Hoskins News

(From the Herald)
A brand new baby girl came to gladden the home of Mr. and Mrs. J. G. Foster last Saturday.

Elmer Lindquist came from the south part of the state, and visited relatives and friends here Friday and Saturday.

Miss Nancy Fahenstock left Thursday for Glenullen, North Dakota, where she will make her home with her sister and assist in holding down a homestead.

Monday, July 15, is Hoskins' popular holiday, the day fixed for F. W. Hall shows, which give two performances, afternoon and evening. Admission 25 and 35 cents.

Gus Hilkerman left last Saturday for Crawford, Nebraska to look over the country. He returned Wednesday having purchased 160 acres of land there for a consideration.

Peter Kautz received word this week that his mother had died at Green Timber, Idaho, on Friday June 28. She was 76 years of age and the cause of her death was old age.

J. M. Huglin arrived from Southern Kansas last Thursday, where he is holding down 160 acres of Uncle Sam's domain. He likes the country fine and says the crops look good.

W. S. Deal arrived from Ponca Tuesday evening and is superintending the construction work on his new elevator. Part of the lumber is here and workmen have the foundation well under way.

John F. Crosby left last Saturday for the east, where he expects to spend a few weeks vacation away from business cares. He will visit various points of interest along the way between here and New York City.

An item we failed to get last week was the birthday party a week ago last Sunday at the Geo. F. Dreyen home, given in honor of Mrs. Dreyen's 37th birthday. Nevertheless the occasion was a most enjoyable one.

A musical entertainment will be given at the Bega school house on Friday evening, July 19th. The program will consist of violin, phonograph and band music and various other entertaining features. This program will be given for the benefit of the Sunday School, so come everybody.

The lawsuit in which J. H. Weatherholt was suing the city of Norfolk to recover damages sustained by a horse falling into an open ditch came up for trial Tuesday. Frank Phillips, Wm. Maas, John Kaulen, H. W. Anderson, and Artie Weatherholt went down from here as witnesses. The case was tried by two jurors, who returned a verdict giving John a judgement against the city for \$40 throwing the costs onto Norfolk.

Peter Kautz from here attended a meeting of the Republican County Central Committee at the county seat Tuesday afternoon. Several vacancies were filled and a number of prospective candidates mentioned. The republicans, it seems, will have a hard time of it securing candidates for a "full" ticket, while one man is all so far mentioned as a candidate on the democratic side of the battlefield. Better let the prohibitionists and populists have the right of way this fall under the new primaries and watch Walt Goldie of the Nebraska Democrat declare his party affiliations.

About all the business men of Carroll, and a good share of the farmers hereabout have hot tickets for the Wayne Chautauqua and the attendance from this section of the county to hear Tillman and Kilties band at least is going to be a surprise. The efforts of Wayne to provide a high class entertainment is going to be taken advantage of by Carroll people.

A force of carpenters are at work on the stock pavilion and the structure is taking on form rapidly. The building is 64x72 feet and will be arranged with a spectators gallery around the interior. Its accommodations will answer every purpose of a stock sale, however extensive, and this fact will make Carroll an attractive point for breeders of high grade stock. The building is located at the head of Main street and shows off to excellent advantage.

Again thanking our friends and patrons for their kindness and liberal patronage in the past, We are,

Sincerely Yours,

Suitable Diet.

A jury in Blankville were sent out to decide a case, and after deliberating for a time came back, and the foreman told the judge they were unable to agree upon a verdict. The latter rebuked the jury, saying the case was a very clear one, and remanded them back to the jury room for a second attempt, adding, "If you are there too long I will have to send you in twelve suppers."

The foreman in a rather irritated tone spoke up and said, "May it please your honor, you might send in eleven suppers and one bundle of hay"—Lil-pincott's.

No Excuse.

Uncle John—Whew, we must stop now! The horse is tired.
Willie—You aren't a horse, Uncle John; you're an automobile.—Woman's Home Companion.

The Test of Endurance.
"Gracious, the way you theatrical people travel from place to place!" exclaimed the innocent person. "I should think it would take a great deal of endurance to be an actor."
"Oh," replied the actor absentmindedly, "long practice has made it possible for me to get along with very little food."—Des Moines Register.

