## Don't Raise Smut

It is entirely unnecessary. Our high-grade Formaldehyde is certain death for the smut germ at a cost of about one cent a bushel for your seed wheat, barley or corn. If you have ever used a solution of Formaldehyde without satisfactory results it was because you did not follow directions or did not get the right grade. Let us furnish it this time and you will get satisfactory results.

...BLUE STONE...

Many prefer this to Formaldehyde. We have a fresh stock of the very best quality to be had.

### Presbyterian Meeting

Annual Congregational Meeting of the First Presbyterian Church of Wayne, Nebraska, was held at the First Presbyterian church, Monday evening, April 1, 1907.

Officers elected as follows: Elders, F. H. Jones and W. A. K. Neely. Trustees, James Bush and George W. McCollum.

Reports were called for: Given by the Church Treasurer, The Treasurer of Parsonage Building Committee, Christian Endeavor Society, Ladies Aid Society, Sabbath School and Home Department.

Mr. Osborne, Pastor, was unable to be present at the meeting because of temporary illness, and in view of that fact and that he is about to leave Wayne for a portion of the Summer, the following resolutions were unanimously passed.

RESOLVED: That it is with feeling of profound regret that it becomes necessary for us to bid adieu to our Pastor, Reverend Thomas C. Osborne, for a few months; but it is with the hope that he will return to us as soon as possible to take up the work he has been compelled to lay down for a short time.

RESOLVED: That we recognize in him an earnest, faithful and efficient Pastor and Preacher; and hope that he and his dear family may remain with us for many years to come, and that his labors among us may be blessed to the good of this church and city.

RESOLVED: That our sympathies go out to him on account of his present temporary illness.

RESOLVED: That a copy of these resolutions be presented to him, and published in the city papers.

### Special Meeting

Evangelistic services will be held at the Methodist church beginning next Sunday, and will be led by Rev. Dr. R. N. McKaig, conference evangelist of the Minnesota conference. Until recently his daughter has accompanied him for solo work in meetings. For this work he now uses two colored evangelistic singers, who have been engaged in this special work among the churches of the various denominations for ten years. They sing some southern melodies in addition to the old hymns. More than twenty years ago Dr. McKaig built the St. Paul's church in Lincoln. Later he was president of of York college. He was pastor of the First Methodist churches in Omaha and Sioux City. For two years he was pastor of the Hennepin Avenue church in Minneapolis at a salary of \$4000 per year. He was an officer in the civil war and relates thrilling experiences connected with his escape from Andersonville and Libby Prison.

Sunday morning service at 10:45. Evening service at 8:00. Epworth League at 7:00, one half hour later than usual.

### One Dollar Cheaper

During the one week of April 22 to 27, inclusive, the Lincoln Daily News will accept \$2 from mail subscribers for a whole year to May 1, 1908. The regular price is one dollar more than that. This cut price is good only during this Bargain Week, and all you have to do is to mail your \$2 the The Daily News, Lincoln, Nebr., during that time, and you will receive the paper until May 1, 1908.

The News does not receive any free railroad tickets, and has cut off several traveling solicitors. Instead of paying out railroad fare, hotel bills and other expenses, these savings will be given to our subscribers direct by this big bargain offer. More things are being done this year for the people in Nebraska than ever before. The new deal seems to suit everybody who has not had some sort of a pull. The Lincoln News keeps in the midst of the fight and wants every man who believes in a square deal on its list.

At \$2 for a whole year there is not a family in the state that cannot afford a daily paper. The News has the reputation of printing the truth and printing it plainly, no matter where it hits. Its the liveliest, snappiest newspaper proposition in Nebraska and if you become a subscriber at this cheap rate, you will stay with it for a long time to come. Remember the bargain week—April 22 to 27. The price will be \$3 after that week.

### Service by Publication

B. F. Smith will take notice that on the 19th day of March, 1907, before I. W. Alter, a Justice of the Peace in and for Wayne county, Nebraska, issued an order of attachment for the sum of \$16.20 in the action pending before him, wherein J. M. Ross is plaintiff and the said B. F. Smith is defendant, that the property of the defendant consisting of One Red Dehorned cow, weight about 1000 pounds, has been attached under said order. Said cause was continued to the 12th day of April, 1907 at 10 o'clock.

### Back from the Mines

Sam H. Alexandor returned Saturday from the west. He has been for a month at the mines of the company and in Denver buying a large plant of machinery to increase development work on the property of the King Solomon Company. This plant complete and set will cost about \$15,000 and consists of a big Ingersoll Sargeant Compressor, built for 10,000 feet altitude with compound steam cylinders, automatic and self regulating in every particular, and with a capacity of 1,096 feet of free air per minute. This compressor is capable of running from 15 to 20 power drills, and will be delivered and set inside of 60 days. The whole equipment of the plant has been enlarged, and a Heine water tube boiler which is regarded as the best on the market, has been added to the equipment already installed. This boiler has a capacity of 163 horse power, and together with the power already at hand makes this plant the most efficient and up-to-date in this district. The type of air compressor installed is so made that it can be run either by steam or water power, and it is the company's intention to install their water power and ultimately cut out the coal bills. Work has been started on flume and ditch for the pipe line. The tunnel is in now about 1400 feet and being driven with the old equipment about 80 feet per month. Six veins have already been cut carrying values up to \$150 per ton. With the new plant in operation a 1,000 foot contract to be driven 200 feet per month will be immediately let. The main tunnel has passed under the apex of the big Golden Centrum vein, and as soon as the breast has been extended to a point sufficiently far to allow for a dip in this vein, the same will be opened. Ore running to \$80 has been mined from this vein on the surface packed down on burros and shipped to the smelter.

