"Chronones," and "Flinch" were the games furnishing amusements for the guests after which pretty refreshments were served.

No less than four movements are now on foot to organize farmer's trusts. It is my belief that none of them can succeed. If a trust is a bad thing, why should we seek to form one? In the grant and the alliance we have all the trusts that are necessary to help the farmer, if these are kept free from personal aggrandizement and political influences. Hope of profit to come from such a source is only a rope of sand. We may as well know this in the beginning as to wait until some man or set of men have "feathered their nests" in the promotion of such schemes.—Homestead.

G. J. Savage has received a letter from The Okantanga Oil and Gas Company of Kansas City, Kansas, which corporation has large oil fields 175 miles southwest of Kansas City, offering him the contract to sink wells for them, they having received high recommendations from prominent railroad officials as to Mr. Savage's ability in that line of business. The wells run from 800 to 1200 feet and Mr. Savage after a careful investigation, may decide to accept an offer from the Oil Company, which is capitalized at \$1,500,000. He has just received another letter in reply to one written by him, stating that they wish him to begin work at once.

His son, Otto, will go to Berlin to complete his course in music. Mr. Vogel expects to return to Wayne in about a year, as he still retains his residence and business property here and expects to again engage in some line of business. They will visit for a few days with Wm. Sonnenken in New York City.

One of the speakers at the recent meetings of Nebraska democratic editors declared that the principal campaign expenses of democratic candidates consists of money for booze. This is an arraignment (but should be indignantly resented not only by democratic officer seekers, but also by democratic voters to whose favor they appeal. In all the sworn statements of campaign expenditures filed by democratic candidates we have seen no items credited to booze, but, like the traveling man's expense account, it may be there just the same.—Bee

In order to be an absolutely efficient postmaster in the minds of those who know, a man should be able to wait on 17 people at the same time, make out four money orders at once, not give an applicant a chance to wait a second for his mail at the windows and never get a piece of mail in the wrong box; write a letter to the person, who is always sure there is a letter in the postoffice for him and also dig up that paper that come "so sure" and which the postmaster has stored away, just to keep the patrons from getting it. Besides these points there are several hundred other things you might do and yet not fill the bill. This does not include the part of the office work that Uncle Sam makes it imperative to do, of which the public have little or no knowledge.

LINCOLN CORRESPONDENCE.

The legislature has not been in session this week, but the special committee for the framing of a revenue bill have been very busy, and have accomplished a great deal. The work has been divided up in sections, with three or four men to each section, and the work of each is reviewed by a committee of the whole daily. In this work it is understood that the committees have drawn upon the Nebraska, Kansas and Missouri revenue laws, and the general belief is that if they are given reasonable time a bill will be prepared which will be acceptable to a majority of the legislators, and will produce the much desired revenue for the state.

One of the important points which has come before the committee is the change in the assessor system. There seem to have been an unanimous agreement that the present system of elective precinct assessors is defective, and the cause of many of the present ills. The plan adopted by the committee is the same as that of several of the eastern states. One or more state tax commissioners, an elective county assessor in each county, and enough appointive deputies in each county to do the assessing. There is also the provision that assessors can not do the work in the precincts where they themselves live.

The question of valuation does not seem to have yet been entirely settled. It was agreed by the committee that the present system is no system at all, and some desire to assess all property at its actual cash value. Others are of opinion that property should be listed at cash value and then assessed at a valuation of one fourth or one fifth, as is the practice in Iowa, Illinois, and other states, absolutely fixing the fraction by law, so as to prevent gradual reduction in the rate. They hold that this would give the actual figures, and at the same time would keep the levies near what they are now, thus avoiding the tendency toward extravagance. Both ideas have adherents in the legislature, and it is probable that they will provoke considerable discussion when the bill gets into the two houses.

The disturbing question of local taxation of railroad terminals will not be handled by the revenue committee, they having decided by vote that this question should come up in connection with the bill proposing changes in the Omaha charter.

