

CLEMENTINA GONZALES, OF CENTRAL AMERICA, RESTORED TO HEALTH. PERUNA THE REMEDY

"I took Peruna for a worn-out condition... I was so run down that I could not sleep at night, had no appetite and felt tired in the morning... I tried many tonics, but Peruna was the only thing which helped me in the least... After I had taken but a half bottle I felt much better... I continued its use for three weeks and I was completely restored to health and was able to take up my studies which I had been forced to drop... There is nothing better than Peruna to build up the system..." - Clementina Gonzales.

THE CANYON OF THE COLORADO.

Went the path where Colorado flows! Here countless centuries have wrought their will in forms majestic with impellent skill... Cathedrals reared their waves from this repose... The sunset and a stream, that scarce might fill... An emperor's chalice, carved its way into... The sculptures of a million years upon... And from the imbedded silence of this stone... Strange hieroglyphic tomb of time's decay... The river's voice forever stronger grown... A snail's spirit in its shadowing moan... Stings to the soul, that makes unpatent moan... And speeds it blithely on into the open Day...

HER HOME-COMING.

SHE sat with her eyes upon the street... The door opened and a woman came in... She looked at the woman who had just entered... Her eyes were fixed upon the woman who had just entered... She looked at the woman who had just entered...

"No, I heard nothing till five minutes ago..." "But you?" "I noticed the doctor, and then stood aside for her to go into the room..." "She never knew how long I sat there, dumb, tearful, blind and deaf to everything but that still figure, that house broken voice..." "The doctor stood on the other side of the bed and watched and waited..." "Once his quick eye caught the flicker of light in the wide-open eyes... He swiftly passed round and whispered into the woman's ear..."

WOMAN'S BIG, BIG HAT.

A Lesson Given to One Who Needed It in a New York Theater. That some women will not remove their hats in theaters until compelled so to do is a self-evident fact, says the New York Press...

The hat was dark and sleek when she went in, but her imperious ringing of a bell which stood on the table brought a fresh-looking country woman running from the kitchen... She gave a startled cry at sight of her mistress...

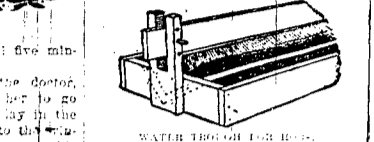

"Thank God you're here, ma'am," she said. "We thought you mightn't come in time..." "In time?" she said coldly. "and for what pray? Where is your master?" "The master met with an accident yesterday evening—thrown from his horse. He was riding that black devil, Stradwick. She said, ma'am—it's a bad home coming for you..."

How to provide clean water for the hog is one of the problems. It is difficult to devise any means by which water can be kept from becoming soiled at all times and yet be so arranged that the hogs will not wallow in it...

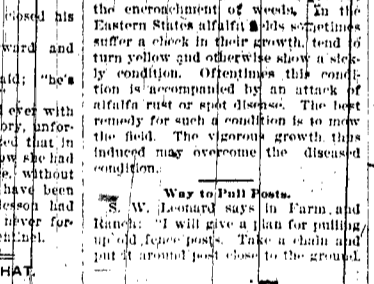

WATER THROUGH FOR HOGS.

It is my opinion that many of the maladies among hogs is due to carelessness on the part of the owner by which the hog is compelled to take into his system large quantities of dirt in his drinking water... I know where there are wallowing places it is indeed a problem to prevent this because if there is one thing which a hog delights in more than another it is to bathe himself in mud and then try to dry it off in the drinking trough...

