NUMBER 13.

MAKE WAYNE ATTRACTIVE

A Letter Urging Efforts to Beautify the City.

CLEAN STREETS AND ALLEYS

Interest the Boys in the Endeavor to Improve the Looks of Wayne. Let All Unite for Good Results.

(Continued.)

A plan for making Wayne the prettiest town in Nebraska:

Wayne is a town, the natural situation of which is admirable, and her homes are for the most part well kept and modern. The streets and alleys are not everywhere as well cared for as they might be, and are too often overgrown with weed weeds in summer time. With the proper amount of public interest in this matter, Wayne could easily be made the most attractive town in the state.

A plan that would lead to the desired result would be to interest the residents in making a whole street in making their streets the finest and best kept in the town. To this end a system of prizes, in some form of public recognition, should be arranged for. For instance, if the town council were to offer to place an "are light" at the intersection of the best kept east-and-west and north-and-south streets, it should result in a wholesome strife and bring the residents about the various streets into united action. This would go a long way toward arousing the indifference. Prizes might also profitably be offered for the best kept square, and the best kept back alley.

An additional incentive would be to have a good sized committee of judges make an inspection of the town—say that before or on the Fourth of July, and also just before the week of your county fair or as a part of the proceedings of that week. When men have been at the trouble of keeping their premises in good shape, they naturally enjoy having someone—everyone—recognize the fact.

This plan if put into practice would have several beneficial results. In the first place it would make a fine town, but what is of even greater importance, it would interest the boys during vacation time in useful service, and as they themselves become interested in the work, it would give them a more wholesome regard for property, both public and private, and give them important lessons in matters of public spirit and public good. It would result, in short, in civic, moral, and material betterment.

The above was written by a former resident of Wayne, who, as may be seen, still retains a lively interest in our little city and all that would lead to its upbuilding. All these ideas appear to every interested and progressive citizen, while other good points might be added. It is a noticeable fact that when one family begins to improve their lawn and back yard or garden, the neighbors begin to do likewise.

Another item commented on is the amount of material thrown out which would make good fuel—papers, for instance, orange and lemon peel which contain so much oil that they burn readily, and pasteboard boxes.

Might there not be something done to prevent school children from scattering table napkins, etc. People living in close proximity to the school house have complained of having their yards littered with these offending scraps.

Other items of importance might still be added. This matter of beautifying the city of Wayne is at present filling and agitating the minds of our people until it seems that each individual citizen is on an inspection committee. Therefore it behooves us all to get our promises fit for inspection.

ONE WHO IS INTERESTED.

NEWS FROM HOSKINS.

A. E. Waddell was in Meadow Grove over Sunday.

Mary Fenske went to Falls City Friday on an extended visit.

Mrs. A. W. Barge went to Hartington Tuesday for a few days' visit.

Mrs. P. P. Andrews left for Chicago Sunday for a visit with relatives.

Olto Wantoch was in town a few days the first of the week selling Dakota land.

A very pleasant dancing party was had at Gustav Schulz' Saturday night.

There will be a social at Wetzlioh's hall Friday for the benefit of the M. E. church.

Jennie Waddell left Saturday for Meadow Grove where she will spend her vacation.

G. W. Paddock and family went to Meadow Grove Tuesday where they will engage in the restaurant business.

Harry and Vernon Ziemer, Wendell Nies, Miss Richardson and Miss Leslie attended the teachers' meeting at Wayne Saturday.

Two of the horses stolen from Gustav Fenzold about two weeks ago were found tied together and running in the road near Warsawville Monday.

The Commercial club got together Tuesday evening and decided that Hoskins would celebrate the Fourth. Let all pull together and show them that Hoskins knows how to celebrate.

Get us in competition with other prices. That's our strongest argument. Voget's Hardware.

LOCAL AND PERSONAL

Events of the Week Dished Out in Brief.

Attorney George Wilbur was an Omaha visitor Sunday.

Newcastle is getting ready to build a system of water works.

Ed. Johnson returned Saturday from his trip to North Dakota.

Gus Hansen of Randolph visited Wayne friends over Sunday.

A. H. Carter of Winnside was doing business in Wayne Tuesday.

E. Cunningham arrived home Friday morning from his trip to Idaho.

The business of raising squabs for market is a growing industry at Norfolk.

D. E. Miller and C. A. Chase returned Monday from a business trip to Nebraska City.

Lyons is taking steps that will result in the erection of a \$20,000 school house at that place.

About sixty teachers attended a meeting of their county association in Wayne last Saturday.

Mrs. Frank Owen and Mrs. Jas. Joffries returned Tuesday from a few days' visit in Norfolk.

A heavy frost spread itself over the landscape Saturday night, but no serious damage is reported.

Dr. Ellis and wife expect to attend the meeting of the state dental association in Omaha next week.

Wm. Fleetwood and wife went to Carroll Saturday to visit friends, the former returning Tuesday.

I. W. Alter and wife and Misses Blanche Young and Lucy Miller visited relatives near Colebridge Sunday.

Frank Bryner, publisher of the Wayne Herald, is certainly giving the people a good paper.

Sheriff Mears reports that he has been unable to get track of the thieves who stole horses near Hoskins last week.

Attorney Benjamin and Mr. DeWitt of Council Bluffs, were doing business in Wayne the fore part of the week.

The Laurel Advertiser was thirteen years old last week; and is one of the best weekly papers in this part of the state.

Rev. E. F. Tertz of Kountz Memorial church, Omaha, will preach in the Presbyterian church in Wayne next Sunday.

It is reported from Emerson that complete rural free delivery of mail has been established in Dixon and Dakota counties.

The city council of Hartington has adopted an ordinance fixing a fine of \$50 for any one guilty of running a barber shop on Sunday.

Miss Lucy Miller went to Sioux City Tuesday afternoon to clerk in a store recently opened there by I. Reiffel, formerly of Wayne.

Dr. Blair went to Sioux City Monday and accompanied home his wife, who has recovered from an operation in a hospital at that place.

