Mark Twain's Story of His Life

Mark Twain refuses to let his captivating autobiography be published in book form until after his death, but journalistic enterprise has come to the rescue, and we are to have Mark's masterpiece after all. He consented to let it appear as a serial. It has been secured at an enormous cost by the Sunday Magazine of THE CHICAGO RECORD-HERALD, which has a name for capturing big prizes of this sort, such as Conan Doyle's "Sir Nigel" and Kipling's "Sons of Martha." Thus it falls out that the readers of The Sunday Record-Herald are to have a delightful treat without extra cost. For months to come Mark Twain will go on telling in his droll way about the famous people he has met, how he came to create Colonel Sellers and Tom Sawyer, and all the funny things that have happened to him. The whole is to be profusely illustrated. The first installment in the issue of October 27—is accompanied by a magnificent portrait of the humorist. Everybody who likes Mark Twain will want to read this great biography.

THE REPUBLICAN STATE PLATFORM.

Points with pride to the achievements of the Republican party under the splendid leadership of Theodore Roosevelt and insists that his successor shall be a man who will continue the Roosevelt policies and suggests Secretary Taft as such a man.

Commends the present state officials for their care of the state institutions maintaining the credit of the state, and reducing the state debt.

Commends the Nebraska delegation in Congress.

Calls attention to the magnificent record of the last legislature which carried out the pledges of the republican party, as follows:

1. A statewide direct primary.
2. Abolition of the free pass evil.
3. Comprehensive powers for the state railway commission.
4. More equitable rates for the transportation of passengers and freight.
5. Equal taxation of railroad property for city purposes.
6. Abolition of fellow servant law and full employer's liability.
7. A pure food and dairy law.
8. Rigid economy in appropriations.

Endorses the direct primary, and pledges such amendments as shall improve its workings.

Commends the good work of the state railway commission, in its efforts to secure better freight rates for the people of the state. Calls for the rigid enforcement of the anti-pass law.

Declares that the suits at law corporations should be deemed citizens of every state where they have filed articles of incorporation or exercised the rights of eminent domain.

Favor an enactment of the federal law forbidding the federal courts from issuing writs of injunction against state officers charged with the enforcement of the state statutes.

Regards with high favor the nominees on the state ticket and invites voters who believe in official probity and efficiency to join in electing them.

A Marriage Proposal

One of our giddy specimens of the male persuasion recently decided to make a formal offer of his heart and hand to one of our representative ladies to whom he had been paying some attention for a time. He cautiously prefaced his declarations with a few questions: Did she love him well enough to live in a cottage with him? Was she a good cook? Did she think it a wife's duty to make home happy? Would she consult his tastes and wishes concerning her associates and pursuits of life? Could she make her own clothes? The young lady said that before she answered his questions she would tell him some negative virtues she possessed. She never drank, smoked or chewed; never staid out all night playing billiards; never lounged on street corners and ogled giddy girls; never "stood in," with the boys for cigars and wine sippers. "Now," said she rising indignantly, "I am assured you do all these things, and yet you expect all the virtues in me, while you do not possess any yourself. I can never be your wife," and she bowed him out and left him on the door steps to silently meditate over his venture, a wiser man.—Ex.

Oscar Wasem, the Lincoln wrestler was in Norfolk over night Friday on his way to Wayne to meet Danielson the Wayne county man who aspires to throw Wasem. The last time Wasem was in Norfolk for a Wayne match he missed train connections and had a thirty mile drive over rough roads as a preliminary to his match. Expecting a harder match this time and not caring to risk another road drive Wasem came in from Lincoln Friday evening and spent Saturday morning in this city.—Norfolk News.

Emporia (Kas.) Gazette: In writing up a funeral, a publisher said: "The deceased lay quietly in his coffin." "That," comments the Rossville Reporter, "is an eminently decorous thing to do. There is nothing that mars the solemnity of a funeral more than for the corpse to get up and cavort among the mourners. It reflects upon the gentility of his breeding."

