Beggar Prince Comic Opera Com-pany

Too much cannot be said in praise of this excellent company and the fact of Mgr. Britton having secured them speaks well for his desire to give his patrons the very best the road affords, and we hope the theatre goers of Wayne will show their appreciation of his efforts by giving him their hearty support. The company has already had fourteen very successful seasons, and now comes with a larger and stronger cast than heretofore. This is what we learn from authentic sources that the play and players are really meritorious and far superior to the average organizations of this kind, at the opera house next Wednesday evening May 15.

Obituary

Harold Arthur, infant son of Mr. and Mrs. Ned Lloyd, born Sunday Dec. 17, 1905, died Friday May 3, 1907. Little Harold was sick only three short days and not thought to be seriously ill until Friday, when almost without warning the little soul had gone to heaven. What makes it seem the more sad is that less than three months ago the family buried another little son.

Sunday, May 5 at the M. E. church Rev. Horn preached the funeral services and the little casket covered with flowers was borne to Greenwood Cemetery and laid to rest. The sympathy of all goes out to this family in their great bereavement.

Angels called thee, darling Harold,
Called thee to a better land,
Where eternal bloom the flowers
And the mountains are so grand.
Oh, our hearts are often bleeding
With the wounds that death has made,
And our eyes are dim with weeping
O'er the grave where thou wast laid.
But we'll meet thee, darling Harold,
When the work of life is done,
And from thee we'll ne'er be parted,
In that land beyond the sun.

Judge Hunter had occasion to refuse a marriage license to a couple that called on him Monday. They reported their homes at Mapleton, Ia. In questioning them the Judge discovered that the proposed bride had but recently been divorced from another man in this state, and so he warned her that she was liable to a charge for bigamy as six months had not elapsed since her separation from a former spouse, as is required under the statute. E. J. Raymond is now interested in the X-Ray Incubator Co., having closed a deal with Mr. Porter for his share in the business, Tuesday. It is intended, however, that Mr. Porter is to stay with the company. He is an expert stenographer and will remain in charge of the correspondence, which has assumed unusual proportions. It is apparently the purpose of the new firm of Messrs. Kate and Raymond, to make the most of the great opportunity that has opened for their incubator. More than 500 of the machines were sold and shipped the past season. Orders still keep coming, and not having the machines on hand to fill them, the money is returned. It is proposed to increase the output from five to ten times the coming season, and to do this new quarters will be secured for the factory. This industry promises much for Wayne, and all the necessary capital is at hand to boost it.

James Hiscox and wife were arrivals from Stuart, Neb., Friday, on a visit with their sons. Mr. Hiscox reported four inches of snow at Stuart when he left.

Ponca narrowly escaped a big fire last week. It was started in a tailor shop where gasoline was being used to clean clothes, when the fumes from the open dish were set by the fire in the stove. Everything in the shop was destroyed before the fire was put out.

The M. Von Seggern residence, now building, on what was formerly the Gibson place in the northeast part of town, promises to be one of the most attractive homes in Wayne. It is located on a slightly prominence overlooking the city and the building itself will be large and commodious.

John G. Neihardt entertained a good sized audience at the Presbyterian church Friday evening with his lecture on "Keats." The great poet surely has an admirer in Mr. Neihardt, for his lecture was a tribute to his life and works. His character sketch was clothed in beautiful language and the production in this respect pleased and entertained everybody present. John's many Wayne friends are glad to note that he is winning substantial recognition as a short story writer. Many of his stories have appeared in the leading magazines of the country during the past year, and he finds a ready market with good pay for all he can furnish. Mr. Neihardt tells us that in company with his mother, he will spend the summer in the Black Hills.

Telephone girls have trouble enough with cranky people to drive them distracted, and the sober minded people at times think the operators are cranky. The other day a short old gentleman with short temper was having some trouble with his phone. He could hear nothing but a confused jumble of sounds and finally became so exasperated that he yelled into the transmitter: "Is there a fool at the end of this line?" "Not at this end!" was the clear and distinct answer.—Ex.

INTERESTING WASHINGTON NEWS.

Political Gossip with Notes of Other Doings at the Nation's Capital.