Singular and Plural.
"Whenever she gets to thinking how much they're in debt it affects her nerves."
"Huh, the way it affects her husband is singular!"
"How singular?"
"Just singular. It affects his 'nerve.' He tried to borrow a hundred from me today."—New York Life.

He Proved It.
"Young Muggins is a mollycoddle, all right."
"What makes you think so?"
"I called 'him one.'"
"And what did he say?"
"He said he didn't think that was a nice term to apply to him and added that he felt quite vexed with me."—Pueblo Chieftain.

More Fashionable.
"The man of the house," said the man at the door who was taking names for the city directory, "is a blacksmith, I believe?"
"Yes," replied the young woman with the prominent pompadour, "but papaw is quite wealthy now, so please make it 'blacksmithythe.'"—Philadelphia Press.

The Boy's Opportunity.
"Now, wouldn't it be funny," said Popple playfully, "if I were to become a little boy again?"
"Mebbe it wouldn't be so funny for you, pa," replied his bright young son.
"If you was to be littler'n me, pa, I think I'd square up a few things."—Catholic Standard and Times.

Modern Concessions.
"Do you approve of automobiles?"
"To some extent," answered Miss Cayenne. "They enable one to clean one's gloves with gasoline without exciting suspicion."—Washington Star.

Though his work is free to the public he is the highest priced man on the program with the exception of Senator Tillman. Those who appreciate intellectuality of the highest caliber will find his work a gold mine of value. He lectured here a few years ago and those who heard him now look forward to his return with great delight. He gave this course at Lincoln last winter and there received plaudits unstinted. Miss Agnes Alexander, who has delighted the vast audiences of Ocean Grove for several years, will be present and render solos daily at the Bible hour, 10 o'clock. The Dr. John and Miss Alexander combination at the same hour ought to prove popular for all lovers of quality. She is one of few Chautauqua soloists that will attempt to render the common songs instead of presenting the songs of a classical nature only.

Orr & Morris Co., - Wayne

Fred and Helen Pile visited over Sunday with the folks at Crystal Lake.

Mr. Fisher, editor of the paper at Hartington, spent Friday in visiting the College. He returned home Friday afternoon with Mr. Miller.

Reverend of Wakefield spent some time visiting his daughter last week. He also visited several classes and took dinner with Prof. Pile.

Among the Chapel visitors lately were Rev. Horn and Rev. Ringer, who visited the College last week, both gave good talks which were very much enjoyed by the students.

A number of new students enrolled last week. Among the new ones are Messrs. Lofgren, of Ponca, Stephenson and Atkins, of Neligh; Misses Fields of Ponca, Johnson of Stanton and Clark of Randolph.

The play Saturday evening was a success in every way. The financial returns were good. Enough money have been made to completely pay for the scenery and the stage fixtures which have lately been installed.

County Supts. Teed and Marshall left for their homes Friday, after having taught in the College for the past four weeks. Their stay was very much enjoyed by all. Supt. Perdue of Madison arrived Monday to take up his work, and Supt. Pilger, of Pierce will be over next week, it being impossible for him to start in with his work this week.

The following is a notice copied from the Bloomfield paper: The base ball game played on the home grounds on July 4th between the Wayne College team and the home boys was one of the best games ever played here and very interesting to the big crowd from the start until Bloomfield made a winning score in the last half of the ninth inning. The Bloomfield lads made several greivous and costly errors, aside from which the game thruout was a closely contested one, with the best of feeling thruout. The only thing that occurred to mar the utmost good feeling and friendly rivalry of the game was an accident toward the close wherein a Bloomfield player in running between bases whirled suddenly and caught a Wayne fielder with the point of his elbow that resulted in a fracture of the fielders nose, and which we can hardly view in any other light than an accident. The game thruout was a good one, both teams being on their mettle. The College boys are a husky lot and every one a gentleman.

