### Hastings Nursing Ambition

Hastings Tribune: For years the people in central and western Nebraska have realized that by reason of Hastings, central and otherwise advantageous location it should be the capital of the state. As a matter of fact, for some years agitation for the removal of the state capital from Lincoln to Hastings has been taking shape and which has now crystallized to the point that a supreme effort is to be made in this direction. This much is certain; is there is not a change and that quickly, on the part of Lincoln and its political ringsters towards Hastings and its institutions. It may be depended upon that a bill will be presented to the state legislature for the removal of the capital to either this city or some other city in the state more centrally located than Lincoln, and they may also depend upon it that if a move of this character is once made there will be something doing, for the people of central and western Nebraska will be found on resourcefulness when once they put on the armor for the fight. It has been about a year since a large delegation of Omaha business men came to Hastings and the late Edward Rosewater of the Omaha Bee and Editor Hitchcock of the World Herald, both, in extended addresses, speaking for Omaha on this very subject, told the Hastings business men present that whenever Hastings was ready for a removal of the capital from Lincoln to Hastings they could count on Omaha's help. It is time for Lincoln to open its eyes and take warning.

### The Initiative and Referendum.

On account of being questioned almost daily concerning the Initiative and Referendum, and being requested to explain it in the county papers, we undertake to comply. The law called "The Initiative and Referendum," enacted by the Nebraska Legislature, provides that any municipality may decide for itself, by vote, whether it desires to be governed by the vox populi (voice of the people). To secure this opportunity the law provides that 15 per cent of the voters so request, the question of the adoption of the law shall be submitted to the people. Nearly 25 per cent of the voters of Wayne have signed a petition requesting that the Initiative and Referendum be submitted to the people for adoption or rejection at the coming election. If on April 2, it receive a majority of the votes cast, it will become an ordinance of the city. That is, if it passes by majority vote, nothing will be secured except the opportunity to submit questions of importance to the people at future elections for adoption or rejection. In other words, if this proposition is adopted any man or number of men in Wayne, Nebr., desiring the adoption of special legislation may submit or have the matter in question submitted to the people for their decision

provided 15 per cent of the voters request the same by petition. Nothing can be voted upon under the Initiative and Referendum until at least 15 per cent of the voters petition for the opportunity, then the majority vote will decide. The chief reason why the Anti Saloon League wishes the Initiative and Referendum adopted is that at some future election the question of saloon or no saloon may be submitted to the people. At present the licensing of saloons is optional with the council. It may or it may not license them, as it chooses. Under the Initiative and Referendum the people may by vote, instruct the council to license or not to license, according to the majority. Today some people favorable to saloons threaten to boycott a councilman who would refuse to license the saloons; while some people opposed to the saloons declare they will not trade with a councilman or other business man who vote to license the saloons. Because this situation exists many men object to allowing their names to be used for official positions, fearing the result to business interests. Under the Initiative and Referendum all this turmoil is avoided because the ballot is secret and the council will license or refuse to license as the majority expresses itself at the polls. Other questions may be decided in the same way. Any official ought to be glad to follow the will of the people, and the people ought to be glad of the opportunity of casting their votes for or against all propositions liable to cause a division among the people or that might jeopardize the business interests of any of our citizens. Therefore we favor the adoption of the Initiative and Referendum for Wayne, Nebr.

E. C. HORN.

Chairman Agitation Committee of the Anti Saloon League of Wayne, Nebr.

### The Anti-Saloon League

To Editor of Herald:—Last week through the action of the Anti-Saloon League a series of Temperance meetings were held, closing with mass meetings at the opera house on Sunday morning and evening. Mr. Darnall of Lincoln, attorney for the state anti-saloon League did most of the talking. These meetings have disclosed a strong and aggressive temperance sentiment in Wayne. On Sunday morning the audience contributed a "gold brick" (Democrat please copy) of over two hundred dollars toward loosening the grip of the Brewery Trust on Wayne. In the evening the young men of the college by a rising vote showed their estimation of the saloon and did credit to their institution. For the past seventeen years the saloon has been in the saddle in Wayne and of course has been a "blooming success!" Since the passage of the state inebriate law two years ago Wayne county has

