### BAPTIST STATE CONVENTION.

Mrs. Bartlett Writes a Letter About its Interesting Session.

Hastings, Nebr., Oct. 10, 07.

EDITOR HERALD:—Four of the Wayne Baptists are here, our pastor Rev. Parker Smith, Mr. Kimball and Mr. Bartlett and myself are enjoying the many good things of the state convention. One week of intense religious work, making one forget all else, for the time, but the glory of God and the advancement of his work.

Saturday and Sunday were devoted to young people's work. There are 160 young people's delegates in attendance, some fifty of them coming from the Baptist College at Grand Island, returning on Monday to their studies.

A distinctive men's movement has been organized for Foreign Missions and all forms of Christian work.

Many fine speakers from other states have addressed the convention. Prof. Mathews of the Chicago University has given a number of addresses which were very fine, containing plenty of humor as well as solid instruction.

This, Wednesday, afternoon was devoted entirely to women's work, both home and foreign. Many good things are yet in store, but in the morning we leave for Glenwood, Ia., to look after the little Plimptons, while their father and mother go to Salida, Colorado, to visit Dr. Plimpton's parents and brother's family. Nearly 500 delegates are in attendance here from various parts of Nebraska. I tried hard to attend the State Federation of Woman's Clubs, but finding the meetings were held on the third floor of the Elk's building, I abandoned the idea.

Very Truly,  
MRS. J. W. BARTLETT.

### THE REPUBLICAN STATE PLATFORM.

Points with pride to the achievements of the Republican party under the splendid leadership of Theodore Roosevelt and insists that his successor shall be a man who will continue the Roosevelt policies and suggests Secretary Taft as such a man.

Commends the present state officials for their care of the state institutions maintaining the credit of the state, and reducing the state debt.

Commends the Nebraska delegation in Congress.

Calls attention to the magnificent record of the last legislature which carried out the pledges of the republican party, as follows:

1. A statewide direct primary.
2. Abolition of the free pass evil.
3. Comprehensive powers for the state railway commission.
4. More equitable rates for the transportation of passengers and freight.
5. Equal taxation of railroad property for city purposes.
6. Abolition of fellow servant law and full employer's liability.
7. A pure food and dairy law.
8. Rigid economy in appropriations.

Endorses the direct primary, and pledges such amendments as shall improve its workings.

Commends the good work of the state railway commission, in its efforts to secure better freight rates for the people of the state. Calls for the rigid enforcement of the anti-pass law.

Declares that the suits at law corporations should be deemed citizens of every state where they have filed articles of incorporation or exercised the rights of eminent domain.

Favor an enactment of the federal law forbidding the federal courts from issuing writs of injunction against state officers charged with the enforcement of the state statutes.

Regards with high favor the nominees on the state ticket and invites voters who believe in official probity and efficiency to join in electing them.

They Have to Come to it.

The Wayne Herald, Wayne Democrat, Wakefield Republican, and Bloomfield Monitor have announced that their subscription price will be raised to \$1.50. The one dollar rate was not enough when you consider the continual advance that has been made in paper and all printing material the past few years. All these materials are furnished by trusts, and they shove the price up whenever they feel like it. Only last week the Advocate was served with notice that the price of its "patent inwards" would be shoved up another notch the middle of this month—and we'll probably have to stand for it.—Lauriel Advocate.

There is a place of sacred rest,  
Far, far beyond the skies,  
Where beauty smiles eternally,  
And pleasure never dies.

My father's house, my heavenly home,  
Where "many mansions" stands,  
Prepared by hands divine for all,  
Who seek the better land.

In that pure home of fearless joy,  
Earth's parted friends shall meet,  
With smiles of love that never fade,  
And Blessedness complete.

There, there adieus are sounds unknown  
Death frowns not on that scene;  
But life and glorious beauty shine,  
Untroubled and serene.

#### Value of Artistic Training.

Heading the picked Company which will present Edwin Milton Royle's plays, "My Boy, Jack," due at the Opera house, Wayne Nebr., Thursday October 31st, under the direction of Fred G. Conrad, is the widely known actor, Eugene Moore, who last season made money and enhanced his reputation by his performance of Edmond Dantes in Conrad's production of "Monte Cristo."

This season Mr. Moore has made quite a departure as Jack Paden in "My boy Jack," written by Edwin Milton Royle, author of "The Squawman." He will appear in a part demanding all the qualities of a light comedian, combined with technique and art of an emotional actor. That M. Moore is well fitted for this kind of work, will be understood when it is known that he has played with such artists as Edwin Booth, Lawrence Barrett, Thomas W. Keene, Robert Downing, Madam Madjeska, Fanny Davenport, Nat C. Goodwin and Stuart Robson. He has had his training under such Stage Directors as Wm. Seymour, Walter Clarke Bellows, Frederick Spaulding, Frank B. Hatch and David Delasco, and for nine years he was leading man of the most prominent Stock Companies in the United States. With this record behind him we have every reason to believe that Mr. Moore will give a thoroughly delightful performance and add another triumph to his career in "My Boy Jack."

