The building was long known as the Hotel Woodruff, and for a brief periods as the Hotel Lancaster. By far the greater portion of the patients received in the institute were those seeking cure from the drink habit and those who were addicted to the use of drugs. When the fire broke out there was on the fifth floor a number of patients suffering from definium fremens and some who were deringed by drugs. Several of these were strupped to their beds, and it was found impossible to save them so anyidly did the fire spread through the building. The fire originated in the bysement of the building, and spread rapidly to the upper stories through the elevator shoft. The blaze was discovered by James Newell, a grocer, who was driving through the alley in the rear of the building. The operators immediately substed into the places of these employes besses and clerks, supplementing these, is so far as they could, by non-union men imported from the great cities. In this way they have been able up to the operat to keep the numps in action and a great losses have resulted. Some collieries, which can be kept clear betained they drain into others, have one losed completely, the operators thus being canabled to husband their forces the tore.

Miners Are Hopeful.

The miners claim that this quodition will not long continue. They sly, first, that many of the clerks, bosses and seed hands will play out and, next, they are sanguine that they cal prevail the many of the case their labors. That many of the latter will be induced to quit work is probable. Pew of them can bear the odium of being called an bear the odium of being called and when the ostracism extends to their rives and children it is to be expected that many of the men will join their compares in making the strike more complete.

The operators now have 2,500 coal and ron police guarding their properties and protecting the non-union men the companies have imported to run the pumps. These men are all award with rittes.

Meantime all the great collieries remains that down and not a hound of coal is being mined in one of them. The miner remain hopeful and confident.

The operators still remain obdiffate relative to the miners' documnts. They will make no concession; they will not heat of arbitration. They are determined on fighting the issue to a finish. The mineral are asking for about 7 cents a ton increase in wages, and would forego their other demands if this ways confeded.

CORRUPTION IN TWO CITIES.

Foaled March 25, 1889, imported in 1890, sire Briard 5317 (1630), dam Hobin, 5697. Villiers is a jet black, weighs over a ton and for many years stood at the head of the stud of Dunham, Fletcher & Colman in 1900, sire Navarin (12555) dam Birche 23-002. He is certainly a splendid type of the Percheron family, being only three years old yet weighing a ton, and is an animal with splendid action and abundance of life and good disposition. We believe that in Colmar we are offering to the best there is in horse flesh he is easily at the top. He will make the season of 1902 at the barn of his owners in Wayne.

## We Make People COMFORTABLE.

To enjoy life it is necessary to be made comfortable. The farplants his crops and works his fields expecting to be comfortable when he sells his crops. Money is only sary because it can be exchanged for the things that people comfortable. To be comfortable there are three s we must have: Something to eat, something to place to sleep. Now we don't claim, to be the "whole ie." We are not a "Jack of All Trades."

### How We Do It.

We furnish only one of the comforts of life and that is something to wear. Not all clothing made is comfortable. To be comfortable the suit you wear should be made right. To feel comfortable your suit should be bought at the right price. For becopy get hot when they find out they paid to much suit. If you buy your clothing here you will have a comfortable feeling that it long as you wear it. You have the positive knowledge of knowing your clothing is in style if you trade here. Our prices are always the lowest, which will add to your comfort because you can buy more and better clothing here for the same money, than you can elsewhere.

### Christain Endeavor Convention

The tenth annual convention of the hirstian Endeavor of the First Neraska district met in the Presbyterian borch in this city, June 6, 7, and 8th.

Over fifty delegates were present. The Sunrise Prayer meeting at six o'clock Saturday morning was certainly a good test of loyalty. Though the rain was coming down quite rapidly it did not lower the spyins of the Endeavorars for they turned out in large numbers. The meeting was helpful and inspiring. Many problems of Enamericing. deavorers, for they torned out in large numbers. The meeting was belyful and inspiring. Many problems of Endeavor work were discussed during Saturday and one of the principal features was the puting the constitution in printed form, for the benefit of future conventions.

The papers and addresses were thoughtful and instructive. President Chase of Omaha, gave a very encouraging report of the work and his address was listened to with marked attention. Every Endeavorer feels that he is the right man in the right place. The final consecrtion meeting made quite an impression. The music committee deserves great praise for their work. Many inspiring numbers were a duet by Chera Philleo and Dr. F. Gamble, and selos by Miss Reta Nangle, Miss Luton of Ponca.

Too much cannot be said of the effective work of the local organization. Their places were carried out very thoroughly. The merchants of this city responded so unanimously to the decorations of their windows, and everyone seemed to wish the Convenion to the success. Judging from

yeryone seemed to wish the bids to be a success. Judging fro the remarks of the delegates it was helpful convention.

Next year the convention meets a South Sioux City.

Twenty-nine orations were delivered by the members of the graduating classes on Friday, Saturday and Monday evenings. Of this, the oration of Miss Blanche Paul of. Wakefield, was adjudged best, while that of Miss Hoffman of Pipestone, Minn., came second and Mr. Willis of Battle Creek's rauked third. Miss Baker, and Messrs Gregg and Wolfe were the judges,

An impressive incident in connection with term orations Friday even ing was the presentment to Miss Cha of a cut steel chatchain bag and fountain pen by the students as a m mento of the occasion. Mr. Willi the president of the class, made a mo the president of the class, made a most fitting presentation speech and to this Miss Chase made a reply in a speech that proved very affecting. At its conclusion the audience remained in perfect silence for some time.

Health is a magnet which irresistibly draws the mon to the woman in life's nating time. Health does more than tint the akin with heauty; it puts music into the voice and buoyancy into the eiter, as well as happiness into the heart A great many women covet beauty and are constantly seeking aids; to beautify them. Let a woman first seek perfect health and all other charms shall be added to her.