President Roosevelt has gained more laurels as the "Great Peacemaker." Only a short time ago he received the \$40,000 Nobel prize the award being made to him for his services in bringing together Russia and Japan and in ending a war that cost hundred of thousands of lives. This week he was given credit for having assisted materially in bringing about the treaty of peace between Nicaragua and Salvador. The following cablegram, addressed to the President of the United States, was received from President Zelaya of Nicaragua, in which the latter says:

"Peace signed day before yesterday, Amapala. I thank your excellency for your great work toward achieving that great result."

The thanks are none the less sincere even if President Zelaya knows full well that had peace negotiations not been begun, both Nicaragua and Salvador stood an excellent chance of being spanked by their Uncle Sam.

Uncle Sam soon will be without a single specimen of the buffalo that once roamed the plains of his western domain. The call of the wild sounded this week for seven bison that for three years have been quartered in the National Zoological Park through the courtesy of Col. Cody, "Buffalo Bill." The animals were needed for the wild west show of their owner and have departed on a professional tour. The remaining five buffalos of the herd of twelve which Col. Cody loaned to the Zoo, also will soon be recalled. This will depopulate the Zoo of the buffalo, which each year is becoming more and more difficult to obtain, and it is feared soon will be extinct. There are no only a few hundred of the animals in the United States, and most of these are in public and private reservations.

Life is too short for any person to waste time trying to raise chickens without chick feed. You will waste time and money if you buy chick feed that is not the right kind. Some merchants sell chick feed because they can buy it cheap and make a good profit, but such feed will not prove satisfactory to anyone raising chickens. We sell chick feed that we have tested for years and we know it will raise a larger percentage of chickens than any other kind. It costs you no more than other kinds. Why not have the best?

Dan Maher, now owner of the Carroll Telephone Exchange, spent last week visiting several important telephone exchanges over the state, investigating conditions and methods in management. It is his purpose to bring the Carroll system up to a high standing of efficiency, and to guide him in his efforts he sought pointers from other and more experienced telephone men. Last week a meeting of interested patrons of the Carroll exchange and country lines was held for the purpose of co-operating with Mr. Maher, in his efforts to improve the local service. Entirely new phones will likely be provided town patrons, while the country lines will be given connections on a far better basis than heretofore. It was also thought best to have an experienced lineman on duty at all times.

As we contended last fall this end of the county is entitled to a county commissioner. In casting about, wondering who would make a good one be elected, we can think of no better than Aug. Ziemer. Mr. Ziemer is a good, substantial farmer, of excellent business judgment, residing east of town and if he could be induced to accept would make a model commissioner. He is a man whose honesty and integrity is beyond questioning; whose ideas are generally accepted as the best; whose management of his own affairs has proven him qualified to be entrusted with the county's business. Let's get busy and try and induce him to make the race on some ticket.

SALOON LICENSES HELD UP.

Remonstrances Filed Against the Applicants and a Lively Trial Ensues.

Wayne is in the midst of contention this week. The applications of Herman Mildner, Peter Thompson and A. N. Stodden, for a saloon license are in abeyance. When the new city council met to consider the applications on Tuesday morning remonstrances were on file. The principals in the protest appear in the names of C. A. Munson, Dave Cunningham, O. A. King and A. P. Gossard, and are represented by Atty. Elmer E. Thomas, of Omaha.

The grounds for remonstrance are about the same in each case and from the reading of the one against Mildner's application had at the council meeting Tuesday morning, they are in substance as follows: That the sale of liquors to minors in violation of law had been made at various times and a particular instance is alleged in the person of Leonard Gossard, a minor, who had bot intoxicating liquors at the Mildner saloon on or about April 22, 1907, and upon which he had become drunk. That screens and obstructions had been maintained before the doors and windows in their place of business. That liquor had been sold to certain habitual drunkards, and that the liquor had been adulterated and mixed with such elements as strychnine, sugar of lead, etc. Also that applicant was not the real party in interest, but was made in the interest of certain breweries and that the signers to application were not all freeholders. The remonstrance then winds up with a general denial of all allegations in applicant's petition.