MARCUS KROGER, Manager

If you want to swear in Norfolk—don't. At least not out loud. Count four instead. It's less expensive.

There is a "ban" against swearing in Norfolk. Men are arrested for it. If you have to relieve your feelings go out and kick a telephone post but don't swear.

Last week a Norfolk man was fined \$10 for swearing at a policeman. Yesterday a man from Winside was thrown into jail for swearing at a negro.

Chief Flynn is a democrat but his anti-swearing crusade hasn't any color line.

The man from Winside said he came from the section. He gave the name of John Welling. He didn't claim any southern connections but when he steered up Norfolk avenue bearing something of a "load" and encountered a local colored man he became profane.

The man's words were reported to the chief and a night in jail for the swearing resulted.

The man who swore had companions in jail and two of the quartette who spent the night in the city jail were said to be father and son, bound from Verdigre to North Platte.—Norfolk News.

Mrs. L. F. Holtz was down from Randolph Saturday.

Young man, I notice that you are not in school anymore. What's the matter? Think you have received enough education to carry you thru the world, or do you stay out just because you don't like to go? Don't like the teacher, eh? Well, let me tell you that you will find the meanest teacher on earth now a dream of love beside some of the bosses you will work under in the cold and unfeeling years you will plow into when you have to get out and hustle for yourself. Education is the most valuable thing in the world to a man but to a boy it comes the cheapest. It costs you nothing now to get what many a man in town would give all he has to possess. You have the winning number in the lottery of education if you play it now. Loaf around for a few years and you will be always on a plank. It is true that any man can make a living, but you will notice that the fellows who do it with their brains have an easier time of it than the ones who do it with their muscles. At the present stage of the game the choice jobs are not held by physical strength. Education will not sneak up and crawl into your head while you are asleep. The thing for you to do is to hike off to school tomorrow morning and stay there. Your holidays will come later when you need them.—Exchange.

STATE FEDERATION MEETING.

Had I realized what is meant to write a report of the State Federation, I am positive I should have declined. However, I must fulfill my promise as best I can.

The State Federation is composed of 137 clubs, numbering 4800 women. I am unable to give an estimate of the women of our State engaged in club work, for not all are members of our State organization. Take as an example our own city. We have the Monday club, Minerva, U. D., Fortnightly and Acme. The Acme, as far as members are concerned, is the smallest and is the only one federated. What is true of, Wayne is largely true of other towns.

The club belonging to the Federation, having the largest membership, is the Lincoln Club, with a membership of over 700.

I shall not go into an expose of the requirements necessary to be a member of this organization, Should anyone desire that information, a letter to Mrs. H. L. Keefe of Walthill will bring it.

However, I will say that in this organization will be found the wives, mothers and sisters representative of Nebraska. This club movement is one of the greatest educational movements of modern times.

This great organization is divided into districts, corresponding to our Congressional Districts. A Vice-president is at the head of each District, and these Vice-presidents, together with the officers, constitute the Executive Board. Our District, the 3rd, numbers 30 clubs. The majority of the clubs are Culture Clubs although many devote a part of the time to Domestic Science, Civics, Forestry, Education or Industrial work; but by far the majority are interested in Literature and Art.

The statement was made during the Federation by one who stands high in the Educational work of our state, that no law had been passed in the last ten years which dealt with the betterment of women and children, but that you could trace its origin to the Nat. Federation of W. C.

Our Legislatures and Congressional Halls realize that Public Opinion is a mighty lever. The people realize this. To secure favorable public opinion, they also realize there must be a strong moral sentiment favorable to it. This sentiment is largely a matter of education, and who are better examples of the teachers of this than the women? The creating of conditions of life under which ideal citizenship will reach the topmost round of true manhood and womanhood is really the crowning work of the men and women of today. But I must hasten.

