

To People Along R. F. D. Routes

The Mail Carriers are our Messengers. Give them a letter addressed to us telling us what you want and the carrier will bring the goods back with him, right to your door. That is easier than a long cold drive to town. Goods ordered in this way can be returned if unused and in good condition, providing they are not satisfactory.

You can save time by calling our phone number 231, and telling us what you want. The Carrier will bring it out on his next trip. The phone costs you nothing and you save time. That is far better than ordering from some mail order house in some distant city. The goods you buy from us are Quality Goods, be it drugs, medicines or Sundries.

Our Federal Building.

The perfect cleanliness of the Beatrice postoffice reflects, credit on the force in charge of the federal building and shows that people who frequent the place co-operate in carrying out the practice of neatness and good order. A modern building, like the one here, arouses pride and helps materially in maintaining the interior in proper shape. Postmasters in towns without elegantly finished government buildings often experience great hardship in keeping the quarters clean and orderly. A few years ago the postmaster at Wayne, one of the best towns in the state and long ago deserving of a public building, had a terrible time trying to prevent some people from scattering tobacco extract over the floor and induce them to not wait until they got inside to clean the mud from their feet. By hammering away he finally improved the habits of those who formerly went to the postoffice to do particularly fancy jobs of tobacco chewing, but he would have had no trouble in raising the standard of good taste if his quarters had been occupying a new, up-to-date federal building. Thus, modern public structures, properly furnished, are advisable, and if the money devoted by congressman to peddling our garden seeds were put into government buildings in towns the size of Wayne it would be well invested and give ample returns in the way of general benefit. Beatrice Express.

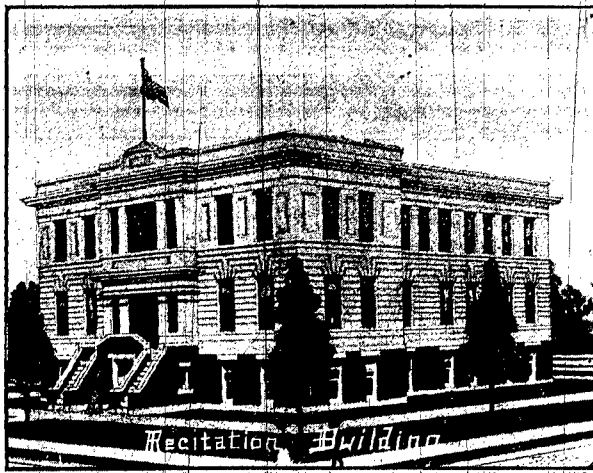

A Difference of Treatment

It is pretty clear that the railroads in continuing their old relations with attorneys and physicians in the towns along their lines are making an arbitrary distinction. They "appoint" these as their "local attorneys" and "local surgeons" and give them passes for their services, which may or may not mean professional work, by which surely does mean political work. At the same time the railroads of Nebraska have decided to abandon their former practice of exchanging mileage with the newspapers for advertising. There is no law compelling this within state lines but the roads have, nevertheless, concluded it is wise to do so. Clear it is as proper, both from a moral and a legal point of view, to exchange commodities with the newspapers as with the doctors and lawyers. Undoubtedly the reason the doctors and lawyers have not had their relations to the roads changed is because they have not, as the newspapers have done, urged a reform in railroad methods of distribution of passes. The reform pledged by the political parties of Nebraska has been largely brought about through a demand of the newspapers. There is room for just a suspicion that the roads have changed their policy with respect to newspapers as a hint of their displeasure. Fremont Tribune.

A Pleasant Surprise Party

Wisner Chronicle: Mr. and Mrs. John Leuck of Wayne county gave a very pleasant surprise party last Tuesday evening in honor of their friend, Miss Katherine McGill, and notwithstanding the thermometer pointed to fifteen below, the spacious parlors of the Leuck home were filled to their utmost capacity with frolicking lads and lasses who came to pay honor to this popular young lady. Although Miss Katherine was thoroughly surprised she was not dumbfounded, and almost immediately collected herself and in her usual friendly way went about through the company making all feel her appreciation for their presence. At midnight an elegant three-course luncheon was served by the hostess which appealed to the appetites of all, after which the usual popular games were indulged in until the wee small hours of morn. James O'Connor won the bachelor box in the bachelor's contest and Miss Anna Gruss won the gold mounted hammer in the ladies contest. The occasion was one to be long remembered by those who were present, and Mr. and Mrs. Leuck still rank among the best of entertainers.

Dedicated Tuesday, January 12, 1907.

Brown Livery Barn Sold.

W. A. Hiscox, of Stewart, Nebr., is to be successor of Fred Brown, as proprietor of the white livery barn on upper Main street, after March 1. Mr. Hiscox, is a brother of implement dealer Hiscox, and it was while visiting here the first of the week that the deal was consummated. The sale includes only the horses and livery equipments, as the building is owned by other parties. Mr. Hiscox is experienced in handling horses and is recognized as an accommodating business man. He will move his family to Wayne as soon as convenient. Mr. Brown, we understand is likely to move to Sioux City as soon as his matters are closed up.