Mr. Alexander reports that his company is paying all bills in spot cash, and has a reserve in the treasury of cash, real estate and gilt edge notes of about \$20,000.—Madison Democrat.

## AMERICAN FENCE

### FARM PROFITS

Every rod of good fence on your farm helps to cheapen the cost of your matured hogs, bees, sheep and horses.

The better and greater the quantity of efficient fence on the farm, the higher the price per acre.

You want bigger profits per acre—build good fire-proof, stock-proof, time-proof fences. Now is the time to do it. American Fence is the best fence, fully guaranteed, always satisfactory. It is cheaper per rod today than ever before. The manufacturers propose to double the use of American Fence during the next twelve months. We are here to help them. In helping them, we help you by offering you American Fence, the best in the world, at heretofore unheard of prices. Come and see us, don't delay—this opportunity is too good to miss. You know a good thing, and you know when a good thing is cheap.

It is not always best to buy cheap things, but when cheap and good, in fact the best, and the article will pay dividends for years afterwards, it is clearly safe and good business sense to buy it, and buy all you can use to advantage.

Come and see us—we know we can save you money now.

**Annie Abbott**  
**The Woman of Mystery !!!!**

In modern miracles and new, wonderful and startling tests of her inexplicable, phenomenal and mighty force of power, will be at the Wayne opera house Thursday, Friday and Saturday, April 4, 5 and 6, prices 25 35 and 50c. Annie Abbot's mysterious force accomplishes, among other things, the following:

The four strongest men in the audience cannot lift her from the floor. Standing on one foot she will resist the united efforts of three strong men to move her.

Three men cannot take a cane from the palms of her open hands. A raised umbrella cannot be held over her head.

She lifts men into mid-air by placing her open hands upon their heads.

She lifts fifteen hundred pounds without physical effort.

She lifts eight men clear from the floor, at one time, with ease and grace, by laying her open hands against the chair and not grasping it.

Annie Abbot takes an 8-year-old boy and has him lay his hands in her open hands thus transmitting her power to the boy, two men cannot lift the boy from the floor.

She openly challenges strong men and athletes to be present and test her force.

Eight men strive in vain to hold a pole to the floor, with the heaviest man seated on it, while she lifts it from the floor, by laying her open hand against it. All these and many equally startling feats, Annie Abbott will accomplish, under full investigation.

Members of the committee lay their hands between hers and the instruments used.

The entertainments given by Annie Abbott are not necromancy, slight of hand, jugglery, or work with confederates, no darkened stage cabinet, electric apparatus nor paraphernalia of any kind is used, but this really marvelous performance is given in the full view of the audience in the bright glare of the gas light and under full investigation of a committee of prominent and reliable citizens, selected by the audience.

Whatever mystic power it is with which she operates the combined efforts of the man with the greatest official power in Omaha and the strongest men in the crowd at the Lyric theatre Monday evening were helpless before the mandates of a frail little woman, Annie Abbot, who provided much entertainment at the playhouse during the evening, beginning a week's stay in the city. While Mayor Dahlman and many 200 pound men who were present may have found themselves entirely capable of lifting any tot of tender years in Omaha in the past, they admitted then that it depends upon whether the "little Georgia magnet" says they can or not, after repeated vain attempts to raise little boys and weighing not more than fifty or seventy-five pounds off the floor.

At the Wayne opera house April 4, 5 and 6. Prices 25, 35 and 50c. Seats on sale at Raymonds drug store.

**Is Only Plain Congressman.**  
Senator Reveridge was talking one afternoon in Washington to a group of newly elected congressmen.  
"You boys," he said, "must on no account appear green. Keep cool, go slow, think before you speak; then you won't give yourself away."  
Senator Reveridge continued: "I should hate to hear that one of you had acted as a new southern congressman once did."  
"He, as soon as he reached Washington, went off to a photographer's to be photographed. 'I want my likeness taken,' he said. 'Cabinet? the photographer asked. The southerner reddened and looked pleased. 'No,' he answered. 'Just a plain, everyday congressman.'"—Buffalo News.

**Suburban Silence Club.**  
Some time ago a curious club was formed in London. It was called the "Silence club." Its membership was limited to ten, all of whom were season ticket-holders on a London suburban railway, and the subscription was 6 pence weekly. It was established simply and solely to enable the members to read the paper on the way to town—the only occasion during the day on which the club met. The revenue derived from subscriptions was handed to the guard every Saturday, he making a point of reserving a carriage for the members.

**Jokes in the News.**  
"Nothing but death and disaster," said Smithers, looking up from his paper. "Boat went to the bottom in New York bay."

