Our Music Business

rests upon a solid foundation. We handle such instruments as WEBER PIANOS. The highest recommendation today without exception has been given this piano.

We handle only instruments first in their grade—the best to be had for the money.

We meet all reasonable competition—you are mistaken if you think you can do better in the large cities.

We are dependent upon the kind of instruments so d for our reputation. We cannot afford to sell a poor one.

We Sell upon Easy Terms.

Headquarters: OTTO VOGET, JR., who will help you in selecting instruments.

Jno Larson left for Iowa Saturday evening.

J. H. Beach of Carroll, was in the city Saturday.

Heinz' Mince Meat at J. H. Goll's meat market.

D. T. Gilman of Sioux City, was the guest of John T. Bressler on Saturday.

Mrs. A. L. Sour who has been visiting with Mrs. Hallet returned to Sioux City Saturday.

A Dubuque-Bush, Pabst, and Schlitz, famous bottled beers for family use, can be had in single bottles or case lots at Oscar Franks.

Although he talked for seventeen hours against the river and harbor bill, it is clear that ex Senator Carter was sawing a little wood meanwhile.

You must not forget that Arbor Day is approaching and that now is the time to order trees and do your part in beautifying the city of Wayne, the home of which you are proud.

The corrected statements of the Citizens' and State Banks appear elsewhere and they make an excellent showing evidencing the prosperity that exists in the city and county.

Everybody smokes the Wayne Leader manufactured at home by Wm Dammeier. Why? Because it is the best smoke cigar in the city and most smokers who have tried them say so.

Some people are able to suffer a heavy fine if a more strict observance of the quarantine rules is not carried out.

George DeKinger has an incubator at work which is turning out young chicks that will make fine fries about June 1st.

August Piepenstock is getting away with his stock of goods at a pretty lively rate. Cost is all that is asked and even that is shaded in many instances.

Frank Kruger has enlarged his bowling alley and has put in a shooting gallery in connection with it, and will also put in a fine line of cigars and tobaccos.

There has been more farm land and city property sold during the past six months in Wayne and Wayne county, than during any like period since it became an organized county.

The contract for building the Methodist church was let last Thursday to John Gier of Conrad, Iowa. Work will be commenced in April and when completed the building will be one of the handsomest in the state.

Those wishing something in the line of Canned Fruits and Vegetables can rely on finding it in our Ivy Wreath Brand. We guarantee it equal to any brand on the market. Come try them and be convinced; the prices are right. P. L. MILLER & SON.

How much easier it is for many of our "good" citizens to see faults in others and how readily they care to speak of those faults, yet how blind they are to their own or the faults of near relatives, whom, in fact, if shown of their disguise would cause weeping, wailing and gnashing of teeth. Don't be in too big a hurry to condemn others. You might regret it some day.

People go and come, and in all probability it will be so throughout all time. Many have left Wayne, a number of whom, in time have returned. Others are going away some of whom no doubt will, in time, wish to see Wayne and Wayne county again. There is no better place on earth. Every place has its drawbacks and its advantages, but after all is said and done, where will you go to find a more desirable place to live than Wayne and Wayne county.

A practical farmer in the Homestead says: "I have heard a good deal about substitutes for hay. All sorts of drops have been substituted for hay. Oats make a very good hay when cut at the right time; millet makes a good hay, and I have been wondering if there could be such a thing as corn hay. Perhaps there is and perhaps some farmers know all about it. I believe we could get more good out of the plant of corn than we now do. It would be well to make one year an improvement over another in this line. Let us begin to study this question when the corn is planted. It may be necessary to plant differently when we want corn for hay."

Profitable to the Customer.

Prices are decidedly in favor of the buyer at this store. Any partiality on our part is always shown to our customers rather than ourselves.

In Dress Goods for Spring we have surpassed all previous efforts in the way of securing Patterns, Styles and Weaves.

Home Spuns, Venetians, Berges, Covert Whipcords, Solists, Armour Cloth, Perola and Imported Prunellas

are among the most desirable cloths for spring gowns. It would be impossible for us to explain to you the finish and texture of these cloths in this small space as they must be seen to be appreciated. We would be only too glad to show you through, give you all the information we can, with the Dress Fabric. We also have a large and well selected stock of Trimmings in the way of Silks, Satins, Braids in both gold and silver, Velvets, Velvet Ribbons, and in fact everything that pertains to Dress Trimmings. We also feel proud of our Lining Stock as well as All-over Laces, Stock Collars and Bindings. We are also prepared to match your Gowns with both Gloves and Hats. Watch our windows for Muslin Underwear, Under Skirts and Infants' Wear.

