Growing Seed Corn

C. Vincent, manager of the Farmers Grain Co., of Omaha, who is actively pushing a propaganda looking to the production of more corn and better corn in the west, recently spent a season studying corn at Ames, Ia., with Prof. Holden, and in the contest of corn judges from 14 states he won second prize as a judge of seed corn. Mr. Vincent sends an illustrated book on corn culture free to all who ask for it and contributes the following article on breeding seed corn for the benefit of Herald readers.

Among the causes of "poor stand" of corn are the following:—Poor seed, poor condition of ground and unfavorable weather at planting time. There are others too, but these are chief, and the first named, perhaps, chief of all. Prof. Holden pithily referred to a cause for low yield when he mentioned the stalks that are "fooling round all summer doing nothing." Many farmers still cling to the idea that if the stand is not good at first planting, it may be improved by replanting. The number of stalks in a field may be increased, but most of them will be "fooling round all summer doing nothing." The reason is not difficult to find. The pollen falls from most of the stalks within a few days, and before the silks of replanted corn are ready to receive it. The result is whatever pollination is accomplished is a sort of "in-breeding"—the pollen fertilizing the ear on the stalk—the effect of which is to produce corn with less strength and less "character" than "cross-bred" corn.

Breeding corn requires as much exercise of one's "think box" as any other breeding, and the young man who will follow the suggestions here made for raising his own seed corn will be richly repaid in the course of a very few years. Select 100 of the very choicest ears among the seed corn from which to raise the next year's seed. Test half a dozen kernels from each ear to be sure that all are of strong germinating power, and discard all weak ears—no matter how good they may look otherwise—and select others in their place. Plant this doubly selected seed on the west or south side of the field, unless such location would place it next to another field of different corn, in which case place your "seed patch" through the middle of your own field. Be very careful in the selection of the seed bed in this part of the field, whether you treat the entire field as well or not. You want the best results—"give it a chance" to produce the best results. Plant it early. If part of the corn must be planted late, on account of the weather, be sure this part is planted early—as soon as the ground is warm enough. Use the

harrow frequently and cultivate thoroughly but just enough to destroy the small weeds and pulverize the surface.

Just after the tassels have "shot" go through the "seed patch" and cut or pull all the tassels from each alternative row, and at the same time pull out all weak or poor stalks from all the rows, thus insuring fertilization from only the strong stalks. The corn on the detasseled rows will be sure to be "cross-fertilized" while that on the other rows will be partly cross-fertilized and partly self-fertilized. Before frost, go thro and select your seed (several times as much as you expect to use) from the detasseled rows. This will insure you strong "cross-bred" seed whose germinating power is more likely to be uniformly good than seed from the other rows, which, the nice looking, will be partly "in-bred." Leave the husk on the seed corn with which to hang it in the barn or shed, on wires stretched across to keep it free from rats or mice. Never pack it away but leave where the air may circulate freely about it.

If this plan is followed from year to year and each year's seed is carefully tested during the early spring so as to plant in the seed patch only the strongest and best, the result will be fewer weak stalks, fewer missing hills, fewer stalks "fooling round all summer doing nothing," instead there will be more stalks and better and stronger stalks, bearing fewer rubbins and more 12 ounce ears, resulting in a greater yield per acre of a better grade of corn.

Hoskins News

(From the Headlight)

A birthday party was held at Wm. Bruce's Monday, in honor of his birthday.

Mrs. Joe Dobbin went to Norfolk, Tuesday, to attend the funeral of the six-year-old daughter of Mr. and Mrs. Dowty.

Mrs. Frank Emch and children arrived from Carroll, Thursday and is visiting her mother, at the editor's home, before she leaves for North Dakota.

Eric Miller had the misfortune to lose a valuable horse last Thursday night. The animal was one of the high priced pair he bought at the Gleason sale.

Last Friday evening a party was given in honor of Mary Nurnberg's 32nd birthday. A number of friends and neighbors were present and everyone reports a most enjoyable time.

There will be another of those "hugging-bees" in Hoskins on Saturday evening, March 23. The committee have secured Collins Bros. Orchestra for the occasion. Supper will be served at Hotel Hoskins.

Phillip Fuesz writes relatives here that he has just recently returned from a trip through Texas. He says that country has a great future and demonstrated his confidence in same by buying a half section of dirt down there.

We, this week received word from the advertising agency having the placing of the ads for the "Farmers' Co-operative Creamery and Supply Co.", to promptly discontinue running same. Suppose they thought it didn't look well to have a nice ad along side the articles exposing their graft. Now we asked Harding's manager to cancel our contract, when he was here, as we entered into the contract before we thoroughly understood the nature of the concern.

A comical little incident occurred Sunday, although it was not so comical to the principals. One of the schoolmarm's from north of town arrived on the Sunday evening train and got a team and driver to take her to her boarding place. When about a mile north of town they ran off a bank, upsetting the buggy and spilling the occupants out in the muddy road. This editor would like to have been a little mouse hid away in the robes and heard the kind of language that schoolmarm used. I'll just bet she displayed her ruffled ill-nature although dampened a good deal.

To Whom it May Concern
Further hearing on petitions for naturalization will be had on April 22nd, 1907. B. F. FEATHER, Clerk of the District Court.

