Teachers' examinations will be given the third Friday and Saturday following of each month. A. E. LITTELL, County Superintendent.

### Equalization Board Meets

Wayne, Nebraska, June 26, 1906 Board of Equalization met as per adjournment. Present, R. Russell and J. F. Stanton, commissioners, J. W. Ziegler county assessor and Chas. W. Reynolds, Clerk. Absent, E. W. Cullen, commissioner and chairman of Board of Equalization.

On motion R. Russell was elected chairman of this meeting. On motion it is hereby ordered that a 10 per cent raise be made on the assessed valuation of all personal property in Deer Creek Precinct, Wayne County, Nebraska, not including the Village of Carroll.

On motion it is hereby ordered that the stock of the Nebraska Land Company be assessed individually to the resident stockholders.

Whereas, on June 11th 1906 a protest having been filed by the Chicago, St. Paul, Minneapolis & Omaha Ry. Co. objecting to the assessment of lot 1 block 11 Winside for the reason that it is used for right of way as station ground purposes and therefore not subject to local taxation.

On motion same is ordered stricken from the list for the year 1907.

Whereas, on June 11th 1907 a protest having been filed by Charles L. Culler, showing a gross error in the assessment of Lot 1 block 6 Lakes add to Wayne, wherein it was assessed at \$2000, and asking that the same be reduced.

On motion the assessment is reduced to \$1700.

Whereas, on the 12th day of June 1907 Lena Stodden by her agent A. N. Stodden, filed a protest against an assessment of \$1635 for the reason that the same is too high, made so by the raise of \$300 on saloon fixtures, and the assessing of a cash register at \$100 by the County Assessor of Wayne County, and asking that the assessment on saloon fixtures be reduced to the original figures and the cash register to \$75.

It was moved and seconded that the protest be rejected. Voted as follows:

Ayes, Ziegler, Russell, and Reynolds. Nays, Stanton.

Whereupon the protest was declared rejected.

Comes now the Village of Carroll, by Richard Closson its atty, and complains that John Beach has bought 2 acres of land off the east side of the s w 1/4 of sec. 27 27 2 and that 95 per cent. of his house is located on the said 2 acres and should be assessed as property in the said Village of Carroll. That the reasonable value of the house and land is \$800 and that the personal property is of the value of \$1865.

After due consideration the Board orders that the house and real estate with a valuation of \$800 and the personal property to the value of \$1865 be assessed as in the corporate limits of the Village of Carroll.

Board orders a valuation of \$765 placed on a part of n w 1/4 of sec 32-25-4 including a residence belonging to Fred Panning. Whereupon Board adjourned to August 8th 1907.

Chas. W. Reynolds, Clerk.

### M. B. Reese for Judge

Having accomplished a wholesome reform in the legislative and executive departments of the state government, a similar duty now confronts Nebraska republicans with reference to the judiciary. In the crisis the eyes of progressive citizens naturally turn to Judge M. B. Reese of Lincoln as the party's nominee this fall for justice of the supreme court. The logic of events calls for his election. When he formerly held that office he served one term only, having been turned down by the railroads at the Hastings convention of 1889 by disgraceful methods, simply because he had held them to the same degree of accountability as other litigants.

As judge he established many important precedents regulating railroads, one of which compelled the Burlington to build a station at Blue Springs and stop its trains there for the accommodation of the public. In damage suits against the railroads he enforced established rules of law without fear or favor. His opinions are recognized to this day as marking high tide in the administration of even handed justice.

For twenty years he has worked unselfishly with Uncle Dan Nettleton and others of like character to rid republican politics of railroad domination. With the help of young men like Norris Brown and George Sheldon the cause of the people finally triumphed. He was a leader in the fight which smashed the railroad machine in Lancaster county last fall, and was an active delegate in the state convention which followed. His intimate connection with the principles enunciated in the last state platform, since enacted into law is thus fully established.

