THE MEMORABLE BLIZZARD.

Tuesday was the sixteenth anniversary of the fiercest blizzard that ever swept over Nebraska. It was in the middle of the afternoon of January 12, 1888, that the storm swooped down and caught people unprepared for it. The fore part of the day had been unusually pleasant and there were no forebodings of the change the afternoon would bring. Teachers and children were at school and many in attempting a battle against the whirling elements to reach home were frozen and some perished. Numerous were the fatalities to not only school children, but to others caught away from home. No blizzard in the history of the state compares with the memorable one of sixteen years ago in ferocity and death, suffering and loss of live stock.

FINED FOR KILLING A DEER.

George Johns who shot and killed a deer near Dakota City November 28, and who was later arrested on complaint of Game Warden Hunger, had his hearing before County Judge Elmers Monday. The defendant pleaded guilty and was fined \$25 and costs, the fine being suspended as Mr. Johns was not familiar with the game law and did no more than most sportsmen would have done under the circumstances. The defendant paid the costs, amounting to \$10.

People might infer that deer still run wild in Dakota county and not being able to tell where the limits of Dakota City begin or end, often find themselves browsing along its streets, thus increasing the liability of falling victims to alert hunters. But that is a mistaken conclusion. Dakota City is not a retreat or feeding ground for untamed animals. While the town is perhaps not so lively as Chicago, possibly more nearly resembling, in apparent animation, the present site of ancient Pompeii, yet it is surrounded by a thickly settled and highly developed territory, driving to the remotest west the deer, antelope and other creatures of similar tastes, that would favor the town for a pleasure resort if they could get to it.

The deer whose killing caused the arrest of Mr. Johns, was a domesticated animal, belonging to a resident of Dakota county. It had journeyed away from home and fell victim to the accurate fire of Mr. Johns who did not know the deer had been snatched from the savage state and had become a family pet.

PRAISE FROM WABOD.

The Wabod Wasp, published in the home-town of his rival for the nomination for the commissionship, gives our local candidate the following generous send-off:

Hon. J. R. Manning, of Wayne, has announced his candidacy for the office of Commissioner of Public Lands and Buildings subject to the will of the republican state convention. Mr. Manning very ably represented his district in the state senate in 1899 and we are of the opinion that the best interests of the state would be well looked after should he be chosen to the office of Commissioner of Public Lands and Buildings. Mr. Manning's many old friends who served with him in the legislature of '99 would no doubt be much pleased if he is successful in his effort in securing a nomination and election.

#### IN THE VICINITY.

The town of Allen will have a farmers' institute February 3 and 4.

Dixon is to have a new jail to help check disorder and improve the morals of the town.

The government contemplates adding two or more rural routes to the Randolph postoffice.

One man has been discovered in the state who favors Hearst for president. His name is Cronin and he lives at Fremont.

Rivalry between corn buyers in the roll the last few weeks has raised the price there two cents above the prevailing market price elsewhere.

The Bancroft Blade is owned and published by a recently organized corporation, comprising business men of the town. Articles of incorporation were filed last week. The plant cost the company \$1,000.

The new rural telephone system for Wakefield is making good headway. It is proposed to have free connection with the line now being built in the vicinity of Wayne.

F. D. Fales, ex-county judge of Dixon county, has gone to Washington to act in the capacity of private secretary to Congressman McCarthy. Mr. Fales was Mr. McCarthy's political manager during the campaign that elected him.

Robt. H. Jones and R. Pritchard spent all of last week and part of this week at Magnet, where they have been building barns on their land. Carroll carpenters, in the persons of C. E. Jones, Bert Robinson and T. Hennessy, did the work.—Carroll Index.

Fred Biede, a farmer living seven miles east of Emerson, suicided by shooting himself with a .38-caliber revolver on Monday of last week. Ill health prompted the rash act. He was 60 years of age and leaves two sons and three daughters.

The Verdel Outlook has entered its third volume in a healthy condition. Besides prospering, it has done much in the direction of revolutionizing and perfecting current English. The Outlook's career is to be commended for having more to its credit than mere gain of wealth.

It is reported that M. M. Warner, editor of the Lyons Mirror, is getting ready to issue a second edition of his history of Dakota county. He has suffered a change of heart politically since compiling the original history and it may be a question whether he can review events with the same consistency, impartiality and mental equipoise that characterized his first effort.

