A NORFOLK TRAGEDY

Valley P. Nethaway Commits Murder and Suicide

SHOT WIFE IN CROWDED CAR

Murderer Then Goes To Nearby Elevator and Blows His Brains Out

A crowded passenger car on the Union Pacific at Norfolk was the scene of a terrible tragedy last Thursday afternoon in which Valley P. Nethaway a local hide buyer shot his wife and then killed himself. Mrs. Nethaway died a few hours later. The wife had brought divorce proceedings against her husband and was on her way to Madison where the trial was to have been held that night.

Nethaway was quite well known in Northern Nebraska as a crack shot and had won prizes in several shooting tournaments. He was slightly known here in Wayne where he has been several times on business. The press correspondents give the following particulars of the shooting:

In full view of a panic stricken coach load of passengers on an outgoing train here this afternoon Valley P. Nethaway blew out the brains of his wife and then leaping off the train, sent a bullet into his own brain in a nearby grain elevator. Two charges from a shotgun he poured into the head of his wife, but he used a revolver for his own slaying.

Passengers dodged under seats for safety and some escaped through the windows. One man's coat, hanging over a seat was riddled by Nethaway's shot, and the hat of Mrs. Fred Harder, a friend who sat with Mrs. Nethaway, was also struck.

Nethaway, before committing suicide, said the one thing he regretted was that he had not killed former United States Senator William V. Allen of Madison, attorney for Mrs. Nethaway in her divorce case. After shooting his wife and before ending his own life, Nethaway telephoned his mother and asked that good care be given to his little daughter.

The husband and wife faced each other the length of the car apart. The coach was crowded with passengers, mostly men. With Mrs. Nethaway sat her friend, Mrs. Fred Harder, with whom she has lived since she returned to Norfolk some two weeks ago. Nethaway hesitated a moment No one moved to stay him.

"Prepare yourself to die," he told his wife. Then he warned the pas-

sengers to get out of the way. With his words the car was the scene of a mad scramble for safety. Most of the passengers dropped down under the seats, but some in the flurry of the moment found exit through the car windows. Standing in the door Nethaway emptied both barrels. He shot true, for his fame as a shot has been known over north Nebraska for many years.

The left side of Mrs. Nethaway's skull was literally torn away. The greater part of one charge, probably the second shot, was received by the rim of the seat in front.

Again after the shooting Neth-

away addressed the score or so of witnesses to his act. "Goodbye, boys," he said, "I am sorry I had to do this, but I will do the same thing for myself."

Nethaway then jumped from the car and went over to the grain office of the Salter company. On reaching the elevator he entered the first open door, lay down on the floor, pillowed his head on an old sack, placed the revolver against his right temple and pulled the trigger, ending his life almost instantly.

Business Again Resuming a Normal Course

UPWARD TENDENCY OF PRICES

Wayne Merchants are Making Preparations for a Large Holiday Business.

At no time in the past few weeks has the tendency towards resuming normal business conditions been more marked than in the past ten days, and in no section of the country is this more true than here. The gradual strengthening of prices, especially on grain, has served to create a more optimistic feeling and the effect of the so called financial panic is now but a vanishing shadow. The showing made all over the country by the bank statements was very favorable and inspired greater confidence in their stability. Many manufacturing enterprises that had temporarily closed down have again resumed operations, and throughout the west there is every indication of a good holiday business.

Wayne merchants have made preparations for an exceptionally large holiday trade. The stores are loaded with useful and appropriate articles for Christmas gifts, and in no town in northern Nebraska are there larger or better stocks to select from, or a place where buyers can obtain better bargains. The windows are filled with displays and the advertising columns of the newspapers are full

of bargains and seasonable suggestions.

Come to Wayne to do your Christmas buying. In no town of twice its size will you find a larger assortment of holiday goods and at prices that are right.

