Zeitung publishes a letter from a soldier in Peking who said he had sixty-eight captives, some of them not yet adults, tied together by their necks, beaten bloody by Germans, compelled to dig their own graves and finally shot en masse. The Hamburger Volks Zeitung prints a communication from Peking, in which the writer says: "No prisoners are taken. All are shot, preferably before to save ammunition. On Sunday afternoon we had to bayonet seventy-four prisoners. They were shot in groups of ten. An entire battalion pursued them and captured seventy-four alive. It was cruel, it is indescribable."

Gold Will Determine to Take Up the Burden of Bank. NEW YORK: On the authority of an intimate friend of the late Jay Gould, the Evening World announces that the debts of Count Hori de Castellani will be paid in full by the Goulds at once.

OHIO BANK LOOTED.

Robbers Are Said to Have Secured Five Thousand Dollars. BELLEVILLE, Ohio: The Farmers' and Merchants' Bank at Jackson Center was looted on Monday morning. It is stated the thieves obtained \$5,000. Citizens aroused by the explosion were driven off the streets by armed masked men, who left the town on a hand car.

River Steamer Sinks.

MEMPHIS, Tenn.: The steamer Hill City, belonging to the Hill City Steamboat Company of St. Louis, and plying between Memphis and Paducah, Ky., was wrecked on obstruction in Tennessee cove just below Memphis on Monday morning and sank. The water covers the lower deck, but the boat lies in a good position and can easily be raised. The Hill City was en route to New Orleans and had on board thirty passengers and a crew of forty. All got safely ashore in yards.

Explosion in a Mine.

PHILADELPHIA, W. Va.: Twelve men were killed in an explosion which occurred at the mines of the Southern Coal and Transportation Company at Berryburg, six miles from this place. The explosion was so great that mines were killed at the mouth of the mine and were blown forty feet from the track. It was probably the result of an accidental discharge of dynamite caused perhaps by the concussion of a blast. The property loss is slight.

Reports that Aginaldo Is Dead.

SAN DIEGO, Cal.: James C. Husey of National City has received a letter from James Thompson, a private of Company C, Twenty-third Infantry, written while he was in the hospital at Manila and dated Sept. 1, in which the writer says that a young Filipino occupying a bed next to him at the hospital stated that Aginaldo was really shot dead as reported some time ago, but the news was to be kept quiet for political reasons.

Berlin: An arduous physician named Wild, at Darmstadt, has fled and large fees for alms in his accounts have been discovered.

STATE OF NEBRASKA

NEWS OF THE WEEK IN A CONDENSED FORM.

William Hunt, in Resisting Arrest, Kills the City Marshal of Plattsmouth—Prisoner Admits His Deed—Placed in Falls City Jail.

City Marshal Wals was shot and killed at Ruly, a small town on the Burlington, his assassin being William Hunt, a tough character of that town. Hunt had been drinking and was arrested for disturbing the peace. He was being marched along in front of the marshal, and suddenly turned and fired two shots at the officer who shot Wals's mouth and the other his breast, killing him instantly.

There was no one near, and Hunt, thinking he had not been hit, threw away his gun and fled. He was followed by a few moments later and inquired of the crowd what the trouble was. It was learned that he had fired the shots, and he was at once placed under arrest. A mob was quickly formed and but for cool heads the mob would have lynched him. He was taken to Falls City and placed in jail. Hunt had been drinking, and when arrested admitted having killed Wals.

LOOTED AND BURNED.

Shelby Nearly Wiped Off the Map as Result of Thieves' Visit. Burglars at Shelby wiped the postoffice safe and set fire to the opera house block, which was built in 1898, costing \$13,000. The block was totally destroyed. When discovered the postoffice, in the front part of Kneer's hardware store, was in a blaze. The fire company arrived and did good work and kept the fire from spreading to the frame buildings to the north, the first being a few feet distant. Eight different canisters were burned out, containing \$250,000 in life insurance amounting to \$100,000. The opera house block, valued at \$100,000 and was passed by every troupe playing there. No money was secured by the robbers in the postoffice, for the postmaster saved it. These stores were broken open and their contents, also \$20 in stamps were stolen. Mail cases and registered packages had been opened and found a block away. Several trunks acting suspiciously were seen about the office during the day.

Omaha Man Shot in Denver.

Ernest Koel, of the firm of W. H. Reed and Sons, of Omaha, was shot in Denver, was shot by Officer Charles Seibrich, while in a saloon. Seibrich and ordered drinks for everyone in the house. Reed made a remark considered an insult by Seibrich and the latter shot. The bullet passed through Koel's right lung, and was not so much as a wound. Three shots were fired, but only one chamber in Seibrich's revolver was empty. Who fired the other shots is not known. All the men in the crowd fled before drinking and one of them appear to be able to give a clear account of the trouble. It took a couple of days following the shooting.

Nebraska Fraternity Congress.

The Nebraska Fraternity congress, organized by the Nebraska Fraternity, was organized in Fraternal Union Hall at Omaha. A permanent organization was effected and the following officers elected: President, F. E. Ross, Omaha, supreme president of the Nebraska Fraternity; vice president, H. M. Waring, Omaha, chairman of the law committee of the A. O. U. W.; secretary, W. E. Sharp, Lincoln, supreme president Royal Highlanders; treasurer, J. T. Yates, Omaha, sovereign clerk of Woodmen of the World.

City Wins in Damage Suit.

After delaying an hour the jury in the case brought by Mrs. Annie P. Sholes against the city of Lincoln for \$26,000 damages, returned a verdict for the city. Mrs. Sholes is a citizen of Illinois. She claimed damages by reason of a fall on a sidewalk. The jury decided the sidewalk was in good condition and the city was not liable. The verdict was returned by a majority among lawyers, for aside from their legal points it involved a larger sum of money than was ever asked for in a damage case against the city.

Government Bridge Repaired.

The repair work ordered by the war department on the government bridge spanning the Niobrara River at Niobrara has been completed. Now piling has been put in, and the city of Lincoln for \$26,000 damages, returned a verdict for the city. Mrs. Sholes is a citizen of Illinois. She claimed damages by reason of a fall on a sidewalk. The jury decided the sidewalk was in good condition and the city was not liable. The verdict was returned by a majority among lawyers, for aside from their legal points it involved a larger sum of money than was ever asked for in a damage case against the city.

