FORTY CARS OF STOCKS

Wayne and Nearby Towns Make a Big Shipment for One Day

During the past two weeks there has been considerable activity among stockmen of the county and the shipments have been unusually large. Last Saturday proved a banner day for shipments from Wayne and nearby towns, when forty cars of stock were sent from the points on this road west of Emerson. Wayne headed the list with twenty carloads of which Frank Griffith furnished eight of cattle; Doc Jones six of cattle; Henry Kloppling three of cattle, and one of hogs and Geo. Hofeldt and Lon Hunter one car of cattle each. From Winside Tom Prince sent in seven cars of cattle, while from Carroll the Shannons came with five cars and L. J. Hughes one car. Wausa sent the balance of the forty which made up more than enough for two special trains for Chicago.

This activity recalls a condition existing in Wayne county some ten years ago, when it became a question whether there was another county for its size in the state, or the whole west for that matter, where so many cattle were fed and sent to market. Our feeders were not only leaders in quantity but carried off the honors time and again for quality by topping the market for price. There are a great many reasons for standing by Wayne county.

Governor Sheldon at Spokane.

Spokane, Wash., June 4.—Gov. George L. Sheldon of Nebraska, has come into his own, having been raised to the rank of a full fledged "booster" and prosperity promoter, and invested with the regalia of the Arabian Rite of the Mystic E-Nak-Ops and the insignia of the 150,000 Club. The ceremonials took place at a complimentary banquet by the Spokane chamber of commerce to members of the Omaha and South Omaha commercial organizations on their Great Northwest trade excursion, June 2 to 18. The decorations were conferred by Dr. H. W. Allen, illustrious pesanko of the E-Nak-Ops and C. Herbert Moore, mayor of Spokane; chairman of the City Beautiful committee of the 150,000 Club. Gov. Sheldon accepted the honors, and in the course of a brief speech he referred to the neighborliness of the cities of Omaha and Spokane and the ties which bind Nebraska and Washington. He spoke of the community interests and said he voiced the sentiments of the people of the Golden Rod state when he expressed the hope that the reciprocal trade relations between the two resourceful and productive commonwealths would continue to grow. Two hundred representative business and professional men attended the banquet, and the governor's remarks were loudly applauded.

Boys, better hurry up and get a Watch.

CITY COUNCIL DOINGS

List of Bills Allowed—Water-works Extension Petitioned for Eighth Street

The city council met in regular session on Monday night, with all members present except C. A. Chace, who was absent from the city. The following bills were audited and allowed:

A. T. Witter, postage	1 75
R. J. Armstrong, coal	125 79
R. H. James, stenographer	5 00
W. S. Goldie, printing	8 40
J. Peterson, drayage	8 10
Geo. Miner, salary	60 00
Standard Oil Co., oil	12 45
H. S. Ringland, freight advanced	84 49
Otto Voget, supplies	58 60

A petition, signed by resident freeholders of Britton & Bressler's addition, lying west of the standpipe asking that a four-inch water main be laid west two blocks on eighth street, was read and referred to the water committee for investigation. In the discussion that followed Harry Fisher explained that the council had been asked to make this extension last year, but on account of necessary and expensive improvements in the city's electric light plant, at the council's request the matter was not urged at the time but deferred for this year. It appears that Britton & Bressler's addition is outside the water limits and the residents of the addition pay no water tax, altho a good share of them have the city water on their premises. It is evidently the purpose of the council to extend the water district and include this addition. An estimate of the tax yield on a four mill levy places the amount at \$40.00 which is more than enough to pay interest on the probable cost of putting in the extension petitioned for. The additional water tolls from a new lot of consumers is an inducement to carry out the project.

The board of Park Commissioners recognized the need of city water for park purposes and have the necessary funds on hand to lay summer pipes from the proposed main into the park. Another petition, signed by A. P. Gossard and C. R. Munson, was read, asking that the council exercise the power in it vested by statute, and revoke the saloon license heretofore granted to Peter Thomsen, because the latter had been found guilty in the police court of selling liquor to minors. The petitioners were represented by Atty. Thomas, of Omaha, who requested that consideration of the petition be deferred until next meeting of the council, as service of notice had not been had on said Peter Thomsen. The request was granted.

