Wolves seem to be more numer-ous than usual, this year. Several farmers near Wayne report the loss of chickens by them. The other day Edw. Bartlett, living right north of town got close enough to a pair of the wiley animals so as to obtain a good shot at them. Last week a number of the young men of Hunter precinct organized a hunt and with the assistance of a pack of hounds, rounded up one lone wolf on the Perdue farm. Hoskins News

(From the Headlight)
A baby girl arrived at the Oman home, last week.

H. Miller loaded his car at Hoskins Monday. They are going to South Dakota to live where Mr. Miller has purchased a place.

A fine young boy is reported to have arrived at the E. M. Stamm home last Friday. Slim now shows signs of being a thoroughly devel-oped man.

Theodore Eckman left Tuesday morning for South Dakota, where he has a homestead. He had spent his leave of absence with his brother north of town.

Chris Maas arrived with his goods and stock from Wakefield, Tuesday, and is moving into the Miller farm east of town. He purchased this farm a short time ago.

Andrew and Peter Stamm, cousins of Mrs. Eric Chapman, arrived here last night. They just came over from Sweden and will make their future home in this vicinity.

Pet France and his newly made bride from North Dakota visited over Sunday at the Wm. Krause home. The bride and Mrs. Krause were schoolmates back in Germany.

Paul Froehlich loaded his goods and stock here Tuesday, and shipped them to Emerson, where he will live the coming season. According to reports, it is our gain and Emerson's loss this time.

A party was held at the home of Mr. and Mrs. Charlie Jochens, Fri-day evening. The attendance was large and refreshments were served and at a late hour they returned home thankful that Mr. and Mrs. Jochens lived in this neighborhood.

Dr. Schemel on last Thursday re-ceived a cablegram from Germany that his sister, Mrs. Sues Artz, who lives at the Hague, was aboard the steamship Berlin which was wrecked on a rock along the coast of Holland, and was among the missing. The doctor certainly has our sympathy in his loss.

A party was given at the Drevsen home north of town, Monday even-ing in honor of Katherine Drevsen's 62nd birthday. A large number of the neighbors and friends were present and had a most enjoyable time and went home wishing Mrs. Drevsen many more anniversaries of her birth as enjoyable as this.

Vernie Zeimer came down from Emporia, last Friday and visited till Monday at the parental home. Vernie says they don't kill the sand bill crane but capture him by run-ning them down. Evidently from the cold shoulder he is showed our handsome Hoskins girls he has made a capture of one of the gentler sex.

Henry Green and son Fred went down to Wayne, Saturday noon, re-turning in the evening. The boy had entered the corn contest and he and a Buetow boy from north of Wayne had tied, and the boys had to flip pennies at a crack to see which would receive the first prize. Fred lost at this and got second, a schol-arship of ten weeks to the Nebraska Normal College. This not only speaks highly of the boys working qualities, but goes to show that by diligent work and a practical knowl-edge of agriculture the quality and yield of our corn crop can be greatly increased.

A citizen of Hoskins, who has been on of our readers, has discovered, that he didn't want the Headlight any longer. That is alright. He lives right in town within two blocks of this office and instead of calling and paying what he owes, like a sneaking coward goes to post office and refused the paper. He very evidently has found one article in this paper that didn't exactly suit him and never stopped to think that it may have pleased the other hun-dreds of readers. Now, you fellow, who played this cowardly act, come and see us as any decent man should. We won't beg of you to take our paper. Every subscriber is appreci-ated, but we still live even though this narrow, mentally contracted wart did stop our paper in this cowardly man.

Chamberlain's Cough Remedy is Both Agreeable and Effective

Chamberlain's Cough Remedy has no superior for Coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by Raymond's Drug Store.

If hair that has been pulled out by the Gordon and Bennett's latest production is one of unusual beauty. It is generally conceded that the performances of "The Royal Slave" were superior, but there has been provided for "The Holy City" dramatic embellishment and stage accessories of even more remarkable magnificence. The powerful story voiced by one of the largest and most powerful companies traveling is so aided by allegorical and delight is manifested at every mention of the play.

Shrinkage of Corn

A test was made in Iowa a few years ago to test the shrinkage of corn cribs. A crib was constructed on a pair of scales so that an exact register could be made. Seven thousand pounds of corn were husked and put into the crib. The corn was weighed once each month. During the next three months from January 1 to April 1, the loss was 360 pounds or 5 per cent of the original weight. During the next three months the loss was 190 pounds. The test was made by the Iowa experimental station and was evidently a fair one. It showed that a bushel of corn weighing eighty pounds when husked will weigh seventy-four pounds at the end.

