### Local and Personal.

Horses for rent. Inquire of E. R. Barber.

Dr. Struggs of Winside, was a Wayne visitor on Tuesday.

A. A. Welch went to Lincoln Monday morning on local business.

Get your Grass and Garden Seeds at Otto Voget's hardware store.

Miss Jennie Mettlen visited over Sunday with friends in Emerson.

Ang Sobulz and Levi Diltz of Logan, were in the city on business Tuesday.

Editor Goldie went to LeMars, Iowa, on Monday to attend the funeral of his sister.

Mrs. J. J. Williams and Miss Midge Bayer were Sioux City visitors on Friday.

M. W. Miller went to Pierre, S. D., Monday where he went with a view of taking a homestead.

Dr. Richards, the Omaha oculist, will examine eyes free at Jones' Book Store on Wednesday, April 23rd.

Daniel Jett went to Omaha Monday to take the civil service examination for messenger in the postal service.

The measles seem to have caught the raging fever and are busy at work on the children and some of the older folk.

Mr. and Mrs. Ebenham returned Saturday morning from Missouri Valley, Iowa, where they had been visiting with relatives.

On Sunday afternoon P. M. Corbit and son Clarence shipped three car loads of cattle to Omaha and Perry & Porterfield two cars.

Apex Terwilliger and Emil Weber left Saturday for the Platte, where they will enjoy a week's outing among the geese and ducks.

Mr. and Mrs. C. A. Chase went to Le Mars, Iowa, Monday morning to attend the funeral of Mr. C's sister who died at that place on Saturday.

The Baptist church people have purchased the remainder of the quarter block upon which the church stands and will soon erect a parsonage.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else that is "just as good." Raymond.

Anybody who does not appreciate his home town enough to stand up for it in every particular and also for its business men instead of kicking, need have no fear that they will be missed, there is room elsewhere for such as they.

The ladies of the Royal Neighbors served an oyster supper at the Love hotel Saturday, which proved a success in spite of the rough weather. Forty-three members of the new M. W. A. camp attended, half of whom relished oysters at the expense of the other half, because of a contest, in which sides had been chosen, the side failing to secure the most new members during a certain time, being obliged to pay for the supper for the entire lodge.

One of the largest and most successful sales of heavy horses ever held in the county was that of Stebban & Warnock at their livery stable in this city last Saturday afternoon. The weather was cold and disagreeable but people had come from other points to buy and they bought. Thirty-four head were sold, one team bringing \$320, while every animal sold for more than \$100, except a pony. The total receipts amounted to over \$4,100, evidencing the fact that good horse flesh is in demand at good prices.

The HERALD has just got a brand new new Chandler & Price job press of the latest pattern, also several best foreign job type and without exception we now have one of the best equipped job and newspaper plants in North Nebraska. In addition to this we have secured the services of J. V. Robie of Sioux Falls, S. D., an expert job printer and pressman of several years' experience, and an up-to-date man in the latest styles of job printing. If you want first class work and at prices that have been revised which will profit you, call at this office. New styles of advertising novelties, very attractive, and money makers for advertising advertisers. Call and be convinced that what we state are facts.

Mr. L. M. Robbins will sell his household goods, consisting of all kinds of furniture, carpets, etc., on the vacant lot opposite post office, on Saturday, March 29, at 3 o'clock.

Geo. Nangle was at arrival Tuesday morning from Los Angeles, California, where he had been engaged in rail-roading. Recently he was seriously injured in a wreck, and quite badly crippled but is improving nicely, so he states.

On Tuesday forenoon the little five year old son of W. B. Gamble, who resides east of the city, was badly burned by turning a kettle of hot water over upon him. The skin was turned almost completely off his back. Dr. Blair was at once summoned and administered to the needs of the little sufferer.

Dennis Finerty of Dakota City, sent Wm. Anderson of the Central restaurant a dozen fine Malted ducks Monday and the HERALD is obliged to Billy for one of them, nicely dressed and ready for putting into the baking pan and basting. We basted it after it was cooked and the writer has become more and more convinced that his iron knows how to cook the best ever.

F. H. Jones has received the general agency for the Hardman Piano for Northern Nebraska. This places Mr. Jones among the first dealers in the state, and Wayne is the only town of its size that has the general agency for a high grade piano. The Hardman piano needs no introduction to the people of Northern Nebraska. For sixty years it has been known in the United States. Its merits are those of a most carefully constructed piano of the highest class. Highest awards have been given to it wherever exhibited.

Alabastine for Wall Coating a favorite. Otto Voget.

We can sell you a steel range for \$25.00. If you are going to buy enameled ware, don't take anything but Crayolite, the nicest and best war, and every piece guaranteed.

We have Dr. Keith's bug fence and poultry netting, and a full line of Grass and Garden seeds. Look over our line of churns, wash machines and wringers—some the others don't carry.

We have horse shears, hoof parers, curry combs and brushes. If you need a hoe, rake, spade, shovel or spading fork come and see us. We want the ladies to call and see our adjustable shears. They will cut the softest or hardest goods with equal ease. They are something new. Yours truly,

GRAVEN GROS.

IS CHRIST ALIVE?

Reason and faith through all the bitter night... My prayers had brought me no relief...

He passed through the woods and came out into his cousin's grounds... "Hello, old fellow!"

There was a hearty exchange of greetings for the two had always been the best of friends... "Why, you are human, Katharine, don't let her go!"

AN EASTER RECONCILIATION.

It was one of Mark Stanton's black days, in which nothing had any beauty to his eyes... "I am so glad to see you!"

It was growing near sunset when they approached the station where Mark was to end his little journey... "I am so glad to see you!"

It was only an instant, and the carriage was driven on, he was unable to tell whether she recognized him or not... "I am so glad to see you!"

SCIENCE HAS A DIVINING ROD THAT SHAMES "WITCH HAZEL."

Science has armed herself with a divining rod which cannot be open to the suspicion which has ever attached to the proverbial witch hazel... The new device pretty nearly eliminates the element of chance in mining operations.

THE ELECTRIC DIVINING ROD.

A marked reduction of resistance is noted. Then the operators know that one or both of the steel rods are over or under a body of mineral... Minerals have been located at a depth of 500 feet, and the operators of the device say that, so far as they know, there need be no limit to the depth at which they can work.

CONGRESSMAN HOWARD.

Of National Reputation Are the Men Who Recommend Pe-ru-na to Fellow Sufferers.

A Remarkable Case Reported From the State of New York.

CONGRESSMAN HOWARD, OF ALABAMA.

House of Representatives, Washington, Feb. 4, 1890. The Peruna Medicine Co., Columbus, Ohio.

Gentlemen—I have taken Peruna now for two weeks, and find it very much relieved. I feel that my cure will be permanent.

Every organ, every duct, every cavity of the human body is liable to catarrh. A multitude of ailments depend on catarrh.

It is reported that a camera has been placed so as to take each day one picture of the new building of the department of physics of the Cornell University.