In qualifications for judge of the supreme court he has no equal. He is ripe in experience, being 67 years of age. As a law-maker he helped to frame the present state constitution, having been a delegate to the constitutional convention of 1875. As a public prosecutor he was six years district attorney for the Fourth judicial district, at a time when both legal knowledge and courage were essential qualifications. As a jurist he served one term on the supreme bench. As a teacher of law he was dean of the law department of the state university from 1893 to 1903 and he endeared himself to every boy who attended the university during that time.

Only once since his retirement from the supreme court, by means of the disreputable methods of the railroads, has Judge Reese appeared before the people as a candidate. During the dark days of populism he was drafted by his party to make the race for judge of the supreme court against ex-Governor Holcomb, a thing which no other republican dared attempt, and with that same sturdy resolution which has characterized the acts of his entire life, he accepted the empty honor and received a larger vote than even his most ardent admirers had hoped.

As judge of the supreme court he raised that tribunal to a point above suspicion of unworthy motives. His election now will carry forward the work of reform so auspiciously commenced and pave the way for a glorious endorsement of the Roosevelt administration in the presidential election next year.—Aurora Republican.

### Primary Election in Oklahoma

The result of the direct primary in Oklahoma for the nomination of candidates for Governor and United States Senators seem to have vindicated every claim made for the primary system by its advocates. On the other hand, the contention of those who oppose placing the power to make nominations in the hands of the people have been as emphatically refuted by the Oklahoma contest. When the demand for a direct primary law was presented to the Kansas Legislature last winter, the politicians argued that such a measure would defeat the very object the people sought to accomplish, for the reason that the "organization," with its ability to raise campaign funds, and its complete knowledge of conditions in the various counties of the state, could control a primary with even less difficulty than it could manipulate a convention. "A primary is the very thing the politicians want," the "machine" leaders declared, but nevertheless, the politicians killed the bill providing for the direct primary elections.

In Oklahoma, the result of Saturday's primary was a complete surprise to the politicians. The people in the rural districts voted just as they pleased, and they did not, apparently, please to vote as the shrewd politicians had predicted.

The Oklahoma primary demonstrated that the people are capable of nominating candidates to represent them without the aid of the "middle man" or the political office broker.—Kansas City Times.

### June Wedding

A pretty home wedding amid the fragrance of June roses was consummated Wednesday at 10:30 o'clock at the pleasant country home of Mr. and Mrs. T. R. Davidson when their Junie and Wm. A. Patton, were united in marriage by a minister of Bloomfield, and Miss Winnie Davidson played the wedding march. The bridal couple were attended by Miss Mary Patton, the groom's sister, and a gentleman from Bloomfield. A company of about 20 relatives witnessed the interesting ceremony and at its conclusion expressed their hearty congratulations.

White roses, white peonies and asparagus were used in the decorations and the rooms looked pretty making a fitting background for the radiant happiness of the beautiful young bride. The bride is a talented young lady, carefully reared and in every way fitted to grace any home in the land. The groom is a young business man, and manages the Blenkiron lumber yards at Bloomfield, a position of responsibility in which he has the utmost confidence of his firm. After a three course wedding dinner the bridal couple left for a trip to St. Louis where they will visit two uncles of the groom. On their return they will visit in Kansas City and Omaha.

Numerous beautiful presents were received. The wedding guests were served at table by Misses Olds of Bloomfield and Priest of Randolph. We join in the wishes for a long and happy wedded life.—Randolph Times.

Wm. A. Patton of this city and Miss Junie Davidson were married at the home of the bride's parents near Sholes on June 26th, at 10:30 a. m. The happy couple will be at home to their friends in Bloomfield after August first. E. D. Lundak, was up from Wayne last Wednesday the guest of the editor of the Bloomfield Monitor, being an old Niobrara friend of the family. Mr. Lundak is attending the summer Normal at Wayne and is a military instructor at that institution.

W. H. Beckenhauer of Randolph was in the city on business and pleasure a day or two last week, the guest of A. E. Krause and family. Mr. Beckenhauer is spending most of his time at Wayne this season.—Bloomfield Monitor.

