### AMERICA'S MAJESTIC SEA LINE

#### Wonderful Array of Battle-Ships on Hampton Roads.

Jamestown, Va., Apr. 28, 1907: Never yet has Norfolk—the old port of naval rendezvous witnessed so imposing an assemblage of war craft as now lies in the harbor between Old Point Comfort and the Exposition Grounds. Though but the advance guard of the great gathering of fleets that will be here during the Exposition, the fleet is impressive, not only for its numbers and power, but by reason of the fact that it is wholly American. Sixteen first class battle-ships strung along a line extending three miles, with a number of secondary craft make up this stupendous array of the nation's ocean power, presenting a spectacle to stir the soul of patriotism. Other ships are daily lengthening this majestic line, and never before have Americans been privileged to witness the power of the nation in such compact concourse. This fleet constitutes the greatest assemblage of American war ships ever held. It is the great new navy on parade; the new navy with which the nation has assumed the second place among the naval powers of the earth. The fleet is manned with over five hundred officers and thirteen thousand men. Twenty abreast this splendid host of American seamen on the march would take two hours to pass a given point.

The passage through this formidable line on one of the many ferry boats that ply on Norfolk harbor will arouse the amazed interest of the dullest, and one feels that the nation can never go wrong while such ships and such men stand sentinels at its sea gates. There is already a grand exposition on the waters of Hampton Roads, worth alone a trip across the continent to witness.

### THE DISTRICT COURT

#### The County Gets First Blood in the Fair Grounds Cases.

Judge Graves presided at an adjourned term of court on Thursday and Friday. Mrs. Hamilton was decreed a divorce from her husband Jas. Hamilton on the grounds of drunkenness, and the case of Hurlbert vs. Anderson was dismissed.

The most important matter up for hearing was the Fair Grounds cases and in these the county gained a decided advantage as a starter. Judge Graves rendered a decision which ousts the Old Wayne County Agricultural Society from its franchise, and trustees were appointed in the persons of D. C. Main, John T. Bressler and Gilbert French, who are to take charge of the assets, pay off the liabilities and wind up the affairs and bring to an end the existence of the society. The real estate remains in question as yet, but the county has petitioned to have title to same quieted in its name. To this petition the stockholders of the old society have demurred. The Arguments of law as to the matter of this title were listened to by the court and are now under consideration. The argument consumed considerable time and was participated in by six lawyers. Ex-penator Allen and James Britton representing the stockholders of the Society, County Atty. Wilbur and Judge Evans on behalf of the county while the interest of Frank Strahan and the Wayne Speed Ass'n. was protected by A. R. Davis and Judge Evans. The final outcome of the affair will be watched with interest. The whole matter will be heard and disposed of by Judge Graves.

#### County Collective Exhibits.

At the coming State Fair, the first week in September, there will be a new classification for County Collective Exhibits. The state has been divided into three districts, the Eastern being the counties lying east of the west line of Knox, Madison, Pierce, Colfax, Butler, Seward, Saline and Jefferson counties. The

Central being the counties lying west of said line and east of west line of Boyd, Holt, Garfield, Custer, Dawson, Frontier and Red Willow counties and the Western being all the counties lying west of the said lines.

Twenty-five Hundred Dollars is set apart for premiums. All Exhibits to participate in the premium money must score sixty per cent of the highest score in their particular district, by Ream Score Card. All exhibits scoring above sixty per cent. will participate equally in \$1410.00 (being 60 per cent of \$2350.00), and in \$940.00 pro rata, according to the number of points above the minimum.

In addition to above, \$50.00 will be awarded to each exhibit scoring the highest in its district. Lancaster county is allowed to exhibit under a handicap of 100 points. William James of Dorchester is Superintendent of this department.

#### Spraying Demonstrations in Nebraska Apple Orchard.

The Nebraska Agriculture Experiment Station has just issued Bulletin No. 98, entitled "Spraying Demonstrations in Nebraska Apple Orchards." The bulletin gives the results secured from the spraying demonstrations carried on last year in six counties of southeastern Nebraska by the Nebraska Experiment Station and the U. S. Department of Agriculture. The cost of spraying and the value of sprayed and unsprayed fruit are reported in detail. The bulletin may be had free of cost by residents of Nebraska. Those who desire it should address the Agricultural Experiment Station, Lincoln, Neb.

The bulletin gives the following recommendations for this year's spraying based on the results secured last year:

1. Spray with Bordeaux mixture after the cluster buds open, but before the individual flower buds open.
2. Spray with Bordeaux and some poison, such as arsenate of lead, Paris green, etc., as soon as possible after the blossoms fall, and at any rate before the calyx lobes of the apple close.
3. Spray with Bordeaux and poison three or four weeks after the flowers fall.
4. Spray with arsenate of lead about July 20th.
5. Spray with arsenate of lead about August 10th.

Use Paris green at the rate of one-fourth to one-third pound per barrel of Bordeaux.

Use arsenate of lead at the rate of two pounds per barrel of Bordeaux or water.

Make Bordeaux as follows:  
Bluestone..... 4 pounds  
Quicklime..... 6 pounds  
Water..... 50 gallons  
Slake the lime, dissolve the bluestone, dilute each with half the required quantity of water, and mix thoroughly.

Use good nozzles and maintain a high pressure as uniformly as possible in order to distribute the liquid in a mist-like spray. Take care to reach all parts of the trees and to avoid drenching any part. Careless spraying should not be tolerated.

R. A. EMERSON,  
Nebraska Experiment Station.

### WEDDED IN OHIO

Miss Margaret Isaacs, a Former Wayne County Girl Married April 24.