Floating Saloon Burned.

The floating saloon on Lake Quinebaug, the property of William Mark of Deatur, which has been conducted for the last two years, has been burned to the water's edge. The saloon was built on a barge and set to float the lake. Threats in this direction have been about for the last three months and the end was expected.

Must Answer Many Charges.

As the result of a drunkard spree at Long Pine, the breaking of several glass window frames and alleged threatening of the life of Councilman Murray, Edward Cunningham, county clerk of "Texas," was arrested over to the district court. His bond was fixed at \$100.

Everyman Shoots Himself.

While driving upon from Lynch, Theodore Young, a hired man of Yorkville, had the misfortune to shoot himself through the calf of the left leg with a 32-caliber revolver. The wound was dressed in Lynch and the patient was enabled to reach home.

Hobbers Overtook Cash.

The bank at Springfield, Spearman Bros., was robbed the other night. The safe and building was wrecked and revenue stamps stolen. Four hundred and fifty dollars in money in the safe was overlooked by mistake.

Woodmen to Build Hall.

At a recent special meeting of the Modern Woodmen camp of Deatur it was decided by a unanimous vote to build a hall of their own. The cost of the building will be \$3,000 and the finest of its kind in the county. The size of the hall will be 90 feet long, 80 feet wide, two stories, the lower room to be used for a theater.

Boy Kills a Big Eagle.

A boy named George Black while out hunting near Cedar Creek killed a large golden eagle. The bird measures six feet from tip to tip.

Accident May Be Fatal.

While James Hickson and three other men were boring a well with a large steam drill near the pump house in Plattsmouth, the boiler of the engine exploded. It struck him on the head, knocking him senseless. He was taken to his home where doctors removed a portion of his skull. He will probably die.

Compromised His Crime.

Lon Williams, the Omaha young man who was taken to Beatrice on a charge of bastardy and who was under bond in the district court, has, it is understood, been released the case by agreeing to pay \$100.

BOY FOUND IN THE RUINS.

Remains of Human Being Being Discovered in Burned Building.

A vacant farm house in the west part of Rock County was burned the other night and the remains of a human being were found in the ruins. The coroner was notified and an inquest was held, at which it was found that there was no one in the house at the time of the fire. Two theories account for the presence of a man in the house at the time of the fire. One is that he was a tramp, who put in the night at the house, and the other is that he was a man who had committed the crime being taken to his isolated place by the proprietor and incorporated along with the house to cover up any clue.

Killed by Companion.

Zellin, J. Zehleker of Franklin, a student in the Lincoln high school, died the other night of a heart attack, the result of an accident. Zellin was out for a walk in his rooming house at 10th and Franklin streets, when he was overtaken by a man who was carrying a gun and it exploded unexpectedly, sending several shrapnel into the young man's leg below the knee, and causing the loss of blood and bones. He died two minutes after receiving the wound.

Alleges It Is a Trust.

Attorney General Smith has filed suit in the district court against the National Ice Company of Lincoln, the National Ice Company of New Jersey, and the American Ice and Manufacturing Company of Illinois, charging them with having conspired as a trust to restrain trade. It has petitioned for records the alleged absorption of the Lincoln company by the National and American companies and petitions that all agreements between them be declared illegal and voidable. The National Ice company is one of the important manufacturing industries of Lincoln.

Fireman Charged Killed.

Hubert J. Clark, a fireman, was killed in a most mysterious and unaccountable manner last night on the Burlington passenger train between Hastings and Maywood, Iowa. The train was running fifty miles an hour, when Engineer "Doc" Allen heard a peculiar noise, and suspecting something wrong he called to his fireman, but received no response. He then climbed down to the engine and discovered the fireman lying over the grate between the engine and tender. One side of his skull was crushed in and a few minutes later he died.

Escapes From the Sheriff.

A man giving the name of D. C. Carroll stopped at Council Bluffs the other day. He filled up with whisky and went out on the streets looking for a woman who he had met in the evening. One lady had him arranged and brought him before the sheriff. He was fined \$100 and costs. The sheriff had to have the wherewithal and so the sheriff advanced the fine, he went out to raise the money, but he skipped out in the night, taking the fine that he had given the sheriff as security.

Freemasonry Clothing Store Damaged.

Zorky & Kuroski's clothing store at Fremont was badly damaged by fire. The fire started in the rear of the store and spread to the center of the store and was not extinguished after the entire building was flooded with water. The loss, which is almost entirely smoke and water, is about \$7,000, with \$2,000 insurance. The building is owned by the Germania Insurance and the damage to it will not be covered and is fully covered by insurance. The origin of the fire is unknown.

Crushed by a Train.

A Bellevue resident was crushed by a train near the interlocking switch at Gilmore Junction and instantly killed. Upon the dead man's person were papers showing he had come from North Platte and was bound for Lincoln. In his pockets were receipts for a long haul to Chicago. He had been in a barn near by and was evidently sick, for he walked straight into the engine, the engineer not being able to see him until too late.

Disease Closes Schools.

At a meeting of the board of Education in Deatur it was decided that the public schools should be closed for a few days on account of an epidemic of diphtheria in the city. The board of Education has been prevailed in this community and surrounding territory since the fore part of last June. Since the opening of school, the first Monday in September, at least seventy-five pupils have been afflicted with the disease.

Shot Up for Life.

Deputy Sheriff J. D. McElroy of Plattsmouth was shot up for life by the Sheriff of Fremont County, California, during the Charles Ardell, alias Frank Perry, who was recently arrested in Plattsmouth, charged with having committed murder in that county by shooting and killing a fellow prisoner in the county jail, and was sentenced to the penitentiary for life.

Smallpox Not Spreading.

Health Commissioner Coffman has returned from a tour of inspection of the "Cuban night," which has been prevalent in this community and surrounding territory since the fore part of last June. Since the opening of school, the first Monday in September, at least seventy-five pupils have been afflicted with the disease.

Ask for Rural Delivery.

Rumboldt will soon enjoy the benefits of free mail delivery, as local parties have been working on a petition for a route south of town, covering quite an area.

Farmer Killed by Lightning.