### NORTHEAST NEBRASKA BAPTIST ASSOCIATION.

The North-east Nebraska Baptist Association has held in our city one of the best meetings of its history. This organization is a part of what was known as the Loup and Elk Horn Association. Because of the large area covered by the old Association, it was divided after 23 years existence. The division took place in Wayne, Oct. 2, 1886, and the new organization has been known as the North-East Nebraska Association, the meeting just closed being the 9th anniversary of the North-east Association. The trains of Thursday brought in many delegates and pastors to be in readiness for the opening session Thursday evening. The Devotional service Thursday evening was led by the Moderator Rev. E. E. Duley after I. W. Alter for the Wayne church and Rev. C. J. Ringer for the city spoke hearty words of welcome to which Rev. J. W. White responded. Rev. J. H. Clay delivered a most searching sermon from Rev. 21. Friday morning Rev. T. J. Wright of the M. E. Church conducted a most helpful devotional service. Officers for the ensuing year were selected as follows: Moderator Rev. A. A. Dye, Ponca, Clerk M. Fred Kimball, Hartington, Treas. Mr. E. Reckard, Stanton. Written communications were read from Beacon, Bethel, Carroll, Creighton, Martinsburg, Norfolk, Pilger, Plainview, Ponca, Wayne, Hartington and verbal reports from Stanton and Randolph showing a total membership of 697, increase by Baptism 72, letters 28, experience 18, total number of churches 13, pastors 6, pastorless churches 4, value of church property \$4371.00, indebtedness \$1013. total benevolent offerings \$706.94. One new church asked for membership in the Association viz Martinsburg located near Ponca. After explanation into the standing of the church it was received. The Association was the subject of a most helpful address by Rev. A. A. Dye of Ponca. A most interesting letter was read from Dr. Geo. Sutherland setting forth the pressing needs of Grand Island College, such as completion of \$30,000.00 fund for new building about \$10,000.00 being pledged. The matter of "Christian Stewardship" was presented by Rev. E. E. Duley in the conference held by the National Committee on Stewardship. A paper read by Rev. J. W. De Merritt of Hartington on "The religious press as a factor in denominational life."

The evening service was preceded by an open-air sheet service led by Rev. J. B. Frost, followed by a short devotional service at the church. A paper on "Evangelism and Evangelism" by Rev. T. H. Dalney discussed right and wrong kinds of evangelists. Rev. Herbert E. Ryder of Albion spoke on "World wide Missions."

The Saturday session was opened by a devotional service led by Bro. B. Reckard of Stanton. Such of the Committees as were ready made their report at this time. The address of the morning was delivered by Rev. J. H. Clay of Norfolk, District Missionary on "The value and importance of State Missions."

Rev. E. L. Wright of Carroll gave an address on "The Habit of Bible Study." Rev. J. W. De Merritt set forth most emphatically the various features of our church covenant. Saturday afternoon was devoted to Woman's Mission work. Mrs. J. H. Clay led a very impressive devotional service. Mrs. E. C. Deyo spoke very instructively and entertainingly of features of her own work among the Indians.

Mrs. E. E. Duley answered in the affirmative the question "Is the Mission Circle needed in the Church?" Mrs. E. L. Wright presented some ways whereby we may "Interest our Women in the Mission Circle." The paper of Mrs. T. H. Dalney on "How improve our methods of Circle Work," was pointed at a prevailing misconception of how to raise money and all ideas which are ahead of the popular practice, projected a warm discussion. Mrs. A. A. Dye presented a paper on the subject "Who is responsible for missionary intelligence."

The remainder of the afternoon was spent in business session. Rev. T. H. Dalney and Rev. A. A. Dye were elected delegates to the State Convention in Omaha.

Rev. E. E. Duley was elected member of the State Convention Board also of the prospective State Sunday School Board.

The Association of B. Y. P. U. organization was discussed and a committee appointed to plan for a rally at Norfolk the third Sunday in October.

The Saturday evening service was preceded by another open air service. The devotional service was led by Rev. E. E. Duley. Rev. A. W. Clark of Omaha gave us a very forcible presentation of the Work of the Home Mission Society. The evening session was closed by Rev. T. H. Dalney.

Sunday was Baptist day in Wayne. The morning service of the Association, was held in the Baptist Church. Rev. A. A. Dye of Ponca, preached a most thoroughly doctrinal sermon on the theme "The place of Baptism in our Christian Experience." The Wayne pulpits were all supplied by able preachers. Lutheran church—Rev. F. E. Hudson, Methodist church—Rev. J. H. Clay, Presbyterian—Rev. T. H. Dalney.

