IN THE VICINITY.

Miss Nannie Bryan, sister of W. J. Bryan, died at Lincoln Saturday afternoon.

More than 200 lovers of dancing participated in the firemen's ball at Emerson on the evening of the 22nd ult.

There is talk of a second paper being started at Allen by E. E. Shunkelford, former publisher of the News at that place.

Joseph Zajlock, a pioneer resident of West Point, and one of the leading Bohemians of the state, dropped dead at his home Sunday noon.

Wava Garwood, of Carroll, was married on the 23d ult., at Akron, Ohio, to Miss Ollie Cope, of the latter place. The young couple will locate at Carroll after visiting relatives in Ohio.

The Winside Tribune is agitating the question of building a new school house at Winside. The old one is no longer able to ward off severe blasts of weather like that which came along last week.

Judge Elmers, of Dakota county, was called on to marry a couple of Winnebagoes last week. They wanted to wed according to law in order to protect themselves in the matter of real estate possessions.

The capital stock of the company which proposes to build the electric railway from South Sioux City to Homer has been increased from \$500,000 to \$1,000,000, and it is announced that the line will be built as soon as possible.

Warner Starr, father of the populist party of Dixon county, called a meeting of any who may have remained constant in the faith, to be held in Allen last Monday, to try and figure out where the organization "is at" and decide on future action.

The co-operative creamery at Ponca has been somewhat of a failure because the Hanford Produce company of Sioux City worked the field and farmers in the neighborhood did not take sufficient interest in the local enterprise. It is now proposed to lease the creamery to the Sioux City company.

Letting the contract for the rebuilding of the asylum at Norfolk will be delayed until spring when it is believed that 20 per cent. can be saved on the cost of construction. Thus, the delay will accrue to the benefit of the institution in providing better buildings from the amount of money appropriated.

Mrs. Dietrich Medricks, who lived twelve miles north of Wisner, suicided by hanging herself early Sunday morning. She had got out of bed, dressed herself and gone to the barn and committed the rash act while her husband was asleep. It is thought she was mentally deranged, due to grieving over a fancied wrong she had done a neighbor.

Died, David Krouse, aged 80 years. He was on his way out to his son Edward's home Sunday when he suddenly threw up his hands and never was able to speak again, dying that night about 11 o'clock. The old man had lived for years in a little house in the east part of town, all alone and was quite a familiar figure on our streets during the summer time. He was buried Tuesday afternoon in the Winside cemetery.—Winside Tribune.

Young man, don't look for snaps. There are plenty of chicken, teeth, pig-dons' milk, nuggets of radium and the like to be had, but no snaps. What looks like a snap is only the result of somebody's hard work and discriminating intelligence, evolved after long hours of toil. Any young man can

come into possession of one of these positions, but the one who does, and holds it, does not regard it as a snap.—Fremont Tribune.

When a man grown, is brought before the court charged with making undue propositions to an infant—a little girl six or seven years of age, the general public very often forgets to respect law and order. What might have occurred here in Lynch Monday when a depraved individual was brought to town for a hearing, matters not. He was bound over to the district court and falling to give bonds was lodged in the county jail. One so devoid of common decency and sense should be taken care of for all time to come. The stolidity of such a deplorable wretch has made him an inhuman monster.—Lynch Sun.

G. A. Luikhart, one of the leading citizens of Norfolk, was run over by a horse on Norfolk avenue Saturday afternoon and perhaps fatally injured. In dodging to get out of the way of one team, he stepped directly in front of a spirited horse driven by August Senulz. Mr. Luikhart was knocked down and the horse, sharp shod, trampled on his face and head, mutilating the flesh and fracturing the skull. Mr. Luikhart is president of the Citizens National bank of Norfolk, president of the commercial club of that city and one of Nebraska's leading democrats. He was a member of the legislature from Madison county at one time. He is well and favorably known and his great misfortune will be generally regretted.