Good farming, based on sound principles of science and practice, was never more important or profitable than now. The Homestead, an agricultural and live stock paper published every Thursday at Des Moines, Iowa, is the best exponent of good farming. The Homestead is edited by farmers who live upon and operate their own farms right here in the middle West, so that their teachings are thoroughly practical. It has departments devoted to horticultural, poultry, sheep, dairy, veterinary, laws affecting farmers, current events, house and home Sunday school lessons, editorial comment, live farm gossip, etc; and its contributors include able and successful farmers and expert station experts throughout the West. Many farmers in this vicinity are already subscribers for the Homestead and all should be; as whatever adds to the practical knowledge of the farmer increases the value of land and enhances the prosperity of the community. We take subscriptions for this splendid farm paper at this office; and, by special arrangement with the publisher, can give you a low subscription rate for it in connection with the Wayne Herald.

Christmas At Harrington's

YOU'LL find more good things here to give as Christmas presents for a man or boy than you'll see anywhere else; things that will give pleasure and that will be sensible at the same time. You know how difficult it is to pick out the right presents for a man; even if you ask him he can't tell you what he wants. There's a way to suit him perfectly; buy his Christmas presents in a man's store, where men's things are sold.

NORMAL COLLEGE

Mr. Siebert of Tilden is enjoying a visit from his sister.

Miss Templeton of Lincoln, the state librarian, was a visitor on the hill for some time last week.

Mr. Nieland has been busy the past week putting up the new ice box. An addition is also being built to the kitchen.

Mr. Lou Hunter, a former citizen of Wayne and now living in Minnesota, visited his daughter Friday afternoon.

School for this term will be over the 20th of this month and the vacation will last until the 30th when the new term begins.

The faculty meetings occur on Monday morning at 11 o'clock instead of in the evening. As there is no school on Monday morning, this is a very handy arrangement for all concerned.

Mr. McLaughlin of Lincoln, state agent for D. C. Heath & Co., spent a few hours at the school Friday afternoon. Mr. McLaughlin is the dean of the book men of the state and is always a welcome visitor.

The boys' gymnasium class is going to give an athletic exhibition in the near future. The young men are waiting for some extra paraphernalia before announcing definitely as to the date.

Fred Pile addressed the students at the one o'clock meeting Sunday afternoon. He spoke on the educational institutions of the east, many of which he visited during the time he spent in college there.

The following new students enrolled during the past week: Messrs. Burke of Bancroft, Olson of Lyons, Henry and William Busch of Carroll, Samuelson and McEachen of Wayne, Strom and Fleury of Randolph, Leonard of Wakefield and Pearse of Genoa.

Some young men occasionally think that they are better able than is the head of the institution to dictate the policy of the school. Such a case came up this week and as a result the young man was sent to his home. Such persons must realize that in order to be students here they will have to comply with the few regulations of the school.

The following is clipped from the Norfolk News: Highly successful

were the Madison county teachers' meetings held by County Superintendent F. S. Perdue in Madison on Friday and Saturday with no less distinguished Nebraska educators than President Pile of Wayne college and State Superintendent McBrien of Lincoln on the program. Saturday afternoon Superintendent McBrien discussed with the teachers the use of literature in the schools. President Pile, following Mr. McBrien, spoke on 'Experimental Life' and in the course of a pleasing address advocated rearranging the course of study in the schools so as to accomplish more for the life of the people, declared that normal schools should be leaders rather than followers in arranging standards for educational work and thought that the school ought to be made more of a venter of interest for each community.

Married at the Methodist parsonage December 7th, by Rev. C. F. Sharpe, Miss Pauline Harding of Ottumwa, Iowa, and Mr. Harry B. Wilsey of Sioux City.

There will be a young people's social at the Methodist parsonage on Friday evening of this week, under

auspices of the social department of the Epworth league. A literary and musical program has been arranged and games provided for entertainment. Light refreshments will be served. A cordial invitation is extended to all young people.

The services at the Methodist church next Sabbath will be of special interest. In the morning the pastor, Rev. C. F. Sharpe will speak on the subject 'The Great Subpoena.' The Epworth league will hold their devotional meeting at 6:30. The evening service will be given up to an appropriate observance of the 100th anniversary of the birth of the great-souled, lion-hearted, gentle-spirited, stalwart defender of human rights, John Greenleaf Whittier, America's best loved poet. Whittier's songs will be sung, some of his most beautiful verses will be rendered by Miss Graves, one of the teachers in the city schools, and Miss Belows, teacher of elocution in the Nebraska Normal College, and his life and character will be briefly reviewed by the pastor. Everybody welcome.