It is considered quite the proper thing to criticize the packing houses, but we recall the time when with twenty fat hogs on hand we had to have a hog killing bee and when the carcasses were frozen haul them fifty miles and stand around on the street with them half a day waiting for a better offer than \$2.25 per hundred weight for our dressed hogs. Since the packing houses were organized there has always been a ready market for the meats produced, and that, too, on the hoof.—Tekamah Journal.

The Bancroft Blade goes after chicken thieves in this fashion:

Hen-thief! How heroic!

The man who is in need and goes out to a dark corner of the alley to lie in wait like a tiger, who knocks a strong man down and takes his money—that man has a spark of honor left in him somewhere—although it would require a lens to detect it. But the man who creeps on his belly like a fox or a skunk and carries away by stealth the food of a man who is no richer than the thief—bah!

No, don't get a gun. Get a mouse-trap! Get a package of lice-killer!

INSTALLATIONS AND BANQUETS

The I. O. O. F. had its installation of officers Monday night and at the conclusion of the ceremonies the members were regaled with a tempting supper prepared by the auxiliary lodge of Daughters of Rebecca. The Rebeccaes received generous praise, and all spent a most enjoyable evening.

The Rebeccaes will have their installation of officers tomorrow night, when the rich treat at their hands Monday night will doubtless be reciprocated by the Old Fellows.

The A. O. U. W. and Degree of Honor will have joint installation of officers and a big banquet tonight. A good time is expected.

The lodge of Ben Hur installed officers Saturday evening, winding up the occasion with an enjoyable banquet.

"When the butter won't come put a penny in the churn," is an old time dairy proverb.

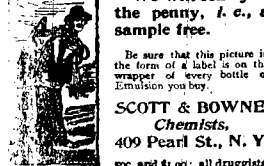

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale children Scott's Emulsion is the most satisfactory treatment.

The proper committee has fixed St. Louis as the place and July 6 as the date for holding the next democratic national convention.

On his arrival in New York from his European tour W. J. Bryan refused to discuss at length on the events of his trip—the first time that he has been known to refrain from talking.

John L. Webster makes a positive, unreserved declaration in favor of President Roosevelt. This will put at rest the doubts of those who seem to have felt uncertain about Webster's attitude in the matter.

The indictments against Senator Dietrich, on trial in the federal court at Omaha last week, came to naught and he went forth a free man.

At present the anti-Roosevelt republican is something more than a rarity—the fact is that we may find it profitable to direct our attention from him to the pro-Roosevelt democrat, a more tangible object.

A few people entertain the delusion that the metropolitan daily paper is an omniscient being.

scribed territory. There is no reasonable ground on which to expect the metropolitan daily and country weekly will ever seriously conflict.

MR. MANNING'S CANDIDACY.

Saturday's Norfolk Daily News contained the following favorable comment on the candidacy of Hon. J. E. Manning for the office of public lands and buildings:

Mr. Manning has many friends in the northern counties of the state who will wish him well, and will hope that he may go to the convention with the united support of this section.

Mr. Manning is known as a staunch and active republican and those who know him will readily concede that he would fill the office to which he aspires with honor to the party and satisfaction to his constituents.

## Two Per Cent a Month

Only a few years ago bankers used to loan money at two per cent a month and some bankers got very rich in a short time. At the present time it does not seem that money could bring that high rate of interest, but if you have money that you are willing to let us have we will give you approved security and allow you two per cent a month. We are not so hard up as this statement would indicate, but we want money and if we can get it by marking some of our clothing down twenty-five per cent we want it. We make it a rule not to carry over year after year goods that ought to be sold. If you have money that you do not need, now is the time to get two per cent a month for it by buying clothing here. When you buy clothing here you have the best security on earth for your money. Visit this store during January and February and you will find bargains that will satisfy you that money can be made easy by trading here. It is more convincing to see than to hear or read that spits worth \$15.00 are now \$10.00. We seldom make any statement in our advertisements that goods are worth so much but are sold for so much less, for we believe seeing is the only way to be convinced that bargains are bargains. Come and see.

Nick Baker of Bonesteel, who has been visiting relatives at this place, returned home today, accompanied by his brother, Frank, who goes there to look over the country and possibly invest in some land.

Rev. C. E. Ringer, of the Lutheran church, gave an interesting and encouraging talk before the Mount Hope Sunday school, three miles from town, Sunday afternoon. The school was organized about a month ago.

The old building which W. H. Gibson bought of Wm. Piepenstock, is this week being removed from Main street, just north of the Herald office, to a lot east of the Germania store. It will be fixed up and occupied by the Republican plant.

