The Miller Manure Spreader.

Doubles the value of manure by covering two acres where you could only cover one by hand.

Note the following points of superiority over other makes. It is just the right width to straddle corn rows and leave all land evenly covered with manure. Other machines can not do good work without driving team and spreader wheels on cut corn stubble, a thing any farmer knows is impossible. The Miller is the Only Spreader that will do good work in winter. Why? Because it has a solid bottom that is scraped clean every load. It is low down, making it easy to load. Is lighter draught than any other machine. We can stop or start cylinder independent of feed, either is operated at will of driver. We can put on 6, 10, or 15 loads per acre and unload in six minutes. Is simple, strong and durable, having been on the market 14 years. Try one.

A dry goods merchant in Atchison exhausted his patience one day and wrote this poem, which he took around to the Globe: "There are some shoppers in this town who think they know it all, but they never buy in Atchison; oh, no, this town's too small. They shop, and shop, and shop, and on clerks here have no pity, but when they have a cent to spend, they go to Kansas City. But human nature is much the same no matter where you go, and while our dear friends here think our stores so very slow, in Kansas City, her sister or cousin to say the least, can't find a thing to suit her there and so goes farther east. In Chicago, that great city that is ruled by men from Cork, her sister's sister falls to find anything this side of New York. While in New York another sister—and there are many more than three—can't find a thing to suit her there, and she goes across the sea. In London and in Paris where her other sisters dwell, I really don't know where they go, but I hope they go to—"

An item we failed to mention last week was the marriage of Ed J. Tucker to Miss Anna Broag, which occurred at Hastings on Wednesday, Rev. C. R. Welden performing the ceremony. Mr. Tucker was formerly employed at Orth's drug store in this city, but has recently purchased a drug store at Pender. Mrs. Tucker grew to womanhood in Wayne, and the couple has a wide circle of friends here who wish them health, wealth and happiness.

Last Thursday the Ponca ball team and the Wayne College boys crossed bats and played a very fast game of ball. The bookies were a little lull for the visitors and won after a hard fought game, score 8 and 2. On Friday the same teams were to have played again, but only played a part of the first inning, being stopped by the heavy rain. Ponca had made two scores and the students had two men on bases when the game was given up, so the home team had equal chance of winning. Thursday, after the base ball game, a game of basket ball took place between the Winside and College lady teams. From what we can hear we would judge that it was a very "hard contested" game, with much hair pulling and chewing of the rag and many "quit that's." That is not all, either, we are told. "This said that one of the visitors, taking a great liking to one of the students, set her pretty teeth in the dainty arm of the student and left her mark to be remembered by. The game was won by the students, score 16 to 8.

HYMENEAL.
At the home of Mr. and Mrs. Claybaugh last evening at 8:30 o'clock occurred the wedding of their daughter Mary M. to Mr. Chas. Kuhns. Rev. Peter Birrell performed the ceremony, and W. B. McCabe and Miss Mae C. Claybaugh acted as best man and bride's maid. J. J. McLoughlin played the wedding march, and the ceremony was performed under a beautifully arranged arbor, while the whole house was tastily decorated. The ceremony was witnessed by about fifty relatives and friends, and the happy couple were the recipients of many handsome and useful presents. This morning they left on the 7:30 train for a tour of the east, expecting to stop in Omaha, Chicago, and Indiana, the home of Mr. Kuhns, and will be gone about three weeks.

The couple's many friends wish them a pleasant and safe journey and a welcome return.

FREDERICK PHILLEO.
Frederick Alto Philleo was born in Wayne Oct. 21, 1892, and died Aug. 14, 1903, making him nearly 12 years of age.
Last week the Herald stated that Frederick, who was suffering with peritonitis, was somewhat improved in health. Thursday he passed a restless night and Friday morning was reported to be worse, and at 2:15 p. m. the little man passed away. Everything possible in the way of medical assistance was done for him. Local physicians had done their best, and later a doctor and trained nurse were called from Omaha. The funeral was held from the Presbyterian church on Sunday afternoon at 2:30 o'clock. Rev. P. Birrell conducted the service and gave a very good and practical talk. Sunday School mates acted as pall bearers and interment was made in Greenwood cemetery. Some loving friends had preceded the procession and had decorated the grave very prettily with flowers. The sorrowing parents certainly have the sympathy of the entire community in their sad loss.
