PIONEERS HOLD A PICNIC

Bressler's Grove the Scene of Their Seventh Annual Gathering A Day of Feast And Sunshine.

It was distinctly and almost exclusively, a Pioneers and Old Settlers Picnic. The fact that it was held a little late in the season, the absence of an advertised prominent speaker, and a band to enthrall and entertain, the Wayne Commercial Club was paying a return visit to our neighbor city, Wausa, and that many of the local merchants, while not wishing to slight the picnic, felt duty bound to attend the former attraction, all helped to prevent the general public from going out to Bressler's grove, one and one-half miles north west of Wayne, on last Thursday. But the "oldfellows" were there and their wives; about 300 of them from Randolph to Pender, and from Wakefield to Hoskins, they came with their baskets of dinner and their stories of "35 years ago," and from ten o'clock in the morning until five in the afternoon they visited, swapped reminiscences, ate fried chicken, had their pictures "took" and grew young again under the spell of the occasion.

The "69ers" are getting scarce. Out of a total of seven heads of families, who drove or walked into Wayne county within four years after the Civil War closed, four, to-wit: Dr. R. B. Crawford, Richard Russell, Isaac Miner and Alf Jones were present, while the remaining three: J. W. Maholm, Philo Graves, and J. L. Hunter are still living and ought to have been there. And from these clear down to the youngest old settler of ten years ago, all united in making it a reunion and commercialism was not present.

The same reason for the changing of the date on which the President of the United States is inaugurated, from March 4th, to a day on which it won't rain, prompted the adjournment of the usual time for the holding of the picnic to September 5th, and the weather man got good and made the sun shine and the sky clear and the air comfortable. A goodly number attended the morning exercises and later spread the contents of those big baskets out for satisfaction of that open-air-hunger, which always gets around at picnic times. Dr. Crawford, president of the association, had made his address, a short business session had been held, and Professor M. S. Davies' male quartet had delivered several excellent selections, but the choice morsels had been reserved for the afternoon session, when the program committee had reminded about a dozen of the old timers that they would be expected to make five minute addresses. A number responded, but the most of them squirmed and begged off.

Judge H. H. Moses, who had been assigned the topic: "fishing," scorned the imputation that he was a fisherman, said he could not recognize a fish unless it was cooked, and said it was a dangerous practice, anyway, to a man's reputation for truth and veracity to tell fishing stories, and then proceeded to tell a lightning story that made those present speculate as to whether the Judge's reputation would have been less damaged if he had stuck to his assigned subject.

John Kate insisted he came to Wayne county 31 years ago and has been here ever since. It sounded like John expected his audience to believe his statement, even tho' nearly everyone in the audience knew it to be a historical fact that the city of Wayne's most celebrated hen-specialist dropped into here from Iowa eight short years ago. But John's pipe evidently had not gone out yet, for he proceeded to convulse his hearers with laughter, with his account of his dream to the country beyond the pearly gates where, in this modern age, they have installed a long row of 1907 model X-Ray Incubators into which are placed the probationers, for the 21 day period, to ascertain if they are fertile with unselfishness and brotherly love.

And John was shown by an attendant Wayne county's contingent of pioneers, all of whom had passed but Dr. Crawford, James Britton and B. F. Feather who would not stand the test.

And so the day all too quickly passed, and then the horses and carriages began to leave with their homeward bound loads, the goodbyes were said with the hope of another day next year just as good or better.

The historian's list of deaths for the past two years was as follows:

CAPTURED DOWN IN KANSAS

Sheriff Mears Goes After George N. Hardesty.--Wanted for Mortgaging Another Man's Property.

Chas. N. Hardesty, who has been wanted by the authorities of Wayne county since early in July, has been apprehended at his old home down in Kansas, and on Monday Sheriff Mears left for southern Kansas to bring him back, when he will be placed on trial for giving a mortgage on property not his own.

Sometime in June Hardesty entered into a contract with E. A. Bullock, of Norfolk, for a complete threshing outfit and traction engine, representing to the salesman that he was possessed of sufficient resources and could provide the required security. Its very evident that the Norfolk party failed to investigate the reliability and financial standing of Hardesty, yet his condition was well understood by the Wayne implement dealers.