The 5-months-old daughter of Mr. and Mrs. Geo. Biogler, who live seven miles from town, died Tuesday after an illness of one week. Funeral services are to be held at 8 o'clock at this place this afternoon, Rev. Wright officiating.

J. E. Abbott, who lives a mile and a half from town, received some painful injuries last week by falling from a load of hay. He was feeding his cattle from the load, when his team suddenly jumped, throwing him backwards to the frozen ground, striking on his back.

The Wayne National Bank has elected the following officers and directors: E. P. Swan, president; F. L. Miller, vice president; J. G. Miller, cashier; A. King, assistant cashier; W. H. Piggy, B. F. Swan, J. G. Miller, J. W. Hartlett and P. L. Miller, directors.

The telephone line to Altona, connecting intermediate farms, will be completed this week. The farmers and to people fully appreciate the benefits to be derived from the rural system, which is being exchanged, and in future will wonder how they ever got along without it.

E. T. Roland went to Omaha yesterday to see the president, F. L. Miller, who returned from Kansas. But they missed each other and Miss Roland reached Wayne this morning, while E. T. is still in the metropolis, probably wondering why his sister doesn't arrive there.

S. E. Anker returned yesterday from Sioux City where he marketed a car load of hogs. He sold his stock to A. King, the 30-cent standard and was

well satisfied. The price was the same as he received in Chicago. He placed, however, Armour re-shipped the hogs. His Sioux City packing house, in course of construction, will soon be completed and ready to convert hogs and cattle to cured meats.

The presentation of Peck's Bad Boy Thursday night was witnessed by a crowded house and furnished a feast of comedy enjoyed by all. The entertainment is calculated to soothe the spirits and excite laughter and it succeeded to an eminent degree. All the characters were well taken and one especially grotesque creature, made up with false ears and nose and skillfully applied paint, drew a lot of laughter from those least susceptible to it. The exercise of laughing is healthy and restorative and worth encouraging.

A grand masquerade ball was given by the Sons of Herman in the opera house Tuesday night. There were about 150 participants, all wearing ingeniously designed costumes. In addition, a large gathering of spectators filled the gallery and enjoyed the occasion. The dancers partook at 11 o'clock when many uncertainties as to the identity of different ones, were settled to the merriment of all. At midnight an excellent supper was furnished at the Elite Cafe. Dancing continued until 3 o'clock, the next dancing and all who attended pronounced the event an unqualified success in all respects.

Superintendent Bright reports that there is a scarcity of teachers in the county, notwithstanding that wages have advanced on an average of \$5 within the last year. Teachers' salaries, however, are still low in comparison with those paid in other lines of employment and people are not apt to drill to the nerve-racking work of drilling ideas into youths if more profit can be made in doing something else. Time was when the profession was overcrowded, but it passed with the hard times. When wages increased in all branches of the school room, teachers turned attention to other channels, and now enrollment will have to be swelled considerably to make the supply equal to the demand.

The directors of the First National Bank of this place held their annual meeting and election of officers on Tuesday. The bank's business was found to be in a flourishing and satisfactory condition. All the former officers and directors were re-elected with the exception of Robt. E. K. Mellor, who has removed from Wayne, and whose successor as director was chosen in the person of H. S. Ringland. The list of officers and directors now stand as follows: J. M. Strahan, president; Frank Strahan, vice president; E. F. Wilson, cashier; H. S. Ringland, assistant cashier; J. M. Strahan, Geo. Bogart, Jno. T. Bressler, Frank E. Strahan, Frank Fuller, H. S. Ringland and H. F. Wilson, directors.

Bert Brown and Chas. Beebe, who have worked together in the clerk's office the past four years, have made a deal for the purchase of the general store of Chas. Robinson at Carroll and expect to take possession of the business the first of next month. Messrs. Brown and Beebe have gone to Carroll today to attend to some details completing the transaction. The store is well located and has enjoyed a big volume of business which will undoubtedly be maintained by the clearing methods of the new proprietors. Both have spent nearly all their lives in Wayne and are esteemed by everybody for their strict integrity and obliging manners. Their host of friends here will regret to see them move elsewhere, but will wish them an abundant measure of prosperity and happiness in their new field.

Rev. Wright conducted chapel devotions Friday morning and gave the students the benefit of a talk that was greatly appreciated because it did not contain the patent presented as if it were profound nor the commonplace as if exceptional.

Miss Bailey has been enjoying a visit this week from her brother, of Granton, S. D. Mr. Bailey has been in Tennessee for the past year but declares himself better satisfied with South Dakota sunshine and prosperity than Tennessee gold and poverty.

