Protect the pigs with American Fence. It never fails to give satisfaction. Philleo & Son, Agents.

When the stomach, Heart or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Felber's Pharmacy.

The Passing of White Pine

The position which the United States has held as a lumber-producing nation has, perhaps, been due more to white pine than to any other wood. The timber of this valuable tree which has played a most important part in the material development of the nation is fast disappearing and now it is as costly as the finest American hardwoods.

Rev. Edward Everett Hale, the chaplain of the Senate, who has always taken an interest in forestry, deplors the passing of white pine as our foremost wood, and tells how in his own lifetime he has seen the day when "the masts of every vessel that sailed the Seven Seas were made from New England grown pine; while to-day very little white pine is cut in New England big enough to furnish a good sized spar." He tells also, to illustrate the increasing cost of the wood, that he ordered a set of book shelves on which the cabinet-maker made a price, and then asked whether they should be of mahogany or white pine.

The white pine production has shifted from New England to the Lake States, and Michigan was the leading lumber-producing State for twenty years, from 1870 to 1890, with a supremacy based on white pine. In these two decades the cut was 160 billions of board feet, valued, at the point of production, at not less than two billions of dollars, or nearly half as much again as the value derived from all the gold fields of California from their discovery in the late forties until the present. The rich forests of Michigan were once thought inexhaustible and lumbering continued in a most reckless manner for years. Suddenly the people awoke to the fact that the thoughtless destruction of the trees had thrown 6,000,000 of acres on the delinquent tax list. These white pine barrens point to the terrible penalty of waisting the forest resources which should have been the heritage of all future generations.

An idea of the increasing scarcity of white pine timber is given by the New York F. O. B. quotations, on a basis of carload lots. "Uppers" of the best grade, cost \$97 to \$114 a thousand board feet and the "selects" or next lower grade cost \$79.50 to \$99.50. Men who are not yet middle aged remember the time when these grades could be purchased at \$15 to \$25 a thousand feet. The present quotations on quartered white oak, which are \$75 to \$80, offer another basis of comparison which indicates the condition of the market for white pine.

The best stands of this timber now in this country are in scattered sections in Minnesota, New England, and parts of Idaho. The species in Idaho is sometimes called silver pine. Some of the country's best white pine is found on the Indian reservation in Minnesota and Wisconsin and scattered stands are found in the States of Wyoming, Montana, Colorado, and one or two other states. At the present rate of cutting the tree will soon be practically a thing of the past. The small stands in the National forests are inconsiderable, but they will be managed with the greatest conservatism by the Government through the Forest Service, and though this method and practice of reforestation it may be hoped that the fine old tree will furnish timber for other generations.

Piano Tuning

Having located permanently in Wayne I solicit your piano tuning and guarantee the best of work in that line. Leave order at this office, Fred R. Lister, piano tuner.

Itch! Itch! Itch!—Scratch! Scratch! Scratch! The more you scratch the worse the itch. Try Doan's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulets (25 cents per box) correct the liver, tone the stomach, cure constipation.

Tired feelings in the morning may come from too heavy bed-clothes.

Local News

Hot coffee and lunches at Whalens. Miss Bayes of Winside was a Wayne visitor Saturday.

F. Ulrich was a business visitor from Hoskins yesterday.

Supt. and Mrs. A. E. Littell were passengers west yesterday.

J. E. Marsteller returned from his eastern trip last Thursday evening.

On Nov. 5, a son was born into the home of Mr. and Mrs. Claus Norburg.

"Munsings'" popular priced underwear for men, boys and girls, at Harrington's.

Mrs. R. W. Ley and the children are spending the week at Fullerton, on a visit with her parents.

A son was born to Mr. and Mrs. John S. Davis on Nov. 10. Mr. Davis is a blacksmith in the Stringer shop.

A card from Mrs. Fred French to a Wayne friend locates them at San Diego, Calif. Their address is 856, 9th St.

Subject for Sunday evening sermon at the Presbyterian Church: "The Wickedness of Sin." Music by Chorus. Everybody invited.

Dr. Van Kuren and wife returned to Fullerton, Nebraska on last Friday evening after a short visit with the doctor's sister Mrs. Dan Harrington.

J. T. Bressler and wife and daughter Dorothy returned from Carbondale, Ills., on Saturday evening, where they had been visiting their daughter Mrs. Harker.

Mr. H. Beebe of Petersburg, Neb. was a Wayne visitor Tuesday, returning to his home after a visit with his parents and brother at Carroll.

Cold weather has prevailed the past week with a day or two of zero brand. Several snow flurries have left evidence of what we might expect hereafter. Trade will feel the stimulus, however.

Miss Boose, principal of the High School here two years ago was an arrival on Saturday morning and is a guest at home of Prof. Wilson. Miss Boose has been doing Missionary work among the mountaineers in Tennessee.

Crofton suffered a bad fire last Friday. The fire started in the rear of the drug store, destroying it as well as the hotel, Farmer's State Bank, postoffice, Journal office, and Austin's Photograph gallery. The National Bank was badly damaged. Lert Hoyle is connected with one of the banks there.

E. Cunningham, arrived from Idaho, Tuesday morning and will remain in Wayne until Spring. His sale dates are being taken rapidly and the outlook promises to keep him pretty busy as an auctioneer during the entire season of sales. Mr. Cunningham reports fine crops from his Idaho land, having threshed 16500 bushels of oats all the product of dry farming.

Wayne is taking on metropolitan airs gradually, but its because conditions and development demand them. Advantages provided by the cities are being adopted one by one. The latest innovation for Wayne is being put into effect by Felber's Pharmacy. With the equipment of their beautiful fountain the store has added a hot soda apparatus, and hot drinks from coffee and cocoa to clam bullion is served in an appetizing manner and at a moments notice. The variety of steaming beverages always on tap, will undoubtedly prove popular with the farmer visitors in town, and all shoppers in general, during the winter days now on.

Wayne people were favored with a return engagement of Elwin Strong and his Players, at the Opera House last week. The company held the boards three nights closing with "Dr. Jekyll and Mr. Hyde" on Saturday evening. Good houses greeted their productions; the crowds Friday and Saturday night being exceptionally good, and the show during these two evenings was up to Mr. Strongs usual high standard and pleased everybody. The newness and originality of specialties introduced between acts are a strong feature of the company. Mr. Strong is a general favorite with Wayne people, and his growing popularity and success is a source of pride to them.

Hot beef sandwiches at Whalens. Mrs. E. J. Raymond and son are visitors at Sioux City today.

W. W. Garwood was down from Carroll on business this morning.

A daughter was born to Mr. and Mrs. Oscar Lewis, Nov. 12, 1907.

Miss Bertha Hunter was a Wayne visitor from Wakefield, Tuesday.

Anton Jensen was down from Winside on business Tuesday afternoon.

Atty. A. R. Davis was a visitor at Peñder on legal business the first of the week.

Mrs. R. B. Crawford went to Sioux City yesterday for a short visit with her daughter.

The Misses Huff, Blanch Bell, Fern Sears and Scadden were passengers west Tuesday.

Good 5 room house with barn for rent at a bargain to right party.

Meetings are being held at the Baptist church this week and an increasing interest is reported.

Al Howser and J. H. House went to Sioux City this morning. They will likely investigate prospects in South Dakota before returning.

Herbert Cutler, of Jasper county, Iowa, spent a week in Wayne visiting his parents Mr. and Mrs. S. M. Cutler and his sister Mrs. Sewell.

The local lodge of the M. W. A. have voted to contribute five cents a member into a national fund being raised for the purpose of establishing a sanitarium at Colorado Springs, Colo.

Marcus Kroger met with an accident the first of the week, while working in the coal bins near the elevator, that made a temporary cripple of him. His right leg was injured.

S. H. Alexander, who is secretary of the King Solomon Mining Co. was an arrival in Wayne from Denver, Monday. He will be here most of the week on business in connection with his company.