## Winside News

Miss Alvina Kant, who has been in the German Lutheran hospital in Sioux City for some time, has returned to her home near Winside after being operated upon successfully.

A rumor is floating around the village that when E. W. Tucker returns home, he will bring with him the most modern of luxuries—a wife. For fear that he might, it would be well for the Tin Can Alley Band to hunt up their instruments and be ready to assemble on a moment's notice.

Dr. and Mrs. Cherry had been planning for some time to start this week for Chelan, Wash., to visit Mrs. Cherry's father and have a summer vacation, but they received word Monday that Mrs. Rhoda Greenland, who was to accompany them, was detained on account of the death of her husband's father, and so now the trip has been postponed for a few weeks.

The matron's second medal contest was held at the opera house Tuesday night and those fortunate enough to be present were given a royal treat. All the contestants did well and deserve much praise for their efforts. Mrs. Josie Waddell was rewarded the medal in the oratorical contest. Miss Ella Newell was the winner of the musical class. Miss Carroll, the Wayne College elocution teacher, was present and delighted the audience with several selections.

Winside will soon have water works, thanks to the liberality of its own citizens. All but \$500 of the bonds have been sold. G. E. French takes \$2000, Carl Bronzynski \$1000 and the following \$500 each: L. S. Needham, Tom Lound, A. Woodward, Tom Prince, Frank Weible, J. Dimmel, Dr. A. B. Cherry, E. W. Cullen, W. H. McClusky, L. C. & G. A. Mittelstadt and the Gaebler Hardware & Furniture Co. While the original bonds are for \$10,000, it is not necessary to float but \$9,000 as there is \$1,000 in the treasury through the tax levy. The remaining \$500 will undoubtedly be sold by this evening.

## Hoskins News

The Norfolk Daily News piano contest is progressing very rapidly, with Miss Mary Lief in the lead. Miss Lief is a daughter of Peter Lief, living north of town and is a very popular young lady. Let everybody assist her as much as possible to secure the handsome new \$300 piano.

County Superintendent Littell was up from Wayne Tuesday to meet several of the school directors and take up their annual report. He also had his political hammer along to tack up any loosened rails. Littell has served one term in the county superintendent's office and so far as we have learned, has acquitted himself in an excellent manner.

On Wednesday of this week Mrs. Gutchen Lewis and Edward L. Caya, both of Bloomfield, were united in marriage in Sioux City. Mrs. Lewis is a niece of Banker Crosby and is fairly well acquainted among Hoskins young people, all of whom join in wishing her much joy and happiness.

It appears that our new elevator will shortly be a reality. Some seemed to question the building of the second elevator here, but W. S. Deal, the gentleman from Ponca, has a car of rock on the ground, and the contractors will be here next week. This will not be a line elevator, but will be owned and operated by Mr. Deal, who expects to move to Hoskins to live. This is just one more step in the steady growth and development of the town. The next will be a good harness maker to put in a shop here.

Chas. and George Green and Bert Templin fitted up a covered wagon and a tent and about 10 o'clock on Sunday morning started for a trip

of several weeks outing. They go north into South Dakota and will then travel over the entire state. The Green boys are out for a good time, while Bert Templin, who has been in poor health for some time is out in hopes of recuperating. Anyhow the boys are all jolly good fellows, and you just bet they will have the time of their life, if the pesky mosquitoes keep busy with their little stingy stingers.

The annual school meeting was held in the school house Monday afternoon. A good number of the school patrons out and considerable of an interest was manifested. Besides electing Geo. Weatherholt director for another term and transacting the regular routine of business, the proposition of securing more room and hiring the third teacher was taken up and generally discussed. A great many different ideas were advanced, but all seemed to think that Hoskins needed better school facilities. During the winter months last year the two teachers were over-taxed, thus making it impossible to give the necessary drill to each pupil. The school board was instructed to hire the third teacher and to arrange a place to hold school in. Everybody present greatly favored the building of an addition to the present school house, and the meeting adjourned to be called together again at the discretion of the board to consider the proposition of building.