Cards came to our hands this week announcing the marriage of Miss Margaret Isaacs and Mr. Thomas Reese, at Columbus, Ohio, April 24, 1907. The young lady will be remembered as the accomplished daughter of Mr. Daniel Isaacs, of the Welsh Settlement near Carroll, where she resided with her father until a few months ago when they moved to Ohio. The news of her marriage is received by a host of friends who extend their best wishes for her happiness. Mr. and Mrs. Reese will make their home at Monessen, Penn.

### COUNTY TEACHERS MEET

#### Have a Good Attendance and an Interesting and Profitable Program.

On Saturday, the last meeting for the school year, of the Wayne County Teachers' Association was held in Wayne, at the High School building.

With Miss Carroll presiding, the meeting was opened by a paper on the thirteenth chapter of Putman's Psychology, which was read by Miss Hazel Perrin, followed by a review of chapter fourteen by A. R. Richardson and of chapter fifteen by Miss Mabel Templeton. Each paper showing much thought and hard study on the part of the writer. After the reading of each paper followed a general discussion sometimes arousing quite lively debates, but when the discussion closed, apparently each participant had gained his point or obtained the information for which they were seeking.

This was followed by Supt. A. E. Littell's explanation of "The New School Laws and Rules of Certification," during which time each one was free to ask any question of information bearing on the same. Thus closing the morning session.

The afternoon session was opened by Miss Pearl Sewell's paper on, "The Summing up of the Year's Work," which contained many suggestions which, no doubt, would be very helpful to many of the teachers if carried out.

This was followed by a splendid paper on, "School Grounds and the Preservation of School Property," which was read by Miss Carrie Palminter and opening up a lively discussion in which many points of interest to all teachers, and especially to country teachers, were discussed.

The association then had the pleasure of listening to a recitation which was rendered in a most pleasing and entertaining manner, by Miss Carroll. Prof. Pile followed with his address, "Some Evils and their Remedies," which proved to be one of those interesting and instructive talks, for which Prof. Pile is so well known.

There being no other business to come before the association, the meeting was adjourned. All the teachers agreeing that, although the last, it had been the best meeting of the year. B. R.

#### Hire a Lawyer Instead.

Last week the Walthill Times told of a couple of men of the town who started an argument they couldn't finish without fistic punctuation. So "each fellow punctuated the other for a little while, the crowd was properly amused, several bruises were accumulated and much blood smeared over the sidewalk, but the argument was not settled. Arguments are bad things anyway and when they wind up with a resort to violent physical culture they are a calamity, and a disgrace. If you have a grievance against a fellow either forgive him and let him depart in peace, or hire a lawyer and law him until he hasn't a kopeck left. Don't fight it out. You may not know as much about war as you think, and if the battle goes against you, then you never can get satisfaction. Beefsteak will bring back the color to the cheek that has been abused but it is no good for the lacerated emotions that surge thru a man who has just been licked, nor is anything else that we know of. And, anyway, dogs settle their differences by finding out which is the best man. Men ought to be up to a better system."

#### Notice to Cream Sellers.

Cream delivered on Saturday must be in before 12 o'clock m. When cream is held over Sunday it will be graded No. 2, and that means about three cents per pound less.

#### NEW ALFALFA DISEASE.

##### Bacterial Blight About Which Little Is Known.

Up to the present time the alfalfa plant in Colorado has been practically free from diseases. It is true that leaf spot is always present, and in damp situations a mildew often makes its appearance. The former disease causes a considerable amount of damage in the aggregate, but, after all, its presence is not usually considered. But recently a bacterial blight has appeared, and in some localities it has been quite destructive.

Complaints have come to the experiment station from one locality for the past three seasons of the dying out of alfalfa plants in the spring. The growers could scarcely believe that the trouble was due to winter injury, since it had not occurred before under similar conditions and since dead plants were found alike on high and on low land and on wet and on dry situations.

**Decaying Crowns.**  
The presence of numbers of small maggots in the decaying crowns was the most popular theory advanced to account for the dead plants. On visiting the fields early in the spring it was evident that winter injury could not have caused the damage and that the maggots were only present because of the decay and not as a cause of it.

In June of the present year we had the first opportunity of inspecting the fields during the growing season. The cause of the injury was now apparent, as the numerous blackened stems from which a thick juice was oozing plainly indicated a bacterial blight, and subsequent examination has shown this to be the probable cause of the trouble.

**Little Stems.**  
The first evidence of disease to be noticed by the casual observer is a short, weak and light colored growth of the first crop, and the stems, even over a large field, may not average over a foot in height at the time the first cutting is usually made. A close examination shows that a majority of these stems are discolored—in fact, nearly black—for a portion of their length, and drops of dried juice will be found on many of them. Such stems are also very brittle and easily broken. The disease apparently does not kill many plants the first year, but in time so many of the plants die that the fields are useless.

The disease, evidently runs its course for the season with the first crop, and those plants which have sufficient vigor make satisfactory growth for the second and third cuttings, and little or no trace of blight is seen during the remainder of the season. But the following spring a renewal of the outbreak may be expected.

**When the Plants Begin to Die.**  
The plants begin to die after the blight has been abundant for more than one season, as the decay appears in the crowns of the plants and may involve the tap root. The crown buds are thus destroyed or the nutrition may be so interfered with that the plants die.

Almost nothing is known of this blight as yet, consequently remedial measures cannot be discussed except that it seems to be advantageous to cut the first crop early and to delay the date of the first irrigation until after this time if possible.—Colorado Experiment Station.

#### SEED AND HARVEST.

##### The Fanning Mill Helps to Make Good Crops.

Every farmer wants to raise larger crops which will sell at higher prices, but not all are willing to get right down to studying the cause of the majority of poor crops, says a writer in Ohio Farmer. The drill cannot distinguish between good seed and the poor, between shrunken and cracked kernels which will not germinate or all kinds of foul matter and weed seed, such as cockle, wild pea, wild mustard, chess or cheat, etc. All this foul matter is sown right along, each bad seed and kernel taking the place of the pump, healthy kernels, each of which would grow from two to six heads of grain, thereby greatly increasing the yield, with exactly the same amount of time and labor expended. Again, a poor, shrunken seed cannot produce the same results when sown as the large, pump, healthy seed, because it cannot give the first blades the same nourishment. Therefore the heads seldom mature, or if they do the grain is sure to be of an inferior quality.