Mrs. M. Kroger is a Sioux City visitor today.

Small-Pox at Wakefield

There has been all kinds of stories told of the small-pox situation at Wakefield but it seems there are but four mild cases. A correspondent from there to the Sioux City Journal says: Wakefield, in spite of all the reports to the contrary, has but four mild cases of small-pox in the village. Two of these are confined in private homes, another at a boarding house and Mr. Boyd, landlord of the Commercial house is confined in the hotel on the west side of the street. This house has been used only for rooming purposes. The first case will be let out tomorrow, his time having expired which will leave but three cases. So far only two places in the country are affected, one at Art Slaughter's, nine miles south in Wayne county, and Lemmy Hooger, four miles northwest.

The churches here were planning on their usual Christmas festivities and the merchants had already every thing in stock for Christmas trade. The local board of health, considering the nearness of the holidays and the safety of the public at large and to not intimidate patrons coming to Wakefield, met in a joint session with the school board Saturday afternoon and ordered all churches closed and public gatherings of all kinds stopped and the village school closed, the schools to remain closed until the first week in January, in this way losing but one week of school, as the usual two weeks vacation had been previously arranged for. Should there be no new cases from exposure within the next fourteen days the churches and public gatherings will be allowed to go on. It is the aim and object of the board of health and the citizens of Wakefield to check this disease as speedily as possible.

..We Make It Easy..

ONE of the most important considerations in selecting your Xmas gifts is to know that you are getting quite the right thing for the person for who you are buying it. We often hear women say, "I just don't know what to get my husband for Xmas," or, "I wish I knew what my Father would appreciate for Xmas." Well now, that is just the line of work in which we are prepared to help you. We have been helping women to select the right kind of Xmas presents for men and boys for nearly thirty years, and we know the needs of men and what they appreciate. Come to us and let us help to select your presents. It matters not whether you want presents for your husband, your father, your grand-father or your brother, or even your sweetheart, we can help you select it, and you will be assured of getting the right thing for the person who you are buying it for. Our store is full of useful Xmas goods, which makes Xmas shopping a pleasure which it should be. In selecting your Xmas gifts for men and boys, see that they are useful articles, as they are always appreciated more by men than bric-a-brac stuff. We can not tell you in this small ad. all the useful Xmas goods which we have for your inspection, but we offer a few suggestions which might start you in the right direction.

A Good Suit of Clothes

is not only a desirable present but also a useful and sensible one, and when you consider the make of suits which we sell, and the prices at which you can buy them, it makes a present that you can easily afford for your Husband or Father.

Make Him Happy

The man who on Xmas morning receives two suits of STALEY wool underwear will certainly be a happy man, for he will then know that his wife has no intention of asking for a divorce, and that she does not want him to die, and your memory will be dear to him for at least two years.

An Overcoat or Fur Coat

you know is just what your Husband has been talking about buying all fall and winter, or it may be that he has had his eye on one of those fine Fur-lined dress overcoats which we have, and what a pleasant surprise it would be to him to receive such a useful present on Xmas morning.

Kill Two Birds with One Stone

The best Xmas present any Mother can make to her Boy is a new suit or overcoat, and very likely the Boy needs them too, so you can fill a want and make an Xmas present at the same time. Or it may be a warm cap or a pair of mittens that he wants, we have them all and they last longer than toys.

Among the Many Useful Things

that any man or boy will be pleased to receive, is a pair of house slippers. Our stock of the same is new and up to date. A fine bath robe, or a lounging robe, fine dress shirts, and the latest styles in neckwear, a pair of silk suspenders, a collar bag, a box of linen handkerchiefs, or a silk reefer muffler, a nice silk umbrella, or a pair of fine dress or street gloves. Space will not permit us mentioning the many other useful articles which we have, but if you will visit this store when doing your Christmas shopping you will be sure of finding presents such as men and boys appreciate, and goods can be exchanged after Christmas.