It is reported that a jar of butter was found near Decatur last week in a spring where it had been placed to keep it cool forty-six years ago. Old settlers remember that the jar of butter was put in the spring and that it could not be found when the owner sought a chunk for the purpose of lubricating a frying pan, concluding, then, that the Indians had stolen it. Evidently it had sunk in the spring and the past summer's unusual moisture loosened it from the sand and caused it to rise. A hunter, in quest of game in the vicinity of the spring, made the discovery. A crust had formed over the butter, but it is not stated whether age has injured its social standing among butter of a later vintage or not. The butter was taken to a store in Decatur and identified by those who remember the incident forty-six years ago.

A FAMILY REUNION.

The illustrated section of Sunday's Omaha Bee gave a picture of the eight Owen brothers, three of whom live in Wayne county, and the following account of their family reunion:

"A very pleasant family gathering took place on New Year's day at the residence of D. M. Owen, 1906 North Twenty-eighth street, Omaha, when seven brothers responded to an invitation issued by Mr. Owen to take New Year's dinner at his home. The following were present: H. E. Owen, Norfolk, Neb.; Edward Owen, Wayne, Neb.; John E. Owen, Wayne, Neb.; William Owen, Laramie, Wyo.; Geo. B. Owen, Colorado Springs, Colo.; Lewis M. Owen, Wayne, and Frank K. Owen, Carroll, Neb.

This was the first time in twenty-seven years that the family of eight brothers had met together. They were all born and raised at Kaneville, Ill., where, with a widowed mother, they spent their boyhood days on a large farm, but as they reached manhood, the west offered inducements and they drifted westward, one by one, until now they are all permanently located in Nebraska, Wyoming and Colorado—successful business men and prosperous farmers. D. M. and H. E. Owen are of the firm of Owen Bros., who are well and favorably known among railroad circles. John Owen is also engaged in railroad contracting and has one of the finest farms in Wayne county, Nebraska. Edward, Lewis, Frank, George and Will devote their time to cattle raising and farming interests."

GUYTON A. JOHNSON
Mere Majestic Steel and Malleable Iron Ranges in use in Wayne county than of all other makes combined; and the first one sold here is doing good work yet. Why buy something you know nothing about, only what the dealer tells you, when you can find out by asking your neighbor about a majestic, after years of faithful service.

ACTION FOR KILLING A DOG.

Wm. Roberts, who resides a few miles northwest of Wayne, came to town Monday night and swore out a warrant against a man who passed his place earlier in the evening in company with two other men and killed his valuable dog. The three men were moving from near Shobles to Craig. When they passed Mr. Roberts' house, the latter's dog, seeing a dog following the movers and probably wishing to fraternize with it, let out a series of barks, remaining, however, as Mr. Roberts alleges, in the yard. Whereupon one of the party pulled up his gun and fired at the dog, silencing its voice forever.

On complaint of Mr. Roberts Judge Hunter issued the desired warrant and Sheriff Meare promptly went after the offending individual, who, with his companion, had gone to bed at the Perrin hotel. Thus, the accused and the accuser were soon brought face to face and after a little wrangle as to where the dog fell and what its motives were, signs of a peaceful adjustment appeared. Finally, the guilty party paid \$5 to Mr. Roberts and the action was dismissed.

WAYNE ROOSEVELT CLUB.

The Wayne Roosevelt club was organized at Craven's gallery, as per previous notice, Saturday evening when a large number of representative republicans gathered there for that purpose.

Judge Hunter was elected temporary president and E. A. Lundberg temporary secretary.

A motion prevailed that the officers of the club consist of president, vice president, secretary and treasurer, and an executive committee comprising nine members, four of whom shall be the other officers of the club.

The president, vice president, secretary and treasurer shall be elected by the club at such time and in such manner as the club may determine, and the executive committee shall be appointed by the president.

Officers were elected as follows: E. Hunter, president; E. A. Lundberg, secretary; A. R. Davis, vice president; D. C. Main, treasurer; C. M. Craven, W. H. McNeal, F. J. Gregg, Dr. J. J. Williams and A. J. Welch, appointed members of the executive committee.