Kills Catarrh Germs;

Stomach dosing cannot kill these germs; a direct local treatment is absolutely necessary, and for this purpose nothing else equals Hyomel. Breathe through the heat, pocket inhaler that comes with every outfit Hyomel reaches the most remote air cells in the nose, throat and lungs, giving immediate relief and effecting a permanent cure in the worst cases of catarrh.

A complete Hyomel outfit costs but \$1.00, and E. J. Raymond gives a guarantee with every outfit that a treatment will cost nothing unless it cures.

Running a newspaper, says the Humphrey Democrat, is just like running a hotel, only different. If a man goes into a hotel and finds something on the table which does not suit him, he does not raise his voice with the landlord and tell him to stop his old hotel. Well hardly. He sets that dish aside and wades into the many dishes that suit him. Its different with a newspaper reader. They find an article occasionally that does not suit them exactly and without stopping to think it may please hundreds of other readers, make a grand stand play and tells the editor how a paper should be run and what should be put into it. But such people are becoming fewer every year.

The News—No Pure Drug Cough Cures would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package. For this reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe but it is said to be by those who know it best, a remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. A new electrician was put in charge of the Wayne lighting plant, beginning March 1. His name is H. A. Moler, and he is the son of David Moler who resides on College Hill.

The new man is experienced and was put in charge because of excellent endorsements. From the way the light factory has been running the past week, it is evident that Mayor Piepenstock, with the council and the rest of us are to be congratulated on the new order of things. We are inclined to the idea that the source of all the fault finding and dissatisfaction that has been sounded against the management of our city lighting plant, lay in the personality and supposed incompetency of the retired electrician, Mr. Morgan. Accepting the general opinion, his short comings seemed many, and besides he won a recognized name of a mischief maker. His retirement has evidently been in contemplation for some time.

THE WAYNE HERALD

Published By HERALD PRINTING COMPANY
J. W. Johnson, Editor and Business Mgr.
E. R. Lundberg, Local Editor.
Official Paper of Wayne and Adams Counties
Published every Thursday.
Subscription, \$1.00 a Year in Advance.

Governor Sheldon did not give the two cent fare law his official approval but permitted it to become operative without his signature. It is in full force and effect today and the Chief Executive has avowed his purpose of seeing that its terms are complied with on the part of the railroads. Gov. Sheldon contended through his campaign that the matter of passenger fares, should be one of the powers granted the railroad commission. He also believed that the emergency clause, making the law operative at once, might not grant the railroads sufficient time in which to adjust themselves to the new conditions. However out of respect to the will of the people, as expressed in almost a unanimous vote of their lawmakers, the measure stands as a law. The Governor is to be commended for his consistency.

Ex-Senator J. J. Williams, calls the Herald's attention to a measure before the legislature, providing for the removal of the state hospital, for crippled and deformed children, from Lincoln to Omaha. The avowed purpose of the bill gives it much merit, and if the wish of the medical profession is accorded due respect, the measure will become a law and the change made. The change would undoubtedly save thousands of dollars to the tax payers of the state. Omaha has pledged free quarters for the institution and completely furnish the same if the transfer is made, and as the surgeon now in charge resides in Omaha, it would materially reduce the expense of his services as well as save the hire of the building. Besides the two big medical schools, of Nebr. are located at the states metropolis, the Creighton Medical and the Omaha Medical College, the later an adjunct of the State University. The easy access to the hospital by the students of these colleges, would enable the patients treated at state expense, to be the means of great instruction to those in training for the profession of surgery. These two medical schools alone, would assure the best care and treatment possible, for the unfortunate children. The hospital should be moved, not for Omaha's benefit but the children's good.

PAYING FOR FOLLY.
A telegram from Chicago states that the St. Paul railroad has temporarily abandoned improvements and extensions, for which it had contemplated expending from \$4,000,000. to \$8,000,000.

The reason assigned for this decision is "to put the house in order" for what is to come out of the present agitation effecting railroads.