THE OFFICIAL PAPER OF WAYNE AND WAYNE COUNTY

An effort has been made to inflate the Senator Knox presidential boom by a big banquet recently given in Washington. The latest reports are that the boom is sagging badly despite the efforts put forth in its behalf.

A county school teacher in the southern part of the state has started an innovation that many teachers will no doubt feel like following. She felt the necessity of continually reminding the pupils of the motto "Cleanliness is next to Godliness" but there was a young fellow who resented the admonition and insisted on wearing his face to school in any style he chooses. One morning when Johnny showed up with his dirty face he was grabbed by the nap of the neck and dragged up to a pail of water and with scrub-brush and soap the teacher proceeded to make such a radical change in his face that the other pupils hardly knew him when the job was completed. This is a little out of the line of the teachers duties but conditions sometimes makes such heroic measures necessary and one or two such treatments ought to have a salutatory effect on a whole school.

A startling tragedy was the murder of Mrs. Vallie Nethaway at Norfolk by her husband and his subsequent suicide. Here is a case covering the whole gamut of conjugal experience—affection and devotion, estrangement and alienation, and at last deadly hate and murder and self destruction.

Such a case affords no other illustration more significant of the vicissitudes of human existence. In the midst of life we are in death, but more solemn and impressive still, in the midst of seeming security and happiness we are involved in danger and crushing calamity. In this strange incident there is only a fresh admonition of the weakness and uncertainty which continually balances and offsets the stability which human nature daily reveals.

To those persons who repudiate the idea that the ways of man are ordered by Fate, such awful events present a problem which seems im-

possible to reconcile with the theory that people in this world are the architects of their own destiny.

There is quite enough in the influence of moral discipline and training to make it worthy of persistent practice, but, none the less underlying all of the agencies which education and ethical culture can supply and devise there seems to be a mysterious force that carries men and women quite beyond themselves and makes them, not infrequently, the part of a sinister spirit of evil and destruction.

President Roosevelt will not be a candidate for another nomination for president. The matter has been settled for good by a statement issued by him yesterday in which he states that he has not changed and shall not change from the statement he issued the night of election three years ago.

The new Naturalization laws are stricter and make it more difficult for those who desire to become American citizens by adoption. This was demonstrated this week by the rigid examination given the twenty-six applicants before the district court this week and while this is all right there were some questions that were a little hard for a primary class in studying our form of government. For instance this question: "How are amendments made to the constitution?" It is safe to say that if the same question was propounded to a dozen Americans...

raised who had been voting for years that there would be more than half who could not correctly answer it off hand.

Horse Owners Take Notice
There will be a meeting at the court house Saturday Dec., 21, at 2 p. m. The object of this will be to strengthen our present organization in regard to stamping out horse stealing as well as all other live stock stealing.

Christmas Presents.
Every year Photos are becoming more popular for Christmas presents. But nearly everybody puts off having them taken until about the last week and then we have more than we can do.
In order to induce people to come in early, we will give fifteen photos for the price of a dozen to every one who orders before Dec. 15.
Remember, the days are getting short so come in early in the day if possible.—Craven, the Photographer

The finest coffee substitute ever made has recently been produced by Dr. Shoop of Racine, Wis. You don't have to boil it twenty or thirty minutes "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert were he to unknowingly drink it.

Good Cough Medicine for Children

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by Raymond's Drug Store.

Public Sale

Several times of late people have said to me: "I didn't know you were crying sales." I wish to inform the public that I am in the business to stay and expect to remain right here in Wayne county, indefinitely. You don't have to wait until winter to have your sale. I am here at all times and you can get me by telephone at any time from any part of the county. Satisfaction guaranteed.

LAND! LAND! LAND!

Land that grows 15 to 25 tons of sugar beets to the acre, 200 to 400 bushels of potatoes, 40 to 100 bushels of oats, 25 to 60 bushels of corn to the acre, and all kinds of fruit, berries and melons in abundance. Rich, virgin soil, that grows immense crops like magic, when the water that the U. S. government provides at cost is flowed upon it. There is no such thing as crop failure under irrigation. The farmer plants his crop and absolutely controls the amount of water his crops need at exactly the proper time, and he can grow more profitable crops than he can grow in any natural rainfall country, such as sugar beets and alfalfa. Government statistics show that irrigated land will produce from one-third to one-half more crops than any natural rainfall country. Officials of the U. S. Reclamation Service say that the North Platte project, which will irrigate the land we are selling, is best adapted to irrigation of any land in the country, and the supply of water is unlimited.