The farmer should have a good fanning mill, one which is guaranteed to clean and grade all kinds of seed and grain.

##### "Yellow Berry" in Wheat.

An investigation into the nature and causes of the appearance in hard winter wheat of yellow kernels, commonly known as "yellow berry," has been in progress for several years, and the results indicate in general that the number of yellow kernels increases with the ripeness of the grain and also with the length of time the grain in the sheaf is exposed to the weather.

##### Mulching.

Mulching material on strawberry beds, etc., is liable to be blown off by heavy winds. Boards and evergreen branches placed over it will prevent this. Coal ashes are often used to make a mulch for trees and small fruit plants of all kinds.

##### Timely Notions.

Get bean poles ready.  
Prepare for the spraying campaign.  
Take advantage of the nice days and trim up the small fruit bushes.  
Root grafting may be done now. Pack the grafts in sand or sawdust ready for spring planting.

Eye, Ear, Nose, Throat  
... SPECIALIST ...  
\*\*\*\*\*

During the past ten years Drs. Clark have been making regular visits to Wayne and the honest treatment extended to all patients has made for them hundreds of friends as well as instilled into the minds of the people of Wayne county a trusting confidence in the ability and integrity of Dr. Clark

**THE EYE** Is one of the most delicate organs of the body. Any disease or defect of the eyes has great influence upon the general health, due to the intimate association of the eyes with the central nervous system.

HEADACHES, NERVOUSNESS, CROSSED-EYED, STOMACH DISORDERS, can be relieved by putting the eye in perfect condition. SORE EYES, GRANULATED LIDS, GROWTHS on the eye balls, CATARACTS, FAILING VISION and in fact all eye diseases are treated in the most successful manner by Dr. Clark.

**THE EAR** Impaired hearing, headnoises, pain in the ear, discharges, etc. are indicative to grave ear diseases. Dr. Clark's method of treating ear diseases is modern and scientific.

**NOSE AND THROAT** Catarrh of the nose can be relieved by Dr. Clark. Long standing cases are invited to call and consult him. Growths in the nose and throat effect the hearing and long continued Throat difficulties often lead to an impairment of the respiratory tract.

**NOTICE** Dr. Clark takes no cases under his care unless relief can be obtained. He has hundreds of cases in and around Wayne. Ask your neighbors in regard to his work.

Ed. Sellers, of Wayne, was a passenger east Monday, on his way to Wapello, Iowa, where his mother had suffered a stroke of apoplexy.—Wisner Chronicle.

Missionary E. B. Young was up at Magnet over Sunday, where he organized a new Sunday school, making an even half dozen he has recently started out.

Drayman Lew Jones was down from Winside Friday to get the old printing press formerly used by the Democrat. It will do further service in the Tribune office at Winside.

The pioneers and old settlers of Cedar county held a meeting at Hartington last week and organized an Old Settlers Association. Its purpose is to hold an annual picnic, and the first one is set for Hartington, June 4, 1907.

Paul Pinion, who has been helper at the depot for some time has been promoted and we understand will be placed in full charge of the station at Thurston. Saturday he went to Hubbard to relieve the agent at that point for a few days.

Fred Pile, of the College, left the first of the week for Waterville, Me. He will be absent some six weeks and will spend the time on a tour with the Colby College ball team, in a series of games with various eastern college teams.

The Bressler Park is being greatly improved again this spring. Last week a hedge of arbor-vita was set out along the south line, and a lot of evergreens were put in along the drive-way to replace those that failed to grow last season.

Miss Belle Blakesley arrived from California Saturday to spend a time with friends. She was the guest of Miss Agnes Richardson. Miss Blakesley formerly resided here with her mother, but they have been living in California the past seven years.

O. K. Booth went to Carroll yesterday morning to remain at the home of his son-in-law, Walter Grant, while Mr. Grant accompanies his wife to the hospital at Sioux City where she will submit to an operation. Mrs. Grant visited her father, sister and brothers here recently, returning home only two weeks ago.—Laurel Advocate.

Chas. Robbins was an arrival in Wayne Thursday from Colorado Springs, Col., where he had left his wife the day before. Since residing at Boise, Idaho, Mrs. Robbins' health has greatly improved she having gained nearly twenty pounds in weight. For a change they sought the higher altitude of Colorado Springs, where she will remain as long as the conditions are agreeable. Charley is back to look after business interests and went to Wakefield for that purpose Friday. He is in love with Boise, Idaho, and aside from being a nice place to live, he thinks it affords golden opportunities for a young man.

**First Prize:** This Cabinet grand, Hobart M. Cable Piano, purchased of Fleetwood & Johnson, of Wayne, and now on exhibition in their store window. It is strictly high grade, sold by them for \$350, and carries a ten year guarantee.

**Second and Third Prizes:** To the value of \$75, will be announced shortly

**\$10.00 In Gold** to the lady contestant who receives the largest number of new subscribers to the Herald during the contest

**\$5.00 to every contestant who secures 50 new subscribers**

### Two Papers for the Price of One

The price of The Herald is \$1.00 per year. We have made special arrangements with the Nebraska Farmer, of Lincoln, and will combine the two papers and give our subscribers the benefit of getting the two papers at the \$1.00 per year rate. The regular price of the Nebraska Farmer is \$1.00 per year and would cost that if one were to send to that office for it. It is published every week and is the leading farm paper of the west.