The three week's old son of Mr. and Mrs. Dolph, who reside south of Wayne, died Tuesday. The funeral services were held at Wisner yesterday. Mrs. Dolph is a daughter of Mr. and Mrs. Cadwell.

The morning passenger from Norfolk, Monday was three hours late, caused by a disabled engine. The iron horse was rendered useless a short distance out of Norfolk, and an engine from the Bloomfield train was sent up to bring the train to Wayne.

I. C. Trumbauer, who has been the HERALD's foreman the past ten months goes to Ponca this week to assume entire charge of the Ponca Leader. Mr. Trumbauer has rare ability as a printer, as has been revealed in the advertising columns of this paper during his term of service. Because of exceptional speed combined with conscientious work, he has been an invaluable part of the HERALD's life under the present management, and we only permit him to leave because we step down and out ourselves, after another issue of the HERALD. He has not lacked for opportunities and the people of Ponca are fortunate in his decision to cast his lot in that city.

The grain market has been restored and the Wayne elevators opened for business again this morning. In common with the general depression, no grain has been received by local buyers since the financial flurry. In the absence of ready money a system of exchange is being utilized over the country, and the bankers have adopted means which will enable grain-dealers to readily move the crops. Prices, in every particular are hardly up to former marks, but those conversant with existing conditions are not expecting a much higher level of prices on farm products than those prevailing at present. The restoration of the market is bound to have a good effect in ever quarter and is to be hoped that normal conditions in all lines of business are forthcoming. However, it is best to be optimistic in our views, for that begets confidence and confidence is a recognized element in the commercial world.

The Store Where You Get Your Money's Worth All The Time

Here Is A Snap

We have a few Misses' Coats which we carried over from last winter. These are special bargains at the price we are selling them for. Many of these coats are worth up to \$5 and none of them sold for less than \$3.50. While they last the price will be **\$2.49**

SOCIETY GOSSIP

A crowd of young people representing the Christain Endeavor Society of the Presbyterian Church met at the home of W. O. Gamble on last Friday evening and from there took a "hay" ride to the home of Will Gildersleeve. The evening was spent in various Hallowe'en stunts, diving for apples in a tub of water, eating apples when suspended from a string. Proposals in written form from the young men and the reply to same from the young ladies, afforded a great deal of merriment. The lounge act proved best of all, for particulars ask some of the victims. When time came for refreshments, each helped themselves from a well laden table feasted around a big bonfire. Ladies you may think you can bake pumpkin pie but Mrs. Gildersleeve has you beat a mile. The hour for departure came all too soon, the crowd left in a joyful mood arriving in the city at a late hour.—One who was there.

Tribe of Ben Hur have postponed their regular meeting for Saturday night on account of the Bede lecture. The meeting will be held Saturday evening Nov. 23, when a box supper will be held. All members are urged to be out and to bring a friend.

"Alfred the greatest of Saxon Kings," was the subject of the lesson with the Acme ladies this week, when the club gathered with Mrs. A. M. Jacobs on Monday evening. Mrs. P. M. Corbit was leader. The members had planned a neat surprise for Mrs. Jacobs in honor of her guest, Miss Bailey, by bringing well filled baskets, and a spread of tempting viands was provided for all.

The Presbyterian Ladies Aid met with Mrs. C. A. Chace this week, when much sewing was done for the coming bazaar, which has been set for Dec. 5.

A special meeting of the Eastern Star has been arranged for Friday

night, when it is expected much work will be done. Judge R. E. Evans and wife, of Dakota City will be present.

Mrs. Fred Philleo gave a luncheon on Monday, with Miss Bailey as the guest of honor. Miss Bailey returns to her home at Boston this week.

The Overland Glee Club have arranged for an appearance in Wayne about the 14th of December. They will appear under the auspices of the Clubs of Wayne.

Mrs. J. G. Miller received the U. D. ladies at her home for their regular meeting Tuesday. Mrs. J. W. Jones led in the lesson discussion. A contest took place in which the members exercised their memory by naming English Kings. The club will meet with Mrs. Morris next Tuesday.

The Shakespear club met with Mrs. Phillips Tuesday for the study of "King Lear."

An evening of high five was provided by Mrs. R. J. Armstrong Tuesday evening for some thirty ladies. A series of lively games resulted in a tie for first place between Mrs. Ellis and Mrs. Ringland, and in the draw Mrs. Ellis was awarded the winner's prize in the shape of a decorated china nut bowl. A box of bobbons was received by Mrs. Geo. Wilbur as a consolation. Mrs. Robt. Armstrong, of New York, daughter-in-law of the hostess, was the honored guest.

The Fortnightly Club met with Mrs. Ed Johnson Tuesday afternoon. The lesson was led by Mrs. Buchanan and consisted of a discussion of the Negro Question, followed by an instrumental solo by Mrs. Ed Johnson, and quotations from Abraham Lincoln by each member of the club. Candy Demonstrations, consisting of sampling and receipts added to the afternoons enjoyment. Miss Boose was a guest of the club, and gave an entertaining talk about her experience in the mission fields in the mountain district of Tenn.

Mrs. Littell was hostess to the Minerva Club last Tuesday afternoon. The next meeting will be with Mrs. Frank Owen, with the following program: Roll call. Current Events Paper, Dutch Colony of the New Netherlands, Mrs. Frank Owen. History Chapter III, Mrs. Littell Music. Mrs. Rollie Ley. Reading, "The Virginians of the Valley," Mrs. Schulthies

The Monday Club met with Mrs. E. Cunningham Monday afternoon. The subjects of the study were "Food, and its Relation to Health," led by Mrs. Heckert, and "Pure Food Law," by Mrs. Northrop. Mrs. Dan Harrington will be hostess to the club next week.

Hot chocolate with whipped cream at Whalens

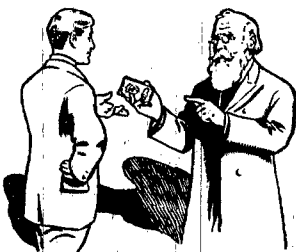

"Toyland" a musical Operetta adapted from the German by Sam Morris, with a Chicago cast of fifty people and a bunch of pretty chorus girls will soon appear in this city. After a large amount of due persuasion, Manager Britton hrs been successful in securing this one big musical hit of the season.

LAND! LAND! LAND!

Land that grows 15 to 25 tons of sugar beets to the acre, 200 to 400 bushels of potatoes, 40 to 100 bushels of oats, 25 to 60 bushels of corn to the acre, and all kinds of fruit, berries and melons in abundance. Rich, virgin soil, that grows immense crops like magic, when the water that the U. S. government provides at cost is flowed upon it. There is no such thing as crop failure under irrigation. The farmer plants his crop and absolutely controls the amount of water his crops need at exactly the proper time, and he can grow more profitable crops than he can grow in any natural rainfall country, such as sugar beets and alfalfa. Government statistics show that irrigated land will produce from one-third to one-half more crops than any natural rainfall country. Officials of the U. S. Reclamation Service say that the North Platte project, which will irrigate the land we are selling, is best adapted to irrigation of any land in the country, and the supply of water is unlimited.

RENTERS. Why pay from \$3 to \$10 an acre rent for land when you can get 160 acres of fine irrigated land for about the same money you are paying for one year's rent of an eastern farm? **COME TO THE NEW LAND** and own a fine farm that will grow larger crops than the high-priced land you are renting. Uncle Sam will supply you with water to irrigate 160 acres of the most productive land in the country at cost. I can secure you a fine 160 acre, irrigable farm for from \$1 to \$5 per acre.