Bridge Notice

Notice is hereby given that bids will be received at the County Clerk's office of Wayne County, Nebraska, for the building and repairing of all bridges required to be built or repaired in Wayne county during the year 1907; bidder to furnish all material therefore, according to the plans and specifications adopted by the county board of Wayne county, and now on file in the office of County Clerk of Wayne county, Nebraska. Said bridges to be built of wood or iron, or both, or with iron, cement or concrete sub-structure, according to said plans and specifications, and located in various parts of Wayne county. Each class of bridges to be bid upon separately and at a price per lineal foot. Bridges to be built within ten days from notice by county to construct the same and in case any new bridge is to be constructed where an old one stands, contractor to tear down said old bridge and remove and pile all bid lumber in such bridge safely near the site thereof, such lumber remain the property of the county. Said bids to be filed with the County Clerk of said Wayne county, Nebraska, on or before 12 o'clock noon, on the 12th day of March, 1907. Said bids will be opened at 12 o'clock noon, Tuesday, March 12, 1907, by the County Clerk of said county in the presence of the Board of County Commissioners of said county at the office of the County Clerk of said county.

No bids will be considered unless accompanied by cash or a certified check for \$200.00 payable to Chas W Reynolds, County Clerk of said county, to be forfeited to said county in case the bidder refuses to enter into contract with said county if same is awarded to him. Successful bidder will be required to give bond to County with two or more good and sufficient sureties, in the amount of \$1000.00 conditioned for the faithful performance of contract awarded to him.

Also bids will be received for all of the above work at time and place and under all conditions as above set forth, [the] county to furnish all material delivered at nearest railroad station.

The Board of County Commissioners reserve the right to reject any and all bids.
Dated at Wayne, Nebraska, February 5th 1907.

Romeo and Juliet

Of the the play of "Romeo and Juliet," Schlegel, the German critic, eloquently remarks: "Whatever is most intoxicating in the ardour of a southern spring, languishing in the song of the nightingale, or voluptuous in the first opening of the rose, is to be found in this poem. The sweetest and bitterest love and hatred, festivity and dark forebodings, tender embraces and sepulchres, the fulness of life and self-annihilation, are all here brought close to each other; and all these contrasts are so blended in the harmonious and wonderful work into a unity of expression, that the echo which the whole leaves behind in the mind, resembles a single but endless sigh." At the opera house, February 21.

Resolution

Resolutions of respect and sympathy by Camp 1076, M. W. A. We, the undersigned committee appointed by the Venerable Consul of Logan Valley Camp, No. 1076, M. W. of A., to draft resolutions of respect and sympathy on the death of our Esteemed Neighbor, William B. Larison, would respectfully report as follows:

Whereas, it has pleased the Almighty God in his Divine Providence to remove from our midst our Esteemed Neighbor, William B. Larison, and

Whereas, our Camp having lost, in the death of our beloved Neighbor, a staunch and loyal Woodman and his wife and son a tender and loving husband and father, therefore, be it

Resolved by the Logan Valley Camp No. 1076, in Camp assembled, that we extend to the family of our departed Neighbor our heart felt sympathy and recommend them to the Great Healer of all sorrows for comfort in their time of sorrow and bereavement.

Be it further resolved, that these resolutions be spread upon the minutes of the Camp, published in the home papers and a copy sent to the bereaved family.

A Message From The Dead

Mr. Monkey of Cherry Street is Almost Persuaded by Experience that a Red Domino at A Garden Matinee during Idle Hours or In Happy Moments is better than A Lemon in the Garden of Love, although Jonah (He's a cousin of mine) while having Day Dreams thought The Bird on Nellie's Hat was singing Lullaby, but My Gal Sal, when brought Face to Face with The Poor Old Man, who is A Chip of the Old Block, said Arrah Wannal—but Cheer Up Mary, My Heart at Thy Sweet Voice tells me to have Charity, and In the Language of Love, I ask Won't You Come Over to My House, and tell Susan Kiss Me Good and Hard, and I will Serenade Badine with Brooks' Triumphal March, or the St. Louis Rag, but When the Snow Birds Cross the Valley, to the Gate City, it will be Good A-bye John, Forward March, and Women and Men will sing Praise Ye or Gloria, I'm Sorry that the Maple Leaf Rag was played in Largo time and not as Soldier's March, but Don't You Tell, Cherry Hill Jerry and His Liz, When Tommy Atkins Marries Dolly Gray, or The Dream of the Rarebit Fiend will come true and My Treasur will be found in the Old Heidelberg, Then Honey Won't You Love Me As You Used To, and sing a Cradle Song or is Marriage a Failure. The regular club dance was held at the Opera house, on last Saturday evening, excellent music was furnished by Otto Voget, his sister, Mr. Lee Buroker, Mr. Whitney and Mr. Shook.

Dan Harrington experienced a radical change in the climate. He writes the boys in the store from southern California, that is so hot at mid-day that eggs might be baked on the pavements. However the nights are very agreeable.

Mrs. Horne, of Syracuse, Neb., stopped over in Wayne a day or two to visit at the O. J. Buckingham home. Mrs. Horne, is an aunt of Miss Newton, the Ponca young lady who was shot about a week ago by a rejected suitor, and had been to Ponca to attend the funeral.

Last week the Herald omitted to note the presence in the city W. E. Howard, now living at Clarkson, Wash. He had been to Gothenberg, Nebraska, on business and took a run up to Wayne for a few days. He reports the family in the best of health and well pleased with their mountain home.

Thos. Caterwood shipped a car load of horses from Wayne to Pomona, California, yesterday. Eighteen head made up the load, fourteen of which were furnished by Chas Thompson and four by Frank Strahn. A regular palace horse car was used for the purpose, the freight and rental of which costs nearly \$500.