General Manager Holdredge of the Burlington road a few days ago indicated as much for his company in a discussion of the manifest purpose of the Nebraska legislature to enact some drastic laws. Undoubtedly the prosperous times will be adversely effected, at least temporarily, by the fear of railroad men to proceed with investments in the face of the legislation that is being demanded everywhere. It is unfortunate that this is so, but it is the penalty the public and the roads must pay for the long period of disregard of law and propriety by the corporations. The situation must be cured, even if heroic treatment must be administered. The disclosures of the high-handed methods of the roads, their defiance of law, their manipulation of politics and public officials, together with their refusal to pay their taxes, their gigantic gambling practices as revealed by Harriman in which tens of millions have been "made" by a simple turn of the wrist and scratch of the pen on which millions, a meek and grateful public has been expected to return big per cents in interest—all these things have set the people to thinking and they registered a high resolve to bring the saturnalia to an end.

Beginnings in the direction of reform have been made at Washington and thru the Interstate Commerce commission. The legislatures of many states are following in the good work. Indiana, Illinois, Iowa, Minnesota, Missouri, and Nebraska will have 2-cent passenger fares; Ohio already has them; Wisconsin and South Dakota have cut to 2½ cent. Corporate regulation is being otherwise achieved.

The public is being aroused to its duty. Material interests may suffer for a time from the disturbance of old conditions but in the end the general health of the commercial world will have been improved.—Fremont Tribune.

Washington Doings

Washington, Mch. 7.—Of great importance to the west is the House bill amending the act relating to denatured alcohol which has just been passed by the Senate. The measure went through by a vote of 65 to 1, Senator Pettus being the only one in opposition to its passage. The bill, which goes to the President and which undoubtedly will be signed by him, has for its object the relaxation of the government inspection in the manufacture of denatured alcohol, which is intended for use in the manufactures and arts. The amending bill was drawn to satisfy the complaints of western farmers, who pointed out that the act passed last year was so framed as to deny to them the benefits which the legislation primarily was designed to confer. As soon as the bill receives the President's signature, farmers may engage in the manufacture of denatured alcohol with which to drive their pumps and other farming machinery.

Never again will Uncle Sam act as keeper to a herd of elephants. As the result of his experience in impounding four of the big animals at the port of Buffalo, for the reason that the owner declined to pay duty, elephants have been placed upon the "free list and now any humble American citizen may enjoy the luxury of an elephant, so far as duty is concerned. The elephants were seized by Uncle Sam, who expected to find ready sale for them. No bidder put in an appearance and for several months the pachyderms have been revelling in hay and other delicacies at the expense of Uncle Sam until it was feared that the United States Treasury surplus would be insufficient to meet the bills for fodder. In desperation Assistant Secretary of the Treasury, James B. Reynolds, issued an order that the herd be returned to the original owner with the blessings of the government, and that hereafter elephants might wonder to and fro across the boundary line without any fear of being taxed. This conversion of Mr. Reynolds to the theory of free trade is causing more or less joy in the Democratic camp.

CONTEST NOTES

The HERALD is better fitted than ever for catalog and book work, as well as fine job printing of every description. Fast presses and skilled workmen enable us to turn out printing—always to your taste and satisfaction—with neatness and dispatch. Since locating in our new home by the post office, over three hundred dollars has been invested in new type, of the very latest faces and designs. These additions with our modern press and more efficient workmen have lifted the HERALD plant to the first rank in equipment and facilities for meeting every demand. The managements is here for keeps and our only ambition is to build up and maintain a first class printery and publish a clean, newsy paper. To do this we stand ready to advocate every worthy cause and boost every good enterprise. If hard work and a burning desire to do our duty as it appears to us, will win, we'll secure and retain your patronage and moral support. We intend only to merit your business. Bring your printing to the HERALD. We are anxious to please you.

In another place in this paper will be shown the standing of the contestants which is shown by the number of votes to their credit. Pick out your choice and assist her by paying your subscription to THE HERALD.

On another page appears a list of the prizes which we are going to give away in this contest to the ladies who secure the most money paid on subscription to the Herald. No one in this county can conscientiously turn down our proposition when they can get two weekly papers for the price of one. Everybody in the county should take a county seat paper and the Herald is the one to take. We have a good corps of correspondents and intend to strengthen this department and thoroughly cover the county as far as gathering all the news is concerned. The Nebraska Farmer is the leading agricultural paper of the west. It is published once a week and is \$1 per year. It is printed on fine book paper, and it is the only paper of its kind in the state that stops when your time is out.

WEAK, WEARY WOMEN

Learn the Cause of Daily Wear and End Them

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep. When urinary disorders set in. Women's lot is a weary one. There is a way to escape these woes.