By agreement the hearing was set for ten o'clock Wednesday morning at the county court room. When Mayor Ley called the matter up the next day at the hour set, the court room was crowded with spectators, nearly one-half the number being women. The Mayor and Council with City Atty. Berry, occupied the jury box, while Sheriff Mears sat on the judge's bench as a warning for order. The case of the applicant Mildner came first in order, with A. R. Davis of Wayne and M. D. Tyler, of Norfolk as attorneys, while Atty. Thomas appeared for the remonstrators. The first witnesses called were G. A. White and Geo. Denkinger, who as signers for the applicant testified that they were owners of real estate in the first ward and resided therein. Claus Kay admitted a similar ownership and residence, and also that he patronized Mildner's place of business and even drank there about every day. At this point a little tilt took place between the lawyers. Atty. Thomas contending that the applicant was that of Mr. Kay and 30 others and not Herman Mildner alone. To gain his point he was over ruled in his efforts to make Mr. Kay out an habitual drunkard. Wm. Piepenstock had signed the petition, but his name had been crossed out, and he testified it had been done without his consent. City Clerk Witter was then called and admitted he had crossed out Mr. Piepenstock's name without being authorized by the latter, and upon his own responsibility.

Phil Kohl, took the stand and vouched for the respectable character and standing of applicant upon general principles and that he had no knowledge that Mr. Mildner had violated the law in any way. Judge E. Hunter, likewise testified that Mr. Mildner was a good citizen and had a respectable standing. The Judge held to his idea as to what was proper cross examination and this precipitated another tilt between Counsel, and in the argument on the rulings of the Mayor, Atty. Thomas scored a point, at least in the minds of the audience, judging from the round of applause he received.

Atty. Thomas, then called A. J. Ecklund to the stand, who stated that he had recently returned from the Lincoln asylum where he had been confined for treatment as an inebriate, and that he had been sent from Wayne which had been his residence for four years. That during

the past year he had bot beer and whiskey in Herman Mildner's and the other saloons from the use of which he was made drunk most of the time and unfit for his business as a sewing machine salesman.

Henry Stumpf, also testified that he had bot what he supposed was whiskey and beer at various times from the three saloons including the Mildner saloon, but he was not really sure that it always made him drunk when he used it. Leonard Gossard stated that he was 19 years old, and had bot whiskey at Mildner's saloon on April 22, 1907 and that he had also secured liquor there and at the other saloons at various times before. It was evident in the cross examination that young Gossard had been doing detective stunts lately at the suggestion of his father.

John Wright gave his age as 15 years, said that sometime in November 1906, he was in Mildner's saloon in company with Ellwood Williams, Henry Bush and Jay Jones and that they shared two bottles of beer.

Henry Bush stated his age as 21, in October 1906, was in Mildner's saloon last November in company with Ellwood Williams and John Wright and saw Ellwood Williams buy beer and drink it.

Roscoe Logan, gave his age as 20 years on Sept. 20, '06, had been in saloon several times, had ordered beer which was delivered him and he drank it. His age was never asked.

A. P. Gossard testified that he was the father of Leonard Gossard, whose age was 19, on April 23, '07; that the boy came home drunk on April 22, '07, and was hardly able to talk. When he found where he had got liquor, he sent him down town with money to buy liquor at any of the saloons, which he did, the father accompanying him part of the way. That he filed remonstrance to do away with the selling of liquor to his boy.

Atty. Thomas then went thru the form of having the application and other papers filed, identified as evidence and made part of the record. In his efforts to have the title to the saloon premises shown he was met by objections that were sustained at most every step. Clerk of the District Court, Feather was called in with the official record of dipsomania, but about the only case that went into the record of evidence was that of A. J. Ecklund. The rest was barred by objections. It seemed a futile attempt on the part of Atty. Thomas to show that the Storz Brewing Co., was the real party in interest and not Mildner. Cashier Ley of the State Bank could see no such relations from the transactions that had passed thru that institution. At this point Thomas protested and insisted that the Mayor and Council rule on the evidence, instead of the Mayor alone. By a unanimous vote the Council authorized the Mayor to make all rulings with the advice of the city attorney.