Apex Notes

Why should the Apex have a Sunday School? There certainly are no good reasons against it, while there are many good reasons for it. It would afford, not only a place of spiritual and moral training; but would be a new field of education opened. It would be a place where the children and young people could go on Sunday afternoon and spend the time in a profitable way. It would lift Apex to a higher plane.

Laroy Overman will write the 8th grade examination at Winside, on Friday and Saturday. He is the first Apex student who "dare venture so far." Laroy owes his advancement to Carroll Schools.

The 7th grade have been doing some good work in reproducing stories, during the past two weeks. The best written reproduction a part of "Gulliver's Travels," was by Amelia Schroeder. Lena Schroeder gave the best oral production, which was a part of "Lonly Lily."

One of the Bronzenki brothers was injured in a run-away one day last week. One horse kicked him on the leg, inflicting an ugly wound. The details are not known.

Frank Sassaman will assist Otter Kruger at farming this summer.

Mr. Pieper hauled lumber from Winside last week. He is rearranging and flooring his hog-houses.

Jay Wilson went to Wayne the first of the week to act as jurymen. While in Wayne, Mr. Wilson intends to visit at the Russell home.

An entertainment followed by a box supper will be given at the Fenski school house, two miles south and one mile east of Apex, on the night of Mar. 23. Everybody invited to attend.

Many pupils of the neighborhood have been absent from school the past two weeks on account of sickness. A horse sale was held at the Buskirk farm last Monday but owing to the deficiency in the demand for broncho only six head were sold.

The killing of three hogs took place at the Arr farm last week but it was a small job as help was plentiful. The only thing which disturbed the proceedings was that the butchers

had only a limited supply of tobacco. This seemed to effect them greatly but they still live.

Some farmers are still busy hauling corn.

No teacher has yet been hired to teach the spring term of school in district No. 73.

Chas. Arp and the Kahl brothers made a business trip to Wayne Saturday.

A box-social was held at the residence of Mr. Smith last Wednesday evening. The proceeds going to the church.

Altona.

George Thies returned from Sioux City where he was looking after some land for which he thought of trading his Altona property.

The Wholers were doing some threshing the last week.

Joe Schmidt of Missouri, returned last week and is employed at Carl Erxleben's for this year.

Wm. Assenheimer moved on the Frank and Carl Erxleben farm near Altona from Stanton County.

Mr. Hograve the Altona blacksmith bought of G. T. Thies a house and lot. The Altona blacksmithshop is a busy place this winter.

Charley Meyer has rented his house in Altona.

Fred Altman was on the sick list last week.

The new house of John Reinhart's is nearly completed.

Mr. Woritz Damme is going to build a new house in the near future.

M. Wadsworth has been out from Red Oak, Ia., the past week looking after his land interests near Sholes.

District I. O. O. F. Meeting.

The fifth annual meeting of the Northeast Nebraska I. O. O. F. Association which was held in Carroll Tuesday, was one of the most successful meetings in the history of the association.

The attendance was larger than at any other meeting. There being least three hundred Odd Fellows present. Beginning at eight o'clock a splendid program was rendered, the address of welcome being delivered by Rev. E. E. Carter.

Rev. C. S. Hughes of Pender making the response. Both addresses were well received by the large audience. The principal address of the evening was made by Grand Master Mr. Morrison. His address was an inspiration to every Odd Fellow present and every member of the order will go home more determined than ever to live up to the grand teachings of the order.

Deputy Grand Master O'Hanlon delivered a very interesting address. Miss Jennie Vennerberg gave a reading which was greatly enjoyed by the audience as also the solo by Mrs. John Melick. The Carroll Orchestra furnished some excellent music during the evening. At the close of the program the hall room was vacated by all except Odd Fellows and the business session of the organization was held with president Richard Clossen in the chair. Officers for the ensuing year were elected and Wakefield was selected as the place of meeting next year. At the close of the business session the district officers vacated the chairs for the officers of the local lodge when the initiation of eighteen new members began. The work of the initiatory degree was put on by the Winside team, the 1st degree work by the Belden team the 2nd degree by the Randolph team and the 3rd degree by the Wayne team. The work was all put on in first class shape and showed much practice by the different teams.

The local lodge assisted by the Rebekahs served an excellent banquet at twelve o'clock. The members of the Rebekah lodge also served supper at six o'clock and much credit is due them for the manner in which the large crowd was handled.

If Money Grew on Trees and Everybody Owned An Orchard

It would make no difference how it was spent. Being as it is however, it makes an all fired lot of difference whether you spend it wisely or otherwise.

It is our honest belief that the men who buy their clothing of us this spring will be better dressed than they ever were in their lives for the money. Our new spring suits are nearly all in. We have all the new patterns in small checks, shadow plaids and neat stripes, in Worsteds, Serges and Cassimeres, and to say they are swell does not express it.

What Your New Spring Suit Must Be To Be Right

The coat should fit your form perfectly, and ought not become shapeless when unbuttoned, and of the proper length; vest must set right and not pucker up when stooping; Trousers must hang well and be full cut in seat and thigh, and not wrinkle or bag at knees when standing, and above all, the suit must look well.

It requires a vast amount of experience, combined with good judgment, to select fabrics that will stand the test of sunshine and storm, wear and tear, and yet retain their color and shape. We have been at this business for 28 years and the knowing how enables us to get the best. Our suits this spring have no rivals in Wayne Co. The styles and patterns are entirely away from the ready made idea and outside of this store can only be had at first class tailors, at nearly twice the price we ask.