Street Commissioner Fred Benchoof made report that he had collected poll tax from one College student in the amount of \$2, while three others claimed exception as members of the Nebraska National Guard. The remaining seven students subject to poll tax and now at the college, he had ordered out to work but they had failed to appear. Fred wants the city dads to stand by him to the last, as he had experienced much grief and abuse in his efforts to do his duty.

Notice of Annual Meeting

The annual meeting of the Farmer's Cream Association will be held at the court room in Wayne, on Saturday, June 15, 1907, at two o'clock p. m. for the purpose of electing officers for the ensuing year and the transactions of such other business as may properly come before it.

State Fair

The management are actively engaged in improvements which when completed will mark an advanced step in the history of the Nebraska State fair. A number of men and teams are now employed in the building of a complete sewer system extending a four-inch water main a distance of 1,700 feet around the new speed barn and filling in the low land west of Administration building, so that will be a part of the very best land in the tract. The dirt for this fill is secured north of the Rock Island track. The plans and specifications for the new cattle barn to be built this year shows a barn 174x257 feet, with stall room for 632 head of cattle, sanitary closets for Ladies and Gentlemen and a Superintendent's office. The arrangement will be so that a person coming into the building at any of the numerous doors can see over the backs of all the cattle at a glance.

CLUBS AND SOCIETY.

About sixteen Wayne people disregarded the rain and threatening elements of Thursday evening and were conveyed in a carryall to the pleasant country home of Mr and Mrs. Frank Owen. Cards provided an interesting round of spirited entertainment, in which Mrs. W. H. McNeal gained favors among the ladies and was rewarded with a pretty china rose jar, while E. J. Raymond carried the honors for the gentlemen in a little match holder. The several hours were thoroughly enjoyed, while refreshments terminated the social period. The host and hostess are kindly remembered for their proficiency in the arts of entertaining.

Miss Ramsey entertained her Sunday school class at her home Wednesday afternoon. Mrs. Gossard loaded the little girls into a wagon and took them out. They had a picnic supper with lots of ice cream and cake, besides a delightful outing in the country.

Mrs. A. R. Davis was given a surprise Tuesday afternoon when the Fortnightly Club walked in about four o'clock, and bringing their supper. As she was the lucky one in the drawing for a five pound box of bonbons at Felbers the same day, it was a double surprise, and the girls were privileged to sample the sweets.

Mesdames Armstrong and Vincent entertained at cards 24 of the pioneer ladies of Wayne, at the Armstrong home Tuesday evening. The time was joyously spent at high five. The first prize, a beautiful silver spoon, was awarded Mrs. Kate, while the second prize, a dainty candle stick, was received by Mrs. Henry Bush. Refreshments were served. The ladies returned to their homes at a late hour voting their hostesses royal entertainers, and feeling thankful that they were among the pioneers of Wayne.

Mrs. E. Cunningham was given a farewell by the ladies of the Monday club, Wednesday evening. She leaves shortly to join her husband at Ashton, Idaho, where they remain for the summer. While Mrs. C. was dining at the J. G. Miller home, she received a phone call that company awaited her at home. On returning she found the club out in full force and a laden dining room table. The surprise was complete and Mrs. Cunningham would like to know how the secret was kept from her. After the excitement had passed all partook of a many course banquet. Mrs. Welch, the president of the club, delivered an elaborate speech in behalf of the organization, and presented Mrs. Cunningham with a book, which was to amuse and entertain her on that long journey into the West. Your reporter was not able to get at the nature of the entertainment indulged in during the evening, as the ladies are keeping it "under their hat," but all claim it the jolliest gathering of the year.