### We Want Contestants

We want contestants from all parts of Wayne County. There is no fee or charge of any kind to become a contestant; all that is necessary is to send your name in to The Herald office and it will be entered on the list of contestants and we will then furnish you with full instructions how to proceed with the work. The contestants will be treated fair and square, and one will stand as good a chance to win as the other. This is a splendid chance for the young ladies to secure some valuable prizes for a little work. All that is necessary is to hustle around among your friends and neighbors and get them to subscribe or pay back subscription.

### How to Secure Votes

For each cent paid The Herald on NEW subscriptions—that is by some one not already a subscriber—eight votes will be allowed; \$1.00 will equal 800 votes.

For each cent paid The Herald to RENEW a subscription four votes will be allowed, \$1.00 paid will equal 400 votes.

### Voting Cards.

When the subscription money is received at The Herald office a voting card, filled out in ink will be issued. This card may then be cast in the ballot box for one of the contestants, or it may be taken away from the office and voted at any time before the close of the contest, or it may be taken away and burnt up, torn up or anything that the holder chooses to do with it. There will be no duplicate votes issued, and no votes will be counted or published in the paper until they shall have been deposited in the ballot box in our office. After votes have been placed in the box they cannot be changed or transferred in any way, and they will be counted and published in the paper every week. Ballots will be carefully kept, and no one except the party authorized to have charge of same will be permitted to open or handle the ballot box.

# How To Cook A Husband

A good many husbands are utterly spoiled by mismanagement. Some women go about it as though their husbands were balloons and blow them up. Others keep them constantly in hot water. Others let them freeze by indifference and carelessness. Some keep them in a stew by irritating ways and words. Others roast them. Some keep them in a pickle all their lives. It cannot be supposed that any husband will be tender and good if managed in this way, but they are really delicious when properly treated. In selecting your husband do not go to market for him, as the best are always brought to your door. It is far better to have none, unless you will patiently learn how to govern him. Tie him in the kettle by a strong silk cord called "comfort," as the one called "duty" is apt to be weak. They are apt to fall out of the kettle and to be burned and crusty on the edges, since, like crabs and lobsters, you have to cook them while alive. If he sputters and fusses, do not be anxious—some husbands do this until they are called done. Add a little sugar in the form of what confectioners call "kisses," but no vinegar or pepper on any account. A little spice improves them, but it must be used with judgment. Do not stick any sharp instruments into him to see if he is becoming tender. Stir him gently, watching the while lest he adhere to the kettle and so become useless. You cannot fail to know when he is done. If this treatment is closely followed you will find him all that is desirable; but do not be careless with him, and keep him in a cool place.

To keep him in good humor feed him on

### CLUBS AND SOCIETY.

The Fortnightly club meets next Tuesday with Mrs. Ed. Johnson.

The Shakespearians met Tuesday evening with Miss Wallace and Miss Manning. Their next meeting will be at the home of Miss Mary Mason.

A pleasant social afternoon was spent by the U. D's. at the home of Mrs. Harvey Ringland, Tuesday. A short musical program was rendered after which dainty refreshments were served by the hostess.

The Monday club met with Mrs. Heckert Monday afternoon. Roll call was answered by Current events, followed by a talk by Mrs. Cunningham on "Musical Masters."

A few of the young ladies of our city gave a dancing party in honor of their gentlemen friends last Friday evening. Good music and a good time are reported.

One of the Wayne attendants at the district club meeting held at Stanton last week, brings a high compliment for a local club member and one that reflects great credit on Wayne talent. It was the state president of the Federation of Women's clubs, Mrs. Keiffe, who said that in all her travels over the state, the best of all the papers she heard read at any club meeting was given by Mrs. Wightman, of Wayne, at a meeting of the Wayne clubs last winter, entitled "Art Out of Doors." Those who were privileged to hear Mrs. Wightman's paper at the time, are agreed, that as to rendition, language and painstaking research, it was a model of perfection.

The Federated Woman's clubs of the 3rd Congressional district held a very successful meeting at Stanton last week. Mrs. A. M. Neihardt, a former Wayne lady responded to the address of welcome. In its report of the session the Stanton Register says that the paper on "Education" by Mrs. J. M. Pile of Wayne, "was one of those excellent addresses that show how well rounded out is the life that receives and retains knowledge." Mrs. Nathan Chace was elected corresponding secretary.

Mrs. Bartlett was hostess to the Acme club Tuesday afternoon. The ladies were taken out in a carryall right after dinner. A musical and Kensington program, prepared by Mesdames, Orr, Pile, Williams, Wilson and Weber was given and Mrs. Williams, delegate to the Stanton meeting gave her report after which a two course tea was served. The members report a jolly time.

The A. G. Howard and the Willis Howard residences, including a quarter block of ground, were sold to Henry Hansen the past week. The property is located in the east part of town and we understand the consideration was \$2500. Mr. Hansen secured the property for renting purposes.

John Lewis arrived from Chicago Tuesday evening on a visit with his parents Mr. and Mrs. J. S. Lewis. He has been absent from home for about two years, spending part of the time as a student of Northwestern University, but for several months he has been working in one of the big mail order houses in Chicago. John will likely go to Goldfield, Nevada, where he has an uncle.

The Wayne Telephone Exchange is constructing two new lines at present. One of the lines runs directly south eight miles then west two miles and south one-half mile ending at the Wm. Wheeler home. This will accommodate twelve phones. The second line is being built along the section line south of town running east three miles to the Wm. Pond farm and providing connections for six families. This makes nineteen country lines that center in Wayne.

