**GRAND MUSICAL FESTIVAL.**

On Dec. 27, at 8 o'clock sharp, Wayne people and visitors will have a chance to hear some exceptionally fine music. The Oratorio Messiah will be given at the Presbyterian Church at that time. A chorus of about forty voices from the various churches have been practicing for about four months under the leadership of Mrs. Morris.

Soloists from out of town, with the best of recommendations will assist. For the soprano the committee in charge were fortunate in being able to secure the services of Miss Edith Foley of the American Conservatory of Music, Chicago. For contralto, Mrs. Morris, of Wayne, who is too well known to need any further comments. For tenor, Mr. Johnston, of Lincoln, who always pleases the people wherever heard, and the bass, Mr. G. W. Manchester, of Omaha. You will get your money's worth and more to, in hearing Mr. Manchester alone. No singer in Omaha is more sought after, than he.

Prof. Matheo, of Moraine College will preside at the organ and Mrs. James Miller the piano. The Oratorio will be started at 8 o'clock sharp, this is so as to finish as early as possible and accommodate the people that wish to attend from the country. No one will be admitted during the rendition of any number. If you are late and miss the overture played by Prof. Matheo and Mrs. Miller, you miss a rare treat. It is necessary to have this at the church in order to have the benefit of the pipe-organ which adds so much. By having it at the Presbyterian church a special stage will be constructed for the chorus and soloists. The small admission fee of fifty cents will be charged for those who attend, no reduction for children, and absolutely no complimentary tickets issued. Everything indicates that the church will be taxed to its utmost so look out for the "standing room only" sign if you are late. Secure your ticket early of the committee that will wait on you, or at Mr. Felber's Drug Store. Remember the date, Dec. 27.

at John Manson's place on the county line three miles west of town last Sunday night but were frightened away. The family were awakened about 10 o'clock by the barking of the watchdog and upon getting up noticed a man going in the barn door. They immediately rang the telephone and summoned help, and it is thought that the thieves heard the phone ring and knowing that someone would soon be coming they made their escape. Frank E. Smith, J. B. Cramer, H. P. Shanway, Jas. Reid and Geo. Green went out from town and there were about thirty farmers there but the thieves could not be found.

The Commercial Club of Lincoln is

commendably active in an effort properly to entertain the farmers of Nebraska who will attend the series of agricultural meets there in January. U. S. Secretary of Agriculture, Jas. Wilson and others of national reputation are expected. The farmers who attend these meetings this winter will enjoy an unusually good time.

**THE COLLEGE BOY.**

The clever Comedy with music will be the offering Saturday, Dec. 15. Ralph and Bud Riggs are a pair of comedians equally as good in dancing as singing, something seldom seen in musical comedy. In the "College Boy" the both have parts that suit them, and their clever dancing and topical songs

go a long way towards making a great success of an execrably funny musical show.

"The College Boy" is said to be a rollicking three act comedy and better than most of the plays built on the same theme.

**WORLD GETTING BETTER.**

Editor White of the Emporia Kansas Gazette, isn't a very sweet tempered optimist, but in his snarly, brambly way he thinks the world is getting better. This is why he thinks so:

Less than twenty years ago the United States in that of Kansas, lay a half day drunk and half naked in the secretary of state's office, and the whole state house and all the reporters in town came to

look at him and laugh. Less than twenty years ago Kansas politicians kept their mistresses on the pay roll and it was considered good morals. Less than twenty years ago a man lost no standing in Kansas politics by being known as a railroad man in the legislature. Less than twenty years ago the legislature adjourned drunk and disorderly and took home its own desks and carpets, and the writer hereof tried in vain to get one of them. Times have changed and we change with them. The world is edging along. The things that seem all right to this generation will seem like larceny to the next. The world is growing better and if you don't get better with it—the fault is yours.

# THE FIELD OF BATTLE

## INCIDENTS AND ANECDOTES OF THE WAR.

The Veterans of the Rebellion Tell of Whistling Bullets, Bright Bayonets, Burning Bombs, Bloody Battles, Camp Fire, Festive Buge, Etc., Etc.

It has been a long time since the last spot was fired and our recollections are growing dim, but there are things that transpired on the battlefield and in prison pen that we will never forget should we live for the next one hundred years.

While some of the war veterans who were guests of the Twelfth Regiment of New York city were exchanging reminiscences at the table, one of them, who sat within earshot of General Sickles told this story:

"When reaching the Army of the Potomac a recruit for the New York Regiment, just before the Chancellorsville campaign, I soon heard of a man in my company whose notoriety for cowardice had made him the subject of many jests during his short stay in the camp."

"The Pharissee was a man who put law in the place of morals, who disregarded the inward and spiritual to acclaim the outward and material, who cared nothing for cause but everything for effect, whose waterword was 'legality' and whose rule of conscience a minute description for all sorts and conditions of men and circumstances, whose whole idea was not 'is a thing right or wrong?' but 'what is the law that governs?'"

