AUTOMOBILES IN PARTICULAR

The Protest Against Their Reckless Lapses and Propose to Take Legal Steps Unless Greater Care is Exercised to Avoid Endangering Those Who Travel by Team—Resolutions Passed.

There was a mass meeting of farmers in Wayne Saturday to talk over the dangers of automobiles, traction engines and bicycles and take action to prevent their reckless use on the public thoroughfares. It is claimed that these innovations in modes of conveyance endanger, if not carefully managed, the lives and property of those who travel by means of the time-honored horse. One farmer says that after enduring the hardships of pioneer life and hoofing it and driving oxen, he has been able of late years to enjoy the luxury of a buggy and doesn't now want that pleasure hooked in the head by misuse of these new-fangled contrivances. The following resolutions, signed by about 140 citizens, explain the feeling and intention of those who attended the meeting:

Whereas, automobiles, traction engines, and bicycles are operated upon the public highways of Wayne and vicinity, in such a manner as to frighten teams or endanger the safety of travel in the ordinary manner to life, body and property, and whereas the law requires all persons who operate such vehicles of an unusual character, of such as are likely to frighten horses, to provide for the public against such danger, and if necessary, employ a sufficient number of persons to give warning to persons traveling on the highway in the ordinary manner, and if need be, to assist teams in passing such vehicles, and whereas by the statute of the state of Nebraska, it is made a misdemeanor punishable by fine and imprisonment to run horses or carriages at a high rate of speed upon the public highways of the state of Nebraska;

Now therefore, in order to promote the safety of travel on the public highways to ourselves, our families, and our neighbors, when traveling in an ordinary manner, Be it resolved:

1st. That we do hereby pledge ourselves to unite and share in the necessary expense of prosecuting all persons violating the law in respect to the use of the public road, in any manner endangering the life or the property, by negligent use of vehicles on such roads in such a manner as to frighten horses.

2d. That we also pledge ourselves to aid in the expense to recover by any person damaged in body or property by the use of vehicles tending to frighten horses on the public road, irrespective of the amount of such damage.

3rd. We do respectfully request the mayor and the council of the city of Wayne, to enact an ordinance limiting the speed of automobiles upon the public streets of the city of Wayne, and require the operator of the same to slacken his speed on meeting teams, and if necessary to avoid the frightening of such horses that they stop such vehicle until said teams have passed, and that the same precaution be used in passing a vehicle to which a horse or horses are attached while persons are getting in or out of the same.

We do hereby most respectfully request the merchants and business men of the city of Wayne, to join with us in our efforts to provide for the safety of travel on the public highways leading to the city and to their respective places of business therein.

PARCELS POST LAW. (Fremont Tribune) A few days ago a petition was circulated among the merchants of Fremont protesting against the enactment of a parcels post law by congress, the document to be forwarded to Congressman McCarthy to lay before the lower house, of which he is a member. In response to a letter on this subject written by E. R. Gurney, Mr. McCarthy says: "Replying to your favor of the 14th inst. I will say that petitions from your retail merchants have not been received yet, but that I am opposed to the parcels post bill, just the same. Nobody wants it but the large department stores and the daily newspapers which they have subsidized. It would confer no lasting benefit on the farmer, drive prosperity from the little towns throughout the rural districts, and what would the farms be worth, or who would want to live on them? The interests of the farmer and the interests of the merchant in his home town are identical, and anything that injures one is sure to injure the other."

A Story of An American Girl.

BY MATTIE DYER BRITTS.

CHAPTER XVI.

The ride to Lexington Junction was a short one. Vance was so agitated by what he had just heard that he scarcely cast a glance at the beautiful Kentucky hills over which he was passing; though decked in the gorgeous robes of russet, purple and gold which they were just wearing, they were well worth more than a glance. At the Junction he changed cars for Cincinnati. By the middle of the afternoon he stepped from the car in the long dark depot of the Queen City.

A bewildering number of trains were standing on a spliter-Web of tracks, puffing and hissing for the start, like a legion of huge, coughing animals, gathering their forces for a spring from their underground lair. He hastened to his train, found a comfortable seat, disposed his valise under his head for a pillow, and was soon enjoying a cozy nap by way of compensation for his early rising.

It was growing dusk when the cars finally stopped in the Union Station at Washington, D. C. Vance took a cab to the National Hotel, where he ate a hearty supper, and, being very weary with riding so long, went early to bed. He was quite impatient at even the few hours' delay which he could not well avoid, having told them at home that Washington was his destination.

Resolving to make it as short as possible, he called upon his agent, proceeded to a breakfast next morning. After a few minutes' consultation, he gave Mr. Taylor instructions regarding his property, and in one hour concluded the business which could have been done equally as well by letter, had he chosen to do that way.

Without waiting to see one of the interesting sights of Washington, Vance took the noon train for Philadelphia, and from there proceeded to the beautiful, mountainous hills connecting Maryland and Pennsylvania.

In Philadelphia he only paused long enough to eat a good dinner, then boarded the train for New York City. But he did not stop in New York at present. It would be time enough to buy the diamonds on his way home, so he resolved to take the next train to New York.

A few hours' journey from New York, and he stood once more in the grand old "City of Elms," where his happy, careless college life had been passed, and around which still lingered so many pleasant and a few painful memories.

He went at once to a hotel where he had stopped before, and called for a room. And now he was sadly at a loss how to take the next step. He had no money on him. He had pocketed much on what Sam had revealed. Since he came to think of it, he could see that there was indeed a strange change in Myra—that she had grown thin, pale and sad before their very eyes; yet no one had dreamed of connecting Mr. Louis Le Dru with the facts.

Vance sat down and wrote the whole story to his faithful friend, Florry, bidding her keep it until he came, or reveal it now, as circumstances seemed to direct. He went out and posted his letter, and then began seriously to look about him.

In passing a fine building on Third street, he saw, upon a sign, a familiar name. It was Herbert, Attorney and Counsel-at-Law.

"The very man!" thought Vance. "If I remember aright, Billy Herbert worked at Burke's with Louis. What a lucky chance, the very first thing."

No, Vance; not chance, but a kind Providence, directing the steps which human wisdom failed to guide.

Vance went at once to Herbert's office. The lawyer recognized him at once, and gave him a cordial welcome.

"I declare, Douglas," said he, "I never thought of seeing you again."

"I had no idea of being here, a few days ago," said Vance. "But business brought me East, and I had a desire, being so near, to visit the old camping ground."

"Just right," said Mr. Herbert. "There is nothing gives me more pleasure than to meet my old class fellows. See here, Douglas, you must make my house your home while you stay. We have plenty of room, and my wife will be delighted. Tell me where you stop and I'll have your traps sent round at once."

"Thank you, but I don't think you would accept my invitation with pleasure, but as I only expect to remain in the city a few hours, it would hardly be worth while," said Vance. "But I must visit several other points, and return to Kentucky as soon as possible."

"Sorry to hear it. You can go home to chat with me, anyway, and have a chat over the roof. If I can't find a place for yourself in the office while I attend to a little matter of business, I'll go round with you."

"Certainly. Don't let me interrupt you in the least," said Vance.

He picked up a paper and pretended to read it, but his eyes were not with his eyes, upon the paper, but were far away, in the "old Kentucky home," with the loved ones there.

When Mr. Herbert was ready, Vance went with him to his handsome home, and was presented to his wife. Mrs. Herbert was a new, slightly thin girl, and Vance had never seen her before. She was a widow, and had a very pleasant, and proved herself a very entertaining hostess. After the excellent dinner, they naturally fell into a chat over old times. Vance resolved to make the most of his opportunity.

"I wonder, carelessly, what became of that shining young aristocrat fellow—Le Dru. I think his name was."

"Herbert heard of him long since," answered Mr. Herbert.

"I shouldn't think you would want to, remarked his wife, a sparkle in her pretty blue eyes which did not escape Vance.

"No, my dear," he replied. "He wasn't my style of man."

"Nor mine," responded Vance. "But I recalled him with the rest."

"Mollie, here, has no mercy on him," said Mr. Herbert, laughing. "He was as handsome a fellow, but none of us could think he would turn out the cold-blooded villain he did."

"Ah, how was that?" said Vance, concealing his deep anxiety.

"It was public talk; but most of it, I think, came out after your left. I'm not well-versed as to particulars myself. Do you remember Professor Burke? Did you know his wife and daughter?"

"I had a very slight acquaintance that was all."

"I suppose you knew they were left destitute and had to take boarders? Well, I boarded there for a while—so did Louis Le Dru."

"I don't recall that," said Vance, exercising the self-control, saw the contrast to this, just opposite the Northern freight depot. She takes in washing and ironing. Her name and trade are on a sign over the door, so you can't miss the place.

Vance touched his hat and departed, not with Miss Le Dru's courtesy grace, but with genuine gentlemanly courtesy and respect that the tired landlady returned to her monotonous round of duties wishing that some of her student boarders were like that young man.

"Vance had no difficulty in finding the old church landlady. By the time she was able to give him very little help indeed.

"Dunno, nuffin," tall 'bout de pore, 'bused lamb," said old Harriet, "cept that she tolme she war gwine to some place called Millbank to see fur a livin'."

"Twas on some railroad or 'nuther, but I dunno which. 'Deed, I haint sure as Millbank war de name of de town, but 'nother no name war it. I witer her one letter, but I haint nebbber got no word from her, an' I don't know 'nuffin 'bout what's become of de pore, dear child."

Seeing that he could learn no more of her, Vance took his leave. And old Harriet was the richer for his call—he saw that money would be acceptable here.