We Did Not Forget The Boys

We know how to dress the boys, as we have boys of our own, and when in market we selected the very newest styles for the little chaps, such as the new greys which comes in small checks and stripes, and with the new Peter Pan Collar, and either Buster Brown or Sailor Blouse style.

For the older boys from 5 to 12 years old, the Buddy Tucker suit is the nobby suit. These come in single or double breasted Norfolk coats with belt, and the Knickerbocker pants. They also come in grey shades in checks and stripes and fancy worsteds.

To any person who buys a suit of us, and after you get it home finds it faulty in style, fit, material or finish and thinks it not worth what you paid for it, bring it back and we will give your money back without a question.

Now think a little. Such a statement is a legal contract, and no offer could be more fair.

Spring and Summer Goods

We now have in stock all the latest novelties in dress goods for spring and summer wear. Our store is brim full of the latest and best of everything in the general merchandise line.

Otto Voget, sr. writes his children from Germany that should his health continue to improve the next few months they might look for him home in June. He is spending his time in the black forest of Germany, and finds the climate greatly beneficial.

A very pleasant evening was spent by a number of young people at the home of Wm. Morgan south east of the city, Tuesday of last week. Flinch being the most entertaining game of the evening. The young folks found Mr. and Mrs. Morgan the best of entertainers and every one reported an elegant time.

B. F. Smith, who has been farming one of the Matheny places west of town, unceremoniously departed from the community sometime about the first of the week, since when several creditors have become both anxious and active as to his whereabouts. Mr. Matheny says there is enough corn on the place to square things as far as he is concerned. Nathan Sackerson of Wakefield was up Monday and gathered in a few chattels upon which he held a mortgage of several hundred. Merchant Nuprenberger of Wakefield holds a claim of some eighty dollars upon which he will realize about ten per cent. Smith was a married man with a family and likely discouragement prompted him to cut loose from present trouble to seek greener pastimes.

Death of Mrs. C. A. Berry.

Death in its merciless, ugly form, darkened a home Friday, and cruelly robbed the family circle of a wife's love and a mother's care, when Mrs. C. A. Berry was called to her last reward. For her child the mother's life was given. Since the birth of the babe and for nearly a week, Mrs. Berry lay unconscious till death's messenger came to take her spirit. Blood poisoning in some form, was apparently the cause, and all that medical skill and loving hands could do to alleviate her suffering was of no avail.

Carrie Virginia Kortright was born in Virginia, October 26, 1880, and came with her parents to Nebraska in the latter eighties. On February 12th, 1893, she united with the Baptist church of Wayne. In 1901 she moved with her family to New York state. While back on a visit with her sister, Mrs. D. E. Newton, she was married to Charles Albert Berry, June 25, 1905. After barely two years of wedded life death claims its own, March 8, 1907. The funeral services were held from the Baptist church, at three o'clock Sunday, March, 10, Rev. T. C. Osborne directing same. On account of the great distance, her parents at Hurleyville, N. Y., and her sister, Mrs. D. E. Newton at Carona, California, were unable to be present.

The condolence of all Wayne goes out to the stricken husband and the parents and sister in distant states.

Like stock is selling for \$4.00 at adjoining towns. It may be poor economy to deprive your family of apples when they may be had at such a reasonable price—Doctor bills are high, you know.

Sleepy Eye Flour

The flour which made a record in Wayne which has never been equalled, is again on the market and may be had in any quantity at my store. Sleepy Eye flour possesses merit above all others and I invite the attention of critical bread makers to this point. This flour will not produce a chalk white loaf but more of a cream color, full of nutriment, containing all of the gluten of the wheat, a bread which will produce blood, bone and muscle. Sleepy Eye flour not only produces a rich palatable loaf, but bread keeps moist much longer than that made from bleached flours. Sleepy Eye has pleased hundreds of people and it will please you if I will give it a trial.

The two cent fare law is sustained by the public approval. No measure enacted by the legislature can possibly prove more popular. At the last moment Governor Sheldon signed the bill and it went into operation with all the formality possible to insure a valid enactment. The Governor feared the emergency clause might not be effective without his signature, because of this doubt, he was moved to take the action he did. Anxious that the measure should be of full force and effect, and determined it should not be weakened by any fault of his, he put aside his own opinions and bowed to the will of the majority.

In theory and practice political parties are a means to good government. Intelligent party fealty keeps alive the patriotic impulses of our citizenship. Two strong political organizations contending for supremacy unquestionably destroys false ideals and sends the best statesmanship to the front. The value of party organization should be carefully considered in formulating a primary plan. The idea back of the bill passed by the Nebraska house of representatives this week is to curtail if not destroy party organizations entirely. But its more than likely that the senate will modify the measure so that all must state his party affiliations on entering the primary. It seems best to experiment with the "closed primary" on the start and then if necessary readjust to the open plan. It don't appear just right to open wide the privilege and permit the members of one party to assist those of the opposing party in selecting their candidates.