Good humor is rightly reckoned a valuable aid to a happy home life. An equally good and useful faculty is a sense of humor or the capacity to have a little fun along with the humdrum cares of life. We all know that it brightens things generally to have a lively, witty companion who sees the ridiculous points of things, and can turn an annoyance into an occasion for laughter. It is better to laugh over some domestic mishap than to cry or scold over it. Many homes and lives are dull because they are allowed to become too deeply impressed with a sense of the cares and responsibilities of life to recognize its bright and mirthful side. Into such a household, good but dull, the advent of a witty, humorous friend is like sunshine on a cloudy day. It is very tiresome to hear persons always striving to say witty or funny things, but it is worth while to realize what a brightner a little fun is to, and to have some at home. Some people can give a humorous turn to a reproof. Laughter is better than tears and scolding. Let's have more of it.—Contributed.

S. M. CLARK PASSES AWAY

Dies July 13, from Cancer of the Stomach. Funeral services held Tuesday.

The death of an old settler was announced Saturday when word came to Wayne that S. M. Clark, residing near Laurel, had passed away. He had been a patient sufferer from stomach trouble for a long time. So acute was the ailment during certain periods that he was unable to take nourishment in any form except by injection into the blood. It finally took form of a cancer of the stomach, and this with his advanced age made relief out of the question.

Deceased was born March 2, 1839 in Lawrence county, Penn. In 1886 he moved west and later settled in Nebraska. Death claimed him July 13, 1907 at the age of 68 years, 4 months and 11 days. A short funeral service was held at Laurel, when the remains were brot to Wayne, and Rev. Parker Smith directed the burial services which were held Tuesday afternoon from the Baptist Church. Interment was made in Greenwood Cemetery.

Deceased is survived by four children, two daughters, Mrs. Frank Hood of Denver, Colo., and Mrs. Gross, of Laurel, Neb., and two sons, one living at Laurel, while the other resides in the west. He is also survived by two sisters, residing in Wayne, Mrs. Huff and Mrs. A. J. McLaughlin.

For County Commissioner.

To the Republican Voters of Wayne County, Nebraska.

Upon, not only the earnest solicitation of friends throughout the county, but the unrelenting demand of my home people, I have consented to allow my name to go before the primaries as a candidate for the nomination of County Commissioner from the Third District, subject to the will of the Republican Voters of Wayne county.

AUGUST ZEIMER.

All this talk about war with Japan, Tillman says, is "bobtail rubbish."

The people of Stanton held a special election Monday and carried the proposition of city ownership of the electric light plant. \$5500 bonds were voted.

The Legislatures of North and South Dakota refused to pass 2-cent fare bills last winter and now the Milwaukee road announces that it will apply the 2-cent rate to all interstate fares including the Dakotas.

The thrice made Judge within the year, is a distinction belonging to Judge Welch. Governor Sheldon appointed him to fill a vacancy and now the people of his district are preparing to give him two elections at once.

If you want an office announce your ambition to the people. Publish the good news and spread it broad cast over the county. No method so cheap, so simple nor quiet so effective as the recognized purveyor of the news. The HERALD fills the bill far better than any other medium in these parts. It will bear the news into the best homes of the county and din it into the ears of every voter. It will work while you sleep and further your interests rain or shine. The people are anxious to assist the man who aspires, but they want him to come out in the open and advertise his wants.

"Of Such is The Kingdom" is the title of a book received with the compliments of its author, Richard L. Metcalfe, a Nebraska writer of much merit and widely recognized. Its contents is made up of short stories and sketches, that appeal to all that is best in the human heart. Then Mr. Metcalfe is a fascinating writer. There's a simple eloquence about his style that holds us as he leads the way into a gallery of thot, filled with beautiful pictures of life abounding in ennobling sentiment. Its a book truly "worth while" for it makes us better men and women. It is mailed for \$1.00 from Lincoln, Nebr.

It would be greatly to the convenience of people, as well as add immensely to the appearance of the city, if during the Chautauqua season, every business house along the street could leave its blinds up and the lights on thruout each evening. Nothing is more attractive than well gotten up show windows, and when goods are so displayed under a flood of light the effect is greatly heightened. The cost is small and all can well afford to put on metropolitan airs for ten days at least. And while the store windows offer their attractions and light the streets, the many beautiful homes of Wayne could render a similar service. Keep your porch lights going all the while, and when possible roll up the shades and drive darkness from your windows. Do this, and you will benefit yourself, and surely please the thousands of visitors that are coming to Wayne to spend the Chautauqua season.