"How dreadful!" exclaimed Mrs. Smithers. "How many lost?"  
"Nobody lost. It was a submarine." Long silence.

"Man dropped a thousand feet."  
"Poor fellow! Killed him instantly, I suppose?"

"No. The article says he dropped a thousand feet of rope into a bottomless pit in a Pennsylvania cave."

Another silence.  
"Well, of all things, Congressman Wobbles kills himself."

"How?"  
"By making a speech declaring Roosevelt is a faker."

It was not strange that Mrs. Smithers snatched the paper from him and read the news herself.—

**It Wasn't Filled.**  
A physician well known on the west side when passing a house where he knew a colleague of his had a patent, was surprised when the woman of the house accosted him from the window and asked him to step in and see her sick son.

"But isn't Dr. X. attending your son?" asked the physician.  
"Yes," replied the woman, "but Dr. X. seems to have his mind more on real estate than on his patients. The druggist said he could not fill his prescription."

The physician entered the house and asked for the prescription. The woman produced a sheet from Dr. X's pad on which was written:  
"Ricks, 50,000."  
"Cent, 50 bbls."

**THE MODERN "PITTSBURGH PERFECT" WIRE FENCE, WELDED BY ELECTRICITY.**

**What a Marvel it would have been to Abraham Lincoln, splitter of rails.**  
Mr. Farmer: Your progressiveness is keeping you in close touch with improvements in farm machinery, in dairy methods, and with all the scientific facts that bring about the greatest possible agricultural production.  
You are also informing yourself about fence. We know you are.

First—there was the stone fence of medieval history.  
Second—pioneer America converted its timber into rails.  
Third—somebody found a way to weave wire and slats.  
Fourth—along came barb wire, with its marvelous sale.  
Fifth—machines were invented to twist or clamp one wire around another: the woven wire fence.  
**But, most important of all, electricity now welds the wires at the joint, making no longer necessary these wraps and clamps. Stay and strand, wizard-like, become one.**  
The greatest step forward in fence building is thus accomplished at a single, master stroke.  
Of course, you are not using anything else. Surely you are familiarizing yourself with this remarkable improvement, to be found only in "Pittsburgh Perfect."

### Activities of Roosevelt

This remarkable man has probably written more books, and better ones, than the average litterateur contributes in a lifetime. He has chopped up more wood and kindling than half a dozen wood sawyers who do nothing else in their lives. He has shot more bears and broken more bronchos than many a Rocky Mountain hunter or western cowboy. He has written more and longer and more essential state papers than any two or three presidents before him. He has informed himself and enlightened the public on a greater variety of special features of the national development than most other men have even considered or asked questions about. He has made more addresses and political speeches than any man living except Mr. Bryan, and in the interstices of his very busy moments he has earned a world's peace prize, carried on a fairly voluminous correspondence, settled industrial strike "called down" federal judges and acted as confessor to Harriman and Morgan and the others.—Kansas City Star.

It is far better to look on the sunny side of life than on the cloudy side. It is ever so much better to go through the world in a cheerful and hopeful way than with sour looks and doleful speech that casts a gloom all around. And yet there are people who seem to take delight in being miserable and in making others uncomfortable. They are like the man of whom it was said, that with proper cultivation he would have made a good sour apple tree.

### Washington Doings

Washington, March 30.—Senator Kittredge of South Dakota, is noted for his sagacity and this fact may give added weight to his open and avowed endorsement of the Taft boom this week. The Senator announced that the stout Secretary of War is the logical successor to President Roosevelt and that he is South Dakota's choice for the nomination in 1908. Senator Kittredge says:

"The people do not wish to see a stop in the policies which have marked President Roosevelt's administration. They accept in good faith Mr. Roosevelt's declaration that he will not be a candidate for the third term. The fact that Mr. Taft's candidacy is said to have, or is supposed to have, the approval of President Roosevelt is a great asset in its favor."

Senator Kittredge is engaged in a bitter fight in his state for the retention of control of the party organization. He is a close student of political affairs and his open championship of Mr. Taft is the strongest indication that the Secretary of War leads in the race for the Republican nomination.

The General Land Office this week issued a statement giving the location of the public land reopened to entry by the President's order of March 12th. These lands, previous to the order, were classed as coal lands and had been withdrawn. Montana leads the list in the number of acres opened for entry, the total being 2,100,000. New Mexico comes next with 2,000,000; Colorado has 1,250,000 acres; Wyoming 1,240,000; Oregon 710,000; 320,000; and Utah 188,000.

Although this is the headquarters of the Official Weather Man, he evidently was no "on the job" this week, for the weather took a sudden somersault here and within the brief space of twelve hours switched from chilly winter to the heat of midsummer. On Friday the thermometer reached 90 degrees, the highest March day here in the record of the Weather Bureau which extends over thirty-seven years. The temperature went up 50 points from six o'clock in the morning, when it registered 40 degrees, until four o'clock in the afternoon, when the record mark was reached. There is no relief in sight, so far as the weather sharps can see, and already there is a wild flight from Washing-

ton on the part of such society people as remain and the belated members of Congress who have been detained by business with the departments. Members of the national city camps of the different receptive presidential candidates have fled, the majority of them having gone to Hot Springs, Va., which is within easy distance of Washington. It is probable that the corridors of the Big Homestead Hotel within the next two weeks will be the scene of some stirring political conferences that may have an important effect upon the convention of 1908.