The meeting place of the Federation was Hastings, a beautiful little city of about 14,000. To give you an idea of its enterprise, I will state that during our convention, there was held in that city the Baptist State Association, and the great Frontier meet. The men and women certainly were most attentive to the needs of the "Strangers within her gates... Each organization meeting there was shown every courtesy. They have a large Commercial club and this club fully realize the place women play in the economy of this great commonwealth of ours. Our meetings were held in the Elk's Hall and the Methodist church. The banquet, given by the Hastings ladies, was held in the Masonic Hall. These places were provided by this Commercial Club.

Besides our set programs, Mrs. Sherwood of Chicago, chairman of the Art Committee, was there, with a travelling Art Gallery. The pictures in this gallery were the work of noted American artists. The exhibit was insured for \$30,000 therefore you can have some idea of its scope. Then, in addition, we had a fine display of industrial work. This feature was quite interesting in that the exhibit was furnished by the Columbus public schools. It was a revelation to the women of our smaller towns, and I will add that a little heaven has been added to the sentiment regarding this phase of our public school work, which will eventually result in having this placed in our State Course of Study.

The Commercial club also gave the 200 women in attendance an automobile ride over the city. A stop was made at the Hospital for Insane. Dr. Kern received us and showed us through the buildings. The orchestra furnished us a fine entertainment.

The speakers outside the Federation were State Supt. McBrien, Dr. Howard of the State University, Mr. Clark of Chicago University, Mr. Ryder deputy State Labor Commissioner and Mrs. Sherwood of Chicago.

The meeting was one of great interest and value. I have had the pleasure of attending many State Federations but none, I must confess, have equalled the one held in Hastings.

The officers of this Federation are: Pres.—Mrs. H. L. Keefe of Walthill.

Vice Pres.—Mrs. A. O. Thomas Kearney.

2nd Vice Pres.—Mrs. Ed Johnson, Omaha.

3rd Vice Pres.—Mrs. Jno. Erhardt, Stanton.

Normal Notes.

Miss Hewens spent the vacation between terms at Lincoln.

Mr. A. R. Herrell was elected president of the graduating classes at an meeting held last week.

On account of the speech by Mr. Bryan Friday evening, the literary for this week will be held Saturday evening.

Robert Elliott, who is a graduate of this school, was last week elected President of the Junior class at the State University. He also has secured a place on the University Debating team.

Prof. Pile will give the first of the one o'clock talks next Saturday. On succeeding Saturdays, various members of the faculty will address the students. The meetings are very well attended.

Roy Hutchins, a member of the Scientific class, has gone to Verdigré where he will take Mr. Lundak's place while the latter is campaigning for the office of county superintendent of Knox county.

The classes this term will recite Saturday morning and there will be no school work Monday morning. In the past, the work has been more or less broken up on Monday, and it is hoped that this method may prevent that trouble hereafter.

The new term opened Tuesday with a good attendance. In addition to the former students, a number of students enrolled. More young men are in school than is usually the case at this time of the year.

Prof. Pile went to Lincoln Wednesday evening. He attended the meetings of superintendents and principals. He returned Saturday and reported a very pleasant time and a good meeting. He met a number of former students who were attending the meeting.

Dr. S. E. Meek of Chicago visited at the College from Wednesday until Monday. Thursday evening, he gave his lecture on "Mexico" to a good sized audience. Mr. Meek has done considerable traveling in Mexico on Scientific expeditions and is well acquainted with the people and their customs.

The graduating classes have had several additions this term. Among those who joined the classes were Misses Nellie and Bessie Cash who were in school two years ago. Miss Nellie received the prize for the highest rank in the Teachers' Professional class in 1906.

A very pleasant reception was held at the Chapel Tuesday evening for the benefit of the new students. Several of the teachers made short talks and after the program all remained to the gymnasium where the remainder of the evening was spent in playing various games.