Carl Dolger, a farmer, living three and a half miles southeast of Rising Sun, was killed by lightning.

Charge Boys with Theft.

A Plattsmouth saloonkeeper named Leopold, who was recently arrested, charging them with having committed murder and other articles from his place of business.

Hallam Postoffice Robbed.

The postoffice at Hallam, a small town near Beatrice, was robbed of \$50 in money orders, \$300 in cash and \$20 in stamps.

Wreck Near Goldenburg.

In a wreck near Goldenburg an engine and six cars were demolished. Three were injured. None seriously hurt.

Trace of Murderer.

Trace of Walter Gordon, the strange Canadian murderer, who mailed a letter from Omaha several weeks ago, has been found. He is said to be holding the office in Mexico. Chief Donahue has at last heard the circumstances of the double murder of which Gordon is accused. It was most odd blooded.

New Macabees Lodge.

The Macabees organized a lodge at Waco with thirty-one members as a start. The first meeting will be held on Monday, which will be a public affair. Waco has a number of internal orders of large membership.

MERRIAM TELLS OF CENSUS BUREAU WORK.

In speaking of the work of the census bureau Director Merriam said: "It has been the custom heretofore to make a rough count, using the names on the schedule as a basis, but in this decade it was determined to avoid the error likely to arise from a preliminary count, and also the unnecessary expense and delay incident to such a proceeding. The plan was adopted of verifying the count at once by the use of the electrical tabulating machine."

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost; is there any better combination?

How about the "I told you so's."

Wasn't it ideal republican weather thought?

Will Bryan ever be able to find another issue.

Militarism and imperialism have now been laid upon the shelf with 16 to 1 and Bryan.

It didn't exactly snow but it was a very severe frost for bryalism, imperialism and militarism and all the other paramount issues including the trusts.

The American people like to be humbugged, but they don't enjoy the work when it is coarse as Bryan's on militarism and imperialism.

Now that the election is over it is in order to love thy neighbor as thyself. It will also be a good thing to work together in a spirit of brotherly love with the main object being to build up, not to tear down, so that a gleam of sunshine may be visible at all times.

Nebraska only increased 9901 in population during the past ten years according to the recent census. The great trouble rested in the padding ten years ago at Omaha and Lincoln. Apparently old hotel registers of years before that time were brought into use in 1900.

If a farmer intends to follow farming for pleasure and profit, I think that he and his family would enjoy life very much better to buy a farm. They would feel more independent, more satisfied with themselves and their surroundings. If you have leisure time during the year, it can be profitably used in beautifying the home, making it more desirable, more attractive, and more valuable. If you are a man of good standing in society, your opinions are good, even if you have but small means to pay for a farm. If you are industrious you can first pay for it in due time. I have known \$5000 farms to be sold by paying very small amount in cash for the first payment, even as low as \$25, and the balance in annual or semi-annual payments, with low interest. There are parties with poor crops, or low price for their produce, or other troubles, that put them in an uncomfortable place to make all the desired payments; but with ordinary success and good management all goes well and all are happy, and the farm is paid for when due and sometimes long before.—O. C. Burb, Fairbury, Neb., in Iowa Homestead.

ATTITUDE OF RAILROADS

Prompt Assistance Rendered by Them At Galveston.

The popular belief that large corporations are relentless under all circumstances where profits are at stake, has received a gratifying "shock" in so far as the attitude of the railroads since the Galveston storm is concerned, as the following will show:

Morning Post, (Raleigh, N. C.) The Concord Tribune says:

"We have all heard a great deal of the corporations being soulless. This may be true. They are at least stern business institutions. What we want to say that when a disaster of the Galveston nature comes the people are absolutely at the mercy of the corporations and, in a measure, look to them for relief. Just now the railroad, express and telegraph companies are doing us little toward the relief of the Galveston sufferers, and I deserve due credit for what they are doing. It is true they have large business interests there and suffer from a financial standpoint, but is due these companies, soul or no soul, to say they can and do a great good when there is suffering to be relieved.

This is true and just. But for the prompt generosity of these corporations in such emergencies, the suffering would have been multiplied many fold. And it is not only the promptness with which they responded but the free transportation of supplies and all the things necessary to alleviate the suffering, whether provided by governmental or individual charity that deserves commendation. It costs as much to run trains for such occasions as it does to run similar trains for profit. Yet there is not a railroad company or an express or telegraph company that would not be and has not been prompt to render every such service that the emergency could call for without price.

When the Philadelphia Press intimated the other day that it had nurses and medical supplies and a trainload of provisions for Galveston, these had hardly been gathered together before the Southern had its train of cars and comfortable coaches at the Quaker City Depot, and so soon as all could be loaded and gotten aboard was speeding through the south with absolute right-of-way of trackage on its mission of mercy. It is due to say that either of the other two great systems reaching into the South would have cheerfully performed the same service to the extent of its system.

Yet these great instrumentalities of charity, as well of enterprise, are the objects of special assault and oppression by the little souls that constitute the demagogue element of society. When these corporations are not out down their train receipts to the lowest limit, they are singled out for burdensome, unusual and unequal taxation, thus cutting both ways. And if they object to being thus robbed, they are held up constantly as enemies of the people.

Honest people are fast learning to place the proper estimate upon the violent and ambitious demagogues, and appreciate and protect in all things that are just, those great agencies of good as well as of material development.—New Orleans Times Democrat.

Rev. J. D. DeTar, pastor M. E. church Spring Hill, Iowa, has coughed many winters all winter long and twice was compelled to rest from preaching for a period of several years. Nothing helped him until he took Dr. Kay's Lung Balm. Five shot boxes cured him. It has no bad effect upon the stomach. The thousands of the worst coughs cured by it is evidence that there is no remedy so equal for every kind of cough, cold, grippe, bronchitis, pulmonary, etc. Druggists sell it for 10 and 25c. Send for free advice, sample and book to Dr. B. J. Kay, Saratoga, N. Y.

Rural mail delivery is growing in the minds of the farming community as one of their rights. My box at the post office costs me thirty-five cents a quarter. I consider this extortionate. The box is small, too small, for often the papers and magazines are so jammed in that they are torn. But it is either that or nothing in the shape of a box. Rural mail delivery will suit me all right. I signed a petition last week for a route past my door and would sign one every day if that would bring it. I don't like to be imposed on even by a postoffice. Thirty-five cents a quarter for a little box is an imposition.—Homestead.