Birds are made to take their own pictures by the ingenious apparatus of O. G. Pike, an English photographer.

The average weight of engines on German State railways is 42.67 tons, while those in use on private roads average 37.08 tons.

There is considerable amusement in some of the census tables, and jokes are going the rounds over the fact that Chicago has more logs than New York.

There is a large number of professional "bee farmers" in the West and Southwest of Texas. Small caves and dark recesses formed by shelving rock abound along the waterways of the Texas rivers.

By local application, as they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by continuing the local remedy.

Modesty. "I understand," said the customer, "that you keep photographs of all the prominent men."

PUT IN COLLAPSIBLE TUBES.

The biggest beaver dam ever seen in Maine is now attracting hundreds of people to Caribou, on the Aroostook river.

Two miles from the village of Caribou have built a dam of logs and bark 250 feet high, turning the river back upon the lowlands for a distance of three miles.

Trunks in some manner brought to the dam and submerged. The dam is better than many on the river that have been built by men, and the Caribou people are rather proud of it.

Over 1,000 beavers have worked hard on this job for several months, and they will be allowed to remain in possession all winter—New York Times.

**Converted to Republicanism.**

Changes from Democracy to Republicanism are not so rare as to excite special comment when they occur. They are, in fact, far too numerous to individualize. Two cases, however, of recent occurrence present some aspects of more than ordinary interest. For example, the case of Mr. W. T. Buehler, a prosperous farmer of Salina County, Illinois, a lifelong Democrat, and for some years the leader of the Democratic party in his district. In announcing his shift of party affiliation, this hard-headed farmer says:

"My reason for severing my connection with the Democratic party is because as a farmer I have noted the difference in prices between the Democratic and Republican administrations, which, it seems to me, would convince any farmer that the Republican administration is far better for him. So long as the Republicans run this Government as they now are, I am with them first, last and always.

There are some of my Democratic friends who will say that the scarcity of crops the past year raised the price. This is true as far as it goes, but had it not been for the Republican Executive Tariff law the foreign countries would have supplied this shortage at a low price, and as a matter of fact we would have to sell our farm products at the same figures, no matter how scarce our crops, and as a consequence we would have starved. But the Tariff law shuts out foreign competition, and when our crops are short the prices rise sufficiently to carry the farmer over another season. No sir, no more Democracy for me.

**When a woman is nervous her imagination gives fantastic and threatening shapes to the most familiar objects. By day she starts in fear at every sudden or unfamiliar sound. By night the furniture of her room takes on all fighting forms of ghost or goblin. You can't reason with the nerves. Neither can you love or hate them. They must be quieted. They must be soothed and then the outcry of the nerves will cease as naturally as a hungry child ceases to cry when fed.**

For nervous women there is no better tonic and nerve than Dr. Pierce's Favorite Prescription. It cures the diseases which produce nervousness in women, irregularly debilitating drains, inflammation, ulceration and female weakness. It tranquilizes the nerves, encourages the appetite, and induces refreshing sleep.

"When I began taking your medicine I was not able to stand on my feet ten minutes at a time," writes Mrs. Hattie Borradale of Irving Street, New York City. "I had a falling of the hair, and kidney and liver disease, and was so weak and nervous I could not sleep at all. I would take nervous spells and almost die at times. I had several different doctors attend me, but they could not do me any good. The last one I had said I would never get up again. I told him that I was taking your favorite prescription and Dr. Pierce's Food. He said, 'Might just as well take that medicine as a fair trial. Before I had taken the first two bottles I was able to get outside the house and walk around the yard. I kept on taking the medicine and they cured me.'"

Dr. Pierce's Pellets cure biliousness.

Senator Jones' Bill (Subsidy bill passed by Senate on Monday by a vote of 41-33.)

Ross J. Hammond has been nominated for postmaster of Fremont, which means a victory for the Democrats.

All of the bills at Fremont in the Senate were destroyed, and the documents were burned.

The team of populist or democrat who accepts congressional nomination in the third district this fall will be assured a hot chase up Salt Creek.

The people quietly queries the World for the reason of the silence in regard to the Hartley pardon, but the World it adds says nothing, with a demurral that it seems painful.

The Pierce Bill says that North Nebraska Republicans can name the next governor if they will only hang together and further states that W. M. Robinson is the logical candidate.

Gov. Brown of the Kearney Hub and Governor Savage have gone into the latter writing business, with the result that Mr. Brown seems to have scored a few points to the good against the Governor.

Governor Savage has issued a proclamation, proclaiming Tuesday, April 22nd, as Arthur Day, and suggests as a feature of the day that plenty of trees be planted in commemoration of Wm. McKinley.

Senators Fitzgerald visited North and South Dakota Sunday and Monday, the way being for two years, while other sections of the country were visited by severe storms. In Nebraska the wind blew and dust flew at a terrific rate.

Senator Dietrich's bill to divide Nebraska into two judicial districts passed the Senate on Thursday. Also Senator Millard's bill authorizing the sale of a part of the Fort Niobrara Military Reservation to the village of Valentine for \$1,000.

Bixby should write a book giving a glowing description of the beauties connected with being among the state treasurers of Nebraska and what a fat take they have had. It would read well both in prose and poetry, not to say anything of song.

According to the recent decision of the judge in the Nebraska trial at Omaha, the treasurers can loan school funds and build on the side and pocket the interest or perform most any kind of act and crawl out through a small knot hole. There is evidence on every hand that the laws of Nebraska need fixing, almost as much as the ex-state treasurers.

The banking interests of the country propose organizing to enter the money order field as a competitor of the express companies and the government. A uniform bank money order is to be adopted, payable through an immense clearing house in New York city, probably the Western National Bank, with branch clearing houses in all the larger cities. The rate for the issuance of the order will be placed at a minimum price which, it is believed, the express companies will not be able to meet because of their limited banking facilities.

Evidence abounds that farmers in large numbers are opening their eyes to the real and tangible benefits which they reap from an economic system which guarantees them against cheap foreign competition in the event of short crops and at all times insures to them a liberal consuming market by reason of prosperity among wage earners. Statesmen who have in contemplation special trade arrangements with Canada or Cuba; whereunder an enlarged importation of foreign agricultural products shall find their way, would do well to note the reasons which have impelled Farmer Banks to change his political faith.

In a recent issue, the editor of the weekly "Tribune," of Carthage, N.Y., announces that his paper which advocated Democratic principles and has supported the Democratic candidates for the past six years, will hereafter become a Republican newspaper and advocate Republican principles and support Republican candidates. His reasons are also worth noting:

Because the country has never been more prosperous than it is now;

Because labor finds steady employment;

Because capital is being invested and is bringing in good returns;

Because there is no distress in this broad land;

Because the people are busy and prosperity smiles on all;

Because we see unmistakable evidence of this prosperity right here in Carthage;

Because the people are satisfied with the present conditions, and are happy and contented.

Because there is no cry for "a change," but the reverse is true.

The Republican party of to-day is beyond question the party of the people.