About twenty young ladies responded to invitations to a "good luck" party, Wednesday evening, given by Miss Laurel Lundburg, in honor of Miss Hattie Weber. The decorations were of bridle wreath and snow balls, while music furnished the greater part of the amusement of the evening. The "bide to be" was presented a number of handkerchiefs. Light refreshments were served.

The Minerva Club gave their annual picnic party Wednesday evening at the beautiful home of Mr. and Mrs. Lou Owen. The rooms were artistically decorated in club colors, white flowers and ferns. Suspended over the center table was a garland of flowers, to which was attached ribbons with nut shells, each containing a question or conundrum. Several tied for the prize and in the drawing, Mrs. Bert Brown proved the lucky member in receiving a book of poems. The evening was spent in reading and music. A course supper was served which the men pronounced delicious. Miss Margie Kohl, Miss Luella Bush and Master Leroy Owens, assisted in the serving. There was a large number in attendance as they were taking in new members. Each guest received a hand painted card as a souvenir of the occasion.

The Peculiar Habits of These Queer Animals.

Children, do you know that the little flittermice and bats are one and the same? Well, they are, and for four or five months each year during the cold weather they hide away in caves, dark crevices of rocks or deep, snug, hollow places inside trees, and there in their winter quarters they hang, head downward, to the walls, sleeping as the great bears sleep through the winter time.

But when the first warm weather comes, when the sun sends its good cheer even into the caves, crevices and hollows of trees, then Mr. and Mrs.

ON THE WING.

Flittermice and all the little Flittermices awake. "It's time to be getting up," says Mr. Flittermice, stretching himself. "The warm weather is here again."

And Mrs. Flittermice calls to her babies, for she is a thoughtful mother, to "come, get on my back and let us be out of here." And how you would laugh could you see those little baby bats catch their sharp, strong little claws into mamma Bat's furry coat, where they hang on for dear life, as she opens her wings and flies away. And once out under the cover of night their eyes become very bright, for, like the owl, they see only through the dark.

They are very hungry, and it takes a great many gnats and mosquitoes to furnish a meal.

But who would not be hungry after several months of fasting, pray? I'm sure we would, wouldn't we?—Washington Post.

John Beale returned from his Iowa visit Saturday.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative and my book on either Dyspepsia, the heart or the kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the stomach, heart and kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness always. And the heart and kidneys as well have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the inside nerves. Also for bloating, biliousness, bad breath or complexion use Dr. Shoop's Restorative. Write for my free book now. Dr. Shoop's Restorative sold by Feibel's Pharmacy.

BLOCKADED
Every Household Should Know How to Resist It

The back aches because the kidneys are blocked.

Help the kidneys with their work. The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

W. H. McKay, engineer at the Abernathy Mfg. Co., and living at 110 Dakota street, Leavenworth, Kan., says:

"Though I doctored and tried all kinds of medicines I suffered severely from kidney trouble for all of a year, and nothing seemed to do me the least bit of good. The pain in my back was terrible and the sharp twinges would cramp me up at times so that I could hardly move. The kidney secretions were irregular and contained a great deal of sediment that looked the brick dust. One physician who had treated me said I had muscular rheumatism, but he did not help me. After giving up all hope of finding relief I happened to learn through a friend about Doan's Kidney Pills and got a box at E. C. Fritsche's drug store. I found benefit in the treatment and continued it until I had taken three boxes. I was entirely cured of kidney trouble and have had no sign or symptom of it since. It ever any medicine saved a man's life Doan's Kidney Pills saved mine. I have been well for nearly six years, and know several people who have used Doan's Kidney Pills on the strength of the testimonial I gave in 1899 recommending them." I have yet to hear of a case in which this remedy failed.

For sale by all dealers. Price, fifty cents. Foster-Milburn Co., Buffalo, N. Y., sole agents in the United States.

Mrs. O. A. Strahan and children closed a two weeks visit with Wayne relatives yesterday and returned to their home at Malvern, Ia.

Mrs. McManigal closed her school in the Auker district, east of town, on last Friday, with a big picnic. About seventy of the pupils and patrons were present and an enjoyable day was spent.