Rev. L. L. Carpenter, (of the Christian church) Wabash, Ind., President of the Bethany Assen'ly at Brooklyn, Ind., writes, "Dr. Kay's Lung Balm is the very best cough, cold and throat remedy that I ever used. I have also received great benefit from the use of Dr. Kay's Renovator. Who have no words to express our thankfulness for the benefit we have received as the result of using these remedies." To renovate the system and cure the worst cases of dyspepsia, constipation, liver and kidney troubles, headache, etc., there is no remedy that equals Dr. Kay's Renovator. Druggists sell it for 25c and 50c. Free advice, samples and books write Dr. B. J. Kay, Saratoga, N. Y.

It affords me pleasure to note that successful farming has grown to mean more than the mere cultivation of the land and building up a large bank account. Improved agriculture includes the culture of the people living on the land as well as of the land itself. Not the accumulation of wealth but the accumulation of all that makes and fits people for good citizens is the desideratum. The outcome of true culture is the exercise of intelligent purpose in the activities of life and that which stamps the good farmer as a man of real culture. I hope to live to see the farmers occupying a place they so richly deserve, not that they may belong to the "upper ten" but the "upper thousands."—Homestead.

Homestead: The farmer who is simply satisfied with salted pork instead of the improved sugar-cured article is not living up to his opportunities. There is as much difference in the simple salted pork and the sugar-cured as there is between cotton and silk goods. Any farmer who has hog to kill can have sugar-cured pork if he wants it. The hams, shoulders and side meat should each have a separate barrel for best results. For each 100 pounds of meat take ten gallons of water, 8 pounds of salt, 4 pounds of brown sugar and 1 ounce of saltpeter, boil all together and let it cool. Rub meat with fine salt, pack closely in a barrel and weight it down. Letting it in the brine six weeks makes it all right for my eating, and then it is lifted drained and smoked. Now it is good enough for a king or anybody to eat.

There is no pleasure in life if you dread going to the table to eat and can't rest at night on account of indigestion. Henry Williams of Bonville, Ind., says he suffered that way for years, until he commenced the use of Kodol Dyspepsia Cure, and adds, "Now I can eat anything I like and all I want and sleep soundly every night. Kodol Dyspepsia Cure digests what you eat." L. P. Orth.

A COSTLY BLAZE.

For the first time in several months an alarm of fire was given about one o'clock Monday morning as the canopy screech of the fire whistle pealed forth in all glory. The fire was at the brick yard of John F. Sherbahn and had no doubt been burning sometime before discovered. The fire department responded rather slowly owing, in part, to the fact it was the opinion of many that the hose would not reach to the yards, but it was finally laid and the fire extinguished but not until Mr. Sherbahn had sustained a loss of about \$3000, wholly uninsured. The entire building in which he burned brick was destroyed and one-third of his drying sheds to the southwest corner adjoining the kiln. For a time it was thought that the whole plant would go but by hard and diligent work the flames were subdued although the fire was difficult to get at owing to the tin roof covering the sheds. Mr. Sherbahn also lost 75,000 brick moulded and dried ready for burning. How the fire originated is a mystery as Mr. Sherbahn was about the kiln as usual in the evening and there was no sign of fire any place as he had completed burning a kiln of brick last Thursday. It is a severe loss and unless the weather remains good he will sustain a still further loss of about 250,000 brick that are ready for the kiln, they now being exposed more or less to the weather.

CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady, while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

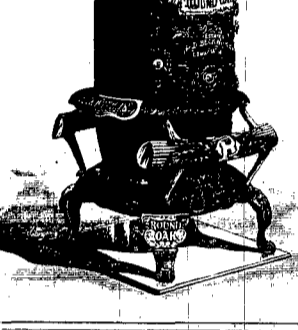

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, and healthy blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you? Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe and stubborn form of the disease may develop from a sore on the tip of your tongue or other part of your body; a slight bruise or hurt, a little pimple on the eyelid, or other causes so insignificant as to attract little or no attention. If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S.

Mrs. R. Shurr, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the jaw began to swell and become much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed and there is now no sign of the disease. This was two years ago, and I am still enjoying perfect health."

Send for our special book on Cancer; it contains much information that will interest you; it is free. Write our physicians about your case, and for any advice or information wanted; they have made a life study of Cancer and all blood diseases. We make no charge whatever for this.

RESULTS IN ALL STATES.

Returns Still Coming In Show But Little Change.

CONGRESS IS REPUBLICAN.

President Will Be Backed by a Good Working Majority. All Sorts of Majorities Routed Up for the Republican Ticket.

Chicago, Nov. 8.—Republican national headquarters was the scene of a continuous busy day. Returns received from the various members of the national committee all went to confirm the general result, though over sanguine committee members were obliged to reduce their first predictions regarding, in many instances, the size of McKinley's plurality. Nothing was received, however, that caused any disquietude. Vice Chairman Payne remarked:

"We knew we have won and won easily. Nothing can worry us now."

During the afternoon Mr. Payne issued a statement, claiming 308 electoral votes for McKinley, but he seemed none too confident that this number would be the result. The 308 included the vote of Kentucky, and notwithstanding the assertions of the Republicans from that state that they had carried the state, there was not much confidence felt in the returns from that Kentucky vote. Returns from Ohio, Nebraska, the feeling was positive and the assurances from Republican leaders in that state all stated that McKinley had certainly carried the state anywhere from 3,000 to 7,000. The Republican leaders will be greatly disappointed if they fail to carry Mr. Bryan's state. They want it, not for the reason that its electoral vote is necessary to the election of President McKinley, but for the comfort of having Mr. Bryan reelected by his own state. Congratulatory telegrams poured into headquarters all day in a perfect stream.

THE POPULAR VOTE.

Table showing electoral college results for McKinley and Bryan across various states.

Table showing popular vote results for McKinley and Bryan across various states.