With a heavy heart he returned to his hotel and set down to the only comfort he now had—to write to Florence. It was very little he had to tell her, as yet. But he had made one important step forward.

He was sure that Mr. Le Dru had a wife. Like Mrs. Herbert, he did not accept the theory of the mock marriage. He believed it to be a real one, and he had discovered that Louis was a much greater scoundrel than he supposed him to be.

Yes, Louis Le Dru had a lawful wife—if she yet lived. There was no reason to believe her dead, and his next move must be to find her, and establish, beyond a doubt, the truth of what he had heard.

After all he retired to his couch somewhat encouraged. He had written to Mr. Le Dru in New Haven, and already he knew that he had not come all this distance merely to run a tilt at a windmill. (To be continued.)

CHAPTER XVII.

When Vance left his kind friends he promised to visit them again should he remain in the city any time. He went from Mr. Herbert's straight to 40 Blank street, and asked to see the mistress of the house. He was shown into a dimly lighted parlor, hung with faded curtains and furnished with old-fashioned furniture. She came in directly, a slender lady, tall and dignified, her hair, with "hand-lady" legibly written all over her tired face.

"Did you wish to see me, sir?" asked the woman, with a stiff bow.

"Yes, madam," Vance returned her bow, and with native courtesy placed a chair for her.

She sat down, a pleased expression dawned in her faded face at the unusual attention, and said in a more cordial tone:

"Perhaps you wish rooms, sir?"

"No, madam. I am not a student now, though I used to be one," answered Vance, pleasantly. "I called to make some inquiries regarding the former owners of this house, Mrs. Burke and her daughter."

"Mrs. Burke is dead, sir."

"I am awfully glad to hear that. Beyond it I know nothing," said Miss Burke, still over the house?"

"No, sir; I own it."

"Ah! I beg pardon if my seeming curiosity annoys you. But I have come a long journey to find Miss Burke. Do you know where she is?"

"I have not the least idea, sir. I did not buy the property directly of her, but of her son, anyway, and have a chat over the roof. If I can't find a place for yourself in the office while I attend to a little matter of business, I'll go round with you."

"Certainly. Don't let me interrupt you in the least," said Vance.

CHAPTER XXI.

When Vance left his kind friends he promised to visit them again should he remain in the city any time. He went from Mr. Herbert's straight to 40 Blank street, and asked to see the mistress of the house. He was shown into a dimly lighted parlor, hung with faded curtains and furnished with old-fashioned furniture. She came in directly, a slender lady, tall and dignified, her hair, with "hand-lady" legibly written all over her tired face.

"Did you wish to see me, sir?" asked the woman, with a stiff bow.

"Yes, madam," Vance returned her bow, and with native courtesy placed a chair for her.

She sat down, a pleased expression dawned in her faded face at the unusual attention, and said in a more cordial tone:

"Perhaps you wish rooms, sir?"

"No, madam. I am not a student now, though I used to be one," answered Vance, pleasantly. "I called to make some inquiries regarding the former owners of this house, Mrs. Burke and her daughter."

"Mrs. Burke is dead, sir."

"I am awfully glad to hear that. Beyond it I know nothing," said Miss Burke, still over the house?"

"No, sir; I own it."

"Ah! I beg pardon if my seeming curiosity annoys you. But I have come a long journey to find Miss Burke. Do you know where she is?"

"I have not the least idea, sir. I did not buy the property directly of her, but of her son, anyway, and have a chat over the roof. If I can't find a place for yourself in the office while I attend to a little matter of business, I'll go round with you."

"Certainly. Don't let me interrupt you in the least," said Vance.

He picked up a paper and pretended to read it, but his eyes were not with his eyes, upon the paper, but were far away, in the "old Kentucky home," with the loved ones there.

When Mr. Herbert was ready, Vance went with him to his handsome home, and was presented to his wife. Mrs. Herbert was a new, slightly thin girl, and Vance had never seen her before. She was a widow, and had a very pleasant, and proved herself a very entertaining hostess. After the excellent dinner, they naturally fell into a chat over old times. Vance resolved to make the most of his opportunity.

"I wonder, carelessly, what became of that shining young aristocrat fellow—Le Dru. I think his name was."

"Herbert heard of him long since," answered Mr. Herbert.

"I shouldn't think you would want to, remarked his wife, a sparkle in her pretty blue eyes which did not escape Vance.

"No, my dear," he replied. "He wasn't my style of man."

"Nor mine," responded Vance. "But I recalled him with the rest."

"Mollie, here, has no mercy on him," said Mr. Herbert, laughing. "He was as handsome a fellow, but none of us could think he would turn out the cold-blooded villain he did."

"Ah, how was that?" said Vance, concealing his deep anxiety.

"It was public talk; but most of it, I think, came out after your left. I'm not well-versed as to particulars myself. Do you remember Professor Burke? Did you know his wife and daughter?"

"I had a very slight acquaintance that was all."

"I suppose you knew they were left destitute and had to take boarders? Well, I boarded there for a while—so did Louis Le Dru."

"I don't recall that," said Vance, exercising the self-control, saw the contrast to this, just opposite the Northern freight depot. She takes in washing and ironing. Her name and trade are on a sign over the door, so you can't miss the place.

A MEASURE OF SUCCESS.

FRANCIS JEROME looked from his newspaper with a yawn. The train, which had been passing through a scrubby forest, where the snow still lingered, halted at a small town. One passenger entered the car. Jerome's wandering gaze was attracted by his face.

He looks familiar. It—why, it is Tom Jones, my classmate at Cornell.

The next moment the two men were shaking hands and both talking at once.

"No, I don't live up here in this desolate wilderness," Jones said in response to the other's query. "I am practicing law at Molyra. It's only a country town, but it has a future before it. I've been up this way on business for a client. Glad to get started for home, for it's Saturday, and I have been away from Nat and the boys all the week."

He laughed gayly. Jerome's lips curled under his blonde mustache. It was easy to place his old friend. He was a country lawyer and a family man.

"What of yourself?" Jones asked after a little. "You know the class of 1884 expected great things of you."

Jerome shrugged his shoulders. "What fools we were! It took me two years to get rid of the idea that it was my mission to make the world better. Then I burned my manuscripts, locked up my pen, and went into the wholesale grocery business in Chicago."

"You'd a wholesale grocer? I wish you had a little more of the future than a fortune. Are you married?"

"No, not time for that. My life has been a busy one. Just how I am taking the place of one of my traveling salesmen for a week. I often go on such a trip, visiting their regular customers and learning how well they do the work I pay them for. My next point is Monroe."

"We are almost there. It's a little box of a place, just a lumbering town."

"Yes, I'll get an evening train on to civilization. Well, good bye, Jones. Glad I met you. When you are in Chicago look me up."

An hour later Francis Jerome was in a decidedly bad temper. He had leaped out of the train at Monroe, Monday morning, thirty-six hours later.

"What a beastly shame," he growled, picking his way along the uneven street. "I will come dangerously near starting at that apology for a hotel. And tomorrow! Wonder if there's such a thing as a novel in the town. Fortunately, I've a box of cigars—good ones, too—in my case."

He made his calls upon the retail grocers. As he was on his way back to the hotel he heard music.

"That is no novice's hand," he thought as the organ pealed out a strong, triumphant melody. "The player is a musician, born and trained."

He stepped round, and a modest saw that he stood before a modest church. The door was ajar, and he caught a glimpse of a dim light within.

The music had glided into a tender harmony that thrilled the listener's heart with a half-forgotten memory. Pulling the door open, he stepped within.

The small sanctum sanctorum was lighted only by the lamp in the further end. The elevated platform upon which stood the pulpit and the organ was heavily trimmed with evergreen branches and the wall at the back of the platform was covered with the same. Outlined against this dusky greenness were two stands each holding a magnificent Easter lily, the bloom gleaming white and pearls in the dim light.

Jerome remembered that the morning would be Easter. As he looked there was the sound of a side-door opening, the music ceased, and the organist rose, saying:

"The newcomers are prompt, little girl."

"How beautiful the decoration are!"

The newcomer was a young girl, and she went on, "Are you ready, Miss Mildred?"

"Yes, dear. You play it through once before I begin to sing."

"You must stop me if I go wrong. It makes me so nervous that I can't play for you to sing, my precious Miss Mildred, who have taught me everything."

"No thanks."

"Some mashed potato—n. m. k.?"

"If you please."

"If you please."

Though the host had repeated these letters hurriedly and in a lower tone, they had not escaped the attention of the guest.

Francis Jerome drew a long breath. It was true, this woman, whose crimson-tinted, olive face showed, but dimly against the background of the pine and cedar boughs, was Mildred Blake, once his promised wife.

He sat still, his breath coming in short gasps. The girl played on. Mildred threw back her head, and the voice that had so often led his heart with rapture, came in a low, sweet, clear tone.

"Christ is risen, risen, to-day."

The unseen listener did not stir until the song was ended. Then he rose, opened the door softly, and stepped out into the night.

He went along, his head bowed, going over the past. It had been so happy, so

INSURANCE FOR WORKMEN.

Germany Has a System that Has Reputed Most Admirably.

The German government's interest in the working people is exemplified most strikingly in the system of workmen's insurance it has recently established and is maintaining at considerable pecuniary outlay, but to the infinite advantage of the beneficiaries. In 1902, on account of sickness, 4,800,000 persons received sick benefits amounting to \$51,500,000; for accidents, 384,560 persons received \$20,800,000; for infirmity 1,100,000 persons received \$32,250,000—a total of 6,735,000 persons benefited to the extent of \$108,550,000. Of the total amount \$10,350,000 was contributed by the government, \$52,500,000 by employers and \$45,500,000 by the insured. That is to say, the working classes received over \$62,000,000 beyond the amount of their own contribution to the cost of their insurance against sickness and infirmity, and this amount is increasing with great rapidity. It has already increased tenfold in the eleven years.