Sunday afternoon was devoted to the discussion of Sunday school work. A devotional service was conducted by Bro. F. D. Powers. I. W. Alter spoke on "the teacher's qualifications." Miss Bonihar of Martinsburg read an interesting paper on "How to bring the Sunday school into the church." Bro. C. Rickard read a paper on "How to get the adult members of the church interested in Sunday school." Prof. Wilson, Superintendent of the Wayne Public Schools gave a most helpful address on "The teacher before the class." Miss Bessie White spoke on "The Teacher's work during the week." An early young peoples service was held. Papers were read by Miss Blanche Young on "The Educational work of the B. Y. P. U."

Miss Euzelia Johnson on "The Young people and Missions," and a third by Miss Eula Satterlee on "How make our committee effective."

The closing service was held in the Presbyterian Church the other churches courteously dismissing their services to unite in this service.

Rev. F. E. Hudson gave an inspiring address on "Christ Culture and Consecration" followed by Rev. A. W. Clark on "The value of Christ." The consecration service led by Rev. J. H. Clay witnessed many renewed consecrations of life and talent to God. It would be unjust not to mention the help rendered in the way of special music by Rev. J. B. Frost and wife, Rev. F. L. Wright and wife and Bro. Ed. Johnson and wife. The next meeting of this Association is to be held in Oregon.

### THE PRESIDENT

Of the Lewis and Clark Exposition, Portland, Oregon, telegraphs as follows: "I congratulate and thank the Union Pacific on behalf of the directorate for the superb Lewis and Clark folder. It is one of the most elaborate and complete of any issued in connection with the Exposition."

Those who intend to visit the Oregon country will find in this publication a rare fund of information. It tells you of the shortest way to reach the Exposition City, what is to be seen en route, and of the return trip through California. Free on application to A. K. CUNTS, T. P. A., Omaha, Neb.

The Gollmar Bros. show is one of the big ones. It gives two performances here on the afternoon and evening of September 13.

Two big tents 60x90 feet each have been secured for the big fair in September. These tents will be used to exhibit the live stock in and will each hold about 100 head of cattle. These big tents have many advantages over the old fashioned sheds. They give abundance of light so that stock contained in them can be seen to the best advantage and affords good air circulation so that stock and keepers are always comfortable. Good stanchions will be provided for securing the animals so that no danger need be feared by exhibitors or the general public. If September 20, 21 and 22 does not see good crowds at the fair it will be no fault of the management.

The voting of bonds by various towns of North Nebraska to build new and up-to-date school buildings, reminds us that Wayne must face that proposition in the very near future. The city has outgrown the present buildings and needs to have not only larger but better buildings than the present ones. It will require pretty nearly or quite \$50,000 to build a building suitable not only for the present but for the future. It is a question that ought, and probably will come up for disposal within the next year and we believe the city will not show a spirit of niggardliness when it comes to passing on this question that will have such an important bearing on the future.

# We Are Off To The Mines

With a large excursion from Wayne, Winside and Carroll, of determined business men who are open for conviction. Men who have some "push" and men that "get there" in the business world.

The fellow who "gets there" has "the stuff" in him. Some men are too slow to get anywhere or do anything. They are not the men who succeed. See the man in the picture. He is "getting there." He represents King Solomon stock. You notice that he has some good help. We all need help in our upward climb. Stock goes up because it is worth more than formerly. The advance is justified by the conditions. The recent development work and improvements, the present financial condition of the company and other important items make this stock worth more than it was a few months ago. A member of another company says that it should sell for 50 cents, and it may before long. The directors have decided to advance it to 25 cents on or before September 15th. It is not safe to wait until that date—so send in your subscription TODAY.

The stock prices are "getting there" because the company is "getting there." Now is the time to JOIN THE PROCESSION AND "GET THERE" YOURSELF. The quickest way to do it is to phone or wire your subscription. The next is to come in an automobile or on a bicycle to my office and give it to me in person. If you can't do either—try Uncle Sam. He's not so slow when it comes to delivering important mail matter as a general thing. A special delivery stamp would help it—but the 2-cent kind will probably reach me in time IF YOU MAIL IT AT ONCE. One of the last party, unsolicited, invested nearly \$1,800, after very careful investigation. Others have put in what they could and wished it were more. One party was there last week, another this, and so they come and go. All tell the same story and sing the praises of King Solomon. You know how it is when you climb the mountain. You want to keep on going until you reach the top. Stock prices are striving for the top and will "get there"—it may step a good deal livelier than we think. Catch him before he steps. That is NOW. The office will be closed until September 10th while I am away and I will be here from September 10th to 15th to receive your orders before the advance in the price of stock.