The Democratic party of Jefferson, of Jackson, of Tilden and of Seymour is not the Democratic party of to-day, with its Croker, its Altgeld and its Fillman.

We prefer the party of Lincoln, of Grant, of Garfield, of Blaine, of McKinley and of Roosevelt.

Between the Illinois farmer and the New York State editor we have about all the reasons anybody could ask for in explanation of a change from Democracy to Republicanism. Condensed and concentrated, they can be expressed in these words: Protection and Prosperity.

**Protection of Rural Delivery.**

The action of the house of representatives in defeating the proposal to place rural free mail delivery under the contract system is very generally approved. The Philadelphia Press, whose editor was lately postmaster general, says: "Who would think of letting out the house delivery of letters in the cities by contract? Who would substitute for intelligent and responsible carriers a job-lot of picked-up messengers under an auctioned-off competition? But why not in the cities just as much as in the country? Are not intelligence and responsibility and accountability just as important over a route twenty-five miles long as over a route a half mile long?" In regard to the obviously absurd contention that the country carriers will organize and exercise political influence, the Press asks if there is any more danger from them than from the city carriers and urges that the same policy is to establish the right system and then apply whatever check may be necessary.

There is no reason to doubt that the bill will become law in about the shape it passed the house and that the result of its operation will be satisfactory to the people who are most interested in this legislation. Rural free delivery has thus far been on the whole a gratifying success, proving a very great benefit to rural communities where it has been established. It has come to stay and it should be extended as rapidly as practicable or as the demand for it justifies.—See.

Rocky Mountain Tea taken now will keep the whole family well. If it fails, bring it back and get your cash. 35 cents. Raymond's Pharmacy.

Why are you going elsewhere to invest your dollars. There is no better place than Wayne county and nothing is safer than investment in her magnificent soil. It is absolutely reliable and what more do you want. Last Friday we heard a gentleman from Randolph, who had purchased a great deal of land in Oklahoma sometime since, state that he wished he had invested in lands hereabouts, and that he would have done so had he realized that real estate here would have advanced as it has during the past year.

There is a good deal of wind in the world and it enters more or less into all transactions. If the wind were blown out many a man's greatness would be miserably shriveled, many professions of love and fealty would be invisible except with a microscope, many great and mighty efforts and wonderful deeds would be simply nothing. They are wind, hot air, bad breath, and nothing more. Hollow pretensions of having done something that never was done or did itself, worse still, that someone else did. There is a good deal of hollow mockery, of false presentations, of fooling people, of humbuggery, and it is all wind, air, hot or cold.—York Times.

The man who would be governor of Nebraska after the term of Governor Savage expires must be one who is not familiar with all of the ongoing tricks emanating from the state house during the past 'teen years. The fact of the matter is the history connected with it reads very much like the stories of the pirates at sea, and the capture of Miss Stone in which the bandits held up the people for several thousands.

Alfred Pont, stenographer and publisher of the Stanton Register, declares that President Roosevelt is trying to stand in with the Kings of Europe, and it makes Ponty feel real bad. In fact he feels afflicted with many pains. However, to most people it appears that the kings are making a vigorous effort to stand in with President Roosevelt.

Ex-Col. Bryan proposes to show David B. Hill and Senator Gorman that they have no right or title to the next presidential nomination, therefore it is needless to apply. Perhaps these men are not yet ready to bow to the will of the Dictator of Nationalism.

**Omaha Market Reports.**

March 19, 1902

Cattle market past week was very irregular but closing prices were not much different from week before. Good to choice 1550 to 1500 pound beefs \$6 25 to \$6 65; good 1050 to 1250, \$5 30 to \$5 75; fair to good 900 to 1100, \$4 75 to \$5 125; poor to fair warmed up partly fattened grades, \$4 00 to \$4 50. Cows and mixed stock in good demand and prices are fully as strong as a week ago. Good choice fat cows and heifers \$4 75 to \$5 50; fair to good butcher and beef graders around \$3 50 to \$4 50. A very fair business in stockers and feeders was done this week, and all grades show some advance. Choice to extra stockers and feeders \$4 40 to \$4 75; good to choice \$4 00 to \$4 40; fair to good \$3 75 to \$4 00; and fair \$3 40 to \$3 90.

The hog receipts for past week were several thousand more than week before and weights the heaviest of the year. The demand was good and prices were higher until the last of the week, when heavy rains caused a slump; but with lighter receipts the first three days this week prices are higher again, heavy hogs selling mostly \$6 15 to \$6 40; medium \$6 00 to \$6 40; medium mixed, mostly \$5 85 to \$6 05; common and underweight stuff at uncertain and much lower prices.

There were 27,834 head of sheep on this market last week, about 6000 more than week before. Demand good and prices show but little change from day to day, but a general decline of 10 to 15c is shown for the week.

Are you sick? If so, investigate the merits of Herbine. It is a concentrated medicine, the dose is small, yet it quickly produces the most gratifying results, digestion improves, the lips and cheeks lose their palor, the eye becomes bright and the step elastic. Price 60 cents. Raymond.

**Resolutions.**

WHEREAS, in the providence of almighty God, our Brother A. H. Ellis has been called from this life to rest and reward in Heaven. Therefore, be it resolved, that in the passing away of Brother Ellis our lodge has lost a faithful and esteemed member and the community a citizen of the most sterling character.

RESOLVED, that we the A. O. U. W. Lodge, No. 103, of Wayne, extend to the wife and children of our deceased brother our heartfelt sympathy in this the hour of their bereavement.

RESOLVED, That these resolutions be furnished the Wayne papers for publication, and a copy be sent to the family of the deceased brother, and the same be spread on the minutes of the lodge.

**Practically Starving.**

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble" says J. H. Holey, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Orth.

**Health**

"For 25 years I have missed taking Ayer's Sarsaparilla every spring. It cleanses blood, makes me feel strong, does me good in every way." John P. Hodnette, Brooklyn, N.Y.

Pure and rich blood carries new life to every part of the body. You are invigorated, refreshed. You feel anxious to be active. You become strong, steady, courageous. That's what Ayer's Sarsaparilla will do for you.

11.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows about it, and he will be sure to recommend it to you. J. C. Ayer Co., Lowell, Mass.

W. H. Moody of Massachusetts, will succeed John D. Long as secretary of the navy.

Surgeon's Knife Not Needed. Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For sores, ulcers, burns, wounds, bruises, sores, and skin diseases it is unequalled. Beware of counterfeits. L. P. Orth.

The State Journal at present is without one of its most interesting columns, viz, Daily Drift. Prof. Hixby is having an outing in the way of a lecture tour, and the communities that are favored with his presence are no doubt the better for it.

Dangers of Pneumonia. A cold at this time if neglected is liable to cause pneumonia which is no often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Hodey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Raymond.

Without fusion the populists and democrats of Nebraska, would have about as much show of electing any of the state officers as Bryan has of becoming president, therefore they will face but the evils will not be theirs.