DON'T WAIT! It won't last long. Thousands of people are flocking to this country, and the sooner you come the better bargain I can get you. Don't waste your life renting somebody else's farm at a high price. Come to the rich and fertile North Platte Valley, and make a home and fortune for yourself and family. Don't neglect this splendid opportunity. There's big money in it. This land that you can now secure for practically nothing, will be worth from \$100 to \$300 per acre as soon as irrigated and improved. It is better land than Colorado land, that is now selling for as much. You can hire all the work done on sugar beets for \$45 an acre, and at the average yield of 20 tons an acre, you can clear \$55 an acre and do no work on it yourself.

FARM OWNERS, Why farm \$100 eastern land when you can buy irrigated land here for from one-tenth to one-fourth the money, and get land that will produce larger crops and increase rapidly in value? Sell out and come to the rich North Platte Valley. We are not pioneering. There are no hardships in this country—towns, railroads, schools and churches are close at hand. The Platte Valley is centrally located and convenient to all markets. Railroad communications are unexcelled to all good shipping points. All kinds of produce, cattle, hogs and sheep command a high price. The Burlington R. R. now runs through the valley and the Union Pacific is rapidly pushing work on a through line to the coast, which line also runs through the valley. Thousands and thousands of tons of hay are cut in the river bottoms every year.

INVESTORS: We can sell you deeded land that is increasing rapidly in value and will continue to increase in value for years to come. Irrigated land is not subject to the depression in land values that always go with a period of crop failures in any natural rainfall country. No matter what the weather you can grow a crop every year under irrigation. I control the sale of thousands of acres of irrigated and dry lands, hay land and ranches. I can secure you any kind of land at a price that will make money quick for you.

WRITE TO-DAY FOR FURTHER INFORMATION. Local real estate dealers correspond. We can make some money for you.

Christmas Presents.

Every year Photos are becoming more popular for Christmas presents. But nearly everybody puts off having them taken until about the last week and then we have more than we can do.

In order to induce people to come in early, we will give fifteen photos for the price of a dozen to every one who orders before Dec. 15.

Remember, the days are getting short so come in early in the day if possible.

GRAVEN THE PHOTOGRAPHER.

BIG DISTRICT MEETING.

Planned for Norfolk by Modern Brotherhood of America.

A big district meeting of the Modern Brotherhood of America will be held in this city the latter part of December, if present plans are carried out. State Manager S. S. Hayman of Grand Island was in the city Saturday making preliminary arrangements for such a meeting, at which time delegations will be here from the lodges at Wayne, Carroll, Hoskins, Stanton, Tilden, Meadow Grove and Warnerville. An effort will be made to initiate a class of 100 new members at this meeting, the work being done by a drill team of the local lodge, now practicing for that purpose. Two hundred outsiders are expected to take part in the festivities, which will be made a great time for the Brotherhood in this section of Nebraska, and will close with refreshments and a smoker.

The Modern Brotherhood of America is an organization about ten years old and it is striving to gain a membership of 100,000 by the first of the year, and as it only lacks 5,000 or 6,000 of that number it is probable that the desired number will be gained. The order now has a reserve fund of half a million dollars, and is considered one of the best of this class of insurance institutions in the country today.—Norfolk News.

It is foolish and unnecessary for most people to get housed up for the winter. The human animal cannot hibernate.

News From Over The County.

Items of Interest to Our Country Readers and Those of Nearby Towns

Carroll News

Mrs. F. W. Robinson was a passenger east yesterday.

John Shannon was transacting business at the county seat Tuesday.

Mr. and Mrs. J. H. Porter were passengers for Sioux City this morning.

The Carroll meat market now presents a neater front, having been treated to a coat of paint.

Mrs. M. S. Linn has been entertaining an aunt and uncle, Mr. and Mrs. Woolheiser, from Illinois.

Grovijohn has a new helper in his blacksmith shop, by the name of Peterson and he hails from Dgone, Iowa.

Grif Garwood, G. G. Williams and Link Evans were among those from Carroll attending the Clark cattle sale held at Wayne yesterday.

Harvey Beebe was an arrival in Carroll Tuesday on a visit with his parents. He is located at Petersburg, Nebr. as manager of a lumber yard.

The Beebe & Johnson store is being invoiced this week. John Dobbin is here from Laurel this week and will remain permanently as a clerk in the store with Mr. Robbins.

The Lester Bellows family moved to Omaha last week where they will reside in the future. They sold their home to Frank Francis some time ago and the latter is now in possession. The house made vacant by the Francis family moving is now occupied by Mr. and Mrs. Ed Evans.

The death of Marion M. Burress occurred Sunday, Nov. 10 at his home in Pierce county, near Randolph. The remains were taken to Dedham, Iowa, Tuesday and were accompanied by his two sons, John and Fred. The deceased was sixty five years and six months old and has been a resident of Nebraska for more than seven years, living north of Carroll in Wayne county most of the time. He was the father of nine children, seven sons and two daughters, and all of them except one daughter are residents of this section of Nebraska. Two of the sons Dan and Phillip, are extensively engaged in the importation and breeding of high grade horses, under title of Burress Brothers at Carroll, Nebr. Mr. Burress enjoyed the best of health prior to a short illness leading up to his death, which was in the form of grip and heart failure. The friends of the family extend condolence in their hour of sorrow.

Winside News

From the Tribune

Wm. Schraumpf and wife got started Tuesday morning for a visit to Missouri, Ohio and Illinois. They expect to be absent a month. Frank Heyer is here taking Mr. Schraumpf's place in the depot.

The boys Baraca class, which had a box supper at the opera house Saturday evening, realized about \$16 from the proceeds of the sale of the boxes. A large crowd was there and not near enough boxes, for sale.

J. R. Washburn and wife of Mercer, N. D., have been visiting friends and relatives here this week. We understand that Mr. Washburn brought down a carload of fat cattle and sold them at Sioux City, but on account of the noisy party, the sale was not satisfactory.

The Royal Neighbors had an enjoyable time Hallowe'en. About fifteen of them disguised themselves as spooks and went to the home of Mrs. Schwerin where they "had more fun than you can shake a stick at," as one of them expressed it. They found the host and hostess very agreeable and pleasant entertainers.

The boys in Winside did remarkably well Hallowe'en. They were out in full force but did no particular damage that we have heard of. A large amount of machinery and old rubbish was piled in front of school house door, and as the boys were working away and having lots of fun, several men around town surrounded them and opened a brisk

fire of Roman candles. It is said that the boys scattered in every directions as though all the hobgoblins and police force in the country were after them.

Dr. Lovel, of York, a brother of Mrs. John Prince's came yesterday to visit his sister and family. The doctor is a deputy State Veterinary. Sam Rew had him go out to see a horse belonging to Mr. Rew that has lockjaw, but there is not much chance of saving it. Having already lost two good horses during the past year, it will be hard luck for Mr. Rew to lose another.

We always thought that Mr. and Mrs. Dave Koch were great admirers of President Roosevelt, but did not know that they were such admirers of his anti-race suicide principles. When the stork called at their home last Sunday, instead of leaving one baby, as is usually the case, he left two, much to the surprise of the happy parents, but without protest. They are boys and just as cute as they can be.

The Woman's Club supper last Friday night was well patronized considering the inclemency of the weather and the proceeds amounted to \$40. The tables fairly groaned with good things to eat, and when all were served there was an abundance left which was sold to different parties. The occasion seemed to be one of enjoyment to the children at least, who romped and played to their hearts content. A jack-o-lantern drill by several girls, was an amusing affair and so much appreciated that the girls were called back. A candy and pop corn sale, presided over by Mrs. A. B. Cherry, was well patronized, and the fortune teller, who was Mrs. Siman incognita, took in many stray nickels. The grab bag caused much amusement and Mrs. W. I. Lowry carefully guarded it.

Hoskins News

From the Headlight

A bright and happy girl arrived at the home of Mr. and Mrs. Blair Lowder Saturday November 2nd.

Jay Chapman, an employ of the Bowman Kranz Lumber Co. is visiting his friend Frank Hart this week.