had to bear the expense of sending fifteen men to Lincoln for treatment. Now, Mr. Editor, a word as to what the Anti-Saloon League proposes to do. It proposes to put the saloon out of Wayne and thereafter to prevent the illegal sale of liquor. It expects to accomplish its purpose by fair open methods. It asks the support of every real temperance man and nothing but fair play from others. It contends that the saloon is not a success and that the only solution of the issue is no saloon and the ultimate abolition of the liquor traffic. It intends that the people of Wayne shall know the names of the men who sign the saloon petition and who back the saloon as a "business proposition." It is not fighting any man as an individual but holds that no man, nor any set of men, has any moral right to sanction the sale of a drink that increases taxes, disrupts homes, prevents the education of the youth and whose finished product is a drunkard with weak will and decreased vitality, a shame to his family: an expense and a menace to the community. We desire also to call attention to the unfair treatment accorded us by your illustrious contemporary the "Wayne Democrat." Not that we expected any different treatment nor that we fear its effect upon anyone who understands the situation, but we desire to protest against such a misuse of the public press. In the issue of last week the Democrat states that a petition was presented to the council making it necessary to vote for or against the saloon this spring. This statement "without proper foundation" in fact if the Initiative and Referendum carries at the coming election it will be possible for the citizens of Wayne at some future time to vote directly upon the saloon issue as it is not now possible. The Democrat stated that this petition was signed by 10 per cent of the voters. The law requires at least 15 per cent of the voters before the petition can be presented, and it was signed by about 20 per cent of Wayne's citizens. But the Democrat did not mean to misrepresent the facts "Oh! no, no" as the Artful dodger would say: "Oh no, not at all, by no means, certainly not." There is one thing Mr. Editor to which all parties to any controversy are entitled, namely to fair play. All honorable men grant this and follow it, only those engaged in some disreputable task find it necessary to misrepresent or to give as facts statements for which there is no proof. THOS. OSBORNE, Chairman of Press Committee of Anti-Saloon-League.

### To Whom it May Concern

## Wayne City Election

### Citizens Caucus

The turnout at the Citizens caucus last evening was certainly a surprise, fully a hundred and twenty-five voters were present. In the absence of the regular chairman, the secretary, A. T. Witter, called the meeting to order. F. M. Northrup was chosen temporary chairman and H. S. Ringland, secretary. The organization was then duly declared permanent and nominations for Mayor put in order. Two names were placed before the house in the persons of Henry Ley and James Britton, and from the 124 ballots cast, the favors were strong for Ley, and the chair announced him the nominee upon report of the tellers Messrs Kohl, Mears and Hufford. H. S. Ringland was then made the unanimous choice of the house for city treasurer and likewise A. T. Witter for clerk. Pat Dixon was made candidate for police judge.

The matter of members of the school board was then considered. E. Hunter explained that the official terms of himself and S. R. Theobald expired, making nominees for a full term necessary and that a vacancy caused by Mr. Moran's resignation left an unexpired term to fill. Mr. Moran was in the room and the caucus was anxious and did nominate him, but he explained that he was a subject of South Dakota and that he was ineligible as it would require six months to regain his citizenship in Nebraska. Mr. Heckert was then placed on the ticket to fill the unexpired term, while S. R. Theobald and E. Hunter were renominated for the three year term. After appointing a committee to fill vacancies that might occur in the persons of Phil Kohl, Grant Mears and E. Cunningham at the meeting adjourned. The ward caucuses made the following nominations for councilmen: First ward, C. A. Chace; Second ward, L. F. Neely; Third ward, C. M. Craven.

### Independent Voters Caucus

The Independent voters held their caucus at the Court House upon Tuesday evening. A. R. Davis was elected chairman and O. A. King secretary the following ticket was placed in field for city offices.  
Mayor.....F. H. Jones  
Clerk.....A. T. Witter  
Treasurer.....H. S. Ringland  
Police Judge.....I. W. Alter  
Councilmen

1st ward.....D. Gandy  
2nd ward.....F. L. Rayburn  
3rd.....J. E. Marsteller  
School Board

S. R. Theobald for full term.  
S. D. Reylea for full term.  
E. R. Lundberg for unexpired term.

It is understood that the candidates for Mayor and Councilmen on this ticket stand for straight temperance or no saloon.

