If wind had accompanied the snow storm the first of the week, there would no doubt have been a regular old Nebraska blizzard, such as the oldest inhabitants are wont to talk about.

The snow failed to come in contact with much of a breeze, therefore is not heaped up in piles and sleighing is very fine.

Special Christmas subjects and music at the Presbyterian church Sunday. Subjects "Exaltation of Christ" and "The Prince of Peace." Offering for Foreign Missions. Come and bring your friends.

Snow fell Sunday afternoon, and night and Monday to a depth of four or five inches, which settled the corn-husking proposition for some time. Considerable corn yet remains in the field, but little of it will be lost.

We are soon to have a visit from that clever old farmer, "Uncle Josh Sprucey," and of course there is an enjoyable time in store for all. This season the big show comes to us better than ever, and notwithstanding this fact, the prices have been lowered, popular prices will prevail and surely there is no one who has ever heard of the great comedy, that will fall to be in line when the time comes for the opening of the sale of seats. There has been no cheapening of the attraction, it is in the prices only. The manager of this popular show recognizes the fact that there has been a reduction in prices in nearly every branch of business and they have concluded to drop in line and give their customers the same grade of goods at reduced rates. This is a first-class company of twenty thoroughly capable actors and a big band. The great Hayseed Band gives you the popular airs, the strains to please the more critical who love the classical. The scenery is all new and the work of the best scenic artists in the country. We do not make a practice of making very enthusiastic advance notices of coming attractions, but we have seen the play of "Uncle Josh Sprucey" and we can say, patronize this entertainment and you will not regret it. Prices 25c, 35c and 50c.

## UNIVERSITY NOTES.

The Kansas and Nebraska basketball game will be played in Lincoln immediately after the holidays.

Prof. Wilson of the law school discussed the president's message at convocation Wednesday morning.

The Georgetown college of law, at Georgetown, Washington, would like to test their exuberant forensic eloquence in a joint debate with the law department of this university.

Lincoln has put on her holiday attire. The show windows are decorated in the most tasteful and unique manner, because of the novelty of the designs and quality of the material, they make a very picturesque scene.

A gentleman who claims to be a New York lawyer, has arrived in Lincoln for the purpose of "seeing the city" and spending \$25,000, which he claims to be disposing of at the rate of \$2,000 a day. He has set a pace for the local sports which has not been equaled in the past.

Judge Grosscup of Chicago, one of the leading American authorities on the legal phase of the trust question, lectured at the university, Friday night, on the trust problem. The lecture was delivered under the auspices of the University Law school. After the lecture a banquet was given Judge Grosscup by the Lincoln Box Association.

The dry goods merchants have the largest showing of holiday goods, apparently no pains have been spared to decorate for the benefit of their patrons. Immense displays of furs, seal, otter and astrakhan, placarded with attractive signs that this particular article can be bought for \$1.00. Oriental goods occupy conspicuous places and seem to be in great demand, rugs, tapestry, mats and cushions of all shapes and colors, directly imported from the east, arranged in the most artistic fashion.

Crowds of people throng the slippery sidewalks of Lincoln, cast longing glances at the many beautiful patterns. Children stand with wide staring eyes of admiration, and behold the array of toys, everything to suit the fancy of the boy, if he be martially inclined he can have his legions of soldiers in full dress uniform with their youthful general arrayed in khaki or if he desires to become a railroad magnate, he can purchase a full line of locomotives and sleeping cars, everything can be had from an automobile to an airplane.

As a result of the increase in prices in the various lines of merchandise, if parents purchase many presents for their children they will be forced to forego many of the pleasures of the yule tide. Many of the poor in Lincoln will not experience the pleasure of making purchases for their children; if they secure the necessities of life they deem themselves very fortunate. To aid these Lincoln's various philanthropic societies are making strenuous efforts to collect funds sufficient to enable them to serve food to be distributed among the poor on Christmas day.

The "yule time" is again upon us, the period of universal good will, when the hearts of men are softened by the reminiscence of the Christmas times; when patiently we wait the coming of Santa Claus and our anxiety lest he should fail to come, and our joy on discovering a well filled stocking, and the odor of savory edibles again floats before the scenes, all this has passed away and perhaps to the ones, who made the Christmas non-existing the Mecca of human enjoyment, but yet the insatiable desire, to return again to the family fireside and live again in the past, now grown old and hoary, overcomes us and we return, only to feel the loneliness of vacant places.

Thos. Loud was here from Winside, on Tuesday.

Lowest Rates on Farm Loans see Phil H. Kohl.

Hank Lewis was here from Winside Saturday afternoon.

W. J. Porter was down from Carroll Saturday afternoon.

Have you tried those excellent mixed pickles at Brookings' Store.

It is queer that the shortage of bars for hulling coal always happens at the moment when fuel becomes an imperative necessity.

Saturday the streets of Wayne were chock-full of people and if the merchants did not have a big trade, The crowds in the stores are mighty deceiving.

Don't you wish you knew what to buy for Christmas? Orth, the west side Druggist, will be pleased to assist you. He never had so large or so nice an assortment of choice Christmas goods as this year.

Some mean man, mighty mean man, deliberately took from R. F. Fisher's wagon on Main street, Saturday afternoon, a big black overcoat. Rollie felt like swearing a little and if Marshall Miner could have found the fellow, there would have been another star boarder at Sheriff Meary's headquarters.