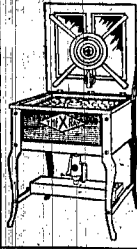

Mrs. Gene Sullivan has bot the old Orth property, near the High school building, and will likely occupy it herself. The E. B. Cook family will vacate the premises as tenants about

March 1st and move to Hastings, Neb., to reside. Mr. Cook is now a general collector for the International Harvester Co., and finds that a residence at Hastings is more convenient in his business. The family will be missed from Wayne.

Daniel Isaacs, writes the Herald from Columbus, Ohio, where with his two daughters the Misses Margaret and Rosina, he is located for the present. His son, Dr. David Isaacs, formerly located at Winside, and who went to Glasgow, Scotland last year, is now at Vienna, Austria, taking special work in medicine and surgery. The doctor evidently has been having a splendid time in his travels over Europe. At Vienna he met one of his old classmates and two other doctors, a father and son, from Omaha. He says most of the students training for specialists at the Austrian capital are from America.

Those who appreciate an excellent production of an entertaining and delightful play, should not forget that "Romeo and Juliet" will be presented at the opera house on February 21. This will be a rare opportunity to enjoy a magnificent revival of this great masterpiece. The production, the company, and the play itself stand, perhaps for the most popular conception of entertainment allied with fine art. It is a matter of congratulation that the first presentation of this great play in this city should be entrusted to a company that comes so highly recommended in every way.

CLUBS AND SOCIETY.

The Shakespeare Club postponed their meeting until next week.

The Dancing Club gave the swellest party at the opera house, Saturday evening, of the season. The music by the Wayne Orchestra was the best on record for Wayne.

The Missionary Society of the Presbyterian church, will have their annual election of officers at the home of Mrs. Mathey, today. The ladies will have a picnic and a general good time.

The musical, at the home of Mr. and Mrs. Kate, was the attraction for last Friday evening, participated in by Mr. and Mrs. Hufford, Mr. and Mrs. Walter Weber, Mr. and Mrs. Emil Weber and Miss Hattie Weber, dainty refreshments were served and a general musical treat indulged in.

The U. D's met with Mrs. H. S. Ringland, Monday. The afternoon was entirely devoted to a lesson on the subject, "The World's best Pictures," which was led by Mrs. Morris. It was made every interesting by excellent discussions and by showing representations of the twelve best pictures.

Mrs. John Kate was hostess to the Monday Club at their usual afternoon hour. It was one of their very best meetings. Mrs. Wilson gave a very excellent paper on "Origin of History of Lace," and Mrs. Mellon had the subject of "Tapestry." Mrs. Tucker told about "Furniture Old and New" which was very instructive. Mrs. Welch's subject of "Designs and the History of Wall Paper" was very nicely handled. All on the program showed complete mastery of their subjects.

The Pioneer Whist Club met with Mr. and Mrs. H. Ringland, with two tables of invited guests in addition to their membership. The usual rounds of games were played. Mrs. Kohl carried off the honors for the ladies prize which was a book entitled, "Found in the Hills." Mr. Harry Fisher received the purse for the gentleman's prize. Delicious refreshments were served.

Wayne School Notes

Almost all of the sick have returned.

Miss Fense's pupils are preparing a patriotic program.

Mrs. E. B. Philleo was a visitor at the Ward School last Tuesday.

Mr. S. E. Minuford was a visitor at the High School, last Wednesday.

The Carroll teachers were visitors at the Wayne Public schools last week.

Mr. D. C. Main and Mr. S. R. Theobald visited the High school last Friday.

Copies of Gibbs number primer have been placed in the hands of the First grade children of each building.

The pupils of Miss Wallace's room are proud of the fact that there has been only one case of tardiness since school began.

The members of the 9th grade held a very pleasant class party at the home of Cella Gildersleeve last Friday evening.

The pupils of Miss Wallace's room received a quarter holiday last Friday because no one had been tardy during the preceding four weeks.

The 4th grade pupils of Miss Beauschmin's room have completed the review of five library books. They are now busy studying Wayne County.

The second and third grade's of the North Ward have just completed some pin cushions they have been making during the manual training period.

The pupils of the Ward primary are happy in the possession of a loom such as the children in Germany use in weaving braids. It was made and given them by Mr. Luders, who visited the room and was interested in the weaving work.

The pupils of Mrs. Phillip's room have just finished the story of "King Arthur and His Knight; of the Round Table," read to them by their teacher, as a part of their morning exercises. They have found it exceedingly interesting as well as instructive. The story of "The Golden Rule" will be taken up in

On the evening of February 20th Mrs. Keefe, President of the State Federation of Women's Clubs of Nebraska, will give an address in the New Auditorium of the college. All the Women's Clubs of this district and of Wayne will be represented. Every woman and girl of Wayne is cordially invited to be present and hear her. No admission.

A visit to the Philippines was enjoyed last Thursday evening by a multitude which occupied all available room at the Methodist church, the attendance being estimated as high as 700. Of course that number could not be seated, hence standing room was at a premium. The evening served as a second visit to all who had ever seen the islands and their people. The next evening will be spent among the Dyaks and Malays of that portion of the world lying on the equator near Singapore. Misses Farr and Stinson sang "Throw out the Life Line," which was illustrated with five views presenting a wreck at sea.

The Best that Grows

THE WIFE BEHIND THE URN. Not

There's a man behind the capital,
The man behind the gun,
The man behind the enterprise,
The man behind the son.
Though all-important they may be,
I quit them and return
To her who cheers my home for me—
The wife behind the urn.

What though the frenzied financiers
Do tear each other down;
I leave my struggles, cares and fears
Behind me in the town.
For splendours and the glads of pride
I'll never, never yearn,
No other gift can rank beside
The wife behind the urn.