However, the machine and engine was delivered and a chattel mortgage covering the two, and also including a team of horses, several head of cattle, and a wagon, was taken. It afterwards developed that the additional security given was on property belonging to Andy Blazier with whom Hardesty and his wife were living. When his true condition was discovered by the machine company a warrant was sworn out for Hardesty, but he had lit out for other parts and the Sheriff was unable to trace him until recently.

The threshing outfit has remained at the Blazier farm, south-east of Wayne, unused all this time, pending Hardesty's capture.

Bancroft Bridge Almost Useless to Indians.

Lyons, Nebr., Sept. 10.—Loris Higgins' ghost will not down, according to Indian superstition. Since Higgins was lynched by the mob near Bancroft, they say: "White man he come back and sit on bridge all night." So no Indian has dared to cross the bridge since the lynching at night, and even when they cross in the day time they make their horses go at a "dead run", load or no load. One or two will not cross the bridge alone; they wait until they get a crowd, and then go with a whoop across the fatal bridge. Last week a party started from Bancroft for their home on the reservation, and as it was getting late they urged their horses to utmost speed so as to get across the bridge before sundown, as that is the time they claim the spirit of Higgins takes his station there, in a sitting position. As they neared the bridge their speed became greater, and all began whooping, yelling to help drown down their fear.

A smaller party heard a din and noise and that the spirit had attacked the Indians, so they got scared and returned to Bancroft to await the rising sun before they would attempt to cross.

And now they will not go across the bridge even in daylight, but go up around by Pender, some twenty miles out of their way.—Norfolk News.

Case After Case.

Plenty more like this in Wayne. Scores of Wayne people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Frank Theilman, living in the north east part of Wayne, Nebr., says "Last spring I had a great deal of trouble with my kidneys. The trouble seemed to come on by spells had seemed to make my work twice as hard. I noticed that when the pains were most severe across my back the kidneys were most irregular in action. I saw Doan's Kidney Pills advertised and seeing that they were highly recommended for such complaints procured a box. They acted exactly as represented in my case and it was but a short time before the backache had entirely disappeared. I have suffered no return since and give Doan's Kidney Pills my hearty endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

Harmful Stomach Dosing.

The best physicians believe that the less medicine one swallows the better.

Do not try to cure catarrh of the head by dosing the stomach; this is neither common-sense nor scientific. Breathe Hyomei, and its medication will go right to the spot where the catarrh germs are present and free the system from all catarrhal poisons.

E. J. Raymond has seen so many cures of catarrh made by Hyomei, some of them chronic and complicated cases, that he gives an absolute guarantee of cure or money will be refunded with every outfit he sells. The complete Hyomei outfit costs but \$1.00.

The Annual Gold Production in the Initial Years of the Last Five Centuries

1500	-	-	\$ 4,000,000
1600	-	-	\$ 6,000,000
1700	-	-	\$ 7,000,000
1800	-	-	\$ 12,000,000
1896	-	-	\$203,000,000
1906	-	-	\$305,000,000

At the present rate of increase the year 1907 will produce the grand total of \$425,000,000 while financial experts predict that within three years the annual production will reach \$500,000,000 and that in a few years the production will reach one billion dollars in gold per year.

This marvelous increase in the production of gold was made possible by the new improved methods of working low grade ore; to these improved methods the King Solomon Company will add water power to still farther reduce the cost of production.

Do You Know What This Means to the Investor?

It means that the working of low grade ore has added millions in dividends to the holder of mining stock and it has added millions more to the value of those stocks and at the same time Has Increased the Certainties of Mining More Than 6,500 Per Cent. The King Solomon Mining and Transportation Tunnel is being driven to open vast ore deposits of proven value; add to these the large bodies of high grade ore already opened by the tunnel, a main line of railroad and an immense water power right at the portal of the tunnel and you have one of the most economically arranged mines in the state of Colorado. This stock is non-assessable and carries no individual liability.

ILLEGAL LIQUOR SELLING.

Carl Schneider an Ex-Saloon Keeper at Winside Charged With Violating the Law.

Last Thursday, Carl Schneider, of Winside was placed under arrest on a charge of selling liquor without a license in violation of the state law.