For The Complexion. The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Riser keeps the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Riser for biliousness. They were just what I needed. I am feeling better now than in years." Never gripes or distress. Safe thorough and gentle. The very best pills. L. P. Orth.

# Bull Dog for Sale.

This may strike some people with astonishment. We have not gone into the dog business or "gone to the dogs" but we have

## Bull Dog

shirts for sale. The reason they are called Bull Dog shirts is that they will lick any other shirt made—that is, they will last longer in a fight against wear than any other make. These shirts are longer and stronger than any work shirt offered for fifty cents. Other merchants will tell you that they have as good a shirt for fifty cents as the Bull Dog shirts. Come and see the Bull Dog shirts and you will be convinced that they are mistaken.

## Twenty-Four Years Old.

We are twenty-four years older than we were when we commenced to sell Selz Plow Shoes. The reason we have never changed to other makes is we have never found any other kind that will wear as long and are as comfortable on the feet as Selz Plow Shoe at one dollar and fifty cents.

The Carroll A. O. U. E. W. Lodge celebrated their 15th anniversary on Monday evening which was attended by the following lodge members from Wayne: Fred Phillet, L. C. Gildersleve, S. D. Relyea, S. R. Theobald, Bert Brown, J. G. Mines, W. H. Gildersleve, Jim Harmon, Henry Wehrman, I. W. Alter, Mark Stricker, F. A. Berry and Chas. Warner. A literary program had been arranged, which was carried out and Grand Master of the State Grand Lodge delivered an address, after which an elaborate supper was served.

Harry G. Tharp, son of L. R. Tharp of this city, arrived Saturday evening from Vermont, where his regiment, after arriving from the Philippines, have been quartered during the winter. Mr. Tharp, who is away on a ninety days leave of absence, has seen service in the Philippine Islands the past three years and brought home many relics of that country which are of a very interesting nature. His description of the war and the islands is very entertaining.

**WAKEFIELD'S BIG SHOW.**  
The handsome new auditorium at Wakefield, in which the good citizens of that town have reason to take especial pride, will be opened and dedicated on Tuesday evening, March 25, by the Hunting Hawkings Company, one of the very best companies in existence, playing only in large cities. They have been procured at considerable expense by the people of Wakefield, who extend a kind and cordial invitation to the citizens of Wayne and vicinity to attend. A coach will be provided to be attached to the night freight so that all attending can return home after the entertainment. Wakefield's auditorium is a structure that would be a credit to a city of 10,000 inhabitants. The entertainment will be such as you would see at the Peavey Grand in Sioux City, or the Boyd at Omaha, and the present is the right time to extend the hand of fellowship to our neighboring town.

**CITIZENS CAUCUS.**  
A Citizens caucus was held at the court house Monday night for the purpose of placing in nomination candidates for city officials, it being the last day that caucuses could be regularly held and certificates of nomination filed. Chas. Craven was elected Chairman, and W. E. Howard Secretary of the caucus, after which the following nominations were made: Mayor, Henry Ley; City Clerk, Fred French; Treasurer, S. R. Ringland; Police Judge, B. F. Feather; members of school board for three year term, Fred Volpp and D. Harrington; to fill vacancy, R. Q. Warnock.

After adjournment of the general caucuses, others were held in the different wards to nominate councilmen, with the result as follows: First Ward, C. A. Chase; Second Ward, Chas. Beebe; Third Ward, John Sherburne.

All but the members of the school board were renominations, evidencing the fact the people are pretty generally satisfied with the management of the cities affairs, and therefore decided to let well enough alone.

**DECLAMATORY CONTEST.**  
A large and appreciative audience assembled at the opera house Tuesday night to listen to the Declamatory Contest between members of the high school classes, the winner to represent the Wayne high school in the district contest at Norfolk, April 2. The contestants were, Edith Stinson, Alice Stringer, Mable Young, Laura Lundburg and Ona Albee, and so well did each do that it was a difficult task for the judges to decide in the matter. Ona Albee was declared the winner and Mable Young was given second place. A very pretty piano solo was played by Miss Maude Britton, as well as a piano duet by Misses Opal Alsted and Ethel Brown. Carl Burklick and Charley Winterburn rendered some excellent music which was repeatedly encored.

**SCHOOL NOTES.**  
The Base Ball team is practicing now, and expect to get suits and other equipments very soon. The boys will give a social in a week or two, the proceeds of which will go to buy equipments for the team.

The Eighth Grade rendered an enjoyable program, in the High School room, Wednesday morning in place of the regular opening exercises at the close of the program, a vote of thanks was tendered to them for their kindness in giving their program before the pupils of the High School.

The declamatory contest held in the Opera House, on Tuesday evening, was well attended, and everyone present gave evidence of enjoying the program. There were five contestants, viz., Misses Laurel Lundburg, Ona Albee, Alice Stringer, Edith Stinson, and Mable Young. Miss Albee won first honors, and she will represent the Wayne High School in the District Contest at Norfolk, to be held April 2nd. Miss Young won the "honorable mention." All contestants did admirably well, and the majority agreed with the judges' decision.

The different classes of the High School are preparing to give a series of programs at the High School building, for the purpose of raising the amount yet due on the plans, and it stands as a good example of the work done by Prof. Conn during his reign over the Wayne High School.

**JUST TAKE NOTICE.**  
And you will realize the real estate transfers in Wayne county for the past three weeks have been enormous. But when people learn of the magnificent farm lands here they are after them at once, for there are no better lands anywhere. While in the center of the county is situated one of the handomest cities in the state, with her splendid system of water works, electric lights, telephone system, magnificent church edifices, the Nebraska Normal college, and a beautiful court house on a most slightly spot in the city. The total real estate transfers for three weeks ending March 17th, amounted to the magnificent sum of \$3,080,829.

**MARRIED.**  
Bastain Liveringhouse, on Monday, March 17, at the home of the bride's parents in this city, occurred the wedding of Albert P. C. Bastain and Miss Florence A. Liveringhouse, Rev. J. C. Ringer officiating. About twenty five of their relatives and friends were present.

The HERALD joins the many friends of the happy couple, in wishing them many years of happiness and prosperity in their married life.

**TOO MUCH MARRIED.**  
Sheriff Mears has two star boarders at present, owing to their inability to give bond for trial. The boarders are one Fred G. Kimball of Wakefield, and Stella M. Hart. Sometime last July Kimball and Stella were joined in marriage by Judge Hunter in this city, and until a few months ago lived together near Laurel. Later it developed that the woman in question had another husband at Hithcock, S. D., to which place she went to join her first husband whom she had grown tired of, and left to join Kimball. This was too much for Kimball and as a result he had Miss Hart arrested, who appeared before Judge Hunter on Saturday and plead guilty, stating that Kimball knew of her first marriage. Being unable to give bond she was placed in custody of the Sheriff. Kimball was notified that he would be obliged to give an appearance bond, and in company with the Sheriff, went to Wakefield where he claimed he could get it, but failed. As a result both are now star boarders of Sheriff Mears until district court sets, occupying cells separately.