The good people of Hoskins and vicinity are doing the right thing by presenting an acceptable candidate for county commissioner. August Zeimer is their choice, and with the announcement his name will be placed on the primary ballot for the indorsement of the Republican electors of the county. The candidate is to represent the Third district and while all the voters of the county are entitled to mark their

preference, the HERALD is quite sure they will recognize the justness of Hoskins demand for the place. The next commissioner, it is conceded must come from that section of the county, yet we understand, there is likely to be another candidate or two entered in the race for favor, for there are some who contend that the man should be more centrally located in the district. The primary leaves it to the majority to decide. Its a case where merit wins. So, trot out your men, the more the merrier.

The next fight, which will engage the reform element in the republican party, is the fight for a chief justice who will stand in the judicial department of our state government where Governor Sheldon stands in the executive department and where a majority of our last legislature stood in the legislative department. A corrupt Judge can nullify all the remedial legislation an honest legislature can enact and a brave executive enforce. In fact it is of greater importance that we have incorruptible Judges that we have a courageous governor. The republicans of Nebraska should not forget, therefore, that the most important duty is yet before them. The railroads will throw all the weight on their political machine in both political parties in favor of a candidate whom they can trust to declare unconstitutional the new rate laws and the acts of the new railroad commission. And since it is comparatively easy for a corrupt judge to hide his hand under the cover of legal technicality, the people will have to be on their guard lest they are caught napping.—Columbus Tribune.

For University Regent.

George Coupland, of Elgin, has announced that he will be candidate for Regent of the State University this fall. The old settlers of North Nebraska, who have known Mr. Coupland for the past quarter of a century, will pretty generally agree that he will make an ideal member of the board. It is pretty generally conceded that from an Agricultural stand-point the State University has not been up to the standard that should characterize a Nebraska institution of this kind. This is purely an agricultural state and always will be, and the State's money should be expended along the lines of the greatest good to the greatest number. If this is true, then Mr. Coupland is just the kind of man for Regent. He is an up-to-date and progressive farmer and stock-raiser. He is a man of culture and good education. He is energetic and enthusiastic in whatever he undertakes. He is not a one idea man, and while standing for a complete agricultural development of our State School, will not favor the impairment of the high grade already attained along other lines.

The man who aspires to the office of Regent must be actuated by motives other than mercenary, because there is no salary attached to the office. It is an office that appeals to the man who has an abiding faith in the love of our glorious state, and who has the foresight to appreciate what the future has in store for the future residents. We believe that in Mr. Coupland we have just such a man. He is in a position to spend all the time necessary for the duties of the office, a successful business man, of mature years yet in hearty sympathy with the progress and enterprise of this progressive age.—Aibion News.

The Demand for Judge Reese.

Sheldon has there been a more spontaneous and universal demand for a candidate for office on the part of the press of Nebraska than is now being made by it. In all parts of the state the newspapers are espousing the cause of Judge M. B. Reese and advocating his nomination for the position of justice of the supreme court. That the movement is a concerted one, tho without organization or arrangement, proves the strength of Judge Reese's position. He has not announced his candidacy. It may be he will not, tho there is hope that he will at least consent to stand for the nomination. It is simply a call to duty. That the press represents public sentiment in a large degree cannot be doubted. That in Judge Reese, which appeals to the press also appeals strongly to the rank and file of citizens. His fitness for the place.—his judicial training, his ability, his integrity and his splendid record.—Fremont Tribune

JUDGE WELCH IN THE RACE.

His Name Formally Placed on Placed on Ballot. No Candidate Against Him.

Application has been filed with Secretary of State Junkin asking that the name of Anson A. Welch be placed on the primary ballot as a republican candidate for Judge of the Ninth judicial district. Judge Welch, whose home is at Wayne, is at present serving as Judge of the Ninth district filling the vacancy created by the resignation last winter of Judge J. F. Boyd, of Neligh, who left the bench to take his seat in congress.