President Roosevelt has accepted the invitation of the National Packers' Exposition to open the big exhibition in Chicago on May 1st. He will be unable to be present at the opening, but he will start the machinery by pressing a button at the White House. The President has shown the keenest interest in this public demonstration of improved methods in food manufacture. The agitation and the publication of numerous reports, including that of the government experts, created such a deep distrust of food products that a public exhibition of the methods of both the meat packers and manufacturers of other goods has been decided upon as a means of acquainting the public with the new methods of manufacture. The exhibitors are largely independent packing houses, whose business was sadly affected during the recent disclosures.

According to a monograph issued by the Bureau of Statistics of the Department of Commerce and Labor, the United States now ranks third among the world's exporters of manufactures. The report shows that not only do the exports of manufactures now exceed \$700,000,000 a year, but they have doubled in value in a single decade. In the comparative tables it is shown that in 1880 manufactures formed only 15 per cent of the total exports of domestic products, while last year they were 40 per cent of the whole.

### COLLEGE NOTES.

Prof. Smith of the Sioux City High School visited classes at the College Monday.

Miss Julia Davis of Emerson, Teachers' '05, visited friends at the College Saturday.

Miss Christian of the High School visited some classes Tuesday morning took dinner with Prof. and Mrs. Pile.

Beginning this week, all the evening exercises at the College will commence at 8 o'clock instead of 7:30 as has been done up to this time.

Mr. and Mrs. C. G. Hutchins visited friends at the College the first of the week. They were the recipients of congratulations from their many friends on the hill.

Rev. Smith, accompanied by Mr. Fellman, visited the College Tuesday and conducted the exercises. Mr. Fellman sang a vocal solo which was very much enjoyed by all.

Sunday afternoon, a union meeting of the Y. M. C. A. and Y. W. C. A. was held. A very interesting program had been arranged by those in charge and a large number of the students attended the meeting.

Among the new students who enrolled this week are the following: Misses Godkin of Neligh; Lindberg of Holt Co.; Dowd of Pender. As the district schools close, many teachers will enter school.

As all the members of the Literary Societies cannot get on the Friday evening programs, it has been found necessary to have several meetings on Saturday evening. The Philohad charge of the program last Saturday.

The curtains and scenery for the Auditorium arrived last week and were installed under the direction of Mr. Colby, the architect of Sioux City. Miss Carroll has her class at work now on a production which will be given the latter part of this term.

The young ladies have organized their basket-ball teams and are now playing every evening. The tennis courts and baseball diamond also have their share of players. The majority of the students realize that in order to obtain good results from their studies they must have a reasonable amount of exercise.

The object of this organization shall be to interest every citizen in the county in maintaining and furnishing the room and keeping it in order.

For fresh grass and garden seeds, see Otto Voget.

#### What is Catarrh?

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

The one scientific and common sense treatment is Hyomei, a combination of healing and germ-killing balsams which is breathed thru a special inhaler that comes with every outfit. A complete Hyomei outfit costs but \$1.00, and E. J. Raymond gives his personal guarantee with every package that money will be refunded unless the treatment cures.

### Order to Show Cause

In the District Court of Wayne county, Nebraska.  
In the matter of the application of Hamer F. Wilson, Guardian,  
of

Herman Dose, a minor, for leave to sell real estate.

On this 18th day of March, 1907, it being one of the days of the regular March, 1907, term of this court, and on reading the petition presented to me, duly verified and filed with the clerk of this court by Hamer F. Wilson, Guardian of the estate of Herman Dose, a minor, for license to sell the undivided one-eighth interest of said minor in and to the following described real estate, situated in Wayne county, Nebraska, to-wit:—

The Southeast Quarter of Section Twenty-five (25), Township Twenty-six (26), Range Four (4); and the West half of Section Thirty (30), Township Twenty-six (26), Range five (5), all east of the Sixth Principle Meridian, and it appearing from said petition that the said real estate consists of farm lands, owned in common by the said minor with his brothers and sisters, seven in number, and that it would be for the benefit of said minor and of his estate that his interest in said lands be sold and the proceeds thereof put out at interest or invested in some productive stock;

It is therefore ordered that the next of kin of the said minor, and all persons interested in his estate appear before the Judge of said Court at the Court House in Wayne, in said Wayne county, Nebraska, on the 18th day of April, 1907, at nine o'clock A. M., to show cause, if any there be, why license should not be granted to the said Hamer F. Wilson, Guardian of the said minor, to sell his said real estate for the purpose above set forth.

And it is further ordered that a copy of this order be published at least three successive weeks, once each week, in the Wayne Herald, a newspaper printed and published in said county of Wayne, and that it shall not be necessary to make personal service of this order upon the next of kin or other persons interested in said estate.

Done at the Court House in Wayne, Nebraska, in said Judicial District, this 18th day of March 1907.

A. A. WELCH,  
Judge of District Court.

IT IS MAYOR LEY AND COUNCILMEN CHACE, NEELY AND CRAVEN.