The Wayne high school ball club defeated the Randolph school boys in a game at this place last Saturday, the score standing 14 to 12.

Mrs. Dora Wheelock, state superintendent of the W. O. T. U., will speak in the M. E. church, Wayne, next Monday afternoon and evening.

Miss Jennie Nelson went to Sioux City Tuesday afternoon to undergo an operation for appendicitis. She was accompanied by Mrs. Ben. Elliot.

Harry Prescott returned from North Dakota Tuesday evening. He says it is a nice country up there but he did not invest in any land.—Winnside Tribune.

Members of the senior class of the high school drove to Wisner Friday to be entertained by the seniors of that place. Tomorrow the Wisner students will return the visit.

W. N. Huse, of the Norfolk Daily News, left Rochester, Minn., Saturday, having sufficiently recovered from his operation to be able to travel, and returned home this week.

Mrs. Henry Eberhardt and Misses Garrigue and Clara Haas of Council Bluffs and Rev. Haas of Corning, Iowa, have been here this week to visit their sister, Mrs. A. A. Wollert.

By request of the Commercial club, the mayor will instruct the police to prohibit the use of cannon fire-crackers, toy pistols and confetti or any substitute for same on July 4th.

At a meeting of the board of directors of the Wayne Commercial club last Thursday evening O. M. Craven was elected president, A. R. Davis, secretary, and Dan Harrington, treasurer.

Friends of Miss Ona Albee have received word that she will be married in Iowa this evening to Chauncey Sewell.

Both of the contracting parties used to live in Wayne and are well known here.

The annual district meeting of the Women's Home Missionary society will be held in the M. E. church at Wayne next Saturday and Sunday. A large number of visiting delegates are expected here.

A. G. Bohner, proprietor of the Union hotel, was at Madison Friday night, Verdigris Saturday night and Emerson Sunday night, at each place playing in an orchestra for public festivities.

John Frei has sold his meat market at this place to W. J. Bredlin who came

here from Hartington, the deal having been closed Monday. Mr. Bredlin is an experienced man in the business and will doubtless do well.

Frank A. Bryner, the new proprietor of the Wayne Herald, comes from Benton county, Iowa, the boyhood home of the editor of the Advocate—and, by the way, Benton is one of the best counties in the Blackhawk state.—Laurel Advocate.

Low Jones went to Emerson yesterday afternoon to meet his wife, who was returning from St. Joseph's hospital, Omaha. Mrs. Jones stood the trip home very well and is getting along as well as can be expected.—Winnside Tribune.

The peach crop, reported destroyed by frosts, promises to be a bumper. The trees are masses of pink blossoms and if one-third mature and the sugar trust permits it, the "peach-preserver" season will be a busy one. Verily, Nebraska is a peach.—West Point News.

The Herald wishes to call attention to a communication in this paper urging efforts looking to the improvement of the yards and alleys of the city. The suggestions are worthy of consideration, and the Herald would be glad to publish the opinions of others touching the same subject.

Word comes from Newcastle that the right of way for the extension of the Omaha road from that place has been about all secured; in some places it is donated, while in others it has to be purchased. The citizens along the proposed route are confident that it will be built this summer.—Laurel Advocate.

While visiting St. Anthony and vicinity recently, E. Cunningham was attracted to a 500-acre tract of land lying five miles south of the new town of Ashton, and on Tuesday of this week closed a deal for it by wire. It is very desirable land, abundantly watered, and Mr. Cunningham is well satisfied with his bargain.

Caravans of prairie schooners have begun passing through Norfolk enroute to the Rosebud reservation for spring work. A dozen schooners formed one caravan which passed through the city yesterday. The parties possessed substantial looking wagons, drove sleek horses and owned fairly refined looking canines that trailed along between the wheels.—Norfolk News.

Miss Dora Chaffee, a former Wayne girl, who has been living with her parents at Fairfax, S. D., was married on the 28th ult., at the home of the bride's sister, Mrs. Mary Jones, in Lincoln, to Mr. Otis Eaton of that city. The bride's many Wayne friends will join in expression of good wishes. Mr. Eaton is in business at Lincoln and a young man of good, industrious habits.

Mr. Richard Williams, son of Mr. and Mrs. R. P. Williams of Wayne, was married at Albion, Neb., on Wednesday last week, to Miss Hannah Bergstrom of Petersburg. The bride is a member of a highly respected, well-to-do family of Petersburg, and the groom has many friends in Wayne who extend congratulations and good wishes. The newly wedded couple will make their home at Petersburg.

A dispatch from Hartington to Tuesday's Sioux City Journal says that the year and a half old daughter of Mr. and Mrs. James Van Ankeny met death under circumstances that are peculiarly sad. The little one swallowed a bean, which lodged in its windpipe. Local physicians were unable to extract it and it was decided to take the child to Sioux City on the train. Between here and Colorado the child died from strangulation.

Out in the Big Horn country, Wyoming, where a number of Wayne people have located, is a considerable settlement of Mormons, and a Saturday's dispatch from Basln reports that one of the leaders of that faith had been arrested on a charge of polygamy. It seems that the Mormons, fearing the loss of political strength by the influx of new settlers, have been working for a division of the county in order that they might control one of the two new ones. It is said the arrest is made to check the political scheme, rather than being an action in behalf of reform.

The annual convention of the Wayne county Sunday school association will be held in the Presbyterian church at Wayne, Neb., on the 23rd and 24th of this month. Prof. Steadley and Miss Haines, the state secretaries, will be present. A strong program is being prepared. Every school should send the full number of delegates to which it is entitled and as many others as possible. Full entertainment will be provided. The names of all who expect to attend should be sent to F. H. Jones of Wayne several days before the time set for the convention.