Early Monday morning as the train pulled in at the depot a young lady of about seventeen or eighteen summers was put off because she had no ticket. She gave the name of Forbe Brown and claimed to be from six miles south of Stuart. Miss Brown being a timid country girl who had never traveled much, boarded the train at Stuart and gave the ticket to the conductor, who was to turn it over to Adair, which he failed to do. The girl boarded the train for Emerson at Norfolk, and when Adair found she had no ticket he put her off here. The people here learned of her condition and soon raised the wherewith to purchase a ticket and the next train took her along on her journey rejoicing. The conductor, as it seems to us, was dead wrong in this. We do not object in seeing an employee enforce the rules and regulations of the company, but we hate to see a poor innocent, penniless girl set off a train among strangers, while some fellow with a pocket full of coin hands the conductor "two-bits" and rides until he gets ready to get off. If you are going to comply with the rules once do it at all times.

## The Average Celebration

On the Fourth people will gather in the towns that are now setting forth on flaming posters what they expect to give the public on that day. Beginning with the booming of forty or more guns at daybreak and closing with the last Roman candle that fades in the darkness at night, the occasion will present a continuous and rapidly moving program of attractive events. The parade, the exercises in the grove, the chicken dinners, feats of amateur skill in the afternoon and fireworks in the evening are furnished the assembled crowds in more or less elaborate fashion. There are the usual vendors of ice cream and other seasonal delicacies, and the usual tired mothers carrying or dragging their children around in the hot sun, with flushed cheeks and blistered noses. When it is time to rush home in the evening to avoid the wrath of the usual threatening thunder storm, how thankful is the weary household that it is all over and will not happen again for another year.

But with all its discomforts and disappointments, the Fourth is a glorious day, stirring patriotic hearts and thrilling the young with joy. Everybody wants to get into a crowd and witness demonstrations on the natal day, even though they see little and pay for their satisfaction in fatigue and sunburns.—Beatrice Express.

There is good prospect that the judgeship in the Eighth district will be taken out of politics this year, and that Judge Welch of Wayne, who was appointed by Governor Sheldon to fill a vacancy caused by the election of Judge Boyd to congress, will be nominated and elected by a union of all parties. The approval of Judge Welch as an able jurist and a broad and fair-minded judge, regardless of party lines, is a high compliment to that gentleman, and a source of great satisfaction to the governor who appointed him and to those who urged his appointment. Judge Welch is evidently all right, and such a man in an official place does much to dissolve bitter political prejudices. Beatrice Express.

The most attractive feature about Wayne is her beautiful homes surrounded by well kept lawns. Seldom do we find a city where this element of attractiveness is so pronounced. While the door yard may with good reasons be a source of great pride to its keeper, yet a fringe of noxious weeds along the park line seems to mar the beauty of the premises. It would be a good idea should the city council have the weeds destroyed, and run a good road machine over the streets before the Chautauqua meets. The expense would be nothing compared with the good effect produced. Yet individual pride should be strong enuf to lead every property owner to remove the weeds along his park line.

Parson Hughes "in Love and Kindness."

Goldie says we ought to preach to people in love, instead of being a "mean contemptible dictator" telling people, (nice people like himself) to go to the devil. We believe in kindness with all our might. We believe in the popular tenet of the day—"the Fatherhood of God and the Brotherhood of Man." Strange as it may seem we have been guilty of preaching it. But there is such a thing as wandering beyond the reach of "Divine love. The Great Exemplar gave us numerous illustrations of this fact.

He dealt kindly while there was a probability of winning the wanderer back, but when his patience was exhausted He denounced without mercy. So when a man, like Goldie, has lost all likeness to his Creator and all respect for righteousness; when he has degenerated into a scandal-monger; when he has become the abettor of evil doers generally, and a defamer of good names; and when he seeks every possible opportunity to denounce Churches and their efforts indiscriminately, what is the use of talking about dealing with such in love! The best thing that can happen to society, and all concerned, is for somebody to spit on the little, weaned pest and put him off the earth. As to going to the devil—we'll the old fellow generally looks after his own.—Pender Republic.

