Don't be Deceived

By what our would be competitors tell you about "experience" in the hardware business. The senior member of this firm was selling hardware to the Retail Trade years before any other man now in the hardware business in Wayne, (barring one) knew anything whatever about the business. We are prepared to execute your orders and wishes, to the best possible advantage. If you have any bills to be figured, bring them in, we will give you good service and right prices, and are always pleased to see you.

A Story of Gain!

In 1971 John Norris took a 30-year Endowment policy for \$10,000 in the Aetna Life of Hartford, paid all the premiums in the first 10 years, amounting to \$4856.50. During the remaining 20 years the company paid him an annual 3 per cent dividend on this amount, total dividends being \$3320.60. In addition to this he received the face of his policy, \$10,000, in cash. Figure how much clear gain he received besides 30 years of life insurance. You can get the same results. Calls and see.

Jacob Richard of Winside, was a pleasant caller at the HERALD office Saturday.

The commissioners have been in session since Tuesday grinding out the annual report.

Mr. and Mrs. James Porterfield went to Omaha, Friday to attend the Bonifant entertainment.

The annual meeting of the City Federation, will meet at the home of Mrs. Main Friday Jan. 16.

County Attorney Harry E. Simons has set Monday of each week as office days at the court house.

O. D. Franks is dispensing the best liquor the market affords and gives to the public none but the best.

What are the wild winds saying? "Go to O. D. Franks and get a smelt of the best and let the winds blow!"

Fred Voigt went to Pender, Friday to attend a meeting of the Sons of Herman Lodge there in the evening.

Eight big specialties are introduced between the acts of "My Uncle From New York" at the opera house Saturday Jan. 17th.

It matters not how hard the wind blows or how cold it may get you will always find a warm place at O. D. Franks, where the inner man can be supplied. You are always welcome.

Sophus Thompson of Iowa, has been here for several days visiting with his brothers Fred and Chist Thompson, who resides southeast of Wayne, and incidentally attending to some business matters.

The attendance was only fair at the entertainment given at the opera house on Monday evening by the Mason & Down's Orpheus Jubilee Singers, but the performance is said to have been excellent, meriting a much larger audience.

Any one knowing of orphan, homeless, or dependent children needing a home will confer a favor on the children as well as the Nebraska Child Welfare Home Society by reporting the case to the Home Office 514 Brown Block, Omaha, Neb., and the case will receive prompt attention.

E. P. Quiver, State Sup't.

Prof. R. Durrin, the leading marble dealer in northern Nebraska, is rushed with orders and is hardly able to meet the demands made upon him for monuments and tombstones. Recently orders have been placed by Mark Stringer and Mrs. R. W. Daver for the monument and at present, he is busy on a handsome monument for Mrs. A. Piepenstock and O. Vogt.

Just Patrick of Wayne county, was visiting relatives here this week. He had just returned from a trip to his former home in Virginia. It looked strange to him to see cattle there eating blue grass from the hills during winter months.—Pierce Call.

"MY UNCLE FROM NEW YORK". Edwin Patterson's roaring three act comedy "My Uncle From New York" will be the attraction at the opera house Saturday Jan. 17th. Eight high-class specialties are introduced between acts. Usual prices 25, 35 and 50 cents, seats now on sale.

UNIVERSITY NOTES.

Prof. and Mrs. Clements have returned from the east, where they have spent the past month in the botanical department of the university.

Ed Lundberg returned Saturday from a three weeks sojourn of prospecting and sight-seeing in the west. He is well pleased with some of the country through which he passed.

Rev. MacArthur, pastor of the Calvary Baptist church, will deliver the annual commencement address next June. His subject will be "America's Greatest Place Amongst the Nations." Mr. MacArthur is one of the foremost orators in the United States.

Dr. Avery of the chemistry department has succeeded in determining certain poisonous elements in kafir corn. It has been the general belief for some time that the corn contained these properties, as many cattle were lost last summer through its agency.

The historical department has been attempting to compile the census of the Sioux and Cheyenne Indians at Pine Ridge Agency, S. D. Numerous volumes of type written manuscript have been received containing the Indian and English form with age and sex of each person.