### A MURDER AT NORFOLK

Herman Boche, Under the Influence of Liquor, Kills F. Jarmer

Early yesterday morning, Herman Boche, a well known farmer near Norfolk, shot and killed Frank Jarmer, a Norfolk saloonkeeper in front of an ill famed resort. The tragedy occurred at 5 o'clock, while the men were heavy with drink, and as Jarmer was attempting to force Boche into a waiting cab. Both men had been friends for years and had had no previous quarrel. Liquor alone seems to have been the only cause for the crime, as Boche was recognized as being of a kind-hearted and sociable disposition but when drunk showed panicky traits. Eighteen years ago he killed a man but was acquitted on the grounds of self defense.

### Wayne School Notes

The Seniors have selected their Commencement cards.

The juniors held a class meeting last Friday afternoon.

The pupils of Miss Stockings' room have been busy making May boxes.

Miss Bueschman, teacher of the 4th and 5th grades went to Sioux City Saturday.

Chester Foster and Ethel Short of the 8th grade are absent on account of the mumps.

Miss Neta Foster and Ruth Carpenter are out of school on account of the mumps.

The pupils of the ward school have taken home about 450 packages of seeds for home gardens.

The pupils of the lower grades of the High school have taken home 670 packages of garden seeds for home gardens.

Frank Kloppling, who left school some time ago returned last Saturday, from the state University. He thinks college life is swell.

The pupils of Miss Cunningham's room have been painting scenes of Holland life including a Dutch windmill and pictures of Dutch children.

High school pupils can secure tickets to the Neihardt lecture by calling on Mrs. Jacobs before Friday noon. Tickets at the church will be 25c.

The pupils of Mrs. Phillips' room have earned another quarter holiday. This is the fifth holiday they have have received since the beginning of school.

The High School Literary society will give a program Friday. After the program last Friday election of officers was held. Frankford Northrop was elected president, Dora Lewis, vice-president and Helen Blair, secretary and treasurer.

State Senator Randall, of Newman Grove, was honored again last week by being elected president of the district bankers' association, that held a meeting at Norfolk last week. The meeting also passed resolutions commending him for good work on behalf of the country banker of the state. In referring to the matter the Humphrey Democrat says "that whether for the bankers or people of the state Mr. Randall made a fine record for himself as senator from the 11th district. He was a hard worker and when it came to a show down he was always on the right side. He carries in his pocket a list of the bills which he voted for or against and which he styles as his brief, and at all times he is able to show the "doubting Thomases" just where he stood on all questions."

If you want to know any thing about Sheridan and Dawes County land inquire at this office we have it. Prices to suit purchaser.

sort of a pull. The Lincoln News keeps in the midst of the fight and wants every man who believes in a square deal on its list.

At \$2 for a whole year there is not a family in the state that cannot afford a daily paper. The News has the reputation of printing the truth and printing it plainly, no matter where it hits. Its the liveliest, snappiest newspaper proposition in Nebraska and if you become a subscriber at this cheap rate, you will stay with it for a long time to come. Remember the bargain week—April 22 to 27. The price will be \$3 after that week.

### LOCAL NEWS.

W. B. Vail was an east bound passenger Tuesday.

A. C. Goltz, of Winside, had business in town Monday.

W. H. Buetow and daughters were Sioux City visitors Tuesday.

Mrs. L. N. Pondell, of Randolph, was an over Sunday guest at the home of her brother A. N. Matheny.

Mrs. A. N. Matheny returned last week from a six weeks visit with her son in Omaha, and relatives at Malvern, Ia.

Ben Elliott made a sale of his fast driving horse last week to an outside party for the sum of \$275. Mr. Elliott was at Wisner Monday and bought another horse for a single driver.

John Kate sold his flock of White Plymouth Rock chickens to Mrs. Walter Williams, living south of town. Mrs. Williams is recognized as one of the really successful chicken raisers in the county.

Miss Helen Pile returned Friday from a two months visit in the east. She spent some time at Jacksonville, Ill., where she attended college last year, also at Marion, Ind., and Hicksville, Ohio with relatives.

The county Sunday school convention for the west district is to be held at the west Welsh church, west of Carroll, May 12. Extensive preparations are being made and a lot of high grade music will be provided.

Every member of Casey Relief Corps No. 214 of Wayne and all who have been members of other Corps are earnestly requested to meet at the G. A. R. hall on Saturday evening May 4 at seven o'clock.

By order of Pres.

The burglar alarm at the Farmers State Bank at Laurel was accidentally set off by a paperhanger working in the building a week ago Monday. It continued its unearthly noise all thru the night and until one of the bank's officers returned from Norfolk where he had been attending a banker's convention.

Laurel claims she is about to build one of the finest school buildings in northeast Nebraska, and has contracted for its completion by December 1. The structure is to cost \$25,000.00 and to be built of pressed brick and sand stone trimmings. Good for Laurel. She's always enterprising.

Felber's new soda fountain arrived last week and is now in place. Its something new in fountains, and is called the New Innovation Sanitary Fountain. Unfortunately the magnificent French plate glass mirror was broken in shipment. While another to replace it will cost nearly \$200 the loss falls on the railroad company.

Three persons were baptized at the Methodist church Sunday night and two were received in to church membership, making seventy-three accessions to the church since last October. Dr. Horn announced that he had received at least one hundred persons into church fellowship each year during the first three years of every pastorate except one up to the time of his coming to Wayne.

Wausa Gazette: Mr. and Mrs. F. Seimers, of Wayne, Neb., visited relatives and friends at Wausa over Sunday. They returned home on the noon train Monday. Miss Vernerberg and Miss Buck, teachers at the Carroll Schools, visited with Miss Rose Rundquist over Sunday. Miss Agnes Leahy returned Monday noon to her home at Wayne after a weeks visit with her brother A. E. Leahy. Mr. Harry Anderson, who is attending college at the Nebraska Normal at Wayne, came up Friday evening for a visit with his folks. He returned to his studies on Tuesday of this week.