Doan's Kidney Pills cure such ills. This is one Kansas woman's testimony.

Mrs. Melissa A. Love, of 211 Hendricks street, Fort Scott, Kan., says: "Last winter I had an attack of the grip, and it affected my kidneys so that I suffered for a long time afterwards with pain and lameness in the small of the back. I felt this trouble coming on all during the fall, and a cold I took was the final means of bringing it to a climax. If I swept the floor or exerted myself in any other way, I had to go and lie down, but the dull heavy aching would commence again as I got up and stirred around. My son urged me to try Doan's Kidney Pills, and I got a box at T. W. Atkins' drug store, and began using them. I found such gratifying relief that I continued the treatment until the trouble had entirely disappeared. My experience certainly warrants me in recommending Doan's Kidney Pills to others."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

There is hardly any more fun than being afraid you are going to be caught, but not being.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's health Coffee. "Health Coffee" is a clever combination of parched celery and nuts. Not a grain of real coffee, remember, in Dr. Shoop's health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's nice even for the youngest child. Sold by Ralph Rundell.

Gladness and gratitude are pleasanter emotions than pride.

For Catarrh, let me send you free, just to prove merit, a Trial size Box of Dr. Schoop's Catarrh Remedy. It is a snow white, creamy healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Felber's Pharmacy.

Many a man who is unable to do things he would like to do the things he could.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

DO NOT CROWD THE SEASON

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been holed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in midwinter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by Raymond's Drug Store.

Chamberlain's Cough Remedy is Both Agreeable and Effective

Chamberlain's Cough Remedy has no superior for Coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by Raymond's Drug Store.

If half that has been said is true Gordon and Bennett's latest production is one of unusual beauty. It is generally conceded that the performances of "The Royal Slave" were superior, but there has been provided for "The Holy City" dramatic embellishment and stage accessories of even more remarkable magnificence. The powerful story voiced by one of the largest and most powerful companies traveling is so aided by allegorical and delight is manifested at every mention of the play.

The... Wealth of the hills

1. Rich Properties. 2. The best of Shipping Facilities. 3. Good Management.

Is hidden from the shiftless and is yielded up to the industrious and deserving. The rock bound vaults of Royal mountain are full of gold and silver, but only those who have the combination can enter the vaults and be enriched by them.

The King Solomon Tunnel and Development Company Has the Combination . . .

and all the members of the Company will share in the fruits of its labors.

1. RICH PROPERTIES. We have nearly a thousand acres in the heart of the Great Sulphide Gold Belt of Colorado; over 50 lode claims and several hundred acres of placer ground; the tunnel is 1,400 feet into the mountain, and six veins have been cut by it.

2. SHIPPING FACILITIES. The ore can be handled by gravity and loaded direct onto the cars of the Colorado & Southern railroad by means of a chute when we begin to ship. The Denver & Rio Grande railroad is also within a few hundred feet.

3. GOOD MANAGEMENT. Engineers Dumbleton and Sanderson were impressed with this point in our favor. The same is true of those who have visited our properties and met our officers. Another evidence is given in this issue of THE LITTLE MINER in the report of public accountant S. W. Gilman.

In addition to the excellent shipping facilities our properties have other favorable physical characteristics such as depth to be gained by the main King Solomon Tunnel. When the tunnel has penetrated the entire length of our properties it will have gained a depth of nearly three thousand feet.

The development work that has been done, the rich bodies of ore to be opened by the tunnel, the excellent financial condition of the Company and the safe and aggressive management of the Company combine to make the stock unusually desirable. It is cheap at its present price of fifty cents per share cash and sixty cents installment.

We are now under the apex of a good vein and the price will advance again as soon as this vein is cut.

CLUBS AND SOCIETY.

Mrs. Geo. Wilbur was hostess to the U. D. Club Monday afternoon. The time was devoted to a lesson on Tapestry, by Mrs. J. G. Miller, and Oriental Rugs by Mrs. Morris. The Club is expecting a rare treat at their next meeting. Mrs. T. A. Anthony, of Wausa, who will be a guest of Mrs. J. G. Miller, is to give a talk on Art Galleries. Mrs. Anthony has acquired an extensive knowledge of the Art Galleries of the world, having just returned from a tour through Europe, where she made a special study of Art displays, at Paris, London, Berlin, Rome, etc. She also has a number of reproductions of paintings, which she will exhibit. The Club will meet with Mrs. Harry Craven.