One or two other witnesses were examined before court adjourned. Up to the hour of going to press today the Mildner hearing is still on.

Sheriff Mears in company with Sheriff Clements of Madison county were scouring the vicinity of Wakefield Tuesday for Boche the Norfolk murderer. While no trace of him was found it is that he might be in hiding in that locality somewhere. Mrs. Boche went thru on the evening train enroute from Wakefield to her home at Norfolk. She had visited at the home of a relative near Wakefield during the day. LATER. According to the Norfolk News of yesterday Boche was taken in custody and a prisoner in the county jail at Madison. Just a week after the murder of Jarmer he arranged with a Norfolk constable to surrender himself at a point between Norfolk and Warnerville. Constable Conley is entitled to the reward of \$300.00 offered for the capture of Boche.

Yesterday afternoon the Canadian Jubilee Singers, who are descendants of slaves, performed a service of song at the Egyptian Hall, Mansion house. In the absence of the Lord Mayor, Sir Richard Temple presided, and there was a large attendance. Daily Chronicle, London. Opera house May 21.

Our Order Was Filled

A few days ago we sent in an order for a change of weather, and we got the change. We realized that it was getting late for corn planting and that a change in the weather was needed, and in the next few days all the men and boys will find it so warm they will realize a change in underwear will be necessary. A great many of you will find that you will have to buy new underwear this spring. Then the question will arise, Where will I buy my underwear this spring? If you will just step into our store we will demonstrate to your entire satisfaction that this is the store to get your summer underwear. This season we can show you the best 50c underwear you ever seen at that price. It is a very fine gauze balbriggan; shirts are silk topped and have pearl buttons. Drawers have extra good selisha top facing, are made with double seat, and patent non-rip overlock seams. It is true, you can go in any general store and buy underwear at 50c per garment, but most stores try to see how much profit they can make on the 50c garments, but we pay from 50c to \$1.00 per doz more for our 50c underwear than is usually sold for 50c, thereby giving you the best underwear, 50c a garment, you will find anywhere. We also have the imported French balbriggan at \$1.00 a garment, and we can show you a mighty good balbriggan underwear at 25c a garment. We also have a complete line of Union suits from \$1.00 to \$3.00 a suit. For the real hot weather we have the pure white genuine Nainsook underwear. Shirts made coat style without sleeves and loose fitting drawers made knee length; loose fitting, reinforced seat. We have a complete line of boy's underwear in the two-piece and union suits, knee length and ankle length. It is shedding time, but before you buy your underwear this spring, do not fail to come here and look over the immense stock we have prepared for your inspection. We guarantee to give you better underwear for the price than you will find in any other store in Wayne.

I take great pleasure in thus testifying my sense of the great ability of the Canadian Jubilee Singers, and in warmly commending them to all who know me. —Rev. Joseph Parker, D. D., City Temple, London. Opera house May 21.

What a howl would go up, remarked an experienced editor, if newspapers were to criticise the individuals as freely as many people criticise the newspaper. Every issue of a live reputable newspaper is a mantle of charity, and the matter left out—truth not gossip—would often more than equal in volume that published. If an editor would get out a cold fact edition of his paper some day, and then get up in the tree and watch the result—wow! What a picture it would be!

"On Saturday evening last the opera house was filled to its utmost capacity, even the aisles being crowded with people who were unable to secure seats. On this occasion the Canadian Jubilee Singers and Imperial Orchestra occupied the boards, and we are safe in saying that there was not one in the entire audience but was pleased with the entertainment. Every number on the program was encored and was responded to very nicely. The entire company is composed of artists and the entertainment was the best yet." —Yale (Mich.) Exposition. At Wayne opera house May 21.

A fact which is not generally known is that county assessors are to be elected this fall in every county in the state. When the biennial election laws were enacted two years ago, among other terms of county officers extended was that of county assessor, which was lengthened one year. This would make the selection of these officers occur in 1908. All of the biennial election laws, except this one, were knocked out by the supreme court, and this one was not tested. The recent legislature, however, enacted a law which requires the assessors to be elected this fall. This means that after the November election the State Board of Assessment will not only have to school ninety new assessors in the provisions of the law, but the secretary will also have to instruct the new assessors regarding the handling of property under the terms of the terminal tax law. This new law will have to be tested first by assessors who have had no experience in this line of work, as the county assessor is not eligible for reelection. —Omaha Bee.