The school board met Monday evening and elected teachers to fill vacancies. Miss Dots Allen of Lewistown, Mont., was elected to succeed Miss Stocking, primary teacher in the ward building who had resigned. Mrs. Jones is given the eighth grade in the high school at an increase of salary which is fixed at \$35 per month. Miss Clara Pense of Ravenna, Neb., was elected to take charge of the sixth and seventh grades in the high school. A. A. Welch was elected a member of the board in the place of T. W. Moran who had resigned, and was chosen chairman.

Mrs. Marie Sophia Harder, aged 89 years, died at the home of her son, John Harder, in Wayne county, on Tuesday, May 8. Funeral services will be conducted

in the German Lutheran church tomorrow, Rev. Karpenstein officiating. Mrs. Harder was born in Vitschow, Meklenburg, Germany, March 1, 1817. Her husband died in the old country forty-nine years ago. She was the mother of four daughters and two sons, all of whom came to America. In 1872 Mrs. Harder accompanied her son John to the United States, locating at Three Rivers, Michigan. They moved to Douglas county, Neb., in 1883 and to Wayne county in 1890. She has always enjoyed good health and death came as the result of old age.

The land in this county belonging to the estate of the late August Haas was disposed of at referees' sale on Tuesday. The average price exceeds \$70 per acre, and much of the land is unimproved. The north half of section five sold for \$23,000, the northwest quarter being sold to August Danberg for \$11,100 and the northeast quarter to Henry Koch for \$10,800. The latter piece is unimproved grass land. The northwest quarter is fairly improved. Another tract of eighty acres in section thirty-two was bought by the heirs and sold for something in excess of \$4,100. That piece is considerably out by a creek and six acres are occupied by the railroad right-of-way, showing the reason the price for it fell lower than for the other tracts. The prices for which the land was sold, more than met expectations and shows that the value of Wayne county real estate is still on the increase.

CARD OF THANKS.

We wish to express our most heartfelt thanks to the kind friends and neighbors who so generously assisted us during the loss of our husband and father. Mrs. ROBERT MICK AND FAMILY.

Garden tools, lawn mowers, fencing, screen doors and screen wire all sizes at the right price. Be convinced at Voget's Hardware.

FATE OF REPUBLICANS.

Colonel M. Warner of the Lyons Mirror, has outlined the inexorable law which will cast into outer darkness all republican editors who have thoughtlessly or otherwise referred in an uncompromising manner to the sacred populist or democratic party. It is to be inferred that retribution will come as the result of trying to defame righteously things. In making the prospect clear, our good friend hands us these words of warning:

"We did not say nor intimate calumny or pessimism. We referred to the violation of the doctrines as laid down in the Bible. And right here we wish to say that every republican editor who assailed the patriots and noble populists and democrats and called them calamity howlers are still hitting the road to hell, according to a thousand passages in the Bible unless they have since repented. These same republican editors are now endorsing what they said was anarchism, dishonor, and ruin. Now they are either liars or scoundrels and you know what the Bible does with this class of people. Gentlemen take your choice—a seat in hell or repent and be saved.

Gasoline stoves, odorless, smokeless, self-generators, gasoline stoves of all kinds at lowest price at Voget's Hardware.

COURT AT CENTER.

District court at Center, Neb., has adjourned and the judge, reporter and several attorneys and witnesses have returned home by way of Norfolk. The most important case and one of the most celebrated trials that has occupied the docket in northern Nebraska courts was, according to Dr. Mackay, who was present nearly the entire past week as a witness, the case of Wignand vs. Drs. Koeler, husband and wife of Bloomfield. The plaintiff sued to recover damages for a burn produced by exposure to the X-rays. Attorneys W. V. Allee of Madison and W. E. Ellis of Bloomfield were for the plaintiff and Attorneys Frank of Bloomfield, Mearns of Orlington and Montgomery of Chicago defended the case. Local physicians were called by the plaintiff to testify while the defendants who were defended by an indemnity company, with which they were insured, brought experts from Iowa, and for four days the interest created brought even the stolid Indians from the Santee reservation into the courtroom. Dr. Morse of Eldora, Iowa, was present as an expert and the cross examination of this witness by Senator Allen was a feature of intense interest. It appeared that Mr. Allen had lived for years in Eldora and knew every street and cow in the town and he brought out the fact that the witness was a graduate of Keokuk, that the defendant was also a graduate of Keokuk, that this college had been convicted in the courts for selling diplomas and that Eldora was a town of 3,000. "And you say, doctor," queried Mr. Allen, "that iodine is irritating and causes inflammation and might have made this burn? Isn't it made from iodine, that black stuff our mothers used to rub on us? Now, doctor, do you tell this jury that mothers are wrong and would rub things on their children that would make sores on them?" The witness answered, "yes." The jury found a verdict for Wignand for \$600 and costs.—Norfolk News.

Garden tools, lawn mowers, fencing, screen doors and screen wire all sizes at the right price. Be convinced at Voget's Hardware.

Gasoline stoves, odorless, smokeless, self-generators, gasoline stoves of all kinds at lowest price at Voget's Hardware.

REGULATIONS FOR CEMETERY

Book of Rules to be Issued and Strictly Enforced.

RIGHTS OF LOT OWNERS DEFINED

Public Will be Prohibited From Picking Flowers and Breaking Trees. Boys Can't Swim in the Tank.

Steps are being taken for a system of rules for the cemetery and provision for strict enforcement. The duties of the clerk and superintendent will be defined and the privileges and restrictions of lot owners made plain. It appears that people visiting the grounds in the past have picked flowers that had been set out and torn branches from the trees, and it is said the boys have used the big tank as a swimming resort. It is the purpose to stop such practices, with the hope of improving and beautifying the cemetery. The superintendent will be given the authority of a police officer by the city, so that he may make arrests if necessary. It is expected to have systematic and strict management. Copies of the rules will be printed in due time and made accessible to all who are interested.

NEW SCHOOL LAWS.

In order to familiarize teachers and others interested, with the new school laws and the rulings of the state superintendent, I take this opportunity to present a few phases of them. These no doubt will be of most interest to teachers. There are some important changes that are of special interest to school boards, which I will mention later.