Dear Friend:

Prunes, when you stew them are a mighty fine thing to begin breakfast with. Don't you think so? There is lots of difference in the kinds of prunes you get though. If you want to get real nice prunes you must go to a grocery that carries good prunes and other fruits. Prunes are nice and healthy too. They make a good economical breakfast fruit.

Your friend,

JACOB.

MEN OF ALL PARTIES
approve the work of the Nebraska Legislature.

JUDGE REESE'S ELECTION
to the supreme bench will be Nebraska's endorsement of that record. His defeat will be notice that the wheels of progress have been turned back.

MEN OF NEBRASKA,
you can show your appreciation of the good work done by going to the polls

NEXT TUESDAY
and voting for Judge Reese and his associates.

The democrats have no hope of electing their candidate for county treasurer except by republican votes, and their exists no reason why they should have a single one.

Vote early and as often as the privilege is yours. If you were denied the right to vote, you would shoulder a gun and fight. The duties of peace well performed will make unnecessary the duties of war. Election day calls the patriots out and should send every respectable citizen to the ballot box.

Col Bixby of the Lincoln Journal is home from his trip abroad. His little accounts of the journey have been followed with interest and his future "Daily Drifts" will be enlivened with many experiences yet untold. He encountered the turbulent waves of the Atlantic, and vanquished seasickness entirely when was a disappointment here. We rather wanted Bix to get seasick so he would write about the horrible sensations.

Editor Nellor, of the Hoskins Headlight threatens to wreck his vengeance in his paper this week, for the benefit (?) of the republican candidate for commissioner. He claims to have disgraceful stories to tell about Mr. Farran's promises made before the primaries. Mr. Farran's conduct all through the primary contest is now common knowledge, and creditable in every respect. Had the Headlight man anything to tell that was otherwise, a sense of ordinary decency should have led him to publish it before the eleventh hour. His threats are mere insinuations, and have no foundation in fact.

As a pioneer of Wayne county, A. T. Witter's candidacy for county assessor is attractive to the voter. He settled in Wayne when it was but a mere village and his residence here has been continual for twenty-three years. When he retired from the grocery business he served Wayne precinct as its assessor for five years and then filled the office of police judge for four more. He has never filled a county office, but his qualifications are sufficient in every respect. Having no business of his own to look after, his undivided attention will be given to the county assessor's office. We recognize him to be "on the square" and he has won favor with the voters as the returns will indicate.

Political Announcement

I am not tied up with or under any obligations to any person, persons, faction or "ring" having made no pledges or promises to any one and as far as I know, no outside party or parties are interested in my election. I am a free moral agent now and will continue to be so. If elected county commissioner, I will give everybody a square deal regardless of section, politics, or past differences.

GEORGE S. FARRAN

While we are talking about candidates for county offices, there is Robert H. Jones for surveyor. He has filled the place so acceptably for several terms that by common consent he will be retained. Mr. Jones does not seek the position again, but he never fails to respond to the call to duty. Like Sheriff Mears, Clerk of the Courts, B. F. Feather, and Coroner Williams, the voters are anxious to have him again for another term of service. Judge Hunter is more independent than the rest, however, for all his opposition has vanished and he stands the sole candidate for county judge. The work in this campaign is light, but don't neglect to turn out and do the right thing by Chas. Beebe and George Farran.

George Farran, the republican's candidate for county commissioner lives in Chapin precinct, on his own farm three miles from Winside. This has been his home for the past eighteen years. Twenty-two years ago he came to Wayne county, and during this time has never asked for nor held a public office. His friends made him a candidate in this instance. His qualifications for the place and his all around business ability appealed to them, as it now should to every voter in the county. The almost unanimous vote that he received at the primary in the precincts where he was known, is the best endorsement of all. With everything to recommend Farran to the place, there is every reason why the people should make him their servant.