Up till last spring Schneider conducted one of the three saloons in Winside. When the village board raised the license to \$1,700 and cut the number of saloons to one, Carl Schneider happened to be one of the victims of their wrath with Martin Redmer as the other. Denied a license by the board and yet possessed of a stock of liquors and an empty store room, Schneider has been subject to a temptation that he apparently could not resist.

Almost from that day he has been suspected of doleing out his spirits to various parties. The store room was converted into a sort of a lunch house, where soft drinks, sardines and crackers were kept for sale. Under this guise he had done a considerable business in goods supplied from the back room and cellar. "Cap", Hill, the village marshal has had him spotted all along, and Saturday he closed in on him and turned a good case into the hands of the county attorney. It appears that Fred Kohl, a young farmer living near Winside, carried a jug in a gunny sack into Schneider's and after he had it filled, he carried it back to his buggy, and was met on the way by marshal Hills, who took the sack and jug into his possession, while Kohl "fessed up" to the jug containing two gallons of a mixture of whiskey and wine and that he had just bot it of Schneider.

The complaint against Schneider contains two charges; one for selling liquor without a license and the other for having liquors in his possession to sell without a license. Each court making him liable to a \$500 fine and the confiscation of the liquor taken.

A preliminary hearing was held before Justice Henry Lucas, at Winside yesterday, and Schneider was bound over to the District court for trial. The stock of wines and liquors estimated at a cost of \$1500, has been siezed and locked up in the town hall.

LATER—Schneider waived a preliminary hearing yesterday on the charge of selling without a license and will appear before Judge Welch Saturday and plead guilty to the charge.

It is likely the other charge will be dismissed should Schneider succeed in getting his stock of liquor out of the county within the next two weeks, provided the same are not ordered destroyed by the court in passing the sentence in the other instance.

You make no mistake by attending the Eiler show. Will exhibit at Wayne Sept. 19.

Mr. Siminon who lives on the old Schnur farm south of town brot in a wagon load of apples yesterday that were certainly things of beauty and a joy to look upon. They were of the "Wolf River" variety, perfect in shape and color and measured as large as fourteen inches in diameter and several tipped the scales at twelve and fourteen ounces. They excelled in beauty all the pretty pictures of apples we had ever seen, and the extravagant little paintings of the old time tree agents are now being realized. Mr. Siminon says he gathered from six to eight bushels from a tree and his load yesterday was taken by Ralph Rundell.

Fred R. Hagelin, who will be remembered by Wayne people of a dozen years ago, when the family owned the farm lately purchased by Arthur Parry from M. Von Seggern, was married lately to a young lady at Whitehall, Mich. Fred completed a course in the Nebraska University Law School a few years ago and went to Idaho where he set up in the practice of his profession at Nampa. He has gained the confidence and respect of the people of his Idaho home and last fall they elected him Probate Judge of Canyon county. The news of his success as a lawyer and his elevation to the dignity of a Judge is good news to his old friends and now that he has taken unto himself a helpmeet, its high time we turn in and send him our congratulations. All the Wayne boys that have cast their fortunes in the great West are attaining to positions of trust and influence, thus surely making good.

At Rest in Jesus

Mrs. Winifred Mears, Doty, was born in Grinnell, Ia., Feb. 20, 1879. Her family came to Wayne as pioneers in 1882 and are loved and highly respected by all who know them. Mrs. Doty received her education in the high school and the Nebraska Normal at Wayne, and afterward graduated from the St. Joseph Hospital of Sioux City, as a nurse, which profession she followed with great enthusiasm and success while her health permitted her to do so. Many of her patients testify to her loving disposition and her skillful nursing which brought them back to health. Her health becoming impaired she went to Shadron, Nebr., while there she became acquainted with Mr. Doty to whom she was married April 1st 1906. They moved immediately to Manilla, Iowa, where Mr. Doty engaged in the jewelry business and at this place they both united with the Presbyterian church. As was natural for Mrs. Doty she was active and enthusiastic in every branch of church work. They moved from Manilla to Manning, Ia., where Mr. Doty became a partner in a drug and jewelry business and here again took up with the Presbyterian church the work of the Master who seemed to be calling her. She was vice president of the Christian Endeavors and an active and earnest worker and advocate of missions. While everything possible was done to restore health and prolong life all seemed in vain and on Sept. 2nd at 2:15 p. m. the final call came, and the home which had been so happy so short in duration was robbed of its cheerfulness, but the home beyond has added unto its glory. Home was especially dear to Mr. Doty having lost his mother when a mere child and never having known the joys of a home until he was married. The funeral services were held at the parents home in Wayne, and conducted (in the absence of the Presbyterian Pastor) by Rev. Parker Smith. The remains were laid to rest in the Greenwood cemetery. The husband and parents have the sympathy of the entire community in their time of sorrow.