# Easter Opening Announcement

—BEGINNING ON—

## Wednesday, March 26, '02,

AND CONTINUING THROUGHOUT THE WEEK

We will have on display—the largest and best assortment of STREET and TRIMMED HATS—ever placed before the public!

We have visited three of the best markets in the whole country; choosing only the choicest of Parisian styles, and now place them on our tables for your inspection:

The opening will be presided over by MRS. WILSON and MISS FERN MCKINLEY, an accomplished and experienced trimmer from St. Louis. Miss McKinley will remain with us, in the capacity of Head Trimmer, during all of the season.

An invitation to call is extended to all, even though you may not contemplate a purchase. We want you to see the facts proven as we have maintained they are.

It is always a pleasure to show you goods at any time and all departments you will find most complete.

Give us a few moments of your time and we will cheerfully show you our line.

# Easter Opening Announcement

—BEGINNING ON—

## Wednesday, March 26, '02,

AND CONTINUING THROUGHOUT THE WEEK

We will have on display—the largest and best assortment of STREET and TRIMMED HATS—ever placed before the public!

We have visited three of the best markets in the whole country; choosing only the choicest of Parisian styles, and now place them on our tables for your inspection:

The opening will be presided over by MRS. WILSON and MISS FERN MCKINLEY, an accomplished and experienced trimmer from St. Louis. Miss McKinley will remain with us, in the capacity of Head Trimmer, during all of the season.

An invitation to call is extended to all, even though you may not contemplate a purchase. We want you to see the facts proven as we have maintained they are.

It is always a pleasure to show you goods at any time and all departments you will find most complete.

Give us a few moments of your time and we will cheerfully show you our line.

SUBSIDY IS APPROVED

SENATE PASSES BILL AFTER PROLONGED DEBATE

Several Important Amendments Are Offered - Friends and Opponents Seek to Change Tenor of Measure - Vote 42 to 31.

After prolonged debate the senate Monday passed the ship subsidy bill, the final vote upon the measure being 42 to 31.

Some amendments to the bill were offered that they were all agreeable to those in charge of the measure, the friends of the bill voting down all other amendments.

The voting upon amendments began at 3 o'clock, and such a flood of them was offered that a final vote upon the bill was amended was not reached until just before 6 o'clock.

Senator Hanna of Ohio offered, and the senate adopted, three amendments applying directly to the acquisition by the Leyland line of the ship, which provides that the foreign mail ship shall participate in the proposed subsidy, that nothing in the act shall be construed to prevent American citizens or corporations from holding or operating foreign ships to the coast carrying trade, and that to foreign mail ship any line thus acquired by American citizens shall be admitted heretofore to American registry.

WILL HAVE BETTER PLACE.

Pension Commissioner Evans Is Soon to Resign. There is no longer any doubt that Pension Commissioner Evans will within the next few months at the latest sever his connection with the pension bureau to accept from the president a position which will be substantially prominent, but which has not yet been definitely selected.

ANOTHER FLOATER.

Sixth Victim of the Beaumont Murders Is Found. Another floater was found in the Neches River at Beaumont, Texas, Monday, making six since the first of the year.

VENUEZUELA IN DANGER.

Revolutionary Forces Are Gaining and Outlook Is Grave. The Venezuelan insurgents, commanded by Gen. Bolivar, captured Port Guayana March 28. Six thousand house officers arrived at Guayana shortly after the insurgents had taken possession of that place and transferred the revolutionists several days of negotiation, the steamer's officers thinking they were dealing with the legal authorities.

To Fight Reciprocity.

The meeting of the Republican members opposing the ways and means committee on Cuba reciprocity resulted in an agreement not to accept any compromise involving the loss of tariff duties. This, in effect, is an instruction to insist upon the rebate plan as against the reciprocity plan.

Will Go to Chicago.

The G. H. Hammond Company has decided to withdraw its big packing plant at Hammond, Ind., and establish a new one at the Chicago stock yards, to employ 3,000 men. The plant will cost \$1,000,000.

Great Strike Is Over.

The great strike of last week, involving 20,000 union men, was completely wiped out at Boston Tuesday, when practically every man went back to work under conditions but slightly changed from those existing when the trouble began.

No News of Huronian.

There is no news in Halifax about the Huronian. A dispatch was received Tuesday afternoon from St. Johns, N. B., stating that a steamer thought to be the Huronian was entering that port. The steamer, however, turned out to be the Virginia.

New Double-Decker for House.

A Republican house engine left Monday night designed by F. C. Lyons of Cuba, N. Y., as designer of the house to succeed the late Double-Decker Glenn.

Late Saver's Feast.

Capt. Eldridge, of the Monmouth Life Saving Station at Chatham, Mass., and five of his crew, who started to the relief of a distressed barge, were drowned by the capsizing of their lifeboat Tuesday. Only Surman Ellis, of the seven men who started, escaped.

Declare a Truce.

Unable to come to any agreement after a deadlock on the scale for four days, the miners and operators of Altoona, Pa., agreed to let matters rest temporarily, and on March 25 they will try it again.

WORST SNOWSTORM IN YEARS.

North Dakota and Canadian Northwest in Grasp of Blizzard. North Dakota and the Canadian northwest has experienced the worst snowstorm in many years, and railroad traffic is practically paralyzed. The Northern Pacific and Great Northern have not moved a wheel for nearly thirty-six hours in the blizzard stricken district, and have abandoned all efforts to delay until the fury of the storm abates. The high wind has piled the snow in mountainous drifts and packed it in solid masses, many deep cuts being entirely filled. The temperature was gradually falling, and it is now at or below the zero mark.

Not a transcontinental train has arrived in St. Paul since Friday, and none is expected for several days. The Northern Pacific reports its westbound coast train which left St. Paul Saturday morning tied up at Fargo, the road beyond there being blocked. The eastbound coast train, due at St. Paul Saturday morning, is held at Mandan, N. D. The Red River valley division of the Northern Pacific between Frankfort and Winnipeg is entirely abandoned. No trains have attempted to run since Friday night and the exact conditions on this division are not known, as the telegraph wires have been carried down by the burden of sleet which preceded the heavy snowfall.

The situation on the Great Northern is equally bad. The line is tied up entirely between Grand Forks and Williston, N. D., a distance of thirty-five miles, and all wires have been lost beyond Fargo. Thirty miles of wire are gone between Fargo and Casselton, N. D., and communication with western Dakota and Montana points has been lost. So fierce has been the storm that it has been deemed inadvisable to attempt to reorganize until it abates. Reports received at the general offices Monday night indicated that the passengers which included the sleet, the snow continued to fall. The branch at the Great Northern running to Winnipeg is also tied up. No trains have been started northward since Friday night.

MILES AGAIN TURNED DOWN.

Secretary Root Denies Request to Be Sent to the Philippines. Lieut. Gen. Nelson A. Miles, of the army, made a specific request to the war department to be sent to the Philippine islands, and in connection therewith submitted a plan by which, in his opinion, the war could be brought to an end without further loss of life to either side. He proposed to employ methods similar to those used by him so successfully in his Indian campaigns.