The lawyers of the Nebraska senate refused this morning to destroy their opportunity for sharing in the pass "evil," as it is to be continued, in a limited way, under the legislation enacted at this session. Senator Wiltse, of Cedar county, made a strong plea in behalf of treating everybody alike in the matter of railway transportation—no cash fare, no ride. He said that when physicians or lawyers performed services for a road, they should be paid in cash and that when they rode upon the trains, they should pay cash fare. A little flexibility in this regard with relation to physicians and surgeons seemed proper. The lawyers of the senate had little to say about their own case, but when the vote was taken on Wiltse's amendment it was shamelessly snowed under. It was alleged that the term "bona fide," as applied to employes, would cover the doctors and lawyers, but there is nothing in the bill, as the senate has it, to prevent an attorney from being a "bona fide" employe, even though all the compensation he receives is an annual ticket over the line.—Lincoln Star.

It's a keen pleasure for us to watch the success that is coming the way of a former editor of the HERALD. When Gene Huse left Wayne for Beatrice to assume management of the Daily Express, it appeared a questionable venture. But in just a few short months under his control, the paper has been lifted to the first rank of the bright little dailies of the state. Always full of well written and entertaining news, but with this important element, its attractiveness consists in Mr. Huse's talent as an editorial writer. With him is Walt Mason whose "Side Issues" we devour as a daily relish. The Express is gaining recognition. Only last week the Lincoln Daily Star rose to remark that: "E. W. Huse, who directs the now strong and healthy Beatrice Express, was a Lincoln visitor yesterday. Mr. Huse has done wonders with the Express in a few months, and from a rather unpromising situation he has restored it to a place in the front rank of Nebraska Newspaperdom. He has a machine—typesetting not political—and finds pleasure in a generally well equipped office. Moreover, Mr. Huse finds time to discuss timely affairs, and he writes an editorial page that is quite refreshing."

Parson Hughes Takes the Floor.

Thurston Gazette.—Bro. Goldie of the Wayne Democrat had a spasm last week because the preachers in general, and the Wayne preachers in particular, are disposed to deal with the liquor question. Preachers are not infallible, they are subject to mistakes the same as the rest of the human family. Yea, more! Some of them while professing to be good, if they had been sired by the devil himself, would disgrace their parentage. This applies to both Catholics and Protestants. They are thoroughly bad men, but we believe there are only a few comparatively speaking of this kind. The majority are men who will stand the test as men and citizens. But on the other hand we do not believe any man can commend the saloon as it is today. They are all bad, some are worse than others, but none of them but what are bad and make for the destruction of the community. And

yet men like Goldie can see the bad preachers, and the mistakes and limitations of the balance, a thousand miles away and never lose an opportunity to magnify to the fullest extent, but they cannot see or at least will not see a single mistake of the saloon business, or a single bad feature about it. In other words why do men persist in seeing the bad only of a good cause, and nothing but the little semblance of good in a thoroughly bad cause?

Senator C. A. Randall

The eleventh senatorial district has indeed been fortunate in the selection of its representative in the upper branch of the state legislature. Mr. Randall has shown himself true to his trust, ever alert to protect the interests of this section of the state. Recently several measures have been pending before the state legislature the passage of which would have worked dire harm to our college, yet on every occasion Senator Randall, has shown himself ably competent to prevent the passage through the senate of such harmful legislation and has clearly demonstrated that had the choice of a senator been left to Wayne county alone, no warmer friend or more ardent champion of the interests of Wayne and Wayne county could have been selected.

To those who have given heed it is evident that no stronger representative than Senator Randall has been sent from this part of the state for years. He is one of the acknowledged leaders of the senate, and has been among the first in demanding that the republican party redeem every pledge given the people in the platform adopted at the last state convention.

When this session of the Nebraska legislature comes to a close, it is certain that Charles Randall, as he is familiarly known, will not feel called upon to apologize and explain his official record. A splendid compliment was paid Senator Randall by a brother senator, after witnessing the slaughter of a pet measure of his, at the hands of Randall, while the senate was in session in the committee of the whole, recently: "I'd rather have any other man in the senate against me, than Randall, he is a good debater, a little on the hammer and tongs variety, but a fellow always knows where to find him, he fights right out in the open, fair and square."

The committee of the Wayne Lecture Course submit the below statement of Receipts and Disbursements for the season just closed. We wish to thank the patrons of the course for their hearty support and the kind words they have said about it. We want just to call attention to the fact that it was a close shave, on coming out the right side, and that it was due to the sale of reserve seat tickets at 10c in addition to the regular season tickets, showing the necessity for such action.

ACTUALLY CURES CATARRH

It is one thing to claim, but another thing to back up the claim by a statement that if not proven true, there will be no charge for the service or the goods. It is in this way that E. J. Raymond sells Hyomei, for he has so much faith in its power to cure all forms of catarrh and bronchial troubles that he will give an absolute, unqualified guarantee with every outfit that if the remedy does not cure the money will be refunded. A complete Hyomei outfit costs but \$1.00, making it not only a very pleasant method of treatment, but most economical.

Leo Gaertner of the Senior class has been absent for a few days this week.

The pupils of the 5th grade at the ward school are enjoying their new readers.

Miss Anna Hanson of the Ward School was promoted from the 6th to the 7th grade. Elmer Richardson has been absent from school the past week, on account of sickness.

Miss Rue Rickabaugh of the 10th grade is absent from school on account of the mumps.

Mr. Neslor, representing the Red Path Lyceum Bureau was a visitor at the high school last Tuesday.

Miss Emma Clark a sister of Miss Elen Clark of the 10th grade visited the High school room last Friday.

The pupils of Miss Cunningham's room received a quarter holiday last Friday, no one having been tardy for a month.