An incidental effect has been an immense impetus to the work of public sanitation. There is a direct economy in providing healthful living conditions for the working classes which acts as a constant spur upon the authorities. As consumption was found to be the worst enemy to the health of the workers, a law was passed in 1899 providing for the establishment of sanitariums in connection with infirmity insurance and there are now between seventy and eighty sanitariums, containing 7,000 beds, for the accommodation of working class patients under the insurance laws. The open-air cure is employed with great success, over 67 per cent of the patients being fully restored to working capacity and over 21 per cent additional are partly restored.

Another marked effect of the system is that it has greatly promoted peaceful relations between trades unions and employers. Instead of aiming at workshop control the unions take to politics, and this has been a great factor in the enormous growth of the social democratic party. This is a curious reverse of the original expectation with which state insurance was introduced. It was intended to disarm socialism by attaching the working classes to the government. It has promoted socialism by teaching the working classes to look to the exercise of state authority for the promotion of their interests. It has given the labor movement in Germany a thoroughly political character, recommending and upholding public authority, because it expects eventually to wield that authority. Hence there is a powerful force at work counteracting anarchical tendencies.

A Table-Cole.

The father of a large and expensive family had brought a guest home to dine with him.

The dinner was in progress.

He helped the guest liberally to everything that was on the table, but before serving the members of the family he glanced at his wife, who made a slight and almost imperceptible signal to him, in accordance with some preconcerted code, and it worked in practice as herein set forth.

"Caroline," he said to his eldest daughter, "shall I help you to some more of the chicken—n. m. k.?"

"Just a little, please, papa."

"Some of the mashed potato—a. y. w.?"

"If you please."

"With gravy—n. m. k.?"

"No, thanks. No gravy."

"Johnny, will you give me some more stewed tomatoes—n. m. k.?"

"No, thanks."

"Some mashed turnips—a. y. w.?"

"If you please."

Though the host had repeated these letters hurriedly and in a lower tone, they had not escaped the attention of the guest.

"Pardon me, Mr. Trogon," he said, "but you have excited my curiosity. May I ask what 'a. y. w.' and 'n. m. k.' mean?"

"Huh!" spoke up Johnny. "I thought everybody knewed that. Them letters mean 'all you want' and 'no more in the kitchen.'"—Chicago Tribune.

A Healthy Symptom.

Miss Ange—Are you doing for your rheumatism?

Mr. Ange—'Deed, an' I don't want to do a thing for it; it's abso'lutely willin' to work for itself.

It would be useless to attempt a chronicle of Mr. Bonaparte's writings and other activities. He belongs to most of the good government organizations of the country, and has been the president of several of them. He has the commencement speech habit, and is wont to tell ambitious seniors how the government should be reformed. He has fought for civil service reform and—a young man still—has lived to see many of his dreams come true. Personally he takes life easily and does not grow excited. He is a blue-blood of the blue-bloods, but he never mingles in the poverty-stricken, ancestor-worshipping 'society' of Baltimore. He is a millionaire, but he does not bother about the stock market. He is the foremost lay Catholic in the Catholic capital of the Western Hemisphere, and the friend, adviser and confidant of Cardinal Gibbons, but his religion is not obtrusive. His friends may be few, but they are friends worth having. His enemies are enemies that every decent man should be proud to have.—Leslie's Monthly.

A Wonderful Discovery.

Broadland, S. Dak., March 28.—Quite a sensation has been created here by the publication of the story of G. W. Gray, who, after a special treatment for three months, was prostrate and helpless and given up by the Bright's Disease, which had always been considered incurable, but, evidently from the story told by Mr. Gray there is a remedy which will cure it even in the most advanced stages. This is what he says:

"I was helpless as a little babe. My wife and I searched everything and read everything we could find about Bright's Disease, hoping that I would be able to find a remedy. After many failures my wife insisted that I should try Dodd's Kidney Pills. I praise God for the day when I decided to do so, for this remedy met every phase of my case and in a short time I was able to get out of bed, and after a few weeks treatment I was a strong, well man. Dodd's Kidney Pills saved my life.

"A remedy that will cure Bright's Disease will cure any lesser Kidney Disease. Dodd's Kidney Pills are certainly the most wonderful discovery which modern medical research has given to the world."

Happy Women.
 Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles. She finds relief and cure? No reason why any reader should suffer in the face of evidence like this:
 Mrs. Almira A. Jackson, of East Front street, Traverse City, Mich., says: "For twenty years I never knew what it was to have good health. Every physician consulted said I had liver trouble, but their medicines did me no good. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed one hundred pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."
 A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address: Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

 Rational Living Strong Guard Against Disease.

The plea for a "simple life" in these times of plenty generally falls upon listless ears so long as it pertains to any abstention in the matter of gratifying appetites and desires. The average person is impressed with the need of a return to the simple life. He frankly acknowledges the value of the simple life, and says "it's a good thing"—for the other fellow.

But when the doctor begins to talk about pneumonia, one of the most treacherous of all ailments, and urges the adoption of a simple and hygienic regimen as the surest way of avoiding it, the "high liver" perks up his ears and shows signs of becoming interested.

In one of its weekly bulletins the Department of Public Health calls attention to the increase in the number of deaths from pneumonia, and follows it with a timely exhortation to the "simple life." It does not occur to the average layman, of course, that his habit of life has any relation to his susceptibility to an attack from this disease. As a matter of fact, almost any person in good health may defend himself against this disease by the practice of the simpler and more natural modes of life. On this subject the health bulletins advise:

A simpler housing, with abundant facilities for the access of sunshine and fresh air and space enough for each individual; a simpler regimen, which shall preserve the natural power of the skin to resist the effects of draughts and chills and "colds"; a simpler dietary, which shall not overtax the digestive system, and less cooking, so that the teeth may have sufficient exercise to prevent their premature decay; more exercise in the open air, and, in general, a resort to the simpler and more natural modes of life to which each and every one of us was born, and out of which each and every one of us is presumed as promptly as civilization can act.

Pneumonia is an inflammation of the lung tissue. In persons who are addicted to excesses in eating and drinking, however, and who give very little attention to the ordinary laws of hygiene, pneumonia is very apt to be complicated with some other disease such as typhoid. Where the digestion has become impaired by overeating or by eating poorly cooked, non-nutritious food, and the respiratory functions and circulation have been weakened by continuous sedentary employment, with very little exercise or outdoor air, there is apt to be little resisting or recuperative power.

The warning of the health bureau is timely and sensible.—Chicago Record-Herald.

SPEAKING AND LISTENING.

By Rev. W. Everett Johnson.
 Though I speak with the tongues of men and of angels, and have not charity, I am become as sounding brass, or a tinkling cymbal.—I Cor., xliii, 1.

Every action of life is either one of speaking or one of listening. Speaking is the act of making known a thought or idea. We call any one a great speaker who is able to express his thoughts with such clearness and force as to make us listen with interest.

But speaking may be done not only with the tongue or the pen. An artist is one who is able to speak with a brush; a musician, perhaps, with a violin; an architect with stones; a cabinet worker with a piece of furniture, or any worker with the tools of his trade.

We are speaking all our lives in all our work, and our success in a worldly sense is dependent on our ability to speak well just what the world desires to hear. The better we can satisfy that desire the greater will be our wage.

The noblest and most divine form of speaking requires the ability to get the world to listen to that for which it has no desire. The great leaders for righteousness, therefore, must create desire. The act of living righteously is the most eloquent of all speech for this purpose, and we all have this power, which may be exercised every day of our lives. A great orator requires not only an eloquent tongue but a most sensitive ear. He must be a good listener; he must be able to hear the thoughts, the feelings, the prejudices, the hopes, and the aspirations expressed in the daily speech of those to whom he speaks. We have all heard speakers who possessed every device of oratory in high degree, but who aroused no hearts to action because of the lack of a trained ear.

Many persons who speak of righteousness by correct living do it in such a manner that others are repelled and refuse to listen for the same reason. Their ears are not trained; their eyes and tongues speak of God, but their ears are not opened to the speech of the children of men. Such may have the tongues of men, and even of angels, without the power to listen to the imperfect, struggling lives around them, and are as sounding brass or a tinkling cymbal.

And what is Christ? The world made flesh, the eloquence of the father, the sublime utterance of the divine wisdom in human speech. And how many eloquent was Calvary than Sinai? For there was the ear of God upon a selfish charity to the cry of a poor, weak human life. With what sweet mercy the curtain of darkness is drawn around the cross, that the poor, fighting lips may not be shamed by slight and the quickening power of darkness may make more keen the ear of him by whom are all things! How do the words of the thiel on the cross magnify the eloquence of the Sermon on the Mount for all generations to come?

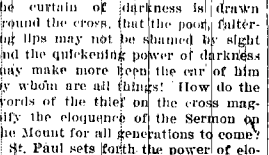

St. Paul sets forth the power of eloquence in human life: the tongues of angels, the gift of prophecy, the possession of all knowledge, a perfect faith, and at last, at the climax of eloquence, the giving up of everything, even to the body for the burning. And yet all the glory of such eloquence lost—a bit of sounding brass—without a patient, long suffering, loving and merciful ability to listen. To pray is to speak to God; to repent is to listen to God; to live righteously is to speak to our fellows; but to be able to lovingly listen to every utterance of human life, from saint to sinner, Jew or Gentile, great or little one, is to possess that virtue which gives true purpose to the other three and makes life worth the living.