The Agricultural school opens Jan. 5, instructions will be given in soil-field crop, farm management, butter and cheese making, breeding of live stock, gardening and shop work. A special course in dairying will be given in view of the many demands of dairymen asking for instruction. The course is a rioty practical offering, a thorough study of all subjects relating to the dairy industry, including the judging of dairy stock and testing of milk and cream. The Live Stock Judging Parliament will be held Jan. 23 to 31, inclusive to enable those who wish to inspect the different grades of stock at the University farm, expert judges will be present to aid the instructors. Corn judging will be given also.

Unusual activities prevail in Lincoln, especially in political circles; men with private interests to protect or special privileges to ask, are seen in the hotel corridors and lobbies of the Capital.

Last week was practically occupied with the usual preliminary form characteristic to all state assemblies, followed out with the usual proivities and strict adherence to custom, which reminds us most forcibly of the tenability of our constitutions, the stability of which depends on the intuitive discrimination in national politics, honesty and integrity in municipal and state government. Many of the new members are from the rural districts, with positive opinions both hostile and adverse to corporate influence and privileges, unversed in parliamentary tactics, they have come to take their first lesson in political circles, the stratagem of those corporation lawyers. While some are lawyers, young and ambitious, who are seeking to win their spurs in legislative combats, as being more remunerative and substantial than triumphs in the forum.

Among the many bills that are talked of, is the one prohibiting football from being played by any of the educational institutions of the state. Many of the members are bitterly opposed to football and class it in the same catalogue as prize fighting, in the light of brutality, while to them the danger is much more, but the hostile feeling is not believed to be held by many members.

A good one at a new price, The Dono van Cigar, now so at Raymond's.

Mrs. Will Tempolin and Mrs. Doo, Lucene were Wayne visitors Monday afternoon. Mrs. Richard Russell of Wayne was the guest of Mr. and Mrs. Gue over the Sabbath. E. W. Ollen has been to Wayne several days this week on commissioner duties. Mrs. Ollen came over from Wayne to spend New Year's day with her son, E. W. and family, returning to her home Friday afternoon.—Winside Tribune.

NOTES FROM THE CAPITAL.

There are seventy-five Republican members of the House and twenty-four Fusion members. Mr. Musick of Nuckolls Co., died the Saturday before the legislature assembled. In the Senate there are twenty-nine Republicans and four Fusionists.

It has been noted on all sides that the present body of law-makers look less like a body of politicians and more like an assemblage of business men than is commonly true of legislative assemblies.

Mr. Perry a lawyer from Farnas county is the youngest member of the house, being 26 years of age. Next to him comes Mr. Morsman of Omaha who is 30 years old. Perhaps the average age is in the neighborhood of 45 years.

It has been observed that when Gov. Mickey is there, legislative members and place hunters fight shy of the bar room. It has also been observed that when Mr. Mickey is not there comparatively few members patronize the bar.

The house journal for last Thursday shows two motions for adjournment, the one to ten o'clock and the other to two o'clock Tuesday. It is as much as only one-seventh of the members have had previous legislative experience it will not be surprising if more serious violations of parliamentary practice do not occur during the session.

In emphasizing the necessity for care in the preparation of bills, some of the old members are recalling how two years ago Gov. Dietrich vetoed a bill because it contained forty misspelled words. Someone has suggested that a committee on English would be a good one to add to the list.

The member of the legislature who proposes to introduce a bill prohibiting the game of football on the ground that it is more brutal than prize fighting had two uncles that were prize fighters. The family was a large one and it is related that on one occasion when a domestic dispute arose between the two members pugilistically inclined a ring was formed and the matter settled according to the Marquis of Queensbury rules.

There will be at least this satisfaction coming from all this talk about railroad dominance in the legislature, that whenever any member, guild, corporation or federation has a law that fails of passage, it can immediately assign the cause therefore.

The appointment of John R. Manning to be postmaster of the senate meets with general approval. Mr. Manning has a wide acquaintance among the public men of the state and is known as a safe counselor among Republican political leaders.