A committee on organization was authorized, to consist of the secretary of the club and chairman and secretary of the county central committee and four others, to be appointed by the president.

It was decided that Roberts' rules of order be used when not in conflict with by-laws of the club.

Expenses of the club are to be met by voluntary contribution.

Any voter may become a member of the club by signing the roll.

Meetings are to be held at the call of the president.

"HIT AT 'KNOCKERS'."

The Weeker Herald has this to say about "knockers":

"Hair-splitters, fault-finders and chronic 'knockers' are a menace to the prosperity of a town. The man who takes pride in his village or city, and who is ever ready to give a portion of his time and a share of his means to its advancement, is a specially intelligent and morally the highest type of citizen and his village to the community cannot easily be measured. Civic pride manifests itself in a jealous regard for the honor and fair name of the community, a true devotion to its interests and a desire that it may advance in all good and proper ways. The town in which a majority of the inhabitants are moved by these impulses is sure to be attractive and pleasant and profitable place in which to reside. It is a triumph in social and political economy that the good of the many is the ultimate good of the individual; hence, when the people of a community make their first desire the advancement of a common object—harmony and progress—they are building on a sure foundation and helping themselves while helping others. A live, progressive village has no room for skulkers and iconoclasts."

The Cornish Opera Company is headed by a number of well known opera artists. The prima donna, Miss Emma D'Alto, has had a large experience in comic opera productions, having been with the Castle Square Opera Co., Boston Ideals, and other well known companies. Mr. Charles N. Holmes the tenor, has been with such companies as Alice Neilson, Fay Templeton, etc. Mr. E. L. Graves has no equal. Mr. Graves has been with the New York Casino Co., The Highways, etc. Mr. A. L. Jackson, the baritone, came from the Castle Square, Boston Lyric Co. etc. Miss Marie F. Dixon, the contralto, has been with the Castle Square Opera Co., Elrodora, etc. Miss Jessie Richards, the soprano, is as cute as a chip, and with Mr. R. Rayner, bass, Miss Robertson, soprano, and Mr. Ralston, tenor, goes to make up a complete cast as has ever been seen in comic opera. At opera house February 9th, presenting the beautiful opera "Chimes of Normandy."

Why Not Do It Right.

There is no excuse for wearing poor fitting clothing. If you want to have your suit made to order don't expect to have it fit unless an expert clothing man takes your measure. To take a measure for a suit and get it in style, and a fit, requires experience. We have had experience and know all about how a suit should be made, and if you leave your measure with us you will get a fit and the latest style. Anyone can take your measure for a suit, but how will it look is a question to be answered. It costs no more to have us take your measure and then you are certain it will fit and is in style. The right way to do anything is to have someone do it who knows how. We know how to make suits to order that always fit and please. A great many so-called made-to-order tailors are frauds. Every suit we take measure for is made to your measure and we guarantee a fit or no sale. Why not do it right and let us take your measure and get a stylish suit and a perfect fit? Spring samples just arrived. Call and see them.

Points to Remember

If you buy a SINGER, you get the best. There is a great difference in the cost of making a sewing machine as there is in making a watch. A cheap watch will indicate time with fair accuracy for a short time; fairly good watches can be done on some of the old patterns of cheap sewing machines, when they are new, but they work hard, are noisy and soon wear out. Every Singer machine is tested by actual sewing at the factory. It is always ready for every kind of stitching and will do better work and do it longer than any other brand because it is of better design and construction. Test these assertions by trial. Apply at any Singer Store located in every city in the world.

The farmers' institute takes place here next Friday and Saturday and the ability of the speakers and the importance of the subjects which they propose to treat, should attract a full house at each session. The discussion should be made lively by general participation. An exchange of experiences and ideas is profitable, and a conflict of opinions is not undesirable, for it arouses interest and enthusiasm and results in broader knowledge. No one is so exceedingly smart that he cannot learn something by taking part in a discussion or listening to one. Let both farmers and townspeople arrange their affairs so they can attend.