### The Band Concert.

The band concert given Monday evening was a pronounced success in the matter of entertainment. The music was superb and the band boys are certainly entitled to the best favors we can shower upon the organization. The assistance given in the way of instrumental and vocal numbers by outsiders was certainly of a high order and appreciated. Miss Hattie Weber is especially to be complimented for her work as an accompanist, and for her catchy vocal solos. The receipts for the evening reached about \$60. The entertainment merited double that amount and would have had it, had not the week been crowded with other attractions. Bandmaster Buroker is to be congratulated on what he has accomplished with his band of musicians. Weekly open air concerts are to be renewed with the advent of April.

Chas. Sellon, near Sholes, returned from a trip to Omaha this morning. He was accompanied home by his wife's parents, Mr. and Mrs. A. E. Ackley of Marble Rock, Iowa. They will remain several weeks.

Will Mettlen of Omaha passed through Wayne on last Sunday afternoon, he made a flying trip to Winside to get a square meal with his brother Frank. Mr. Mettlen reports Fred Woolston advancing very rapidly in the Omaha Post office.

W. M. Wheeler, formerly of the Wakefield Republican, but who has been running a paper at Fairfield, Nebr., for several years sold out last week. In his Good Bye to the readers of the Fairfield Herald he makes no reference as to his future intentions.

Mr. Floyd Criss and wife of Omaha were on their way to Bloomfield last Wednesday. Mr. Criss was formerly in business in Bloomfield but for the past year has been in Omaha, he now returns to Bloomfield to take charge of business again where his brother is.

Gus Bodenstadt was in town Wednesday. Gus is very enthusiastic over an incubator which he purchased some time ago at Wayne, and which works automatically. He says when it gets too hot it will shut down and then start again of its own accord when the temperature lowers. It is an X-ray incubator and the best on the market, Gus says.—Belden Progress.

Auctioneer Cunningham reports the sale of Billiter, Burress & Billiter, a success in both attendance and results. Carroll entertained a crowd of distinguished horsemen for the occasion. The stallions, twelve in number, sold at an average of \$860; with Perron at the head of the list at a price of \$1950, being bid in by a Mr. Nagl, of Dedham, Iowa. Perron, is claimed to be one of the greatest Percheron draft horses ever imported. He was foaled in April, 1902, and tipped the scales at more than 2050 pounds. If not the first, he fetched next highest price paid for a draft stallion in the U. S. during the past year. This fact stands to the credit of Billiter, Burress & Billiter, and gives some idea as to the kind of horses they are dealing in. Several of the stallions were bot in by Wayne county men and are to remain here. James Stephens, Harry Hughes and Walt Hulbert of near Carroll. Henry Ehlers, of Winside and Ted Perry of Wayne, are each proud owners of stallions from the lot.

The fine Durham Bulls sold brot satisfactory returns bringing an average of about \$100.

Chas. and Gene Gildersleeve were passengers for Rochester, Minn. yesterday morning. Mr. Chas. Gildersleeve has been suffering for some time with what he has concluded to be appendicitis and this trip in company with his brother was to seek the professional services if necessary, of the Mayo Brothers, the now famous surgeons of Minn.

W. O. Miner and son H. J. Miner, the parties who bot the John Beale farm last spring, arrived in Wayne from Illinois last week, with their families. The old gentleman will live in town, having purchased the Frank Bryner property, while the son will reside on the east quarter of their new possession, leaving the west quarter to be farmed by a tenant family that came with them. These people are valuable additions to our community and are welcomed by all our people.

### Little Pocket Physician

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now that Hyomei is so readily obtainable. If you have any doubt about its value, E. J. Raymond will let you have a complete outfit, with the understanding that unless it cures catarrh, it will not cost you a cent.

The complete Hyomei outfit consists of the "Little Pocket Physician" and a bottle of Hyomei and costs only \$1.00.

### Order to Show Cause

in the District Court of Wayne county, Nebraska.

In the matter of the application of Hamer F. Wilson, Guardian, of

Herman Douse, a minor, for leave to sell real estate.