Mesdames Sam Liveringhouse and Lue Winsor, with the children are spending the Fourth at Meadow Grove, with their mother.

One of the season's big dramatic successes is "Along the Kennebec" which will be seen at Wayne opera house July 5. The scenery for this production is said to surpass anything in the rural line ever carried by a rural production, as every scene and picture is staged with splendid scenery, and fine music is furnished between the acts by the company's own band and orchestra.

Plays that appeal to the heart and plays that heads of families can bring their children to see are the plays that thrive. Such a play is "Along the Kennebec," which will be presented in this city July 5th, with its wealth of beautiful scenery and a company of actors unexcelled by any in their respective lines. The play is said to be full of bright and sparkling comedy and a splendid band and orchestra is carried and good music is one of the many features.

The Clark-Lessman, blooded cattle sale, that was pulled off in Wayne on Wednesday of last week, was a winner from the point of attendance and range of prices that prevailed. In fact one of the auctioneers pronounced it the best all around sale for the season in the state. The average for 18 head nearly reach \$103, and this includes some 20 head of bull calves that had been but recently weaned. Every sale of these stockmen seems to surpass the previous one, which assures the growing popularity of high grade stock, and especially shorthorns. Mr. Clark tells us he has sold over \$10,000 worth of stock the past year and yet has some 140 head left.

Sheriff Mears, made a traveling companion of John Wright for Kearney, Monday, where the youngster was placed in the industrial school for boys. During one night last week young Wright had forced an entrance in the pool hall for the purpose of securing a supply of cigars and tobacco. He succeeded in getting hold of a box of cigars and a good lot of smoking tobacco. During the day he was captured and acknowledged the theft, and most of the goods was turned back. Sheriff Mears then took him in charge and a hearing was had before Judge Hunter, when it was decided to send him to the reform school. The boy is surely entitled to a term of vigorous discipline, for he has made himself a general nuisance to the community and an object of unnecessary trouble and expense to his parents. His improvement and good behavior while in the industrial school will determine the length of his stay.

#### A Boy's Career.

Walt Mason in Atchison Champion: Some years ago the writer was editor of an evening paper—it does not matter where. One of the principal owners of the paper was a man of some distinction, who had served two terms as mayor of a large city, and had been a county treasurer, and a member of the senate. One day he dropped into office and ask us if we wouldn't make a reporter of his eldest son. "The boy is rather unruly," said he, "and is running with bad companions, but there is nothing vicious in him, and I think that all he needs is something to do and somebody to boss him." And so on. We never enjoyed the job of trying to break in reporters, but in this case there was no way to refuse, as the old gentleman practically owned the paper. So the boy went to work. He was quite young, but was already getting bald; he had a bad, sullen countenance, shifty eyes, and a disagreeable manner. One hour's experience convinced us that he would never amount to much as a newspaper man. He couldn't even spell, although he had been to school many years. He was a natural thief. He stole all the fountain pens in the office, and it wasn't safe to leave a coat hanging on a nail, without a policeman to watch it. He wound up his career in the office by stealing a set of books belonging to the waiter; he packed the volumes away, and sold them to a junk dealer for a dollar or so. Then we gave him a lecture which made the wall daper in the office curl up. We have a very vivid recollection of the abject cowardice of the man. While we talked to him he trembled as though with toe ague, and the sweat poured off him in streams. Yet this same young man ascended the scaffold at Jefferson City with two companions, a couple of days ago, and met his death without a tremor. All the newspaper accounts of the execution speak of this fellow's remarkable nerve. We have often wondered at the calmness with which condemned men confront the gallows and the rope. That this calmness is not the result of courage in all cases, is shown by this true copy.

Mary, Winifred and Paul Pawelski returned Monday evening from Neola, Iowa, where they had spent two weeks visiting and attending the wedding of an uncle.