Initiative and Referendum Proves Popular with the Voters and Wins Hands Down.

An Exciting Campaign Brings Out a Big Vote.

For an active, exciting municipal campaign, the election of Tuesday closed the most notable one in the history of Wayne. The contest was drawn on the question of "license" or "no license" and the outcome is a triumph for the advocates of the license system of controlling the liquor traffic. The Mayor and three Councilmen elected favor license and represent the wish of the majority of voters. Mr. Henry Ley, becomes Mayor by a majority of 69 over his opponent Mr. F. H. Jones, carrying the First Ward by 52, the Second by 11 and the Third by 6.

City Clerk A. T. Witter, was re-elected to the place, having no opposition. H. S. Ringland and I. W. Alté were elected to the position of city treasurer and police judge, respectively, there being no other nominees for the offices.

In the First Ward, C. A. Chace for Councilman received 54 out of 98 votes cast.

F. L. Neely run a close race with Mr. Rayburn in the Second Ward but won on a margin of 10 votes in the 182 polled.

It was "neck and neck" on councilmen in the Third and J. E. Marsteller is denied aldermanic distinction and the favor goes to C. M. Craven by just one vote.

Both sides kept close watch of the polls Tuesday, and an unusual number of voters were challenged. In the second ward most all of the College Students voting were obliged to swear in their vote. Down in the "Bloody First" Editor Goldie was called to account when he came to cast his ballot, on the ground that he was born in Canada and had never taken out his naturalization papers.

The election of members of the school board was generally overlooked, Tuesday, in the excitement of the greater contest. The choice, however, seems to have fallen on the nominees of the citizen's caucus, in the persons of S. R. Theobald and E. Hunter for full term and T. B. Heckert to fill vacancy.

Wausa, Randolph and Wakefield remain in the column of dry towns after a year of experience, while Tekamah joins the list for no saloons, and Oakland turns to license again.

Municipal Ownership received a set back in Chicago Tuesday when Mayor Dunne was defeated for reelection by F. A. Busse, the republican candidate by some 13,000. Busse had the open endorsement of President Roosevelt.

Bring us your eggs will pay top price. Harrington. The leading clothier.

Frank Bryner is packing up this week preparatory to moving to Kansas.

Regular session of Wayne Circle, F. L. A. April 12th '07. Entertainment will be provided and prize offered for finest box of lunch. Bring a friend.

Mrs. Rev. Smith's mother who has been staying with her this winter returned home yesterday. Mrs. Smith accompanied her far as Sioux City returning in the evening.

Judge Graves has announced an adjourned term of the district court for Wayne county to set April 22nd, continuing to the 25th. At this time another lot of naturalization cases will be disposed of and the Fair Grounds cases will be heard.

Mrs. Halbrook, widow of the late Scott Halbrook, of Norfolk, has purchased the residence property now occupied by Lee Buroker in the east of town and moves to Wayne in order to have school and college advantages for her children. The place belonged to Ed. Johnson and the consideration was \$1100.

The meetings announced last week are in progress at the Baptist Church and have grown in interest and attendance each evening. Rev. Fellman has taken the lead in the singing, with Prof. Davies at the organ and large chorus choir, music is one of the features of the meetings. We invite you to these services.

**Wayne School Notes**

Miss Payne is visiting friends at Grand Island this week.

Miss Zoe and Mary Mellor were visitors at the High School last Friday.

The debate which was to be given last Friday was postponed on account of the illness of one of the members.

Miss Christian was detained from school duties a part of last Thursday afternoon and Friday morning on account of illness.

Miss Wallace's pupils gave a short program last Friday afternoon. The room was prettily decorated with drawings and paintings which the pupils had made. The program was quite well attended by the parents of the pupils.

**Farewell Surprise.**

West Point Republican:—The ladies Aid Society of the Congregational church of this city with the assistance of their husbands made, executed and delivered a farewell surprise party upon Mr. and Mrs. John Hoar, last Saturday evening. On that evening Mr. and Mrs. Hoar were busily engaged in packing their household goods and furniture, preparatory to their departure for Wayne, where they have leased the leading hotel. In the midst of their labors they were interrupted by a neighbor, Mr. Krake, who stated that, there was a call on his phone for Mr. Hoar and that Mrs. Krake wanted to see Mrs. Hoar. Repairing to the Krake residence, they found the party eagerly awaiting their coming and, you bet, the surprise was complete. It took the surprises several minutes to fully grasp the situation and it was keenly enjoyed by the surprisers. The evening was spent in pleasing reminiscence, and, at 11 o'clock, refreshments were served.

Mr. and Mrs. Hoar have been active in church work during their residence in this city. Mr. Hoar has been librarian of that Sunday school and trustee of the church for a number of years and Mrs. Hoar has been a teacher in the Sunday school and an active church worker for the same length of time, or even longer. Their loss will be felt. Aside from this, Mr. and Mrs. Hoar have at all times demonstrated their good citizenship and the people, generally, view their departure with genuine regret. The good wishes of hosts of friends accompany them to their new home, together with hopes for their continued prosperity therein.

A. L. Tucker had business at Carroll, yesterday.

Highest market price paid for eggs at Harrington's.

Frank A. Bryner returned from his Kansas trip, Friday.