Boche, the Norfolk murderer, by his attorney Ex-Senator Allen, made application for bail before Judge A. A. Welch about a week ago, and last Saturday at Madison the court gave its decision denying the same.

The Misses Ruth and Kate Bressler arrived home from the east last week to spend their vacation. The girls have been attending College in New York City. On their trip home they stopped over at Philadelphia and Birmingham, Pa., to visit with relatives and friends. Mrs. Carcadden, of the former city accompanied them to Wayne on a visit.

Wayne friends are in receipt of the announcements of the marriage of Prof. F. S. Wolfe to Miss Mary E. McLaughlin, at Hawarden, Iowa, June 2, 1907. The young lady was a Wayne Normal student and well-known as a successful teacher at Winside and vicinity. The friends of the worthy couple extend their best wishes for their future.

Saturday was "Innovation Day" at Felber's drug store and the beautiful, new sanitary soda fountain was opened with due formality. Despite a cool day with threatening rain, Mr. Felber pronounces the opening a big success. By the tickets issued to those making a purchase over a thousand visited the store during the day. During the afternoon the crowd was about all that could be handled. It is enterprise of this order that pleases the people, and whenever our business men make special efforts to attract them to Wayne, commendation should be duly accorded.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Raymond's Drug Store.

A meeting for the purpose of fixing the date and completing arrangements for the Carnival and stock show was held at the K. P. hall Monday afternoon. A large crowd was present and all were enthusiastic over the plans as outlined by the committee which had been appointed at a previous meeting. The date for holding the carnival and stock show will be August 22 and 23. The carnival will be conducted along the same lines as last year, with the additional feature of a stock show. It is planned to buy a tract of land and erect a large barn with sheds and pens for the stock. A committee of nine men was appointed to solicit funds. The plan is to sell shares at \$25.00 each and in this way secure a fund of \$2,500 or \$3,000. Over \$1,000 worth of shares were subscribed at the meeting Monday afternoon. The organization was made permanent and H. W. Billiter was elected president, A. L. Tucker, treasurer, and W. L. Robinson Secretary.

Hoskins News

(From the Headlight)

John Stroh, father of Mrs. George Kneiss, returned to his home at Hastings Saturday.

Mrs. Geo. Kneiss and her father and mother spent Thursday at the Conrad Kneiss home.

Mrs. R. G. Rohrke and children of Meadow Grove visited over Sunday at the home of her parents, Mr. and Mrs. Wm. Zutz.

Elsie Dobbin returned from Norfolk, Friday, where she attended school the past year. She will spend vacation at home.

George Peters came over from Carroll Saturday evening and visited over Sunday with someone at the editor's home. Who am I?

John F. Crosby left Saturday noon for Blomfield to be present at the graduating exercises there. He visited relatives over Sunday, returning home Monday.

A number of Hoskins boys went to Hadar Sunday and assisted the Hadar ball team in a game against a Pierce team. The score at the finish of the game was five to six in favor of Hadar.

Henry Snyder received word from his wife at Lincoln Friday evening of the serious illness of their child, and he left for home Saturday! He had intended to stay with his sister, Mrs. A. Kneiss, until after the sale.

A dancing party was given at the Henry Ehlers home, northwest of town Sunday evening. A large number of neighbors and friends, including a number of young people from town were present and all report a splendid time.

On Saturday afternoon while enroute for home, Conrad Schroeder either fell or was thrown from a load of lumber to the ground, cutting an ugly gash just below the right temple and one of the wagon wheels passing over his hips badly bruising them.

Eric Chapman departed the first of the week for New York, where he boarded a steamer Wednesday for Sweden. It has been thirty years since Mr. Chapman left there and came to America. He has never been back during this time and will stay long enough to view the scenes of his earlier life.