On this 18th day of March, 1907, it being one of the days of the regular March, 1907, term of this court, and on reading the petition presented to me, duly verified and filed with the clerk of this court by Hamer F. Wilson, Guardian of the estate of Herman Douse, a minor, for license to sell the undivided one-eighth interest of said minor in and to the following described real estate, situated in Wayne county, Nebraska, to-wit:—

The Southeast Quarter of Section Twenty-five (25), Township Twenty-six (26), Range Four (4); and the West half of Section Thirty (30), Township Twenty-six (26), Range five (5), all east of the Sixth Principle Meridian, and it appearing from said petition that the said real estate consists of farm lands, owned in common by the said minor with his brothers and sisters, seven in number, and that it would be for the benefit of said minor and of his estate that his interest in said lands be sold and the proceeds thereof put out at interest or invested in some productive stock;

It is therefore ordered that the next of kin of the said minor, and all persons interested in his estate appear before the Judge of said Court at the Court House in Wayne, in said Wayne county, Nebraska, on the 16th day of April, 1907, at nine o'clock A. M., to show cause, if any there be, why license should not be granted to the said Hamer F. Wilson, Guardian of the said minor, to sell his said real estate for the purpose above set forth.

And it is further ordered that a copy of this order be published at least three successive weeks, once each week, in the Wayne Herald, a newspaper printed and published in said county of Wayne, and that it shall not be necessary to make personal service of this order upon the next of kin or other persons interested in said estate.

Done at the Court House in Wayne, Nebraska, in said Judicial District, this 18th day of March 1907.  
A. A. NATHAN  
Judge of District Court

The Lessman & Clark sale of shorthorn cattle held at the Thompson feed yard, Wednesday, proved very satisfactory to the promoters. The average of the sale was \$100.39. the bulls leading with an average of \$104.40, while the cows went at \$95.45. The sale had the advantage of being widely advertised and the attendance was good. It's very evident that the interested stock-raiser realizes the advantage of the blooded animal. It calls for but little extra time and expense to rear a good critter that it does to produce an inferior grade. The results count in high prices and a ready sale. Fancy stock sales have been very numerous the past season, and yet the run of prices have been satisfactory in every instance. We understand that Mr. Clark is arranging for another public sale of blooded cattle for some time in June.

## FARMERS!

Do you know that it pays to take your disc apart and send it to us by freight and have it rolled on our new machine! It runs easier and stays sharp twice as long. The reason is, in rolling a disc, the disc is made larger from 1 to 2 of an inch and the steel is made harder and smoother, making it cut easier.

#### The Prices are

- Discs = 25c
- Rolling Cutters = 35c
- Cutaways = 40c
- Disc Plows = 50c

If you will send them now we will pay the freight, both ways and return them promptly, C. O. D. If delivered at our shop, we sharpen discs at 2c. All work guaranteed.

## Who Is Authority On Clothes?

What does a law student do when he buys a book on contracts? How does a medical student select a book on surgery? Or a carpenter when he wants a book on architecture? They get the work of a reputable author, an authority on the subject they are studying.

### You Should Buy Clothing the same way

Don't misplace your confidence. Be certain that you know who is authority on clothes, and go to that store to buy, and you won't go wrong. We have been selling clothing for 28 years, have made a special study of this one business, we know goods when we see it. We run a tailor shop in connection with the store for 12 years, so we know how goods must be made to be right; we therefore claim to be the best authority on men's and boy's wearing apparel in Wayne Co.

A great many men have bought regularly from us ever since we came to Wayne. The majority of young men in town have bought all their clothing of us since they ceased to wear knee pants, they haven't been able to do otherwise without giving up a lot of satisfaction that comes with the best style, good taste, perfect fit and the highest quality. These of course are all loyal customers, but no more loyal, certainly no more enthusiastic than many who have switched over to us the last season, after harrowing experiences with clothing stores who were not authority on clothes. When three quarters of the young men in town buy their clothing regularly of us it is a fair indication that we are authority on clothes, and are handling the right kind of goods. They figure it is a waste of time to shop around. They have learned that we are authority, and that we give them full satisfaction for every penny they spend with us. They have confidence that they will get the newest styles, the best patterns and the most perfect workmanship to be had. What they have learned, you should learn. We invite you to come in and see the nobby line of spring suits which we have for your inspection.