Men are not driven to unbelief by the failure to comprehend the hand which creates a universe, but to the ear which listens to the music of an atom. Sin is not continued and multiplied on the earth for the lack of tongues to utter righteousness, but for the lack of sanctified ears on the part of those who preach it, ears so keen that they may hear among the discordant sounds of earth every bit of harmony that speaks of hope for the life that utters it. "And now abideth faith, hope, charity, these three, but the greatest of these is charity."

SILENCE SOMETIMES NECESSARY
 By Bishop Samuel Fallows.

The writer of the book of Ecclesiastes declares there is a time to speak and a time to keep silence. On many occasions it would be well for the pulpit to generalize on "speech is silver and silence is golden." The minister of Christ ought never to degrade his grade by using his gift of speech to the ends of purely partisan politics. His name not make the channel the forum for personal attacks upon the character of men in official positions. He must be fearless in discussing principles bearing upon the general welfare of the people, and must so present them that it will be distinctly understood that he is not dealing with the ancient Jews, but with modern Scribes and Pharisees and hypocrites. Preaching is good, for nothing if it does not go to the heart of the practical life of the individual and the community. It is preaching the religion both of the Old and New Testaments to urge upon the civic authorities the passage and enforcement of ordinances which affect the vital interests of the city, for the kingdom of God cannot be established on the earth unless righteous laws are enacted and obeyed.

SUICIDE AND ITS CAUSES.
 Some Interesting Data Relative to the Matter for Self-Destruction.

There is much of public interest in the motives that prompt men and women, and also frequently children, to take their own lives. Frederick Hoffman, who is interested in life insurance, has taken the trouble to compile some statistics concerning this subject, which will prove of interest. It appears from the figures presented that the mortality from self-destruction is nearly double that of the farming districts. Another remarkable fact is that in the former the rate is on the increase. Summing up the results in fifty of the largest cities of the United States, it appears that the average number of suicides in 1890 was 12 per 100,000, while in 1901 it had grown to 16.6. At no time in the twelve-year period did the rate fall below the minimum here given. In 1897 and 1898 it rose temporarily to 17.3. The steady progress shown by this comparison leads Mr. Hoffman to think that a further increase in the suicidal tendency may be expected in the next decade.

A rather more puzzling comparison is that which Mr. Hoffman makes between different centers of population in this country. Taking the average for the whole ten-year period ending with 1900, he finds that there were 25.7 suicides for every 100,000 persons in St. Louis, while the rate in Trenton was only 5.1 and in Fall River 2.5. The percentage in several other cities was almost as high as that in St. Louis. The figures for Chicago are 23.3; Houston, 23; Oakland, Cal., 21.5, and that part of New York City included in the boroughs of Manhattan and the Bronx, 20.9. Even in Newark the rate is 16.2, while that for Brooklyn is only 15.7. Boston makes a better showing—15.4—while Jersey City's figures are still lower—13. Why one suburb of the metropolis on the west shore of the Hudson should have a higher rate than New York City and another one very much lower is a conundrum to which it is not easy to find the answer.

Causes of death are of special interest to life insurance companies, and the latter have collected statistics regarding the same. One insurance company has recorded some facts more than half a century. These show that among the insured, presumably a class of people a little superior to the average of mankind, the mortality from suicide between 1843 and 1885 was 1.9 per cent of all deaths among the company's policyholders, while between 1885 and 1898 it was 2.4 per cent—a perceptible increase. This striking correlation of the other figures presented by Mr. Hoffman. It also appears from the company's tables that while 3.9 per cent of deaths from all causes between 1881 and 1888 among men under 45 years of age were due to suicide and 3.2 per cent among those of 45 and over, only 1.7 per cent, although the actual number of deaths for its three groups was about the same, either a little above or a little below 5,000.

Paternal love is the element in which God lives and reigns. Recognizing this fact we must be awakened to the correlated truth with all its reciprocal obligations, and that is, we are children of the heavenly Father. We are made partakers of the divine nature. The subject opens a large field for re-vegetation. The dewdrop on the rose reflects perfectly the whole sky above. If we are partakers of the divine nature, there will be something about our spirit, speech, walk and life which will reflect the divine. As children we have faculties by which our service may be most natural and blessed. These faculties are the highest proof that God is our father. Nature does not perminate faculties that have no work to do. They are gradually enfeebled and finally taken away. If our faculties for recognizing and communicating with God were needless, they would soon disappear. There is a passage of scripture of special tenderness upon this point. You have been heart-broken, it may be, through the exercise of pity upon your child. God speaks to you in all the tenderness of his nature: "Like as a father pitieth his children, so the Lord pitieth them that fear him." What would we do if we did not know that the afflictions of this life were working for the peaceful fruit of eternal righteousness? Ah, my soul, thou needest the divine Father. Thou needest to feel that the issue of every dark thing is going to be for his glory and for thy perfection.

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me.

"Better health is all I wanted, and cure if possible. Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains have left me. Life seems new and sweet to me, and everything seems pleasant and easy.

"Six bottles brought me health, and was worth more than months under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or distention), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, and once received such troubles. Refuse to buy any other medicine, for you need the best.

 "DEAR MRS. PINKHAM:—I have been cured of severe female troubles by the use of Lydia E. Pinkham's Vegetable Compound. I was nearly ready to give up, but seeing your advertisement I purchased one bottle of your medicine, and it did me so much good that I purchased another, and the result was so satisfactory that I bought six more bottles, and am now feeling like a new woman. I shall never be without it. I hope that my testimonial will convince women that your Vegetable Compound is the greatest medicine in the world for falling of the womb or any other female complaints."—Mrs. M. V. The Practice of Medicine Becoming Specialized

The Physicians of the Large Cities
the First to Adopt it and There
are Many Now through-
out the Country.

Specialism is the idea of the day. Not that every physician can be a specialist, nor would it be justifiable in every doctor becoming one, but there are advantages which can be derived only by a special practice which is applicable to certain communities even though the physician himself is not a bona fide resident of that immediate vicinity. Small towns and the country are the principal communities in which a specialist could scarcely prosper, but as practiced by some specialists, that of going from one city to another, making visits and seeing patients at regular appointed intervals, one can derive advantages far superior to those one would receive in many instances where they visited the cities.

We cite, for instance, that of Dr. Caldwell, a specialist of Omaha, who is and has been making regular visits to our community for the last two years. Dr. Caldwell came well recommended and has succeeded in establishing a practice far beyond her expectation. She has made many cures and has succeeded in building up a reputation and practice among those whom she has cured that would be hard to get away from her. Dr. Caldwell is a lady from the new school. Her experience and training have been that of many years practice and vast experience. She confines herself to the treatment of chronic, lingering and deep-seated ailments. She pretends to cure only such diseases as she has had sufficient experience with in handling, and does not go into that class of incurable diseases which in many instances it is useless to bother with.

As a result of long experience, Dr. Caldwell is thoroughly familiar with her specialties. In the treatment of cancer, consumption, heart disease, nervousness and female diseases, there are very few specialists better qualified to treat them than Dr. Caldwell. Some of her cures seem almost like miracles. People from far and near consult her as she makes these regular visits and she is always busy from the time she arrives until her time of departure. Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

It will be a fierce and deadly conflict when the Jap and Russian land forces meet.

Arbor day comes on April 22, an event that can very appropriately be observed all over Nebraska by tree planting.

The Rosebud bill which proposes to open to settlement 16,000 acres of land, is to receive attention in the senate this week, according to reports.

Nearly all the opposition to Gov. Mickey having evaporated, he can now serenely view the good prospect of his nomination and re-election.

General Nelson A. Miles is reported to be nursing presidential aspirations, and it seems uncertain now whether he will seek the nomination at the hands of the democrats or prohibitionists. He is spoken of favorably by both. A good democrat becoming a good prohibitionist, or vice versa, would seem a strange transmigration in the eyes of those acquainted, with the traditional habits of the two parties.

Those opposing Congressman Burkett's senatorial candidacy will endeavor to prevent the state convention from making a nomination, because, as they assert, the nominee, who is sure to be Burkett, would have an advantage over other aspirants. What object could there be in an endorsement by the convention if its choice did not have an advantage? He should not only have an advantage, but certainty of election at the hands of the legislature.

An attempt is being made to repeal the timber and stone act, but is not likely to succeed according to latest accounts. While that law has been much abused—as all laws are—it is the only one which enables the man of small means to acquire timber from the government. The capitalist can buy and use scrip or pure base, from individual owners, but with the timber and stone act repealed, the person with a few hundred dollars could enjoy none of the benefits of the government's timber domain.

As a number of citizens have complained that it is a matter of the republican county central committee in selecting delegates, not calling a convention for that purpose, was irregular and contrary to late precedents, the HERALD interviewed the chairman to ascertain the reason for the course pursued and he explained that the farmers belonging to the committee wished to avoid two conventions. Asked if all members of the committee had been previously notified of the meeting, he said they had. Similar steps by the committee in a number of other counties have been taken this year, but while it may seem advisable to do so at times to escape two conventions or a long, tedious campaign for local nominees, the Herald believes the practice should usually be avoided. As to any lurking, ulterior motive instigating the committee to act, we can conceive of no reasonable ground for suspicion. Thus it would be unfair to assume it at the committee, was prompted by a desire to usurp the powers of a convention.

SUPPLEMENT TO THE WAYNE HERALD

Vol. 28

Wayne, Nebraska, Thursday, March 31, 1904

No. 8.

Frau G. Pfeil und Tochter Ella waren vor-vorige Woche in Norfolk.