In the preparation of the new measure much care is being taken in the matters relating to the collection of taxes, and the committee is said to unanimously favor the provision for a seal for county treasurers, so that tax deeds may be given after a reasonable length of time, instead of making it necessary to go to the old circuits, and expensive way through the courts. This proposition has been up before legislatures several times before, but was never adopted.

It is evident at this time that while the committees have been industrious, working night and day on the new measure, they have not had sufficient time to complete their work, and that at least all of the present week must be allowed them in the preparation of a successful bill. There will be a tendency on part of some members of the legislature to hurry them or to show impatience because a bill has not been framed in one week, but those who find fault have little conception of the amount of work necessary, not only in the discussion of means and measures, but in the actual drafting of the bill in proper and legal language after the main points have been agreed upon. The work is being hurried as much as is consistent with safety and two or three nights the committees have been up until after midnight engaged in discussion and researches. They draw no extra pay for this week of "vacation," and the people of the state must give them full credit for industry and honesty of purpose. If the bill prepared by them passes muster, its adoption will open a new era for Nebraska.

BOWEN CAN'T ACCEPT GERMAN AND ITALIAN PROTOCOLS.

They Make a New Demand and Insist Upon Preferential Treatment—Question Was to Go to The Hague Upon Signing of Protocols.

A Washington special says: Although Mr. Bowen and the other negotiators are closely guarding the provisions of the several protocols, it is understood that the demands which are known to exist in the German and Italian agreements as they are at present drafted, which Mr. Bowen cannot agree to, concern an increased payment by Venezuela prior to the handing down of The Hague's decision regarding the allies' contention for preferential consideration in the settlement of their claims.

It is reported that Germany asks that she receive in addition to the \$27,500,000 cash that Mr. Bowen has agreed to pay, a certain percentage of the customs receipts until the remainder of the \$340,000,000 demanded in the original ultimatum addressed by Germany to President Castro last summer is paid.

Italy, it is believed, is insisting on a similar demand, though the amount asked for in her ultimatum was over \$600,000,000. Both Germany and Italy suggest that this money be paid in monthly installments out of the customs duties, but even under this arrangement it would require eight months for the payment of the entire sum.

It is the firm opinion of both the Italian ambassador and the German minister that the insertion in their protocols of these demands is the result of a serious misunderstanding on the part of their foreign offices of certain phases of the negotiations which were supposed to be settled. They are using every effort to have this misunderstanding cleared up.

Reports that come from Caracas are to the effect that great suffering is being inflicted upon many innocent persons, and foreign residents are bearing more than their share of the rigors of the blockade, because their more complex wants are not to be satisfied with the native food which suffices the Venezuelans.

AWFUL LOSS OF LIFE.

Tidal Wave and Hurricane in South Sea Islands.

A San Francisco special says: News of a fearful loss of life in a destructive storm that swept over the South Sea islands last month reached here Sunday by the steamer Mariposa, direct from Tahiti. The loss of life is estimated at 1,000 souls.

On Jan. 13 last a huge tidal wave, accompanied by a terrific hurricane, attacked the Society islands and the Puamotu group with fearful force, causing death and destruction never before equalled in that land of dreared storms.

The storm reigned several days, reaching its maximum strength between Jan. 14 and Jan. 16. From the weaker news received at Tahiti up to the time of the sailing of the Mariposa it is estimated that 1,000 of the islanders lost their lives. It is feared that later advices will add to the list.

The first news of the disaster arrived at Papeete, Tahiti, Jan. 21, on the schooner Blinco, the captain of which placed the fatalities at 500. The steamer Excelsior arrived at Papeete the following day with 400 destitute survivors. The captain of the Excelsior estimated the total loss of life at 800. Those figures comprised only the deaths on the three islands of Haa, Hikura and Makokan, whose ordinary population is 1,800.