Extending to all an invitation to call on us, inspect our stock, get our prices, and be convinced that we can give you the latest styles, the best goods and at the least cost of any in the city.

Thanking you for past favors,

Grover Cleveland is now the only living ex-president of the United States.

The bill providing for a supreme court commission has been passed and signed by Governor Dietrich.

The senate on Friday passed the bill recognizing osteopathy by a vote of 21 to 1, a larger majority than the advocates of the bill had even hoped for.

The campaign in Chicago this spring is one of the warmest contests ever known in the metropolis on the lake. Everything indicates a victory for the republicans.

The work of disfranchising the negro in the south continues. Alabama is the next in line. The "consent of the governed" doesn't mean much in the warm climate.

Omaha is to have an auditorium building with a seating capacity of 8,000, in addition to side accommodations for Ak-Sar-Ben. The metropolis of Nebraska is striking the right gait.

There seems to be no end of disastrous fires, train wrecks, and loss of ocean steamers, in which hundreds of lives are ushered into the next world, due in many cases to criminal carelessness.

Editor Fernand de Rodas, of Paris, was punned in the thigh in a duel with Count Boni de Castellane last Saturday in which pistols were used. This may encourage others to take a whiff at some editors.

Senator Young is still winning laurels at Lincoln. His ability as a debater became evident early in the session and he has no superior in the state senate, where he ranks among such men as Crounse, Martin and Currier. Plainview Republican.

"Peace on Earth, Good Will to Men" will soon be the song in the Philippines. It's too bad for the rebels at home, but they will be obliged to grin and bear it, while at the same time, enjoying the fruits of prosperity they tried so hard to deny themselves.

Andrew Carnegie has made a gift of \$5,000,000 to provide for the necessities of the workmen in the mills and mines that made him a rich man. He now recognizes the fact that the men whose labors made it possible for him to become so wealthy are entitled to a share of it and that it is not a matter of charity.

The remains of General Harrison remained in state at the Indiana capital building on Saturday afternoon and were viewed by more than 50,000 people. On Sunday the body was interred in the family lot, the last services being marked with simplicity though deceased was surrounded by 15,000 of his fellow citizens.

Lorenzo Crounse will leave the Senate with a record that will be a credit to himself and constituents the same as it always has in the past when tried. The splendid manner in which he blacked the eye of the normal school bill meets with the warmest commendation of nearly all citizens and many other good things have happened that have been the results of his efforts in the legislature.

At a caucus of the republican legislators held at Lincoln Tuesday night, D. E. Thompson received the nomination for the short term senator on the ninth ballot receiving 30 votes out of 53. Senator Young of this district did not vote for him in caucus, but agreed to abide by the decision of the caucus, and voted for him at the joint session at noon yesterday. In the ensuing 75 ballots were taken for the long term senator, which closed with Rosewater, 20; Melkjohn, 15; Currie, 8; no choice. Last night a few more ballots were taken in the caucus, the last ballot standing, Rosewater, 23; Melkjohn, 15; Currie, 8. Thompson received 56 votes in the joint ballot yesterday, seven less than enough to elect.

Governor Dietrich will receive endorsement from the tax payers of Nebraska in his determination to stop all unnecessary drain upon the state treasury. His veto of the bill appropriating \$75,000 to build a library building and a combined chapel and gymnasium building for the state normal school at Peru was a righteous act. The act itself and the letter to the house of representatives stating his reasons for so doing commended themselves to every conservative business man, to every considerate tax payer in the state. The business of the state should be conducted on the same economic principles that a good business man conducts his personal affairs, and it looks now as though Governor Dietrich is determined to see that this is done. Right now we'd like to shake the hand that penned that veto.—Stanton Floket.