Quite a nervous shock passed over the habitation of our little village on Saturday evening. Women locked themselves in their houses; children ran pelmel in every direction, screaming at the top of their voices; and stalwart men shook and trembled with fear as they passed by. It was Robert Templin and C. W. Anderson, who had lost the down that tickles when they kissed the hired girl. Some fellow was mean enough to say that Anderson was the wild man from Borneo, and Templin was the man who captured him.

He had been to town after a load of lumber, and loading in the Bowman-Kranz yards started for home. As near as can be learned, just after he had passed the gate to the driveway to the Carl Strate home, he fainted and fell from the wagon with the above result, dragging him several feet. The team started to run but were stopped by the Nichols boy, who was working in the field near the road. He then started back towards town and found Mr. Schroeder lying by the roadside in an unconscious condition. He was taken at once to the Aug. Nichols home and a doctor summoned. Mr. Schroeder is a man well up in his fifties and not overly strong. All this week the old gentleman seems to have lost strength, but it is hoped that he will recover his usual health again.

"Wayne people who know the family say they are a shiftless outfit." This is what Goldie, of the Nebraska Democrat, winds up his story of the Kneiss murder and suicide with. We wish to correct this statement, as those of the Kneiss families who lived around here were all honest, hard-working farmers, who, although not very well read in the English language, paid their debts and did their work in such an excellent manner as to deserve comment. Those "Wayne People" whoever they may be had better come down this way and learn whereof they speak, before making such statements as this; and brother Goldie could furnish the public more reliable information if he would investigate the reliability of such statements. Certainly the grief of such a tragedy is severe enough for the sorrowing relatives, without having such a dirty slur thrown at them at this time.

COME AND SEE ...What A Look Will Save You...

POSSIBLY you have hesitated about buying your hot weather clothing on account of the weather conditions which have prevailed up to the present time, and which have not been very favorable for the sale of such goods. However, there is reason to believe that when the hot weather comes, it will be extremely hot, and the two-piece outing suits will be in demand, but owing to the fact of the lateness of the season we have decided to slaughter the prices on same, and from now on will sell any two-piece outing suit in our stock at \$5.00. These are suits which sold regularly at from \$6.50 to \$10.00. The coats are unlined, with padded shoulders; trousers are made with belt loops and cuff bottom. They come in Cheviots and Cassimeres, in Scotch Plaids and Stripes; and \$5.00 will buy any two-piece outing suit in our store.

Summer Underwear

Summer underwear means comfort for those hot days (that are to come). You can't afford to wear unsuitable underwear. Underwear to be comfortable must fit; if you can't find what you want suppose you try us. We sell good underwear as low as 50 cents a suit, but we make a specialty of the finer grades. Our \$1.00 per suit underwear cannot be duplicated at any other store in Wayne.

All In 1 Play Suits

We claim this the most sensible high-grade play suit made for the boys, and in fact the only serviceable one-piece suit made that blouses. The boy needs no underwaist of any kind, as it is constructed with a strap that carries the garters. This suit is made with a full cut bloomer pants and baggy blouse, with Eton cap to match, making a very natty appearance—far better than the ordinary, and made only from solid, wear resisting wash fabrics, the genuine Galatea cloth. They come in ages 2 1/2 to 7 years.

Straw Hats

Will be worn this summer even if the season is backward. Your last year's straw hat is around the house. Look it up; it is out of date, and is yellow from last year's service. We are showing all the new shapes and braids, and at prices that will not be lower during the season. There will no price advantage in delay.

JURY SAYS HE'S GUILTY

Herman Mildner is Convicted on Three Counts for the Unlawful Sale of Liquor.

The case of Herman Mildner, in which he was charged with the unlawful sale of liquor to minors, had an airing in police court Tuesday. The complaint set forth four counts and the jury found him guilty on three. There was no mere formality in the trial for it proved a battle royal between the attorneys, from start to finish. Every material and immaterial point was contested by the defense which was represented by Atty. F. A. Berry. County Attorney Wilbur carried the prosecution with the assistance of Atty. Elmer Thomas, of Omaha. It was the most spirited and hotly contested case ever had in the Wayne police court.