RENTERS, Why pay from \$3 to \$10 an acre rent for land when you can get 160 acres of fine irrigated land for about the same money you are paying for one year's rent of an eastern farm?

COME TO THE NEW LAND and own a fine farm that will grow larger crops than the high-priced land you are renting. Uncle Sam will supply you with water to irrigate 160 acres of the most productive land in the country at cost. I can secure you a fine 160 acre, irrigable farm for from \$1 to \$5 per acre.

DON'T WAIT! It won't last long. Thousands of people are flocking to this country, and the sooner you come the better bargain I can get you. Don't waste your life renting somebody else's farm at a high price. Come to the rich and fertile North Platte Valley, and make a home and fortune for yourself and family. Don't neglect this splendid opportunity. There's big money in it. This land that you can now secure for practically nothing, will be worth from \$100 to \$300 per acre as soon as irrigated and improved. It is better land than Colorado land, that is now selling for as much. You can hire all the work done on sugar beets for \$45 an acre, and at the average yield of 20 tons an acre, you can clear \$55 an acre and do no work on it yourself.

FARM OWNERS, Why farm \$100 eastern land when you can buy irrigated land here for from one-tenth to one-fourth the money, and get land that will produce larger crops and increase rapidly in value? Sell out and come to the rich North Platte Valley. We are not pioneering. There are no hardships in this country—towns, railroads, schools and churches are close at hand. The Platte Valley is centrally located and convenient to all markets. Railroad communications are unexcelled to all good shipping points. All kinds of produce, cattle, hogs and sheep command a high price. The Burlington R. R. now runs through the valley and the Union Pacific is rapidly pushing work on a through line to the coast, which line also runs through the valley. Thousands and thousands of tons of hay are cut in the river bottoms every year.

INVESTORS: We can sell you deeded land that is increasing rapidly in value and will continue to increase in value for years to come. Irrigated land is not subject to the depression in land values that always go with a period of crop failures in any natural rainfall country. No matter what the weather you can grow a crop every year under irrigation. I control the sale of thousands of acres of irrigated and dry lands, hay land and ranches. I can secure you any kind of land at a price that will make money quick for you.

WRITE TO-DAY FOR FURTHER INFORMATION. Local real estate dealers correspond. We can make some money for you.

Land Seekers and Investors Agent.

Bridge Notice

Notice is hereby given that bids will be received at the County Clerk's office of Wayne county, Nebraska, for the building and repairing of all bridges required to be built or repaired in Wayne county during the year 1908; bidder to furnish all material therefor, according to the plans and specifications adopted by the county board of Wayne county, and now on file in the office of County Clerk of Wayne county, Nebraska. Said bridges to be built of wood or iron, or both, or with iron, cement or concrete sub-structure, according to said plans and specifications, and located in various parts of Wayne county. Separate bids to be made upon each class of bridges and each class of approaches, also on each culvert, and at a specified sum per linear foot for the superstructure of each of said classes of bridges and of each of said classes of approaches. Bidders to be built within ten days from notice by county to construct the same and in case any new bridge is to be constructed where an old one stands, contractor to tear down said old bridge and remove and pile all old lumber in such bridge safely near the site thereof, such lumber to remain the property of the county. Said bids to be filed with the county clerk of said Wayne county, Nebraska, on or before 12 o'clock noon, on the 10th day of January 1908. Said bids will be opened at 12 o'clock noon, Friday, January 10, 1908, by the County Clerk of said county in the presence of the Board of County Commissioners of said county at the office of the County Clerk of said county.

No bids will be considered unless accompanied by cash or a certified check for \$200.00 payable to Chas. W. Reynolds, County Clerk of said county, to be forfeited to said county in case the bidder refuses to enter into contract with said county if same is awarded to him. Successful bidder will be required to give bond to the county with two or more good and sufficient sureties in the amount of \$1000.00 conditioned for the faithful performance of contract awarded to him.