CROUP SE. The Conservative says "it is pleased to read remarks by Senator Crounse, relative to the reckless extravagance of proposed appropriations for two or more state normal schools. Crounse is correct, conscientious and conservative and if he is found in a minority

of the legislature and the diabolism and idiocy of peasant politics pass the bill, it is hoped and believed that Gov. Dietrich will veto the same with courageous alacrity. Crounse declares republicans are in power only on probation, and it is only fair to say that, in the estimation of a few thousand Gold Standard Democrats, who made even a trial on probation possible, they are behaving badly. In truth some of the republican legislators seem to forget that senatorships were created not for the benefit of individuals nor to exalt persons but for the benefit of the state and for the exaltation of a pure and undefiled republican form of government. Let each representative and Senator in Nebraska remember that offices were intended as utilities for the commonwealth and not as mere decorations for individuals who have acquired personal and other property called wealth."

Not True. J. Sterling Morton objects to Mr. Bryard hiring the Commoner printed instead of investing in a printing plant himself.—Fremont Herald.

Our respected friend, Deason Smalls, who edits the above named periodical, is laboring under a mistake. Wisdom would hire for such a purpose. "Printing plants" are permanent things and cost a deal of money. Therefore, they are expensive for merely ephemeral publication. Common stock is dangerous enough, in many inflated corporations of these not-gold-enough-to-the-world-to-do-business-with-times but the commoner stock might be more than dangerous. Especially when the Fourth of July the Star Spangled Banner and the Declaration of Independence have disappeared forever, it is unwise to plant a printing plant for the common people.—Conservative.

The recent cold and stormy weather has hindered building operations quite severely.

Mr. and Mrs. Johnson of Winside, spent Sunday in Carroll with Mr. and Mrs. Mossman.

Mr. Hammond of the Randolph Reporter, expects to start a paper in Carroll next week.

A baby girl of the usual weight put in his appearance at the home of T. M. Woods Tuesday.

The N. B. A. lodge will give a supper in the hall tonight for the benefit of the members only.

Mr. and Mrs. F. A. Berry of Wayne, attended the A. O. U. W. supper last Thursday evening.

Chas. Marshall expects to begin the erection of a house next week. Chas. says that he is tired of rent.

Seth Moesman has rented a farm 4 miles north east of Carroll and will move out on same next week.

Sam Williamson went to Sioux City Friday where he underwent an operation for the removal of a cancer.

Mrs. Gardner disposed of her property in Carroll and expects to move to Iowa City, Iowa, in the near future.

The infant child of Mr. and Mrs. H. Billter, which has been very sick the past two weeks is reported much improved.

F. A. Berry and Anson Welch of Wayne were in Carroll yesterday attending some legal business before Justice Baker.

A party from Wayne was in Carroll one day last week looking over the grocery stock of A. J. Honey with a view of purchasing the same.

Some wheat was sown in this section of the county last week. Mr. Phillips living three miles south of town reports having sown in 40 acres.

The band concert given in the hall Monday evening was well attended and everyone present speaks in the highest terms of the program rendered.

WINSIDE. O. H. A. Boiling has started a large class in German.

If you want your bed-bugs killed call on O. Ramsey.

E. R. Gurney has taken a trip to the western part of the state to look after his cattle ranch.

Some of our sports have been duck hunting, and report hunting good but that the ducks are scarce.

We have heard reports that quite a number were sowing wheat, but they had to stop until the storm passed.

Wm. Hart has moved his blacksmith shop from the west end of Main street to the east end and will be ready for work in a few days.

Our hog buyers are buying and shipping lots of hogs and are paying the highest price of any town on the line. \$3.30 was paid today for some good hogs.

The M. & O. R. Co. have a large force of men at work here putting in some stone bridges west of town. It is reported the company will do considerable work on this line this summer.

Griff Davis has just returned from his trip to Alberta, Canada, where he bought 180 acres of land, paying \$3,000

per acre for same. He says the weather is fine there and that people had started to sow wheat before he left.

The sad news of the death of Mrs. Stella Cherry after a weeks illness was announced Friday. The funeral was held at the home of her parents, Mr. and Mrs. J. E. Munny, where a very large gathering of friends and neighbors listened to a very fine funeral sermon by Rev. Mueller, and the remains were laid to rest in the Winside cemetery.

SORES AND ULCERS. Sores and Ulcers never become chronic unless the blood is in poor condition—i.e. sluggish, weak and unable to throw off the poisons that accumulate in it. The system is impoverished of the unhealthy matter through the pores and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system A CONSTANT DRAIN UPON THE SYSTEM.