According to the call just issued by County Clerk George Richardson of Madison, Judge Welch must be nominated for and elected for two distinct terms of office, if he is to serve in his present capacity beyond January 1, 1908. Judge Welch was appointed by Governor Sheldon to fill an unexpired term. His appointment is effective "until the next general election," or until the coming November. On election day in November the appointment will end and there will be a vacancy in the office of Judge of the Ninth Judicial district. But the next regular term of Judge does not start until January following election. Therefore Judge Welch must be elected first to fill the vacancy existing between election day and the first of January, when the regular term begins; and secondly he must be elected for that regular term, beginning January 1.

Under the law one man could be elected to fill the vacancy between November and January and an entirely different man, if the voters desired, could be elected to serve in the regular term beginning January 1st.

All of these possibilities, however, will tend in no way to disturb Judge Welch's chances. He has made an ideal jurist, fair in his decisions and of pleasing dignity. He has given satisfaction alike to the bar and the laymen in the Ninth district and district and according to a number of leading democrats there is not likely to be any candidate in the race against him.

The Ninth Judicial district includes Madison, Pierce, Knox, Antelope and Wayne counties.—Norfolk News.

REV. T. C. OSBORNE WRITES

Tells What Irrigated Farms and "Dry Towns" are Doing for Western Nebraska.

EDITOR WAYNE HERALD:—I will redeem a promise made some time ago to send you a few notes from this section of the state.

We are located in Cheyenne County in the North Platte valley, about seventy miles north of the Colorado line and about thirty five east of Wyoming. The table-lands here parallel the river and on the north side extend back some ten or fifteen miles to the famous "sand hill" district; on the south side there is a succession of table-lands and valleys, reaching far down into Colorado.

Something over twenty years ago railroad advertising brought numerous settlers here; they found a fertile soil, good water and plenty of natural scenery but insufficient rain fall; insufficient at least for their method of farming in the east. In a few years many of the settlers "vamooseed" some went into stock and a few live on small irrigating canals along the lower valley. These latter pointed out the way and now the federal government is constructing a series of canals on each side of the river. The valley is again filling up with hopeful homeseekers and the old grudge between cattlemen and sheepmen is melting away for both parties are buying "John Deere" plows.

Some time ago I made a trip twenty five or thirty miles up the river to a point where the canals are already under operation and amazed to see the change made in a half dozen years. Comfortable farm buildings are being erected upon every hand. Land that three or four years ago sold from \$20 to \$30 per acre is now selling beyond the \$100 mark and owners will hardly let go. Hustling towns have sprung up. In Scotts Bluff, a new town of about 1000 population, I was told that over forty new buildings were going up. In the seventh year of its existence this young city is holding a successful Chautauqua. In Mitchell the next town above, over

\$1200 was raised and expended in celebrating Independence Day.— Surely there is patriotism for you! Scotts Bluff is the most western county in the state on the North Platte river, but it is no longer "wild, woolly and full of fleas."

Probably some of the Wayne people will be surprised to learn that young and lively as it is, there is not a soloon in the entire county. Cow-punchers no longer "whoop er up" under the influence of a jag. The genial editor of the "Democrat" who thinks that Wayne without saloons would be no fit place for a "live business man," ought to stop between trains at Scotts Bluff or Mitchell where the foundations for one of the richest sections in the state are being laid in the Sobriety, as well as the industry and intelligence of the people. Down here in Cheyenne county we are as yet without irrigation on the table-lands. The canal will reach us it time for next year's crop. Yet the farmers here are by no means idle. Rain-fall for the past few years has been sufficient for such as wheat, speltz, potatoes and even some corn. My crop of potatoes, corn and millet look fine and several acres of wheat grass will cut for hay. And say, what a pleasure it is to see things grow. "I sing of arms and of men" said Virgil long ago. Well, different here! I sing of potatoes and corn. Didn't an Emperor of Rome abdicate in order to raise cabbage? Didn't "Uncle Johnny Apple seed" leave a better name than Alexander? Isn't the farmer the physical and moral backbone of the American Republic? Well then, I say again: "Potatoes and Corn." Yours

Thos. C. Osborne.