With the rank and file of the republicans of the county united on Chas. Beebe for treasurer, the party is going to honor themselves as well as their candidate. For its a distinction to elect a republican as custodian of the county funds, when the opposition has filled the office during twenty consecutive years. Mr. Beebe is entirely worthy and his ambitions should meet with the approval of the voters, regardless of party lines. No one is better fitted, either thru education or experience, for the office, and his kindly spirit of accommodation is ever alert to serve those seeking his assistance. This quality always marked his conduct during his term of four years as deputy county clerk. Mr. Beebe is the ideal candidate for the office to which he aspires.

As Dean of the law school of the University of Nebraska, Judge M. B. Reese, made himself the idol of every student that sat at his feet for instruction. His profound knowledge ready wit and wealth of experience, combined with a noble, high-minded purpose, enthroned him in the hearts of "his boys." His kindly advice and lofty precepts are cherished in memory by more than a thousand young men scattered throughout Nebraska and the great west. This explains the source of his great strength in the republican primaries and every student of the big hearted Dean, is a loyal, enthusiastic advocate of his election to the supreme bench. Few men in Nebraska have so influenced others for good, and have really made the world better for having lived. If, as some say, Judge Reese has not surrounded himself with much of this world's goods, it is because his keen sense of honor has never been violated and his self-respect maintained in disregard for money. Wealth rather shadows suspicion, instead of measuring a lawyer's success. Gauged by a true standard Judge Reese is the best example of success in Nebraska today. Dominant powers have crushed him at various times, because his convictions might have dealt them justness, but he has emerged from every conflict stronger in manhood than before. The HERALD was among the first to call for Judge Reese's nomination and as Wayne county certainly did proud by him in the primaries it will certainly roll up a triumphant majority for him at the polls.

The State Ticket.

For Supreme Judge—
Hon. M. B. Reese.
whose six years of honorable service on the Subreme Bench proved him a fearless and upright Judge and whose life long integrity commands the respect of citizens generally regardless of political beliefs.

For Railroad Commissioner—
Hon. H. T. Clarke, Jr.
the friend and appointee of Governor Sheldon, a leader in the last legislature and a man whose business qualifications pre-eminently fit him for the difficult work of the Railway Commissioner.

For Segents of State University—
Hon. C. B. Anderson
a man of high standing, and large business experience which will prove invaluable in the conduct of the business affairs of the State University.

Hon. George Coupland
a practical farmer whose earnest advocacy of the modern idea of applying advanced educational and scientific methods to agriculture should command for him the solid farmer vote.

Judge Reese was a pioneer in the things for which his party now stands. There are many men who believe the courts ought to be reformed. Those so believing will support Reese, for they will know they are not getting an unknown and doubtful quantity. He deserves and will get a large vote here in Dodge county, where he is personally well known and where his reputation for judicial capacity and integrity is unchallenged.—Fremont Tribune.

Its a good thing to get men together and have an interchange of ideas. Nothing hurts more in a community than jealousy, back biting and discord and nothing eradicates these noxious weeds like getting together, face to face, and pulling on a common rope. We find out that the fellow we thought so little of is after all a pretty decent man and thinks and feels very much as we do. That helps. Then enterprise and enthusiasm are contagious. Two or three live wires can warm up a house full of men and get them electrified. Somebody said at the meeting of the Commercial Club, "We will never do anything if we sit down and wait for business to come to us." We must keep busy and the busier the better. We must do something even if it is not the smartest and best thing possible.—York Times.

Speaking of Judge Reese, Governor Sheldon said: "The republicans have nominated a candidate in whom the people have every confidence, Judge Reese has a spotless record, both public and private. He is a student, a scholar and a tireless worker. I have been his admirer for years. He has always stood for the best interests of the people regardless of the consequences to himself. He has been opposed to machine rules in politics and has fought for years that the government and the people might be brought closer and closer together. In the early days back in Wahoo he encountered the hostility of ring rule and he has always had the enmity of those who prefer machine control in politics rather than have the majority of the people in control. He should receive the entire republican vote and doubtless will receive many of the votes of the opposition parties because he stands for the very best in the state government. He is one of Nebraska's best men and will make a splendid record on the bench."