When this has been accomplished the discharge can be stopped, and the discharge gradually ceases, and the sore and ulcer heals. It is the tendency of these old sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing, and to some extent alleviating the pain, do not reach the source of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It is the only blood purifier known—contains no arsenic, mercury, or any other poisonous minerals. It cleanses the blood, builds up the system, and restores the system to its normal state. It is the only vegetable blood purifier known—contains no arsenic, mercury, or any other poisonous minerals. It cleanses the blood, builds up the system, and restores the system to its normal state. Republican Caucus.

On Monday evening a republican caucus was held at the court house for the purpose of placing in nomination candidates for the different city offices.

Edward A. Lundberg was elected chairman and C. M. Craven, secretary.

On motion J. T. Bressler was nominated for mayor by acclamation, also Fred French for clerk, and I. O. Woolston for treasurer. E. Hunter, F. L. Neely and J. G. Mines were placed in nomination for members of the school board. The ballot resulted, Neely 25, Hunter 24, and Mines 14, the two former being declared the nominees.

In the ward caucuses T. B. Heckert was nominated for councilman in the second ward and C. M. Craven in the third ward. No caucus was held in the first.

FINE STALLIONS.

Messrs Perry & Porterfield have just received two of the best and handsomest Percheron stallions ever brought to Wayne county. They are both draft horses and each weighs more than a ton. They were purchased of Dunham, Fletcher & Coleman, proprietors of Oaklawn farm, Wayne, Ill.

VILLERS is a black stallion, long, low and unexcelled for quality. As a sire he has proven himself in both France and America, to be one of the most prepotent of the Brilliant family. Foaled March 28, 1886; imported 1890, bred by M. Louis Mauger, commune of Ettelex, caupon of Authon, department of Eure-et-Loir; got by Briard 5317 (1830), dam Robine (5697), a sister to the dam of Brilliant (756), by Mins, belonging to the Societe Hippique of Eure-et-Loir.

COULON is a handsome grey imp imported 1891, is twelve years of age and is one of the best bred animals with pedigree in the Percheron stud books of France and America.

Perry & Porterfield have been to great expense in getting these magnificent animals which will be of untold benefit to people in Wayne county who desire to raise good horses, and the best is what these gentlemen have been striving to get into this county, and they have now succeeded.

Citizens' Caucus.

A citizen's caucus was held at the court house last Saturday evening at which time Nelson Grimsley was elected chairman and Gilbert French, secretary. On motion the following nominations were made by acclamation: for mayor, Henry Ley; Treasurer, I. O. Woolston; Clerk, H. S. Ringland; members of the school board, F. L. Neely and E. Hunter.

In the ward caucuses the following nominations were made: 1st ward, Wm. Piepenstock; 2nd, Dr. T. B. Heckert; 3rd ward, C. M. Craven. Committees were named to fill vacancies.

Market Reports.

No. Omaha, Mar. 20, 1901.

Receipts of cattle for the past week were about 12,000, which was lighter than usual. Prospects looked good for a large run this week, but Tuesdays severe storm will probably make them lighter for the balance of the week, prices are just about the same as a week ago. Five cents has been top price but there has not really first class cattle here. Best arrivals are sold at \$1.80 to \$2; fair to good 1000 to 1200 pound steers, \$1.50 to 475; common and half fat steers going alike to killers and feeder buyers at \$1 to 40. No change in cows and butcher stuffs, generally. We think prices will be better for balance of week or until the first excessive run. If pigs are still sailing upwards with prices 25c higher than last Wednesday and today the high point of the year. Range yesterday \$5.65 to \$5.77 with bulk at \$5.70 to \$5.72. It looks like still higher prices right ahead. Sheep receipts have been very large, 25,000 for the week. The market has been in good shape with all the good liberal buyers. Prices have not changed materially during the week. Choice feed lambs brought \$5.25 every day, from that down to \$1.00 for the commoner grades. Good weathers at \$1.50 to \$1.75 and ewes \$2.00 to \$1.25.

OLD PEOPLE

Have a charm of their own when they are not weak and feeble, but hale and hearty, enjoying the sports and pleasures of youth though they cannot participate in them. The whole secret of a sturdy old age is to keep the stomach and organs of digestion and nutrition in perfect order. The young man who does not think of his stomach will be made to think of it as he grows old. It is the weak stomach, incapable of supplying the adequate nutrition for the body, which causes the weakness and feebleness of old age.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion, and nutrition. It makes the weak stomach strong, and so enables the body to be fully nourished and strengthened by the food which is eaten.