## Another Little Talk About Money

In conversation with a gentleman a few days ago, the question arose as to whether a rich man is happier than a poor man? He made the remark that he had never been rich so couldn't speak from that side of the question, but that he found it mighty inconvenient being poor and would like to change places with the rich man for a little while and see how it would seem.

I think that is about the way with most men. Show me the man that hasn't any ambition to lay aside a little money for a "rainy day" and I'll show you a man that is lazy and indolent without any aims in life.

I went wett eighteen months ago and there saw the vast opportunities of wealth that Horace Greeley spoke about when he said, "Go west, young man, go west." I visited the different mining camps all over the state that have yielded untold millions to the men who have had the courage and stick-to-it-ive-ness to bore great tunnels and shafts into the treasured vaults.

I talked with engineers, mining men, and assayers and became convinced that the King Solomon Tunnel and Development Co. was destined to become one of the largest mining properties in the state, such as the Yak, Newhouse, Big Five, Viddler and many others and I thereupon invested all the available funds I had into this enterprise and since then I have invested more from time to time as fast as I have been able to do so.

I have been out to the property seven or eight times since and have taken with me the most successful merchants, bankers, doctors, farmers, dentists, real estate men, ministers, and in fact, nearly every class of business represented and everyone of them without a single exception purchased stock in the King Solomon.

What better recommend could I give you than that? [What more could you ask?

Is that doesn't convince you then we invite you to come and see with your own eyes; get ore sampled with your own hands; see the veins of ore so plainly outlined on the mountain side and then go into our 1400 foot tunnel and see the six veins of ore we have opened.

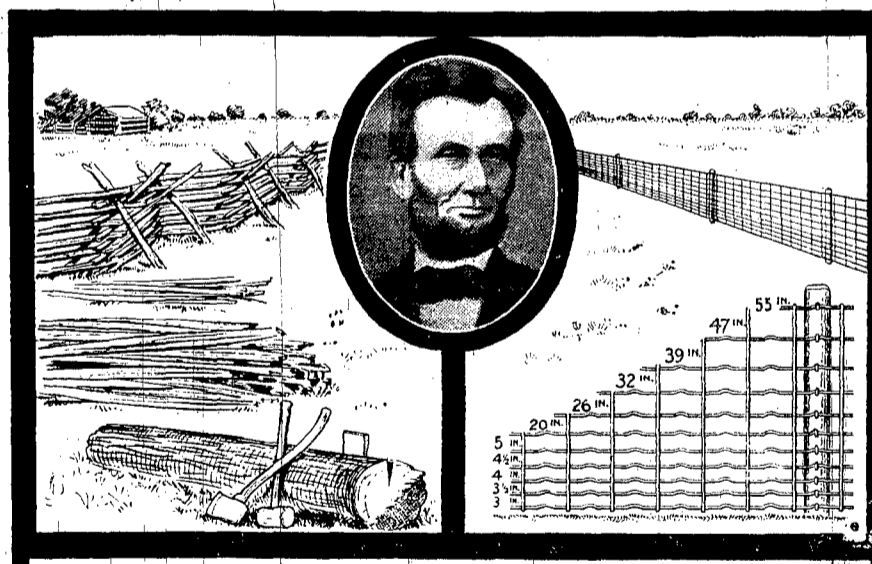

I met two men a few days ago that sat quietly by and watched the Newhouse tunnel grow from its inception when stock could have been had at ten cents per share until today it is nearly seventeen dollars per share. These two men kept thinking they would take some stock in it but like some of my readers, they kept putting it off until the stock got so high it was beyond the reach of their pocketbook. They might have been independently rich even tho they had put in but a few hundred.

Are you going to put it off? Are you going to procrastinate until it is too late? Think this matter over seriously.

Come up and talk it over with me.

Sincerely yours,  
**O. A. KING, District Manager**  
 Office over First Nat'l Bank, Wayne, Nebr.

## THE HERALD For Fine Job Printing

**THE MODERN "PITTSBURGH PERFECT" WIRE FENCE, WELDED BY ELECTRICITY.**

**What a Marvel it would have been to Abraham Lincoln splitter of rails.**

Mr. Farmer: Your progressiveness is keeping you in close touch with improvements in farm machinery, in dairy methods, and with all the scientific facts that bring about the greatest possible agricultural production.

You are also informing yourself about fence. We know you are.