Pastor Mantel confirmierte am Sonntag ein junges Mädchen in der Kirche zu Wayne.

Herr Pastor Press confirmierte am Sonntag sieben junge Leute in der St. Paulskirche zu Winfield.

Herr Jurgen Luders baut einen Stall auf der Farm der Frau Wittwe Brun südwestlich von Wayne.

Georg Korn, welcher letztes Jahr von Bayern einwanderte arbeitet für Gustav Zientan als dessen Gehilfe.

Christian Wischof in Logan Township, Dixon County erhält sich augenblicklich von einem erstickten Anfall von Lungenentzündung.

Altuß Schule in Emerson hatte vor einigen Wochen das Anglud, daß ein Pferd auf ihn fiel und ihm ernstliche Verletzungen zufügte.

Zimmermann Nietand arbeitete letzte Woche bei Herrn Claus Man in der Stadt, allerhand Verbesserungen und Erweiterungen am Haus deselben auszuführen.

Am Montag Abend wurde dem Fräulein Dora Fischer eine "Surprise party" bei Frau Hennes von den jungen Damen ihrer Bekanntschaft veranstaltet.

Pastor Marpenstein geht Donnerstags Abend nach Randolph; der Charfreitag-Gottesdienst findet am Nachmittag um 3 Uhr in der Kirche zu Wayne statt.

Herr Swanson in der Orkide der Stadt Winfield, läßt ein Stodwerk auf sein bisher einfaches Haus aufsetzen; Herr Luedburg thut die Zimmermanns-Arbeit.

Herr Furdner und Frau von Plantington Süd Dakota waren hier zu Besuch bei ihrem Sohn, sowie bei ihrem Schwager und Schwester der Familie des Herrn Herman Mildner.

Fräulein Adele Weisell, welche die vergangenen paar Monate bei ihrer Schwester Frau H. Koch im Haushalt ausgeholfen, lehrte am Dienstag wieder nach Millard Nebraska zurück.

Ein neuer Zahnarzt ein Herr Gells von Auburn, im südlichen Nebraska wies sich in Kürze in Wayne niederlassen; zu dem Zwecke hat er mehrere Zimmer im State Bank-Gebäude gemietet.

Herr Fredert jun. von der Plum Creek Nachbarschaft, war vor-vorige Woche in Omaha, um sein 12-jähriges Tochterlein das vor Jahr und Tag von der Nähmaschine verlegt wurde von einem Special Wundarzt behandeln lassen, da die Wundwunde noch immer nicht heilen will.

Herr Gustav Bodensiedt samt Frau und Kind waren bei der schwiegerel-

terlichen Familie, J. Tornberger, über Sonntag zu Besuch; auch wollten sie bei der Confirmation der Schwester, Louise, der Frau Bodensiedt zugegen sein. Sie lehrten am Montag wieder nach Pelden zurück.

Folgende neue Kinder wurden in der Deutschen Kirche des Pastor J. D. Marpenstein eingetaucht: Wilh. Ernst von Eggern, Gustine Marie Sophie Pfeil, Fried. Carl Keller, Paul V. Keller, Mojine Marg. Piepenflod, Emma Minna Auguste Kieper, Sabette Anna Biegler, Marie Louise Tornberger, Susanne Hen. Rügler.

In unserer Nachbarschaft Ponca fiel die Frau Julius Draeger über einen Draht, den die Kinder über den Bürgersteig gezogen hatten und verletzte sich dabei die Hüfte. Eltern sollen ihre Kinder über die Gefährlichkeit derartiger "Spässe" belehren und wenn Wirtentrunk-Get dabei angewendet wird, so sollten solche Lektionen leicht im Gedächtnis bleiben.

Frau G. Gage von Moonfield und Frau Emma Gubt, die Mutter und die Tante der Gebrüder Arty und Paul Keller waren bei ihrem Bruder Herrn Arty Volpp zu Pelden, sie kamen zu dem Zweck der Confirmation der beiden genannten Knaben bezuwohnen. Die Mutter, Frau Gage, lehrte am Montag wieder heim während die Tante noch für eine Woche hier weilen wird.

Wer die Werkstatt und Lagerraum des Professor H. Turinus passiert, dem muß das gegenwärtig ausgehellte Dentmal des verstorbenen Herrn Hans Heinrich Wilhelm Brammers auffallen. Dasselbe ist aus New York grauem Marmor verfertigt und mit einem geschmiedeten Kreuz gekrönt. Die Aufschrift in Gotthards Buchstaben ist in gefälligen Formen eingemeißelt; etwas, was man in dieser schönen Ausstattung hier im Westen nicht oft sieht. Der Gedenkstein, den das ganze Dentmal macht, ist ein würdiger, und wird daselbe dem Friedhof der Lutherischen Gemeinde in der Deutschen Niederlassung nordöstlich von Wayne zur größten Zierde gereichen.

Eine Massenverfaulung von Farmern fand am Samstag letzter Woche in diesem Städtchen statt. Der Zweck derselben war öffentlich gegen das unheimlich schnelle Fahren der Automobile auf öffentlichen Landstraßen zu protestieren, da solches Leben und Eigentum derer bedrohe, die noch mit Zugtieren und bisher gebräuchlicher Fahrzeuge reiten. Zu dem Zweck wurde auch ein Beschluß gefaßt und von 140 Bürgern von Wayne County unterzeichnet mit dem Inhalt, daß wenn Besitzer von Automobilen nicht in gemäßigtem Tempo fahren und dadurch Gefahren und Unfälle entstehen

gerichtlich gegen sie vorgegangen werden soll. Bezugnehmend auf obiges, möchten wir noch bemerken, daß im Deutschen Reichstag ein Gesetz passiert wurde, das die Automobilfahrer für Unfälle, die durch ihre Maschinen entstehen verantwortlich halt.

Bei dem allgemeinen großen Interesse, das jetzt den thätigen Japanern in ihrem Kampfe gegen die Russen jugendendel wird, dürfte ein diefer Tage veröffentlichtes Schreiben, das von unangenehm verordnete englische Wirt Joseph Gebert Exner im Jahre 1892 an den Japaner Baron Kamego landte, besondere Beachtung verdienen. Spencer ertheilt in dem Schreiben den Japanern den Rath, die Amerikaner und Europäer auf Armeslänge von sich fernzuhalten und ihr Reich nicht den Fremden und dem fremden Kapital zu öffnen, da sie sonst früher oder später unterjocht werden würden. Das Schreiben Spencers enthält außerdem die folgenden Betrachtungen über die Massenvermischung:

Spencer und die Japaner.

Bei dem allgemeinen großen Interesse, das jetzt den thätigen Japanern in ihrem Kampfe gegen die Russen jugendendel wird, dürfte ein diefer Tage veröffentlichtes Schreiben, das von unangenehm verordnete englische Wirt Joseph Gebert Exner im Jahre 1892 an den Japaner Baron Kamego landte, besondere Beachtung verdienen. Spencer ertheilt in dem Schreiben den Japanern den Rath, die Amerikaner und Europäer auf Armeslänge von sich fernzuhalten und ihr Reich nicht den Fremden und dem fremden Kapital zu öffnen, da sie sonst früher oder später unterjocht werden würden. Das Schreiben Spencers enthält außerdem die folgenden Betrachtungen über die Massenvermischung:

Auf Ihre Frage hinsichtlich der Mischung zwischen Amerikanern und Japanern, die nach Ihrer Angabe jetzt von den japanischen Gelehrten und Politikern sehr lebhaft befürwortet wird, lautet meine Erwiderung dahin, daß solche Vermischungen geradezu verboten werden sollten. Es liegen über reichliche Beweise aus den Beispielen der Massenvermischung unter Menschenaffen und der Kreuzung von Hieren dafür vor, daß, wenn die vermischten Rassen über einen gewissen geringen Grad hinaus vermischt sind, das Ergebnis unannehmlich auf die Länge ein schlechtes sein muß. Ich habe mich selbst vor vielen Jahren damit beschäftigt, über diesen Punkt zur Einsicht zu gelangen, und meine Ueberzeugung ist auf zahlreichen Thatfachen begründet, die aus zahlreichen Quellen abgeleitet sind. Diese Ueberzeugung habe ich noch in der letzten halben Stunde bestätigt gefunden, da ich zufällig auf dem Lande bei einem Bekannten weilte, wegen seiner Züchtungsversuche zwischen verschiedenen Rindviehrassen wohl bekannt ist und darin viel Erfahrung gesammelt hat. Auf Befragen meinerseits hat er jedoch meinen Glauben vollkommen bestätigt, daß, wenn z. B. bei verschiedenen Spielarten von Schafen eine Kreuzung zwischen dem am meisten unedelmütigen Stoffel, das Ergebnis namentlich in der zweiten Generation ein schlechtes ist, es entsteht dann eine unberechenbare Mischung von Eigenschaften und eine Konstitution, die chaotisch genannt werden kann, und ganz dasselbe findet bei den menschlichen Wesen statt. Das beweisen die Euroster in Indien und die Mischlinge in Amerika.