New York, Nov. 8.—Political headquarters in this city and state are being abandoned and the campaign of 1900 is now history. Ex-Governor Sigsbee, who has had charge of the Democratic national headquarters here, is preparing to return to Missouri. Republican leaders of national reputation, who have made their headquarters here in this city for a number of weeks past, are also scattering to their homes in different sections of the country. The large plurality received for McKinley in the electoral college and the certainty that the next congress will be Republican has taken the keen edge off popular interest here. Richard Croker, despite the fact that the newspapers of the city are discussing the possibilities of an anti-Turnbull Democratic organization, is preparing to leave for England in the near future. Governor Roosevelt is still resting at Oyster Bay.

The official returns as received up to date do not materially change the result, and McKinley's plurality remains approximately 145,000 in the state. John B. Stuchfield, the Democratic nominee for governor, ran ahead of his party's presidential electors, but, O'Brien's plurality still remains about 100,000. The congressional delegation from New York state stands 21 Republicans and 12 Democrats, a Republican gain of five. Both houses of the state legislature are Republican by a large plurality.

Philadelphia, Nov. 8.—Complete and unofficial returns give McKinley 287,276 plurality in Pennsylvania. Helena, Mont., Nov. 8.—Fullest records of Tuesday's voting in this state shows McKinley's plurality to be 15,000. Governor and Governor Toole leads the Democratic state ticket, with 6,000 to 8,000 votes to spare. The legislature, which will elect two United States senators, is Democratic 19 to 20 votes on joint ballot, and will undoubtedly re-elect Senator William A. Clark and some other Democrat or Populist to succeed Thomas C. Carter and fill the vacancy caused by the resignation of Senator Clark last session.

FIFTY-SEVENTH CONGRESS.

Republicans Will Have a Good Working Majority.

Washington, Nov. 8.—Representative Loudenlager, who is in charge of the eastern headquarters of the Republican congressional committee, said that his returns and the press dispatches indicated that the Republicans would have 200 members in the next house of representatives, against 154 for the opposition.

At the headquarters of the Democratic congressional committee, Mr. Kerr, the secretary, denied the claims made by the Republicans to a majority of 49 to 50 in the next house. He says that the information he has received makes it certain that the Democrats will have at least 168 members, with the prospect of one or two more seats which are still in doubt, leaving the Republicans a majority on the face of present advices of only 25.

COMPLEXION OF SENATE.

Washington, Nov. 8.—The senate, assuming that the state legislatures will fulfill their duty and choose senators to represent their states, will stand on the basis of Tuesday's election, 49 Republicans, 27 Democrats and 9 Independents, with the privilege of electing five senators at this time. The legislatures in doubt are Delaware and Nebraska. In each of which states two senators are to be chosen, and 10th, with one senatorial chair to be filled. Among those classed in the independent column are Senators Stewart of Nevada and Kyle of South Dakota, who, in the last congress acted with the Republicans on all party matters; Turner of Washington and Harris of Kansas, who acted with the Democrats, and Wellington of Maryland.

OVATION TO M'KINLEY.

President Has a Triumphant Journey to the Capital.

Washington, Nov. 8.—President McKinley's trip from Canton was one continuous ovation to the twice elected head of the nation. At every stop there were great outpourings of the people, business was suspended and many factories along the line added their thousands of workmen and workwomen to those who joined in enthusiastic greetings. The president appeared at each stop, shaking hands from the rear platform and making short speeches at the most important towns. Mrs. McKinley received her share of the popular salute, men and women struggling to present her with flowers. Patriotism, the flag and the volunteers' uniform figured everywhere and the trip was in the nature of a triumphal journey to the capital.

Senator Wolcott Defeated.

Denver, Nov. 8.—Returns from Tuesday's election are slow coming in, but sufficient returns and careful estimates have been received to show that Bryan's plurality will be from 30,000 to 35,000 and may reach 40,000. The Republican managers concede the legitimacy to the fusion ticket by a majority of 56 on joint ballot. Omaha (Dem.) and the whole fusion ticket will have about 25,000 plurality. The defeat of Senator Wolcott for the senate is generally conceded, but with several aspirants in the fusion party it is impossible to predict with any accuracy who his successor will be.

Tennessee.

Nashville, Tenn., Nov. 8.—The total vote cast in Tennessee will fall 25 per cent under that of 1896 and Bryan carries the state by from 20,000 to 30,000 votes, McKinley's majority over his Republican opponent, McCall, showing the same figures. Democrats have a clear majority in the legislature, while the congressional delegation stands as formerly, 8 Democrats and 2 Republicans.

Rhode Island.

Providence, R. I., Nov. 8.—Corrected unofficial returns from Rhode Island give McKinley 33,321, Bryan 19,947, Maloney 1,883, Woolley 1,526, a plurality for McKinley of 13,374 in a total vote of 56,977. His plurality four years ago was 22,973 in a total vote of 54,780. He carried every city and town in the state, as he did in 1896.

Latest Returns from New Jersey.

New York, Nov. 8.—With six counties incomplete, the latest returns from New Jersey show that McKinley's plurality is 52,920. The Republican plurality in 1896 was 87,692.

Tuesday's election will not change the complexion of the New Jersey delegation. It will stand as before, 6 Republicans and 2 Democrats.

North Carolina.

Raleigh, N. C., Nov. 8.—North Carolina gives Bryan a majority of not less than 30,000. The next congressional delegation from this state will contain 7 Democrats and 2 Republicans. In the Democratic primary, F. M. Simmons was chosen United States senator over General Julian S. Carr by 50,000 majority.

Maine.

Portland, Me., Nov. 8.—Returns from the outlying districts of Maine come in very slowly. There remain 193 cities, towns and villages to be heard from. Figures from 314 cities, towns and plantations (not villages) give McKinley 58,412, Bryan 34,728. In 1896 the same towns gave McKinley 70,782, Bryan 28,183.

Virginia is Democratic.

Richmond, Va., Nov. 8.—The official returns received today confirm the report sent out last night that the Democrats carried the state by about 30,000 and elected their candidates in every congressional district.

White River Junction, Vt., Nov. 8.

The returns are usually slow in getting in and 20 small towns have not been heard from. The figures from the other 229 cities and towns give McKinley 40,463, Bryan 12,461, McKinley's plurality 28,412.

Georgia.

Atlanta, Ga., Nov. 8.—Dispatches from the state do not materially change the figures reported in these dispatches last night. Mr. Bryan's majority in Georgia is about 40,000.