Troubles of the stomach, heart and kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves means stomach weakness always. And the heart and kidneys as well have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the inside nerves. Also for bloating, biliousness, bad breath or complexion use Dr. Shoop's Restorative. One night when I was in severe pain and lame from it my wife went to the drug store and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. It behoves Wayne to look her best when the Chautauqua crowds come. Now is the time to prepare for the great event. If every property owner will consider that his doorway includes the adjoining alleys and the street in front of its center, and then resolve to rid it of all weeds and rubbish during the coming month, the service will rebound to the common good.

**Another Home Wedding.**

The particulars of the Grier-Durant wedding were not available in time for the paper last week. The happy event was solemnized by Dr. Heeron of the Presbyterian church on Wednesday, June 26, 1907, at high noon. The relatives and a few friends witnessed the ceremony at the home of the bride's parents, Mr. and Mrs. Adam Grier, who reside a few miles north of town. A sumptuous wedding dinner marked the occasion. The groom, Mr. Theo. R. Durant hails from Bloomfield near where he is the owner of a fine farm, where the couple set up housekeeping, following a short visiting tour. The bride, as Miss Ella Grier, leaves a host of friends in this community who wish her the choicest things of life. She is strictly a Wayne county girl, reared and educated in our midst, and recognized as an able and talented teacher. The Herald heartily joins in congratulations.

**SUSPENDS PUBLICATION.**

The Fairfax Sun-Review, Edited by W. I. Kortright, a Former Wayne boy, goes Defunct

Fairfax, S. D., July 2.—The Fairfax Sun-Review is no more.

Edwin M. Starcher of the Gregory County State bank has a notice posted up on the Sun-Review office door stating that he has bought the plant and building. Editor W. I. Kortright and wife are both gone, she to visit relatives in Nebraska, he to hunt a job.

The Sun-Review has had a strenuous time the past year and has likely made money. The editor was confined in the county jail for a time last spring by Fred Huston, who was defeated for Sheriff in last fall's election.

It is not known what Starcher will do with the plant, but some people say he may get someone to start a democratic newspaper, there being only one other democratic paper in the county, the Pilot at Bonesteel. Norfolk News.

**Dan Roush Dead.**

The community was startled Tuesday evening about supper time by the announcement that Dan Roush, was stricken with heart failure and was dead. His demise occurred at his home in the west part of town and while he was setting quietly in a rocking chair on the porch. He has been a sufferer for nearly a year and unable to look after his business. Of late he has been subject to violent attacks, like the last that left him cold in death. Deceased was well known over the county and leaves a wife and family to mourn his loss. A sister survives him also a brother, Jake Roush, who lives at Elm Grove, Nebr. The funeral will be held Friday.

One of the reasons for the success of "Along the Kennebec which will appear at the opera house July 5, is its peculiar quality of attracting people who are not classed among the regular theatre goers and there is something in the title which seems to appeal to this class of people, and after witnessing the performance they become the best advertisers, as the play is devoid of any nauseating features and leaves a pleasant impression everywhere and return dates for it are eagerly sought.

**WEAK KIDNEYS MAKE WEAK BODIES**

**Kidney Diseases Cause Half the Common Aches and Ills of Humanity**

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when the activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ailment.