The wind may shake the window-pane
And boote in the die;
Our roof can shed the driving rain,
Our love sheds trouble, too.
With CHASE & SANBORN'S coffee, dear,
True comfort do we learn;
I pledge you in its fragrant cheer—
The wife behind the urn.

Washington Doings

"Uncle Joe" Cannon's Presidential boom is assuming healthy proportions. He is rapidly coming to be recognized as the most logical Republican candidate for 1908, provided the convention is not stampeded and insists upon renominating President Roosevelt. In looking over the list of prospective candidates, it is seen that Beveridge will contend with Fairbanks in Indiana; Spooner and LaFollette are in daggers drawn in Wisconsin; in Ohio there will be a clash between Taft and Loraker; Cummins is fighting Shays in Iowa, and Root and Hughes undoubtedly will strike fire in New York. From present indications, it would seem that Speaker Cannon is the only public man now under consideration who can appear in the convention of next year with a solid State delegation behind him. However, the Czar of the House declines to discuss in any way his candidacy. When the subject is broached he cocks his cigar at a more aggressive angle in the corner of his mouth and says "Fudge!"

Frank James, who with his brother, Jesse James, at one time engaged in exploits that furnished material for whole libraries of yellow-back literature, has abandoned for good the gentle art of holding up trains, banks and stage-coaches, and will devote his energies now turning up the soil with a plow. James this week purchased from the government a farm in the Big Pasture in Oklahoma, which was auctioned off at the General Land Office. The former bandit got the S E 1/4 of 35-5 South, 10 West, being a part of what constituted the Comanche reservation. The land cost \$2,777. In recent years, he has been making a living by officiating at horse races in Missouri and Kansas.

Mayor Schmitz of San Francisco, and the board of education of that city, has arrived here for conference with the President on the Japanese question. It is unlikely that the result of the conferences will be given out for some days, for in all probability any decision reached will be submitted to diplomatic channels before the matter is aired.

That the efforts of the Department of Agriculture to assure the cleanliness of packing products have not abated has just been proved afresh by the interest which officials of the Department are taking in the National Packer's Exposition will be held in Chicago, in May. This exposition will demonstrate just how meat and vegetables are canned and what effect the passage of the pure food bill has had on the packing industry. The government authorities welcome this move on the part of the packers, large and small, to meet public interest and curiosity by demonstrating what their processes are. And the packers realize on their part that by coming out openly in this way they will not only make a vitally interesting exhibit, but also furnish evidence that they are giving the public a "Square deal." The nature of the government exhibit has not yet been determined. The Exposition is scheduled to last eleven days. It will be held later on in New York, Pittsburg, Philadelphia and Kansas City.

The bureau of manufactures of the Department of Commerce and Labor has just compiled a table of the rates of duty on machinery and machine tools imposed by various countries. Some of the figures are of decided interest, proving that the excellence of American manufactures is recognized abroad. As an instance of this, Russia admits free of all duty the American binder and reaper, and other agricultural implements, the result of American ingenuity. Working under this favorable condition, the International Harvester Company has just sent 9 big shiploads of machinery to Russian ports, and small shipments are going forward regularly in the holds of the steamers of regular lines. In spite of duties imposed by other countries, this same concern is widening its market abroad, and the American agricultural machine is to be found in almost every country in the civilized world. This foreign market has been of comparatively recent origin, and it was opened up as a result of the competition of the American manufacturers of these machines, and the concentrated effort made to market an increas-

surplus abroad. By creating this foreign market, the mills and factories of this big corporation are operated steadily and American labor is given employment the year 'round. This is the beneficent side of the corporation question, which the Administration has been trying to lay before the American people.

While France, Germany, and England are experimenting with aerial fleets and aerial aids to warfare, the United States is not asleep. Army experts are watching closely all experiments with war balloons and airships, and exhaustive tests are to be made at Fort Omaha, near Omaha, Nebraska, of a number of dirigible balloons that recently have been purchased by the War Department. General Allen, Chief Signal Officer of the Army, said this week that he believed this country was far ahead of any other in the matter of flying machines. So far as wireless telegraphy in the field is concerned, the United States Army is keeping pace in this regard with other countries. At the present time the troops are equipped with wireless telegraph outfits so constructed that they can easily be transported on the backs of three horses or mules and may be set up in twenty minutes. These outfits are so attuned that they do not interfere with each other and they can transmit messages about one hundred miles. These outfits have been given severe tests by the army of pacification in Cuba and reports that have reached the War Department declare that they have been completely successful.

Certain Congressman are laughing in their sleeves over the predicament of John Wesley Gaines, although their laughter is subdued, for the effervescent Representative from Tennessee is thoroughly well liked. Sometime ago Mr. Gaines, it will be remembered, introduced a bill providing for the "docking" of members absent from their seat without permission. The introduction of his resolution had the effect of galvanizing into life a number of congressmen from their easy chairs in the rotunda of the Homestead Hotel at Hot Springs, Va., whither they had stolen to enjoy the waters and escape from a dull session. Now Mr. Gaines, who has succumbed to overwork and is generally run down, has been forced to seek the same Homestead Hotel and will spend the remainder of the present session in trying to woo back health at the mineral springs. While the wily Mr. Gaines got permission to absent himself from Speaker Cannon, he comes under the provision of his own rule technically, for the permission was not granted in open session. It is not likely, however, that his colleagues will insist upon enforcing his own rule in this case.