If you want to build a fence this fall call and see us about the "Pittsburg Perfect."

John Kate and E. J. Raymond are taking in the Carnival and Stock Show at Wisner today.

Miss Clara McGinty has gone to Creighton, Nebr., where she will attend the Sister's Academy during the year.

T. S. Goss is grandpa now, because a son was born to Mr. and Mrs. E. R. Gibson at Sioux City on Tuesday Sept. 10, 1907. Mrs. Goss was a passenger for Sioux City yesterday to be with her daughter for a time.

Leslie Crockett, formerly one of the HERALD force, was down from Bloomfield between trains Saturday. He has been filling the position of clerk in a hotel at that place, and seems to be well satisfied and doing well. For good, conscientious work Leslie is always there, and deserves the best of jobs.

Mrs. A. L. Tucker, one of the most prominent members of the Monday Club expects to be absent this winter, the club gave farewell porch picnic in her honor, Wednesday afternoon, at the home of Dr. and Mrs. Wightman. At five o'clock tables were set on the large porch, all enjoying the refreshments. After supper the Dr's famous plum tree was sampled. The beautiful day, the beautiful home and a jolly crowd all helped to make the event enjoyable. Each one tried to show Mrs. Tucker how much she would be missed and wished her a pleasant winter in sunny California. Mrs. Bethol, Mrs. Kate's mother was a guest of the club.

The Wayne delegation, some 85 in number, that attended the Wausa Carnival last Thursday, were accorded a right royal reception and were entertained sumptuously. With big delegations from Carroll and Randolph our representatives were met at the train by the Wausa Improvement Club. The parade was headed by the Wayne band and it evidently proved a gorgeous pageant from the way the boys have described it since their return. Yet in the point of a "hot time" with a superabundance of good, clean, sober hilarity (if such a thing is possible) the evening parade beat it a city block. Everybody was not only feasted, but treated to lemonade and real cigars, and they returned home with a hundred reasons to thank Wausa for her hospitality.

Eiler's Big Show

W. A. Eiler presents "Ralph R. Richarhson in a new sensational Five act western play, written expressly for him by the well known author, Hal Reid, entitled "King of the Cattle Ring." It is a charming story of love and adventure. The scenes are laid in the mining regions of the golden west, the play is rich in pathos and fairly bubbling over with mirth and merriment. The members of the supporting company have been selected from the very best material which the dramatic market affords, and during the action of the play a number of pleasing specialties will be introduced. The scenery and all accessories are appropriate and abundant, and nothing has been neglected which may have a tendency to insure the success of the play. "The King of the Cattle Ring" will be presented at Wayne on Sept. 17th under a big tent.

The Nomination of Reese.

Although it may be some little time yet before the exact majorities are known, it is plain that the republicans of Nebraska have chosen as the candidate to hear their ticket for supreme judge Manoan B. Reese of Lancaster county. Judge Reese receives this high honor directly from the rank and file of the party who have for the first time under the new primary law made their expressed desire effective without the intervention of delegates or other intermediaries.

Judge Reese served six years on the supreme bench, being retired in 1889 at the close of his first term as a consequence of the manipulation of hostile railroad politicians. Ten years later, just before Nebraska had fully emerged from the dark age of populism, he was nominated a second time, but succumbed to a coalition of democrats and populists on a fusion opponent. In this preliminary primary campaign Judge Reese's candidacy has been championed by the self-styled "progressive" element of the party, demanding for him restoration to his former place in vindication of his previous sacrifice to the cause of reform.