Atty. Edw. Lundburg transacted business at Dakota City, Tuesday.

If you have a house or farm to sell we can find you a buyer inquire at this office.

Wm. Gildersleeve accompanied a shipment of three cars of cattle to Omaha, Tuesday.

There will be a free lunch given for the ladies of Wayne county, at the Ladies rest room, Saturday afternoon, April 6th.

Rev. Swarze, formerly the German minister at Carroll, was a passenger thru Wayne, Tuesday noon, for Laurel, to attend conference. He has been located at Ainsworth for about three months, as pastor of the Flag Union Sunday School, 12 miles north west of Wayne, has been revived, as has also the school at the Bell school house 6 miles north and east of town. The Pleasant View Union, 12 miles west will have next Sunday as its opening day.

Wm. Cullen who has been making his home with Mr. and Mrs. McGinty, has gone to Winside to live with his brother, Ed, Cullen. He will work in the harness shop; he having learned this trade in the Manual Labor department of the school for the Deaf and Dumb.

Rev. T. C. Osborne, left for Bayard yesterday, to join his family on their claim. Speaking on the results of Tuesday's election, while he was a bit disappointed in not seeing the temperance people capture the councilmen for the second and third ward. Yet they got what they started out for in the Initiative and Referendum. Having battled so valiantly for a dry town and failed, Mr. Osborne goes to spend the summer in an arid section of western Nebraska, and has promised the Herald an occasional "phillipic" on the methods and advantages of irrigation.

**The Hope  
Of Reaching the  
North Pole**

By Dr. FRIDTJOF NANSEN, Veteran Polar Explorer

MANY people doubtless will ask what prospects there are of ACTUALLY ATTAINING the north pole after Peary's latest experience. The distance Peary covered from his base toward the pole was about 250 miles, and there still remained about 203 miles. Thus he traversed between a half and two-thirds of the distance between the northern coast of Grant Land and the pole. It seems that Peary himself thinks that the year was an UNFAVORABLE one, in consequence of the mildness of the weather. It is not so much the mildness of the season as the wind and currents which break up the ice AND MOVE IT.

IT IS IN THIS WAY THAT THE EXPLORER IS MOST HAMPERED IN HIS JOURNEY ACROSS THE DRIFTING POLAR ICE.

One consequently must be prepared every year to meet similar conditions in the north, and sledge journeys across the polar ice, therefore, are always more or less difficult as compared with sledge journeys ALONG THE COAST of arctic lands or across the inland ice of Greenland. One cannot expect to cover such great distances daily in the north polar sea as is possible, for instance, during journeys over ice along coasts, and this is the case even if one travels across the polar sea IN THE BEST SEASON, which is the early spring. Later in the summer the difficulties are greatly increased, as the ice is then broken up in floes, with channels between, which are not soon covered by ice, as the temperature of the air rises too high.

But what makes the sledge traveling across the north polar ice so difficult is not only the open water lanes and channels, which have evidently caused Peary much trouble, but it is also the UNEVEN SURFACE of the ice which is formed by the ice pressures piling up the ice into "pressure ridges and hummocks," as was especially experienced by Markham. These are difficult to cross with heavy sledges, which generally have to be carried.

We thus see that a sledge expedition across the ice to the pole from, say, Grant Land, Greenland, or perhaps some still unknown land to the west, stretching farther north, will have to cope with GREAT DIFFICULTIES. None the less, I am of the opinion that an experienced sledge traveler like Peary, with an adequate equipment and, above all, with good dogs AND PLENTY OF THEM, will be able to accomplish the task.

A sledge expedition across the polar ice from the NORTHERN-MOST KNOWN LAND to the north pole and back again is not at all an impossibility, and if ANY man has the necessary qualifications to carry it out it is certainly Peary. May we hope that we soon shall see this expedition carried out, one sledge expedition from the west northward and one "drifting expedition" from the Bering strait?

PEARY'S LAST WONDERFUL EXPERIENCES GIVE US GOOD HOPE OF FURTHER SUCCESS.

**The Crime of Lobbying  
Should Be Stopped by Law**

By Governor JOSEPH W. FOLK of Missouri.

THERE should be a law making it a crime for anyone FOR COMPENSATION to lobby with the members of the legislature. All persons, of course, should be permitted to appear before committees and make arguments for or against measures in the regular and OPEN WAY. Any person should also be permitted to file printed arguments or briefs with members of the legislature. But in order that publicity may be given to what is going on it should be provided that copies of the printed arguments or briefs be filed in the office of the secretary of state and SUBJECT TO PUBLIC INSPECTION.

The sunlight of publicity is the greatest preventive of corruption. This measure would not prevent the average citizen from talking to members of the legislature about measures of public interest. It is only PAID LOBBYING that it is intended to prohibit. It has been urged that such a law would violate the right of free speech in preventing any person, even though a professional lobbyist, from talking to members of the general assembly. The right of free speech is a sacred right, but the right of the people to have their laws untainted by VENAL INFLUENCES is also sacred.

A man cannot talk to a juror trying a case to influence him about the case. The right of free speech has its LIMITATIONS. This is one of them, and interfering with legislation is another.