Die phytologische Grundfrage dieser Erfahrung scheint darin zu bestehen, daß jede Rasse im Lauf von vielen Generationen eine gewisse konstitutionelle Anpassung an ihre eigenartige Lebensart erwirbt. Die Folge davon ist, daß bei einer Vermischung der Konstitution von zwei verschiedenen Rassen, die sich an einander verschiedene Lebensarten angepaßt haben, eine Kon-

stitution hervorsteht, die der Lebensart von keiner der beiden Rassen angepaßt ist. Also eine Konstitution, die nicht im geeigneter Weise zu leben und zu arbeiten vermag, weil sie für keine der Lebensbedingungen befähigt ist. Die von mir angeführten Gründe finden eine vollkommene Bestätigung durch die Bestimmungen, die in Amerika zur Fernhaltung der verschiedenen Einwanderung erlassen sind. Wenn den Chinesen erlaubt würde, sich in Amerika unbefriedigt anzuhalten, so würden sie entweder, falls sie unvermischte bleiben, eine unüberwindliche Barriere bilden, oder wenn sie sich mit den Einheimischen vermischen, so würde eine schlechte Nachkommen entlassen hervorgehen. In jedem Fall würde die Einwanderung in großen Umfang vorausgesetzt, ein unerwünschtes, ja ein schändliches und unheilvolles Resultat eine soziale Entartung. Diese wurde eintreten, wenn eine beträchtliche Vermischung europäischer oder amerikanischer Rassen mit den Chinesen stattfinden würde. Ich meine nicht, daß dieses Schreiben allgemeinen Lesern die Öffentlichkeit beizubringen, denn ich verlange nicht, daß die Chinesen, selbst meiner eigenen Landsleute aufpassen.

The Practice of Medicine Becoming Specialized

The Physicians of the Large Cities
the First to Adopt it and There
are Many Now through-
out the Country.

Specialism is the idea of the day. Not that every physician can be a specialist, nor would it be justifiable in every doctor becoming one, but there are advantages which can be derived only by a special practice which is applicable to certain communities even though the physician himself is not a bona fide resident of that immediate vicinity. Small towns and the country are the principal communities in which a specialist could scarcely prosper, but as practiced by some specialists, that of going from one city to another, making visits and seeing patients at regular appointed intervals, one can derive advantages far superior to those one would receive in many instances where they visited the cities.

We cite, for instance, that of Dr. Caldwell, a specialist of Omaha, who is and has been making regular visits to our community for the last two years. Dr. Caldwell came well recommended and has succeeded in establishing a practice far beyond her expectation. She has made many cures and has succeeded in building up a reputation and practice among those whom she has cured that would be hard to get away from her. Dr. Caldwell is a lady from the new school. Her experience and training have been that of many years' practice and vast experience. She confines herself to the treatment of chronic, lingering and deep-seated ailments. She pretends to cure only such diseases as she has had sufficient experience with in handling, and does not go into that class of incurable diseases which in many instances it is useless to bother with.

As a result of long experience, Dr. Caldwell is thoroughly familiar with her specialties. In the treatment of cancer, consumption, heart disease, nervousness and female diseases, there are very few specialists better qualified to treat them than Dr. Caldwell. Some of her cures seem almost like miracles. People from far and near consult her as she makes these regular visits and she is always busy from the time she arrives until her time of departure. It is

claimed by Dr. Caldwell she can diagnose a question. This being liable to doctor her wrong ailment, which is done by physicians of Caldwell does not let whooping cough, in acute diseases for which physician is called for not her desire to pay from the home physician the business which him. Many times in consultation with him and the kind of exist between them.

Dr. Caldwell is of instances where she funds to pay for charges in such cases only and no person humble, has she ever out seeking to give.

By permission we publish a few of the cases made throughout the These are only a few will not permit us to

THE STORY OF THE SEWING MACHINE

"SINGER"

Passing the records made by Thos. Saint (A. D. 1300) and Duncan (1804), of England, Dodge (1818) and Lye (1826) of the United States, because it does not appear that either of these inventions were of practical use, we find that, in 1300, Bartholomy Thimmonier patented a sewing machine in France, which was so far successful that, in 1811, eighty of them, made of wood, were in use for sewing army clothing at a shop in Paris. They were destroyed by an ignorant and infuriated mob, just as the Jaquard loom and the Hargreaves spinning-jenny had been years before. Thimmonier escaped with his life, and again set to work. The Revolution of 1848 found him with another set of machines, capable of making 300 stitches per minute, and sewing and embroidering any material, from muslin to leather. Again the mob defeated his project and perished his person. He was in very straitened circumstances, and the repeated destruction of the machines, built with money solicited from his friends, wearied at last even the admirers of his genius and energy.

year, our wish it may seem advisable to do so at this time to escape two conventions or a long, tedious campaign for local nominees, the Herald believes the practice should usually be avoided. As to any lurking, ulterior, motive instigating the committee to act, we can conceive of no reasonable ground for suspicion. Thus it would be unfair to assume that the committee was prompted by a intent to usurp the powers of a convention.

How to Raise Chickens

The good, old-fashioned way is to get an old hen and some fresh eggs. Then set the hen, and you have made a start. Now don't count your chickens before they are hatched, but when they are hatched get your mother or your wife to take care of them, and you will raise chickens.

How Not to Raise Chickens

Take any kind of hen and buy eggs at the grocery store and set your hen, and you have not made a start. Count your chickens before they are hatched and you will feel encouraged. Should you get any chickens, let everyone feed them and it will be an accident if you raise any.

How You Can't Fail

Select a good merchant who has had years of experience and, like the old hen, understands his business and sticks to it exclusively and you can't fail to get a good suit and at the right price. You can't fail if you do business with us. We have been setting for years in this business and have hatched up every scheme known to buy right. You can count on good results if you trade here. You get fresh goods here. No old, rotten stuff in this store. Our business is conducted by experienced hands who will serve you right. If you trade here you will grow bigger in wealth and have a fat purse all the time. You will never feel like you had the cholera if you buy your clothing of us. If it's good you will find it at

Mrs. Joe Love of Carroll, visited in Wayne yesterday.

John T. Marriott of Wakefield was a Wayne visitor today.

The building of J. W. Epler's new residence is now under way.

Misses Kate and May Moshman are visiting in Carroll this week.

Harry Armstrong returned the past week from his trip to Kansas City.

Father Renner of Randolph, visited Father Haley at this place Tuesday.

Harry Smith who lives thirteen miles southwest of here was a Wayne visitor today.

E. B. Young organized a new Sunday school five miles west of Coleridge last Sunday.

Miss Alice Wright of Omaha, arrived here last evening to visit the family of Emil Weber.

Nellis & Young have this week added a large line of dry goods and groceries to their stock.

Fred Winder, operator for E. H. Prince & Co., left this afternoon for a visit at Sioux City.

Assessor Ziegler and his deputies are holding a meeting today to arrange for the annual assessment.

Mrs. Chas. Schultze entertained a party of friends at tea last evening in honor of Miss Morgan.

Mrs. Emil Weber and daughter, Miss Hattie, expect to visit Mrs. Geo. Mierstein in Sioux City next week.

Thos. and Henry Jones of Carroll, went to Red Oak, Iowa, Tuesday, to attend the funeral of their father.

The millinery displays in Wayne at this time are large and attractive, and in style and good taste would do credit to any city.

Sheriff Mears, local agent for the Oliver Typewriter Co., sold one of the light-running machines to A. N. Matheny this week.

Miss Cunningham, Miss Morgan, Miss Manning and Mrs. Phillips left this morning to attend the teachers' meeting at Columbus.

Mr. and Mrs. Wm. Oats are visiting the family of Wm. Oliver, thirteen miles southwest of Wayne. Mr. Oliver is very sick with heart trouble.

Prof. J. M. Pile, County Superintendent of Bright, W. F. Richardson and Wendall Nies left this morning for Columbus to attend the teachers' meeting.

John Barker who has been employed in Wm. Rickabough's barber shop at this place, left this morning for Ponca where he is negotiating for a shop.

The nine college trustees met in J. D. King's office Tuesday evening to consider contemplated improvements. They will meet again for the same purpose next Tuesday night.

Remember the free lecture by Charles Scanlon at the Baptist church on Thursday and Friday nights of next week. Mr. Scanlon is one of the ablest speakers in the west and all should hear him.

Three thousand tickets have been printed for the city election to be held in Wayne next Tuesday, when voters will go through the ceremony of confirming the action of the citizens' caucus.

The Catholic church will observe Good Friday with a sermon and "Adoration of the Cross" in the evening at 7 o'clock, and Father Haley will celebrate mass on Easter Sunday at 8 and 10 o'clock a. m.

Emil Weber, W. H. McNeal, Chas. Craven and Alex Terwilliger left this morning for a hunting trip on the Winnebago reservation and expect to be absent until Saturday.

Easter comes next Sunday when people will don new hats and attend special religious services. It may be a question with some whether the day commemorates the resurrection or is set apart as the proper time to install new head paraphernalia.

Mrs. Jno. W. Evans who gave eight character recitations in the Baptist church Tuesday night, expects to go from here to Ponca where she is invited to recite the "Loom of Life" at Easter services. That recitation here was very highly commended.

John R. House's general merchandise store at Pender caught fire from a gas-line lamp Tuesday evening, causing a blaze that damaged the stock to the amount of \$15,000 and the building \$3,000. He carried insurance of \$9,000 on a stock valued at \$25,000.

A gentleman by the name of Hoffman from Storm Lake, Ia., has been here this week to view the prospect for the business of putting in cement walks.

He doubtless found that some new walks were needed and that the field has not been overworked of late.

The suit of H. F. Wilson against the railroad company, action having been brought to recover \$150, damages alleged on account of the burning of some hay, was to have been tried in Judge Hunter's court Tuesday, but was previously settled and dismissed.

Ell Jones has followed the lead of John Kate in chicken culture. He received some full-blooded varieties from John Miller, the well known chicken fancier of Illinois, and is preparing to handle the business right. Rivalry between Jones and Kate to excel in high-grade poultry is likely to be lively.