On Hikura island, where 1,000 inhabitants were engaged in pearl diving, nearly one-half were drowned. On an adjacent island 100 more were washed out to sea. Makokan and Haa are depopulated. Conservative estimates at Tahiti place the number of islands at eighty. All tidal waves and hurricanes at Tahiti, it is said, are under the control of the French governor at Tahiti.

The surviving inhabitants are left destitute of food, shelter and clothing, all having been swept away by the storm. The French government upon receipt of news of the disaster took prompt measures to relieve the distressed district, and dispatched two warships, the Durand and the Zeebe, with fresh water and provisions. The Italian man of war Calabria accompanied the two French vessels on their errand of mercy.

As for as is known eight white people were among the drowned. The French government upon receipt of news of the disaster took prompt measures to relieve the distressed district, and dispatched two warships, the Durand and the Zeebe, with fresh water and provisions.

ROOSEVELT DECLINES.

Will Not Arbitrate the Preferential Question.

A Washington dispatch says: President Roosevelt has declined the invitation of the allied powers to arbitrate the question as to whether they shall receive preferential treatment in the settlement of their claims against Venezuela over the creditor nations. He reached this decision shortly before 4 o'clock Friday afternoon, and instructed Secretary Hay to dispatch a note to the British embassy at once advising the British ambassador to that effect.

The matter therefore now is to be referred to The Hague tribunal. This will result in the immediate raising of the blockade. Preliminary with reference to the signing of the protocol referring matters to The Hague for arbitration will be considered at once.

It developed Friday night that two protocols are to be signed by Mr. Bowen with the Italian ambassador, two with the British ambassador and two with the German minister. The first protocol in each case will provide for the reference of the allies' contention for preferential treatment to The Hague and the raising of the blockade simultaneously with the signing of this convention.

Having arranged for the signature of these first protocols, the negotiators will take up the second protocols, which are to cover the manner of adjudicating the claims of the various creditor powers, and the means for the administration of the blockade simultaneously with the signing of this convention.

NEWS OF THE WEEK IN A CONDENSED FORM.

Starts Seventeen Fires—Servant Girl in Fullerton Family is a Persistent Firebug—Incantations Remark of a Nurse Girl Leads to Confession.

A Fullerton special says: Last Friday morning about 9 o'clock Mrs. E. B. Penney discovered fire in the nursery of her home and by prompt action succeeded in extinguishing it before much damage was done. During the day the fire broke out several times. This fire became serious, and all alarm was turned in, which brought to the place the fire company and many citizens. The fire was promptly and thoroughly put out and all supposed that the matter would end, but not so for three other fires were started during Saturday, which caused damage to household goods and wearing apparel to the amount of \$250.

Sunday afternoon another alarm was turned in from the Penney home and when the fire company arrived it discovered that the best clothing of the family in a closet was furnishing fuel for the flames, which continued until \$150 worth of goods were destroyed.

Monday was passed at the Penney home without incident, but Tuesday brought one fire, while Wednesday four fires were started, discovered and extinguished.

Until Wednesday night the little 2-year-old boy of Mrs. and Mrs. Penney was thought to be the incendiary, but a word thoughtlessly dropped from the 14-year-old negro nurse girl to Mrs. Penney led up to her being accused of the crime, and finally she broke down and confessed that she had started all the fires, seventeen all told, just because she was mad at Mr. Penney and his little boy. She was sent at once to her family in Boone County.

NO FEAR OF DEATH.

Neigfend and is Inclined to Joke About His Fate.

A Lincoln special says: Gottlieb Neigfend, the murderer of his wife and John Brewer of Pierce County, who will hang March 13, and is now at the penitentiary, is not at all disturbed by his impending fate. He is indifferent, talks about his fate in a joking, facetious and is apparently enjoying himself with life.

The man is in solitary confinement and is permitted to see but few visitors. He has waxed fat and has gained thirty pounds of flesh in the last few months. He is at a great deal of ease and looks much better than he did when recently his attorneys fought in vain for his life.