THE RIGHT OF FREE SPEECH CANNOT EXTEND TO OBSTRUCTING THE ADMINISTRATION OF JUSTICE OR THE COURTS OF LEGISLATION.

**Rockefeller Is a Type of  
American of Tomorrow**

By Acting President H. P. JUDSON of the University of Chicago.

PEOPLE don't look on the RIGHT side of Mr. Rockefeller. He has done wonderful things for education all over the country and, from all appearances, WILL CONTINUE to do them. He has done great things for Chicago in doing them for the university. Chicago does not realize what benefits have come to it in this way. Mr. Rockefeller has done many things in the cause of education which have NOT BEEN MADE PUBLIC. He has given large gifts to the Harvard Medical school, Yale university, the University of Virginia and to Johns Hopkins. Numerous donations have never been announced. THERE IS NO OSTENTATION IN ANYTHING Mr. Rockefeller does. He is extremely modest and does not like to have his philanthropy talked about or known.

IN SHORT, JOHN D. ROCKEFELLER IS THE TRUE TYPE OF THE "AMERICAN OF TOMORROW."

The latest arrival in Shadeland was very cross. "What is the matter?" blew from the lips of the shade floating near. "I see," said the cross one, "that every desire I expressed in regard to my funeral was ignored." "That's nothing," replied the old timer in Shadeland. "The only shades whose wishes are carried out are the women who express the desire that their husbands marry again."—Atechson Globe.

**Is It Not So?**

The almighty dollar may be tained, but few of us will ever catch the infection.  
Appearances may be deceiving, but appearances plus talk come pretty near fudexing a man.—Lippincott's.

**Irish Streets in Havana.**  
O'Reilly street, one of the big thoroughfares of Havana, gets its name from General Alexander O'Reilly, who named the streets in 1793, and this street after himself. As the name indicates, he was of Irish descent. His forefathers emigrated to Spain from Ireland after the battle of the Boyne in 1690. Many of the O'Reillys have lived in Cuba, and the family had an attorney monopoly in Havana, which was terminated in 1890.

Other Irish Spaniards whose names are identified with Cuban history are the O'Lawlers and O'Donnells.

On another page appears a list of the prizes which we are going to give away in this contest to the ladies who secure the most money paid on subscription to the Herald.

No one in this county can conscientiously turn down our proposition when they can get two weekly papers for the price of one. Everybody in the county should take a county seat paper and the Herald is the one to take. We have a good corps of correspondents and intend to strengthen this department and thoroughly cover the county as far as gathering all the news is concerned. The Nebraska Farmer is the leading agricultural paper of the west. It is published once a week and is \$1 per year. It is printed on fine book paper, and it is the only paper of its kind in the state that stops when your time is out.

# Old Time Miners All Excited Over Another Big Strike. Rich Ore Encountered In Upraises Two and Four

A telegram Saturday from President Dinsmore says that they opened a streak six to eight inches wide and we don't know yet how many hundred feet long and deep this vein of high-grade ore runs.

The great Comstock Lode vein which yielded hundreds of millions was not near as wide as the above mentioned vein, in fact, the Comstock Lode when first encountered was no thicker than a knife blade, but they followed it for 1500 feet when it suddenly widened out to a hundred feet or more.

Remember we are in the very heart of the largest mineral belt of the United States; We Are Installing One of the Best Equipped Plants of Machinery in Summit County which will push the tunnel to completion very rapidly .. .. .

Opened last night six to eight inches in upraise in vein two. Way ahead of anything before--Gold and large quantity of copper. Old miners excited. Vein four showing minerals all over breast. Congratulations.

F. C. DINSMORE, President

Old miners are becoming excited over the recent strikes which is something unusual for them to do .. .. . We have opened six veins of ore and as rapidly as possible we will block it out preparatory to the installation of a mill to treat it .. .. .

We have the ore; we have a tunnel proposition; we have transportation facilities; we have splendid management, and people are joining us daily by investing their funds in this great enterprise which is destined to be one of the foremost mines of the country .. .. .

### CLUBS AND SOCIETY.

About a dozen of the recognized chess players of the city made up a surprise party on H. S. Welch, Thursday evening. It was in honor of Mr. Welch's birthday. Six boards were kept in operation for a series of games, those participating being Messrs. Jas. Britton, Feather, McVicker, Eells, C. H. Fisher, Art Norton, Ralph Crockett, Ed. Bartlett, H. Ringland, T. L. Senter, together with Mr. Welch and his father who is a guest at the home. The contest was keen and interesting and was topped off with a plentiful lot of refreshments consisting of coffee, sandwiches, cake and ice cream. Mr. Britton as spokesman for the crowd presented Mr. Welch with a copy of the book entitled, "Saul of Tarsus" saying, that upon no less an authority than Feather, that "Saul" was a great chess player in his day, and the account of his interesting life would appeal to any devotee of the game.

The Easter Supper given Saturday evening, brot to the funds of the Ladies Aid Society of the Methodist church, about \$61, clear of expenses. The proceeds are to be used in finishing the basement of the church.

The Minerva club postponed their meeting until next week, when it will meet with Mrs. Guy Wilbur.