Mr. and Mrs. R. G. Rohke, of Meadow Grove, spent Sunday at the home of Mrs. Rohke's parents, Mr. and Mrs. Wm. Zutz.

The Cable for the Telephone Co. is here, and by the next issue we hope to see our Telephone system in a No. 1 shape.

W. Fraizer, of Omaha, was in this neighborhood this week looking after the interests of the Frazier and Johnson Live Stock Commission Co. of Omaha, Nebraska.

We forgot to mention in our last week's paper about the arrival of a baby boy at the home of Mr. and Mrs. Harry Nettleton, and no wonder Harry wears such a broad smile these days.

There was a little scrap in town Tuesday night between Ed Bernhardt and Utech. The marshal happened to be there and took them tow and Justice Templin put on the dressing of \$2.00 and costs, which was paid.

Eastern Hunter

School will begin in Dist. No. 6 next Monday.

We have been having a touch of winter.

H. Worth was a Wakefield visitor Tuesday.

Geo. Eiflien was a Wayne caller Tuesday afternoon.

Louis Habermann drove up to his farm Tuesday.

The carpenters are at H J Worths hanging doors and making storm doors.

Bertie Ott is picking corn for P. A Peterson as Earnest Samuelson went home to pick.

Ray and George Worth are picking corn for Frank Larson.

Admires of good Musical Opera will have the pleasure of seeing one of the biggest and best production ever presented in any city, when the original production of "Toyland" with its comedians, chorus of pretty girls and catchy music is presented in this city.

County Teachers Meet

The first central meeting of the Wayne Co. Teacher's Association was held in the court room Saturday afternoon.

The first subject, entitled "School Gardens," was presented and thoroughly discussed by Ben F. Robinson. In his talk the speaker placed so much emphasis on the need of the school garden that many of the teachers were led to tell of the plans they had made for work.

Following this was a paper on "Our Beginners" read by Miss Bonnie Reed, of Winside. For one of her experience in the work, Miss Reed certainly advances some splendid ideas in regard to primary pupils. Her paper was very ably discussed by Miss Perrin.

It was somewhat of a disappointment to the teachers that the State Superintendent was not able to be present as was expected. Supt. Littell made a short address and expressed himself as highly pleased with the improvement in rural schools during the past year, and encouraged the teachers to continue zealously in their work.

TOYLAND

Manager Britton is to be congratulated on having booked the big musical opera success "Toyland" which is to be played here shortly. This is the original production in its entirety with a big Chicago cast elaborate costumes, pretty girls, and catchy music and is looked forward to as the big surprise of the year to play-goers of our city.

The play is a two act musical operetta from the pen of that peer of writers, Sam Morris. The scenes are laid in the German town of Nuremberg where there lived a toy maker, Fritz Heine, whose whole ambition was wrapped up in making a doll come to life in order that he might marry her to his offspring, Fritz Heine, Jr.

Road Overseers Elected

As the recent election the following were elected road overseers of their respective districts

- Dist. No. 1.—Adam Grier
- Dist. No. 2 Dave Thomas
- Dist. No. 3 H. Fritzsimmmons
- Dist. No. 4—L. J. Hughes
- Dist. No. 5 Ben Cox
- Dist. No. 6—J. W. Ziegler
- Dist. No. 7—Archie Tindsay
- Dist. No. 8 O. F. Crane
- Dist. No. 8—Dethif Kai.
- Dist. No. 10 Fred Pflueger
- Dist. No. 11—Dave Surber
- Dist. No. 12 Jno. Dunn
- Dist. No. 13 Wm. Eckert

To drink, or not to drink, that is the question.

Whether it is nobler in the mind to suffer the intolerable cold of winter or to imbibe a mug of hot chocolate made by Mrs. Whalen who is unexcelled in the art of preparing and serving it with whipped cream and all kinds of fancy cakes made fresh every day.

Wayne School Notes.

A new set of library books have just been received.

The third grade have finished several maps in ink colors.

The third grade of the Ward school are making autumn leaves.

Everet Raymond of the 4th and 5th grades leaves Monday for a visit.

Mrs. Young and her sister visited the high school Tuesday afternoon.

Shirley Sprague was enrolled among the high school students Monday.

The Junior class are reading Plutarch's Lives as supplementary history reading.

Miss Hunter's room will be prepared to give an interesting program Thanksgiving.

Miss Greg's room of the Ward school has had several plants contributed to her room by the pupils.

Miss Boose an ex-teacher of the Wayne high school, visited the school last Tuesday at the request of her zealous friends.

A Lesson in Economy.

Saves fuel and labor and worry.

Gain time temper and good health by buying bread at Whalen's. Made fresh ever day from the best material the market affords.

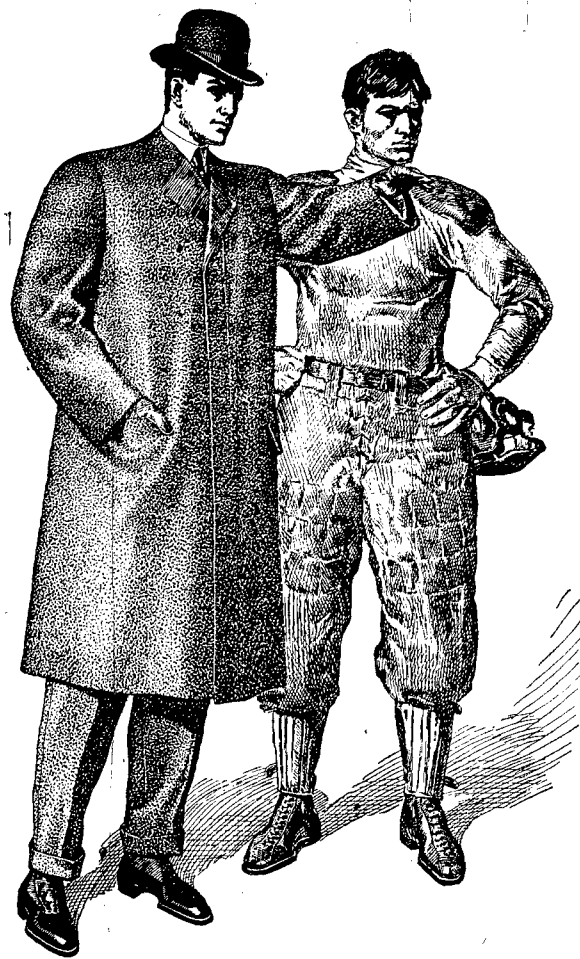

Cream puffs Wednesdays and Saturdays.

Manager Britton deserves great credit in having succeeded in securing the magnificent production of "Toyland" in its entirety. It is filled with up-to-date music, something that is dazzling and catchy. There is no imitation—everything is original and new.

For Sale

My twelve acre plot of land well improved in every way. Located in the northwest part of Wayne.

Editor Phillips of the Bancroft Blade suggested the organization of a Northeast Nebraska Press Association a few weeks ago, and a gathering of the pencil pushers will be held at Emerson, tomorrow to pass upon the matter.

In order that Wayne business men may hear Congressman Bede in his lecture entitled "Our Nation" its Problems and Progress Saturday night, his speech will not commence until nine o'clock. However a short musical program will be given previous to the lecture, beginning at 8:30 o'clock.

J. T. Leahy received good news this morning from his sister, Miss Agnes Leahy, to the effect that she had successfully passed the examination before the state board of pharmacy, and won distinction in obtaining higher grades than any other applicant the past year. Miss Leahy has been a student in pharmacy of Creighton College, Omaha.

Return Jack Screws

Parties having jack screws belonging to me will please return them at once. J. H. WRIGHT.

Announcement

With my special apparatus just received, I am prepared to benefit or cure the worst cases of rheumatism. I care not of how long standing. No need of a trip to Hot Springs when I have a treatment that gets better results. Chronic diseases a specialty. F. E. GAMBLE, Osteopath.