The report of Fourth Assistant Postmaster General DeGraw, which has just been issued, shows that on February 1st there were 37,191 rural free delivery routes in operation, 147 of them having been established during the month of January. On these routes there are employed 37,088 regular letter carriers. Up to that date 54,829 petitions for free rural delivery had been received.

The Interior Department is making preparations to begin a vigorous prosecution of certain individuals high in public and business life on the coast. Thomas B. Neuhausen, with four assistants, has been in California for some time collecting evidence at the instance of the Department of Justice, and it is admitted that gigantic land frauds have been discovered all the way from Siskiyou County to Death Valley. Officials of the Interior Department decline to reveal the nature of the evidence and the Department of Justice also is preserving silence.

Nebraska Normal College Song

Words by J. G. Reichardt. Music by Miss Stewart

1. When all these days are dead days
And new days lead us far;
Tho we be scattered o'er the earth
To shape our fates and prove our worth,
The charm of these old school-days
Shall cling where'er we be,
And we'll not forget the old home yet,
The N. N. C.

CHORUS

O, it's N-E-B for Neb.,
And it's N-O-R for Nor.;
With a C-O-L-L-E-G-E,
That is what we're shouting for;
O, we'll often think of her,
Wherever we may be,
And we always shall love her and place none
above her,
The N. N. C.

2. The time shall come to part and the new ones
take our place;
These halls shall hear the stranger's voice and
see the stranger's face.
But we'll oft come back in spirit, for this shall
ever be,
Where'er we roam, the dear old home,
Our N. N. C.

CHORUS

O, it's N-E-B for Neb.,
And it's N-O-R for Nor.,
With a C-O-L-L-E-G-E,
That is what we're shouting for;
O, we'll often think of her,
Wherever we may be,
And we always shall love her and place none
above her,
The N. N. C.

PROBATE NOTICE TO CREDITORS

In the County Court of Wayne County, Nebraska
In the matter of the estate of Gideon Powell, deceased.
Notice is hereby given, That the creditors of the said deceased will meet the Executor of said estate, before me, County Judge of Wayne County, Nebraska, at the County Court Room in said county, on the 9th day of March, 1907, and on the 9th day of August, 1907, at 2 o'clock p. m., each day for the purpose of presenting their claims for examination, adjustment and allowance. Six months are allowed for creditors to present their claims and one year for the Executor to settle said estate, from the 9th day of February, 1907. This notice will be published in the Wayne Herald for four weeks successively prior to the 9th day of March, 1907.

Witness my hand and seal of said court, this 9th day of February A. D. 1907.
(Seal) E. HUNTER, County Judge.

Judge Knows Effect.

Judge Upton, of Keene, N. H., was a strict prohibitionist, and was long noted for the severity of the sentences he imposed on those arraigned before him for intoxication. Discouraged by his failure to diminish intemperance in his jurisdiction, he one day determined to ascertain what there was about spirituous liquor that made it so attractive to its votaries. Accordingly, he obtained a supply of Bradford rum, and before retiring for the night he drank a generous amount of liquor, intending to record the effect carefully.

The next morning those who were present in court were surprised to see the drunkards promptly discharged, while all other delinquents received their due punishment.

At the close of the session the prosecuting officer ventured to inquire why the court had so completely reversed his usual attitude toward the "drunks." Judge Upton raised his hand, which had been bowed upon his hands, and still pressing his throbbing temples, replied mournfully: "Poor devils! Let them go! They are punished enough."

Just Possible.

"I waited fifteen minutes on the corner for a car this morning," said the landlady as she poured the tea, "and when one finally came along the motorman wouldn't stop for me."

"Had he ever boarded here?" asked the man at the pedal extremity of the mahogany.

"Not that I know of," replied the landlady. "Why do you ask?"

"Oh," rejoined the other, as he continued to saw away at his steak, "I thought perhaps he recognized you and didn't want you to board his car."

The largest postage stamp ever issued measured four by two inches, and was the old United States 5-cent stamp for packages of newspapers. The quarter-shilling stamp of Mecklenburg-Schwerin, issued in 1856, is the smallest postage stamp ever produced, being less than one-fourth the size of the British penny stamp. There are 13,000 different kinds of postage stamps issued in the various countries of the world. Some of them are made only for collectors by countries wishing to make money easily.

ORDER OF HEARING AND NOTICE ON PETITION FOR SETTLEMENT OF ACCOUNT.

In the County Court of Wayne County, Nebraska
State of Nebraska, }
Wayne County, } ss.
To Louise Hilkemann, Gustav Hilkemann, Herman Hilkemann, Mina Hilkemann, and Louise Hilkemann, heirs; and all persons interested in the estate of Herman Hilkemann, deceased:
On reading the petition of Louise Hilkemann, Executrix, praying a final settlement and allowance of her account filed in this Court on the 28th day of January, 1907, and for the distribution of the residue of said estate according to law. It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 23rd day of February, A. D. 1907, at 2 o'clock p. m. to show cause, if any there be, why the prayer of the petitioner should not be granted and that notice of the pendency of said petition, and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

Break Loose From the Creamery Trust

Farmers Organize to Manufacture and Market Their Own Product

If you are tired of milking cows and getting small returns; if you want more money for your butter fat; if you want to be freed from the danger of combinations to keep down the price paid you; if you want to see the butter fat manufactured and marketed at actual cost; if you want to have a voice in its manufacture and sale, you will join the great movement for

CO-OPERATION

that is sweeping over the state like wildfire and become a member of the FARMERS CO-OPERATIVE CREAMERY AND SUPPLY CO.