J. A. Lister has sold his, Hartington Herald to F. D. Stone, a South Dakota newspaper man. Possession has been given and the paper comes to our table this week from the hands of the new editor, bearing evidences of skill and experience. The Herald has always been a good newspaper and a means of profit to its owner.

J. P. Neff, of Wakefield, an old friend of this writer, passed through Pender Wednesday on his return home from a trip through Iowa, Illinois, Missouri, Arkansas, Oklahoma and Kansas and he says he saw no country in all his trips which looked as well as Northeastern Nebraska. He says the whole country is backward and in many places the oats crop will be almost an entire failure. Mr. Neff says that the growth of Nebraska corn during his absence from the state has been remarkable and that a few more weeks of the kind of weather we are having would put us on easy street concerning our corn crop.—Pender Republic.

Mr. and Mrs. Rudolph Chrischillis and children came up from Wayne on Wednesday last week to spend the fourth, in Bloomfield. They remained here thru guests of the Needham families until Monday morning this week before returning home. . . . Miss Fern Needham, went down to Wayne on Tuesday with her cousin Niss Helen Chrischillis and will remain there a few days visiting. . . . The base ball game played on the home grounds on July 4th, between the Wayne College team and the home boys was one of the best games ever played here and very interesting to the big crowd from the start until Bloomfield made the winning score in the last half of the ninth inning. The Bloomfield lads made several grievous and costly errors as will be observed from the score given below, aside from which the game throughout was a closely contested one, with the best of feeling throughout. The only thing that occurred to mar the utmost good feeling and friendly rivalry of the game was an accident towards the close wherein a Bloomfield player in running between the bases whirled suddenly and caught a Wayne fielder with the point of his elbow that resulted in the fracture of the fielder's nose, and which we can hardly view in any other light than an accident. The game thruout was a good one, both teams being on their mettle. The College boys are a husky lot and everyone a gentleman.—Bloomfield Monitor.

SOCIETY GOSSIP

The Monday Club spent a pleasant afternoon with Mrs. Leisenring Monday. The club have taken up some special readings for the summer meetings.

The Missionary Society of the M. E. Church met with Mrs. Goodyear, last Friday afternoon.

The ice cream social, given by the Royal Neighbors Saturday, did a big business, and swelled their cash account to a goodly amount.

Dr. and Mrs. Leisenring entertained a few young ladies Monday evening, complimentary to their niece, Miss Kennedy. A most enjoyable evening was spent dancing to the music of the Cecilian. The intellectual contest, the naming of authors by their pictures, proved to be amusing as well as instructive. Miss Lela Tucker received the prize, which was a framed picture and motto: "Van Dyke's path to peace" Excellent refreshments were served. The guests were: Misses Marion Hyde, Winifred Northrop, Alice Kate, Edna Neely, Kate Bressler, Lela Tucker, Florence Wirt, Kate Gamble and Mary Mellor.

Mr. and Mrs. J. M. McClure, residing in the west part of the city, were made happy the past week, by having all their children at home for a family reunion which was held Saturday. This was the first gathering held with the old folks since the children left home. The sons and daughters present were: Arthur B. McClure, and Mrs. Mamie Riley, of Brunswick, Nebraska, Robert L. McClure, Menassa, Wis., Mrs. Geo. Trimrose, Baird, Kansas, Miss Cora McClure, Sioux City, Linn, McClure, Wayne and Mrs. Wm. Fabers, of Neligh, Nebr.

Miss Louise Mitchell gave a house party over Tuesday night, in honor of her visiting friend Miss Ula Tindell, of Chicago. It proved an interesting event socially, while music was the chief feature of the gathering. The nine young ladies comprising the party were: Misses Louise Mitchell, Eula Tindell, Ethel Lawrie, Laurel Lundburg, Fay Britton, Jessie Tucker, Queen Mellor, Monte Theobald and Mayme Feather.

Mrs. Arthur Auker entertained about fifteen ladies in honor of her mother Mrs. Wm. Benshoof, on Friday afternoon. The guests thoroughly enjoyed the day, and returned home with many compliments for the kindness and hospitality of Mrs. Auker.