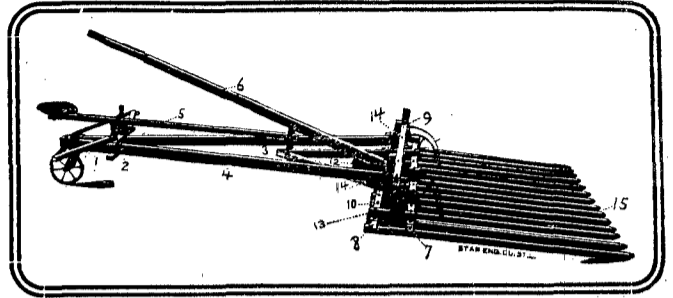

The cures are the proof.  
W. A. Tracy, printer, living at 1123 1/2 7th street, St. Joseph, Mo., says: "For eight or ten years I suffered at times severely with pain in my back, and although I used doctor's prescriptions and various advertised remedies, I received little relief. I scarcely knew what it was to be without a plaster on my back, and at night, after standing all day at my work, suffering was always worse. As Doan's Kidney Pills were advertised and recommended by people right here at home, I procured a box and obtained such relief that I kept on using the remedy until all the pain and lameness in my back had left me. I soon felt as strong and well as I ever did. I was so surprised with the results obtained that I gave a statement for publication, advising the use of Doan's Kidney Pills by kidney sufferers. During the six years that have elapsed I have had no indication of a return of the trouble, except when a cold settled in my back or I feel slightly tired or lame in the back, and then I take a few doses of Doan's Kidney Pills and the trouble is always removed. I am pleased to re-indorse Doan's Kidney Pills.

# WAYNE CHAUTAUQUA ...ASSEMBLY...

JULY 24 TO AUGUST 2, 1907

.....A WORD..... ABOUT SOME OF THE  
ATTRactions.....

The "Kilties" Band, of Belleville, Canada, will furnish two big concerts. This is the only Canadian Band which was engaged at the World's Fair at St. Louis, and the band is now at Jamestown Exposition. Watch for announcements.

United States Senator, Ben Tillman, of South Carolina, is known in the Senate as "Honest Ben" and the people of this country have endorsed the title. No man in the United States can get and hold a bigger crowd.

Dr. Jon P. D. John, Ex-President of DuPauw University, is too well known to demand comment. Judges, Statesmen, Doctors, the Clergy, and Educators, as well as the rank and file of the common people write in the highest commendation.

Dr. D. F. Fox, of California Avenue Church, Chicago, is known to many people in Nebraska. His lecture on "The Neglected Cavalier" is a master piece of eloquence and power, and is worth going fifty miles to hear. Dr. McIntyre says of him, "Don't miss his lecture unless you have a grudge against yourself."

A. W. Hawks, Humorist and Poet, who is known as the "Dispenser of Sunshine," has been secured for two days. Hawks is a born humorist and could not be otherwise if he wished.

Col. H. W. J. Ham, the Georgia humorist, in his lecture, "Old Times in Dixie," is a "whole show with a dog under the wagon." Col. Ham has been on every old Chautauqua program in the land and has more calls than he can fill. If you hear him once you will probably live ten years longer.

Hon. G. A. Gearhardt, of Buffalo, N. Y., is known as the man who always returns. He has a message for the people which has been received with great ovations. His "Coming Man" should be heard by every young man in the land.

Dr. Thomas McClary is known almost everywhere. He has the "humor of Artemus Ward combined with the rare oratory and learning of Wendell Phillips." His lecture, "The Mission of Mirth," has brought gladness to thousands. He is known as the "People's Favorite."

Elliott A. Boyd should give his lecture, "The Seen and the Unseen" to every audience in America. He is an eastern man, well known in college circles. His lectures are noted for the wealth of thought, wit, humor, word paintings and good common sense.

Lucian Edgar Follansbee is a humorist, educator and preacher. He has more return dates than any other attraction sold by the Midland Bureau.

Frank H. Gamel presents a wonderfully beautiful illustrated lecture on "The American Boy—His Pranks, Perils and Possibilities." Mr. Gamel has just added a series of very humorous motion pictures. Every boy and girl will be interested and instructed, and every father and mother should hear this lecture.

Spillman Riggs, Humorous Lecturer and Character delineator, will give his "Musical Fits and Misfits," which has been delivered more than a thousand times. Mr. Riggs spoke at the Waterloo assembly last year to three thousand people. It was his second year there and he was at home.

Prof. J. Lorenzo Zwickley is a Canadian by birth and an American citizen by choice. His art lecture on the subject, "The Philosophy of the Beautiful," should be given before every public audience in the land. He illustrates his lecture with colored crayon work executed during the lecture.