A friend of Neigfend, at which town he was a resident, visited him recently and brought the subject of his execution.

Neigfend laughed, seized upon the subject of his fate in a joking, facetious and is apparently enjoying himself with life.

Each time the blaze was promptly put out by Mrs. Penney and her neighbors. The following day fire was again discovered in the nursery, but out and a few things removed from the nursery to the dining room. In a brief space of time the dining room was changed to the dining room. This fire became serious, and all alarm was turned in, which brought to the place the fire company and many citizens.

Monday was passed at the Penney home without incident, but Tuesday brought one fire, while Wednesday four fires were started, discovered and extinguished.

Until Wednesday night the little 2-year-old boy of Mrs. and Mrs. Penney was thought to be the incendiary, but a word thoughtlessly dropped from the 14-year-old negro nurse girl to Mrs. Penney led up to her being accused of the crime, and finally she broke down and confessed that she had started all the fires, seventeen all told, just because she was mad at Mr. Penney and his little boy. She was sent at once to her family in Boone County.

LEGAL FIGHT OVER STEER.

Court Costs Already Much More Than Animal is Worth.

A Springfield dispatch says: The trial of Jackson vs. Koenig, an equal to the Jones County, Iowa, case, is now being tried in justice court for the third time. About thirty witnesses have been subpoenaed on both sides and it is much the longest court case tried in the justice court of this county.

The commencement was at a sale held eighteen months ago, when the two men bought a certain number of cattle. Koenig took his and drove them home. Jackson left his until next morning, and during the night two of Koenig's escaped and went back to the main herd. Jackson then rounded up his number and started to drive them home, when Koenig came looking after his two steers and found one of them, and Jackson, being short of his number, took the disputed steers. Koenig then replevied the steers and Jackson brought suit to recover.

Democracy is not laying the high price of coal to the robber tariff just now, and we wonder why?

Uncle Sam is now preparing for war in time of peace. Partly peace. Was there ever peace in Venezuela?

The Alaska treaty has been confirmed by the Senate and the Department of Commerce bill has passed and now awaits the President's signature.

There is already considerable talk of Senator Oliver being the next republican Vice Presidential nominee. Well, Iowa is noted for turning out some pretty good men.

The number of persons in the United States available for military duty is officially placed at 10,853,396. There will be no lack of men behind the guns when an emergency arrives.

The post office fight in South Omaha is stirring up the forces in Douglas county. Congressman Mercer wants Harvey Mosley appointed while Mr. Rosewater is working for postmaster Elter.

We see no good reason why any Republican should complain if it develops that Fairview cost Mr. Bryan five billions. All of it came out of the pockets of the "enemy."—Lincoln Daily Star.

Bryan has declined to attend a banquet in Chicago to be given by the Tri-Quint Democratic Club, because Cleveland is to be there. This will be a sad blow to Cleveland, but Grover will keep right on fishing.

Postmaster Stine of Superior, and editor of the Journal of that city, died last Friday, a week ago, after an illness of several weeks. Thus one by one the boys sacrifice themselves for an empty and thankless honor.

Away down in Nebraska City, about fifty slot machines are kept going at a merry pace and 'tis said the Mayor proposes to make them pay a tax. He should also make the players pay a tax. What is good for the goose is good for the gander.

Governor Mickey, in an address before the seventh annual meeting of the State Conference of Charities and corrections held at Lincoln last week, severely assailed worldly amusements such as card playing, dances and theaters. He is agitating them.

The revenue committee of the legislature have been having no picnic trying to formulate a bill for revenue, in such a matter as will satisfy the people. The fight is on, and it promises to be merry before the contest comes to a close. Omaha may decide to take quite a hand in the fight, that it may prove a little more interesting.