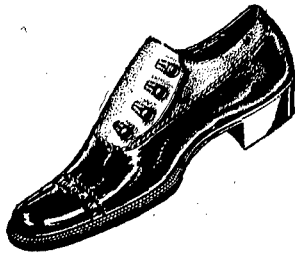

First—there was the stone fence of medieval history.  
 Second—pioneer America converted its timber into rails.  
 Third—somebody found a way to weave wire and slats.  
 Fourth—along came barbed wire, with its marvelous sale.  
 Fifth—machines were invented to twist or clamp one wire around another: the woven wire fence.

**But, most important of all, electricity now welds the wires at the joint, making no longer necessary these wraps and clamps. Stay and strand, wizard-like, become one.**

The greatest step forward in fence building is thus accomplished at a single, master stroke.

Of course, you are not using anything else. Surely you are familiarizing yourself with this remarkable improvement, to be found only in "Pittsburgh Perfect."

## COLLEGE NOTES.

Rev. E. B. Young conducted chapel exercises, Monday, and gave a very good talk to the students.

Mrs. Hunt of Page, visited her daughter over Sunday. Miss Hunt is a member of the graduating class this year.

Vern Rightmire came down from McLean, Saturday, to visit friends. He is teaching with good success in Pierce county.

Messrs Hendrickson and Pryor left school this week to take charge of schools in this county. Both the young men expect to return when their schools close.

Among the new students who have recently enrolled are the following: Misses Mary Thomas of Verdell, Sadie Thomas of Meadow Grove and Johnson of Wausa.

Miss Selma Braasch of Hadar, visited over Sunday with her sister, Minnie. Miss Braasch was a student here last year, and is now one of the strong teachers of Pierce county.

This week brings to an end the first half of this term. All the teachers express themselves as being well satisfied with the work as a whole, and good results are looked for in most cases in the examinations which will be held Friday.

A very pleasant social was held in the Gymnasium Saturday evening. The Young Men's Christian Association had charge of the arrangements

and a very pleasant time was spent by all. The socials are attended by a majority of the students.

Rev. Mead of Sioux City, accompanied by Mr. Manning, visited the College last week. Rev. Mead conducted Chapel exercises and gave the students a short talk. Mr. Manning graduated from the Teachers' Course in 1895 and is now a successful farmer of Dakota County.

Walter Power and sister visited friends at the College Saturday and attended the social Saturday evening. Both teach in Wayne county with the best of success and expect to continue their work at College as their schools close.

Miss Simonds, State Sec'y of the Y. W. C. A., visited the Association here last week. She expressed herself as being very well pleased with the work of the young ladies in every way. She delivered several addresses while here and the meetings were well attended by the young ladies of the school.

The following is the first program given by the "Dramatic Club" and everyone is most earnestly invited to attend. You will certainly be pleased with this excellent program, to be given in the new auditorium, Saturday evening, March 23, at 7:30. Admission 10 cents.

Reading, Iry an' Billy an' Jo., Etta Conover  
Reading, Sue's Beaux, Belle Brookhouser.

Tableaux, Louise McClees  
Reading, The College Girl, A Surprise,  
Ada Anderson

Vocal Solo, Wilbur Campbell  
Laughing and Crying.

Lois Wiilsie, Belle Brookhouser;  
One act play, "An Hour in School" by Members of the Dramatic Club

**Mass Meeting Resolutions.**

Adopted by rising vote at a Mass Meeting held Earch 16th. '07, Wayne, Nebr.

Whereas, it has been our privilege to hear the Hon. Thomas Darnell, State Attorney for the Anti Saloon League of Nebraska, in a series of addresses on the liquor traffic, and whereas, we have found him courageous, forceful, enthusiastic, exceedingly able in his pronouncements, always proving his statements with unquestionable documentary evidence, up-to-date as an exponent of civic righteousness; and whereas, he has conclusively proven that there is no good reason why a saloon should exist anywhere, we hereby publicly commend him and the cause he represents; and pray that the day will speedily dawn when there will not be a licensed saloon in the United States or elsewhere.

Respectfully,  
Agitation Committee of the Anti Saloon League. Wayne, Nebr.