Also bids will be received for all of the above work at time and place and under all conditions as above set forth, the county to furnish all material delivered at nearest railroad station, except piling, which will be delivered at either Wayne or Carroll.

The Board of County Commissioners reserve the right to reject any and all bids.

Dated at Wayne, Nebraska, December 3rd, 1907.

DISTRICT COURT ON

The December term of the District Court convened Monday, Judge Welch presiding. Monday and Tuesday was taken up in the disposal of equity cases. The following cases were disposed of: Foreclosure cases, Geo. L. DeWitt vs John D. Gustafson, C. W. Day vs Douglas Gandy et al. In the case of Johannus Hansen vs Lars Larson, where plaintiff wants \$5000 for an alleged slanderous statement made by defendant the demurrer of defendant was sustained and on application plaintiff is given thirty days to file an amended petition.

Three decrees of divorce were granted to unhappy wedded people. Edith B. Kelly was granted a divorce on the grounds of desertion and she was given the custody of an eight year old son. Harris E. Boorum was given a decree of divorce from Julia Boorum on the grounds of desertion. John W. Fox was given his freedom from Emma Fox. His petition stated as cause of action that a child was born about three months after marriage that defendant admitted was not his.

The divorce suit of S. Ethlyn Moler vs Harry A. Moler was dismissed by plaintiff. In the case of the state of Nebraska vs Chas Hargitt, case was heard to court and taken under advisement.

Of the saloon cases tried before Police Judge Alter last spring, one of them will be appealed to the supreme court as a test case.

There were twenty-six applicants before this term of court for naturalization papers. The U. S. District Attorney and the special examiner of Denver Colo., were here to examine the candidates for final citizenship papers and out of the twenty-six there were seven who failed to pass. Some were continued by reason of having made their first declaration when they were minors and others were instructed that they must obtain a better knowledge of the laws of the country. Those who succeeded in obtaining their papers were, Peder Jakobson, Michial Eich, Wm Jacobson, August F. Hogelstein, August C. Jacobson, Asmus N. Franzen, August Nilsen, per Eloy Gunnarson, August and Chas Thum, Charles A. Peterson, Henry Meyer, Eric Chapman, Fred Bargholz, August Hohneke, Frank J. Sederstrom, Christ Fred Bargholz, John Dunn, Diedrich Meyer.

The following jury cases are set for next week. State of Nebraska vs Raymond Larson, State of Nebraska vs John Muth, City of Wayne vs John C. Pawlowski, Phillip H. Kohl vs C. R. Munson and Henry Kellogg, Hornby Bros. vs Isaac D. Bruger, W. O. Gamble vs Norman Ferdig, Peter Matz vs James E. Hamilton, Mary Kean vs Franz E. Moses. Judge Welch adjourned court Tuesday evening till next Monday. Wednesday morning he went to Pierce to hear some equity cases.

KOKOMO RICH GOLD SECTION

Recent Development Tends to Prove Early Prophecy of Mining Engineer Who Said Kokomo Would Attract World's Attention.

Kokomo, Colo.—For many years Summit county has been in the background and greatly neglected. One of the first discoveries of gold in Colorado was made in the vicinity of Breckenridge, and for a time this locality was known as one of the richest placer fields. Miners picked up the yellow metal from the creek beds and grew wealthy. When they could no longer make an average of \$20 a day they drifted elsewhere in search of richer fields. Later the lode miners traced the source and found the veins from which the gold came. Prof. H. H. Nicholson, a well known expert and metallurgist, spent a number of seasons investigating this section, and remarked that before long the eyes of the world would be turned to Summit county and it would be known as the richest gold field in the West. Recent discoveries near Kokomo show this section is just now beginning to open people's eyes, and the recent finds made in Mayflower gulch, all go to show the gold is here. The Bird's Nest property was the first to cause a stir, with high grade gold ore found at grass roots, and a pay mine from the start. All the workings on this property are in good ore, some of which shows the free gold sticking all over the quartz, which is not unlike the famous Camp Bird ore. The property has been working steadily all winter. The owners expect to ship all through the winter months, but the weather became so bad that the roads could not be kept open. However the mine kept on working and opening up the rich ore shoot. A large amount of development work has been done, the vein, which is a fissure, holding out and getting richer in depth. Several very rich veins have already been opened up. Some of them will give over \$5 to the ton in the yellow metal. The company is now figuring on machinery and intends building a mill to handle their own ore. It is safe to say Kokomo will have a boom this season and another rich gold section