Miss Beauchemin has just finished reading to her pupils the story of "King Arthur and his Knights" The pupils found this book very interesting.

The bell which is used to call the classes from the recitation room and laboratory at the end of each period was fixed by Messrs. Henkel and Wilson, practical electricians.

The 7th grade at the Ward School this week began the story of Scott's "Lady of the Lake." This selection is usually studied in the High School but this class is anxious to master it.

The children of the A class of the Ward school have commented work in their Second Reader. This book is used as the basis of their reading and phonetic work, and others for supplementary reading. This Reader is the sixth reader they have used this year.

COLLEGE NOTES.

Mrs. Pile visited friends in Sioux City from Friday until Monday.

Miss Carroll went to Randolph where she was a judge in a contest held there Saturday evening.

Miss Neihardt gave a very interesting talk to students Saturday afternoon on the subject "Savings Banks"

A pleasant social was held in the gymnasium Saturday evening. The committee had things well planned and all thoroughly enjoyed the evening.

Curtains and other paraphernalia have been ordered for the stage of the Auditorium. Thus a fine place for giving entertainments of various kinds will be provided.

County Attorney Wilbur spoke to the students at the chapel exercises Tuesday morning. Mr. Wilbur spoke on the subject "Court trials" and his talk was very interesting as well as instructive.

Mr. Mertin, the contractor of the new building, brought several of his men from Emerson Saturday to finish up some work on the building. Some of the outside work is still unfinished and will not be completed until spring.

The "Nebraska Teacher" for this month has a picture of President Pile on the cover, also a picture of the new building accompanied by a write up of the recent dedication exercises.

The young ladies are having the Y. W. C. A. room papered and otherwise improved. This association has a large membership and is now nicely situated in its new quarters.

The work this summer at the N. N. C. will be the strongest we have ever had, and a large number of students will be here to take advantage of the many excellent things which will be offered for the summer term.

Miss Kingsbury will speak to the students next Saturday afternoon at the one o'clock meeting on the subject "Hull House." Miss Kingsbury has been a careful student of this movement, and no doubt will give a very instructive talk. These meetings are opened to the public and a cordial invitation is extended to all.

A number of the Alumni Association visited the College Saturday. This is the first time many of them have had an opportunity to see the new building and all were very glad to see the many improvements made. Among those who spent sometime on the hill were: Misses Lound, Miller and Reed of Winside; Misses Clara Whitney and Alice Brown of Wayne; Lowry of Hoskins; and Arthur Richardson of Wayne.

C. M. CRAVEN, Chairman. A. T. WITTER, Secretary.

In presenting "A Royal Slave" the reputation of Gordon and Bennett as producers of high class attractions was firmly established, and all succeeding announcements of this firm have been accepted without question. Their production of "The Holy City" surpasses all previous efforts and is universally conceded to be the most sumptuous theatrical spectacle on the stage. "The Holy City" provides entertainment of the highest dramatic form and the announcement of the coming of this play excites interest worthy of its cause.

Dr. E. C. Horn of the Methodist Church, in the presence of the two families contributing the contracting parties to the nuptial knot. The bride is a daughter of Mr. and Mrs. Henry Giese and the groom is a son of Mr. and Mrs. Ed. Sellers, both families being well known for their unimpeachable character and sterling worth. At the close of the ceremony a three course wedding dinner was served. Several quite valuable presents were received. Among them was a check for \$1000.00, the gift of the bride's parents. Mr. and Mrs. Sellers left today for points south and west for a short visit.

Randall Boosts Wayne.

Senator Randall has certainly won the confidence and gratitude of every supporter and friend of the Wayne Normal College, by the success of the movement of which he was leader in the defeat of Senate File No. 22, a bill to tax private Normal Colleges. Senator Randall narrated the record of the Wayne Normal, showing how that institution had grown into importance and state wide recognition, and asked the senate not to put a penalty on establishing educational institutions. The Lincoln Daily News, under date of Thursday, March 7, contains the following account of how he performed his duty under difficulties:

"Senator Randall, of Madison arose from the sick bed this morning, and after making one of the strongest addresses of the session contributing in a large degree thereby to the defeat of senate file No. 22 returned to his bed. The measure under discussion was introduced by Thomas, of Douglas, and provided that schools conducted for private gain should be taxed the same as other property. It was originally intended to make the business colleges of Omaha and Lincoln pay taxes upon property, but would also have applied to the private Normal schools at Wayne and Fremont.

In his protest against taxing these institutions Senator Randall told of the splendid work which they are doing for the educational work of the state. They are supplying facilities for turning out teachers where the state cannot do so and are making it easier for young men and women to fit themselves for a teaching career. The state needs these schools and especially are they necessary in the sections where they are located, though they are of benefit to the entire commonwealth.

WEAK, WEARY WOMEN

Learn the Cause of Daily Woe and End Them

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep. When urinary disorders set in. Women's lot is a weary one. There is a way to escape these woes.

Doan's Kidney Pills cure such ills. This is one Kansas woman's testimony.

