OLD SETTLERS' PICNIC.

Preparations are going forward for the old settlers' picnic in John T. Bressler's grove one week from today, the 18th inst. Prof. Kratz of Omaha will be here tonight to begin training voices for the occasion. Already between thirty-five and forty have signified their intention to join the chorus and they and all others who wish to sing are requested to meet at the opera house this evening. Reed's well known brass band of Sioux City has been secured, and besides furnishing music during the day of the picnic will assist the chorus in giving a concert in the evening.

Congressman Burkett, Congressman McCarthy and P. E. McKillop, democratic congressional nominee, have promised to be present and give speeches. Others have been invited, but in no way known definitely at this time whether they can be here or not. Among them is Hon. Thos. Watson, populist presidential nominee, who has been in Lincoln this week.

Let all arrange to take a day off and attend the picnic. It will be time enjoyably spent.

FUSION ACCOMPLISHED.

After a stormy session last night, the democratic and populist state conventions decided to fuse and divide the offices. A bitter contest, in which Thos. E. Watson took a conspicuous part, was waged against fusion but it failed in a vote of 410 to 284. The populist nominated Geo. W. Berg of Lincoln for governor; J. S. Canady of Minn. state auditor; J. M. Osborne of Pawnee City, treasurer; A. A. Woolsey of Butte, land commissioner; Alfred Softly of Grant, school superintendent. The democrats are conceded the remaining three offices. Custer, Furnace and Holt counties bolted the populist convention on account of fusion.

TUCKER--LOSCH.

The marriage of Mr. Arthur L. Tucker, son of Mr. and Mrs. A. L. Tucker of Wayne, to Miss Blanch R. Losch, took place at the home of the bride's parents in West Point Tuesday morning, Aug. 2, at 11:30 o'clock, in the presence of relatives and immediate friends.

The bride and groom arrived in Wayne Friday evening and have since been guests of Wayne relatives. A reception was given for the newly wedded couple at the residence of A. L. Tucker Saturday evening when they were greeted by a large number of friends. After felicitations had been bestowed and some time devoted to general sociability, refreshments were served.

Speaking of the wedding, the West Point Republican says in part:

"The bride was most charmingly gowned in an elaborate creation of white net over white silk, trimmed with Valenciennes lace and was radiantly beautiful. She wore no ornaments save a diamond and pearl brooch, the gift of the groom and she carried a shower bouquet of bride's roses and Swansonia.

"The decorations of the home were very elaborate, the general color scheme being effected with pink roses and white asters, a profusion of ferns, potted plants and smilax, in addition, helping to make the ceremonial rooms a scene of embowered beauty.

"The bride is the charmingly beautiful daughter of Mr. and Mrs. J. F. Losch, of this city. She is a graduate of the local high school, spent four years at the state university and a year at the New England conservatory of music in Boston, and is a musician of more than ordinary ability. She is possessed of many rare graces and she numbers her friends by the score.

"The groom is the son of Mr. A. L. Tucker, a prominent banker and influential citizen of Wayne, Neb. He is the trusted and efficient cashier of the Cedar Rapids Valley bank. He is a graduate of Cornell college and is everywhere regarded as a young man of honor, integrity and excellent promise.

"With the conclusion of the ceremony came the service of an elaborate, six course, wedding breakfast."

Among its Improvements are:

A metal-covered hub, which will not check or split. A combination wood and steel axle, the wood and steel going the whole length of the axle. This axle will stand twice the strain of an ordinary hickory axle. Also a bolster stake made from heavy sheet steel.

The popularity of the MacKinnon Wagon rests not only on the above improvements, but every piece of lumber used in its construction is carefully selected from the best Wisconsin timber. The parts are fitted and put together by skilled workmen, and nothing is left undone, even in the smallest detail, to make a perfect wagon in every particular. We manufacture our own wheel stock, from the log to the wagon, and as we have been twenty-five years engaged in the manufacture of wagon material, we have gained an experience in the selection of wagon wood second to none. Our factory is supplied with the most complete and latest machinery. We have at all times a large stock of lumber carefully selected and well seasoned.

Respectfully,
THE P. MACKINNON MFG. CO.