It suffered for six years with constipation and indigestion, during which time it employed several physicians, but they could not reach my case. Dr. G. F. Poppel, of Durkum Springs, Carrol Co. Ark., at last told me there was no help for me, could not retain food on my stomach, I never ate a morsel of food, and the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and after taking twelve bottles of the "Discovery" I was able to do all the work I ever did, and am proving ever since. I am now in good health for one of my age—60 years. I owe it all to Dr. Pierce's medicine.

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Style Rules
the World.

This applies with greater force to **Boys' and Mens' Clothing** than to any other line we sell. When purchasing Boys' Clothing for spring, consider whether the goods have the perfect style they should have. Don't put an old style suit on a boy. A boy does not feel as if dressed when he has to wear a suit behind the times. Buy your children clothing of us and you will get them in style. You will always get the best here. Prices are less than elsewhere and the stock the largest in Wayne. Our spring line is now in, come in and look them over. Ask your boy where he would like to have you buy his suit and he will tell you at the 2 JOHNS. He knows where they sell clothing in style.

HARRISON IS DEAD.

EX-PRESIDENT EXPIRES FROM ATTACK OF PNEUMONIA.

Local Times Had Its Inception in a Cold Which Developed into Grip When Taken Pneumonia—Brief Life Story of the Famous Statesman.

Gen. Benjamin Harrison, twenty-third President of the United States, died at his home in Indianapolis at 1:30 Wednesday afternoon.

After many hours the death angel hovered over him. Since 5 o'clock in the morning it had been barely possible to count the respirations on account of the coughing, and four hours before death had been detected only by heaving of the breast, most excited on a mirror.

There were few at the bedside, two besides Mrs. Harrison and the little daughter. Mrs. Harrison knelt at the right hand side of the bed, her hands clasped in prayer. The doctor held the left hand of the dying man, counting the feeble pulsations. In a few moments after the friends had been summoned to the room the end came. Dr. Jameson announcing the sad fact.

The science that fell on the son of the eagle by the bedside was broken by the eyes of Dr. Jameson, raised in prayer, supplicating consolation for the

dearly wife and family. The calm only death. There was no fainting. Only the change of the mist on the mirror was noted.

Gen. Harrison was the former President of the United States. He was elected in 1888 and served one term. He was a member of the cabinet of President Grant and served as Secretary of War under President Grant.

SKETCH OF BENJAMIN HARRISON

His Dis- tinguished Career as Lawyer, Soldier and Statesman.

Benjamin Harrison came of a distinguished family. His grandfather, William Henry Harrison, was the ninth President of the United States, and his grandfather, Benjamin Harrison, was one of the signers of the Declaration of Independence.

Benjamin was the second son. With his brother he was educated at College Hill School in Cincinnati, and at the University of Ohio, where he was graduated in 1837. He then studied law in Cincinnati and was admitted to the bar in 1840. He began the practice of his profession in Indianapolis, which had since been his home.

For a lawyer of international reputation, he should have earned a high income. He was, however, a man of high moral principles. He was elected to the United States Senate in 1853, and served two terms.

THE MAN OF THE HOUR

JUDGE WILLIAM TAFT.

Congress having given President McKinley full authority military, civil and judicial in the Philippines, it is generally understood that his next move will be to appoint Judge William H. Taft, now president of the United States, as governor to rule over the entire Philippine archipelago in the name of the United States.

Judge Taft's task will be a difficult one. He will have to see that the civil laws of the government are applied uniformly and equitably in such a way that a few people will have no cause for complaint. His accession to power will be an opportunity to prove whether a man educated for the law will make as good a governor under these circumstances as one whose life has been spent among the people.

Judge Taft is a son of Abner Taft, who was minister to Russia under President Grant, and for a time Attorney General under President Grant.

ILLINOIS PUBLIC SCHOOLS.

State Superintendent Bayless, Gives Some Interesting Facts.

Alfred Bayless, the Illinois State Superintendent of Public Instruction, has published a little pamphlet which gives some startling facts about the public school system of the State.