It is your only hope of getting your fair share of profits from your milk cows. You do the hard work—you ought to reap the profit. Organize! Co-operate! Control the manufacture and sale. That's the only way. This movement will unite 5,000 cream producers in a purely co-operative movement. The society incorporated under the laws of Nebraska has already purchased the immense plant, equipment and business of the Harding Cream Co. of Omaha with more than 3,000 patrons and a well established trade. So we start with a growing, paying business. No money need be spent in

experimenting or in pioneer work. Our plant has a capacity of 40,000 lbs. of butter, 5,000 gallons of ice cream, 25 tons of ice per day, and a good market for every pound we produce. Members of the association not only share in the profits of this entire business, but also have the butter fat manufactured and marketed at actual cost. Will you, as a cream producer, clear headed business man join with us in the movement for co-operation and control of our product? Why not join our organization? Why let them go to enrich a corporation or give their profits to others? Why not be our own masters?

SEND FOR FULL PARTICULARS

Write today for prospectus of the company and full particulars of our plan for mutual help. Find out why the combination paid on an average 5 and 6 cents more for butter fat in Central Iowa than was paid in Nebraska and other states. Find out how to keep your profits in your own pockets. 836 Herney St. OMAHA, NEBR. Farmers Co-operative Creamery & Supply Co.

THE MANURE SPREADER

We have never come across a man who used a manure spreader who did not rate it as one of the most valuable tools on his farm, and some way manure applied with a spreader always becomes a safe investment and brings quick and sure returns. There are some things that it is not best for the farmer to go into debt for under any circumstances, but any man can well afford to pay 25 per cent interest for money with which to buy a manure spreader, if not more.

An experiment was made recently. A man planted 10 acres of corn and spread 5 loads of manure per acre by hand, 50 loads on the 10 acres. The crop yield was 500 bushels of corn. At a value of 40 cents per bushel this corn would bring \$200.00. In the same field the same amount of manure was spread with a manure spreader, and 620 bushels of corn were harvested, which at the above price would amount to \$248.00, making a gain by spreading only 50 loads of manure on the 10 acres, of \$48. The average price of a manure spreader is about \$125.00, and taking the above figures for a basis, if a man has 150 loads of manure to spread, the increase in the crop would more than pay for the spreader.

If the farmers of this county are to ride in a good carriage, wear a good clothes, educate their children as well and live in an good style as the farmers in neighboring counties, they should maintain or even increase the fertility of the soil and keep abreast of their neighbors.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy
All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work day and night. When healthy they remove about 500 grains of impure matter daily. When unhealthy some part of this impure matter is left in the blood. This leads on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gray, disorders of the eyesight and hearing, dizziness, irregular heart, d-bility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.
Mrs. Nellie May of 308 Pennsylvania ave., John, Mo., says: "I know from my own experience that Dean's Kidney Pills are a reliable kidney remedy. I was bothered for six or eight weeks with a constant dull heavy aching in the small of my back. I was tired all the time, lacked ambition and in the morning always felt worse. Having reason to believe these symptoms were caused from the kidneys I got a box of Dean's Kidney Pills. They proved to be the very remedy I required, and under their treatment the backache, languor and other symptoms disappeared."
For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Dean's—and take no other.

Neglected Colds Threaten Life
(From the Chicago Tribune)

"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter, and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures in this ailment. A cold never results in pneumonia when it is given. For sale by Raymond's drug store.

The wrong way

To select harness is the way it is usually done. Price is generally the first consideration. If that is very low the goods seem attractive, regardless of quality. Judge our goods the other way about. Examine into the quality of this harness first. Then it will be seen that it is worth almost any price. But our prices are not high. Value considered they are remarkably low.

A GREAT DAY

For the Educational Interests of Northeast Nebraska. College Auditorium Dedicated.

Speeches by State Supt. McBrien, Chancellor Andrews—Other Prominent Educators

The corner stone of this building was laid October 14 by the Grand Lodge of the Masonic Order of Nebraska. At that time, the grand lodge of the state, the Wayne lodge, members of lodges from nearby towns, the Wayne Commercial Club marched to the College Hill led by the Wayne band. At the conclusion of the beautiful ceremony of laying the stone, addresses were delivered by Dr. E. C. Horn and Attorney Welch. The building was completed during the winter months and ready for occupancy before the 10th. The dedication exercises were planned for the 12th and was made a general holiday by the school. Every minute of the day was enjoyed, beginning with the hoisting of the flags on the new and old College buildings and the firing of a salute by the N. N. C. Cadet company. The breakfast hour was postponed till 7:30 after which the students began to gather at the new chapel for the morning exercises. The officers of the graduating classes and school societies were the ushers and guides. Each had a neat badge and aided in handling the crowd at the exercises and showing visitors about the buildings. The new dormitory and the new heating plant received much attention from outside visitors. Certainly both are improvements second only to the college building which is well planned, well built and will add much to the accommodations of the Hill. All rooms are large, well heated, well lighted and conveniently arranged. The departments of science, music, business and shorthand remain in the old building. Other work is now in the new building.

Chapel exercises began at 9 o'clock, led by Dr. E. C. Horn of the Methodist church. The singing by the entire student body of the college song was a lively variation. This song was in evidence at all the exercises and was thoroughly enjoyed by visitors as well as by the school. State Supt. McBrien made an eloquent address of more than an hour in length. He received most hearty applause and congratulations from visiting school men, the faculty and a chapel full of students. He paid a splendid tribute to the Wayne Normal and the teachers prepared and sent out by the school. Supt. McBrien is a big-hearted, whole-souled man, who is deservedly popular with the general public as well as with the school people.