The Bee has already recalled the fact that it had supported Reese as the party candidate twice just as it had supported Judge Sedgewick six years ago and could conscientiously support either again, even though it saw no good reason why Judge Sedgewick should be deprived of his second term. The Bee has also recited in this campaign what it had said of Judge Reese when he was last nominated in 1899, and it reiterates again, as follows:

In Judge Reese the republican party presents to the people of Nebraska a candidate who has often been tried and never found wanting a man who laid down the judicial ermine he had worn for six years as spotless as when he first donned it. Coming unsought and, in fact in spite of repeated declinations, the

nomination of Judge Reese by unanimous vote of a representative and harmonious convention is an honor rarely conferred. It is an expression of confidence and esteem that comes to but few men in a lifetime.

The prospects now are that the vindication which should have been given to Judge Reese at that time is at last to be accorded him and there is no valid reason why every republican irrespective of previous preferences, should not rally to the ticket headed by Judge Reese.—Omaha Bee.

A gentleman at Hartington who has been liberally favored by the public says that he doubts the sincerity of a man in office places his patronage regardless of party politics. The man himself is of good general principals and of clear political insight and no doubt honest in his conviction, but the Blade thinks his reasoning is faulty in this matter. The patronage of any public office is wholly non-partisan in its creation. It is not the private property of the man who happens to be temporary in charge of it. The expenses incident to any such office, if legitimate, will go on long after incumbents are forgotten. After a man's election, be he of the highest type, he will know neither friend nor foe. He will do his best to conduct his office for the common good. Coleridge Blade.

One thing stands out like Mars at Perihelion in the state judicial contest just ended at the primaries. That is there should be a change in the law with respect to the pay of the clerk of the supreme court. The constitution establishes a maximum of \$1,500 a year for this official but the legislature has from time immemorial, given the clerk all the fees of his office. The clerk not being compelled to account for these the amount is not known, but it is generally understood that they amount to a good many thousand dollars a year, and it is an unwritten law that the clerk out of these fees shall protect the interests of the members of the court to whom he owes his appointment. What would Judge Sedgewick's campaign for reelection have amounted to had not H. C. Lindsay, clerk of the court, engineered it? Why should the clerk of the supreme court be permitted to retain the large sum of money that comes into his hands as fees? Even if his pay be based on the income of the office in fees there should be a limit placed on it, as is done in many county offices. Clearly the campaign just ended emphasizes the need of the change with respect to salary of the clerk.—Fremont Tribune.

INTEREST IN SUNDAY SCHOOL

Laymen Talk at the Baptist Church Sunday and Interest a Good Crowd of Listeners

A crowded house at the Baptist church Sunday morning listened with marked attention to the program which was given in the interest of the Sunday school.

The choir under the direction of Prof. Davies rendered several excellent selections after which O. A. King made a short talk on "the relation of the Sunday School to the Business World." He told how the Sunday school had grown since it was founded in 1789 by Robt. Raikes until in the United States alone it now numbers more than 14,000,000.

He pointed out a number of our most wealthy and influential business men such as Wanamaker, Rockefeller, Shaw, Bryan, Roosevelt and others that are doing a great deal for Sunday school and its work and closed by making an appeal to the business men to lend their sympathy hearty co-operation, and presence in the Sunday school in helping form Christian character in our boys and girls. Prof. Wilson followed with a short but very able address on the Sunday school a factor in education in which he stated that the conditions in the day school were such that to a certain extent the spiritual side of the people was not educated as it should be.

He placed the spiritual even above the education of the head and hand in the making of good citizenship. He cited instances of men who had not received the advantages of common school education but whose education from the bible had placed them among the greatest.

Rev. Parker Smith closed the services by giving some facts and figures and also showing the close relation between church and Sunday school.

He made the statement that 85 per cent of the church members came into the church through the Sunday school; that 95 per cent of the working force of the churches were influenced to make the start in the Christian life through the Sunday school and that 75 per cent of the churches were first organized as Sunday schools. He stated that the Sunday school and church had grown so much together in interest, and in the same cause that they should no longer be classed as separate. He closed by admonishing the parents to come and bring their children in stead of sending them as is so often done.

THE MODERN "PITTSBURGH PERFECT" WIRE FENCE, WELDED BY ELECTRICITY.

What a Marvel it would have been to Abraham Lincoln, splitter of rails.

Mr. Farmer: Your progressiveness is keeping you in close touch with improvements in farm machinery, in dairy methods, and with all the scientific facts that bring about the greatest possible agricultural production.