There are 1,588,000 pupils in the public schools of the State. Of these, 900,000 are enrolled in the public schools. The schools are divided into 10,000 districts, and are graded and ungraded. A graded school is one in which the pupils are divided into classes, and are taught by one teacher.

The average number of days per year which the pupils in the graded schools attend is 145. In the ungraded schools the average number of days is only 80. The total cost of the public schools of the State was \$18,000,000 of which amount \$11,000,000 was paid to teachers. Forty-seven per cent of all the teachers in the State were employed in the ungraded schools, but they received only 24 per cent of the total salary.

The total salary of the teachers in the State was \$11,000,000. The average salary of a teacher in the State was \$1,500 per year. The average salary of a teacher in the State was \$1,500 per year.

DRINKING OF WATER.

THE BEVERAGE PROVIDED BY BENEFICIAL NATURE.

Information About a Very Common Article—Hard, Soft and Mineral Waters—Many Impurities and How to Get Rid of Them.

Water is always the same no matter from what source it comes; but it is made to appear different in amount of certain substances which are dissolved in it. Carbonic acid gas, oxygen, and air are dissolved in all ordinary water, and besides these, particles of dust and living, but harmless, germs are floating in it. The dissolved air gives it a slight taste.

Water containing lime is called hard while that with little or no lime is said to be soft. It contains also, other mineral matter, especially soda and potash. Minerals and gases do not render water impure, but rather give it a more pleasant taste.

When mineral matter is present in large quantities, it is called a mineral water. Some of the most famous mineral waters of the world are found in various parts of the country and are famous for their health giving properties. Some containing as much as one or two ounces of mineral substance to every gallon of water. The greatest part of the table salt in common use is obtained from these springs.

Water containing substances which are injurious to health is impure and should be avoided. That which stands in impurities for any length of time should be allowed to flow for several minutes before using so as to wash away any substance which may have been dissolved from the iron or lead, as the case may be. The water in a well is just as likely to become polluted as a spring or stream.

NEGROES HELD AS SLAVES

Charges that System in South Carolina Is Worse than Before the Emancipation Proclamation.

A citizen was received at Anderson, S. C., in the stockade slavery sensation in a report by the grand jury presented to Judge Baker. The jury reported having visited a number of farms, upon twenty of which the slavery system was found.

In several cases negroes testified to having been seized and imprisoned under contracts signed and sealed by white men. One farmer had twenty negroes who were virtually kidnapping, and he testified to imprisonment in stockades and shackles. On all but one of the farms the negroes were shackled. All others were guarded by men with rifles.

The grand jury is composed almost exclusively of farmers. Judge Baker reminded the jury and turned the evidence over to the prosecuting attorney. One result of the investigation is the practical abolition of the stockade system. Another result is the demoralizing of negro labor. Contracts being now declared void, farmers will be without help and are in a quandary as to how they will plant their cotton crop.

PORTRAITS OF OUR PRESIDENTS

With Biographical Sketches By General Charles H. Grosvenor. Title Page Designed By Tithany

This inaugural year, when the public mind is aroused over Presidential questions, is a fitting time to issue General Grosvenor's book. Its sale is already tremendous and will perhaps exceed that of Gen. Grant's Personal Memories.

Every patriotic American desires to read what General Grosvenor has to say of Geo. Washington, Thomas Jefferson, Andrew Jackson, Abraham Lincoln, President McKinley and other Chief Executives of the Nation, yet everybody desires to read what General Grosvenor, the staunch old Republican leader in Congress, will say of that staunch old Democrat, Andrew Jackson, the father of the Democratic party. General Grosvenor has thrown in to this sketch of Jackson all the fire and energy of his nature. The biography of Thomas Jefferson is grand. The biography of Lincoln is as beautiful as a sunrise over the hills. General Grosvenor has personally known all the Presidents since the time of James Buchanan. The General's book will therefore contain history which has never before been published, written from his own personal observation of these great men. General Grosvenor has served in Congress for nearly twenty years, and has served his country in war and in Congress for nearly forty years. The book contains twenty-four large Photogravure Etchings as fine as Steel Plates, printed by hand, on heavy plate paper, made especially to order. These 24 Photogravure Etchings are in different tints, and are well worth \$2 each. These Portraits are made from the Paintings endorsed by the family and near relatives of the Presidents. Two years time and a fortune have been expended in securing these reproductions. The complete book is well worth \$50, but the price has been placed so low that the most humble American citizen can own it. The biographical sketches are printed in large open type, in two colors; the work is so beautiful that when people see it they want it. The advance sale is very large. President McKinley was the first subscriber. There is one edition known as the President Edition of Grand Luxe, initial letters hand painted, Portraits hand colored, title page hand illuminated, registered and numbered; subscription price, \$250. Orders and application for territory are coming in rapidly. A high class man or woman of good social standing can soon make a small fortune taking orders in this community. Send references and apply for terms quick, as the territory will be assigned soon. Address, THE CONTINENTAL PRESS, Coronar Building Washington, D. C. Opposite U. S. Treasury.