## Nebraska's Governors.

Nebraska has had fifteen governors, including the present executive. Of this number only one, James E. Boyd, was a democrat. Two, Governors Holcomb and Poynter, were populists. The last six governors preceding Governor Sheldon are still alive. They are Crouse, Holcomb, Poynter, Dietrich, Savage and Mickey.

There seems to be something of a political fatality connected with the office of secretary of state. If memory is not at fault not a single occupant of the office has ever held another public office afterwards.

Four state officials have been impeached the first being Governor David Butler, the first governor of the state. Afterwards all reference of this case was ordered expunged from the records. Afterwards Land Commissioner Humphery, Secretary of state Allen and Attorney General Hastings were impeached but the impeachment was not sustained on trial of the case, and the men resumed the duties of their offices.—Will M. Mapin, in Lincoln Star.

Mrs. C. H. Wright of Wayne visited several days with her sister, Mrs. E. R. Middleton, the first of the week. The Wrights are about to move to Wessington, S. D., and Mrs. Wright was paying a farewell visit before leaving the state.—Laurel Advocate.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage" Preventives are little candy cold cure tablets, and Dr. Shoop, Racine Wis. will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check Colds with Preventics and stop Pneumonia. Sold in 5c and 25c boxes by Felbers Pharmacy.

A New Jersey man couldn't see any danger in smoking while weighing powder. He cant see anything now.

The News—No Pure Drug Cough Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package. For this reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels and none in the medicine, else it must by law be on the label. And it's not only safe but it is said to be by those who know it best, a remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by Felbers Pharmacy.

A young man always takes a girl's hand before asking for it. An old penny with a premium on it, may look like thirty cents.

Paint Buying Made Safe

A five car shipment of cattle was sent from Wayne to Omaha yesterday. Each of the following parties furnished a car apiece: Claus Ott, E. A. Chichester, Neils Dullard, Dan McManigal and T. S. Goss.

Mrs. Chas. Bertrand and children have been visiting with her parents Mr. and Mrs. J. P. Gaertner. We understand she leaves this week to join her husband in his new location in the state of Washington.

Randolph Times: Andy Blazer has moved from Garnett, Kansas, to Wayne. He evidently thinks that Nebraska is a pretty good state after all. An infant son of Mr. and Mrs. Walter Grant of Shiles was buried in Randolph Monday. These young parents have many sympathizers in their loss.

A. G. Carlson was down from Sholes Friday in company with his son Oscar. The latter took the 8th grade examination at the county Supt. office. Mr. Carlson has a patent pending for an improved pump tongs that is likely to make him money. It combines in handy way, several tools in one, and is certainly a labor saver.

Frank Nangle is now located at Sioux Falls, S. D. as an agency director for the York Life Ins. Co. This is an important assignment and speaks considerable for Franks ability and knowledge of life insurance. Most of the business done by the company's agents in South Dakota, passes through his hands. His Wayne friends are glad to learn of his promotion.

A confirmation service will be held in the German Evangelical Salemo church 7 miles southeast of Wayne, March 24, at 2 o'clock. C. E. Persinger shipped his household goods to Fullerton, N. D., Wednesday. Mrs. Persinger will remain with her parents, Mr. and Mrs. J. M. Ross, until her husband gets things arranged in their new home. He intends to follow the carpenter trade.

Messrs Emil Weber, L. C. Peterson, Chet Witter and Chas. Craven made up a hunting expedition for the reservation lakes where they spent several days in quest of ducks. Liveryman Hiscox brot them back Tuesday, and they made a fair showing in the amount of game captured.

Manager Gossard of the Farmers cream station informs us that he has about completed arrangements and will soon be able to supply the local demand for butter. The churns and other machinery together with a gas engine have been put in, with this object in view. Butter to supply the local consumers, is a problem about one-half the time with Wayne merchants, since the farmers got to selling their cream. Mr. Gossard proposes to meet the condition and thinks that about 500 pounds a week will be required. He promises a choice article and hopes to furnish it at about twenty cents per pound through the year, barring perhaps the winter months. This is a good move on the part of Mr. Gossard and we believe will be appreciated by our people. Norfolk has a small butter factory to supply her home demand and have found it almost indispensable.