About fifty young gentlemen and ladies, members of the students' class of the M. O. I. S., were entertained at the hospitable home of Mr. J. W. Wright last Saturday evening. They are all agreed that the occasion was one of the most pleasant experiences they ever enjoyed. A SMALL-SIZED RIOT

THREE MEN CAUSE DISTURBANCE IN A CHURCH.

Pittsburg Priest Declares He Knows They Were Implicated in the Plot to Kill President McKinley

Pittsburg, Pa.: Three men created a small-sized riot Sunday in the St. Casimer's Lithuanian Roman Church...

The occasion for the trouble was a meeting to arrange for the work in the parochial schools of the church.

Immediately there was confusion. The speaker was joined by two others, and standing in the pew defied the men of the meeting to attack them.

After two hours in session, the time being taken up as it has heretofore been, the speaker declared that the conditions, the caucus adjourned to meet next Wednesday.

DEADLOCK STILL ON

Iowa Delegation Holds Futility Judgment

Washington, D. C.: Eight ballots were taken Friday by the Iowa delegation concerned in the selection of a successor to Judge O. P. Shiras, but without results.

The delegation, consisting of Senators Allison and Dolliver and Representatives Thomas, Cousins, Cunniff, and Haugen, met in Senator Allison's rooms at 3:30 o'clock and began where they had left off when the holiday recess was taken.

A number of the delegates had gone home during the holidays and it was thought that through contact with their people a new light might dawn when they returned to the capitol, but the fruitless ballots showed that the anticipated instructions had not been followed.

It was expected that Judge Bissell would vote for State Senator Healy, being a change from Dawley, but no confirmation of this change could be verified.

TRAIN HITS A STREET CAR

Number of People Awa Kuet in Accident in Chicago

Chicago: A street car on the Center Avenue electric line was struck Thursday evening by a train on the Peoria & Rock Island at Fifty-ninth Street.

The car was filled with people, and a few of them escaped injury, although none was fatally hurt. Eleven people were taken to their homes by the police ambulances and about as many more were slightly cut by flying glass, departed before their names could be ascertained.

The engine struck the car squarely in the center, hurling it to one side, wrecking a switch shanty and breaking off a telegraph pole.

Fire started from the overturning of a stove in the wreckage, and some of the people who were struck by the debris were for a time in danger of burning. Slippery rails is given as the cause of the accident.

Courts: Girl Under Duress—Courtship Appended to Release Her Attention of Persistent Suitor—Quadruple Case at Hastings.

When County Judge Douglas of Hastings learned that a young woman had been a ward of the Wilcox, was invited to visit for a time at the Falls farm, where she met Richard, who boarded there. Though the teacher-pracher is 40 years old, he was much commended of the comely girl and had frequent meetings with her with fond attentions, though she says she gave him no encouragement and promptly refused his offer of marriage.

EX-PRIST DIES IN BROTHEL

Former Divine Ends Life by Turning on the Gas

The Omaha police came upon a shocking tragedy in the suicide of Patrick C. McDonald, formerly a Catholic priest, in a brothel. The former divine was lying on a bed, in which the covers were not turned back. Two gas jets turned wide open and a gas stove moved to the side of the bed so that the fumes would ascend directly to his nostrils.

McDonald was pastor of St. Bridget's Church in South Omaha. A truck deal in real estate a few years ago was the cause of his downfall. He earned \$40,000 on the transaction and accepted the money by a check on the bank. The money was suddenly revealed. Richards is an unmarried man, a school teacher and preacher.

President's Canal Message

President Roosevelt has laid before Congress a special message regarding the isthmian canal. The President's argument may be summarized as follows: Colombia's refusal to ratify the Hay-Herran treaty was part of a scheme to confiscate the property of the French canal company and to obtain the \$40,000,000 authorized by the act of Congress of 1892 to be paid for the property of that company, in addition to the compensation to be paid by the United States of the privilege of completing the canal.

The most noticeable of all conditions at the present time in the great West, he states, is the almost unbroken continuance of the high tide of prosperity.

**Domestic Troubles.**  
It is exceptional to find a family  
where there are no domestic ruptures  
occasionally, but these can be lessened  
by using Dr. King's New Life Pills  
constantly. Much trouble they save by  
their great work in Stomach and Liver  
troubles. They not only relieve you,  
but cure. 25 cents at A. F. Lane's  
Drug Store.