You are also informing yourself about fence. We know you are.

- First—there was the stone fence of medieval history.
- Second—pioneer America converted its timber into rails.
- Third—somebody found a way to weave wire and slats.
- Fourth—along came barb wire, with its marvelous sale.
- Fifth—machines were invented to twist or clamp one wire around another: the woven wire fence.

But, most important of all, electricity now welds the wires at the joint, making no longer necessary these wraps and clamps. Stay and strand, wizard-like, become one.

The greatest step forward in fence building is thus accomplished at a single, master stroke.

Of course, you are not using anything else. Surely you are familiarizing yourself with this remarkable improvement, to be found only in "Pittsburgh Perfect."

PREPARING FOR NEXT YEAR

The Chautauqua Association Hold a Meeting and Decide to Incorporate.

A mass meeting in the interest of the Chautauqua was held at the opera house Monday evening, while not largely attended, yet those present were representative of the active promoters of the idea. The purpose of the gathering was to outline plans for the coming year so that the necessary talent might be engaged and the program announced at an early date. It appeared to be the sentiment of all that the Chautauqua assembly for the coming year can be managed and conducted by the local association alone, and thus do away with the practice of sharing the gate receipts with an outsider.

After a discussion of ways and means it was decided to incorporate the Association on a basis of about \$25,000 divided into share of \$50 each. For the purpose of making arrangements looking to this end, a committee of five was appointed of which the following are members: Prof. J. M. Pile, Jas. Britton, R. Philleo, Prof. Wilson and E. R. Lundburg.

This committee will arrange the details and prepare the articles of incorporation and report at a meeting to be held on Monday evening.

Not more than five or ten per cent of the capital stock needs to be paid up, in order to start things a going and provide necessary funds until the opening of the Chautauqua sessions.

A Cut Rate Price.

This is the first campaign in Nebraska in which political bosses put no figure. The people will nominate the candidates and afterwards elect them. You are one of the people and should take an active interest in these primaries and elections hereafter. Politics from now on means a square deal for the masses, lower passenger rates, lower freight rates, less extortion by trusts and combinations. These things can only be accomplished by every honest voter making it a part of his business. The people can only know what is really going on by reading the newspapers. But you ought to read a newspaper that can print the truth about all the candidates; a paper that has no self-interest in politics; whose owners are not office-holders or office-seekers. The publishers think the State Journal is such a paper and in order to prove it to you make the special offer of only 50 cents from now until after election; seventy-five cents if you want the Sunday also. The earlier you send in your order, the more you get for your money. Lincoln is the news center.

Amendment to Articles of Incorporation of Citizens Bank.

I, D. C. Main, Cashier of the Citizens Bank of Wayne, Nebraska, hereby certify that at a meeting of the stockholders of said Bank, held at its office in Wayne, Nebraska, on August 6th, 1907, Article Five, of the Articles of Incorporation of said Citizens Bank was amended to read as follows:

ARTICLE V.
"This Corporation shall commence business on the 6th day of September, A. D., 1887, and shall continue for a period of forty years; unless sooner dissolved by the consent of a majority of its stock vote."
Witness my hand and seal of said Citizens Bank, this 22nd. day of August, 1907.

Cashier

So many musical comedies are built without rhyme or reason that the public in general have about come to the conclusion that the only make up of this style of stage production is the stereotyped string of vaudeville acts, a number of choruses and an opening and closing speech. Wood & Ward, realizing this state of affairs cast about for a comedy that would have an original plot and dialogue that necessitated the introduction of either a chorus of young women or a number of vaudeville acts to make the "Two Merry Tramps" a success. This attraction will be the offering at the Opera House, Tuesday, Sept. 17th. Prices 25, 35, 50, and 75.

STEALS HIS FATHER'S TEAM

A Wayne County Boy Tries to Dispose of Valuable Horses at Fremont

The father of Elmer Mack, a boy who ran away from Wisner with a team of horses, promptly paid a reward of \$50 dollars for the apprehension of his son in Fremont. He gave Sheriff Bauman the money this morning. The sheriff divided with John Lind, who first reported the presence of the runaway boy in Fremont, and W. C. Wiley, who had part in cross-questioning the latter.