PUBLIC SALES.

Several times of late people have said to me: "I didn't know you were crying sales." I wish to inform the public that I am in the business to stay and expect to remain right here in Wayne county, indefinitely. You don't have to wait until winter to have your sale. I am here at all times and you can get me by telephone at any time from any part of the county. Satisfaction guaranteed. CLYDE OMAN.

NORMAL NOTES

Interesting Items Gleaned from the Columns of the Alumni Echo for November.

W. L. Nies of last year's Scientific is reported to be doing extra well as principal at Hay Springs. He is a splendid man of the best ideals of life and school in any place. We would like a line, my friend.

What is the trouble? No weddings of the members are reported since last issue. Wait boys for leap year. All of us timid fellows may whistle another tune before '09. Well, let it come for a number of our fellows are near the line where the immune sets in. Send on your cards—preferred before the happening.

Claude Wright of '05 Scientific with his father and brother has a new store at Dixon where he is principal of the school. They anticipated such a business another year but a splendid opening led them to take it up there early. Burrett is assisting in the store this term but will return to his studies after the holidays.

Take notice! Next year is leap year. Now honestly, had you thought of it? On account of this, our catalogue dates are a day off. Alumni Day comes August 7 instead of August 8. Hope all members will keep this in mind. Some of the older sisters of the association should have advised your brother concerning this.

Greetings come to the Echo man from Mary Williams of last year's Teachers' Class. She is enjoying a lovely school near her home and you can bet on her success. If we were bigger, we would say that her interest in Wayne and Wayne people is not limited to the editor. We are afraid to say more just now—but later!

The Y. W. C. A. secretary, Miss Simonds, of Lincoln, spent three days last month with our girls. She is an enthusiastic worker and is a great help to the members of the association. She made a pleasant chapel talk and made several talks to the members during Saturday and Sunday.

A lengthy letter of much interest comes from Principal W. L. Nies of Hay Springs. He finds his position pleasant and his town progressive. Of course he is busy and who is not when managing successfully a school, but he is equal to the demands. You will always hear of his success, for he knows the what, the why and the how of teaching and management.

Robert I. Elliott of '00 Scientific is winning honors at the state university. He won a place on the university interstate debating team and a few days later was chosen president of the Junior class by a unanimous vote. He won these honors because he is worthy. Every Alumni congratulates him on the high rank he has won.

Laurel Lundberg of '04 Scientific is seventh grade teacher at Tekamah. She was a strong teacher in the country schools before graduating from the College and has since been teaching the intermediate at Wakefield. She will be strong in any good school.

Jolly Fay Abbott is teaching a large country school in Dixon county and you can wager he will do well. Here is a fellow who will advance rapidly if he remains in teaching. He is industrious, big-hearted, unselfish and always willing to do his part. He was very popular with all students last year.

Mr. C. R. Hadley, Teachers' '00 was married recently to a lady of Port Orchard, Washington. Mr. Hadley is superintendent of the schools at Thorpe, Washington, and is meeting with the best of success. He was a popular student and a leader in college affairs. Congratulations from College and Alumni.

If rumors is to be relied on, we will have to change the names of some, lady members of our membership before January number is mailed. We hope, however, not many. The school needs your services a few years more and there is lots of time and opportunity, by and by. Send on your cards, if it must be.

P. E. McCoy of '97 Teachers' remains as a science teacher at Hastings with a good salary. He is recognized as one of the state's strongest teachers of science and will be able to hold a good position in that line of work in any strong high school. His wife was a member of the same class—Jessie Scott.

A pleasant letter from Alice Wadsworth, '06 Teachers', informs us of her good work at Niobrara where she has charge of the grammar and high school rooms. She is a well balanced lady and will make a success.

President Pile met several of our association folks at Lincoln the last week in October at the state meeting of superintendents and principals. Richardson, principal from Pilger; Schneider, principal from Bellwood; Miss Van Conett, Normal teacher, from Central City; John Wilson, superintendent from Arapahoe; Elliott and Jim Pile who are students in the university. All are doing nicely.

Students find a friend and sympathizer in the little lady clerk at Jones' Book Store. This is none other than Mabel Sears of '04 Teachers'. She prefers her present work to that of teaching as she can remain at home. She is active, sociable and knows the students' needs. Call at the store when you come to Wayne.

Allen's principal, A. P. Borg of '07 Scientific came over the other Saturday for a visit with the boys. That is what he told us and if anyone feels hurt on account of this, you must not blame any but A. P. His bashfulness may cause some grief one of these days and then somebody will be sorry. However, he is O. K. and six feet long.

The first of this month the officers of the Alumni sent out a circular letter to all members who have not donated a book to the library, with a request for such a donation. This will be the last letter of the kind sent out and it is hoped each member will contribute. The officers feel this is due the association as well as the college.

Next issue closes the year and we hope all members are satisfied with our efforts to give them a newsy monthly visitor of successes, hopes and plans of our folks as well as of College doings in general. Many kind letters of approval have come to us. We would be real pleased to have any suggestions as to the betterment of the Echo; also any criticisms.

Miss Belle Brookhouser is stenographer in the office of the county judge of Pierce county and is enjoying her work much. She writes a pleasant letter to her Normal friends and expects to make a visit soon to see us. Her work made for her many friends while in Wayne.

The pastors of different churches and other friends have been Chapel visitors during the term and made short talks to the students. These have been very pleasant and helpful. Arrangements will be made for two Chapel talks each week next term. These with the various lectures provided are worth much to students and we observe a better appreciation of these from term to term.

Gomer Jones of last year's class is having a fine time teaching. He tells us that he finds the work full of interest from first to last. Gomer is a very conscientious young man who will never be satisfied with any thing short of his best efforts and that means for him success and rapid progress. He has completed most of the Scientific course and will shape work to finish the course in the near future.

Several have written for a speaker for commencement addresses for next May and June. Pres. Pile, Prof. Buchanan, Prof. Saunry, Miss Kingsbury, Miss Bellows, Mrs. Pile, Fred Pile will fill a few dates. No charges other than expenses.

W. E. Miller of '97 Scientific was re-elected county superintendent of Cedar county. He had no opponent. His work in the position was such that all parties felt he should have unanimous election for his second term. He is a hard worker, a judicious man whose successful experience as teacher makes him a decided success. He teaches in the Normal again next summer.

The present principal of Harrison is Fred Meyer of last year's Scientific. Good reports reach us of his work and we are confident of his success. Harrison is the county seat of Sioux county and had E. O. Blackstone for principal two years ago and Chauncey Smith last year. All have given excellent satisfaction. Mary Fenske of '05 class continues as grammar room teacher there.

John Wilson, Scientific '02, says that what he learned at the Normal was very valuable but that the power to think and to do acquired was more valuable. He has met

with much success as principal at Bassett and Bellwood. Merit advanced him to the position of city superintendent at Arapahoe where his strong work will advance him higher in a few years. Such success inspires present students to best efforts.

Holding down "a claim" and teaching may not be the most enjoyable work of the world but it pays. Mrs. Witzel of '02 Teachers' has a good school and a valuable claim near Dale, North Dakota. She may return to Wayne in a short time to continue a higher course. All her friends would rejoice to have her in school again. She was a strong student during the Teachers' Course and loved by every member of the class.

Professor F. S. Lecron, '95 Teachers' who for several years has been the principal at Platte Center, was elected county superintendent of Platte county by a large majority. He has had most successful experience in country schools as well as principal. He is well acquainted with school conditions and will be classed as one of Nebraska's best superintendents.

On account of falling down the stairs at the courthouse a few weeks ago, Miss Conover of '07 Teachers' has not been able to teach. She expects to begin again after the holidays in the school just east of Wayne. She is an excellent teacher and we hope to see her in a good town school in another year. This year's experience will secure town positions for several of '07 class.