James Greer, living northwest of town about nine miles, accidentally ran a fork tine into his right leg just above the knee while stacking bundles last Saturday and as a result is obliged to walk by aid of a crutch and has a pretty sore leg.

Eugene Dietz, the brute who shot a boy because he was swimming in the Elkhorner river near his laud, had his preliminary trial before a Norfolk justice of the peace, who bound him over to the district court in the sum of \$50. That looks cheap. Are Norfolk boys so valuable; have they no right to life and limb and the pursuit of happiness—in fact to be a boy? It is almost a wonder that Dietz was not tarred and feathered or something worse. A man who has no better control of his passions ought to be locked up. If he was a man of right habits the cows would come home without his wife and daughter being obliged to drive them home.—Newman Grove Herald.

The only real scrap for nomination at the approaching republican county convention seems to be among the candidates for county superintendent. Some

charges are being made that influences entirely outside of the party are butting into this fight and that an attempt is being made to nominate another than the party openly in the race. We are not certain that this charge is well founded and trust that it is not, because it is our belief that the republican party of the county is the roughly capable of making its own nominations without the aid or assistance of any outside parties. We further believe this office ought to be filled by one who will be the superintendent in fact as well as in name and that he will be one who will not suffer the public schools of the county to be made secondary to anything else. The fight for this place, the same as others, must be made in the open if the party expects to be successful at the polls in November and we hope the reports to the contrary are not well founded.

The political situation as viewed by the Herald, so far as it relates to the approaching conventions of the two parties, is somewhat of a mixed pickle. The republicans will, without doubt, place Enoch Hunter in nomination for county judge and Grant Meers for sheriff, then it will be a guesser to point out the winner in the race for superintendent and as for county clerk and treasurer there seem to be none seeking the nomination—in fact the fellows who are capable of filling these places and who could get out and win, have business of their own to attend and do not feel like making the sacrifice attendant on a first class business man, accepting the nomination, but without a doubt will thrust the honors on a couple of good men and they will probably feel it their duty to accept. For county commissioner, it is pretty safe to guess that Dick Russell will accept the place if offered to him and probably nobody else will want the job and Dick will get it. When the democrats hold their convention, Charles Reynolds will be nominated for clerk and Jack Cherry for treasurer because no other democrat figures there would be a shadow of a chance of being elected. Either young Richardson or Nies will be nominated for superintendent and it don't make much difference which as there will be no possible chance of them being elected. For sheriff the democrats are not figuring they have anybody who cares to go up against Grant Meers, and for county judge it is doubtful if a Moses can be found who will even attempt to lead the forlorn hope. Wayne county is republican and strongly enough so that every county officer, after January 1, 1906, ought to be a republican and will be if the party is wise at its approaching convention.

# Extraordinary Big Trade

A great many towns people remarked upon the unusually light crowd of extras in town last Saturday: as Postmaster McNeal passed it to the By Dad man of the Democrat, "Seems just like Sunday!" The dearth of people on the street might largely account for the enormous crowds of patrons at our store. If the number of farmers in town Saturday were unusually small, then all the trades-people in town must have called here for there was

As an item in our immense and gratifying run of business for the day we sold over 1200 yards of silks alone. Now, don't think we are doing business at a loss. #### LOCAL AND MISCELLANEOUS.

Chris Jenal, of Bloomfield, was in town Monday.

Pearl Sewell was a passenger from Bloomfield Monday afternoon.

Henry Peterson, of Carroll, shipped two cars of cattle to Omaha Monday.

Harry Craven and wife left Friday for Hot Springs, S. D., where they will sojourn for a while.

May Cunningham left Monday for Grafton, N. D., where she will touch during the next year.

John McDonald and wife were over Sunday visitors with a brother of Mr. McDonald at Bloomfield.

Belle Liveringhouse was a passenger for Omaha Monday morning where she went to take a course in a business college.

Amelia Gnuse, of Arlington, Neb., was an arrival last Friday to visit her sister, Mrs. Herman Echtenkamp, north of town.