THE BUSY IMPLEMENT MAN

COLLEGE NOTES.

Prof. Buchanan delivers the graduating address at Orchard the 23d. Glen Peters is the principal of the school.

An eleven inning ball game Saturday afternoon between the Scientific and Teachers' classes furnished amusement for the hill. Scientifics won.

Mr. Lundak went to Verdigre Wednesday to serve as principal of the school for a month. Mr. Meyer has charge of the military drill during his absence.

On account of sickness of his father, Mr. Reber of the Scientific class was called to his home at Kimball, S. D., and cannot return this term.

The cold weather makes botanizing rather unpopular. Long tramps secure but few specimens. However, added laboratory work will fully occupy the time.

Twenty new students enrolled during the past week and several are expected Saturday and Monday. The enrollment is much larger than the ordinary spring enrollment and indicates larger attendance for the summer.

Prin. Powers, of Brunswick, went to his claim a week ago and Mr. Leinhardt of the Teachers' class is finishing his term for him. Mr. Leinhardt will return next term and remain next year for the work of the Scientific course.

Mr. Archie Rundquist who was a student here many terms is conducting a store at Royal. He is meeting with success and likes the business better than he did teaching. His brother, Clifford, is teaching and has best of success.

During the past week about 250 trees have been planted on the college and dormitory grounds. In a few years these will furnish plenty of shade. Two groups were planted near the new building and others near the new dormitory and power house.

The exercises of the Literary society were postponed from Friday till Saturday evening to give the students an opportunity to attend the lecture by Mr. Neihardt at the church. All who went speak in high terms of his talk and were pleased to meet him.

Rev. Smith of the Baptist church came up Friday morning and after conducting the chapel exercises, he made an earnest talk to the students. His talks are of that practical sort from which the young people can get so much that is helpful and encouraging.

Among the members of the graduating classes who received notices this week of their election to good positions in town schools are Miss Annie de Groot of Teachers' class at Emerson, Miss Byrd Wales of same class at Long Pine, Miss Emma Snyder of Scientific class at Ravenna.

Rev. Ringer came up Sunday afternoon to talk to the Y. M. C. A. Those in attendance speak highly of his talk. However, the attendance was not as good as usual. Mrs. Smith addressed the young ladies of the Y. W. C. A. at the Y. W. C. A. at the same time. A large number were out and enjoyed her talk very much. Such visits are very helpful to the students.

A full report of donations to the Alumni Library has been prepared for the next issue of the Echo. The officers of the association hope that all members will soon redeem their pledge by sending in a book.

The new students this week are Miss Denesia of Bancroft, Miss Gilbert and sister, Creighton; Miss Richards, Verdigr; Mr. Waddell, Meadow Grove; Mr. Radke, Hartington; Misses Brown, Sadie Thomas, Minnie Thomas, Meadow Grove; Agnes Richardson, Wayne; Miss Holmes, Hartington; Miss Hoskinson, Royal; Miss Harrsch, Ruth; Miss Pavelka, Verdigr; Miss Elwood, Creighton.

Mr. Roscoe Herrell who has spent more than a year with us went to Omaha Saturday to take a good position as stenographer and bookkeeper. He has completed the work of the shorthand and business courses. He is a splendid young man who always attends to his own business and we do not doubt his success. Several students are getting good positions in Omaha.

The one o'clock Saturday lecture was given by John G. Neihardt who took for his subject "A Larger Personality." He gave a splendid talk which has a personal application for each person who is striving for a real life. His talk proves him to be a close observer and a deep thinker. The school claims him as one of the boys and is proud of his success. As a student, he was a great worker.

During the month, the library will be moved to the old chapel room and the present library will be fitted up for a museum. Many valuable things are on hand to go into the museum. Geological, zoological, botanical specimens, Indian work and such will be properly arranged for inspection. We hope to have donations from our friends for this department. Anything suitable for a museum will be kindly received and labeled with the donor's name. Former students are sending in some good things.