State Superintendent McBrien in his circular letter of Jan. 30, said: "We are now in the thick of the fight on the greatest crusade ever made for teaching much of few things rather than little of many things. We are fighting under the banner of the five essentials. No five branches of equal importance can be named in the course of study. Our campaign will force the high schools to give a thorough review of the five essentials in the high school. It will also force them to make THOROUGH the EIGHTH grade work before promotion to the high school."

To encourage better preparation on the part of the teachers the following amendment (to rule No. 10) was made at a conference of the county superintendents: "All teachers who attend a summer school, approved by the state superintendent, at least six weeks, will be required to take an examination in 'Reading,' and one other of the five essentials at their own selection with the advice and consent of the county superintendent of the proper county. Six weeks or more of attendance at such a summer school and creditable work done in the other three of the five essentials, approved by the county superintendent, will be taken in lieu of an examination in the other three essentials. Such attendance will not be taken for granted in advance. There must be bona fide attendance before credit is given. All other (passing) grades now held will be certified to the state superintendent and made state grades, on condition of professional work approved by the county superintendent."

"Professional work" in the foregoing means: Doing the required amount of reading circle work, and meeting the requirements of the county superintendent in attendance at institute and county associations. A professional teacher is prompt in making out all reports and furnishing to the office any data requested of them by the superintendent. Aside from this she imbued with the proper spirit is always in evidence in any educational movement.

Rule No. 21 is as follows: "Those who have never taught must take an examination in all branches required for the certificate desired; provided that such persons who attend summer school, approved by the state superintendent, at least six weeks, will be required to take an examination in 'Reading,' and one other of the five essentials, at their own selection with the advice and consent of the county superintendent of the proper county. Six weeks or more attendance at such a summer school and creditable work done in the other three of the five essentials, approved by the county superintendent of the proper county, will be taken in lieu of an examination of the other three essentials. Such attendance will not be taken for granted in advance. There must be bona fide attendance before credit is given."

"Creditable work will be interpreted in this way: A written review will be given in each of the three essentials, based upon five questions selected from lists furnished the state department by the various approved summer schools. The grades obtained on the review and the class record of each teacher, after being graded and averaged by the proper instructor of the summer school, will be the grade to each teacher; provided, that such review papers must be forwarded to the state department for inspection and approval by the state committee. They reserve the right to raise, lower or reject any grade obtained on such review for proper cause."

Under these and other rules the indications are that the non-professional teacher will be ruled out, and none but the truly professional teacher remaining, making it possible for them to do the good they would do were the field cleared of the less desirable class.

A Square Deal On American Fence

You know we have made the lowest prices on the Best Fence for a long time. We are just making up another car of AMERICAN FENCE, and you better buy enough to fence all your land. Don't now.

We will sell you 500 rods of AMERICAN FENCE for \$95.

You cannot afford to miss this. Good Fence makes good neighbors. You waste enough feed every year on a 160 acre farm to make you \$300 extra profit each year.

The reason that the AMERICAN WOVEN FENCE stands more hard usage and outlasts all other styles of fencing is that it has a hinge joint. It can be bent down and straightened up a hundred times at the intersection of the bar and stay, and will not break, while any stiff stayed fencing will break if stuck bent it down a half dozen times or so. The hard drawn steel wire and hinge joint of the AMERICAN FENCE are the features that have given the AMERICAN fencing its world-wide reputation as the best, and today it is the cheapest fence made—rod for rod—bar none.

Remember our canvasser is here from the factory. Come in, and let him show you AMERICAN FENCE, best on earth.

Prisoners and Captives

By H. S. MERRIMAN

Prisoners and Captives

CHAPTER I.

One afternoon, some years ago, the copper-bright rays of a cruel sun burned the surface of the tepid ocean.

From the dark, mysterious depths of the ocean, a wailing cry broke at intervals, like the wailing of a child.

CHAPTER II.

Gently and with exorable hesitation the naval officer raised the brim of the large hat and displayed the face of a living man.

"Halloo, my man! Wake up!" called out the young officer, clapping the sleeper on the back.

Every knob of brass gleamed in the sun, every inch of deck was hazy-stoned as white as milk.

In the stern of the boat sat a square-shouldered little man, whose brown face and glistening chestnut beard, pleasantly suggestive of cleanly refinement, combined with readiness of resource.

"There was something crude and hard in the man's face, but in the meshes of a dim, shadowless light it shined away every detail stood out in hard outline.

"What is to-day?" he inquired, abruptly.

"Thursday," he replied.

"You need it!" exclaimed the officer.

"I have navigated her almost single-handed for forty-eight hours," he said; "I am glad you came."

der, while two of the boat's crew followed upon his heels.

Upon the upper deck he stopped suddenly, and the color left his lips.

As the steadily vessel slowly rocked upon the glassy swell of rolling waves, the man's body with it.

"Halloo, my man! Wake up!" called out the young officer, clapping the sleeper on the back.

"I believe he was," answered Grace.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

CHAPTER III. From the moment that the ragged seaman opened his mournful gray eyes and looked upon the sunburned face of Lieut. Grace he had felt himself insensibly drawn toward his rescuer.

When Grace laid his sunburned hand upon the seaman's shoulder he had felt a pleasant surprise.

"Yes, he had recovered, I know dogs," he had no way since Tuesday.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

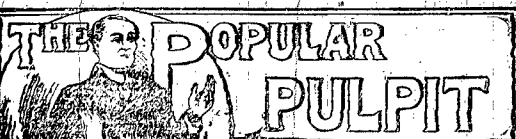

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

"I am a sailor," he replied.

THE WAYNE HERALD.

Official paper of Wayne and Wayne county Published every Thursday.

Frank A. Bryner, Publisher

Entered at the Post Office at Wayne, Neb., as second class matter.

Subscription, \$1.00 a Year in Advance.