The U. D. Club ladies with their husbands gathered at the beautiful home of Mr. and Mrs. C. H. Fisher on last evening to indulge in the delights of a picnic supper. The broad veranda was used for the purpose and an elaborate spread certainly provided the occasion for a merry feast. The cool air of the evening was in itself a source of enjoyment. The event adds another bright page in the U. D. social calendar.

A crowd of young ladies made up a picnic party last Friday afternoon, in a grove east of town.

A gathering at the L. N. Tharp home Sunday, was somewhat of a family reunion. Two daughters, Mrs. Killenger, of Brown county, S. D., and Mrs. Gimmell, of Carroll, with their children were present. These with the other members of the family residing in Wayne made a happy occasion for the old people.

If no other show than the "Siege of Jericho" by Gregory, king of fireworks manufacturers, was to be in Sioux City the week of the Interstate Live Stock Fair, September 7th to 14, inclusive, it would be sufficient to attract an enormous crowd. The "Siege of Jericho" is a biblical spectacle which cost \$20,000.00 to frame.

In a north Missouri town not long ago a boy was required by his teacher to write an essay on "The Mouth" and this is what he wrote: "The mouth is the front door to the face; it is the aperture to the cold storage of our anatomy. .....A WORD..... ABOUT SOME OF THE ATTRACTIONS

The "Kilties" Band, of Belleville, Canada, will furnish two big concerts. This is the only Canadian Band which was engaged at the World's Fair at St. Louis, and the band is now at Jamestown (Exposition). Watch for announcements.

United States Senator, Ben Tillman, of South Carolina, is known in the Senate as "Honest Ben" and the people of this country have endorsed the title. No man in the United States can get and hold a bigger crowd.

Dr. Jon P. D. John, Ex-President of DuPauw University, is too well known to demand comment. Judges, Statesmen, Doctors, the Clergy, and Educators, as well as the rank and file of the common people write in the highest commendation.

Dr. D. F. Fox, of California Avenue Church, Chicago, is known to many people in Nebraska. His lecture on "The Neglected Cavalier" is a master piece of eloquence and power, and is worth going fifty miles to hear. Dr. McIntyre says of him, "Don't miss his lecture unless you have a grudge against yourself."

A. W. Hawks, Humorist and Poet, who is known as the "Dispenser of Sunshine," has been secured for two days. Hawks is a born humorist and could not be otherwise if he wished.

Col. H. W. J. Ham, the Georgia humorist, in his lecture, "Old Times in Dixie," is a "whole show with a dog under the wagon." Col. Ham has been on every old Chautauqua program in the land and has more calls than he can fill. If you hear him once you will probably live ten years longer.

Hon. G. A. Gearhardt, of Buffalo, N. Y., is known as the man who always returns. He has a message for the people which has been received with great ovations. His "Coming Man" should be heard by every young man in the land.

Dr. Thomas McClary is known almost everywhere. He has the "humor of Artemus Ward combined with the rare oratory and learning of Wendell Phillips." His lecture, "The Mission of Mirth," has brought gladness to thousands. He is known as the "People's Favorite."

Elliott A. Boyl, should give his lecture, "The Seen and the Unseen," to every audience in America. He is an eastern man, well known in college circles. His lectures are noted for the wealth of thought, wit, humor, word paintings and good common sense.

Lucian Edgar Follansbee is a humorist, educator and preacher. He has more return dates than any other attraction sold by the Midland Bureau.

Frank H. Gamel presents a wonderfully beautiful illustrated lecture on "The American Boy—His Franks, Perils and Possibilities." Mr. Gamel has just added a series of very humorous motion pictures. Every boy and girl will be interested and instructed, and every father and mother should hear this lecture.

Spillman Riggs, Humorous Lecturer and Character Delineator, will give his "Musical Fits and Misfits," which has been delivered more than a thousand times. Mr. Riggs spoke at the Waterloo assembly last year to three thousand people. It was his second year there and he was at home.

Prof. J. Lorenzo Zwickey is a Canadian by birth and an American citizen by choice. His art lecture on the subject, "The Philosophy of the Beautiful," should be given before every public audience in the land. He illustrates his lecture with colored crayon work executed during the lecture.

Marvin Williams, Entertainer, is a man of education and culture. One of his "Jolly Evenings" is worth the price of a season ticket. He is called "the live wire."