NEBRASKA STILL IN DOUBT.

Both Parties Claim to Have Carried the State.

FUSION HAS BOTH HOUSES.

Returns So Far Favored Point to That a Split-Four Fusion Congressmen Are Chosen, Though Only One is Conceded by Republicans—Returns by Committees.

Omaha, Nov. 8.—Election returns in Nebraska are so close as to be watched keenly. Chairman Lindsay of the Republicans claims that McKinley carried the state by 7,000 or more, the Republican state ticket wins by 5,000 to 7,000 and that the Republicans have a majority of 17 in the legislature. They claim the re-election of Mercer and Herbert for congress and the election of Popper, Morley and possibly of Hays. Against this the Democrats claim Bryan carried the state, though by a narrow margin of perhaps not over 1,000; that fusion has a safe working majority in the legislature; that fusion state officers are elected by from 3,000 to 5,000, and conceding the re-election of Mercer and Barrett, that fusion has pulled through Robinson, Stark, Shallenberger and Neville. The latter is the only congressman conceded by the Republicans.

"The legislature will be in doubt until complete returns are in. Indications are that it will be fusion by a small majority. Both parties are claiming it on joint ballot."

Indiana is Republican.

Complete Returns Show a Plurality of 25,000 for McKinley. Topeka, Kan., Nov. 8.—Returns received today only tend to confirm the early estimates of the result of the election in Kansas. Practically complete returns show that McKinley has a plurality of 25,000 and that the Republican state ticket is successful by a plurality of probably 5,000 less. The legislature will be Republican in both branches, insuring the election of a Republican United States senator to succeed Lucien Baker. The Republicans have certainly elected seven congressmen, one district, the 3d, being still in doubt, with the chances in favor of the fusion candidate. The election of the fusion candidate in this district would leave the delegation in congress as at present, 7 Republicans and 1 fusionist.

Indiana is Republican.

McKinley Carries the State by a Plurality of at Least 25,000. Indianapolis, Nov. 8.—A plurality of anywhere from 25,000 to 32,000 for the Republican national ticket, the election of Colonel W. T. Durbin (Rep.) to the entire state and Marion county Republican tickets and nine, perhaps ten, congressmen, is a summary in brief of Tuesday's battle at the polls in Indiana. An unexpected development is the fact that the Republicans made their strongest gains in Democratic strongholds. In seven heretofore strongly Democratic counties McKinley and the state ticket showed a greater ratio of gain than was shown by the figures from several strong Republican counties.

Minnesota Government is in Doubt.

St. Paul, Nov. 8.—The only point unsettled in the Minnesota election is the contest over the governorship. Everything else has gone Republican by majorities so large that there is no possibility of change. Thoms Blatty, chairman of the committee in charge, claims figures of 8,754 plurality for Van Sant, while Chairman Rosing of the Democratic state committee, from the figures reported to him, foots up 12,000 plurality for Lind. The present returns have favored Van Sant, but his lead is slight. The McKinley vote seems considerably more than 50,000 over that of Bryan. However, there are various unexpected things to the returns and the governorship will have to be called doubtful until much more complete returns have been received.

Ohio.

Columbus, O., Nov. 8.—Republican State Chairman Dick says: "Unofficial returns from 84 of the 88 counties warrant the claim of 70,000 for McKinley and we elect 17 of the 21 members of congress, a gain of 2 members." The estimate on the four missing counties makes the plurality about 75,000, or a net Republican gain of about 22,000 over the vote of 1896. The Republicans gained in 77 counties and the Democrats in 11, most of the Democratic gains being in Cleveland, Cincinnati and Toledo, where it is reported that most of the vote that Mayor Jones received last year for governor went for Bryan. The largest previous plurality for governor in Ohio was 60,000 for Lincoln, but on a much smaller vote than that cast this year. The total vote Tuesday was about 1,100,000, the largest ever cast in the state and the vote for minor parties was smaller than usual. The Republicans carried all of the close or doubtful congressional district, electing Jacob A. Beidler in the 20th by less than 500, Robert M. Nevin in the 3d, 21st, and Emmet Timpkins in the 12th by a plurality of 10.

Complete Returns.

Hastings, Neb., Nov. 8.—Bryan carries Adams county by 125. Ousted elected by about 90 majority.

David City—Burke county complete gives: McKinley 1,503, Bryan 2,370; Dietrich 1,897, Poynter 2,150. Congressmen, Ilope 1,443, Stark 2,142. State senator, Kunke (Rep.) 1,421, Cummins (fusion) 2,105. Representative, Sallisbury (Rep.) 1,415, Muboney (Rep.) 1,201, Hamilton (fusion) 1,908, Kavaney (fusion) 1,906.

Dakota City—Dakota county complete gives: McKinley 692, Bryan 778; Dietrich 657, Poynter 721. Congressmen, Hays 663, Robinson 713. State senator, Brown (Rep.) 649, Ziegler (fusion) 723. Representative, Anderson (Rep.) 632, Murray (fusion) 674. Poynter's net gain, 14.

Pierce—Complete returns from every precinct in Pierce county gives Bryan electors a majority of 5.

Fender—Complete returns show McKinley carries Thurston county by 190 in 1896 Bryan carried same by 200.

The following (18th Douglas county) vote: McKinley 14,268, Bryan 13,174. For congressman, Mercer 13,977, Howard 12,006. For governor, Dietrich 13,449, Poynter 12,755.

Returns from every precinct in Douglas county show that the fusionists elected every one of their state and senatorial representative candidates.

Washington State Figures.

Portland, O., Nov. 8.—About one-half of the total vote of the state of Washington has been reported and shows the following results: McKinley 27,483, Bryan 20,051. For governor, Frink (Rep.) 23,069, Rogers (Dem.) 22,764. Late returns from western Washington have increased Frink's vote and it will take a more complete count to determine the result. McKinley's majority in the state will be close to 10,000.

Bryan Leads in Nevada.

Rebo, Nev., Nov. 8.—Seventy-four precincts out of 104 in Nevada give Bryan 4,977, McKinley 3,807. For congress Newlands (Dem.) 4,780, Farrington (Rep.) 3,583. At this rate Bryan will have a majority of 2,500 and Newlands about 1,800.

Michigan.