Secretary Root, after consideration, denied Gen. Miles' request, and disapproved the plan submitted. The papers so endorsed by the secretary were sent to the White House and the president subsequently conferred in the secretary's action. The final endorsement, disposing of the matter, is said to bear date of March 5, 1902.

In effect, President Roosevelt and Secretary Root held that the war in the Philippines is already at an end, or virtually so, and that the adoption of Gen. Miles' plan, involving a change of policy in dealing with the inhabitants of the archipelago, would be unfair to those Filipinos, military and civil, whose work has brought about almost complete pacification.

WOULD SEND A WARSHIP.

Parliament Newspaper Sees Opportunity in Dedication of Monument. The Echo de Paris, commenting on the adoption of a resolution by the United States congress inviting France to participate in the inauguration of the Reichmann monument at Washington, May 24, says: M. Cambon, French ambassador at Washington, has strongly urged the French government to send a warship to represent France at the ceremony. Who hope the ministries of war and the navy will also be represented by high officials. There is no doubt it is an excellent opportunity, on the morrow of Prince Henry's visit to make the exercises at the Franco-American manifestation of sympathy with French investment in the United States.

PRIVATE COMPETITION.

Bankers Would Enter the Money Order Business at Cent. Rates. The Indianapolis Sentinel Saturday morning says: Charles L. Farrell, assistant cashier of the Capital National Bank and secretary of the Indiana Bankers' Association, left Friday to attend a meeting at New York City to discuss the proposed business of the most important banking schemes of late years. The proposition is to enter the money order business as a competitor of the express companies and the government itself. It is proposed, to issue a uniform bank money order, payable through an immense clearing house in New York City, probably the Western National Bank, with branch clearing houses in all the other larger cities.

CARNEGIE MAKES MANY GIFTS.

Acts Favorably on Thirty-Eight Applications for Libraries. Andrew Carnegie was the chief guest and principal speaker at the seventh annual dinner of the New York Library Club, among the other guests were 300 librarians of New York City and vicinity. Mr. Carnegie spoke of the subject of libraries for rural communities. He announced that in order that he might deserve the honor of dining with the club he had during the day considered forty applications for libraries, and that in all except perhaps two cases he had decided to accept them.

SOUVENIR HUNTERS RUIN CHEF.

Man Who Served Luncheon at Launching of Meteor Assigns. Rupert Fritz of New York, the chef who served the luncheon at Shooters Island for the 2,000 persons who witnessed the launching of Emperor William's yacht, the Meteor, has assigned. Fritz says he borrowed a large amount of silverware from friends for use at the luncheon. In the haste for souvenirs nearly all the silverware disappeared before Fritz and his assistants were aware of the raid. Finding it impossible to make good his losses Fritz decided upon an assignment.

Child Dispute Unsettled.

It is officially announced at Santiago de Chile that no direct settlement of the boundary dispute between Chile and Argentina has been arrived at, but if a proposition on the subject is made Chile will not refuse to consider it.

Going to Cape Town.

Field Marshal Lord Wolsey started from London for Cape Town Saturday. Although officials deny his trip is anything but a private visit, gossip connects it with the military situation.

Held for Postoffice Robbery.

Officers have captured Thomas Williams, accused of being one of the gang who entered the Willitsville, Ill., postoffice Tuesday night, securing a large number of stamps and all the valuable money in the office. He was held to the federal grand jury and was taken to the Cairo jail.

Redenburg Resigns.

Wm. A. Redenburg of St. Louis, Ill., has submitted President Roosevelt his resignation as a member of the United States civil service commission to take effect April 1.

SITUATION IS PREPLEXING.

It Is Not Yet Known Whether Boston Strike Will Be Settled. The labor situation in Boston Friday night was extremely perplexing. To give weight to the statements of labor men, who spoke without authority, that harmony is not restored, is to make the outlook far more critical than at any time since the allied freight transportation council began its fight against the B. & M. section line company. On the other hand, Gov. Crane and the state board of arbitration believe that the picketing is being solved quite rapidly, considering the immensity of the strike, and only ask for time and patience from both laboring and business men to remove all obstacles for a resumption of freight traffic under ordinary conditions. As a matter of fact the strike was completely broken Friday, although troubles cropped out in many quarters, some of which were arranged without delay and others dragged along in an uncertain state, so that they came in for consideration by the various labor bodies at night.

The special side of the strike breaking Friday presented an army of workmen rushing hither and thither to clear old tracks, there being more than 20,000 miles of track, but only 10 per cent. of the men found their places filled. This was the reason for friction all day, affecting only the men themselves, for concerns were too busy raising the embargo on goods in their keeping to give heed to talk of unfairness. Freight began to move at docks, freight sheds, from and to wholesale houses and factories, and upon the streets, and by night great burials had been made on the four days' accumulation of goods. With the breaking of the strike employers of freight handlers, team drivers, or bumpers, rushed into print with calls for more help. These concerns which heretofore have been bound to unionism seem to have grasped the opportunity of hiring whom they liked. It is on this point, of all others, that the critical phase of the situation lies.

The real battle was between the men who control the strike and the representatives of great interests who had been prevailed upon to consider certain propositions as a way to a settlement of the trouble. As for three days past, it was Gov. Crane, in his office in the state house, who stood between the parties at issue. Hammond Bros. had \$13,000 insurance on their stock, machinery and supplies, and \$5,000 on the building. Their total loss will reach \$40,000. Hammond Bros. & Stubbs had \$3,000 insurance on supplies, their loss has been estimated at \$10,000.

SPOTS ILLEGAL FISHERMEN.

Game Warden on Trail of Men Who Try to Beat the Law. Chief Game Warden S. Shilings has notified that persons in various communities are preparing to begin illegal fishing within the next few days. The open season begins April 1 and all persons caught fishing before that time will be prosecuted.

CRÉDITORS CLOSE A STORE.

St. Joseph Parties Shut Down on W. Rice Mercantile Company. The J. W. Rice Mercantile Company, doing a general merchandise business at Superior, was closed the other day by H. A. Huntley and the Huntley-Smith Dry Goods Company, both of St. Joseph, who hold a mortgage on the stock. No statement could be obtained from the Rice as to assets and liabilities, except from the claim that the assets will exceed the liabilities by \$6,000 or \$7,000. Several Omaha and eastern parties hold claims against the firm.

Nebraska City Strike Ends.

The strike at the Morton-Griggs Company's packing house in Nebraska City was formally declared off last week, and the men are busy making applications for their old places. It is said the company has agreed to give the men an opportunity with outsiders when they hire additional help.

Grand Islander Robbed.

Dick Nettford, a laborer, was held up and robbed of \$23 and a certificate of deposit on the First National Bank of Grand Island while going home from work on a new dance hall three miles east of the city. He was rescued by two men, who, with revolvers, relieved him of his cash.

Street Merchandise Store of Walter E. Peilinger Overrun.