"Ritchie," the Magician, will give one big entertainment which will attract five thousand people. He performs the famous levitation illusion.

The Ritz-Nebraska Combination consists of Miss Josephine Ritz and Miss Dorothy Nebras, who furnish, piano, violin and vocal music together with popular readings.

The Hite-Monroe Moving Picture Company is made up of a trio of artists well known in the Lyceum world. Chas. J. Hite, formerly operator and electrician with the Ben Hur Concert Company, and Mrs. Gertrude Monroe Hite, violinist, and Miss Jessie Beatrice Monroe, contralto soloist and pianist, are musicians of ability and reputation.

Carter's Original Virginia Warblers, one of the oldest companies now before the public, was first organized in 1893 and reorganized in 1905 under the management of Walter R. Carter. This company of singers is composed of carefully selected talent whose ability has been put to the severest test. They sing the real negro melodies, plantation and camp-meeting songs of olden days.

The Royal Malé and Trombone Quartette is one of the foremost quartettes in the country. They are young men, fresh from college halls, and sing with vigor and spirit, which not only pleases but captivates. This is their fourth Chautauqua season.

The Midland Concert Company and their almost national reputation is an interesting story which cannot be published in such limited space. The company consists of a Soprano, Violinist, Reader and Accompanist, each an artist. This company has a splendid reputation wherever they have given their concerts.

Miss Agnes Alexander, recognized as one of the best soloists that has appeared on the Ocean Grove program, will be present four days.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative and my book on either Dyspepsia, the heart or the kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the stomach, heart and kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness always. And the heart and kidneys as well have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the inside nerves. Also for bloating, biliousness, bad breath or complexion use Dr. Shoop's Restorative. WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. C. T. Barre, living in Wakefield, Neb., says: "I think Doan's Kidney Pills a fine remedy. For about two years I had been subject to Kidney trouble and had some very severe attacks. My back was very painful and ached so severely at times that I thought it would break in two. Accompanying this trouble was an annoyance from kidneys. The kidney secretions passed much too freely and I tried every kind of remedy without any relief. I finally learned of Doan's Kidney Pills. They not only stopped the pain in my back, but also corrected the action of my kidneys. I have not had an attack for over two months and give Doan's Kidney Pills the credit for this change in my condition."

The Norfolk Daily News is offering to give away to some popular young lady in this section a beautiful \$300 piano. Every penny in advance subscription on The News gives one vote and the young lady receiving the greatest number of votes by 6 o'clock August 31, gets the piano. Norfolk girls are barred from the contest and Norfolk subscribers are barred from voting, as that would be unfair. A "square deal" is being given in this way and some girl from a small town or in the country is going to get the piano. The instrument is to be a fine one, guaranteed, and one that any young lady might be proud of. Here is an opportunity to win honor and a substantial prize for some young lady of this vicinity and we would suggest that a candidate ought to be started by our citizens at once. There is every chance that she will win, with proper support from the people here. The News is the best newspaper in this territory for this locality, bringing more news of this territory to us than all other papers and bringing more telegraph news, including live stock and grain markets, a day ahead of other city dailies. The price is \$3 per year and a \$3 advance subscription would get 300 votes. Start somebody from this section today! Yours truly,
The Norfolk Daily News.

People who work for themselves, especially mothers, often glory in not taking a vacation, in staying forever at home, in sticking solidly to what they believe to be their duty. To you, my conservative reader, a vacation is just as necessary as it is to the tired teacher or the faithful clerk; and for the same reason—that you may do more work when you do work, and do it more effectively. The duty which holds you will be better performed, the home that you are guarding will be better kept, and the cheerfulness, and courage, and optimism which you need will be more readily summoned, if you take time—not next year, but in the remaining weeks of this very summer—to drink in the stimulant of new faces, new landscapes and new experiences. The wrong way

To select harness is the way it is usually done. Price is generally the first consideration. If that is very low the harness is not attractive, regardless of quality. Judge for yourself the quality of this harness. Examine it to the quality of this harness. Then it will be seen that it is worth almost any price. But our prices are not high. Value considered they are remarkably low.