Messrs. John T. Bressler, H. F. Wilson and A. R. Davis, were passengers to Omaha yesterday. A district meeting of the Presbyterian

Missionary Society opened at Pender, yesterday. The delegates from the local church society are; Mesdames Tunston, Leisenring and Buchanan, while the Christian Endeavor society is represented by the Misses Kate Gamble and Edna Neely.

The rest room is to be a sure thing, thanks to the Ladies Auxillary to the Farmer's Institute. Their opening will be Saturday afternoon, and it is their intention to keep the room open at all hours during each day. It is to be hoped that a good patronage will favor this effort, for it means a great deal to the out of town people, who do their trading in our city. Now that the ladies have it started why not display our philanthropy and give it a boost also.

The U D's met with Mrs. Harry Jones, Monday afternoon. The program consisted of a nicely prepared paper on "Pottery," by Mrs. J. G. Miller. Which was made impressive by the display of the different kinds of Pottery.

The Bible Circle met this week at the Methodist Parsonage.

The Missionary Society of the Methodist church, meet with Mrs. McKay, this afternoon.

The supper given by the Rebecca order, Monday evening, added \$22 to their treasury fund.

The Fortnightly Club meets next week with Mrs. Chas. Culler.

Mrs. Blair was hostess to the Acme Club, Tuesday afternoon. The program was made very interesting by the following numbers:  
Roll Call- "Quotations from Pres. Roosevelt.

Book Review- "Scarlet Letter"  
Mrs. Blair  
Book Review- "Up for Slavery"  
Mrs. Walter Weber  
Reading- "Whittier as a Man G. Poet"  
Mrs. J. M. Pile

Mrs. Jacobs will be hostess for the next meeting.

The ladies of the Catholic church are very jubilant over their supper, Tuesday evening. In addition to it being the greatest supper ever given here, it was a financial victory. The net proceeds being \$100. Over 35 aprons were sold.

The Monday Club spent a pleasant afternoon at the home of Mrs. E. Cunningham, Monday. The study period was given to the reading of Tennyson's "In Memoriam." The next meeting will be with Mrs. Wightman.

The ladies of the Presbyterian church, realized quite a success from their efforts, to raise the parsonage fund, at the Experience Meeting, Thursday evening. While not favored by as large an attendance as deserved; it raised the parsonage

fund, to the \$425 mark, which is within \$175 of the sum pledged by the ladies toward paying for the parsonage. The dollar fund brought in \$45, and the door receipts were \$7.10. The entertainment was greatly appreciated, and displayed some of Wayne's excellent talent. Some very laughable experiences were told in rhyme, and pantomime, of various hardships, which fell to those who earned their dollar. The Poem which was written by Mrs. Henry Ley, showed, much poetical genius, as well as humor. It was very nicely set to music and rendered by Mrs. Moler. The mandolin club received their first laurels, on this occasion and aroused great expectations for its future appearances. The solos by Mrs. Morris, Miss Gamble and Miss Weber were excellent, and received the just appreciation of all. The program was brot to a pleasing climax by the rendition of "Mrs. Potter's Production," which was well acted and produced much merriment.

Following is the song which was sang by Mrs. Mohler:

**"The Almighty Dollar"**  
1 We had to make a little money,  
What in the world could we do?  
Hard labor is not so very funny,  
One gets so discouraged and blue.  
CHORUS  
They always holler for the almighty dollar  
The world o'er and o'er tis the cry,  
Oh give us the dollar, the almighty dollar  
Until we have an abundant supply.  
2 Our friend, Mrs. Kohi,  
Has such perfect control  
Of all the accomplishments going;  
She bakes lovely cake.

Nice bread she can make  
And also hemstitching and sewing.  
CHORUS

3 We thought it so nice,  
Our friend, Mrs. Shulthies,  
Promised a dollar to make,  
The thought came into her head  
She'd bake us bread  
And lovely rolls she would take.  
CHORUS

4 Mrs. Vincent, always a kind friend,  
And punctual the church to attend,  
For money thought she would mend  
It made so many stitches to take,  
Decided that she'd rather bake  
Pie, bread, doughnuts and cake.  
CHORUS

5 Our friend, Mrs. Bush, who lives on  
the hill,  
Thought she'd give them a glorious  
fill;  
She made her husband a chicken pie,  
And now they say that he will die;  
She gave him a shave and a shampoo,  
And he gave her a dime to polish his  
shoe.  
CHORUS

6 We've heard many people say,  
Our dear friend, Mrs. Ley,  
Has given them many a dollar;  
For them, she has painted a dish,  
And we've heard her make the wish,  
That the Presbyterians would quit  
their holler.

**Tone Up With Good Paint**

It is good business to keep property "toned up."  
A coat of Pure White Lead Paint not only makes things look better and gives them a higher selling value, but it makes things wear better and gives them a higher value for long wear.

**Red Seal Pure White Lead**  
gives an opaque, durable coat that protects and preserves from the ravages of time and weather.  
Prospective buyers of Pure White Lead have heretofore been subject to much attempted fraud in adulteration and substitution. You are now protected by the Dutch Boy trade mark which is found on the side of kegs containing only Pure White Lead, made by the Old Dutch Process.

Look for the boy.
