

In Java
Natives do not glaze coffee with a cheap and impure coating. They have too high a regard for health as well as for the naturally delicious flavor of their popular berry. The very American roasters who glaze their package coffees do not dare to touch or glaze their high priced Mochas and Javas. Why?
Lion Coffee is never glazed or adulterated. It is JUST PURE Coffee.
The sealed package insures uniform quality and freshness.

Everything in Readiness.

Wayne's Street Fair and Carnival To Be As Advertised.

After three days of continuous work everything has been placed in readiness for the big Street Fair and Carnival, which began today under excellent circumstances and good weather, and which promises to be a decided success in every particular.

The Collins Carnival Co. arrived on Monday and took possession of Main street, pitching tents, etc. This brought forth a wave of dissatisfaction and some changes were made that relieved the situation, although the fellow who cares naught for anything, and cares little whether others enjoy themselves, were still in evidence, but the work went on the same.

The Collins Carnival Company is comprised of some excellent performers who will give upon the streets today and the two days following, entertainments free that will be all that was advertised. Reed's famous Concert band arrived this morning from Sioux City, and will give two fine concerts each day of two hours length, that will repay everybody who visits Wayne to hear, if they see nothing else. The Carroll band of twenty pieces, a young organization, which is rapidly growing in popularity, will also furnish music continually throughout the Carnival. There are numerous side shows, merry-go-rounds, and a variety of other attractions to be seen besides the free performances, some worthy of patronage, while possibly there may be some that are not so much so. But be that as it may, there will be enough to entertain all classes of people with their different tastes, and it is the wish of the business men in general that Wayne's visitors will have a pleasant visit and a good time.

Prettily decorated arches extend over Main street at First and Fourth streets, forming the entrance to the street fair, three blocks having been closed with ropes on Main street, and a half block east and west of Main on Second street. In the enclosure numerous concessions have been granted, tents pitched, and shows, stands, etc. hold forth. At the approach of Fourth street is a mammoth stairway down which the thrilling cyclot rides twice a day, as do all the other performances occur twice a day. Next comes the band stand and a merry-go-round on Third street, with a side show near the alley between Second and Third. At the intersection of Main and Second streets is situated the large, platform, upon which a number of performances will be given and the concerts by Reed's band. To either side are variety shows and other attractions. Next comes the Ferris Wheel, while farther down Main street is a variety show and a platform 70 feet in the air, from which jumps the famous diver 70 feet below into a vat.

The carnival is on. Let everybody do their best to make it a success and let the onlookers see that everything is run in a first class manner.

BASE BALL.

The Homer Indians and the Wayne club will play a game of ball Saturday afternoon at 2:30 at the grounds in the northern part of the city. The Homer team will have their good pitcher Raymond, and Blane Skeen will catch for the Wayne team. The game will be worth seeing.

John Fisher, a brother of Will Fisher living southeast of the city, was killed by a train at a railroad crossing just west of Red Oak, Iowa, last Saturday evening. No particulars have been received at time of going to press.

A carriage load of Wayne people, W. H. Hogwood and Ed Pratt and wives, accompanied by Misses Blanche and Grace Bell, met with a very unpleasant accident while enroute to Altona Saturday evening. While driving along near the Logan bridge south of the city a bolt holding the front wheels under the carriage box came out and just as the team crossed the bridge the front wheels came out, tipping the carriage over, throwing the occupants out, all of whom received bruises more or less. Mr. Hogwood had his face badly bruised. The team was caught a short distance away and aside from the injuries sustained there was very little damage.