Sheriff Mears was called down to the southeastern part of the county Monday to find a man who was believed to be mentally unbalanced. The individual whose name we did not learn, has been acting strangely of late and the fact that he weighs 300 pounds led people to regard him with fear. However, the sheriff could not locate him.

An elocutionary and musical entertainment was given under the auspices of the Baptist people at their church Tuesday evening, and a fair-sized audience responded to the previous announcement. Readings by Mrs. Evans were interspersed by songs by Misses Daisy Gamble and Marie Duley. The entertainment was interesting throughout.

Mr. and Mrs. H. S. Welch entertained a party of friends very pleasantly at their home Monday evening in honor of their fifth wedding anniversary. After a series of games, refreshments were served. Names of guests: Mr. and Mrs. J. E. Hufford, Mr. and Mrs. Woodward Jones, Prof. and Mrs. M. R. Snodgrass, Mr. and Mrs. Rollie Ley, Mr. and Mrs. McVicker and Mr. and Mrs. Skeen.

The libel suit of Thos. J. Sheibley of Ponca, against W. N. Huse of the Norfolk Daily News, didn't last long in court. The case came on for hearing before Judge Boyd at Madison yesterday morning and at 10:30 o'clock he directed the jury to return a verdict for the defendant. Mr. Huse was sued for \$6,000 for publishing a statement regarding Sheibley during the last congressional campaign.

The boys' brass band, under the instruction of Jno. Barker for three months, made their first appearance as dispensers of music in public last evening when they executed a number of selections on Main street to the pleasure of many listeners. It is the general verdict that the boys have made rapid progress in their study and it will not be long before practice will have made them as skillful as old hands at the business.

To experience the grip is ample proof that it is a disease designed in the lower world—fresh from the hands of the horned "critter" who presides there. The grip tackles each section of the backbone separately and simultaneously, rides every other bone in the anatomy with painful regularity, robs the heart of its buoyancy, crucifies the most able-bodied appetite and produces general suspension of animation. To get permanent relief, subscribe for the HERALD.

Members of the G. A. R. and their families had an enjoyable reunion in their hall last Saturday afternoon. After the program which included, besides appropriate songs and recitations, the recital of some interesting reminiscences by old soldiers, the crowd partook of a supper, which was rich in all the substantial and delicacies of the culinary art. There were about sixty people in attendance and none went away disappointed. The occasion was a complete success.

Mrs. Walter Weber entertained the Acme club at a 5 o'clock tea Tuesday afternoon in honor of Mrs. Robt. Utter of Norfolk. During the afternoon two interesting papers were read—one by Mrs. J. M. Pile on the "Vital Needs of the Public School" and the other by Mrs. J. W. Bartlett on the "Influence of Great Dailies." All had a delightful time. Names of the guests: Mrs. Robt. Utter of Norfolk, Mrs. J. W. Bartlett, Mrs. J. T. Bressler, Mrs. J. J. Williams, Mrs. P. M. Corbett, Mrs. H. F. Wilson, Mrs. F. G. Philcox, Mrs. J. M. Pile, Mrs. L. P. Orth, Mrs. E. S. Blair, Mrs. M. S. Davies and Mrs. A. G. Howard.

ADULTERATED VINEGAR.

Norfolk News.

A Lincoln dispatch states that there is a raft of vinegar in northern Nebraska, Norfolk included, which has been shown to be adulterated. There are sixty-five barrels in all and the towns which are included in the lot are Norfolk, Madison, Columbus, Wayne, Emerson, Pender, Baneroff, Lyons, Oakland and Tekamah. The analysis made by State Chemist Walker shows that none of it is the pure article but that it is artificially colored and is nothing but grain vinegar. The vinegar has been ordered by Deputy Food Commissioner Thompson, to be returned to the wholesale houses and he has not yet decided whether or not he will prosecute the merchants for violating the pure food laws.

COLLEGE NOTES.

Dr. Sison was entertained at the college during his stay in Wayne over Sunday.

Mr. Yocum, the Norfolk piano tuner, has been at work on the college pianos this week.

"In the spring a young man's fancy," etc. Ray Lane spent the term interim visiting a friend at Orchard, Neb.

Mr. Rahn came over from Ponca Monday, accompanying his daughter, who becomes a student in the N. N. C.

Prof. Gregg and family are spending the week at the college. This is in order that the young son may be started in his college course early in life.

Rev. Duley addresses the conjoint meeting of the Y. M. and Y. W. O. A. next Sunday afternoon at three o'clock. The general public is welcome to this meeting.

Misses Leas and McCormick, who were students during normal term last year, came in from Gibbon, Tuesday, to complete the teachers' course with the class this year.

The graduating classes now number over forty and these are of a character to maintain the standard of quality in work as well as to surpass all previous classes in numbers.

Miss Mabel Sears, having completed a successful term's work in one of the Wayne county schools, resumes her work in the teachers' course which she will complete this year.

Prof. Vaughn received the sad intelligence Wednesday of the death of his father. Prof. Vaughn left at once for the home of his sister near Stanton, at whose home the sad demise occurred.

The series of orations given by the members of the senior class Friday, Saturday and Monday evenings proved to be up to the usual standard and were well received by appreciative audiences.

Ed Muelle who completed the commercial course a few weeks ago and is now with a lumber company at Eureka, was a college visitor Saturday, drawn hither by certain irresistible attraction.

John Robt, one of the N. N. C.'s strong men, physically and intellectually, completed a term of school in Madison county and now enrolls for the completion of the teachers' course this summer.

Misses Kiefe and Holmes, two of last summer's students, from Holt county, entered school this week, the former to finish the teachers' course and the latter to continue work in second grade branches.

Prof. Pile left for Columbus this morning to attend the Northeast Nebraska Teachers' Association. He is set down for an address before the general session tomorrow morning on "Knowledge, Power, Skill."

A MODERN WOODMAN.

Logan Valley Camp No. 1076 Modern Woodman of America will present at the opera house on next Thursday night April 7, Walter M. Ellis' celebrated play, entitled, "A Modern Woodman."

Some thirty local people will take part assisted by Mr. and Mrs. Walter M. Ellis, and son Ray. The play is a five act comedy drama, strictly up-to-date, and while it is a Woodman play it contains enough of the comedy and the drama to make it interesting from start to finish for the regular theatre goer. In speaking of the play as recently produced in Missouri Valley, Iowa, the Daily Times of that city, says:

"Blessed be the man who has found his work." This is quoted because there is no doubt about the fact that Lieut. Walter M. Ellis has found his. The entertainment by Lieut. and Mrs. Ellis and Master Ray, with the assistance of local talent last evening at the opera house, was absolutely and decidedly a success! It is stated that last night's house was the largest for years. This drama was under the auspices of Elm Camp No. 1221, M. W. A., and nets the camp a neat sum. Mr. Ellis as "Burke" shows well his twenty-five years experience on the stage; Ray's singular captivated the audience, and his encores especially on "The Holy City" produced much merriment."

The play will be given as a benefit for neighbor Steve Russell, formerly a popular and well known citizen of Wayne, but who is now a hopeless invalid in the state of Washington. The object for which it is given should pack the house.

At Wayne opera house Monday night "The Smooth Mr. Slick," will be presented by Wm. W. Bittner and his excellent company. This is the company that presented "The Parish Priest" in Wayne six weeks ago. This fact alone should bring out a full house as their previous performance has been announced by many to be the very best ever given in Wayne. "The Smooth Mr. Slick," while a different style of play is said to be easily the equal of "The Parish Priest." It is a laugh producer from start to finish and in addition to the play clean singing and dancing specialties will be introduced. The principal comedy part is in the hands of Chris Moran, who is well remembered as Michael in "The Parish Priest."

MORE NEGROES DEAD

TWO MORE KILLED IN ARKANSAS COUNTY, ARK.

Leaders of Unruly Element Ar. Gone and the Whites Look for No More Disturbance for Some Time

Little Rock, Ark. A special to the Gazette from DeWitt, Ark., says: Two more negroes have been killed in the clash between whites and blacks in St. Charles, fifteen miles from here in Arkansas County. This brings the total of dead negroes to thirteen, all of them being killed within the past week. The last two negroes killed were the Griffin brothers, Henry and Walker, who were the cause of the trouble. The negroes were reported to have escaped, but it is known that they are not, and it is believed they were killed Saturday. It is owing to the retirement of St. Charles and the fact that the news of the result of the riot is not given freely, it is difficult to obtain details, but there is no doubt of the authenticity of the report with reference to the death of the Griffins.

MICHIGAN SOPHS SLOP HAIR

Twenty Freshman Heads Were Shorn

An Arbor, Mich. University soph and freshman went out inventing W.C. Slop in bands, armed with wind-up sealing apparatus, after a crusade lasting since noon. The principal catch was Archie Friedman, Denver, Colo., the freshman class president, whom a band surrounded in broad daylight. They linked arms and peacefully walked to the building, where they were shorn. Friedman, who was shorn, entered, and showed him. At 6 o'clock the band members reported twenty victims shorn.

PROBABLY FATALLY HURT.

Engineer on St. Louis and San Francisco Road Hit by Meteor.

St. Louis, Mo., When the "Meteor," the westbound fast passenger train on the St. Louis and San Francisco road, pulled out of the union station Sunday a missile struck Engineer James G. Lindberg on the head, and his unconscious body hung half way out of the cab window as the train suddenly plunged ahead at terrific speed. The meteor having been jerked open as the engineer fell back, Fireman Buchert sprang to the throttle and brought the train to a standstill after its flight of eight blocks through the railroad yards.

At Nebraska City the Schaden Hotel property and Overland fed barn were sold at private sale to S. M. McCarty, for \$11,000.