Ed Lundberg took a trip to Oregon during the holidays, returning to the study of the law books at the University last Friday.

N. N. C. students are in evidence in the various educational institutions in and about the city of Lincoln. They are found ranking well up at the State University, Wesleyan, and the State Agricultural School.

Mr. Stringer and family are pleasantly domiciled at 816 south 10th St. Miss Alice is taking work in the University, and Miss Carrie is an assistant in the department of zoology. She is pursuing some original investigation to the end of securing a master's degree at the close of the school year.

Chancellor Andrews is a very popular man among all University students. He is easy of approach, takes an interest in everything, even the legislature, and at once ingratiates himself into the good will of those with whom he converses. He impresses one as a man of convictions and yet of toleration, of originality and of great versatility.

THANKS.

NEW GOVERNOR IS FORMALLY SWORN IN

Inaugural Message to Legislature—Reminds Members of Necessity of Making Appropriations With Care—Gov. Savage's Exhortation

Gov. P. J. Savage is an energetic chief executive. His official duties were not interrupted by his inauguration ceremony on Tuesday afternoon. He was sworn in at the capitol building...

GOVERNOR SAVAGE'S MESSAGE

Your attention is urgently called to the necessity of providing for the continuation of our public institutions. The present commission has performed its duty in a most efficient manner...

available resources and wealth which is intended to reconvert. With statutory limitation on the number of mills that can be levied, the amount of revenue derived from any given assessment is correspondingly abridged...

Nebraska is distinguishedly an agricultural state. The two industries, with horticulture, are the basis of the major part of the prosperity enjoyed by our people. Whatever tends to promote these interests increases the general wealth in the same ratio.

GOVERNOR SAVAGE'S MESSAGE

The present commission has performed its duty in a most efficient manner. It has reduced the volume of litigation for the most part to a minimum. It has also endeavored to secure the most efficient and economical administration of the state...

the construction which will provide that the institution will be subject to the election for approval or rejection at a general or special election.

For some time there has been very general complaint of the quality of oil which is shipped into Nebraska for illuminating purposes. The trouble seems to be that it is not properly freed from its natural impurities, or in other words, it is adulterated.

GOVERNOR SAVAGE'S MESSAGE

I cannot impress upon your minds too fully the importance of making such amendments to our revenue laws as will forego the many gross abuses now so widely licensed. By reason of delinquent taxes the state has each year been obliged to utilize its credit until the general fund has been reduced to a mere shell...

non-partisan board composed of women residing in the city of Lincoln. All sources of revenue, except the license for the use of the state, shall be abolished.

The state board of charities has failed in its attempts to justify its further existence at public expense and has been recommended that this work be left to the churches and the charitable institutions of the city.

GOVERNOR SAVAGE'S MESSAGE

I recommend that the powers of the state board of equalization be so extended as to enable it to deal with all cases of unequal valuation and to cause the same to be levied upon the property of the delinquent, making the provision for redemption of the same within a specified time...

asylum for the insane at Hastings, \$325,000 for support of the state, \$10,000 for the Pan-American exposition and other incidental expenditures of a similar nature, aggregating \$12,000, all of which came out of the current receipts and are included in the current expenses.

Legislative. The Senate on Tuesday the 15th adjourned. The House on Tuesday the 15th adjourned. The Senate on Wednesday the 16th adjourned. The House on Wednesday the 16th adjourned.

GOVERNOR SAVAGE'S MESSAGE

I recommend that the powers of the state board of equalization be so extended as to enable it to deal with all cases of unequal valuation and to cause the same to be levied upon the property of the delinquent, making the provision for redemption of the same within a specified time...