DAZZLING ILLUMINATION

Not Even The Most Gorgeous Pyrotechnics Ever Undertaken Equalled The Vessel and Harbor Illumination on the Opening Night of the Jamestown Exposition.

Norfolk, Va.—There have been many fierce conflicts upon the waters of Hampton Roads, but the fire of belching cannon, and hissing, bursting shell—the deadly combat between the Monitor and the Merrimac in 1862, was nothing compared with the scene enacted on these historic waters on the night of April 26, 1907. The burning of Rome, the destruction of the cities of Pompeii and Herculaneum were no doubt grand, but they were also terrible. The scene upon Hampton Roads was grand beyond the power of pen to describe, while it was absolutely devoid of the terrible.

Placidly lying at anchor on Hampton Roads when the sun went down on the evening of the 26th of April, were American and foreign war vessels, in solid but friendly phalanx, covering a distance of not less than ten miles. As darkness settled over the face of the waters, a few lights flickered here and there, subdued by the silvery moonbeams that fell like a sheen upon the land and sea. The great array of death-dealing iron clad monsters were dimly outlined, until, at a given signal about 7:30, every ship blazed forth in lines of electric fire. It was so sudden and so grand that the silence of the thousands upon the waters and shores attested an admiration too deep to be expressed in word or sound.

There they lay, every outline of hull and bridge and deck and funnel and stack, lined in living fire. Nothing like it has ever been seen before, and, outside of the Jamestown Ter-Centennial Exposition, will probably never be seen again. With the ships in the harbor ablaze of glory, and the buildings ashore scarcely less gorgeous, the entire scene was one so grand, so uniquely splendid that those who saw it will never forget. It was a feature alone and unparalleled in the history of expositions, and in the history of the world.

The illumination of shore and harbor and vessels, by an element that the wildest scientific dreamer had not conceived when the event occurred that the Ter-Centennial Exposition celebrates, is one incident alone that demonstrates the giant strides that have been made since the pilgrims landed upon America's shores.

The searchlights of the various war vessels time and again shot out their piercing rays, turning into broad daylight the darkest nooks and corners along Hampton Roads, but gorgeous weird and wonderful as was the illumination on the night of the 26th, it is only the initiative of the greater and grander scenes that will follow when the government piers are finished, and the system of submerged harbor illumination is installed.

But, as it is, the illumination of the opening night so far eclipsed the most gorgeous pyrotechnic display ever attempted that there is positively no comparison.

A man living in Los Angeles, Cal., desired to move to Lincoln, Neb. On inquiring about freight rates he found he could ship his goods to Chicago cheaper than to Lincoln. He was advised to ship his goods to Lincoln via Chicago which he did, and saved \$27 by doing so. It would be interesting to know whether the railroads hauled that car to Chicago and back to Lincoln, 1,200 miles farther than necessary, for \$27 less than from Los Angeles to Lincoln direct. It requires special training and extraordinary ability to understand the operations of railroads successfully. That's why some people are opposed to government ownership. An old foggy like Uncle Sam would not have thought of hauling a car from Los Angeles to Chicago and back to Lincoln for \$27 less than from Los Angeles to Lincoln direct.—Sutton Register.

SECOND ANNUAL SMOKER

Wayne's Commercial Club Spends Social Evening. Superb Band Music

The second annual "Smoker" of the Wayne Commercial club was held at the Woodman Hall on Monday evening. It was a representative gathering of Wayne's enterprise in every line. The merchant, the mechanic and the professional man were present to mingle their thots with a social time and consider ways and means to promote to the common good. The attendance was large; the talks were spirited and interesting; the refreshments were the best ever and while all was permeated with the fragrance of a hundred Havanas, the band music proved the capseaf of a delightful evening.