The complete manuscript of all rulings of the department of public instruction for the year 1901-1902, was in the Fremont Tribune file. Unless some of the proofs or plates were saved the loss will be almost irreparable. The compilation included all official decisions given by the department.

Injured While Driving.

Miss Lula Foltz and Miss Scuten of Albion were thrown from a buggy a few days ago. Miss Foltz was injured, but Miss Foltz received a severe scalp wound, which required several stitches.

Albion Tests Electric Plant.

The electric lighting system at Albion was tested last night for the first time. The service seems to be satisfactory. A gas plant has been in operation for several months, but the city has not yet made a definite contract with either company.

Killed by Kick of Horse.

John O'Brien, a young farmer six miles northeast of Nebraska City on the Iowa side of the river, was kicked on the head by a horse the other day and died almost immediately.

Union Depot for Fremont.

The annual spring round of the executive of the Union Pacific and Elkhorn Railroads appears to have good grounds for its existence this year. General Manager Birdwell of the Elkhorn and President Birt of the Union Pacific say the depot will be built soon if the land can be obtained.

Fremont Terms of Office.

After considerable discussion the Fremont council decided to determine the question of whether the city members elected in 1890 expired by passing an ordinance fixing the length of office of the councilmen at two years.

STATE OF NEBRASKA

NEWS OF THE WEEK IN A CONDENSED FORM.

State Bank of Nemaha Visited by Cracksmen - Explosion Awakened Citizens and the Robbers Escape on Handcar Without Booty.

Burglars paid a visit to the State Bank of Nemaha the other night and secured a haul worth \$10,000. Between 1 and 2 o'clock in the morning citizens were roused by an explosion. They were at a loss to understand what occasioned it until a few minutes later a second explosion occurred, and the people directed their attention to the bank building, which it was apparent had been the scene of a robbery. One man, who was awakened by the first explosion, states that he saw three men working at the safe in the bank. The thieves ran to the B. & M. section house, broke it open, secured a handcar and went off. They stuck to the handcar with the Missouri Pacific crossing ten miles distant, was reached, where the handcar was abandoned. Three men supposed to be the same parties were seen to board a passing freight train at this point and up to the present time nothing more has been heard from them.

FREMONT HAS A BAD FIRE.

Plant of the Tribune Destroyed at Loss of \$50,000. Fire broke out one day last week in the brick block at the corner of Fifth and F streets, Fremont, owned and occupied by the Tribune newspaper and job printing establishments, and before it was gotten under control, the contents were destroyed and nothing was left of the building but the walls and lower floor. The fire caught in the elevator shaft on the first floor and the second floor was soon in flames. The fire was extinguished by the fire department and all the hose owned by the city was used. The entire building was filled with smoke, and quantities of stick were piled on the second floor and basement and the book bindery in the rear of the floor was well filled with work in process for delivery. The Hammond Bros., owner of the Tribune, had only just moved into the building, which was two stories and a basement, built expressly for themselves, and the newspaper and job printing plant occupied the entire structure. The building cost \$25,000.

Hammond Bros. had \$13,000 insurance on their stock, machinery and supplies, and \$5,000 on the building. Their total loss will reach \$40,000. Hammond Bros. & Stubbs had \$3,000 insurance on supplies, their loss has been estimated at \$10,000.

WOULD KEEP NEBRASKA WET.

Colorado Man Guarantees to Supply Rain All Summer for \$1,000.

E. G. Whitney of Rocky Ford, Colo., has written to the board of public lands and buildings of the state asking for a contract to keep Nebraska wet next summer. For doing this he asks the modest sum of \$1,000. In his letter he says: "For fourteen years I have known how to produce a good soaking rain when needed. Why, then, have I been so silent all these years and watched the suffering and languish when it was my power or knowledge to help them? Just because I thought others had the art, and it was no use for me to say or do anything that would be sure to have had the real thing before making it public. 'I have made many improvements since I discovered the real art, I have seen 'rain making' die besides I have seen or heard of much suffering caused directly by the drought. I think it is high time the art was put to use and that I was suffering should be lifted in or near the sandhills of Nebraska from the fall of 1880 to the summer of 1900. There is where I made my discovery and some improvements, but have learned much since. I will cause a rainfall of one inch throughout your state for \$1,000."

SECOND COAL VEIN STRUCK.

Drilling Tests Near Jackson, Neb., Make Prospects Still Brighter. The prospect that coal in paying quantities will be struck near Jackson, where the Shubert Beet Syrup and Preserving Company is making its drillings, are growing brighter and brighter. On last Friday, at a depth of 70 feet, a vein one and one-half feet in thickness was struck. Tuesday, at a depth of 100 feet, a second vein, the second vein, which proved to be more than three feet in thickness. The experts who are in charge of the work of sinking the drill, testify the coal with Mr. Peterson, general manager of the Shubert Beet Syrup and Preserving Company, and all three pronounced the coal to be of the best quality. "We will go a little deeper now for the third vein," Mr. Peterson said, "and I am confident we will strike a heavier, richer vein."

CAPTURES HOUSE BREAKER.

Farmer Lies in Wait and Is Compelled to Shoot Marauder. For more than a year past robberies have occurred on Saturdays in houses whose occupants were at church. Last Sunday morning at the residence of Mr. Jensen, in a small east of Exeter, the family had all gone to church except Mr. Jensen, who concealed himself in the house. He did not remain there long when he saw a young man named Charles, both coming toward the house. He took to the door and fired, and secured a piece of iron and pulled the staple that held the lock on the outside cellar door. When Mr. Jensen heard him in the cellar he secured his shotgun and as young Bode stepped into the room from below he was confronted by the man behind the door. Young Bode was thrown up his hands, but instead of doing so he made a dash for the man and seized the gun barrel with both hands. This was an unexpected move to Jensen, but he pulled the trigger of the gun and Bode received the full charge of shot in his leg just below the thigh.

SERIOUS FIRE AT FREMONT.

Nant of the Tribune Entirely Destroyed, Net Loss \$34,000. A fire of mysterious origin at Fremont destroyed the printing establishment of Hammond Bros., owners and publishers of the Tribune, a daily paper. The entire building was gutted and the building, machinery and job plant are totally destroyed. The loss is estimated at \$30,000. There is \$12,000 insurance.

Takes Revenue of Schools.

The supreme court has given a decision in the case of the Lincoln school district, which has been the subject of cities of taking away from the schools the revenue derived from the occupation tax assessed against keepers of saloons. The holding is in a case appealed from Nemaha County, in which the city of Lincoln has the right to all money recovered from saloons through the tax, the occupation tax. The opinion was given by Chief Justice Sullivan.

Bullet Enters His Head.

Ed Foster and Charley Welch, two boys about 15 years of age, were hunting recently. The poster boy while endeavoring to extract an empty shell from his revolver exploded a loaded one. The bullet struck his right cheek near the nose, entering the mouth. The boys were taken to the hospital, but not yet recovered.

Street Railway Disfranchised.