It is reported from Washington that Charles J. Greene is likely to become one of Omaha's candidates for United States senator to succeed Senator Millard.

It is expected that Pat McKillip will win a nomination from the democrats for something this year. He will probably either try for the governorship or for a seat in congress.

Speaker Cannon celebrated his seventieth birthday anniversary Monday, and seemed to feel as young as he ever did. "He is young enough to have gathered about him a good-sized army of supporters as a presidential possibility, and his robust health and mental activity and keenness are a positive refutation of the abnoxious Ouler theory."

The theory that God sent the earthquake to destroy San Francisco belongs to the dark ages when men were superstitious. Men may destroy themselves and their usefulness in the world but that is because they follow their worse and not their better nature. The truth is that the world is still in the process of formation, and the earthquake that wrecked the metropolis of our western coast was as natural as a sunrise. The Infinite Architect of the universe works on a mighty plan, and just how much figure man puts in it nobody yet fully knows.—Fairfield Herald.

Pender still has five saloons, while Wayne, twice the size of Pender, has three. Notwithstanding such comparisons, a stranger told the HERALD recently that Wayne was getting awfully bad. As a matter of fact if Wayne county legislators are sent to Lincoln with the same promptness in the future as in the past, with education in the interest of temperance continued, it is a question whether the demand for wet goods will warrant three saloons in remaining in business here. We believe investigation will prove that Wayne is one of the most temperate and orderly towns in the state.

Edward Rosewater, veteran editor of the Omaha Bee, is now in the race for

Flour and Feed

Payne's compound, not celery but chicken food. I make this food. It is equal to the best and you do not pay for packing or freight. It is just the thing for small chicks. We are agent for Dr. Hess' poultry food, which is good for the laying hens. Also have the mite and louse killer which none can afford to do without. We have clover brand stock food always on hand, millet seed, white shorts, graham, corn meal, whole wheat flour, a No. 1 soft wheat flour, Ladies' Favorite, and the Right Kind, chop feed, hay, oats, corn, oil meal, blood meal, and tankage. Don't forget the place, second door south of the depot.

John L. Payne

City... Meat Market!

| Corn | 34 1/2 | Hogs | 6.70 |
| Oats | 24 1/2 | Butter | 15 |
| Barley | 28 1/2 | Eggs | 14 |
| Rye | 48 | Flax | 95 |

The United States senate in earnest and proposes to make a vigorous contest for the place. Mr. Rosewater's active career as editor of Nebraska's leading daily paper since 1871, has aroused opposition at one time or another, and he will have a string of enemies to contend against. Any strenuous life that has accomplished things meets more or less antagonism, and that is the case with Mr. Rosewater. That he has always fought to regulate corporations and restrict the power of wealth and that he would ably and fearlessly represent the state at Washington, people well know. Whether he can secure the nomination or not, time will tell. He will at last put up a fight that will make Norris Brown's boom less certain of carrying the state by storm.

The dandelion pest has returned to annoy property owners and city authorities. The various inventions to rid lawns of the flower are not as quick and effectual as the public would like, and every means is used to prevent bluegrass from being overrun and exterminated. It is interesting to note that in the early settlement of Nebraska dandelion seeds were brought from the east and planted alongside of other flowers and they were given the same careful attention received by other beauties of the garden. It was soon discovered, however, that they didn't need a great deal of solicitude and could take care of themselves very comfortably. Now they are a pest, against which "relentless" war is necessary to be waged. They have multiplied until the demand for greens is far exceeded. Possibly if they were nurtured and watered and otherwise befriended they might not be so determined to take possession of the entire country. In some cities the war is carried to the extent of offering a bounty of three cents per pound for dandelions. The reward gives an incentive to the energy of children in digging out the yellow flowers.

COLLEGE NOTES.

Prof. Pile goes to Lincoln today on business connected with the college.

Miss Perrin of Canistota, S. D., enrolled this week. There were ten new students enrolled during the past week.

A basket-ball game will be played on the college grounds Saturday, at which an admission of 10 cents will be charged.

Mrs. Buchanan and Miss Yakish were in Sioux City the first of the week to attend the concert given by Kubelik, the violinist.

The following are some of the counties represented by new arrivals: Kearney, Holt, Madison, Antelope, Pierce, Dixon and Knox.

Several former students, who were in Wayne attending the teachers' association, visited friends at the college Saturday and Sunday.

Rev. Kennis of Leigh, Neb., conducted chapel exercises Tuesday morning. He visited several classes and was the guest of Prof. and Mrs. Pile at dinner.

An exciting base-ball game was played on the college diamond Saturday between teams representing the college and the Wakefield high school. Wakefield won the game by a score of 12 to 9.

The entertainment given Saturday evening by the students of the election and physical culture classes was a success in every way. The proceeds go to the base-ball associations for the purpose of purchasing new uniforms.

Among the new improvements on the hill is a well, which was completed last week by Mr. Newton. A gasoline engine will be used for pumping purposes, and a 300 barrel tank will be constructed for the storage of the water.

Misses Bruner and George McGee received notification last week of their election to positions for next year. Miss Bruner will teach in the schools at Parkston, S. D., and Miss McGee will have charge of the primary department at Magnet. Among those who graduated last year, the following have their positions secured for next year: Obnoxious Smith, principal at Harrison; Mary Fensko, grammar department at Harrison and Miss Louise McGee, assistant principal at Emerson.

ONE CENT.

One cent will raise a chicken with chick feed and few will die. Buy chick feed of J. H. Kato and you will save your little chickens with half the trouble.

LADIES' and CHILDREN'S NIGHT-GOWNS, the making would more than equal the price, and they are nicely trimmed at 50c, 65c, 75c, \$1.00, \$1.25 and \$1.50 each.

KNIT SUMMER UNDERWEAR, union suits at 35c to \$1.00 per pair, two piece suits, long sleeve or sleeveless, from 10c to 50c. The market on these lines is advancing and these prices are right.

TOP PRICE FOR EGGS

...The Racket...