Monday the defense asked for a change of venue, but the motion was denied by Judge Alter, on the grounds that a change of venue only applied to justice courts, and not to police or county courts.

The jury was made up of the following men: Doc Surber, John Coleman, Ed. Sellers, Plummer Huff, Robt. Skiles and Mike Lower. Six witnesses were examined by the prosecution and five for the defense. Conviction was sustained on the counts of selling liquor to Koscoe Logan, Ellwood Williams and Leonard Gosard. The fines and costs assessed amount to \$145, which we understand Mr. Mildner will pay and end the matter.

The closing arguments in the case were creditable in a measure to all three of the lawyers. County Atty. Wilbur stated to the jury that while certain persons in the anti-saloon league were charged with bringing criminal actions against these saloon keepers for spite, as public prosecutor he wanted it distinctly understood that he alone was responsible and to blame. He felt it his official duty that whenever complaint was entered against any person for infractions of the law and the evidence offered appeared sufficient to convict he proposed to prosecute, and see to it that every guilty man suffered the penalty he merited. He said he could easily have dismissed the complaint against Mildner, but the sufficiency of the evidence made prosecution his bounden duty.

Atty. Berry put up a great argument in behalf of his client, and which greatly pleased his friends. Mr. Berry took considerable delight in passing "compliments" to the "learned attorney from Omaha" as he dubbed Mr. Thomas. But when Attorney Thomas was accorded an inning he proceeded to flay the defender Berry in a merciless manner, by handing his "compliments" back with usurious interest and in a manner that was a caution. It beats all what a cordial dislike lawyers can have for each other. Its enough to make sincerity go hide its head for shame.

Rev. J. H. Karpenstein will go to Pilger to assist in the Dedication services of the new Lutheran church there. There will therefore be no preaching services at the German Lutheran church here, but Sunday school and young peoples' meeting will be held at the usual hour.

Mr. Zapp, of the Emerson Planning mill was in Wayne Saturday, figuring on the wood work needed by the X-Ray Incubator Co., for the ensuing year. The great success of the Emerson Planning Mill suggests the immense advantage of such an industry for Wayne. In ten years the Emerson Mill has grown from a mere repair shop into a manufacturing plant of considerable size. It is equipped with modern machinery does an extensive business. Rough lumber is made into the best of finishing stock. Wayne needs just such an establishment, and the need suggests an opportunity for the Commercial club. The right party will find inducements in an unoccupied field that promises much.

An ideal brand of weather for growing crops, has prevailed the past few days. Warm sunshine following on the heels of nearly a week of drenching rain, is doing wonders for vegetation in general. The corn, small grains, grass are doing fine, and as these crops are the mainstay of Wayne county's wealth, our prospects are bright for a plentiful harvest. If the fruit in other sections has been blighted, Wayne county promises to raise enough for herself and to spare. While the cherries are likely to be fewer, the quality promised is better, and the yield of apples larger than ever before. Small fruit of every kind is doing remarkably well, and the home demand will be met with a rich supply. The husbandman and the housewife, the merchant and all the rest of us can look up at these prospects and rejoice in the knowledge that this is one of the garden spots of Nebraska.

Luther Burbank, who astonishes the people every once in a while with some remarkable results from his experiments with plant life, lately exhibited before a class at Stanford university, an apple that was sweet on one side and sour on the other. He explained how this peculiar combination was produced, and then remarked that similar effects were produced in human character by environment. He mentioned the case of a mild-mannered man who unluckily married a shrew. She so wrought upon him as to partially change his nature. "One morning" said Mr. Burbank, "after his wife had called him a good-for-nothing loafer and snatched his breakfast away, he started off, hungry and sore, for work. A sour-looking woman entered the car he was on, and got into a violent dispute with the conductor over her change. Finally she fairly shrieked out the query if there was a gentleman in the car who would stand by and see a lady insulted? And the aggrieved husband of the woman with the same kind of a temper arose and declared that nothing would afford him greater pleasure.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Raymond's Drug Store.