The afternoon program proved far more popular than most of us anticipated. The exercises began with the N. N. C. Cadet Company drill, under command of the captain Mr. Lundak. By order of the Adjutant General of Nebraska, Major G. A. Eebly, of the National Guards was present and inspected the company. He complimented the officers and cadets on the work, certainly the cadets made a good showing.

At 2:30 the students and visitors filled the chapel and following the College song, Supt. Wilson of our city schools made a practical, judicious address which encouraged friends of the school. This man never disappoints his friends because he has something for people to think about. The audience became more and more enthusiastic as one after another of the afternoon speakers spoke so favorably of the school. Supt. Marshall, of Knox county told of the good work of former N. N. C. students as teachers in his schools, Supt. Teed, of Dixon county, brought fourth applause when he declared Wayne Normal students were the most loyal to school and faculty of of any people he had ever met. He emphasized the fact that the loyalty was fully deserved. Supt. Stahl, of Cumming county, called attention to the fact that the Normal well prepared her students for successful teachers and to fill good business positions by developing strength of character as well as strength of mind. Supt. Frank Pilger, of Pierce in a thoughtful talk told of the substantial work of the school as seen in the work of young people going out into business and schools. Supt.

Perdue, of Madison, told of several teachers who were a great success and gave concrete illustrations of successful work and the reasons for the same. A number of N. N. C. teachers are in his county and are loyal to those in authority. Supt. Miller, of Cedar county, spoke of his student experience at Wayne and with proper compliments for school, teachers and students won much applause. He is a loyal alumnus and appreciates the great work of the Normal. Supt. Coney, of Stanton county, was present at the dedication of the old college building in 1892. He has been a personal friend of Pres. and Mrs. Pile for 15 years. He took pleasure in commending the Normal and heartily congratulated all on the progress made. Supt. Hubbard, of Pender, made an extra good talk and told of his surprise at the magnitude of the plant and work being done. He was as favorably impressed with the school as the audience was with his earnest thoughtful speech. Mr. Mumford, of Beatrice, made a lively speech full of compliments for the school, faculty, students and the president. The speech-making was closed by a rousing short address by State Supt. McBrien who strongly endorsed as the county superintendents had done the work and management of the Normal. More than 50 per cent of the teachers of the nine counties represented by speakers have attended the Normal. Surely it was a pleasure for the president and faculty to hear the good things said for them and their students.

By 7:50, the chapel was filled including aisles. The trustees occupied the east end of the stage; the visiting educators filled the row of seats on the north; the faculty was seated on the west end; President Pile, Chancellor Andrews, Rev. Ringer and Hon. A. A. Welch occupied the front seats. The Wayne band opened the exercises with a beautiful selection which was followed by the College Male Quartette whose appearance called forth much applause. The quartette, the solos by Mr. Campbell and Miss Cunningham were very good. In a few well chosen remarks, Mr. Welch was introduced to make the Trustees' address which he did in a pleasing manner. He called attention to the trustees' place and duties, the growth of the school and assured the president and all concerned of the trustees' confidence in the school and its management. He spoke eloquently in behalf of the life-teacher and the entire audience showed hearty approval of his earnest address. Chancellor Andrews was introduced as one of America's greatest educators. After some very complimentary and congratulatory remarks as to the growth and work of the school he took up his subject for the evening's address.

Greater America was handled only as a great thinker can satisfactorily discuss such a question. We are safe in saying but few lectures, if any, ever delivered in Wayne received more favorable comments. For an hour every one in the audience was most attentive to catch the full meaning of each sentence pronounced. He calls a spade a spade and speaks fearlessly his thoughts, whether they commend or condemn existing and anticipated conditions. The college song, the college yell and music by the band closed the biggest day in the Normal's history. That the exercises from sunrise till 10 p. m. were a great success is putting it mildly. Educational work from the primary through grades, rural schools, city schools, the state department and state university was represented in the speakers of the day. President and Mrs. Pile, the faculty, the students, the citizens, the visitors—one and all felt like congratulating each other at the close of the program on the great success of the school and the dedication exercises. The enthusiasm of the day must result in great good to our Normal with her large body of student, and to the school interests of Wayne and nearby counties. Class work began in the new building Wednesday.

That's What a Spreader will do if Used as it Should Be.

The GREAT WESTERN SPREADER

Is Made for the Man Who Wants The Best.

If You Have 125 loads of manure to spread you can increase the value of your crop this year more than enough to pay for a spreader. We have a 64-page book which explains the whole situation.

A Manure spreader will bring you bigger and quicker returns than any other three implements you have on the farm.

The Plan is not a theory, it is an actual fact backed up by 18 years' actual experience.

The Book is free. It is worth \$100.00 but won't cost you a cent. If it does not do you any good, it won't do you any harm. It's brimful of valuable information.

A Manure Spreader Must Be made Extra Strong.

DON'T buy a light spreader.
DON'T buy a spreader that has a pine pole and pine frame.
DON'T buy an experiment, a machine that has been on the market only a few years.
DON'T let any manufacturer experiment at your expense.
DON'T buy a spreader that has a narrow front axle. If you do you can't top-dress corn successfully.

DON'T buy a spreader with the front axle set ahead of the front end of the body because practically all the load will be carried on the rear axle, making heavy draft.

The Great Western is a great machine. The main frame is all oak, oak pole, hickory double-trees.

It Has a big, strong 16-inch malleable iron fifth wheel, double oak bolster, wide front axle; the wheels track.