Too Late to Plant Corn

Nearly every year for more than twenty-five years some of our customers have said "It's getting too late to plant corn now for it will never get ripe." Yet they planted corn and with but few exceptions had a good crop of corn and in most cases got ripe. We can not understand why men will look at the dark side of life, when all nature smiles. Some men believe without investigating that they can not find clothing in Wayne that will satisfy them and at the right price. Some men plant corn believing that it will never mature, but fail to find out where their dollars will do them the most good. It costs money to put out a crop and then take chances on getting something for your labor, but it costs nothing to see how cheap we sell clothing and if you don't get full value for your money you can return the goods and we will make it satisfactory. Plant your dollar in this store this year and see if you don't reap the biggest harvest you have ever reaped for your investment in clothing. Try it one year and if you are not satisfied that you have received more for your money and better treatment than you ever received before, tell us so and we will make satisfactory arrangements with you. Our store this year is more complete and arranged to meet your wants better than any time before. Of course this is only an advertisement and unless you look into this matter we can not convince you that this store will save you money. Let us have the pleasure of your presence and then you can see for yourself that what we claim is true. Will you come in? Eggs same as cash.

Once More the Wires Flash Good News

BETTER THAN EVER! This is the report we have been receiving almost daily and I assure you it was very gratifying to receive a telegram Saturday night stating that the second vein has a ledge of ore thirty inches wide which assays \$100.00 PER TON and that the fourth vein has the same kind of ore. The fourth vein is twelve feet thick and growing better every shot. We are recognized by miners, engineers and superintendents of other mines as having opened the largest and best bodies of ore in that camp. Stock will advance within a few days. Come in and buy some stock as your neighbors have done so as to get it before the advance and then go out with us in thirty days and if you find the property any different than represented your money will be refunded.

THE WESTERN UNION TELEGRAPH COMPANY
INCORPORATED
23,000 Offices in America. Cable Service to All the World

RECEIVED at 2:35 p. m., 5-5, 1908
Dated Madison, Wis.
To O. A. King, Wayne, Neb.

Myers telegraphs thirty inches of one hundred dollar ore in number two. Number four filling with same ore. Ours is the bonanza of the camp. SAM H. ALEXANDER.

- We invite investigation. It is a business proposition.
- We have the ore in great quantities opened up.
- We have machine drills and power to drive it.
- We have an honest, conservative management.
- We have two railroads at our door to transport our ore.
- We have a tunnel proposition, which is the best method known to mining, and we have barely touched the mineralized zone yet, and we will open much larger and richer veins ahead of us.

Now then, help us to erect ore bins, build a mill, drive the tunnel and then reap the dividends. I have sold twenty-eight thousand shares in Wayne the past two weeks. Are you next?

LOCAL NEWS.

Fred Bonshoot visited his aunt, Mrs. A. J. Hyatt, at Randolph over Sunday. Attorney Lundburg and O. A. King were doing business at Carroll yesterday. Mrs. Chas. Robbins and Mrs. John Harrington were Sioux City visitors Monday. The commissioners were inspecting Wayne county roads near Wakefield Tuesday. The Carroll high school will have two graduates this spring, being Nettie Jones and Gomer Jones. J. G. Mines is making preparations to build a new residence on his lots in the northwest part of Iowa. Frank Brown, former Wayne horseman, passed through Wayne Friday on his way to Bonesteel. Mrs. Jas. Miller arrived home this morning from a visit at Fullerton, Neb. Mr. Miller met her at Norfolk. A. G. Powers arrived here Tuesday evening from his homestead near

Prescho, S. D., where he expects to move with his family as soon as possible.

Wm. Lawson sold his implement business at this place yesterday to Wm. Stage-man of Randolph, a tract of land entering into the deal. Mr. Stage-man takes possession at once.

J. A. Stephenson, residing north of Carroll, returned yesterday from Chicago where he marketed a car load of cattle. Four cows of his bunch topped the market for the day.

The lawyers and court officers of the Ninth judicial district will have their annual outing this year at Neligh from June 6 to June 13, and good fishing and a good time are promised the visitors by the bar of Antelope county.

People should bear in mind and attend Rev. Luther P. Ladd's lecture on "The Twentieth Century Swing" at the Lutheran church in Wayne on Friday evening, May 15. The lecture is highly spoken of by those who have heard it.

Victor Carlson who left Wayne this spring to visit in Illinois and later in Sweden has written the HERALD that he expected to sail with his family from New York for the old country on May 5. He says they have had a pleasant time, are all well and wish to be remembered to their Wayne friends.

Word was received last night that little Martha Crockett who was taken to Sioux City a week ago today for the treatment of an eye injured by a piece of flying glass, has suffered the loss of the eye. The physician in charge found it necessary to remove the injured eye entirely. This is a great loss, and the afflicted family, and especially the unfortunate little girl, will have the hearty sympathy of Wayne people.

Rev. Sampson who preaches regularly near Hoskins, informs the HERALD that the report circulated through the newspapers some weeks ago detailing the destitution of a family near Hoskins alleged to have lost a chest of money by being shipwrecked on route from Germany, is a canard without the least suggestion of truth as a basis for it. The story was started by some one and before its falsity was discovered provision was being made by charitably inclined people to help the afflicted family. Investigation proved that no such family existed.

While sojourning in Idaho a few weeks ago, E. Cunningham happened to spend Sunday in a town largely populated by Mormons, in the southern part of the state. He attended the Mormon church, a magnificent structure, splendidly furnished. He says people swarmed at the house of worship from every direction, and he never before saw so many large families, all richly dressed and riding in costly vehicles. Instead of having a preacher

to deliver a sermon, different members of the congregation were called on for remarks. That is the manner of worship. Mr. Cunningham did not say whether he took part in the services or not. He says the town has some big stores, controlled by the Mormons, and that they are apparently doing an immense business.