If Congressman Norris displays the same good judgement in all of his official acts as he has in selecting a private secretary he will be re-elected by a majority so large that the average poll book will not carry all of the figures. F. N. Merwin, of the Beaver City Times-Tribune, is the lucky man; that he is one of the lucky men; Congressman Norris is the other.—Lincoln Daily Star.

Minister Brown will make a big reputation if a peaceful settlement is reached in the Venezuela difficulty, and undoubtedly such a settlement will be reached. He has rights on his side, a majority of the nations—France, Belgium, the Netherlands, United States and others—having claims against Venezuela with him in his contention. The world is likely to hear more of Brown after the Venezuela incident is out of the way.

What will be done with the supreme court commission is the question upper most in the minds of the attorneys. The present arrangement is most unsatisfactory. We have the spectacle of one set of commissioners handling down one kind of decision and another set making a directly opposite decision on the same questions of law. The supreme court stands as supporting all decisions and the decisions from Nebraska are so mixed up as to be of little value as precedents to follow. Nebraska decisions have been none to widely accepted in other courts and they may, under the present conditions, lose their value altogether. A change is due at once.—Aurora Republican.

Each side has made concessions in the contest between the miners of soft coal and the operators," says the Globe Democrat. "This will be good news for the country. A report was extant a week ago that Mitchell intended to advise the miners to strike next April if their demands were not met in the interval. It is well that a different state of things has come to pass. With each side giving up something in favor of peace, there is a chance now that that strike of 1902 will not be repeated in 1903. The country will not, for two or three years yet, fully recover from the effect of that conflict. It will take two years for the coal production to catch up with the consumption, and to out-price to their former level. The demand is rapidly increasing, on account of the business prosperity. The prosperity, however, would be greater had that coal strike of last year been averted."

As might have been expected the city of Omaha is in the legislature with a very slick scheme to profit at the expense of the balance of the state. The scheme is further bolstered by an apparent "antimonopoly" cast of countenance that is supposed to be particularly attractive to the average legislator and his constituents. The scheme is wrapped up in an apparently harmless package that is popularly labeled "a mere change in the law to permit Omaha to assess railroad terminal property locally." The whole intent is to divert railroad taxes from the remaining counties of Nebraska into the capacious maw of the Omaha tax ester and every member outside of Douglas county should "lay" for that bill and hit it with an axe. The campaign has been carefully planned. It opened months ago in the Omaha papers in a crusade against railroads not paying a just proportion of the taxes of the state and has been a continual roar ever since. This was merely a throwing of dust in the public eye to blind the people to the real animus of the game. It was a laying of foundation for a "change" in the laws relating to the methods of taxing railroad property, and could the people be brought to demand a change in the system, or legislative support be secured for the idea, the Omaha coalition to slip this dirt scheme down the throats of country members on the plausible basis of raising railroad taxes and then steal the lion's share of such taxes for Omaha alone. Every legislator outside of Douglas county should get his hammer and knock the project into smithereens without hesitation or delay.

In a subsequent issue the Tribune will produce the facts and figures to show that this sugar-coated Omaha scheme will rob every county in the state outside of Douglas, and probably Lancaster, of much of the railroad taxes they are now receiving; the school districts alone of Otoe county would find a reduction of their income from this source of from 12 to 25 per cent. Kill the Omaha deal while it is young and harmless.—Nebraska City Democrat.

Shop 'A, the principal issue store house at the Rock Island government arsenal was destroyed by fire last night, occasioning a loss of nearly two millions of dollars. The contents were worth \$1,500,000.

OBITUARY.

PHILLIPS—Sadie Jane Robley was born in Pike County, Illinois, May 24, 1863. Moved with her parents to Missouri when she was a small child, thence to Iowa in 1885. She united in marriage with Rev. J. L. Phillips at Blencoe, Iowa, November 27, 1897. Mrs. Phillips was converted and became a member of the church February 13, 1898. She was a faithful and devoted wife. She was of a modest retiring disposition and had to be known to be appreciated. Her death was one of unusual triumph. With mind full strong to reason and clear to think, she talked of the vision of things eternal in a manner that convinced the skeptic and consoled the Christian.