The band is the creation of the Commercial Club and by it has been sustained the past year. As a concert band Wayne never before supported a better organization. Everybody praised their music Monday evening and Bandmaster Buroker is entitled to the big end of all the credit. Their several selections opened the evening when Chairman C. M. Craven announced Prof. Pile for a talk on the Commercial Club's record. It was surprising what a lot of good effective work has been accomplished in a quiet way by the club the past year, and the great benefit of the organization was revealed in the Professor's talk. He told of how the band had been promoted and how the people in turn appreciated the organization. The club arranged for and met the expenses of Memorial day and provided an excellent speaker, all to the gratitude of the Grand army. The big excursion to the Carroll street fair was also the creation of the club. But the effective work of the club was done during the legislative session in guarding our Normal school interests at Lincoln. This was done thru a representative committee of three. Numerous other instances were cited by Prof. Pile in which the Commercial club had been or could be effective. D. C. Main talked on improvements Wayne needs. A sewerage system, was one, especially along Main street. The erection of any kind of a public building is not to be thot of without it. A new high school building is also in demand. As a member of the school board Mr. Main gave many good thots on this subject. The school district has an assessed valuation of over \$400,000 and entirely out of debt, so as much as \$40,000 in bonds could be voted for a new school building. Whether we should centralize our school or continue the ward system were questions for our people to consider.

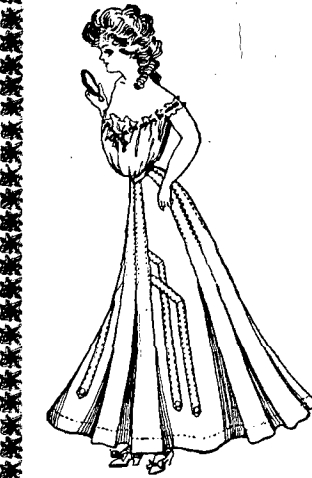

F. M. Northrop's address was thotful and deeply interesting. The question of transportation by rail in important to Wayne. Discrimination in freight charges builds up the cities to the detriment of towns. Small manufactories prefer the smaller towns, because help is more accessible. The towns need these minor industries as to keep the growing boys and girls out of idleness. But the towns and cities must be on an equal footing in transportation charges to make them possible. Another element to establish local industries is the perfection of the gas engine in which coal will provide a motive power as cheap as water.

J. H. Kate, was then permitted the floor and talked about his incubator factory. Mr. Kate's eloquence, logic and brilliant sallies captured the house and produced more laughter than we've heard in years. Mr. Kate is both loyal and enthusiastic and expounds the doctrine of advertising in all its glory. He wound his speech up by telling of a dream he dreamed. It was certainly rich for it took the crowd by storm.

The secretary of the club, A. R. Davis, then gave a nice talk on the band, and laid the matter of keeping up the organization before the house. Prof. Wilson concluded the list of speakers and gave an interesting review of the public school condition in Wayne with its prospects.

A male quartet, in the persons of Messrs Gamble, Ed. Johnson, Wilbur and Morris rendered several selections that were well received, when Whalen was given leave with his refreshments. Sandwiches, coffee and pickles were liberally distributed and followed with ice cream and a variety of cake.

A committee of thirteen were

Coming Attraction

Mr. Stanley Felch in the Comedy roles is an established favorite with the lovers of light opera and he is surrounded by a company comprising gentlemen who can sing and dance and ladies who are pretty, plump and proficient. The Beggar Prince Comedy Co., has had several years of success on the road and with protracted runs in the larger cities. This season the company is stronger in every way and comprises people who can both sing and act, all artists. Don't miss the best attraction of the season. One night only Wednesday May 15.

It takes a really big soul to be interested in an individual, says an exchange. Anybody can be interested in a multitude. One secret in president Roosevelt's power and real greatness was shown in an incident of his address at the dedicatory exercises of the new capitol of the state of Pennsylvania. The president had to speak during a hard downpour of rain, which fact did not make it any easier for him to single out individuals in the packed crowd of thousands that faced him. But the Press, of Philadelphia, graphically records this incident: "There was an old graybeard about ten rows back who wore on the lapel of his faded blue coat the little bronze button of the Grand Army of the Republic. The president had been speaking of the steadfastness of Pennsylvania at historical crises, and mentioned the time when the preservation of the Union was the issue. 'The time,' he suddenly exclaimed, parting from his written lines, 'when you, my friend down there with the button—you and your comrades saved the Union.' The veteran's face beamed with joy. Tears of pride stood in his gray eyes. He grabbed off his wide felt hat and raised it aloft." Because of his ability to be interested in one man, the president has tenfold his power, not only with the tens of thousands then present, but with his nation and the whole world. And the best thing about this one-man interest is that it is not confined to presidents; we can all practice it ourselves.