For highest rank in studies of Teachers' class '06, Nellie Cash received the \$20 prize. After teaching one year, she has returned to complete the Scientific course and make such a record as she did in '06. She is a great worker—industrious, judicious, reliable. Her work shows what application accomplishes.

At a joint meeting of the Christian association on the 3rd, Rev. Osborne of the Presbyterian church addressed the members and visitors in an inspiring talk for which all were thankful. He is a great friend of the young people and everyone admires him for his kindness in their behalf.

by all the students. Short talks were made by Pres. Pile, Mrs. Pile, Miss Kingsbury, Miss Bellows, Prof. Buchanan, Prof. Saunry, Fred Pile. Miss Jennie Bellows gave a splendid recitation and Miss Hewins a beautiful solo. The social part of the evening was managed by the graduating classes.

Miss Jennie Bellows who came from the Cummock School of Elocution is proving an able teacher for the Elocution Department. She had the best of training under the great teacher of elocution and follows his successful methods of teaching. She is preparing her advanced class for some entertainments after the holidays.

The time of the exercises of the literary societies has been changed to 7 o'clock Saturday evenings. The weekly socials will follow the literary exercises. This arrangement will allow an hour and a half for the socials. In this plan, we get an extra evening for study. We believe these changes will add strength in various ways.

The basket ball girls were defeated by the team from the Tilden high school. The game was well played and the winning team worked for it. The young ladies from Tilden were very pleasant and no dispute arose during the play. This is one and one. The Normal girls defeated Tilden last summer. The tie will be played off later.

A new order of things is being worked out this term and if it proves satisfactory as now appears, it will be permanent. School is held Saturday mornings and concluded with the one o'clock faculty address. No classes meet on Monday mornings. In this way, many students can spend Sunday at their homes and not miss any classes.

About 12 years ago, one of the interested and interesting of the Normal boys was George R. McDonald. He later taught successfully in Wayne county. He went to Montana and served as county superintendent. For several years, he has prospered as a leading merchant of Butte, Montana. A card announces his recent marriage. Congratulations. Success to you. Write us!

The young men's athletic association has begun practice in the gymnasium. The apparatus was slow in coming owing to many orders ahead of ours. Indian club drills and dumb-

TEXAS LANDS!

3500 Acres, Brazos bottom plantation, 2000 acres in cultivation, all necessary improvements, artesian well, four miles from depot, 50 miles from Houston. In the near future railroad will be built through it and depot located on it. Price \$27.50 per acre.

2000 Acres, Brazos bottom plantation, 900 acres in cultivation, railroad through it, depot on it, 34 miles from Houston; price \$20 per acre.

700 Acres, Brazos bottom plantation 500 acres in cultivation, large barn, store house, good tenant houses, choice red shell land, 35 miles from Houston, 24 miles from depot; railroad now being built through it that will put depot on it, or within one mile of it. Price \$40 per acre.

750 Acres, adjoining above plantation on North; choice red shell land; 450 acres in cultivation; good six-room residence, good barn, sufficient tenant houses. Price \$30 per acre.

413 Acres, Brazos bottom farm, 200 acres in cultivation, five good tenant houses, choice land, within five miles of Richmond, Texas. Price \$30 per acre.

1200 acres, fronting on the Brazos river and extending to G., C. and S. F. railroad, about seven miles south of Richmond; 200 acres has been in cultivation, balance timber; can sell it in subdivisions of 350, 450 and 475 acres each. Price \$17.50 per acre. The timber will pay for it if properly marketed.

700 Acres, San Bernard river bottom and black prairie land; 350 acres in cultivation with cotton, corn and alfalfa, balance under hog proof fence; 300 head of Berkshire hogs; mast enough to fatten them; good farm house, good store house, six good tenant houses, large barn and necessary lots; situated in Fort Bend county, four miles from railroad; an ideal place for a man who wants to farm, run a gin, raise hogs and cattle. Price for plantation and hogs \$22,000.

640 Acres of black prairie and San Bernard bottom unimproved land. Price \$15.00 per acre.

256 Acres of choice Fort Bend county Brazos bottom land, within 1 1/2 miles of railroad. 100 acres in cultivation. Price \$20 per acre. The timber if marketed will pay for the land and labor necessary to do it.

480 Acres Fort Bend county, Brazos bottom farm, all fenced, 160 acres in cultivation, two miles from railroad. Price \$20 per acre.

7500 Acres in solid body, on three trunk line railroads, 25 small improved farms on the tract; situated within 150 miles of Houston; reliable seasons. Price \$8 per acre. For details communicate with me.

1000 Acres of undulating timber land; post oak, black jack and sumac growth; 500 acres under good fence, 80 acres Bermuda grass pasture, 100 acres in cultivation; good house, two tenant houses, three good wells, stream of never failing water running through the tract; six miles from depot. Price \$5000; terms \$2000 cash, balance to suit purchaser with 6 per cent annual interest. The best bargain on the list for a man who has limited means

and wants a home or wants a piece of property to trade.

4000 Acres of undulating post oak, black jack, hickory and sumac timber land, in scattering tracts of 320 to 1500 acres in body, well adapted to the growth of cotton and corn, choice fruit and truck land; 6 to 15 miles from railroad; will sell it as a whole for \$3.25 per acre, or in subdivisions according to the surveys as patented for \$3.50. These lands subdivided and peddled out will bring \$10 per acre, and if the people who buy them are industrious they will make money and an excellent living. If an active real estate man will buy them and push these lands in Indiana, Southern Illinois, Kentucky, Pennsylvania, Georgia, Alabama, Mississippi or Tennessee he will have as good fields as the Texas land business offer.

10,000 Acres of choice black hog-wallow, unimproved, prairie land, in Brazoria county, in tracts of 160 acres or more, to suit purchasers, situated immediately at and within five miles of depots. Prices from \$12.50 to \$20 per acre. I am in position to supply what colonization agents need in lands.

2852 Acres of good to choice black hogwallow and black sandy loam prairie soil, situated in 21 to 23 miles of Houston, and within one to three miles of depot, 1400 acres of it under fence. Price \$12.50 per acre.

70,000 Acres of choice heavy black prairie land, fronting 15 miles on railroad, in Southwest Texas, good and shallow water. Price \$6 per acre.

60,000 Acres of smooth prairie land of the black hogwallow, black and gray sandy loam varieties; ten miles of bay and river front; within the rain belt; railroad assured. \$9 per acre.

900 Acres of well drained land, at and near Algoa, surveyed into five and ten acre tracts and corners established. Just the thing to sell to fruit and truck growers. It is within two miles of the Alvin nursery. Algoa is where the Gulf, Colorado and Brownsville railroads intersect. It is near half way ground between the great cities of Houston and Galveston. It is here that large yards and shops must be located by these roads, and their allied lines, the Rock Island and Frisco systems. Price \$25 per acre as a whole.

Twenty-Two tracts of 160 acres each of choice agricultural land within one to five miles of Dundee, Archer county, Texas, 40 to 100 acres in cultivation on each tract. In the great small grain, cotton and live stock growing belt of Texas. Price \$12.50 to \$17 per acre. Black land farmers going to the west should investigate these lands.

6000 acres of choice virgin prairie rice land, immediately at and within three miles of depots and 16 to 25 miles of Houston, for sale in tracts to suit purchasers at \$20 to \$25 per acre. Immediately on the best rice canal in Texas, that will water them for the crop of 1908 at \$6 per acre.

7,000 Acres of hardwood timber, in a solid body, consisting of white oak,

cotton oak, red oak, hickory, ash, gum, cottonwood, that will cut in the aggregate 8000 feet of merchantable lumber to the acre. Situated in San Jacinto county, Texas, fronting on Trinity river. Price \$10 per acre.

Fifty or More Small Improved farms in Harris, Fort Bend and Brazoria counties, ranging in size from 10 to 200 acres, at and near depots. Some of them fronting on beautiful navigable streams, healthy locations, excellent fishing. Prices from \$20 to \$100 per acre.