She leaves her husband, her father, five brothers and four sisters, to mourn, but they sorrow not as others who have no hope. Funeral services were held in the Methodist church at Carroll, where her husband is the pastor. The attendance taxed the utmost capacity of the church. The sermon was preached by Dr. F. M. Sisson, the Presiding Elder, Rev. S. A. Dries of Winslow, and C. N. Dawson of Wayne, participated in the services. Interment was made at Carroll.

Conductor Miller of Bloomfield was visiting his brother-in-law, J. F. Crosby between trains Saturday.

Mrs. O. H. Keehl and son Glenn, went to Hartington Friday for a few weeks visit with relatives. Mrs. H. J. Caudor returned from Wayne last evening, where she has been visiting since last Friday. Mrs. T. J. Burbank left this morning for Crow Agency, Mont., where her husband has a government position. Never mind those "same old parties." We have our old friends and don't have to pick up the new arrivals in town.

H. Bruce and wife, returned from Montana Friday, where they had been summoned by the death of Mrs. Bruce's sister. Mrs. A. A. Bell returned from Colorado Saturday accompanied by her sister, Mrs. Christensen, who has been very sick but is some better. Henry Horn and Miss Anna Wollschlager were married at the home of the bride's parents east of town Sunday evening. Only a few friends were present. We extend congratulations. John Shannon was in town several days this week and while here sold the store building vacated by F. S. Benson.

There have been times when the wild beasts have been more merciful than human beings, and spared the woman cast to them in the arena. It is astonishing how little sympathy women have for women. In the home the mistress sees the maid with the signs of suffering she recognizes so well, but she does not lighten the sick girl's load by a touch of her finger. In the store the forewoman sees the palor and exhaustion which mark womanly weakness, but allows nothing for them. It is work or quit.

About twenty of Miss Anna Nelson's friends surprised her when she came down from Wayne Friday evening it being her twentieth birthday. Games of all kinds were indulged, and all present reported a good time.

While shoeing a vicious horse Saturday E. Wilbur was kicked in the face breaking his nose and making several cuts which had to be sewed up. Dr. Scroggus of Winslow dressed the wounds and the patient is getting along nicely.

A citizens meeting was had at the town hall Monday evening for the purpose of meeting J. H. Earle a representative of the Waterous Engine Works and to see about getting some kind of fire protection. Nothing definite could be done and the matter was left with a committee who will report as soon as possible.

IT NEVER PAYS HORSE OWNERS TO BE CARELESS. In making purchases of harness, horse goods, or even in the matter of repairing. In all the features which go to make up a desirable place to trade, we positively know that we are at the head. Goods of absolute reliability, prices that are reasonable and fair, and a full stock. with judicious selection of goods, render our place a desirable one on which to bestow your trade. We know we can offer advantages and to this end we solicit your favors. Wm. Piepenstock.

FASHION CHANGES. Fashions change—with a tailor always—with the ready-made clothing man if he sold his last stock. A man can be perfectly sure of entire clothing satisfaction only. There are no men alike. In one there is a little defect here—in another it is in an entirely different place. Tailor made clothing is the cheapest in every way man can figure. Style, satisfaction, finish and elegance all combined by Holtz, the Tailor.

FIRST NATIONAL BANK. J. M. STRAHAN, President. F. E. STRAHAN, Vice-Pres. H. F. WILSON, Cashier Capital and Surplus, \$90,000. DIRECTORS:— J. M. Strahan, F. E. Strahan, R. E. K. Mellor, George Bogart, Frank Fuller, John T. Bressler and H. F. Wilson. WAYNE, NEBRASKA.