The Shakespere Club met with the Misses Stocking and Olmstead. The next meeting will be at the home of Miss Virginia Cunningham.

The English Lutheran Aid Society, will be entertained this afternoon at the home of Mrs. P. Lundburg. A ten cent tea will be served.

Mrs. Ellis entertained the Pioneer Whist Club most delightfully, Tuesday evening. Whist was played and late in the evening refreshments were served. The prizes were awarded to Mrs. Kohl and Mr. Fisher. The former receiving a beautiful Mexican drawn work center piece and the gentleman's prize was a deck of cards.

The ladies of the western part of the city will give a tea this afternoon at the home of Mrs. Bressler. The proceeds are to go to the parsonage fund.

The Acme Club spent Tuesday afternoon with Mrs. Mines. The study was along educational lines. Mrs. Pile, took up the subject of "Civil Service and High Schools" and Mrs. Williams, "The Early and Present Educational Advantages." The quotations given were about books.

A farewell party was given at the home of Mr. and Mrs. C. A. Grothe, on Monday evening, in honor of Carl Wright, who leaves in a few weeks for Douglas, Wyoming. After all had assembled, they were treated to an elegant two course supper, Mr. Grothe presiding at the board. Following supper all returned to the parlor, where the company were favored by some excellent music. Wm. Crossland gave some instrumental pieces on the piano and Mr. Ralph Emery sang several songs, all of which were very much enjoyed. Tables were then filled for Finch. The time was so pleasantly spent that all regretted when the time came to go home. The boys pronounced Mr. and Mrs. Grothe the best of entertainers and all had a splendid time. Those present were; Messrs. Leonard Gossard, Vernie Fisher, Wm. Crossland, Bond Good-year, Ralph Emery, Orin Garwood, Carl Grothe and Leslie Crckett.

The Monday Club met with Mrs. A. L. Tucker. Program as follows: "Famous Art Galleries of the World," Mrs. Leisnering "Act as a Factor in the Home," Mrs. Chace Discussion of Current Events.

It now develops that the stories of suffering and awful cold reported from North Dakota was all a gross exaggeration. The records seem to show only three deaths from freezing for the entire state.

Nebraska republicans have already vindicated themselves and have triumphed over the charge of being "fake reformers." They are building even better than they promised. Without hindrance or delay they elected Norris Brown to the senate, while he in turn honored himself and enriched the state by winning a winning a million dollar delinquent tax case. A two cent railroad fare bill has been spread on the statute books, while the next in order is a primary election bill that will take all power from the "bosses" and place it in the hands of the people. Beside these a dozen other measures in their interest are about to be written into law. The imputations of "fake reform" has already been refuted.

It takes a lot of rehearsing to make the average man honest.

The price of The Herald is \$1.00 per year. We have made special arrangements with the Nebraska Farmer, of Lincoln, and will combine the two papers and give our subscribers the benefit of getting the two papers at the \$1.00 per year rate. The regular price of the Nebraska Farmer is \$1.00 per year and would cost that if one were to send to that office for it. It is published every week and is the leading farm paper of the west.

We Want Contestants

We want contestants from all parts of Wayne County. There is no fee or charge of any kind to become a contestant; all that is necessary is to send your name in to The Herald office and it will be entered on the list of contestants and we will then furnish you with full instructions how to proceed with the work. The contestants will be treated fair and square, and one will stand as good a chance to win as the other. This is a splendid chance for the young ladies to secure some valuable prizes for a little work. All that is necessary is to hustle around among your friends and neighbors and get them to subscribe or pay back subscription.

How to Secure Votes

For each cent paid The Herald on NEW subscriptions—that is by some one not already a subscriber—eight votes will be allowed; \$1.00 will equal 800 votes.
For each cent paid The Herald to RENEW a subscription four votes will be allowed, \$1.00 paid will equal 400 votes.

Voting Cards.

When the subscription money is received at The Herald office a voting card filled out in ink will be issued. This card may then be cast in the ballot box for one of the contestants, or it may be taken away from the office and voted at any time before the close of the contest, or it may be taken away and burnt up, torn up or anything that the holder chooses to do with it. There will be no duplicate votes issued, and no votes will be counted or published in the paper until they shall have been deposited in the ballot box in our office. After votes have been placed in the box they cannot be changed or transferred in any way, and they will be counted and published in the paper every week. Ballots will be carefully kept, and no one except the party authorized to have charge of same will be permitted to open or handle the ballot box.