The Indications Are

That this is to be a very cold winter, and we are prepared for just such a season. If you have an overcoat to buy, and want one that will keep you warm, and want it up-to-date in style and fabric and for less money than you can buy it elsewhere Come and see us.—An overcoat is a deceiving garment to any one not an expert in Clothing. We have had the experience necessary to know all about a good overcoat, and our stock is up-to-date, we have no old styles to show you, if you come here to buy your overcoat you take no chances.

We Know We Are Right

From the number of sales we have made this season on FUR COATS and to people who have shopped around, both in Wayne and at Sioux City, and then come back to us to buy their fur coat, we know our prices are right, and you cannot buy a poor Fur Coat at this store. We have had 21 years experience in selling furs, and have sold every kind made. Our experience has taught us that there are only a few kinds of fur coats that are good wearers. We will not sell a fur coat that will shed. If you buy a Fur Coat from a Merchant who has not had experience in Furs, and only thinks of making the sales, you take your chances on getting a coat that will wear satisfactory. Some fur coats look well but do not wear good, some fur coats rip and others shed, some gets hard and will crack. Our Fur Coats are the best made, and our prices are lower than elsewhere.

Russian Calf coats	\$15.00 to \$25.00
Wombat coats	\$18.00 to \$30.00
Kangaroo coats	\$27.50 to \$37.50
Coon coats	\$35.00 to \$60.00
Thibet Buffalo coats	\$20.00

If you fail to look over our stock of Fur Coats and Overcoats before you buy, you will make a mistake.

Our husking mitts are made of 10 oz. canton flannel, and have two thumbs. They are the BEST husking mitts in Wayne, and we are selling them at per dozen.

Winside News

(From the Tribune)

Mrs. Chas. Nydahl was a delegate from Winside Rebekah lodge to the state meeting at Omaha last week.

Miss May Miller arrived from Melvern, Iowa, Saturday morning to be at the bedside of her father who is ill.

Mrs. Conger, Mrs. Frank Strahan and John Larison, all of Wayne, were here Tuesday to see Mr. Miller.

A sister of Mrs. Hans Mumm and Mrs. Wm. Peterson, who has been

here visiting for several days, left for her home in Canada yesterday.

E. W. Hammond and wife were in Winside Tuesday night, having come all the way from Texas to see A. H. Carter, Mrs. Hammond's father by adoption.

Mrs. John Dimmel returned from a visit in New York City Friday evening. Her daughter, Miss Unger, has been keeping house for her during her absence.

Charles Beebe, candidate for county treasurer, was over from Carroll Friday calling on the voters. Mr. Beebe is a genial sort of a fellow who always makes friends wherever he goes.

Tuesday Clarence Fish started out with two cars of potatoes, one that he bought at Carroll and one here, and if he does not find a good market for them in Omaha, will take them on to Kansas.

H. G. Smith has moved his office into the Goltz building, opposite Woodward's lumber office and Mrs. Peterson will occupy the building Mr. Smith vacates instead of her residence on the hill.

Mr. and Mrs. H. G. Smith left yesterday for a trip to Missouri and Iowa, to visit friends and relatives, and will be absent about three weeks. M. H. Boyle will look after Mr. Smith's cream business.

The big well for the waterworks is about completed and the ditches and mains are being dug. These moonlight night people can see the holes, but later you want to be careful where you walk or drive in Winside after night.

Mrs. Cherry informs us that her father, Henry Miller, is expected from Cheban, Wash., in a few days, as he expected to start on the 23rd. The relatives are all very anxious that he arrives soon, so as to see his brother John Miller, who is very low and his demise expected at any time.

Last week the Wayne Democrat said that: "Mr. and Mrs. Lloyd Holcomb left Winside for Goldfield, Nevada, to make their future home," all of which was news to Winside people and the "girl he left behind him." The Tribune don't know who the joke is on, "Lloyd, the lady who happened to be going on the same out west on the same train, but different destination, or the girl he left behind."