It is said that practice makes per feet, but the Lord doesn't seem to be making as good stomachs as he made seventy-five years ago. Simple Colds. Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Home-roun Syrup stops a cold and removes the cause of colds. 25c., 50c. and \$1.00 bottle at Ra-mond's Drug Store. And now Grover is fishing again. A man marries for a home, and the first argument his wife presents to him is that it is cheaper to board than to keep house. CENTRAL MEAT MARKET VOLPP BROS. Props. Beef, Pork, Mutton, Veal Chickens, Fish and Game. Highest price paid for hides, etc.

THEY HAVEN'T GOT THEM.

It is very common to hear a merchant say, "Yes, we have them" or "We have something just as good," when you ask for something you know is good. Very few merchants have the nerve to buy the best goods that are made, the reason is that the best goods cost more than inferior kinds and afford less profit. It is now a recognized fact, known by nearly every one, that we sell the best goods made. Over one hundred men in Wayne county now have a pair of "Snag Proof" Rubber Boots and they all will tell you that one pair of "Snag Proof" is worth two pair of any other kind. There is only one "Snag Proof" boot made and the only place you can get them is here. Other merchants will tell you they have them or something as good but you look for the word "Snag" on the top of the leg and don't buy any rubber boot that hasn't that brand on the leg. The reason why there is but one "Snag Proof" boot is that the machinery is patented by the people that make the "Snag Proof" boot and without this machine you cannot make a rubber boot and force the rubber through the duck. The "Snag Proof" boot costs more than any other boot but will out wear two pair of any other kind. We have sold "Snag Proof" rubber boots for fifteen years. We are exclusive agents for Wayne county. Price \$4.00 a pair.

The meetings at the M. E. church continue to increase in interest. Much good has been accomplished. Rev. Dawson says, "The reason people do not become christians, is because they do not stop to think."

Mr. D. C. Patterson of Omaha, will be in Wayne next Saturday, to interview some prospective settlers for his irrigation lands along the U. P. in Wyoming, where he has under construction a large canal and reservoir.

Meetings are held regularly every Sunday at the Evangelical Lutheran church. Student Rev. Otto Batz presides one Sunday morning and Rev. Mantaul, the following Sunday evening, one service being held each Sabbath.

"It might be said incidentally that Nebraska has accorded to Governor Minkley the right to either dance or refrain from dancing as he may see fit," says the Lincoln Star, "and now perhaps Nebraska may feel inclined to claim the same right for herself."

Louis Ziemer of Hoekins, was transacting business in Wayne Tuesday. He informs us that at a meeting of the citizens of that town on Monday night it was decided that some form of fire protection should be put in and an engine and hose will be purchased and water supply secured. Hoekins proposes to be up-to-date and her citizens are moving forward in the matter.

Yesterday a clothing man brought in a job of bills for the HERALD to print, having the dates some what mixed. When issued neither date or day was correct and it looked like it had been "held up." The party distributed the bills and said he believed it some more good as an advertising scheme than if the date had been correct. Other bills corrected were distributed later.

Delugees to the farmers' operation meeting held at Lincoln yesterday effected organization whose object will be the formation of a corporation to handle the grain and live stock of the farmers of the state. The plan provides for a central corporation to be capitalized at 200,000 and to begin business after the minimum amount of stock required has been paid. The meeting by resolution declared for the incorporation of a corporation to handle the grain and live stock of the farmers of the state. The convention continues today.

Bixby says: "I seem from looking upon the matter that Nebraska is not alone in wrestling with the problem of how to discourage the use of tobacco among school boys. Boys under eight in Oregon are prohibited by law from using tobacco in any form, and Minnesota and Illinois are awake on the same subject. It may be a sensible move to pass house roll 224, but we still think parents have a responsibility in this matter more serious than that of the lawmaker or the police judge."

Many a girl grows up, even on a farm, without knowing how to prepare a meal or to do general housework. There is no reasonable excuse why this should occur. There are many ways of teaching girls to become useful in life. They should know all about the household duties and should look far enough into the future to be able to do some kinds of work should they happen to be thrown upon their own responsibilities. The question often comes up whether the girls should be able to teach school, or do some other work that would earn for them a compensation and yet allow them to live at home. Homestead.