Elmer C. Mack, a boy of 19 years of age, who ran away from his father's farm near Wisner taking a valuable team of horses and driving outfit with him, was arrested in Fremont late yesterday afternoon by Sheriff Bauman. He had driven overland from Wisner to Fremont and here was attempting to dispose of the team at a low price when he was apprehended. The team was turned over to the young man's father, who arrived in the city today. It is not the intention of the father to prosecute his son.

Mack tried to sell the stolen outfit to John Lind, who was with the saving gangs near the corner of Military and Broad streets. Mr. Lind thought the boy's story of how he acquired the outfit sounded fishy, and notified the sheriff. Sheriff Bauman when he arrived assumed to be interested in the horse buying business himself and opened negotiations for a purchase. He was finally offered the whole outfit for \$250 in cash, when its value was probably twice that. Thereupon he arrested young Mack and took him to the county jail.

Mack said his name was Harry Hampton and that he was a farm hand. He claimed to have been employed until recently by John Korat twenty miles northwest of Hooper and exhibited a roll of \$60 in bills which he said he had saved from his earnings. It took the sheriff three hours by the "sweat" process to break down this story. The officer finally got his prisoner tangled on some points, and then the latter admitted that he was Mack a runaway son.

Sheriff Mears of Wayne county was notified and he came to Fremont at once. He said that Mack's father had been looking for him since Monday and had got out cards describing him, intending to send them over the country.—Fremont Tribune. (Friday)

Many pleasing things have been said during the past season by the critics, not only in the larger cities but in the smaller cities as well and where Wood & Ward's production of the "Two Merry Tramps" has been presented the press comments have been most flattering. It is a musical comedy in three acts. The title of the play is somewhat misleading and it is only the title as from the rise of the curtain on the first act to the finale is just one of the cleanest, jolliest and liveliest of the comedies that has enlivened the musical farce comedy world. Never for an instant does it bring a blush but instead creates laughter that is irrepressible. This attraction will appear at the Opera House Tuesday, Sept. 17th.

R. A. McEachen is home from an extended trip over the country which included a visit to some half dozen state fairs as well as an interesting journey thru Canada. In the northern country he found everything booming especially the towns and cities which were building up rapidly. While the seasons are always rather short, yet this year the frost came earlier than usual and during his stay there the frost King was quite active in his operations. While he saw lots of green oats yet an excellent crop of wheat was being harvested. The travel thru Canada at present seemed something remarkable, the trains often running in several sections and always crowded to the platform, yet he found the passenger traffic congested most everywhere he went, whether in the states or out.

CONFIDENCE

What a wonderful amount of meaning there is in that word CONFIDENCE. The business of the world hinges upon it, it applies to all walks of life. If you have no Confidence in your Doctor, he can not cure you, and if you lack confidence in your Lawyer he will loose your case, you must have confidence in our Preachers and Teachers or their efforts are wasted, and in particular does this apply to the Clothing business. We are proud to state that our methods of conducting our business are not only winning the confidence but the friendship of the people as well, AND WHY? it is not because we are continually offering you splendid suits worth \$12.00 for \$9.98 or that we are paying the newspapers a liberal amount to advertise our unprecedented and impossible bargains, gathered from the slums and sweat shops of New York. But, it is because we handle merchandise from Manufacturer's who are the Top Notchers in their respective lines of goods, and our business methods are always in strict accordance with the promises made in our ads, we believe in keeping our capital active, our mind and body employed, and making a few dollars for the benefit of ourselves, but we exercise at all times a just consideration of our customers.

JUDGE US

Judge us by what we are doing. Judge us by the clothing you see your freinds and neighbors have purchased of us, go to your friend who you see with a suit like yours and ask him what he paid for it, and then judge us by our price. That is all we ask. You will find our clothing just right in ever way, ways you hadn't thought or heard of before.

When you buy a KUPPENHEIMER hand tailored suit of us from \$17.50 to \$25.00 you are getting the TOP NOTCH in men's clothing, the Best the market affords and it will keep it's shape as long as you wear it, and you get an absolute guarantee with each suit and Over-coat. The new fall patterns and styles are here for your inspection, and to say they are swell does not express it, come in and look them over.