Mrs. Pilo of the Home Club has been selected a member of the Educational Committee of the National Federation of Women's Clubs. The Club feel honored in the appointment of Mrs. Pilo, that it is a recognition of the State of Nebraska, and better yet, Wayne, as this Committee consists of only six members chosen from different States. E. Kendrick was at Wayne on business Friday. Miss Ella Williams was a Wayne visitor Wednesday. Mr. and Mrs. Chas. Nairo were Wayne visitors yesterday. Miss Maude Yaryan spent Sunday at Wayne, the guest of Mrs. F. A. Barry. Miss Winnie Fleetwood of Wayne, was a guest at the W. E. Bellow home over Tuesday night. Misses Blanch Young and Eva Alter of Wayne were the guests of Mrs. Geo. A. Bailey Friday and Saturday. Mr. and Mrs. Fleetwood of Wayne, were over Sunday visitors with W. E. Ballows and family.—Carroll Index.

DEVELOPING BETTER SEED. Every farmer knows, of course, that one of the worst mistakes he can make is to plant poor seed, but every farmer does not know the difference between the very best seed and that which is not so good. Poor seed is a bad investment, because if it makes a difference of only a few bushels to an acre it is a loss of many dollars. Some of the most interesting experiments of recent years has been the work of breeding better seed and improving it, just the same as livestock has been improved by intelligent breeding. The Twentieth Century Farmer is publishing a most interesting series of articles by Thomas L. Lyon of the Nebraska Agricultural Experiment Station on breeding wheat and corn. These and other articles along the same line should be carefully studied by every farmer who uses his brains in making his farming pay. You can get a free sample copy by sending your name to The Twentieth Century Farmer, 2203 Farnam St., Omaha, Neb., but it would be worth your while to send in \$1 for a whole year's subscription, or 25 cents for a three-months' trial subscription.

Field marshal Viscount Wolsey, K. P., begins a very interesting series of four articles on "The Young Napoleon" in the January Cosmopolitan. Field-marshal Wolsey is today probably the ablest living military writer, and his work will be received with a wide welcome, not only from those interested in Napoleon's career but from all those who are interested in military affairs. Three other features in the January Cosmopolitan will attract attention. The first is a sketch of Russell Sage and his methods and the immense resources controlled by him. The second, a very able paper on Daniel Gray Reid and the men who have recently played so large a part in financial affairs in connection with the Rock Island Railroad. The third is by Representative Walter P. Brownlow, of Tennessee, on the movement to build one hundred million dollars' worth of good roads each year, one-third to be paid by the Government.

LOW RATES TO LINCOLN, NEBR. On Jan. 18th until the 24th inclusive round trip tickets will be sold to Lincoln at one fare. Good returning until and including Feb. 3rd. Fare \$4.25. Foods have been adulterated in the past to such an extent that pure food laws have been enacted in many states and commissions have been created to execute them. Like a great many other laws many of them have been allowed to become dead letters because of a lack of execution. Recently a number of grocers in Illinois have been prosecuted by the commission which has resulted in conviction. In such instances the grocer has been convicted instead of the mixers of such impure products. A honest and law abiding people desire to have pure food in every locality. This is an article that should never be permitted to yield to the dishonest wiles of money-graspers.—Homestead.

Simple Colds. Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c and \$1.00 bottle at E. J. Raymond's. We would like to read a book written as naturally as a dog's.

Best Liniment On Earth. Henry D. Baldwin, Supt. City Water Works, Shulburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1.00 at E. J. Raymond's.

Unconscious From Croup. During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spiff, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It returned the swelling and inflammation, but the lungs and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, LaGrippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat area chest and enables the lungs to contribute pure, health-giving oxygen to the blood. L. P. Orth.

When a man makes a very long prayer in church, some men hearers get the impression that when he scolds in the privacy of his family, he keeps a long time at it. If Unwell, Try a 50c bottle of Herbine, notice the improvement speedily effected in your Appetite, Energy, Strength and Vigor. Watch how it brightens the spirits, gives freedom from indigestion and Debility! Isaac Story, Ava, Mo., writes, Sept. 10th, 1900. PROFIT

The matter of feed is of tremendous importance to the farmer. Wrong feeding is loss. Right feeding is profit. The up-to-date farmer knows what to feed his cows to get the most milk, his pigs to get the most pork, his hens to get the most eggs. Science. But how about the children? Are they fed according to science, a bone food if bones are soft and undeveloped, fish and muscle food if they are thin and weak and a blood food if there is anemia? Scott's Emulsion is a mixed feed; the Cod Liver Oil in it makes flesh, blood and muscle, the Lime and Soda make bone and brain. It is the standard scientific food for delicate children.