G. S. A. They also told us they would give us all we could eat, and new suits of gray. Well, I am sorry to say that some of the boys agreed. I will never forget when the rebel officer came to my little squad and tried to reason with us. My little comrade, P. M. Lynch, denounced his terms, and the officer told him of the good things to eat, and the good gray suits, with nothing to do but take the oath. It was then we, stopped him short, and told him we would see his Confederacy sink deeper in it than an iron wedge would fall in a year rather than forsake Old Glory.—Isaac N. Sutton, in National Tribune.

## PHARISEE OF MODERN TIME.

By Rev. Cyrus Townsend Brady.

Then Jesus said unto them, take heed and beware of the leaven of the Pharisees and of the Sadducees.—Matthew 23:6.

One of the most striking features about the words of Christ is that they so far transcend circumstances of environment that the application of them reaches to the end of the world and the end of time. Not less pertinent to-day is that warning which was uttered 2,000 years ago. America is not Jerusalem, but the Sadducees and the Pharisees, with changed in all that long period, are still with us and the caution is as necessary now as then.

The Sadducee was a man who substituted circumstances for principles, who was governed by conditions rather than convictions, whose waterword was "expediency," whose policy was a time-serving truckle to the "powers that be," and the determination to fit in with environment at whatever cost.

The Sadducee was made by the things about him and as a determining force he amounted to little. It was not until the Savior interfered with vested right and attacked material privilege that the Sadducee conspired with the Pharisee, who he hated, to pervert Him.

The Pharisee was a man who put law in the place of morals, who disregarded the inward and spiritual to acclaim the outward and material, who cared nothing for cause but everything for effect, whose waterword was 'legality' and whose rule of conscience a minute description for all sorts and conditions of men and circumstances, whose whole idea was not 'is a thing right or wrong?' but 'what is the law that governs?'"

# THE MERCY OF OUR LORD JESUS CHRIST UNTO ETHERAL LIFE.—John 20: 21.

Were it not for the supreme and infinite love of God we should have no hope either for this world or for the world to come, and the more deeply we appreciate that love, and the more abundantly we cling to it, the more confident may we be of our own future, and the more will we be led to give unto Him in return that love which He seeks from us. And not less certain is it that only through the expectation of the mercy of our Lord Jesus Christ can we have hope unto eternal life, as it is the only hope which can sustain us in the time of our weakness, of our sin, of our despair.

Faith is in danger of being undermined by the human characteristics universally found among men which are thus unwilling to accept of and to live by its moral and ethical teachings. The standard of morality in the world being much lower than that taught in the Scriptures, all men are apt to suffer their ideas to drift lower and lower in sympathy with the ideas of the world.

Men will judge us not by our living as they see it, but by the life, life of character, personality in life, as they learn to know it. God judges us, but by the material living, but by the immaterial life as He sees it. This clay will again turn to clay. But the character we build, the life we live, the influence we exert, the life we impart, the hope we strengthen, the faith we encourage, these things will never die.

The Club Troopers, performed to a slim crowd, on Thursday evening at the opera house. The receipts were so small that the show went broke leaving a trunk with Landlord Bohner to assure a future continuance on account.

The morning subject at the First Methodist church Sunday will be "Foundation for Bullit in a Future General Judgement." In the evening at 7:30 the trial in the series on the Holy Land will be given Sunday School at 12:00. Junior League at 8:00 and Epworth League at 8:30, Dr. Blair, leader.

The Modern Woodman held an election of officers at their last meeting with results as follows: Howard Wholen, Counsel; Rev. G. J. Ringer, advisor; Geo. Partner, banker; E. Hunter, clerk; Leonard Gilterslev, escort; L. Roe, manager; Geo. Dewing, inside watch; Henry Koch, outside watch; Drs. Blair and Williams, physicians.

The opera house was nicely filled for the entertainment given by the Schubert Symphony Club and Lady Quartette, Monday night. The high school audience under the leadership of Prof. Wilson had the matter in hand and brought the house together with such success that a long little sum was secured for the improvement of the school library. The Schubert greatly pleased the audience with their music and while the vocal numbers and the violin solos of young Parcell were evidently of an exceptionally high order, we must confess, however, that our poor, unskilled students were most alive during the readings of Miss Hinman. The listeners were not satisfied with the program as printed but demanded a duplicate of every number through their

appliances. The company was surely well received in Wayne.

**Van Dyke Wight's Activity.**

The following account from Munday's Omaha World-Herald, is of interest to his many friends in Wayne. Rev. Mr. Wight, held the local Presbyterian charge for several years and since leaving Wayne has been president of Hastings college and a very active force looking to the moral improvement of that city. The account of his last movements in that direction reads thus: "The obtaining of two bottles of whisky in as many Hastings saloons last Sunday evening by President Van Dyke Wight of Hastings college and two assistants, the latter playing the part of detectives under the direction of President Wight, followed by the disclosures of the facts and display of the whisky by Rev. Mr. Wight to large congregation in the Congregational church, pulp on the same evening, has stirred up a bitter state of affairs within the membership of the Ministerial association as well as spurred the law and order element to force the administration to keep the Sunday lid on tighter along with some other reforms.