THE WIDOW JONES and VIKING SYSTEM clothing for Boys and Children are the Top Notchers in their line, and we sell more Boys clothing than all the other stores in Wayne combined.

The HAWES hats are the best \$3.00 hats in the country, and their styles are always one season in advance of other makes, you may be ignorant, but with a HAWES hat you will look smart. We also have a full line of the John B. Stetson hats, \$4.00 to \$5.00.

Selz Royal blue, and Rice & Hutchings All America, are the BEST \$3.50 and \$4.00 shoes, none batter at \$5.00

STALEY all wool underwear, well, nuf said, for every man, woman and wee small child in Wayne Co. knows what STATLEY means,—the best underwear on earth—and this changeable weather is just the time for you to commence to wear it, keep free from colds and Rheumatism, and you will enjoy life and be happy.

DON'T GET CAUGHT

When you want to buy an article, don't be govered too much by the market price—look to the value, the worth, the texture, the trimmings and make of the goods themselves. A comparison thus made will show conclusively that the prices we quote are lower than goods of equal worth or quality can be bought for elsewhere. A look is what we ask from you, and you will join the big classes who have confidence in this store.

Creighton News: Mrs. J. H. Nurenberger is enjoying a visit from her mother, Mrs. Baker of Wayne, and her sister and husband, Mr. and Mrs. Chas. Ager of Emerson. They arrived Thursday.

If boys and young men could only realize how much comfort and pleasure it means to their parents when they are steady, reliable honorable and obedient, and how much pain they cause by disobedience, reckless living, idleness and the like. I believe there would be fewer of them with the latter habits. Whenever you hear a father speaking proudly of his son there is something to him. Mothers are often blinded by their devotion, but the Old Man generally sees things as they really are and only gives credit when it is due.—Ex.

Wisner Chronicle: The Chronicle was misinformed as to the wedding of Fred Keenan and Miss Agnes Powell, which the alleged groom positively denies....Durrin, the Wayne marble man, erected a fine stone at the grave of Mrs. Neba Davis Preston Monday. It is a Minnesota granite of handsome design....The following-named veterans of the German army attended the encampment and reunion at Omaha this week: Hans Guthardt, W. C. Splittgerber, Hans Krieger, D. Spoering, George Lehmkuhl, Peter Horst and Claus Sievers.

This bit of philosophy, evidently inspired at a base ball game, appears in "Daily Drift" in the State Journal: "Too many people try to get runs without earning them." How well it would be if the distinction were often made in business—if the man, in the affairs of commerce, would try to have his tally made only on clean play and not upon the mistakes of others. And there's another rule of the diamond that might be applied: It is positively forbidden to block a runner. Let us take for instance Mr. Rockerfeller: In the game he has played how many runners has he not only blocked, but held and choked him to commercial death while he was within a foot of a bag?—Ex.

Margaret Heckert and Blanche Elliot of Wayne, who have been visiting Doraine Holtz, returned to their home last week Friday.... Just before going to press we received word from M. S. In the class were 24 entries and first means something when showing against the best in Nebraska....On every hand we hear only the highest praise for the Wayne band and the excellent concerts given each day. Besides being musicians of high order they are a set of good fellows and conduct themselves in a gentlemanly way.—Randolph Times.

Mr. Koester was with the Christoph drug store for a year past....The next railroad legislation undertaken in Nebraska ought to be in the enactment of a law requiring the Omaha line to illuminate its passenger train from Wayne to Carroll. As it is today a passenger never knows when a footpad may appear out of the dark recesses of the next seat and lay him out with a sandbag.—Norfolk News.

A Travelling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Bendleton to LeGrande, Ore," writes Sam A. Garber, a well known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, 'There is a woman sick unto death in the car.' I at once got up and went out, found her very ill with cramp colic, her hands and arms were drawn up so you could not straighten them, and with a deathlike look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it) ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil, then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrande; where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran into LeGrande she was alright, and I received the thanks of every passenger in the car." Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co. Toledo, O.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

The wrong way

Select harness is the way it is usually done. Price is generally the first consideration. If that is very low the horse seem attractive, regardless of quality. Judge our goods the only way about. Examine into the quality of this harness first. Then it will be seen that it is worth almost any price. For our prices are not high. Value considered they are remarkably low.