In accordance with the universally recognized fact that the amusement feature plays quite a major part in the general success of a fair, and that new and novel attractions should be provided for the patrons, the Managers of the State Fair have closed a contract with Charles J. Strobel, of Toledo, Ohio, who, since the retirement of Roy Knabenshue, is acknowledged to be the world's premier airship manipulator, for making daily flights at the Fair Grounds, Lincoln, Sept. 2nd to 6th. Mr. Strobel delighted thousands at the St. Louis and Portland Expositions, and at the Iowa State Fair last year and will come direct from an engagement at the Jamestown Exposition.

### "BARE FACED FALSEHOOD"

Editor Shoop, of Wakefield, Takes Issue and Quotes Authorities.

A party from Wakefield says there were just ten farmers' teams there in that burg all day last Saturday. Another says that a bunch of farmers living north of Wakefield took \$65,000 out of the Wakefield bank and put it in the Emerson banks. Wayne Democrat.

In regard to the number of farmers' teams in Wakefield on the Saturday in question, we have no record of it. But apparently there were as many farmers in town as usual and we suspect they brot their teams with them. As to the statement that "\$65,000 was withdrawn from the Wakefield bank and placed in the Emerson banks," it is a bare-faced falsehood. There isn't a word of truth in it. The writer interviewed the cashiers of both of our banks and here are their words. Mr. Kimball of the First National Bank, said: "Instead of our deposits being drawn out they have increased. Also you can quote me as saying that business has never been better with us than it has been the past year and we can prove it has been so with the town." R. H. Mathewson of the Farmers and Traders bank: "So far as our bank is concerned we haven't noticed any decrease in our deposits since election. But they are larger by \$40,000 than they were a year ago." These are the statements of men whose word can be relied upon and proves that the party, who the Democrat quotes, either had bats in his belfrey or was jugged up on Wayne "prosperity" and knew not whereof he spoke.—Wakefield R. publican.

### Peavey's Successors.

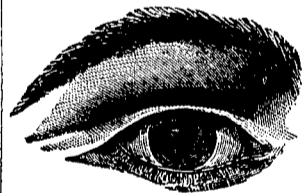

The several Bloomfield capitalists who recently purchased the Peavey line of elevators on the Northwest in Nebraska, have filed articles of incorporation with the Secretary of the State and will be known as the Saunders-Westrand Co. The company is capitalized at \$300,000.00 with \$150,000.00 paid up, and its members are all Bloomfield people, with Sherman Saunders as president and John Westrand secretary, the remaining incorporators being H. P. Paper, E. H. Mason and W. F. Westrand. The head office is to be located at Wakefield.

"Where ignorance is bliss," said the poet, "tis folly to be wise," which isn't so if a man's wearing mercerized cotton clothes in blissful ignorance of the fact that they're not all-wool.

Wisdom always pays, even at the cost of ignorant bliss; but in clothes it pays better to be wise beforehand than afterward.

If you buy mercerized cotton clothes you'll get wise sooner or later; they're never as good as they look, nor as good as they cost; they don't wear like all-wool; and they'll prove it to you themselves.

If you buy Hart Schaffner and Marx clothes, you're wise beforehand; they are all-wool, and you know it; you get what you pay for; and it's worth all you pay for it.

We sell Hart Schaffner & Marx clothes because it pays you to buy them as much as it pays us to sell them.

Troubles of the stomach, heart and kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness always. And the heart and kidneys as well have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. April has been an unusual month. The weather bureau reports twenty days in which the mercury was below freezing. Much of the small grain has been blighted and the fruit prospects are not very promising. No April showers and things are pretty dry. However, the conditions appear general.

An Oklahoma editor is the author of this information: "Some of you who never have a million dollars like us editor, do not know of course, of what the pile consists. We will put you on. When you have a million dollars in bills and pile them flat on top of each other and want to take off the top one, you have to reach up 286 feet. If you have them end to end you would go over eleven miles. If you have the amount in silver dollars the pile would be one and one-half miles high, and so on. We know because we tried it the other night, and the bed slat broke and woke us up."

Middletown, New York. He will continue at the head of the institution until the close of the present year and will then go east to take up his new duties. Mr. Wight has held the place for the last four years, and until last fall was pastor of the Hastings Presbyterian church for eight years.

Ralph Rundell has just received another car of salt in barrels and 100 pound sacks. When in town if it is not convenient to haul a barrel of salt then have a 100-pound sack placed in your buggy. The quality is the same and cost but a trifle more than in full barrels. A car load of rock salt will be due next week. Special prices in quantities.

One of the best ice cream manufacturing plants in Nebraska is run by Howard Whalen at Wayne, Neb. The cream is made by the very latest kind of machinery and is certainly an excellent article. At the opening of the Beard & Peters sanitary soda fountain Saturday, Mr. Whalen's cream was served and everyone present pronounced it delicious. They will handle Whalen's ice cream and their patrons will find it always up to the standard.—Stanton Register.

The case of Gamble vs. Norman Ferdig, an action in replevin came on for hearing in Judge Hunter's court Monday. The question arose as to the ownership of certain cattle that Mr. Ferdig claimed as his. It seems that the defendant as a tenant of Mr. Gamble had been raising cattle on shares from stock provided by his landlord. These he had mixed with stock of his own buying and thus a way was paved for a dispute. At the trial the plaintiff alone introduced evidence, while the defense rested the case, and the court acting on the light received rendered a decree in favor of plaintiff. Apparently it was the purpose of defendant to carry the difference into the district court. The attorney appeared for the plaintiff while F. A. Berry acted for the defense.