Norfolk dispatch to today's Sioux City Journal: Dr. Alden, superintendent, and Dr. Nicholson, assistant, of the state insane hospital here, who have been requested by Gov. Mickey to resign, have not yet sent in their resignations. Dr. Alden says that he desires a thorough investigation before resigning and he will submit to the result. He says that as long as no charge has been brought against him he believes he is entitled to an investigation. He denies that there has been friction and declares there has never been an unpleasant word between himself and Dr. Nicholson. Dr. Nicholson says that new developments may arise in the matter within a day or two. Both are undecided as to what they shall do. There is some resentment in Norfolk that successors have both been chosen from the southern part of the state for the only state institution in the northern half.

ORDER OF HEARING ON ORIGINAL PROBATE OF WILL.

Wayne County, ss. At a County Court, held at the County Court Room, in and for said County of Wayne, on the 10th day of May, 1908.

Present, E. Hunter, county judge.

In the matter of the estate of Robert Mick, deceased.

On reading and filing the petition of Sarah A. Mick, praying that the instrument filed on the 10th day of May, 1908, and purporting to be the last Will and Testament of said deceased, may be proved, approved, probated, allowed and recorded as the last Will and Testament of said Robert Mick, deceased, and that the execution of said instrument may be committed and that the administration of said estate may be granted to Sarah A. Mick as executrix.

Ordered, That on May 25th, A. D. 1908, at 10 o'clock a. m., is assigned for hearing said petition, when all persons interested in said matter may appear at a County Court to be held in and for said county, and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition, and of the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

(Seal) E. HUNTER, County Judge.

NOTICE.
The county board will offer for sale to the highest bidder for cash, on Saturday, May 16th, at 2 o'clock, the old bridge just north of Wayne, said sale to take place at said bridge.

BAD AIM WITH BOMB

TERRORIST WOUNDS THE GOV. - HERO OF MOSCOW.

Two Soldiers Are Killed—Bomb Thrown Himself Also a Victim—Missile Hurled at Carriage—Gov. Gen. Doubasoff Slightly Injured.

A bomb was thrown at the carriage of Vice Admiral Doubasoff, governor general of Moscow, who was being driven to the palace at Moscow Sunday.

Admiral Doubasoff was returning in an open carriage from the Uspenski cathedral and the outrage took place outside the carriage entrance to his palace.

The coachman's skull was fractured and he was taken to a hospital.

Information received at Superintendent Preston's office Saturday morning was to the effect that a number of passengers were fastened under the twisted iron and broken timbers of the wrecked cars.

Physicians from Altona, Huntington and Williamsburg were sent to the scene to render aid to the injured, who were taken to the Altona hospital.

DISASTROUS WRECK.

Several Lives Lost in Collision of Great Trains.

The Chicago Mail, eastbound, and the Chicago and St. Louis Express, westbound, two of the fastest trains on the Pennsylvania system, going at full speed, met head-on Friday night about 10 o'clock on the Petersburg branch.

The best information obtainable at Altona is to the effect that about seven persons were killed and twenty injured. A list of killed and injured is at present unobtainable.

The wreck occurred on the middle division at 8:24 o'clock, when twenty-seven loaded cars of an eastbound freight train were wrecked at Union Furnace.

No. 21 was sent out of Altona reversed—that is, the coach was run next to the locomotive. This was done in order to avoid long detention that would have been occasioned by shifting the train.

The accident appears to have resulted from a misunderstanding or error on the part of the train crew of the Chicago and St. Louis express.

NO VOICE FOR PEACE.

Anthracite Miners All Talk for Strike.

Thursday's sessions of the miners at Scranton, Pa., were unprofitable except insofar as they revealed that the sentiment of practically all of the 600 delegates in attendance is for the strike.

Here is what he said Thursday: "The sentiment seems very strong against accepting the conditions and restricted arbitration schedule proposed by the operators or renewing the award of the anthracite strike commission for a period of three years."

The morning session of the convention, which was called in the main court room of the court house, was purely formal.

President Mitchell was loudly applauded when he entered the room. He was elected chairman.

At the opening of the afternoon session Mr. Mitchell made a brief speech in lieu of the report of the joint scale committee, which report has been sent to the printers.

Armed with two knives and a stove poker the prisoners broke the lock of the feed gate to their cell and climbed out through it.

The Point's residence at Lisbon and its vastness, in money, is said to exceed \$150,000,000 in value.

Word from Caracas is to the effect that President Castro of Venezuela has resigned temporarily in favor of Vice President Lopez in order to secure needed rest.

Through its diplomats the Japanese government has announced that it will accept a request of the United States government to be permitted to enter the Manchurian ports of Antung, Hsiao and Taitung.

Despite a rigid censorship at Lisbon, Portugal, it is learned that the 1,400 sailors of the warships belonging to that country who recently mutinied are confined to barracks pending court martial proceedings.

The London and North-Western railway, England, by establishing a reserved first-class compartment on its trains as a smoking parlor for women.

The strikers in the coal mining district of France have become exceedingly aggressive during the past week, and large bodies of them have marched from place to place, doing considerable damage.

The steady decline of marriages in Great Britain is shown in the statistics for 1904. There has been a fall of 19 per cent in the marriage rate in the past three years.

The signatures to the Mironov statement were hardly dry when it was gazetted positively at St. Petersburg that a loan of \$250,000,000 had been arranged with Paris capitalists.

The overwhelming victory of the Constitutional Democrats in all the larger cities of Russia in the elections for the second and final session of the Duma.

PARIS LABOR RIOTS.

STRIKERS IN FRENCH CAPITAL STONE THE POLICE.

Troops Guard the City and Scores of Arrests Are Made, Prisoners Being Quickly Sent to Jail—Many Terrorists Are Expelled.

May day found Paris armed to the teeth for a labor riot. The preparation was necessary, for several clashes of crowds and mobs occurred.

The first disturbance occurred at 11 o'clock, when the police called on the troops to assist them in keeping the crowds circulating on the Place de la Republique.