H. E. Mason, was up from Omaha, over Sunday, on a visit with his parents. He is now connected with one of the big real estate firms of that city and spends considerable time on the road. In conversation with him he told us of an interesting letter he recently received from C. H. Bright, who is a special instructor in agriculture in the Philippine Islands. Mr. Bright said he had one of the finest gardens in the province, if not on the island. At first he experienced considerable trouble from red ants. The little animals destroyed the seed before it germinated, and he found it necessary to start all the seed in the house and then transplant, when well along in size. Mr. and Mrs. Bright have their trip home all planned, just where they intend to stop, how long, as well as the route they take. Of course their journey's end will land them in Wayne.

**Washington Doings**

Washington, Mch. 14—Government officials and those members of Congress who still are here are watching under way to make of George Washington University a distinctively national educational institution. The university authorities are at work raising a fund of \$400,000 for the purchase of a site suitable for the growing needs of the institution, and although they have been engaged in the campaign less than a week, more than one-quarter of the amount has been subscribed.

The plan to make George Washington University a model American university has appealed to the patriotic pride of leaders in the administration, and in Congress, irrespective of politics. Situated in the capital of the United States, the institution enjoys advantages that cannot be duplicated in other centers of learning. It has the wealth of material contained in the archives of the different departments, and is in close touch with the whole world through the different foreign representatives quartered here. Of immense value as a storehouse of reference is the Congressional Library, one of the finest collections of books and historical documents in the world.

The work of raising funds is proceeding systematically. Through a Citizen's and the Alumni committees, the wealthy residents of the capital are pouring in their contributions, and the students themselves have pledged a subscription of not less than \$10,000. The plan is being pushed forward enthusiastically, and it is expected that the \$400,000 necessary to procure a site for the new institution will be secured before the first of the coming month.

It is the intention to have Washington supply the money for the proposed new grounds and then to appeal to the country at large for more funds for the equipment of the institution. The University, at the present time, is in a position to begin the construction of six or seven great buildings, once the site is determined upon. Of these half-dozen or so buildings, two and possibly three will be erected by friends of the institution.

The question of a site is giving the faculty some trouble. This inconvenient one does not rise from a scarcity of offerings, but rather the reverse. A number of parcels of ground are under consideration, one of them being a tract known as the Dyer place. This land is the highest spot in Washington and would make an ideal location for the University were it a trifle larger. President Charles W. Needham fears that there is not enough acreage to permit of rapid growth, and for that reason he is hesitating about closing the deal.

It might be a good thing if the University did acquire the Dean property, for almost every Congress for many years back has been urged to buy it in for the government to be used as the site for a new White House. With insistent regularity this bill has appeared, and with equal regularity it has died peacefully in the committee. Congress, however, is growing tired of seeing it appear at every session.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls' Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched celery and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's nice even for the youngest child. Sold by Ralph Rundell.

For Catarrh, let me send you free, just to prove merit, a Trial size Box of Dr. Shoop's Catarrh Remedy. It is a snow white, creamy, healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Felber's Pharmacy.

For a mild, easy action of the bowels, a single dose of Doan's Regulets is enough. Treatment cures habitual constipation. 25c a box. Ask your druggist for them.

**DO NOT CROWD THE SEASON**

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been hooped all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is a terrible cold in this season are even more dangerous than in midwinter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it.

The back aches because the kidneys are blockaded. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

W. H. McKay, engineer at the Abernathy Mfg. Co., and living at 110 Dakota street, Leavenworth, Kan., says: "Though I doctored and tried all kinds of medicines I suffered severely from kidney trouble for all of a year, and nothing seemed to do me the least bit of good. The pain in my back was terrible and the sharp twinges would cramp me up at times so that I could hardly move. The kidney secretions were irregular and contained a great deal of sediment that looked the brick dust. One physician who had treated me said I had muscular rheumatism, but he did not help me. After giving up all hope of finding relief I happened to learn through a friend about Doan's Kidney Pills and got a box at E. O. Fritsche's drug store. I found benefit in the treatment and continued it until I had taken three boxes. I was entirely cured of kidney trouble and have had no sign or symptom of it since. If ever any medicine saved a man's life Doan's Kidney Pills saved mine. I have been well for nearly six years, and know several people who have used Doan's Kidney Pills on the strength of the testimonial I gave in 1899 recommending them. I have yet to hear of a case in which this remedy failed.