Detroit, Nov. 8.—Returns from the state give President McKinley a plurality of 90,558 and Colonel A. T. Bliss, the Republican candidate for governor, 69,069. Colonel Bliss is running about 20,000 behind his ticket and Mayor Maybury, the Democratic gubernatorial candidate, is a corresponding number ahead of his ticket. In 1896, McKinley's plurality in Michigan was 50,170. Governor Pingree ran 20,000 ahead of the Republican ticket in 1896, getting a plurality of 75,307.

Wyoming.

Cheyenne, Wyo., Nov. 8.—Returns from 174 precincts out of 200 in Wyoming give a majority of 4,900 for McKinley and 4,500 for Maxwell (Rep.), 50,170. The entire Republican vote, net, with the exception of the 45,000

BIG VOTE IN OHIO.

President's Home State Rolls Up an Enormous Plurality.

Columbus, O., Nov. 8.—Republican State Chairman Dick says: "Unofficial returns from 84 of the 88 counties warrant the claim of 70,000 for McKinley and we elect 17 of the 21 members of congress, a gain of 2 members." The estimate on the four missing counties makes the plurality about 75,000, or a net Republican gain of about 22,000 over the vote of 1896. The Republicans gained in 77 counties and the Democrats in 11, most of the Democratic gains being in Cleveland, Cincinnati and Toledo, where it is reported that most of the vote that Mayor Jones received last year for governor went for Bryan. The largest previous plurality for governor in Ohio was 60,000 for Lincoln, but on a much smaller vote than that cast this year. The total vote Tuesday was about 1,100,000, the largest ever cast in the state and the vote for minor parties was smaller than usual. The Republicans carried all of the close or doubtful congressional district, electing Jacob A. Beidler in the 20th by less than 500, Robert M. Nevin in the 3d, 21st, and Emmet Timpkins in the 12th by a plurality of 10.

KANSAS IS REPUBLICAN.

Complete Returns Show a Plurality of 25,000 for McKinley. Topeka, Kan., Nov. 8.—Returns received today only tend to confirm the early estimates of the result of the election in Kansas. Practically complete returns show that McKinley has a plurality of 25,000 and that the Republican state ticket is successful by a plurality of probably 5,000 less. The legislature will be Republican in both branches, insuring the election of a Republican United States senator to succeed Lucien Baker. The Republicans have certainly elected seven congressmen, one district, the 3d, being still in doubt, with the chances in favor of the fusion candidate. The election of the fusion candidate in this district would leave the delegation in congress as at present, 7 Republicans and 1 fusionist.

Indiana is Republican.

McKinley Carries the State by a Plurality of at Least 25,000. Indianapolis, Nov. 8.—A plurality of anywhere from 25,000 to 32,000 for the Republican national ticket, the election of Colonel W. T. Durbin (Rep.) to the entire state and Marion county Republican tickets and nine, perhaps ten, congressmen, is a summary in brief of Tuesday's battle at the polls in Indiana. An unexpected development is the fact that the Republicans made their strongest gains in Democratic strongholds. In seven heretofore strongly Democratic counties McKinley and the state ticket showed a greater ratio of gain than was shown by the figures from several strong Republican counties.

Minnesota Government is in Doubt.

St. Paul, Nov. 8.—The only point unsettled in the Minnesota election is the contest over the governorship. Everything else has gone Republican by majorities so large that there is no possibility of change. Thoms Blatty, chairman of the committee in charge, claims figures of 8,754 plurality for Van Sant, while Chairman Rosing of the Democratic state committee, from the figures reported to him, foots up 12,000 plurality for Lind. The present returns have favored Van Sant, but his lead is slight. The McKinley vote seems considerably more than 50,000 over that of Bryan. However, there are various unexpected things to the returns and the governorship will have to be called doubtful until much more complete returns have been received.

Ohio.

Columbus, O., Nov. 8.—Republican State Chairman Dick says: "Unofficial returns from 84 of the 88 counties warrant the claim of 70,000 for McKinley and we elect 17 of the 21 members of congress, a gain of 2 members." The estimate on the four missing counties makes the plurality about 75,000, or a net Republican gain of about 22,000 over the vote of 1896. The Republicans gained in 77 counties and the Democrats in 11, most of the Democratic gains being in Cleveland, Cincinnati and Toledo, where it is reported that most of the vote that Mayor Jones received last year for governor went for Bryan. Complete Returns.

Hastings, Neb., Nov. 8.—Bryan carries Adams county by 125. Ousted elected by about 90 majority.

David City—Burke county complete gives: McKinley 1,503, Bryan 2,370; Dietrich 1,897, Poynter 2,150. Congressmen, Ilope 1,443, Stark 2,142. State senator, Kunke (Rep.) 1,421, Cummins (fusion) 2,105. Representative, Sallisbury (Rep.) 1,415, Muboney (Rep.) 1,201, Hamilton (fusion) 1,908, Kavaney (fusion) 1,906.

Dakota City—Dakota county complete gives: McKinley 692, Bryan 778; Dietrich 657, Poynter 721. Congressmen, Hays 663, Robinson 713. State senator, Brown (Rep.) 649, Ziegler (fusion) 723. Representative, Anderson (Rep.) 632, Murray (fusion) 674. Poynter's net gain, 14.

Pierce—Complete returns from every precinct in Pierce county gives Bryan electors a majority of 5.

Fender—Complete returns show McKinley carries Thurston county by 190 in 1896 Bryan carried same by 200.

The following (18th Douglas county) vote: McKinley 14,268, Bryan 13,174. For congressman, Mercer 13,977, Howard 12,006. For governor, Dietrich 13,449, Poynter 12,755.

Returns from every precinct in Douglas county show that the fusionists elected every one of their state and senatorial representative candidates.

Washington State Figures.

Portland, O., Nov. 8.—About one-half of the total vote of the state of Washington has been reported and shows the following results: McKinley 27,483, Bryan 20,051. For governor, Frink (Rep.) 23,069, Rogers (Dem.) 22,764. Late returns from western Washington have increased Frink's vote and it will take a more complete count to determine the result. McKinley's majority in the state will be close to 10,000.

Bryan Leads in Nevada.