It Has an endless apron that is always ready to load; no reverse gears, trips springs or contraptions to get out of order. Spreads all kinds of manure.

It Has a galvanized steel hood and end gate Keeps the manure away from the beater when loading. Prevents choking when starting. Acts as wind shield when spreading.

It Has a light draft, because the load is nearly equally balanced on the front and rear axles; brings the team close to the load. Front and rear wheels track. Beater shaft runs in ball and socket bearings.

It Is so simple that a boy can handle it.

Don't let anyone sell you a cheap substitute that he says "is just as good"—Because there is no other spreader just as good or nearly as good.

GRAND VOTING CONTEST

Announcement of a great subscription voting contest that is on now and is to be pushed with vigor for a few weeks by the

The Wayne Herald

Full statement of details and all necessary information for the use of contestants and their friends and Herald subscribers.

A Fine \$350.00 Piano and Other Valuable Prizes Given Away!

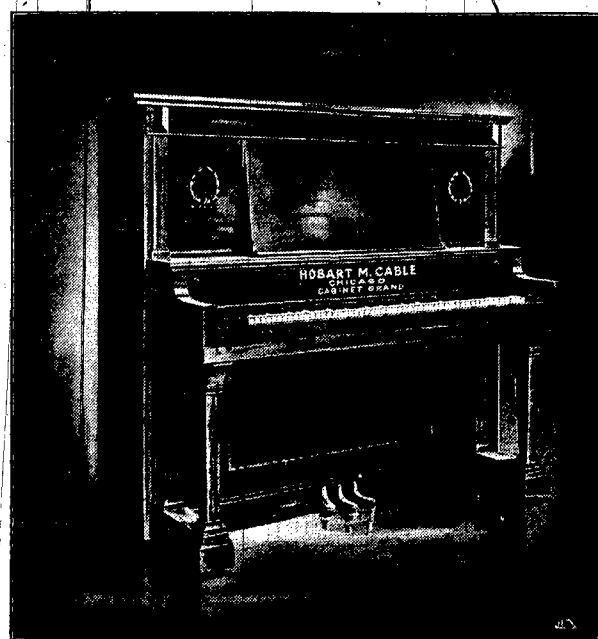

Who May Enter This Contest:

Any lady or girl residing in Wayne county. It will probably take a few weeks to get this contest organized and get the voting under good headway; after that, a couple of months ought to be enough to cover the county thoroughly; and as soon as this work is done the contest will close and prizes will be awarded. The closing date will be announced fully thirty days before the contest closes. It is our desire to make this a short, sharp contest, and to let it continue only long enough to thoroughly canvass Wayne and adjoining counties.

\$5.00 will be given every contestant who secures 50 new subscribers....

Prizes We Will Give

This fine Hobart M. Cable Piano, purchased of Fleetwood & Johnson, and carries with it a 10 year guarantee. It is strictly high-grade in every respect and is sold by them for \$350.00

Other Prizes Announced Next Week

The Essence of the Whole Matter:

The Wayne Herald is one of the best local papers in this section, and has a large circulation. We still need more subscribers in our business, and want to get them quick. We want you to help us. We are willing to give you handsome, suitable and costly prizes. Make up your mind to enter this contest and tell your friends you are out for that piano that The Wayne Herald is going to give away. They will then jump in and help you. Make up your mind to go in and begin to hustle today. The prizes we are going to give away are all right. The people that are furnishing them are all right. The paper you work for is all right. The papers you work for are all right, and you will be all right if you go in this contest. The prizes will be on exhibition where you can go and examine them.

\$10.00 IN GOLD

A special prize of \$10.00 in gold will be given to the contestant who secures the largest number of new subscribers to the Herald during this contest. This will not have anything to do with contestant securing any of the other prizes.

\$10.00 IN GOLD

Two Papers for the Price of One

The price of The Herald is \$1.00 per year. We have made special arrangements with the Nebraska Farmer, of Lincoln, and will combine the two papers and give our subscribers the benefit of getting the two papers at the \$1.00 per year rate. The regular price of the Nebraska Farmer is \$1.00 per year and would cost that if one were to send to that office for it. It is published every week and is the leading farm paper of the west.

We Want Contestants

We want contestants from all parts of Wayne County. There is no fee or charge of any kind to become a contestant; all that is necessary is to send your name in to The Herald office and it will be entered on the list of contestants and we will then furnish you with full instructions how to proceed with the work. The contestants will be treated fair and square, and one will stand as good a chance to win as the other. This is a splendid chance for the young ladies to secure some valuable prizes for a little work. All that is necessary is to hustle around among your friends and neighbors and get them to subscribe or pay back subscription.

How to Secure Votes

For each cent paid The Herald on NEW subscriptions—that is by some one not already a subscriber—eight votes will be allowed; \$1.00 will equal 800 votes.
For each cent paid The Herald to RENEW a subscription four votes will be allowed, \$1.00 paid will equal 400 votes.

Voting Cards.

When the subscription money is received at The Herald office a voting card filled out in ink will be issued. This card may then be cast in the ballot box for one of the contestants, or it may be taken away from the office and voted at any time before the close of the contest, or it may be taken away and burnt up, torn up or anything that the holder chooses to do with it. There will be no duplicate votes issued, and no votes will be counted or published in the paper until they shall have been deposited in the ballot box in our office. After votes have been placed in the box they cannot be changed or transferred in any way, and they will be counted and published in the paper every week. Ballots will be carefully kept, and no one except the party authorized to have charge of same will be permitted to open or handle the ballot box.