The council has passed an ordinance disfranchising the Lincoln Street Railway Company, which was the predecessor of the Lincoln Traction Company. The Traction Company's attorneys say the measure will have no effect. The attorneys for the city insist, however, that it will facilitate the collection of delinquent taxes.

Child Frightfully Scalded.

The 2½-year-old son of Mr. and Mrs. O. W. Gatch met with a severe accident yesterday morning when he fell into a kettle of boiling water on the floor and the little fellow put his right hand into it as far as the elbow, burning it so badly that the flesh almost dropped off. His suffering was terrible.

Masked Men Take Money.

S. W. Sprigg, a farmer who has lived near Wood River the last ten years, was held up and robbed of \$15 in Cairo last week by two masked men.

Will Sell Former Treasurer.

The board of supervisors of Gage County have instructed the county attorney to bring action against George W. Maurer, ex-county treasurer, to recover the sum of \$3,325.36, the amount which the board alleges he owes to the county.

Lightning Opens the Season.

During a sharp storm the other morning about 6 o'clock lightning struck the dwelling house of John Schilling at Fremont, knocking the chimney off and causing minor damage inside the building.

Mail Carriers' Pay Advanced.

The four mail carriers on the Peoria route at Peoria, Mo., were paid an advance in salary from \$500 to \$600 a year each. Postmaster P. A. Rundage has been so informed from the department at Washington. The raise of salaries began March 1.

LET METHUEN GO.

Boers Magnanimously Release the Captured British General.

Secretary Brodick announced in the British House of Commons Thursday afternoon that Lord Methuen had been released by Gen. Delarey. Terms of the release were not stated in the information filed before the Commons by Secretary Brodick. The general's condition is favorable. Mr. Brodick added that the exchange of Gen. Methuen for Gen. Buller had not been completed. The release of Gen. Methuen has caused more excitement in England than his capture. Gen. Delarey's action in sending a captured and wounded general of high rank into an enemy's lines would have been remarkable under any circumstances. Under the circumstances prevailing in South Africa it is amazing that Gen. Methuen had been captured in the British army operating in South Africa. His capture in view of the policy toward Boers pursued by

Lord Methuen.

The British was most important to the Boers. He might have been held hostage for Boer officers on trial for their lives. He might have been held for exchange for Boer officers, whose rank in the British army. He might have been exchanged for a number of Boer officers whose release would be of great advantage to the Boers. Gen. Delarey seems to have put aside all these considerations, and to have given no thought to schemes of retaliation suggested by British methods of treating prisoners. Anneted by humane impulse or influenced by the fact that Gen. Methuen had been chivalrous and generous to members of the Delarey family, the Boer general sent the British general to Gen. Kitchener's lines at Bloemfontein, where his wounds may receive proper attention.

ANOTED EDUCATOR.

Colonel Francis W. Parker, Who Died Recently. The death of Pater Christian, Miss. of Col. Francis W. Parker, director of the State of Education at the University of Chicago, was announced in the Chicago Tribune. Parker was a leader in pedagogy. Overwork and stomach troubles led to a general breaking down and finally to death. Col. Parker was 61 years old. He was trained for a career in pedagogy and was teaching at Carrollton, Ill., when the Civil War broke out. He went to the front with the Fourth New Hampshire volunteers, was taken prisoner at Deep Bottom in 1861 and was made brevet colonel for bravery. After the war he resumed teaching. He was the introducer of the system of divorcing pupils from their text books and the alphabet, spelling book, primer and reader were taken out of the elementary grades in the Chicago school. Col. Parker directed, he believed, in teaching the children by letting them see things and use their ideas. It was while superintending the schools at Quincy, Mass., that he put these ideas into effect, and their uniqueness caused both them and him to become widely known. From Quincy he went to Boston as one of the supervisors in the school system, but found no opening for his own plan of teaching in that city. In the early 60's he accepted the principalship of the Cook County Normal school, and went to Chicago believing that his new ideas would be given a fair trial. He was not out to make the normal school the leading school of the West, but met with opposition in the school board, although he gained a following among students of pedagogy. Finally Mrs. Emmons Blaine was attracted to his work, and gave him a free hand by endorsing the Chicago Institute, which was organized in September, 1890. Last June the institute was consolidated with the university, and Col. Parker began what promised to be the satisfactory period of his life work as director of the school of education at the university.

OIL TO FLOW LIKE WATER.

Novel Scheme of John W. Gatch, the Chicago Steel Magnate. John W. Gatch of Chicago, the steel magnate who is deeply interested in Beaumont, oil, visited New Orleans recently and offered to buy the New Orleans water works for \$2,000,000. Mr. Gatch has a line of pipes into the business of supplying the city with water. On the contrary, if he gets possession of the property he proposes to close it for water purposes and reopen it for the oil business.

GEN. MACARTHUR.

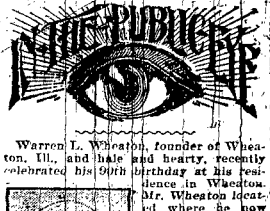

Joseph W. Folk, the circuit attorney of the city of St. Louis, who was elected instrumental in laying the street railway franchise bribery in the municipal government of the city of St. Louis, is only 28 years old. He went there from Tennessee about eleven years ago and rapidly won his way to the top of the profession. He was elected about a year ago to the Democratic reform ticket. The ticket was led by Holla Wells, who was elected Mayor.

GEN. MACARTHUR.

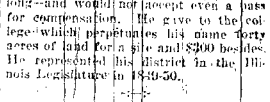

Major Gen. Arthur MacArthur, who succeeds Maj. Gen. Otis in command of the department of the lakes, with headquarters in Chicago, because of the retirement of the latter, is a distinguished officer of his rank in the United States army. Gen. MacArthur has been in command of the department of the lakes since the death of Gen. MacArthur. He has been only a short while since he returned from the Philippines, where for two years he was in command of the army. He was in command of the army before Gen. MacArthur's death, and he probably will become, through the regular course of promotion, the commanding general of the army.

FAVORS ISLAND WAR.

Brigadier General Funston Upheld His Policy in the Philippines.

Throwing all doubts to the wind, Brig. Gen. Frederick Funston at the banquet in his honor by the Marquett Club at Chicago Tuesday night launched into a vigorous defense of the policy of the United States in the Philippine Islands...

The case of Miss Waller, who is to be tried for executing thieves, he referred to specifically. "An officer is to be placed on trial," he said, "for executing thieves who stole the supplies of which the very lives of his men depend."

The war would long ago have ended he declared had it not been for the insurgents of aid from a dissatisfied party in the United States. He told how Aguinaldo and other of the captured insur-

gent chiefs had confessed to him that they had been led to believe that they would even be civil war in this country if the Philippines were not given their independence...

Then he recited a story of two members of a colored regiment who deserted and fought with the Filipinos. These men were afterward captured and hanged.

What I say to-night may not be correct or not. I do not care whether it is correct or not. The Filipinos are not fit to govern themselves.