Mrs. Melissa A. Love, of 211 Hendricks street, Fort Scott, Kan., says: "Last winter I had an attack of the grip, and it affected my kidneys so that I suffered for a long time afterwards with pain and lameness in the small of the back. I felt this trouble coming on all during the fall, and a cold I took was the final means of bringing it to a climax. If I swept the floor or exerted myself in any other way, I had to go and lie down, but the dull, heavy aching would commence again as I got up and stirred around. My son urged me to try Doan's Kidney Pills, and I got a box at T. W. Atkins' drug store, and began using them. I found such gratifying relief that I continued the treatment until the trouble had entirely disappeared. My experience certainly warrants me in recommending Doan's Kidney Pills to others."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's health Coffee. "Health Coffee" is a clever combination of parched celery and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's nice even for the youngest child. Sold by Ralph Rundell.

The itching palm, though covered with kid or silk, is still an itching palm.

For Catarrh, let me send you free, just to prove merit, a Trial size Box of Dr. Schopp's Catarrh Remedy. It is a snow white, creamy, healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Felber's Pharmacy.

When a man begins to get proud of his popularity, he begins to lose it.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics, gripe sickness, weaken the bowels and don't cure. Doan's Regulents act gently and cure constipation. 25 cents. Ask your druggist.

Be sure your right, then go back and think it over again.

For a mild, easy action of the bowels, a single dose of Doan's Regulents is enough. Treatment cures habitual constipation. 25c a box. Ask your druggist for them.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Church and the Saloon.

EDITOR HERALD—In these modern times when many churches are given over to mammon, are captured by the political manipulator and the frenzied financiers, it would be Godly in them to sever their connection with such and go into the business that Christ followed when he was on earth. That church, that seeks to control through its unprincipled political members by the manipulation of the saloon vote, all the city offices and the county offices is not in harmony with Christ and His teachings when He commanded, "Follow my Example" I defy you to show me within the lids of the bible, where Christ undertook to suppress vice or sin by the authority of the law, or by any other method, than by moral teaching and example with the possible exception of when he exerted the functions of mob law, took the law into His own hands and drove the political manipulators and frenzied financiers out of His church with the lash.

It has come to pass that the church has no use for a man politically that is not a member of some such society and a liberal contributor to the same. The fact is no man outside of the church has much of a show to hold office in this land of freedom; be he ever so moral, upright and willing to pay his just share of taxation for the support of a free government. Why, because most churches are membership ridden with the afore said manipulator and past-time pass distributors who will favor only those who will do the bidding perhaps a year in advance of some big bluffing, county rail road boss who has by cunning and graft, ingratiated himself with the rail roads, the church and the saloon element. The common citizen is being literally herded unless he butts into office with the cash stipend with the church, rail road and the saloon for these are the "Father, Son and Holy Ghost" of politics. (I have no fault with the true preaching and practice of Christianity.)

Do you call this a free government to all citizens when the larger portion are manipulated out of their just rights to hold official authority along with the rest. Must a citizen be compelled to approach the saloon element to attain an office, thereby surrendering every spark of upright manhood? The unanimous exclamations is shame! But it is every whit as honest to approach the saloon on bended knees as to approach some scoundrel of a county or district boss, who has in past times or perhaps at present ingratiated himself into the good graces of the church by heavy contributions and on the other hand perhaps working for corporation rule for a cold cash stipend or for other perquisite equally as acceptable in exchange for manipulating caucus and convention.

If this contribution is acceptable and another would be next week on the question of temperance and local option, I am willing to give my views, if you think they will be of value to the general public.

Yours respectfully,
F. M. SKEEN.

To Anton Jensen, Christ Thompson, James P. Jensen, Jim P. Jensen and H. A. McManus, Defendants. You, and each of you, are hereby notified that Frederickka Jensen, plaintiff, has filed her petition and commenced suit against you, impleaded with Wilhelm Larsen and Security Savings Bank, as defendants, in the District Court of Wayne county, Nebraska, the object and prayer of which suit and petition are to wholly exclude the Defendants, Christ Thompson, James P. Jensen, Jim P. Jensen, and H. A. McManus, from any interest in and to the following described real estate, situated in Wayne County, Nebraska, to-wit—

The Northeast Quarter of the Northeast Quarter of Section Twelve (12), Township Twenty-six (26), Range (2); that it may be decreed that all interests in said real estate of the defendants, Christ Thompson, Jim P. Jensen and James P. Jensen, has been conveyed by them to the defendant, Anton Jensen; and to determine the interest of the defendant, Anton Jensen in said real estate, and sell his interest therein upon execution levied thereon, issued on a judgment rendered by the District Court of Wayne County, Nebraska, at the October 1906 term of said Court, in favor of the plaintiff, Frederickka Jensen, and against said defendant, Anton Jensen, and for such other relief as may be just and equitable.

You are required to answer said petition on or before the last day of April, 1907.

The Mayor of a Kansas town recently submitted a list of rules for adoption by the telephone lines of which the following are a part. No subscriber, when the line is in use shall listen to the passing conversation with more than one ear at a time. No subscriber found guilty of talking to a married woman over this line shall be allowed to vote at any regular or special meeting or to hold any position of honor and trust in this company. No person shall be permitted to talk over this line for a space of three days next after eaten onions, garlic or cabbage. All rights to the line shall be surrendered to the woman who wants to tell her lady friends how to cut her new dress, how to make cucumber pickles what to name the baby or when to transplant pansies. Business messages shall be restricted to three minutes duration, but shall always give to the discussion of gossip, and no woman patron shall talk more than one hour at a stretch unless she so desires. If the line is endangered by ice forming on the wire, don't try to remove it by clubbing the wire, get a couple of gossips to discussing neighborhood news over the line and the ice will at once melt and drop off presently the galvanizing will glisten an instant and fall to the ground; later the wire will assume a white heat. When you are about to converse with the "hello" girl at central, dismiss all business matters from your mind, twist the southwest corner of your mustache, close your eyes and inhale the fragrance of Zozodont, Wild Rose and pepsin chewing gum that is wafted to you over the line. Don't ring off when you are done talking. No one is supposed to wish to use the line unless some one else is determined to use it at the same instant.