The Elwyn Strong Company billed Winside for two plays this week, and last night cancelled the dates and gathered up their lithographs. This company, it will be remembered, started out from Winside last spring, after playing to good houses for three nights, and there is no doubt the company would have met a good reception had it come again. Just the name of Elwyn Strong is a drawing card.

Tom Prince found a nice large hog dead in his pasture north of town, last week, it having been shot with a 32 rifle hence the notice elsewhere in this paper. This kind of maliciousness, or carelessness, whichever it may be, has been reported before, and not until a fuss was made about it was it stopped by the guilty party. Now the guilty party or parties, should watch out or an example will be made of somebody.

LAND! LAND! LAND!

Land that grows 15 to 25 tons of sugar beets to the acre, 200 to 400 bushels of potatoes, 40 to 100 bushels of oats, 25 to 60 bushels of corn to the acre, and all kinds of fruit, berries and melons in abundance. Rich, virgin soil, that grows immense crops like magic, when the water that the U. S. government provides at cost is flowed upon it. There is no such thing as crop failure under irrigation. The farmer plants his crop and absolutely controls the amount of water his crops need at exactly the proper time, and he can grow more profitable crops than he can grow in any natural rainfall country, such as sugar beets and alfalfa. Government statistics show that irrigated land will produce from one-third to one-half more crops than any natural rainfall country. Officials of the U. S. Reclamation Service say that the North Platte project, which will irrigate the land we are selling, is best adapted to irrigation of any land in the country, and the supply of water is unlimited.

RENTERS. Why pay from \$3 to \$10 an acre rent for land when you can get 160 acres of fine irrigated land for about the same money you are paying for one year's rent of an eastern farm?

COME TO THE NEW LAND and own a fine farm that will grow larger crops than the high-priced land you are renting. Uncle Sam will supply you with water to irrigate 160 acres of the most productive land in the country at cost. I can secure you a fine 160 acre, irrigable farm for from \$1 to \$5 per acre.

DON'T WAIT! It won't last long. Thousands of people are flocking to this country, and the sooner you come the better bargain I can get you. Don't waste your life renting somebody else's farm at a high price. Come to the rich and fertile North Platte Valley, and make a home and fortune for yourself and family. Don't neglect this splendid opportunity. There's big money in it. This land that you can now secure for practically nothing, will be worth from \$100 to \$300 per acre as soon as irrigated and improved. It is better land than Colorado land, that is now selling for as much. You can hire all the work done on sugar beets for \$45 an acre, and at the average yield of 20 tons an acre, you can clear \$55 an acre and do no work on it yourself.

FARM OWNERS. Why farm \$100 eastern land when you can buy irrigated land here for from one-tenth to one-fourth the money, and get land that will produce larger crops and increase rapidly in value? Sell out and come to the rich North Platte Valley. We are not pioneering. There are no hardships in this country—towns, railroads, schools and churches are close at hand. The Platte Valley is centrally located and convenient to all markets. Railroad communications are unexcelled to all good shipping points. All kinds of produce, cattle, hogs and sheep command a high price. The Burlington R. R. now runs through the valley and the Union Pacific is rapidly pushing work on a through line to the coast, which line also runs through the valley. Thousands and thousands of tons of hay are cut in the river bottoms every year.

INVESTORS: We can sell you deeded land that is increasing rapidly in value and will continue to increase in value for years to come. Irrigated land is not subject to the depression in land values that always go with a period of crop failures in any natural rainfall country. No matter what the weather you can grow a crop every year under irrigation. I control the sale of thousands of acres of irrigated and dry lands, hay land and ranches. I can secure you any kind of land at a price that will make money quick for you.

WRITE TO-DAY FOR FURTHER INFORMATION. Local real estate dealers correspond. We can make some money for you.