Fred Thompson and wife and his brother James came home from their Portland trip Friday, and say they had a most enjoyable time.

The L. B. Palmer farm north of the city was sold last week to Joe Baird for \$100 per acre. It really looks as if Wayne county farms were valuable.

Wm. Wittler, of Jefferson county, Neb., was an arrival in the city Monday to visit his brother, August, and also to look after some business matters.

O. E. Jacobson and wife, of Sioux City, were over Sunday visitors at the home of Victor Carlson, west of town. Mr. Jacobson is editor of the Swedish American.

Chris Behn, accompanied by Otto Krempke's little daughter, left Monday afternoon for Otto's home at Boyeville, Wis., where Chris will visit for a while.

John G. Grimley and wife, old time residents of this county, were arrivals Monday for a visit with old friends and neighbors. The Grimseys now live at Normal, Illinois.

John T. McCullen, of Miller, S. D., was an arrival Saturday. Land men are thicker in this vicinity than flies around a leaky bung hole in a molasses barrel in August.

Del Miller, of Hand county, S. D., was in town the latter part of last week looking after land interests and incidentally visiting his old time Iowa friends, J. D. King and O. J. Buffington.

Henry Claybaugh Jr., the gentlemanly young pharmacist at Raymond's drug store, has severed his connection with that establishment to go to Chicago where he will enter the Northwestern Medical School to take a full course in medicine.

Too much booze last Thursday afternoon got Jurgen Spring into Hotel de Miner for a cooling off and later caused the bibulous gentleman to have to put

up for the support of the schools and the replenishing of the pockets of the police judge and city marshal.

Another newspaper man has gone wrong. C. W. Hubbard, of the Pender Republic, is seeking the nomination for county superintendent of Thurston county. "Hub" is a young man and may get over it all right, but about the worst disease a newspaper man can get is the "office itch."

The "Bloomer Girls" base ball aggregation has been getting some pretty severe roasts by the country press of quite a number of towns in which they have played ball. There is one thing sure and that is the management of the club is quite successful in gathering in a goodly sum of money in the towns they have played.

In excavating for the Graves brick along side of the furniture store of Fleetwood & Johnson the base of the latter's wall was so weakened that on Thursday night fifteen or twenty feet of the wall fell into the cellar of the new building, leaving the front of the furniture store suspended in mid-air with very little support.

Some fowdies, or in a better sense of the word, roflans, came down from Randolph last Saturday night with a case of beer and a good sized jag. Their purpose was to show how ignorant and ill-bred they could be, and success crowned their efforts. The only mistake made was that a good hickory neck yoke wasn't used.—Shoies Signal.

The HERALD does the job printing business, not because it cuts prices, but because it gets the work out in a way that fully satisfies its patrons. Our motto is "fair prices and good work" and in order to do this we keep good workmen and pay living wages. If you are not one of our patrons, try us with the next job and be convinced there is a difference.

F. O. Oriss began the moving of his stock of general merchandise from Dixon the first part of the week, and as we understand, will be ready for business about September 15. He will occupy the present location of S. E. Jewell. Former Conductor Burnham, who for the last two months or so was conducting a restaurant on South Broadway, has closed up his place of business and will go to railroading again. As we understand he will be in charge of a freight going from Norfolk to Sioux City.—Bloomfield Journal.

There is a real estate agent at Summit, South Dakota, that ought to get rich, if he can work a graft that he is now offering to country newspapers, and if the newspaper fellows are green enough to swallow his bait they ought to get hooked. He wants them to run good big ads of a lot of lands he has for sale and to do personal work in securing buyers. For these small services he offers to pay \$25.00 for each quarter section the newspaper gets him a buyer for. This is a most magnanimous offer when it is taken into consideration that

most firms pay editors \$1.00 per week for all the sales made to buyers secured. Of course some papers will bite and do the work for the "Nervy Nat" and fill their columns with non-paying stuff and cut the price on other work in order to get sufficient coin of the realm to pay printers and ready print houses.

Whajen, the Wayne bakery man, is going to give away three pounds of the very best chocolates every Saturday evening. For full information see windows at bakery.