DO NOT CROWD THE SEASON

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in midwinter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by Raymond's Drug Store.

 Sioux City, Ia., Dec. 19, 1904.
 Dr. J. C. Clark,

Dear Doctor:—Your inquiry regarding our son's treatment by you is at hand and a plain statement of the facts is what we can give you.
 We began to notice that our boy had nervousness about one year ago, and it grew gradually worse until we consulted our physician, and his opinion and the boys condition alarmed us, and we determined to spare no efforts upon our part to restore his health. We left our home in Anthon and came to Sioux City on purpose to get where we could procure the best medical treatment for the boy, and we did what we thought was the very best for him, but he gradually grew worse, and the last physician before we went to you, pronounced his case incurable. The results of your treatment have been what we think very remarkable. We discontinued medicine as you directed, and put the glasses upon him and he has gained from the first and has went to school since it started in September. We feel it a great pleasure to tell you these facts, and you can rely upon us to recommend you every time. We both are honest in what we say when we tell you we would not go through what we did with our son in his former condition again for any amount of money. It would be no temptation. We feel that he is all right now.
 Very truly your friends,

CLUBS AND SOCIETY.

The U. D. Club met at the Craven home Tuesday afternoon. Mrs. Anthony, gave descriptions of the Art Galleries of Berlin, Munich, Paris and two of London also the Metropolitan Art Gallery at New York City. She exhibited a number of reproductions from pictures in the different galleries. The Club assisted the hostess in serving dainty refreshments.

Little Donald Miller was just three years old Saturday. So to celebrate the event, his mamma gave him a "tea party" of eight little folks, each having counted that many happy years. Their mammas enjoyed it hugely, as they were privileged to wait until all was over. Donald received from each little friend, a token of remembrance, from a little red wagon to all sorts of things. Those present were: Realto Philleo, Russell Wilbur, Helen Felber, Faith Philleo, Cereal and Margie Naffziger and Ruth Ringland.

Mrs. A. M. Jacobs was hostess to the Acme Club. The program as carried out was quite interesting. Roll call was answered to by Quotations from Southern writers, Book review of B. T. Washington's book, "Up From Slavery." Mrs. Williams gave a very good outline sketch of the Mexican War.

Mrs. Heckert was very agreeably surprised last Friday evening, by the Monday Club. The ladies took samples of their best cooking, and a great feast was spread. The evenings entertainment consisted of Charades, and drawing of Cartoons. Mrs. Heckert was presented two solid silver table-spoons, on behalf of the Club.

Mrs. Liesenring was hostess to the Monday Club, Monday afternoon. The Lesson subjects were: "Womanhood in Art," by Mrs. E. P. Wilson, and "History of Coin," by Mrs. Tucker.

The new club met with Mrs. E. R. Lundburg, Tuesday afternoon where they completed the work of organization. It will be known as the Fortnightly Club. The program consisted of a lesson on the Geography of Nebraska, a magazine reading of "The Japanese at Home," a vocal solo, by Mrs. Buchanan, and the description and illustration of Cloisone, by Mrs. O. A. King.

The ladies having the project of a public rest room in hand have completed all arrangements for its establishment and have rented a building on upper Main street for the purpose. So for the present quarters will be fixed up in the old office building right south of the white livery barn. The committee in charge, hold a meeting at the room on Saturday, March 23, when they will consider applications for the position of matron. Any lady desiring the position, should be on hand at the time, or previously communicate with the officers in charge. This is surely a worthy undertaking, and will receive the approval and support of the public in general.

The Pleasant Valley Literary society hold interesting meetings every Friday evening in the school house three and one half miles south west of Wayne. The debate last Friday was quite heated, on the question: "Resolved, that Money exerts a greater influence than Education."

The Ladies Guild of the Catholic Church gave Miss T. W. Moran an agreeable surprise on Wednesday afternoon of last week. A splendid supper was provided by the visitors.

ORDER OF HEARING
 In the county court of Wayne county, Nebraska.
 In the matter of the Estate of Detlef Doose, deceased, } Notice
 State of Nebraska, } ss
 Wayne county, }

To all persons interested in the Estate of Detlef Doose, deceased:—
 You are hereby notified that on the 6th day of March, 1907, Carl Doose, Administrator of the Estate of Detlef Doose, deceased, filed in said Court his final account as such administrator, and that said final account will be heard on the 23rd day of March, 1907, at 2 o'clock p. m., at the county court room in said county, and that upon the allowance of said account, a decree of distribution may be made of the residue of said estate now in his possession to the parties entitled by law to receive the same.

You are hereby cited to appear at the time and place above designated, and show cause, if any such exists, why said account should not be allowed, and the distribution of the residue of said estate be made to the parties entitled by law to receive the same.

It is ordered that a copy of this notice be published once each week for three successive weeks in the Wayne Herald, a newspaper printed and published in said county.
 Dated this 6th day of March, 1907.