EXCHANGE NOTES.

Pender Times: Henry Claussen and wife of Wayne, came down Friday and went to Oakland Saturday for a week's visit.

Ponca Journal: Mr. McKee of Wayne is in the city this week representing the National Saving's Company's interests.

Stanton Picket: August Deck, of Wayne county invested in some Stanton county land last Monday. C. E. Puge made the sale for Vining, Appleby & Young's agency.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is highly endorsed as an unfailing remedy for all throat and lung troubles and its early use prevents consumption. It was made to cure very quickly. L. P. Orth.

York Times: Republicans in Nebraska are especially insisting that the legislature must elect two republican senators. If they fail to do this there is grave apprehension for the future of the party in the state. They are not so particular as to the men so long as they are republicans and are qualified for the position. Of course each one has his choice, but very few will insist on that at this stage of the proceedings. They see there is danger of failure to elect at all and this must be avoided by all means.

Wisner Chronicle: Miss Mamie Dudley entertained Miss Schmelz, a teacher of Wayne county, over Sunday at her home. Mrs. Ed Sellers, accompanied by her daughter, Miss Della, drove down from Wayne with Miss Stevens on Saturday returning to their home on Monday. Claus Stevens moved his family down from Wayne last week to his new home, the Stiemmermann farm, which he recently purchased and now owns that the half section of land for which he paid the neat sum of \$45 per acre. Welcome to our midst.

Homestead: Too many farmers hinder their own progress by letting buyers dictate which animals should be sold. The buyer wants the best cow, and will have no other. He wants the best horse and will not be contented with the blemished or the aged one. He wants the best brood sows and the best of everything. It should be very plain that if the best is desirable for the buyer it should also be desirable for the seller. I once knew a man to sell his seed corn because a man offered him \$2 per bushel for it. Seed was all doubtful that year. He selected his corn out of his crib and got a half crop. Sold his seed for a small amount and lost a good deal because he thought he was getting more than it was worth. The buyer should not dictate what is to be sold but let the price be his to pay. The seller should dictate some of the terms of the sale.

Manila Letter.

MANILA, Feb. 4th, 1901.

Last Sunday a meeting was held in the Theatre Rial, or Rial Theatre as we would call it. The meeting was first political, then religious, the former being followed by the latter. At the first meeting Senor Buencamino addressed the audience on political matters, Senor Buencamino being a prominent member of the Federal party, a lawyer and law professor of Manila. While his attachment to the American cause has been doubted, and he is still doubted by many, the fact that a son and brother was recently killed by the insurgents seems pretty good proof of his sincerity, at least as far as having any sympathy with the insurgents is concerned. I have had two interviews with Buencamino, met him this morning in the Secretary of the Commission's office. He is an intelligent appearing middle aged man and just at present, for some reason or other he is a political and religious firebrand. The meeting last Sunday was composed almost entirely of Filipinos, there being a small sprinkling of Americans. I suppose it was as designated by the newspaper, a meeting of the religious secession party, Buencamino and his followers being from the district of Manila named Tondo.

I should say that Buencamino is an ex-insurgent official, he first addressed the meeting, being followed by Mr. Rodgers the Presbyterian minister for the church, "Iglesio Evangelica Filipino," Mr. Prauch, Senor Zarco, Rev. Nicholas Zomarro, followed, the last is the first, and I believe the only ordained Filipino minister, being a minister of the Methodist church, ordained I believe by Bishop Thoburn, at the time of his visit here. Buencamino devoted himself to a discussion of the Catholic Church, and the Friars. He thought the church ought to be conducted by the people as is done in America and that there is no necessity for a Pope. When he asked the audience if they wished to have a Pope, or Archbishop, Chappelle or the Friars, loud shouts of no, came in response.