The commissioners' proceedings, published elsewhere in this paper, state substantially that the county publishing, aside from tax list, has been awarded to the three papers for one-ninth of the legal rate. This is evidently a mistake and will doubtless be corrected by the board. The HERALD understands the intention was to award the printing to the three papers and divide the legal rate equally among them, being one-third for each. The papers would not be expected to accept less. The HERALD mentions this to correct any impression conveyed by the proceedings that local publishers are disposed to manipulate reasonable prices.

The farewell reception given for the families of Chas. Beebe and Bert Brown in the M. E. church last Thursday evening was attended by a large crowd. An hour of general sociability was followed by a program of speeches and music. Mayor James Britton, Prof. J. M. Pijo, E. A. Lundberg, Fred Volpp, Mrs. J. M. Pijo and Rev. Thos. Wright gave appropriate addresses in the order named, all, in the course of their talks, commending the high standing of the two families and expressing regret over the prospect of their removal. Mr. and Mrs. E. A. Johnson sang a duet, Miss Alma Farr sang a solo, and Mrs. Sudgrass and Miss Effie Buffington rendered selections from the organ. The occasion reflected deserved honor on Messrs. Beebe and Brown and families, and attested to the high esteem in which they are held. They go to their new homes at Carroll accompanied by the good wishes of all.

State Superintendent Fowler was unable to get to Wayne as announced last week, but arrived yesterday morning and spent the day inspecting the college and visiting the city schools. He found conditions at the college fully up to his expectations and noted nothing which would prevent the issuance of state certificates to our graduates. He was highly pleased and his visit will prove beneficial to the college.

In Bezug auf die Lage im fern Osten befinden wir uns in einer Stellung des Ganges und Bangens. Bald lauten die Nachrichten kriegerisch, bald freundlich. Rußland treibt teils eine Politik der Verschleppung, teils eine solche der Verblüffung. Beides aber mit der Absicht Zeit zu gewinnen sich für alle Fälle fertig zu halten. Rußlands Kriegskräfte haben eine Anzahl Abstreifen von Stapel gelassen. Dieselben sollen darthun wie unerschöpflich Rußland ist an Wehrkräften, dies ist nicht im Hande ist nur einen Bruchteil seines jungen Nachwuchses in Dienst und Ausbildung zu stellen und wie infolge dessen eine so ungeheure Stärke der Reserve, Vorrathe und Landflotte vorhanden. Das läßt sich wohl ganz schön anhören und auch lesen; aber Krieg kostet Geld, wieder Geld und -eternals Geld und dies ist in Rußland nicht in so großer Fülle vorhanden; ja man könnte fast die Rußischen Staatskassen mit der Stärke der Rußischen Militär Reserve vergleichen. Hatte der Staatsschatz einen solchen Reservefond wie der Kriegs-Minister über einen Reservefond der Soldaten zu verfügen hat, so wäre die Sache für die Amerikaner und Angreifer-Politik -Widerstand viel günstiger. Dazu ist die Stellung so wohl als die wirtschaftliche -Verhältnisse Japans durchaus nicht zu verachten. Vize-Minister der Kriegskunst für Japan warren die Denshiter; nicht nur gingen seit Jahren eine Anzahl Unteroffiziere und Offiziere höherer Stellungen nach Japan das Heer zu reorganisieren und auf europäischen Standpunkt zu bringen, auch eine ganze Anzahl aufgeweckter junger Japanesen, wurden beifalls militärischer Ausbildung nach Deutschland geschickt. Wohl kann Japan mit seinen 46,000,000 Einwohner nicht die mächtige Armee wie Rußland aufbringen, es hat dafür auch kein Bedürfnis und Veranlassung, denn es ist nicht in allen Zonen mit Völkerbesitz besetzte Land wie Rußland. Seine insulare Lage zwingt es eine gute Kriegsmarine zu haben. Und die Entscheidung in einem Krieg zwischen Japan und Rußland würde doch zur See stattfinden. Für Rußland wären in einem Krieg mit Japan ziemlich schwierige Steine des Aufhofes vorhanden. Der Militärtransport hätte teils auf Schiffen, teils auf der transsibirischen Bahn zu geschehen und mit viele Kosten und Opfer an Menschen gebracht werden müssen bevor die russische Armee überhaupt am Kriegsschauplatz erscheinen könnten, mer will und kann das sagen? Und sollte Rußland militärisch Sieger werden -im Streit, so könnte der Sieg ähnlich werden wie der Engländer in Südafrika.