Marvin Williams, Entertainer, is a man of education and culture. One of his "Jolly Evenings" is worth the price of a season ticket. He is called "the live wire."

"Ritchie," the Magician, will give one big entertainment which will attract five thousand people. He performs the famous levitation illusion.

The Ritz-Nebras Combination consists of Miss Josephine Ritz and Miss Dorothy Nebras, who furnish piano, violin and vocal music together with popular readings.

The Hite-Monroe Moving Picture Company is made up of a trio of artists well known in the Lyceum world. Chas. J. Hite, formerly operator and electrician with the Ben Hur Concert Company, and Mrs. Gertrude Monroe Hite, violinist, and Miss Jessie Beatrice Monroe, contralto soloist and pianist, are musicians of ability and reputation.

Carter's Original Virginia Warblers, one of the oldest companies now before the public, was first organized in 1893 and reorganized in 1905 under the management of Walter R. Carter. This company of singers is composed of carefully selected talent whose ability has been put to the severest test. They sing the real negro melodies, plantation and camp-meeting songs of olden days.

The Royal Male and Trombone Quartette is one of the foremost quartettes in the country. They are young men, fresh from college halls, and sing with vigor and spirit, which not only pleases but captivates. This is their fourth Chautauqua season.

The Midland Concert Company and their almost national reputation is an interesting story which cannot be published in such limited space. The company consists of a Soprano, Violinist, Reader and Accompanist, each an artist. This company has a splendid reputation wherever they have given their concerts.

Miss Agnes Alexander, recognized as one of the best soloists that has appeared on the Ocean Grove program, will be present four days.

The Norfolk Daily News is offering to give away to some popular young lady in this section a beautiful \$300 piano. Every penny in advance subscription on The News gives one vote and the young lady receiving the greatest number of votes by 6 o'clock August 31, gets the piano. Norfolk girls are barred from the contest and Norfolk subscribers are barred from voting, as that would be unfair. A "square deal" is being given in this way and some girl from a small town or in the country is going to get the piano. The instrument is a fine one, guaranteed, and one that any young lady might be proud of. Here is an opportunity to win honor and a substantial prize for some young lady of this vicinity and we would suggest that a candidate ought to be started by our citizens at once. There is every chance that she will win, with proper support from the people here. The News is the best newspaper in this territory for this locality, bringing more news of this territory to us than all other papers and bringing more telegraph news, including live stock and grain markets, a day ahead of other city dailies. The price is \$3 per year and a \$3 advance subscription would get 300 votes. Start somebody from this section today! Yours truly, The Norfolk Daily News.

### Have You Catarrh?

If you have catarrh with offensive breath, burning pains in the throat, difficulty in breathing, raising of mucous, discharge from the nose, tickling or dropping from the back of the throat, coughing spasms, etc., begin the use of Hyomei at once.

Its medication is taken in with the air you breathe, so that it reaches the most remote part of the respiratory organs, killing all catarrhal germs and soothing any irritation there may be in the mucous membrane.

The complete Hyomei outfit costs but one dollar; and E. J. Raymond gives a personal guarantee with each package that money will be refunded unless the treatment does all that is claimed for it.

A Kansas politician was asked by his wife to lay aside politics long enough one day to dig the potatoes in the garden. He consented and after digging for a few minutes he returned to the house and said he had found a coin. He washed it off and it proved to be a silver quarter. He put it in his jeans and went back to work. Presently he went to the house again and said he had found another coin. He washed the dirt off of it and this time it was a silver half dollar. He put it in his jeans. "I have worked pretty hard," said he to his wife. "I guess I'll take a short nap." When he awoke he found that his wife had dug all the rest of the potatoes. But she found no coins. It then dawned upon her that she had been "worked."

### The wrong way

to select harness is the way it is usually to be. Price is generally the first consideration. If that is very low the you a seem attractive, regardless of quality. Judge our goods the other way about. Examine into the quality of this harness first. Then it will be seen that it is worth almost any price. But our prices are not high. Value considered they are remarkably low.