**Just One Minute.**  
One Minute Cough Cure gives relief  
in one minute, because it kills the in-  
flamation which tickles the mucous mem-  
brane, causing the cough, and at the  
same time clears the phlegm, draws out  
the inflammation and heals and soothes  
the affected parts. One Minute Cough  
Cure strengthens the lungs, wards off  
pneumonia and is a harmless and never  
failing cure in all curable cases of  
Coughs, Colds and Croup. One Minute  
Cough Cure is pleasant to take, harm-  
less and good alike for young and old.  
Sold by E. J. Raymond.

**Saved From Terrible Death.**  
The family of Mrs. M. L. Bobbitt of  
Burgerton, Tenn., saw her dying and  
were powerless to save her. The most  
skilled physicians and every remedy  
used, failed, while consumption was  
slowly but surely taking her life. In  
this terrible hour Dr. King's New Life  
Pills for Consumption turned despair  
into joy. The first bottle brought im-  
mediate relief and its continued use  
completely cured her. It's the most  
certain cure in the world for all throat  
and lung troubles. Guaranteed by Dr.  
King and \$1.00. Trial Bottles Free at  
A. F. Lane's Drug Store.

**Cured After Suffering 10 Years.**  
B. F. Hare, Supt. Miami Cycle &  
Mfg. Co., Middletown, O., suffered for  
ten years with kidney trouble. He spent  
hundreds of dollars for medicine and  
doctors without receiving any perma-  
nent benefit. He says, "One night  
while feeling exceptionally bad I was  
about to throw down the evening paper  
when I saw an issue of the paper regard-  
ing the merits of Kodol Dyspepsia Cure.  
I concluded to try it and while I had no  
faith in it I felt better after the second  
dose. After using two bottles I am  
stronger and better than I have been  
in years, and I recommend Kodol Dys-  
pepsia Cure to my friends and acquaint-  
ances. It has cured my chronic stomach  
trouble." Sold by E. J. Raymond.

FACTS WORTH MENTIONING BY  
DR. CALDWELL

Several years ago, while in private  
practice, I was called to attend a  
case of a young man who had been told so  
and had not had experience enough to  
know better. After a while I discovered  
a valuable plan of treatment in certain  
cases, and fortunately obtained a large  
number of patients, enough to fully sat-  
isfy me and prove its success. I there-  
upon prepared a lengthy paper upon the

subject and read it before the state medi-  
cal society. What was the result? A  
half a dozen members took the floor to  
say what the treatment had been for a  
hundred years back, and to claim that  
the old treatment, though unsuccessful,  
should be continued, notwithstanding  
that the new treatment had been succes-  
ful. I thought differently and continued  
to use the new method, and made re-  
markable cures of cases that had been  
pronounced incurable. My business in-  
creased rapidly as each person that I  
cured told some friend, who came in  
tired and was cured. Each person ad-  
vised me a little. What then? In  
this large city there were not more than  
400 cases of the kind. I cured every  
case that came to me and then had  
nothing to do except the ordinary busi-  
ness of a local physician. I knew there  
were hundreds and thousands of others  
elsewhere who might be cured if they  
only knew and could be cured. Every

I advertise because I have something  
worth advertising. I have made myself  
competent by years of special study and  
experience, and by the expenditure of  
large sums of money. By advertising I  
enable them to know what I can do. I  
thereby reach thousands, who, given up  
by local physicians, or unsuccessfully  
treated, give themselves up as incurable.  
I cure them and thereby enlarge my  
field of usefulness. By no other way  
than advertising could these people have  
known that they could be cured. Every  
thrifty and prosperous business in life,  
save those of law and medicine, adver-  
tise freely. Lawyers do not, for they  
only use in their business what others  
have made for them years before. They  
only do what has been written. "Reg-  
ular" doctors do not advertise for the  
same reason. They have nothing new,  
nothing which some one else has not  
written or told them of, they get their  
knowledge from the books. A man may  
read medicine until he is blind and then  
know nothing of it. To be successful  
he must apply his own mind. Make his  
own research, and do that he must  
have room and opportunity. He must  
have cases, hundreds of them, and com-  
pare results. If he does not do this he  
is a machine without novelty, skill or in-  
genuity, still plowing with a wooden  
plow, still traveling on foot or horse-  
back, and ignoring the advantages of  
steam, living but not learning. The  
shine is true of a lady doctor.

Below you will find published the names  
and address of some of the most re-  
spected curers that I have made. These  
people's afflictions were, under the ordi-  
nary physician's care, considered hope-  
less, and no prospect for a cure, but