Send for free sample. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. Scott & Bowne CHEMISTS, 409 Pearl St., N. Y. 50c and \$1; all druggists.

I am glad to note that the number of farmers with whom I correspond have nicely printed letter heads, their farms named and some of them have their portrait on them or an illustration of some animal they have bred or a building they have built. This speaks well of them and shows progress. If a man is engaged in grain or stock production for the market there is nothing to hinder him from naming his farm and having a letter head. One of the plainest heads that has come to me consists of two lines in the upper left hand corner of the letter head. It is "Oak Dale Farm" and underneath it is the name of the owner. The date line contains his postoffice address. There is nothing to show what the farmer produces or breeds. He is evidently a grain producer for market purposes.—Homestead.

We should think that marrying a widower, or widow, with a family of children, would be a great deal like buying ready made clothing.

Rev. Carlisle P. B. Martin, L. L. D. Waverly, Texas, writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung trouble." The saying, "Compensations are odious," must have originated with the second husband to a woman who thought a deep of the first one.

Things We Like Best. Often Disagree With Us. Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates.

A Scientific Discovery. Kodol does for the stomach what which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juice so often found in the stomach of the strong, and laxative of the weak. It allows the stomach to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich red blood. L. P. Orth.

The Biggest Little Thing. measured by the amount of nutritive value it contains, is the fresh soda cracker. Many people think a cracker an insignificant and easy thing to make—yet no one ever succeeded in reaching perfection until Uneeda Biscuit were introduced. To maintain the quality of Uneeda Biscuit requires the best of everything—wheat, flour, baker, and bakery. Uneeda Biscuit furnishes every element necessary to bodily vigor; and, above all, they are fresh and clean. This is due to the In-er-seal Package—the package with red and white seal—which protects them from the air, moisture, dust, and other things not best to mention. Governor Mickey by this time is aware of what it is to be in close proximity to a lot of fellows who desire to serve their country in an official capacity.

Taking into consideration the present proceedings of the Colorado Legislature there is little doubt that U. S. senators should be elected by a direct vote of the people.

St. Louis is worrying over the lack of hotel accommodations for world's fair visitors. That was what Chicago was doing a year before the opening of her exposition. After the opening the hotel men were worrying over the plethora of accommodations.

The legislature is busy, loaded down with bills. A bill has been introduced to rebuild the asylum at Norfolk and it will no doubt pass. Prof. F. M. Gregg has introduced a bill which is an act to amend section 8, subdivision 9, chapter six of the compiled statutes.

Although no consumer in the past few months has been grumbling that the prices of hard coal has been too low, there appears to be a chance that it will advance a little farther. The hard coal railroads have suspended some of their concessions to shippers, and those persons are likely to retaliate by adding 50 cents or a dollar to the price of that product.

The U. S. Civil Service Commission reports that for the year ending June 30, 1902, there were 14,983 persons appointed from its registers. There was 4,022 more than was ever before appointed in a single year.

Governor Mickey's inaugural address was a short conservative and business like address indicating that his administration is to be a business one in the interest of the whole people.

President Roosevelt declares there will or must be some legislation regarding the trusts, and there will be.

It is now Governor Mickey and that his administration will be a happy and successful one is the wish of the people of nearly the whole state.

The legislators of Nebraska are supplied with a bushel of recommendations, but most of them will doubtless tangle up room in the waste basket, or ought to.

Though a U. S. senator will not be elected it will in no way mar the opportunity of the present state legislature to do some good work for the people of the state. Let the good work go on.

With as much coal as there is in the mines to be mined it's a burning shame that people are obliged to lay in a year's supply or do without when needed. That there will be a difference another year is a foregone conclusion.

Judge Boyd rendered a decision the past week in the case of Wayne County vs the First National Bank, which was a test case brought to recover interest on county funds deposited by the county treasurer in the banks of Wayne County, they having refused to accept it and pay interest.