Mr. Rodgers spoke in a plain, straightforward way, which is characteristic of the man, I understand in the explanation of the evangelical faith. I was not present at the meeting, my informant being a Methodist clergyman, a very intelligent man, and one not to be carried away by the excitement of the hour. I do not mean to intimate that because he is a Methodist, it necessarily follows that he is a calm, phlegmatic, cool blooded individual, but he may be termed an unexcitable Methodist. He noticed that Buencamino after his address, withdrew within the wings of the stage and having some curiosity to see what he was doing, went onto the stage and saw Buencamino within the side wings enjoying a glass of beer with his friends. I presume they could enjoy Mr. Rodgers remarks at the same time. There was nothing mean about them; after Mr. Rodgers had finished his sermon, they brought in a tray with biscuit and glasses of beer and set down before him.

Another meeting is announced for next Sunday morning at 10 a.m. They were sold three hundred copies of the evangelists at the door of the Theatre, printed in Tagalog. Senor Buencamino was presented with a Spanish bible by the representative of the Bible society.

A new branch of the Catholic Knights of America is about to be organized in Manila, this I understand to be an American order. Thirty have enrolled themselves, and as soon as the number reaches 75, an application will be made to the California Society for a charter. The party, Catholics was organized after the Federal society, and as I understand, in a measure in opposition to it, that is to combat its position on the question of religion.

Yours truly,
W. F. NORRIS.

New Map of the World.

The Union Pacific Passenger Department has just issued a large wall map, a new map of the world, mounted on cloth 44x62 inches. The map shows every square mile of land and water on the globe. The ocean currents are accurately drawn, and all the steamship routes properly shown, with figures giving the exact mileage from any one given point in the world to any other. At the bottom of the large map are detail maps showing the new possessions of Uncle Sam: Philippine Islands, Hawaiian Islands, Puerto Rico, etc., as well as Cuba; also South Africa, and Northwestern China, which recent military operations have made interesting. Send 25 cents for postage, and map will be forwarded on application to D. M. COLLINS, Gen. Agt., Sioux City, Iowa, or E. L. LOMAX, G. P. & T. A., Omaha, Neb.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Adlegate, of Alexandria, Ind., "I could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frantically and spit blood, but, when all other medicines failed, three \$1 bottles of Dr. King's New Discovery wholly cured me and I gained 35 pounds." It is absolutely guaranteed to cure coughs, colds, la grippe, bronchitis, and all throat and lung troubles. Price 50c and \$1. Trial bottles free at E. J. Raymond's drug store.

Road Notice.

BERT BROWN,
County Clerk.

Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them; Only 50c, satisfaction guaranteed by E. J. Raymond.

Horrible Outbreak.

"Our large sores on my little daughters head developed into a case of scald head" writes C. D. Ishill of Morganton, Tenn, but Bucklen's Arnica Salve completely cured her. Its a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25c. at E. J. Raymond's drug store

Millions of people are familiar with DeWitt's Little Early Risers and those who use them find them to be famous little liver pills. Never gripe. L. P. Orth.

Senator Tillman is in demand on the lecture platform but even this field of usefulness is not open to Pettigrew.

Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Risers. They are the best little liver pills ever made. Orth.

Texas hardware stores are having quite a run on iron posts, to be used as centerpieces for impromptu banquets.

Like bad dollars, all counterfeits of DeWitt's Witch Hazel Salve are worthless. The original quickly cures piles, sores and all skin diseases. L. P. Orth.

According to reports from Cape Nome, Big Hopes, was the coming metropolis until the town of Win Out was started.

There is always danger in using counterfeits of DeWitt's Witch Hazel Salve. The original is a safe and certain cure for piles. It is a soothing and healing salve for sores and all skin diseases. Orth.

The steel magnate who if to draw a salary of \$800,000 a year ought to be engaged as an understudy to Mr. Carnegie in the library business.

Reports show a greatly increased death rate from throat and lung troubles, due to prevalence of croup, pneumonia and grippe. We advise the use of One Minute Cough Cure in all of these difficulties. It is the only harmless remedy that gives immediate results. Children like it. L. P. Orth.

The opportunity does not come to many men to give away millions of dollars, and not many men would make as good use of it as Mr. Carnegie is doing.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and simply can't help but do you good. Orth.