A crowd of striking printers attempted to march in procession from the Bourse du Travail (labor headquarters), singing a revolutionary song.

HOMES FOR HUNDREDS

NEBRASKA LAND TO BE OPENED FOR SETTLEMENT.

Uncle Sam's Prosecution of Land Frauds Will Rescue Millions of Acres From Cattleman for Uses of People—Million Acres Recovered.

Within the next few months, and probably not later than August 1, there will be restored to homestead entry and occupation not less than a round million of acres of land in central Nebraska.

For many years this land has been held to the exclusive use of the big cattlemen. Some of it has been withheld from settlement by the people because of the fact that it lay within the great pastures enclosed by illegal fences, although the title remained in the government.

The lands thus preempted had not represented the total area of the public domain in the State. Although there will be from 800,000 to 10,000,000 acres subject to entry when the government has completed its work on the farms, three-fourths or more of this land is still a problem.

Knowledge of this fact has given the cattlemen their control of the whole for by making conspiracy of the whole they have prevented any but themselves from using the higher lands.

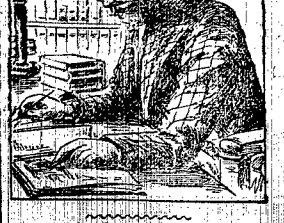

Five or six of the larger enclosures have now been thoroughly investigated. The unlawful fences have been ordered removed, and hundreds of procreant and fraudulent claims have been recommended by the Interior Department for cancellation.

Even now there are many indications that the year will see a kind of inundation exceeding any similar movement of the last two decades.

Mr. Daniel occupied a large part of Tuesday in the Senate with his speech on the rate bill. After debate the resolution thanking Gen. Horace Porter for recovering the body of John Paul Jones was referred to the committee on foreign relations.

ITEMS FROM NORTH HOSKINS.

(Too late for last issue.) Andrew and John Leit drove to Norfolk Saturday.

Peter Keif is sowing blue grass in his lawn this week.

Miss Elsie Porter spent Sunday at her home in Norfolk.

Mrs. C. W. Anderson spent Sunday with Mrs. Erick Stam.

Mr. and Mrs. Joe Dobbin spent Sunday at the McKerigan home.

Mr. and Mrs. Willie Janson spent Sunday at the Janson home.

Eppn to Mr. and Mrs. Geo. Crayson, Wednesday of last week, a girl.

Edgar Taylor and Oscar Janson visited at the Stamm home Sunday.

Chas. Linn is breaking prairie these days where he intends to sow flax.

Oscar Janson was out doing some repair work on the telephone line Tuesday.

During the heavy lightning last Monday night several of our telephones were ruined.

Andrew Janson is putting in a dipping tank for C. W. Anderson and F. Schrader, this week.

Mr. and Mrs. Bell spent Saturday evening and Sunday at the Geo. Benedict home west of Norfolk.

The Garfield Independent Telephone company held a meeting Saturday evening and took in two new members.

Fred Janson visited at the Benedict home west of Norfolk Sunday. Fred makes a trip out there quite often; must have some attraction there.

"NO CURE, NO PAY."

How Raymond Sells Hyomei, the Guaranteed Cure for Catarrh.

Raymond has an unusual offer to make to our readers, one that will be of the greatest value to many.

For some years Raymond has been watching the results from the use of Hyomei, a treatment for catarrh that cures by breathing medicated air, absolutely without any stomach dosing. The results have been so universally successful that he feels justified in making a public offer to treat the worst case of catarrh in Wayne with the understanding that if Hyomei does not cure, the treatment will cost absolutely nothing.

People who have spent large sums with catarrh specialists, deriving but little benefit, or the many who have swallowed stomach remedies in the vain hope of curing catarrh, have experienced almost immediate relief from the use of Hyomei, while the continued treatment for a short time, has resulted in a complete and lasting cure.

The regular Hyomei outfit costs only one dollar, and consists of a neat pocket inhaler that can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomei. If this is not enough for a cure, extra bottles of Hyomei can be obtained for 50 cents.

Raymond positively guarantees a cure if Hyomei is used in accordance with

The Best Hen

The hen that weighs, and lays, is the hen that pays. My white Plymouth Rocks are the best on earth. You saw them at Wayne fair. Leave your order for eggs with me now for I cannot accommodate all that want eggs. Price \$1.50 for 15.

J. H. KATE.

directions, or he will refund the money. NOTICE TO BIDDERS FOR DORMITORY.

I have been called to Lincoln on an important business matter, and find it necessary to postpone the opening of bids until 11 a. m., Saturday, the 12th.

Yours truly, J. M. PILZ.

Order of Hearing.

In the County Court of Wayne County, Nebraska.

STATE OF NEBRASKA vs County of Wayne

To the heirs and all persons interested in the estate of Charles Erzbiseben, deceased.

On reading the petition of Frank Erzbiseben, Administrator, praying a final settlement and allowing and paying out of the same the balance of his account filed in this court on the 30th day of April, 1906, and for a decree of distribution of the residue and remainder of said estate to such persons as are by law entitled thereto.

It is hereby ordered that you and all persons interested in said estate may, and do, appear at the County Court to be held in and for said county, on the 24th day of May, A. D. 1906, at 9 o'clock p. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and also the nature of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

(Seal.) H. HUNTER, County Judge.

NOTICE OF APPLICATION FOR DRUGGIST'S PERMIT.

In the matter of the application of J. T. Leahy for a druggist's permit: Notice is hereby given that J. T. Leahy did on the 15th day of April, 1906, file his application to the mayor and city council of the city of Wayne, Nebraska, to sell malt, spirituous and vinous liquors for medicinal, medicinal, chemical and sacramental purposes at his place of business in the city of Wayne, for the fiscal year commencing on the first Tuesday in May, 1906, and ending on the first Wednesday in May, 1907.

If there are no objections, remonstrance or protest filed within two weeks from the date of the filing said petition the said permit will be granted.

A. T. WITTEB, City Clerk.