It seems that Rev. Mr. Harrison, pastor of the Congregational church, as well as some of the other ministers, at a meeting of the Ministerial union took issue with Rev. Mr. Wight that the Sunday laws were being grossly violated by the Hastings saloonkeepers.

Inasmuch as he easily obtained the goods to show them, he had no trouble to convince the public that he was right. Then Rev. Wight seems to have gotten himself into trouble with the ministers as well as the city attorney.

Matters reached a climax when as a result of a written request from City Attorney Bullen that Mr. Wight supply the evidence where he obtained the whisky and by whom it was obtained, Mr. Wight answered this demand by a communication in the Daily Republican in which he said he had turned the evidence over to the Ministerial association and that it was a matter that was in

their hands.

Rev. Mr. Wight then roasted Mayor Nates and the city authorities for violating pledges repeatedly given to have the laws enforced. City Attorney Bullen replied in another communication in the Republican in which he referred to the "strategy" of Rev. Mr. Wight in shirking responsibility for not

naming the guilty saloonkeepers and reiterated his demand.

As the case now stands it is up to Rev. Mr. Wight to produce the evidence or run the risk of being prosecuted for frequenting and buying whisky in a saloon on Sunday. In the meantime the laws are being sharply drawn in a case of more than usual interest."

THE COLLEGE BOY

noon and the evening the house was filled. There was hardly a vacant seat. And the audiences were both highly pleased with the performance and manifested their pleasure by frequent and hearty applause. There are but nine people in the play, but it does not take a large number of artists to make an enjoyable performance. That has been demonstrated time and time again and never more thoroughly than yesterday in "The College Boy." The parts were all in capable hands, and there were no weak places.

At the time he settled with the company's claim agent for \$600, but contends that he did so because he was told by a physician in the employ of the company that he would be a whole man again, within six weeks. Because this assurance proved false, he demands an extra sum for his suffering in the sum of \$1,000.

Mrs. Dan Harrington entertained the Presbyterian church choir at her home Thursday evening, and from reports it must have been an enjoyable occasion, indeed. The few friends of the choir who were fortunate enough to be invited entered into the spirit of the evening and all had a jolly time. Each person represented some song, and in guessing the names considerable amusement was provoked. A number of solos were rendered and finally all joined in singing old familiar songs. Even during retreatments songs were sung and all firmly forgotten. At a late hour the guests joyfully departed all feeling very grateful to Mr. and Mrs. Harrington for their thoughtfulness in such a manner.

Sweater Coats for Christmas at HARRINGTON'S.

A SERIOUS CHARGE.

Ed. O'Brien, of Winside, entered a complaint in Judge Henters court this week, charging a young man named J. M. Eudisley with obtaining goods under false pretense. Sheriff Mears located the fellow at Norfolk and brought him in Saturday. The hearing being set for Monday but was continued until next Monday the 17th inst. It appears that Eudisley purchased a set of harness from Mr. Colten during some time in April and gave a mortgage on a team that turned out not to be his own.

The young man's story of the affair might invoke sympathy. In company with his father and family they leased the John Elliott farm near Winside, last spring and needing harness, his father urged the boy to get it as above stated, and he would see that they were paid for. Some time during the summer the old man went to Winside with \$50 and intentions to pay the bill, but instead got drunk and spent all the money. The father kept up his debauches until the son was driven to take his mother and the children to Norfolk, where he secured employment as a bus driver and was enabled to support them.

When arranged Saturday he came to understand that the offense might send him to the penitentiary, he broke down and cried. The amount of the harness is only \$37.50, and were inclined to the idea that the affair will be settled out of court, before time of trial.

Why Not Be Happy?

If there is a soul in Wayne county that is not happy and can give good reasons for it, we will be glad to make anyone a Christmas present in such a condition. Come in and get it and be happy. We have many good reasons for being happy this year. Everyone, it seems, has made a special effort to make life pleasant for us. We have enjoyed the best health, and our friends have given us the largest trade we ever had. Our families are all well, and our wives have not asked for a divorce. We are certainly happy, and we are ready to make you happy if you will give us a chance to do so. Right here we want to thank everyone that has helped to make our store so popular or who has in any way helped to make us happy during the past year. If it were possible for us to give everyone a Christmas present we would be glad to do so, but as that is impossible, please accept our thanks and our best wishes for your future welfare, with the compliments of the season. Any man who don't feel as we do, buy a suit of Staley Underwear and you will be just as happy as we are. Any Mother that has had grief because her boy had poor shoes, come and get him a pair of "Bad Boy" shoes and you will enjoy the same happiness we do. Any one that has had trouble in selecting presents for Christmas, will find by coming here that that trouble will disappear. Come and see us before Christmas anyhow, no matter if you don't need anything. We like visitors and will do you no harm. Again thanking you all for your kindness and hoping to meet you often during the coming year, we wish you all a Merry Christmas and a Happy New Year.