SPECIALIST OF REPUTATION
YEARS OF SPECIAL PRACTICE AFFORDING EXCELLENT OPPORTUNITIES.
FACTS WORTH MENTIONING BY DR. CALDWELL
Several years ago, while in private practice, I thought it worth my while, simply because I had been told so and had had no experience enough to know better. After a while I discovered a valuable plan of treatment in certain cases, and fortunately obtained a large number of patients, enough to fully test my plan and prove its success. I thereupon prepared a lengthy paper upon the subject and read it before the state medical society. What was the result? A half a dozen members took the floor to say what the treatment had been for a hundred years back, and to claim that the old treatment, though unsuccessful should be continued, notwithstanding that the new treatment had been successful. I thought differently and continuing to use the new method, and made remarkable cures of cases that had been pronounced incurable. My business increased rapidly as each person that I cured told some friend, who came in turn and was cured. Each person advised me to advertise. What then? In that large city there were not more than 400 cases of the kind. I cured every case that came to me and then had nothing to do except the ordinary business of a local physician. I knew there were hundreds and thousands of others elsewhere who might be cured if they knew how; and I advertised. I cured hundreds of others, and have advertised ever since. I have relieved more suffering, cured more patients, made more people happy, and done more good generally because I have told the people what I can do, and I shall go on with the good work as long as my strength will permit.
I advertised because I have something worth advertising. I have made myself competent by years of special study and experience, and by the expenditure of large sums of money. By advertising I place before the people the facts which enable them to know what I can do. I thereby reach those who have been up by local physicians, or unsuccessfully treated, give themselves up as incurable, and then advertise. By no other way than advertising could these people have known that they could be cured. Every sharp and pro-ven business man in life has those of law and medicine, advertise freely. Lawyers do not, for they only use in their business what others have made for them years before. They only do what has been written. "Regular" doctors do not advertise for the same reason. They have nothing new, nothing which some one else has not written or told them of, they get their knowledge from the books. A man may read medicine until he is blind and then know nothing of it. To be successful he must apply his own mind. Make his own researches, and to do that he must have room and objects to study. He may have cases, hundreds of them, and compare results. If he does not do this he is a machine without novelty, skill or ingenuity, still plowing with a wooden plow, still traveling on foot or horseback, and ignoring the advantages of steam, living but a mere brute. The same is true of a lady doctor.
Below you will find published the names and addresses of some of the recent cures that I have made. These people's afflictions were, under the ordinary physician's care, pronounced hopeless and prospects for a cure dark.
Sophia Kran, Albion, Neb., cured of a bad skin disease.
Mrs. L. Tinsley, David City, Neb., cured of female trouble and female weakness.
Mrs. E. A. Steiner, Wayne, Neb., cured of female and nervous troubles.
Mr. C. T. Malloy, Meadow Grove, Neb., cured of heart trouble and bronchial and nervous troubles.
Mrs. C. Linn Howkins, Neb., cured of ovarian troubles and female weakness.
Mrs. J. H. and Mrs. A. H., Neb., cured of bronchial troubles, enlarged liver and dropsy.
Mrs. J. H. and Mrs. A. H., Neb., cured of skin disease and kidney trouble.
Mrs. D. W. Burr, David City, Neb., cured of enlarged liver and dropsy.
Mrs. J. H. and Mrs. A. H., Neb., cured of general debility, enlarged liver and pain in chest.