The band boys were greeted with a big house at their concert Friday night even standing room gave out. Every number on the program was rendered nicely, and we have heard nothing but praises for the boys and their efforts. Much credit is due Miss Abigail Manning and Miss Florence Wert for their vocal solos and the mixed quartette composed of Miss Manning, Mrs. R. H. Manning and Messrs. Joe Jones and F. D. Jones, while Guy Manning captained the house with his dancing band. That Carroll really appreciates her band, there is no further doubt by the way her people turned out last Friday night. Mr. and Mrs. Jas. McIntosh returned to Wayne Monday after a weeks visit with Mr. Alex Laurie and family.—Carroll Index.

K. P. SMOKER.
On Tuesday evening of this week, the order of Knights of Pythias gave a delightful "smoker" at the Lodge rooms which was attended by about forty members and a few invited guests. The evening was delightfully whiled away with the quiet smoke twirling upward, in playing whist, high five and flinch. Well toward the midnight hour refreshments of high order were served and the boys all felt as though there was much wisdom in all that had been said and done.

CLOTHING SALE.
This sale will open in the building 1st door south of J. S. Lewis' Harness Shop on the west side of Main street, Wayne, Neb., Saturday, February 14. Now is the time for the citizens of Wayne and vicinity to buy fine up-to-date clothing for 50 cents on the dollar. Do not imagine that this is an old shabby stock that has laid around the shelves of some store for five or ten years. This is a brand new up-to-date stock of clothing, which has been made within the past three months by the best New York tailors. You are invited to call and thoroughly examine these goods and satisfy yourself as to quality and price. This stock must be sold within the next 15 days. Remember the Big Sale opening in the above building, Saturday, Feb. 14, 1903. Look for the big sign, Bargain Clothing Co.

RHEUMATISM CURED AT LAST

Good News For all Who Suffer with Rheumatism, Free.

To all who suffer with Rheumatism I will gladly send free the medicine and directions which cured me after years of suffering, together with the most elaborate treatise on Rheumatism ever published.

No matter what your form of Rheumatism is, whether acute, chronic, muscular, inflammatory, deforming, sciatic, neuralgia, gout, lumbago, etc.—no matter how many doctors have failed in your case—no matter how long you have suffered—no matter how long you have tried "sure cures" you have tried—I want you to write to me and let me tell you how my mother was cured.

I am neither a Doctor nor a Professor—simply a plain man of business—but I have a Cure for Rheumatism and I want to tell everyone who suffers with Rheumatism all about it. I wish to be clearly understood, and trust that all who are suffering with this terrible disease, however apparently beyond the reach of cure, will write to me this day and I will send you by return mail this work of mine. I appeal especially to the "chronic" sufferers who are tired and discouraged with "doctors" and to those who have been cast aside as "neurals." All you have thought about Rheumatism may be wrong. Let me tell you our experience. Surely, if you have Rheumatism, or have a suffering friend, it will pay you to investigate my offer, anyway, and prove yourself these claims I make.

Send me your address today—a postal card will do—and I will mail you this wonderful story. If you have any friends suffering with Rheumatism no matter where located send me their address, and I will mail them a copy. My address is Victor Rainwater, Bloomfield, Indiana.

Mrs. E. Durin has been quite ill for several days.

Will Hart was here from Winside today.

P. L. Neil, R. F. D. Inspector, arrived last evening and made a trip over Route 2 to Altona today.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free. Be sure that this picture in the wrapper of every bottle of Emulsion you buy.

Domestic Troubles. It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around.

When every other means of attracting attention fails, a man can go without a coat in winter.

DeWitt's Witch Hazel Salve. The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin.

Married men will sympathize with the president; dinner parties, and visitors; salary to small.

The Easy Pill. DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers.