The trial occurred at the term of the district court held last July and there being no precedent, the case was a perplexing one as the Judge decided that there seemed to be an understanding between Mr. Volpp and the commissioners that the funds should be deposited in the bank anyhow and affirmed that if any interest was to be collected at all it would be at the rate of seven per cent.

The Judge further declared that while there may have been no agreement between the bank and County Treasurer Volpp concerning the deposits and the county treasurer's bonds he had no doubt there was a verbal understanding between them. Mr. Welch, county attorney, filed a motion for a new trial and it remains with the commissioners to decide whether it will go to the supreme court. Undoubtedly it would be best to leave well enough alone.

OSTRICH LOGIC.

"When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the hunter. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the microbes which can't be seen, the disease which hides its head and exposes its body to the hunter. It is harder to get the microbe out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does cure by purifying the blood and then keeping it pure.

If there are eruptions on the skin, boils, pimples, sores or other signs of impure blood, use Doctor Pierce's Golden Medical Discovery, which will purify the blood and cure the eruptions which come from it.

My blood was all out of order, and I had to go to the doctor, writes Mrs. James R. Moss, New London, Stanly Co., N. C. He gave me medicine which helped me for a short time. In the winter of 1895 I got worse than I had ever been.

My tonsils were enlarged and my neck swollen all out of shape. My throat was sore and I could not eat. My husband went for the doctor, but he gave me no encouragement. He helped me a little, but it did not last long. He attended me for twelve months when I heard of a lady whose condition was like mine, who was taking your medicine and was getting well. So I secured some of the medicine and began taking it.

It was a week before I was able to do my cooking. When I began taking the medicine I could sit up only a few minutes at a time, and I could rest or sleep only a little while at a time. My throat was so sore at times I could not even swallow sweet milk, and my tonsils were full of little eating sores. I felt as if I was dying. The doctor said I would not get well, but three bottles of Dr. Pierce's Golden Medical Discovery, three bottles of his Peppermint Cure, and one of his Catarrh Remedy and the use of salt water did (he cured me).

MINERS SHOULD HELP

MITCHELL CALLS ON WORKERS TO "PULL OUT."

Circular Letter to the Unions Calls Attention to the Widespread Distress—Situation is Growing Serious—Fuel Famine is Getting Worse.

A Philadelphia special says: President Mitchell of the United Mine Workers recently issued the following circular letter to all local unions in the anthracite district.

"You are no doubt aware that a serious fuel famine exists in all the eastern and seaboard cities, due to the shortage of the anthracite coal supply.

"To relieve the situation and alleviate, as far as possible, the suffering now being endured, it is the duty of every one connected with the production of coal.

"Upon reading this communication in the columns of the daily papers local unions should hold meetings and devise means whereby the daily output of the mines may be increased.

"This communication is signed by President Mitchell and the district president.

WRECK ON THE BIG FOUR.

Passenger Trains Collide at 60 Miles an Hour.

A St. Louis special says: Running at sixty miles an hour, two Big Four passenger trains collided Friday night while rounding a curve between Moro and Bethalto, Ill., and so far as known up to 1:30 o'clock Saturday morning, one fireman was killed and three other firemen were seriously injured.

Information is very meager owing to isolation of the scene of the wreck. Some reports say that many passengers were hurt, but a message to the Associated Press by long distance telephone at 1 o'clock Saturday morning from a witness, was to the effect that all the passengers had escaped with minor injuries.

Passengers in the day coaches were hurled from their seats and many of them painfully bruised.

Only the sleeping cars were left on their tracks. Both engines are lying on their sides.

Southbound train No. 11, known as the Boston express, was running rapidly around a curve when northbound train No. 24, the New York express, dashed into view, and the next moment a terrific collision strewed the track with debris.

A messenger hurried to Moro, a mile distant, and dispatched to Alton for a relief train, which, bearing physicians, and the passenger cars were not well fitted, and the passengers succeeded in escaping from the flames.

Diligent search failed to discover the missing fireman, and it is confidently believed his dead body lies under the wreckage.