Did You Ever Stop and Think?

That all the immense wealth of the world; all the untold millions of money stored up in the vaults of the banks all over the world, came out of the mines

DO YOU KNOW that all the jewelry that you wear; the stoves that warm and make your homes comfortable; the knife and fork that you use when you eat; the spade, garden rake, farm machinery, as well as the steel sky-scrapers of Chicago and New York; the huge battleships and railways; in fact everything that has brought us out of the dark ages has come about through the mines of the world. Nearly everything that is used in the commercial world today is from the mines, or has been made possible by means of the products of the mines.

Just Stop and Think It Over For a Moment; It's Enormity; It's Immensity; Can You Grasp It?

Now Then, Something Else

DO YOU KNOW that the King Solomon Tunnel and Development Co. is mining in the very heart of the largest mineral producing district in the United States; a district that has already produced over \$300,000,000.
 DO YOU REMEMBER a year and a half ago we did not have a vein of ore opened and stock was selling at twenty cents per share.
 DO YOU REALIZE that since then we have opened SIX VEINS OF ORE AND HAVE GONE A DISTANCE OF 1400 FEET.
 DO YOU REALIZE that stock has advanced 150 per cent
 DO YOU REALIZE that stock is selling faster at the advanced price of 50c per share than ever before. Now then, "A Word to the Wise is Sufficient."
 You have watched us grow from a mere prospect until today we are recognized as one of the great tunnel projects of the state.
 Watch us this coming year; Not only watch us but get it with us and help drive the tunnel to completion and then share with us in the great profits.

Mark My Word--We Will Make Far Greater Development This Year Than Ever Before in the History of the Company

Come In and Talk It Over With Me. It Will Pay You.

GRAND VOTING CONTEST

Announcement of a great subscription voting contest that is on now and is to be pushed with vigor for a few weeks by the

The Wayne Herald

Full statement of details and all necessary information for the use of contestants and their friends and Herald subscribers.

A Fine \$350.00 Piano and Other Valuable Prizes Given Away!

Who May Enter This Contest:

Any lady or girl residing in Wayne county. It will probably take a few weeks to get this contest organized and get the voting under good headway; after that, a couple of months ought to be enough to cover the county thoroughly; and as soon as this work is done the contest will close and prizes will be awarded. The closing date will be announced fully thirty days before the contest closes. It is our desire to make this a short, sharp contest, and to let it continue only long enough to thoroughly canvass Wayne and adjoining counties.

\$5.00 will be given every contestant who secures 50 new subscribers....

Prizes We Will Give

This fine Hobart M. Cable Piano, purchased of Fleetwood & Johnson, and carries with it a 10 year guarantee. It is strictly high-grade in every respect and is sold by them for \$350.00

Second Prize Valued at \$75.00

The Essence of the Whole Matter:

The Wayne Herald is one of the best local papers in this section, and has a large circulation. We still need more subscribers in our business, and want to get them quick. We want you to help us. We are willing to give you handsome, suitable and costly prizes. Make up your mind to enter this contest and tell your friends you are out for that piano that The Wayne Herald is going to give away. They will then jump in and help you. Make up your mind to go in and begin to hustle today. The prizes we are going to give away are all right. The people that are furnishing them are all right. The paper you work for is all right. The people you work for are all right, and you will be all right if you go in this contest. The prizes will be on exhibition where you can go and examine them.

\$10.00 IN GOLD

A special prize of \$10.00 in gold will be given to the contestant who secures the largest number of new subscribers to the Herald during this contest. This will not have anything to do with contestant securing any of the other prizes.

\$10.00 IN GOLD

Two Papers for the Price of One

The price of The Herald is \$1.00 per year. We have made special arrangements with the Nebraska Farmer, of Lincoln, and will combine the two papers and give our subscribers the benefit of getting the two papers at the \$1.00 per year rate. The regular price of the Nebraska Farmer is \$1.00 per year and would cost that if one were to send to that office for it. It is published every week and is the leading farm paper of the west.

We Want Contestants

We want contestants from all parts of Wayne County. There is no fee or charge of any kind to become a contestant; all that is necessary is to send your name in to The Herald office and it will be entered on the list of contestants and we will then furnish you with full instructions how to proceed with the work. The contestants will be treated fair and square, and one will stand as good a chance with the other. This is a splendid chance for the young ladies to secure some valuable prizes for a little work. All that is necessary is to hustle around among your friends and neighbors and get them to subscribe or pay back subscription.

How to Secure Votes

For each cent paid The Herald on NEW subscriptions—that is by some one not already a subscriber—eight votes will be allowed; \$1.00 will equal 800 votes.
For each cent paid The Herald to RENEW a subscription four votes will be allowed, \$1.00 paid will equal 400 votes.

Voting Cards.

When the subscription money is received at The Herald office a voting card filled out in ink will be issued. This card may then be cast in the ballot box for one of the contestants, or it may be taken away from the office and voted at any time before the close of the contest, or it may be taken away and burnt up, torn up or anything that the holder chooses to do with it. There will be no duplicate votes issued, and no votes will be counted or published in the paper until they shall have been deposited in the ballot box in our office. After votes have been placed in the box they cannot be changed or transferred in any way, and they will be counted and published in the paper every week. Ballots will be carefully kept, and no one except the party authorized to have charge of same will be permitted to open or handle the ballot box.