Miss Wallace's pupils have finished painting the sixth of the bird series, the Gold Finch.

Miss Helen Pile and Mrs. Harker were pleasant visitors at the High School Tuesday.

This is the sixth holiday they have had since the beginning of school, and the fifth successive one. In grave silence and with minds set upon doing their duty, the jury—seven of the Senior girls—took its seat. Bert Miller the defendant was charged with having broken into the school house and stolen Ben MeEachen's Latin translation. Judge L. A. Welch presided with Attorney Harry Bell prosecuting and Attorney Britton attorney for the defendant. Excellent witnesses were produced for either side, who testified to the best of their ability to "the truth the whole truth and nothing but the truth". After all the witnesses had testified the jury retired and soon returned with the verdict "Guilty". Judge Welch, since the crime was rather small sentenced him to two hours hard work after school.

I am employed by the Burlington Route to show these lands and my services to you are free. SPECIAL ROUNDED TRIP RATES from Omaha, Lincoln and Kansas City, 20c. St. Louis 25c. Chicago 35c. Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little daughter Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by Raymond's Drug Store.

BLOCKADED Every Household Should Know How to Resist It

The back aches because the kidneys are blocked.

Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

W. H. McKay, engineer at the Abernathy Mfg. Co., and living at 110 Dakota street, Leavenworth, Kan., says: "Though I doctored and tried all kinds of medicines I suffered severely from kidney trouble for all of a year, and nothing seemed to do me the least bit of good. The pain in my back was terrible and the sharp twinges would cramp me up at times so that I could hardly move. The kidney secretions were irregular and contained a great deal of sediment that looked like brick dust. One physician who had treated me said I had muscular rheumatism, but he did not help me. After giving up all hope of finding relief I happened to learn through a friend about Doan's Kidney Pills and got a box at E. C. Fritsche's drug store. I found benefit in the treatment and continued it until I had taken three boxes. I was entirely cured of kidney trouble and have had no sign or symptom of it since. If ever any medicine saved a man's life Doan's Kidney Pills saved mine. I have been well for nearly six years, and know several people who have used Doan's Kidney Pills on the strength of the testimonial I gave in 1899 recommending them. I have yet to hear of a case in which this remedy failed."

For sale by all dealers. Price, fifty cents. Foster-Milburn Co., Buffalo, N. Y., sole agents in the United States.

Remember the name—Doan's—and take no other.

Many a man misses success simply because he goes through the world hunting for it with a hair-trigger mouth and a flint-lock brain.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Roland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Raymond's Drug Store.

Trying to fly too high has brought many a man mighty low.

Soothes itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

Faith may be the lever that moves mountains, but work is the fulcrum.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh cure be sure you get the genuine. It is taken internally and made in Toledo, O. by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

An over-worked conscience is as useless as a balky mule for service.

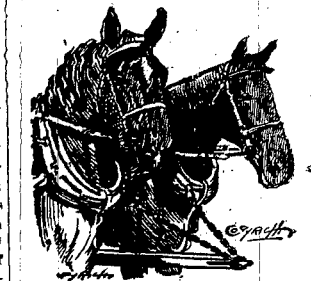

Little Pocket Physicians.

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having catarrh now that Hyomei is so readily obtainable. If you have any doubt about its value, E. J. Raymond will let you have a complete outfit, with the understanding that unless it cures catarrh it will not cost you a cent.

The complete Hyomei outfit consists of the "Little Pocket Physician" and a bottle of Hyomei and costs only \$1.00.

The wrong way

to select harness is the way it is usually done. Price is generally the first consideration. If that is very low the goods seem attractive, regardless of quality. Judge our goods the other way about. Examine into the quality of this harness first. Then it will be seen that it is worth almost any price. But our prices are not high. Value considered they are remarkably low.