Rebo, Nev., Nov. 8.—Seventy-four precincts out of 104 in Nevada give Bryan 4,977, McKinley 3,807. For congress Newlands (Dem.) 4,780, Farrington (Rep.) 3,583. At this rate Bryan will have a majority of 2,500 and Newlands about 1,800.

Michigan.

Detroit, Nov. 8.—Returns from the state give President McKinley a plurality of 90,558 and Colonel A. T. Bliss, the Republican candidate for governor, 69,069. Colonel Bliss is running about 20,000 behind his ticket and Mayor Maybury, the Democratic gubernatorial candidate, is a corresponding number ahead of his ticket. In 1896, McKinley's plurality in Michigan was 50,170. Governor Pingree ran 20,000 ahead of the Republican ticket in 1896, getting a plurality of 75,307.

Wyoming.

Cheyenne, Wyo., Nov. 8.—Returns from 174 precincts out of 200 in Wyoming give a majority of 4,900 for McKinley and 4,500 for Maxwell (Rep.), 50,170. The entire Republican vote, net, with the exception of the 45,000

KENTUCKY IS DEMOCRATIC

Bryan's Plurality is Estimated at About 8,000.

BECKHAM PROBABLY WINS.

One Congressman is Gained by the Democrats—Both Parties Charged With Holding Back Returns in Their Respective Strongholds.

Louisville, Nov. 8.—The Courier-Journal, with returns from 1,700 out of 1,884 precincts in Kentucky, puts Bryan's majority at 8,000 and Beckham's (Dem.) for governor, at 4,000. These majorities are both considerably smaller than those hitherto claimed for the Democratic candidates, but the remaining precincts are for the most part Democratic, and are expected to increase the majorities of Bryan and Beckham.

According to special dispatches to the Courier-Journal the election of Kehoe (Dem.) over Pugh (Rep.) in the 10th congressional district by a majority of 250, is conceded.

At 1:30 a. m. with from all but 62 out of 1,884 precincts in Kentucky, the Courier-Journal puts Bryan's majority at 7,784 and Beckham's at 4,068. The missing precincts are about evenly divided between Democrats and Republicans.

Governor Beckham, at Democratic headquarters, said: "I am absolutely certain that I have been elected governor by a majority of between 5,000 and 10,000 votes."

Leslie Coomes, chairman of the Republican state campaign committee, said: "We still believe that Mr. Yerkes has been elected by a majority of 3,000 votes. Our figures show that McKinley has run 190 votes behind Yerkes."

Louisville, Nov. 8.—Returns from 75 counties complete, or nearly complete, embracing 1,215 precincts out of a total of 1,877 precincts in the state, give Bryan 166,750, McKinley 157,245, Beckham 154,930, Yerkes 138,877. Of the counties not yet heard from, 10 gave in the last presidential election 7,234 Democratic plurality and 26 gave 19,527 Republican plurality.

Frankfort, Ky., Nov. 8.—The Kentucky governorship is still being claimed by both parties, at the state capital. The Democrats are claiming advice showing Beckham's election by from 4,500 to 6,000, while the Republicans claim the election of Yerkes by 2,500. Independent voters are charging that the Republicans are holding back the returns in the 11th district and that the Democrats have done likewise in the 1st, the Republican and Democratic strongholds respectively, each waiting for the other side to make a show-down and that this is responsible for the delay in ascertaining the result.

North Dakota.

Fargo, N. D., Nov. 8.—The Republican plurality in North Dakota will be from 10,000 to 12,000. There is no question about the election of all the state ticket and the congressman and public legislative gains. In the state judiciary, the returns show the election of a Republican to the supreme bench and for the district courts the election of Judges Epkelec in the 3d, Gisselp in the 6th, Cowan in the 2d and Winchester in the 6th, while the Democrats elected Judge Fisk, who was practically without opposition in the 1st, and Judge Lauder, who has formerly been a Republican in the 4th. In the 7th candidates Kneeshaw and Spencer both claim a victory and the result may not be known till complete returns are in. Judge Lauder's fight was the bitterest of the campaign. Judge Lauder carried his home county by 1,600 votes ahead of his ticket. The fight was in the nature of a contest between him and Senator McComber of Washburn.

Result in Arkansas.

Little Rock, Ark., Nov. 8.—Complete returns are coming in slowly, but enough is known to indicate a plurality of 60,000 for Bryan in Arkansas. Neither Democrats nor Republican polled their full strength. In each of the six congressional districts the Democrats had a slight edge, but they have run slightly ahead of their majorities range from 10,000 to 15,000.

McKinley and Roosevelt

Elected President and Vice-President. Receive a Large Majority of the Popular Vote.

McKinley swept the country from one end to the other on Tuesday, carrying 29 states with 295 electoral votes, while Bryan carried but 16 states with 152 electoral votes; McKinley's majority 143. He will also have a large plurality of the popular vote. It was the biggest landslide known since the days of Greeley.

The next U. S. Senate will stand 51 republicans, 25 democrats 8 independents and 3 doubtful. The next House of Congress will be composed of 204 republicans, 145 democrats and 6 in doubt.

At the time of going to press advices from Norfolk state that the election of John R. Hays is uncertain. Young has been elected State Senator and Boyd succeeds Coles as District Judge. Louis Smithberger defeats Gaebler for representative by 227 votes.

McKinley's Majority May Reach 40,000.

Complete All Republicans.

San Francisco, Nov. 8.—The majority for McKinley in California continues to grow and the indications are that it will reach 40,000. Complete returns from 1,574 precincts out of 2,110 outside of San Francisco give McKinley 107,992, Bryan 81,218. The same returns in 1896 gave McKinley 90,377, Bryan 69,801.

Owing to the failure of a few election officers to make a semi-official report the complete figures in San Francisco cannot be ascertained at present, but it is safe to say that the Republican presidential electors have carried the city by 8,000 or 10,000. The Republicans have elected all seven congressmen. The legislature is Republican by a majority of 26.

The following is the complete vote of San Francisco: McKinley 107,992, Bryan 81,218.

DOCKERY IS ELECTED.

Democrats Make a Gain of 15,000 in St. Louis.

St. Louis, Mo., 8.—Returns from 40 out of the 114 counties in the state have been received at the headquarters of the Democrats and Republicans here. They indicate a decreased Democratic majority out in the state which will aggregate about 10,