### The City Council Meeting.

The city council held last meeting of the fiscal year on Monday evening with all but one member present. The usual number of bills for current expenses were audited and allowed. A bill from the Clerk of the District Court, for costs in several cases in which the city, as a party, had lost, and also claims from the police court in which costs were incurred and no fines collected, were up for consideration but deferred for future action. The books of Police Judge Feather showed that some \$91 had been collected and turned into the school treasury the past year. City Atty. Berry advised that fines collected for violation of city ordinances should go into the city treasury and that the school treasury is only entitled to fines paid in violation of the state laws. The school district will be called upon to refund most of the money they have received from this source. The salary claims of each councilman was taken up and passed upon, when the board adjourned.

The new board will meet Monday evening, and organize, when Mayor Piepenstock will be succeeded by Mayor-elect H. Ley, and councilmen Roe, McVicker and Gaertner by their successors, Messrs Craven, Neely and C. A. Chace. The license question to be passed upon by Tuesday morning.

### Notice of Chattel Mortgage Sale.

Notice is hereby given that by virtue of a chattel mortgage dated on the 28th day of February, 1906, and duly filed in the office of the County Clerk of Wayne County, Nebraska, on the first day of March, 1906, at eight o'clock a. m., executed by Al Rooth to C. W. Worth, to secure the payment of the sum of \$567.50, upon which there is now due the sum of \$620.85, together with interest at 8 per cent from this date, and costs, default having been made in the payment of such sum and no suit or other proceedings at law having been instituted to recover said debt or any part thereof, therefore, I will sell the property therein described, to-wit:

Dated May 2nd, 1907. C. W. WORTH, Mortgagee.

FOR SALE—A very nice, 2-story new house. MANSTELLER & PETERSON.

### Hadn't the Capacity.

The baby of a Maryland family had been through a siege of chickenpox. The infant's sister, a girl of 10 years, being met by the minister's wife one day, that good woman naturally inquired as to how the baby was getting on.

"He's some better, thank you," said the little girl, a shy and noncommittal child.

"Very much better, I trust," said the minister's wife.

"Oh, he couldn't be much better," responded the child, "because, you see, he's too little."—Harper's.

### Two Birds with One Stone.

"Is Dr. J. Millington Thompson the throat specialist, in the audience?" asked one of the ushers, just after the curtain had gone down on the second act.

"Yes," answered a little man in the fourth row, rising to his feet.

"Your house is on fire," said the usher.

"I suppose I'll have to go and see about it," said Dr. Thompson, "but I have no uneasiness about the house. It's insured in the Quikky Fire and Tornado Indemnity company, the best in the country."

Stopping out into the aisle, he moved with serene and leisurely dignity toward the door, the observed of all observers.—Chicago Tribune.

### One Good Reason.

Two old friends on the street, locking arms, strolled slowly along, discussing various topics. Personal ones were touched upon at last, and, after exchanging family solicitudes for several moments, the judge asked the major:

"And dear old Mrs. —, your aunt. She must be rather feeble now."

"Buried her yesterday," said the major.

"Buried her? Dear me! dear me! Is the good old lady dead?"

"Yes; that's why we buried her."

New Opportunities to Acquire Home and Independence  
Cheaper than Paying Rent—Crops Large and Certain

On Tuesday, May 7 and 21 and June 4 and 18, 1907, I will personally conduct you to this LAND OF OPPORTUNITY, to the growing towns and fertile, irrigated valleys of the Big Horn Basin, Wyo., where you can enter 160 acres of irrigated land at \$50. an acre plus cost of water; also the Yellowstone Valley with its best sugar factory and irrigated lands. Do you want to go?

The Government is spending millions for irrigation in these localities.

These lands, adjacent to the Burlington Route, are as rich and productive as any the sun shines on, and lie along beautiful streams with an abundance of pure mountain water. Plenty of timber and coal. Climate, ideal.

Why pay rent when for same payments you can own your own home?

I am employed by the Burlington Route to show these lands and my services to you are free.

## Order of Hearing on Original Probate of Will.

The State of Nebraska, ss.  
Wayne County,

At a County Court, held at the County Court Room, in and for said County of Wayne, on the 29th day of April, 1907.

Present, E. Hunter, County Judge.

In the matter of the estate of William F. Biermann, deceased.

On reading and filing the petition of Gesche Biermann praying that the instrument filed on the 26th day of April, 1907, and purporting to be the last Will and Testament of said deceased, may be proved, approved, probated, allowed and recorded as the last Will and Testament of said William Biermann, deceased, and that the execution of said instrument may be committed and that the administration of said Estate may be granted to said Gesche Biermann as Executrix; ORDERED, That May 18th, A. D. 1907, at 10 o'clock a. m., is assigned for hearing said petition, when all persons interested in said matter may appear at a County Court to be held in and for said County, and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said County, for three successive weeks prior to said day of hearing.

E. HUNTER,  
County Judge.

## Guardian's Sale of Real Estate.

Notice is hereby given that in pursuance of license therefor, issued to me by A. A. Welch, Judge of the District Court of Wayne County, Nebraska, on the 18th day of April, 1907, for the sale of the following described real estate of Hermann Doose, a minor, to-wit:

An undivided one-eighth interest in and to the Southeast Quarter of Section Twenty-five (25), Township Twenty-six (26) Range Four (4) and the West Half of Section Thirty (30) Township Twenty-six (26) Range Five (5), all east of the Sixth Principal Meridian in Wayne County, Nebraska, I will sell at public vendue to the highest bidder for cash, at the door of the office of the Clerk of the District Court of said County, in the Court House in Wayne, in said County, on the 20th day of May, 1907, at 3 o'clock, P. M., the real estate above described, said sale to remain open one hour.

Dated this 23rd day of April, 1907.

HAMER F. WILSON,  
Guardian of Hermann Doose.