SOCIETY GOSSIP

Henry, the little son of Mr. and Mrs. R. W. Ley was given a party in honor of his fourth birthday, Friday. About thirty of his little friends helped in the affair. They fished souvenirs from a fish pond, and enjoyed themselves hugely. All were treated to a big supper, while Henry received a lot of pretty presents.

At the invitation of Mesdames, H. F. Wilson, Walter Weber, Blair and Jacobs, the members of the Acme Club with their husbands were delightfully entertained at the Wilson home on Tuesday evening. Halloween decorations prevailed throught the house, and the rooms were lighted with candles and Jack-o-lanterns. Entertainment was provided by a guessing contest for which sides were chosen. Separate and apart each side were given

The beautiful home of Mrs. D. C. Main was the scene of a pleasant gathering of Methodist Church people on Monday evening. The event was made a farewell in honor of Mr. and Mrs. J. D. King, and their daughter Mrs. McKee, in view of their departure from the Wayne Church circles. Mr. and Mrs. King have been earnest workers among local Methodist and their membership dates back some twenty years. They have always stood ready to advance the influence of the local organizations along every line, and that their efforts and consistent living is recognized, was thoroly in evidence on Monday evening. The worthy couple were presented with a vase, while Mrs. McKee was given a silver spoon, with the church engraved thereon. Conversation promoted a general good feeling, while light refreshments were a feature of a most enjoyable evening.

Two parties are on tapis for this (Thursday) evening. The U. D. and the Monday Club ladies have arranged to observe Halloween in due and ancient form.

The out of town guests were: Mesdames Kington and Brown of Stanton, and Scofield of McLain, and the Misses Kriedler, of Fullerton.

On Monday afternoon Mrs. H. B. Jones received the U. D. Club for their regular meeting. The studies in English History were continued with profitable results.

picture cards representing book titles. The contest resulted in a tie and it was necessary to draw straws to determine the victors. The winning group paid the penalty by performing "stunts", much to the merriment of all. A two course supper proved the acme of a real jolly evening, and another delightful chapter was added to the club's history.

Mrs. W. C. Wightman, was both hostess and entertainer for the Monday Club this week. Her paper on the "Cliff Dwellers" showed exhaustive research and careful preparation, and proved exceptionally interesting.

A fancy dress ball took place at the opera house last evening under the direction of the young ladies of the city. Post card invitations picturing witches about a steaming caldron, had been issued for the event, while other friends of the participants were given observers tickets to the gallery. The dance hall was gaily decorated, while Jack-o-lanterns cast a weird illumination over it all. The costumes were rich in variety and representations, and the scene presented was strikingly attractive. A violin and piano under the magic touch of Otto Voget and his sister provided inspiring strains for the merry waltzers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last two years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies by constantly failing to cure by local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials.

Why Colds are Dangerous.
 "Because you have contracted ordinary colds and recovered from them without treatment of any kind do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in the common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of germs that would not otherwise find lodgement. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles, and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale at Raymonds Drug Store.

Notice.

I invite all brother farmers to come and inspect my Poland China hogs and at least some of them. Do not wait until you get the money, a bankable note is just as good to me as the cash. A Cut Rate Price.

This is the first campaign in Nebraska in which political bosses cut no figure. The people will nominate the candidates and afterwards elect them. You are one of the people and should take an active interest in these primaries and elections hereafter. Politics from now on means a square deal for the masses, lower passenger rates, lower freight rates, less extortion by trusts and combinations. These things can only be accomplished by every honest voter making it a part of his business. The people can only know what is really going on by reading the newspapers. But you ought to read a newspaper that can print the truth about all the candidates; a paper that has no self-interest in politics; whose owners are not office-holders or office-seekers. The publishers think the State Journal is such a paper and in order to prove it to you make the special offer of only 50 cents from now until after election; seventy-five cents if you want the Sunday also. The earlier you send in your order the more you get for your money. Lincoln is the news center.

Stomach troubles, Heart and kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc. Felber's Pharmacy.