For Sale—22,000 acres of choice Rio Grande valley land with river front, near Brownsville. Railroad runs centrally through it. Some of the best cane, grape, truck and citrus fruit land in the country. Price \$6 per acre. An excellent irrigation and colonization proposition.

50,000 Acres, all within the proven artesian belt of Dimmitt county, where there is the strongest flow of the purest artesian water yet developed in Texas; 1200 acres in cultivation; 12 artesian wells; immediately on adopted line of railroad survey, between Artesia and Carrizo Springs; excellent soil, healthy climate. The best colonization tract for small home owners in Texas. Price \$10 per acre.

320,000 Acres of Mexican pine timber land, within 35 to 60 miles of railroad, in the state of Durango, that will cut an average of 6000 feet of merchantable lumber to the acre. Price \$1 per acre. An excellent lumbering and turpentine property.

A Rich Mexican Hacienda of 70,000 acres, 20,000 acres of it underlaid with a good vein of bituminous coal and susceptible to being irrigated; 2000 acres in cultivation; spacious home; numerous tenant houses; 2000 head of high grade cattle; 90 head of saddle horses; 20 jacks and a blooded stallion. There are said to be \$60,000 worth of improvements on the property. 50,000 acres of choice grazing land, all under fence; situated within 1 1/2 miles of a depot and 100 miles of the United States border; a delightful climate. Price \$150,000. A rare opportunity for a ranchman, oilman, miner or other man of means, to acquire an estate that is capable of being made to excite the envy of the European nobility. Fortified against necessities through the possession of this property. In touch with nature, idolized by your family, respected by your tenants, away from the turmoil of strikes, trusts, market fluctuations, failures, litigation, the lying of buying and selling. Where else can you find such ideal conditions for true living.

1,250,000 Acres Mexican ranch, within 100 miles of El Paso, 60 miles of running water, 40,000 head of cattle. Price \$900,000 for land and cattle.

50 Acres, fronting on and adjacent to the turning basin of Houston's ship canal; railroad through it; the most desirable warf and warehouse property on said canal. Price \$600 per acre.

If You Do Not Find in this what you want, please describe it to me and I will try and furnish it.

FOR SALE BY

C. R. MUNSON, WAYNE, NEB.

bell drills are carried on with material on hand. A large number of the young men are members and will find the exercises very helpful.

The Scientific class elected a fine lot of officers for the term: President, May Mahood, of Columbus; Vice-President, Harry Zeimer, of Hoskins; Treasurer, Earl Matheson, of Stanton; Secretary, Jessie Strickland, of Wayne. This class is strong in every way and the members hope to, at least, equal the record of last year's class.

Hon. W. J. Bryan addressed the students at the chapel exercises on November 2. All heard him in a political speech the evening before but were anxious to hear him again. He talked about 45 minutes most eloquently and thoughtfully on the subject of "Faith;" faith in self, in humanity, in government, in God. It was a great speech.

The officers of the Certificate class for the term are: Miss Prince of Winside, president; Miss Bengtson of Wausa, vice president; Miss Clatterbaugh, of Dixon, secretary; Harry Slaughter of Wakefield, treasurer. They are good workers and will look after class matters well. They deserve special attention for the success of their class social the first week of the term.

The state superintendent allows the county examinations to be held at the Normal each month. This saves our students both time and money. Grades are sent here and

can be transferred to any county the applicant wishes. Students who live in Wayne county must take the examination at the court house. The arrangement works well.

The fine fall weather allowed much work to be gotten ready which would have been put off till spring if the weather were unfavorable. Mr. Neiland has four good men under him and has all outside work well in hand with three cars of coal in the bins, caves full of potatoes and other vegetables, all stock well housed, grounds graded, sidewalks in good condition, etc.

The central heating plant is a great success. Every room in the dormitories, all halls, both recitation buildings, and the home contain nearly 400 radiators and all are warmed in a short time after steam rises in the boiler. It requires fuel and labor to do this but not more than half what would be required by other modes of heating and then every room is perfectly heated.

The arrangement by which six successful county superintendents were added to the faculty last summer term proved so satisfactory to every one that it will be repeated the coming summer. We are confident that teachers will be pleased to learn that superintendents Teed of Dixon, Miller of Cedar, Perdue of Madison, and Pilger of Pierce will assist in the teaching. Their work was most satisfactory last summer. No one knows better the needs of teachers

and those preparing to teach than the superintendent who spends the greater part of nine months in visiting schools and assisting teachers. By spending your summer at Wayne you will profit by instruction from the most expert teachers along all lines of school work.

With the opening of the Summer term June 15, '08, the Normal will inaugurate a year course in Agriculture and a year course in Manual Training. These lines of work need to be emphasized. We shall make practical courses and place strong men at the head of these departments. Full equipment for these lines will all be in readiness before the term opens. The Primary Course begins next term and later a year course in Domestic Science, will be put in. No school will be better fitted for various lines of work up to the Sophomore year of the university than the Wayne Normal. Our readers will do young people a favor by calling attention to our school with its various practical courses and thorough work.

DUROC JERSEY BOAR PIGS
Have a dozen February and March Duroc Jersey boar pigs for sale. Can furnish papers with them. Mile east and three north of Wayne, R. No. 4, Burl Craig.

Changed His Mind

A friend once made this statement to me: "I would not put a dollar into anything that was not paying a dividend"

He has since changed his mind, and realizes now that if every one took the same view there would be no investments.

Some one must take the initiative, some one must put up the money necessary to start the big enterprises that pay dividends.

Do you think that Mr. Hill, Mr. Rockefeller, Senator Clark, and the hundreds of other big capitalists of our country waited with their investments until their money could be put in dividend payers only? If they had they would not have the wealth they now possess. They invested—they started with the beginners and realized a thousand per cent on their investment where the investor that waited for dividends realized a paltry three or four per cent.

Now then, give legitimate gold mining your hearty support. It is far easier to determine in this day and age the legitimate from the illegitimate, and we will be only too glad to assist you.

Any time you have any enquiries to make, don't hesitate to ask for information, which will be given to the best of our ability.

Yours for King Solomon
O. A. KING, Dist. Mgr.

Congressman Bede's lecture advertised for last night (Nov. 13) was postponed by the committee until Nov. 16. So the lecture will be given at the opera house on Saturday evening of this week. The change was made to accommodate the Omaha Commercial Club, who desired Congressman Bede as a speaker at a big banquet given at Omaha last evening in furtherance of the deep waterway and river improvement projects the state's metropolis is endeavoring to boost. Be sure to turn out on Saturday evening.

Staley Pointers

This is our ninth season selling STALEY fine wool underwear in Wayne, and our twenty-ninth year of selling this famous make of underwear. You might think that we have advertised this line of underwear enough in Wayne, but as there are some new comers into the county each year, and there are yet a few men in Wayne county who do not wear the STALEY underwear, we are going to keep right on advertising this underwear till every man in Wayne county wears it. We have yet to find a single man (or a married man either) who has worn STALEY underwear, that is willing to wear any other kind, that alone should convince any one that STALEY underwear is superior to any other make. There are many things about men that we do not understand, and one of them is, that a majority of the men of Wayne county who do not wear STALEY underwear, know that they need it and should wear it, but because they are trading at some store where they don't sell STALEY, they think they have to do without it. We cannot understand why they fail to come here to get what they know they ought to have. If STALEY underwear was high priced and they could not afford to wear it, they would have a good excuse for not buying it, but STALEY makes underwear is made for the poor as well as the rich, and every person can afford to wear it and enjoy good health and be comfortable. Ask any one wearing STALEY wool underwear how he likes it, and they will recommend it, ask any Doctor if you should wear STALEY underwear and he will recommend it. Come in and ask us to show you STALEY wool underwear, look at it, feel of it and you will understand why so many wear it, and you will be ready to buy it.