Many will go into the cattle business now induced to do so by high prices of beef and when beef flatens down, a bit will, then there will be a hurrying up to get out of the business and go into something else. Such people usually get in at a time when there is liable to be a break and they always get the last end of a boom. A steady gain is better than to be spasmodic along any line.—Honesty.

The "Uncle Josh Sprucey" company which is to be in Wayne, Dec. 19, will give a big street parade at noon, and press agent, lack of promises (this will be something new and unique). The company carries a big band, dressed in the "garb" of the rustic. During the parade the band gives a splendid concert which attracts a crowd that reminds you of a Barnum & Bailey Circus Day. Prices 25c, 35c and 50c.

E. R. Gurney made his usual trip to the Cherry county cattle ranch starting Saturday night and getting home Tuesday afternoon. Mr. and Mrs. E. W. Cullen drove to Wayne last Sunday morning and neither of them have reported that they suffered a sunstroke. The morning freight struck a hand car this side of Hoskins one day this week and brought part of it down here on the cowcatcher. We suppose the section boss is still explaining the why and wherefores of the wreck.—Winside Tribune.

Immense Reservoir of the Nile Opened—Marks Great Achievement.

The great Assouan dam—built for Egypt and one of the most wonderful achievements of man—was dedicated Wednesday. The Emperor of Constantinople laid the last stone of the immense reservoir in the presence of a party of Englishmen and Egyptians.

The Assouan dam and the Assouan barrages are monuments to British engineering skill and progressive policy. The dam is 2100 feet long and will hold the water 247 feet above the level of the Mediterranean.

The experts are making a striking comparison. They calculate that the reservoir will hold water enough for a year's fall supply for every town and village in the United Kingdom.

RHEUMATISM CURED AT LAST

Good News For all Who Suffer with Rheumatism. Free.

To all who suffer with Rheumatism I will gladly send free the wonderful story of how my mother was cured after years of suffering, together with the most elaborate treatise on Rheumatism ever published.

No matter what your form of Rheumatism is, whether acute, chronic, muscular, inflammatory, deformant, sciatic, neuralgia, gout, lumbago, etc.—no matter how many doctors have failed in your case—no matter how many so-called "cure cures" you have tried—I want you to write to me and let me tell you how my mother was cured.

I am neither a Doctor nor a Professor—simply a plain man of business—but I have a Cure for Rheumatism, and I want to tell everyone who suffers with Rheumatism all about it. I want to be clearly understood, and trust that all who are suffering with the terrible disease, however apparently beyond the reach of cure, will write to me this day and I will send you by return mail this work of mine. I appeal especially to the "chronically ill" who are wearied and discouraged with "doctors" and to those who have been cast aside as "hopeless." All you have thought about Rheumatism may be wrong. Let me tell you our experience. Surely, if you have Rheumatism, or have a suffering friend, it will pay you to investigate my offer, anyway, and prove yourself these claims I make.

Send me your address today—a postal card will do—and I will mail you this wonderful story. If you have any friends suffering with rheumatism no matter where located send me their address, and I will mail them a copy. My address is VICTOR RAINBOLD, Bloomfield, Indiana.

What Are We Here For?

This is a question that often comes up in one's mind. If we are here for no other purpose than to satisfy our own selfish desire; it is not necessary that we make many efforts either physically or mentally.

"Man Needs But Little Here Below"

And don't need that little long. One's needs are very few if we have no other ambition than to get what we need to eat and what we need to wear.

We Are Hoboes

If we have no other desire than these. Enough to eat and wear will satisfy any tramp. When a man was made out of Ohio clay he was

Given The Earth

But God failed to satisfy Adam until he made him a friend. We must have friends. No matter how much money we have if we have no friends life is a failure and not worth living. To have friends it is necessary that we remind them that they are our friends. If you had all the money you wanted

What Would You Do With It?

This question would come to your mind. How can I remember my friends? We know of one way and we think no other way is better. Buy your friends something to wear. Such presents are useful and will remind them that you desire them

To Be Comfortable And Happy.

We are in position to help you select anything you desire for a man or a boy to wear. Our stock is as complete as you will find in a city and our prices are lower. If you buy anything here it can be exchanged if not satisfactory, and you have the satisfaction of knowing that it is in style. We have many things suitable for Christmas presents. Gloves and mittens are nice. A neck-tie is always right. Mufflers are the proper things. Handkerchiefs are always satisfactory. Sweaters will please. Slippers never fail to make a lasting friend. A suit is just right and an overcoat will make you remembered for a long time. Hat or cap will make your friend smile. Staley underwear will make him live and keep him well. Shoes are all O. K. and nice hosiery is always proper. Shirts don't come amiss and night shirts will make him dream of you. Suspenders are close to the heart. An umbrella will keep him dry and a valise or suit case will last him a life time and you will always be remembered. You will never lose a friend if you buy your presents here. Everything we sell is in style and prices are lower than elsewhere. You are invited to look here for presents no matter if you do not buy.

Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

Dear Mrs. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration; falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

\$5000 REWARD if we cannot forthwith produce the original letters and signatures of the above testimonials, which will prove their genuineness.