Mrs. Ferdinand Zessin, a pioneer resident of Madison County, has mysteriously dropped from view and no trace of her can be found.

A fine rain visited Beatrice, and coming as soon after the heavy snow of two days ago it will put the ground in excellent shape for spring plowing.

A meeting of the executive board of the State Line Electric Association was held at Holdrege. The dates arranged for the picnic are July 26, 27 and 28.

The gentle, steady rain that fell in the vicinity of Plattsmouth recently was highly appreciated by all and was what the farmers call "another million-dollar rain."

J. H. Blake, Thirteenth and Dodge Streets, fell down the elevator shaft at Hayden Bros. store, Omaha, and died of his injuries soon afterward at St. Joseph's hospital.

Searching parties that left Nebraska City to look for the three Gallant brothers, who are supposedly drowned in the Missouri River, have so far been unable to find any trace of the missing men.

Chris Rubold and William Sudekewitz, two young boys from Omaha, were taken from their home by Nebraska City. They had run away from home but found a roaming life too strenuous and desired to go back.

Impure lemon extract has aroused the wrath of Food Commissioner Thompson. He is examining and testing certain brands, and will shortly make an extended and detailed report of the ingredients.

A 50-foot combination bridge across Wilson Creek about three miles south of Dunbar went down under the weight of a heavy load of cattle belonging to John Mead. One was instantly killed and a number of others were badly crippled.

Sheriff Clark returned to Albia from Keosauqua, Iowa, with John Wilson, who says his real name is John Wilson, in whose possession the mare stolen from F. M. Tully of Cedar Rapids was found. The mare was fully identified by Mr. Tully.

The wheat crop in Nebraska has been helped greatly by rain. Continued winds had dried the ground in the west belt and farmers were discouraged. The rain now in the ground assures a good condition of the soil for spring planting.

There was a small strike at the state hospital for the insane the other day, when sixty laborers who had gone out to the site to begin tearing out old bricks, turned around and walked back home. They were not satisfied with the money offered for the work.

It is said that at the time of the accident a Union Pacific train was backing onto the crossing track and that Olson did not hear the whistle of a string of cars coming from the north.

THE WAR IN THE EAST

LITTLE REAL FIGHTING DURING THE PAST WEEK

Numerous Alleged Bombardments of Port Arthur Can All Be Boiled Down Into One Single Attack—Vladivostok Fleet Pats to Sea

There appears to have been little real fighting during the last week. The numerous alleged bombardments of Port Arthur can all be boiled down into one single attack.

It has become evident that all reports to the contrary notwithstanding, the Japanese battleship squadron is quite intact up to date.

The dash of the Port Arthur squadron to unite with the Vladivostok cruisers came to nothing.

The Russian Vladivostok Squadron escapes through the ice. Claim loss is small.

Chinese have big army. Thirty-five thousand men stationed near the scene of war.

Japanese vessels going into action. The Japs have hitherto neglected what every military expert who has appeared in an English speaking newspaper has termed an obvious piece of strategy.

War news in brief. The Russian admiralty has no confirmation of the reported loss of the torpedo-boat destroyer Skorrst of Port Arthur.

Russia's great army. Herds of 550,000 Manchovites to swoop down upon the Japs.

CONGRESS

Consideration in the Senate Monday of the bill providing for a building for the Department of State, Justice and Commerce and Labor, was made the occasion for adverse criticism of the architect who planned the White House of Congress.

The following sentiment has been variously attributed to Stephen Trellet, Sir Rowland Hill, and to Edward Courtenay and the Earl of Devon, and is said to have been inscribed upon the tombstone of the latter.

Sir Henry Irving was in New York when Nat Goodwin, who was playing Bottom in "Midsummer Night's Dream," had a narrow escape from death while crossing Brooklyn Bridge.

Prof. M. R. Snodgrass went to Columbus Tuesday to attend the meeting of the Northern Nebraska Teachers' association which began there yesterday.
Judge R. E. Evans of Dakota City and Attorney McMaisters of Ponca, passed through Wayne yesterday morning en route to Madison to attend district court.
Rev. J. H. Karpenstein goes to Randolph tonight to preach there tomorrow morning, being Good Friday. He observes the day here with a sermon in the afternoon.
J. E. Brown, a fire insurance adjuster of Lincoln, was in Wayne Tuesday, leaving that evening for O'Neill where he goes to satisfy losses sustained by the recent prairie fires in that vicinity.
Chas. Jeffrey left Monday evening for Bloomfield near which place he will act as foreman of a big ranch, and his family will join him there in a short time. He has arranged to remain one year.
Dick Ritzke, Phil Denney, O. Sydow, W. Thies, E. Nydow, Wm. Statow and John and Mike Coleman of Altona, hauled a lot of hogs to this place Monday for Geo. Borris who shipped them to Omaha.
Rudolph Christichilles who left here last fall to engage in the hardware business at Salix, Iowa, has sold out there and returned to the employ of Terwilliger Bros. at this place. He resumed his old position here the first of the week.
Mr. Rife of Sioux City, was here Monday and rented the brick building of Messrs. Miller & Swan, formerly occupied by Wilson Bros. We understand Mr. Rife will be here again next Saturday and arrange to put in a stock of goods.

It is reported that John F. Ekaroh, formerly a merchant at Wakefield and for six years county clerk of Dixon county, died at his home in Essex, Iowa, last Saturday. At the expiration of his term as county clerk, he removed from Ponca to Essex to engage in the banking business.
Miss Mabel Martin had a narrow escape from being seriously and perhaps fatally burned Monday morning. She and her sister, Mrs. Jas. Porterfield, were burning some grass when a flying spark ignited the girl's dress on the back. She started to run, fanning the flames, but Mrs. Porterfield acted promptly and doubtless saved her life. As it is, she suffers from so ugly blisters, reminding her of her narrow escape.

Pretty Miss Nellie Hascom, Omaha: "I owe my good looks and health to Hollister's Rocky Mountain Tea. It has fully regained my health." Tea or tablets. 35 cents. Raymond's Pharmacy.
WORKING OVERTIME.
Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c at A. F. Lane's drug store.
HAPPY, HEALTHY CHILDREN.
Any child can take Little Early Risers with perfect safety. They are harmless, never gripe or sicken, and yet they are so certain results that robust constitutions requiring drastic means are never disappointed. They cannot fail to perform their missions and every one who uses DeWitt's Little Early Risers prefer them to all other pills. They cure biliousness. Sold by Raymond's Pharmacy.

IT SAVED HIS LEG.
P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by A. F. Lane, druggist.
DO YOU WANT STRENGTH.
If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the system. Koloid Dyspepsia Cure adds to the physical. It gives strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strengthening qualities. Sold by Raymond's Pharmacy.

TRAGEDY AVERTED.
"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by A. F. Lane, Druggist. Price 50c and \$1.00. Trial bottles free.
COLDS CAUSE PNEUMONIA.
One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Farmer, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 145 to 92 pounds. I tried a number of remedies, but all in vain until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Raymond's Pharmacy.

MORE RIOTS.
Disturbances of strikes are not nearly so grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficacious as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia, and expels Malaria from the system. Guaranteed by A. F. Lane, Druggist.

COMMITTEE MET

Delegates Selected For Two Conventions.
COUNTY CONVENTION PUT OFF
Chairman and Secretary Authorized to Call Convention After Harvest—State Delegation Instructed for Manning and Resolutions Passed Endorsing the Administration and Congressman McCarthy.

The Wayne county republican central committee met at the court house Saturday afternoon at 2 o'clock, the following members being present: Dr. J. J. Williams, chairman; Wayne; C. D. Jones, Chapin; F. E. Francis, Garfield; C. Templin, Hoskins; G. D. Kneeland, Sherman; Emil Hansen, Hunter; Geo. Gilderleeve, Plum Creek; F. S. Tracy, Winside; A. T. Witter, Wayne, second ward; F. M. Northrop, Wayne, third ward.
The committee authorized the chairman and secretary to call a convention for the purpose of selecting delegates to the senatorial and representative conventions, and placing in nomination county officers, said convention not to be held until after harvest. Another motion prevailed to dispense with a convention to select delegates to the state and congressional conventions, the same to be chosen by the committee. Whereupon, a committee of three, appointed for the purpose, presented the following names who were duly elected to represent the republican party of Wayne county in the state and congressional conventions: State convention—C. M. Craven, W. F. Sears, M. S. Moats, E. W. Huse, C. D. Jones, H. E. Simans, E. A. Lundberg, M. R. Hoodgrass, A. A. Welch, Geo. C. Merrill and C. A. Chase; congressional convention—F. M. Northrop, Fred French, W. H. Gibson, F. S. Tracy, F. E. Francis, W. H. McNeal, Peter Kartz, J. G. Miller, John Coleman and Dr. J. J. Williams. Each delegation is instructed to fill any vacancy by vote of remaining members.
The following resolution was unanimously adopted: "Whereas, the Hon. J. R. Manning is a candidate for the office of commissioner of public lands and buildings of the state of Nebraska, now therefore be it
"Resolved, by the members of the county central committee of Wayne county, Nebraska, this day assembled, that we recognize the fitness of Mr. Manning for that office and hereby indorse and recommend him for that position, and do instruct and urge delegates from this county to use all honorable means to promote his candidacy."
Other resolutions were adopted, endorsing the action of the state central committee in recommending the nomination of a United States senator by the state convention, endorsing Congressman McCarthy for re-nomination and endorsing the national administration. Also a resolution was passed commending the late E. C. Brooks who for many years was an active member of the committee from Garfield precinct.