## Service by Publication

B. F. Smith will take notice that on the 11th day of March 1907, I, W. Alter a justice of the peace of Wayne county, Nebraska, issued an order of attachment for the sum of \$200 in an action pending before him, wherein N. N. Sackerson is plaintiff, and B. F. Smith defendant, that the property of the defendant consisting of

One Riding "Dandy" cultivator  
One Moline Riding Lister  
One Spring wagon  
One Honnet Seeder  
200 bu shell corn in bin and barn  
300 bu ear corn in the crib  
One stack of hay about 5 ton in the yard, about 5 tons in the barn  
One Sharples Cream Separator  
One farm wagon and box

has been attached under said order. Said cause was continued to the 10th day of May, 1907, at 10 o'clock. N. N. Sackerson, per his Atty, William W. Mathewson

The band boys are arranging for another concert. It will be given about May 10.

However cheaply acquired, the reputation of being "a good fellow" is a costly burden.

## Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little daughter Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by Raymond's Drug Store.

Absence of opposition is sometimes the greatest obstacle on the road to success.

"I suffered habitually from constipation. Doan's Regulatels relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Surplus Springs, Tex.

## COLLEGE NOTES.

Mr. and Miss Power spent Saturday evening and Sunday with College friends. They were in to attend the Teachers' meeting.

Fred Pile left for the east Friday for a month's vacation. He has remained close at work several years and will have a rest before summer term opens.

Henry Raubach came up from Decatur Saturday to see friends on the hill. He is enjoying his work as principal of the school and has been re-elected for another year.

Miss Widergren of last year's graduating class has been elected for the intermediate department of the Magnet school. She is remembered as the winner of the first prize last year.

A number of the county's teachers visited the hill Saturday while in Wayne to attend the teachers' association. Several engaged rooms for the summer term and will attend the entire term.

Rev. Horton of Butte was a recent caller and spent a few hours visiting the hill. His daughter has been here since the holidays and will continue this term. Both daughters will return in September.

Rev. Horn led devotional exercises Friday morning and gave the students the best chapel talk of the year. It was full of thought and inspiration for every student. Come often, your visits are enjoyed.

Miss Chase went to Pender Saturday when she addressed Thurston county's teachers' association. She enjoyed meeting the teachers of the county and reports an interesting meeting. She met several former students.

Miss Neihardt will attend the closing exercises of the Hoskins school the 24th and make an address. The same date, Prof. Sauntry will be at Waterbury. Miss Kingsbury will address Pilger's graduating class on the 21st.

About seventy students have entered Botany. All classes are reasonably well filled. Miss Kingsbury has six Latin classes including one each in Caesar, Cicero, Virgil. Miss Chase has two literature classes, two rhetoric and general history.

J. H. Wilson of the '02 Scientific class leaves the principalship of Bellwood for the superintendency at Arapahoe at a salary of \$1000. He is an excellent school man. He and his wife are both Normal graduates and will visit us this summer.

Prof. Sauntry was pleased upon the arrival at the first of the term of his sister and two brothers who will remain in school till August at least. Miss Sauntry is an experienced teacher and may continue next year in school. They are strong students.

Miss Person of Cuming county has returned this term to complete Life Certificate course. Miss Marsh of Pierce will complete the Teachers' course; Mr. Balsor of Knox will complete the Certificate course and Mr. Lockwood of Dixon completes the Scientific.

New students enrolled last week from Holt, Antelope, Boyd, Knox, Cedar, Dixon, Burt, Cuming, Stanton, Madison, Platte and Wayne counties. Several came in from South Dakota. The enrollment is large for a spring term. Several former students are back for remainder of the year.

The union meeting of the Christian associations on Sunday was held in the new chapel and was largely attended. The Sunday morning Bible classes are of good size. Miss Chase teaches the ladies' class and Mr. Lockwood teaches the men's class. Rev. Horn made the address Sunday.

The Commercial department is well filled again this term. Actual business, bookkeeping, commercial law, mental arithmetic and penmanship classes have good enrollment. It was found necessary to put the letter writing and parliamentary classes on Saturday morning to enable all who wanted the work to attend.

The faculty reception and social the first evening of the term was attended by all the students. Prof. Pile, Miss Kingsbury, Miss Neihardt, Miss Chase and Prof. Sauntry made short talks, Miss Carroll gave a recitation, Miss Stewart a piano solo. Then followed the reception after which the social took place in the gymnasium. The evening was made pleasant for strangers as well as for those acquainted.

## WHAT THE KIDNEYS DO Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 600 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Nellie May, of 308 Pennsylvania ave., Joplin, Mo., says: "I know from my own experience that Doan's Kidney Pills are a reliable kidney remedy. I was bothered for six or eight weeks with a constant dull heavy aching in the small of my back. I was tired all the time, lacked ambition and in the morning always felt worse. Having reason to believe that these symptoms were caused from the kidneys I got a box of Doan's Kidney Pills. They proved to be the very remedy I required, an under the treatment the backache, languor and other symptoms disappeared."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's—and take no other.

Many a man thinks he is speaking his own mind when he is, in reality only spreading the crazy quilt made up of pieces of his wife's mind.

## Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Raymond's Drug Store.

He who has only money, however great the sum, counts for little in this world and less in the world to come.

Soothes itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

When people do not meet our expectations, it is not always the fault of the people.

## Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh cure be sure you get the genuine. It is taken internally and made in Toledo, O. by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

## Little Pocket Physicians.

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now that Hyomei is so readily obtainable. If you have any doubt about its value, E. J. Raymond will let you have a complete outfit, with the understanding that unless it cures catarrh it will not cost you a cent.

The complete Hyomei outfit consists of the "Little Pocket Physician" and a bottle of Hyomei and costs only \$1.00.

## The wrong way

to select harness is the way it is usually done. Price is generally the first consideration. If that is very low the goods seem attractive, regardless of quality. Judge our goods the other way about. Examine into the quality of this harness first. Then it will be seen that it is worth almost any price. But our prices are not high. Value considered they are remarkably low.