Why It Is Better

The wool used to make the STALEY underwear is pulled (not sheared) which leaves the ends of the fibers smooth, and not blunt and sharp as all other wool underwear is. Then the wool is put thru a process of cleaning that takes out all the foreign matter, such as grease impurities, sand burs and chaff, it is thoroughly cleansed, then it is carded and spun into yarn and knit into garments. These garments are put into great vats of hot soap-suds and is thoroughly shrunk, that is why the STALEY wool underwear do not scratch and irritate the skin, and is worn by men and even women in Wayne that never found any other wool underwear that they could wear.

Why It Is Comfortable

It is made to fit not stretched to cover. The seams are all sewed with a double over stitch, which makes a smooth seam that will never rip. This seam is found only in the STALEY underwear, and you will always feel comfortable with STALEY underwear on. Keep your self warm in STALEY underwear this winter, and you will always wear it.

Why You Should Wear It

The best medical authority of the world concede that wool underwear is the only underwear fit to wear, we can give you the names of more than 50 cases of Rheumatism that have been cured by wearing STALEY-ALL-WOOL underwear. This is the only factory in America that makes an exclusive line of high grade wool underwear which is sold direct to the retailer and can not be bought from a jobber. Wool woven and made into undergarments by the STALEY methods absorb the perspiration, thereby preventing the wearer from suffering through sudden changes of the weather. Now don't wait till you get a good case of Pneumonia before you are converted to the STALEY family, \$6.00 worth of STALEY is cheaper and is worth more than \$25.00 worth of medicine.

A Fine Assortment

STALEY underwear is made in 50 different kinds, we can please the rich and poor alike, we can fit any person, it matters not what his shape or size may be, big or little, short or tall, lean or fat, at the same price as the regular sizes, we have it in all colors, and can please the most particular man, and we guarantee satisfaction to every wearer of STALEY underwear.

A Timely Warning

We have sold thousands of suits of STALEY underwear in the eight years that we have been in Wayne, and no man who was a wearer of STALEY underwear has asked for a divorce, and only two men have died in the eight years that had on STALEY underwear. There has been no man in jail with STALEY underwear on except the Sheriff. Now you and your family need the protection which STALEY underwear gives. It is a remarkable fact, that every man who we sell the STALEY underwear to, becomes possessed of a desire to tell his friends, and it is a fact that no man who comes to us because of a friend's recommendation, leaves the store without making a selection from our large stock of STALEY. Ask your doctor what kind of underwear he wears and he will tell you STALEY. Now if it is good enough for him, is it good enough for you and this is just the time of year to buy new underwear, as your old left over garments do not have the proper warmth in them.

To the Ladies

The last two seasons there has a great many ladies came and asked for underwear as good as their husbands wear, and a great many have bought the Staley union suits, which are perfect fitters, and in Staley Fine Wool Union Suits you get more weight than you do in fine wool of the ladies underwear.

\$2.00 to \$7.00 Per Suit

Staley Jersey Overshirt

For teamsters, railroad men, and every man who has out-of-door work, and who wants to keep warm, should invest in the celebrated Staley All Wool Jersey knit overshirts, there is nothing in the market that will out-wear them, and nothing that can be made warmer; you can laugh at zero weather with one of them on

\$1.00 to \$2.50 Each

It is our aim at all times to please our friends and customers

WHALEN

The Herald for Commercial Printing

We are certainly excelling ourselves and everybody else in the present quality of Arbuckles' Ariosa Coffee.

No such quality of coffee can be sold out of a bag, bin or tin, or under any other name by anybody in this town, for anything near the same price.

That's a strong statement, but you can take our word for it, and we are the largest dealers in coffee in the world. Another thing—the egg coating on ARIOSA COFFEE does not improve its appearance but preserves the flavor and aroma.

Remember that ARIOSA is not sold to look at, but to drink.

Complies with all the requirements of the National Pure Food Law. Guarantee 2041 filed at Washington.

ARBUCKLE BROS., New York City.

\$100 Reward \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength, by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

Address: F. J. Cheney & Co. Toledo, O.

Sold by Druggist, 75c.

Take Hall's Family Pills for constipation.

"Clues" of the Horse Thieves.

How many places can a horse thief be at a time? There are no kind of clues more numerous than horse thief "clues" and it would be an energetic horse snatcher who could keep up with the pace set by the clue makers. A horse thief is usually seen simultaneously in a dozen different parts of the country—and to the sheriff the most confusing part of the matter is that one or more of the clues may be "real".

The Wayne county thieves, who made way with four horses a week ago Saturday night, were thought to have gone west, possibly through Madison county. Sunday following the stealing, men answering the description were seen close to Madison, Wednesday the description was again answered eleven miles south of Madison.

Sheriff Clements has put in a fair share of his time since election in trying to keep pace with "clues" touching the Wayne horse thieves.—Norfolk News.

Why Colds are Dangerous

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold.

Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by Raymond's Drug Store.

Don't try to prevent colds and illness by coddling. Create a vigorous healthful body by proper eating, proper exercise, proper clothing, proper bathing, and by proper medications of ill.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very babes. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctors use, "The Sacred Herb". Demand Dr. Shoop's. Take no other. Felber's Pharmacy.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he unknowingly drink it for Coffee. Sold by Ralph Rundell.

CURE YOUR KIDNEYS

Do Not Endanger Life When a Wayne Citizen Shows You the Cure

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wayne testimony:

Robt. Baird, living one mile east of Wayne, Nebr., says: "I suffered so severely from kidney trouble last spring that I was unable to work. There was a severe, dull pain across my back and loins and when I moved or attempted to rise after sitting down, sharp sudden twinges would shoot through my kidney regions. When I saw Doan's Kidney Pills advertised a short time ago, I procured a box and they soon cured the backache. I have not had any return of kidney trouble since using them and can recommend them as being the best remedy I ever used for kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

Remember the name—Doan's—and take no other.

Notice.

I invite all brother farmers to come and inspect my Poland China hogs and at least some of them. Do not wait until you get the money, a bankable note is just as good to me as the cash. I guarantee every hog a breeder or money refunded. I have as fine hogs as you can find in the land. My herd of boars is perfect. Dude, the Iowa State Fair winner, Peter Stirling 2nd, the eight hundred pounds hog. For reference: Merchants State Bank, Winside Nebr.

FRANK KAUFF.

Under-wollens should be as heavy as needed for warmth but of loose texture and loose fitting. Such garments are warmer than tight-woven ones which are impervious to air and moisture.

PAINTS—The Sherwin Williams Paints are guaranteed. Written guarantee on every can. We are closing out our stock of paints. Call and get prices, the bargains will last only a short time.

LEAHY'S DRUG STORE

SALESMAN WANTED to look after our interest in Wayne and adjacent counties. Salary or commission. Address The Victor Oil Company, Cleveland, O.

A Cut Rate Price.

This is the first campaign in Nebraska in which political bosses cut no figure. The people will nominate the candidates and afterwards elect them. You are one of the people and should take an active interest in these primaries and elections hereafter. Politics from now on means a square deal for the masses, lower passenger rates, lower freight rates, less extortion by trusts and combinations. These things can only be accomplished by every honest voter making it a part of his business. The people can only know what is really going on by reading the newspapers. But you ought to read a newspaper that can print the truth about all the candidates; a paper that has no self-interest in politics; whose owners are not office-holders or office-seekers. The publishers think the State Journal is such a paper and in order to prove it to you make the special offer of only 50 cents from now until after election; seventy-five cents if you want the Sunday also. The earlier you send in your order the more you get for your money. Lincoln is the news center.

For Chronic Diarrhoea

"While in the army in 1863 I was taken with chronic diarrhoea," says Geo. M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief until Mr. A. W. Miles of this place persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by Raymond's Drug Store.