#### NORMAL NOTES.

About People You Know. Items of Interest From the October Issue of the Alumni Echo

Miss de Groot likes her work at Emerson. She is one of a large number of '07 Teachers' who are having their first experience in teaching in town. She is an enthusiastic, conscientious worker who will make things go O. K.

Etta Marsh of '07 Teachers' class has one of Wayne county's best schools. She is a very bright lady who stood near the head of her classes in the Normal while her department was ever perfect. She will prove a most successful teacher.

Rena S. Olmsted of '04 Scientific has gone to Oberlin College to complete a full college course. She has taught in the Wayne city schools since her graduation and no teacher did better work. She will be a leader in her college course.

Lloyd Cunningham of '94 class was a Normal visitor recently and gave the students a good Chapel talk. He is a Presbyterian minister and has been located in North Dakota several years. His address is Emerald, where he has a strong church.

That thriving village, Meadow Grove, is to be congratulated on having one of our oldest members as a citizen. H. E. Mason of the first N. N. C. graduating class is cashier of a bank of the town. This country has no better man than this friend.

Frank Laase, Teachers' '95, is a successful merchant of Walthill. This is a lively, progressive new

town in Thurston county on the new railroad. This man is a practical business man and of that make-up which makes him influential in any community.

Joe Carroll of '98 Teachers' is advertising manager of a big business concern of Minneapolis. We learn that he gets a large salary and is considered a superior man for the work. Joe is original and a worker who has the power to adapt himself to changing conditions.

Gene Brookings of '95 Teachers' is in the senior year of his law course at the University of Wisconsin. He is as full of enthusiasm and high hopes as he was as a Normal student. This same characteristic carried him through four years as county superintendent of Burt county. He is a success in every way.

Edith Moses who after teaching in Wayne a few years served as teacher in Sioux Falls, S. D. three years has given up teaching and taken a husband. She was married the first of this month to a gentleman whose home is in Lawrence, Mass.

Ben Skiles of '95 Teachers' is engaged in the mail service. He did not enjoy law even after he graduated from the law course of the University. He gave up teaching some years ago. He thinks this work more pleasant and so far likes the position he has.

Josie Richardson, Scientific '07, spent Saturday and Sunday with faculty. She likes Pilger, the teaching corps, the school and her line of work. She teaches latin, English and history in the high school. She deserves well and will prove a great high school teacher.

Miss Whitney, Scientific '06, is teaching the intermediate in Newcastle. Their crowded condition made another teacher necessary. Her teaching in both country and town has been satisfactory to pupils and patrons and we feel sure she will please Newcastle.

Mr. Huckleberry, Teachers' '07, is progressing nicely as principal at Merriman. He is a worker and well prepared. He will be a great help in a general way in the community as well as in the school. His ideas of a school man's duty to the town where located are correct.

James Ahern of '96 Scientific has always been one of the Alumni's most loyal stand-bys. We are glad he has made a permanent location as merchant in Wayne. He has a nice dry goods store in building formerly occupied by his father. He will be glad to see all Normalites when they are in Wayne.

The public exercises of the literary societies are given each Friday evening. On Saturday evenings, a social or some other entertainment is given. At one o'clock each Saturday, some member of the faculty makes an address in the chapel. All these are open to the students and are both pleasant and profitable to those who attend.

Mr. Mack as president of the Y. M. C. A. is getting the young men to take an interest and a part in the work. Prof. Pile made a talk to the members Sunday. Outside parties from time to time will make addresses. Some good workers are in the association.

A decidedly novel, interesting and amusing social was held in the gymnasium the other Saturday evening

under the management of the young women's athletic association. A track meet, statue hall, the wild animal exhibition, the fortune telling and varied amusements entertained the crowd till 10 o'clock.

Mae Washburn of '04 Teachers, is teaching at Mercer, N. D. Her people live there and she is enjoying that northern climate as well as having splendid success in her school work. She was a strong student in all her work and taught successfully in this county.

The Wayne Chautauqua next Summer will be even better than that of '07. A fine lot of talent is engaged. The Chautauqua will continue eight days with programs of great value to young and old.

The Wayne Lecture Association furnishes a five entertainment course again this year and charges only \$1.00 to students for season tickets. Three great lectures and two splendid musical numbers will be given.

Prof. Buchanan gave the students a splendid hour talk at 1 o'clock Saturday. The attendance was good, so was the interest. He will follow out a general line of discussions in his talks which will be of particular value to the young people.

Training and knowledge are not the only good things that a young man or woman gets by attending the school. Here they meet earnest young people who are preparing for life, they form new friendships and learn new ways of working. Sooner or later everyone must take the plunge into life outside the home circle. This breaking away from home is often a serious matter and tests the metal of the individual. For many reasons, the Wayne Normal is the best place to make the first test. The associations here are the very best, our teachers are experienced, earnest and put forth every effort to assist each student.