 The Senior class of the High school, assisted by Miss Ora Moine and Ethel Blake held a party in the chemical laboratory of the High school building last Friday night. The first part of the evening was spent in various games, in one of which Weldon Crossland won the prize given. A supper of three courses was served. The table was decorated in class colors, and the menu was written in chemical symbols. After supper Miss Hazel Weber and Weldon Crossland responded to toasts, Miss Moine acting as toast master.
 The mysterious disappearance of a four year old daughter of Mr. and Mrs. Olaf Olson has created a great excitement in Thurston county. The little one started to follow her older brothers after the cows one evening recently and as soon as her absence was known a search was instituted but no trace of her could be found. Over two hundred men have been scouring the country thereabouts for two days without result. Whether she became lost in the high slough grass and perished from cold or was kidnapped is the mystery. The parents are prostrated over the affair.

NORTHEASTERN NEBRASKA NEWS

The First National Bank of Tekamah has increased its capital stock from \$100,000 to \$150,000.

Tekamah's new city lighting plant is about completed and it is expected to turn the light on about January first.

Neligh has just completed a fine new auditorium built by the Odd Fellows. The building has a seating capacity of 500.

Two trappers near Dakota City, who had seventy-five traps out and a quantity of musket pelts, were arrested last week for trapping out of season and fined \$10 each and costs.

Judge Graves of Pender has appointed Wilford Osborne of Hartington as court reporter in that judicial district in place of Mr. Freese who has held that place for some time.

The Nebraska Bell Telephone Co., is now constructing a line across the Indian reservation to Walthill after being held up for some months in securing a right of way from the government.

The Methodist church of Pierce celebrated its silver anniversary last week, it having been established twenty-five years ago. The first church building erected was burned in 1901 being struck by lightning

but a much larger one was erected to take its place.

Henry Rooney, well known in Ponca where he has often visited and with which team he used to pitch ball, died at his home in Hubbard last Sunday. Henry was a fine young man and was endeared to all hearts that love a good clean ball game for he was an enthusiast in this line and in his prime he was the best ball pitcher in North Nebraska. Ponca Journal.

Winside is getting some hot shot on account of its tight "lid." One newspaper says that the next move will be to stop the running of the trains through the town on Sunday and another says that all a man has to do now when he dies and arrives at the golden gate, is to tell St. Peter that he is from Winside and he will be allowed to pass right in without any questions being asked.—Nebraska Echoes in Sioux City Tribune.

An exchange makes this frantic appeal for news: If you are dead or about to commit suicide, or if you have been arrested lately and want to bring the matter to the attention of the people; if you have eloped with another man's wife; if you or your wife or children or any of your relations have a party, delirium tremens, bone erysipelas, scarlet fever,

money left you, a call to preach, smallpox, an idea or anything of that sort, tell us about it. We must have the news.

There has been considerable space used in some of the daily papers telling of the wonderful work of the new corn husking machines put on the market this fall. This paper copied some of the articles as general information. But now we hear different reports. Chas. Grunke and one of his brothers bought one of the machines and after giving it a thorough test, Charles reports to us that the machine is no good. They have laid it aside and are husking their corn in the old fashioned way. We doubt not but that the time will come when these machines will work successfully, but until that time comes it is very foolish for the farmers to buy them outright, unless a good guarantee is given that in case the machine does not do what is claimed for it, it may be returned.—Beemer Times.

A Washington correspondent to the Omaha World Herald says: Through the efforts of Senator Burkett, the Winnebago Indians are soon to have a modern cemetery for the deposit of their dead. Hitherto it has been the custom to bury the dead promiscuously over the reservation just a few feet below the surface of the ground, and to place over the little mound two boards, put together much like an ordinary chicken coop roof. For several years Senator Burkett has been interested in the Indian tribes and has made several visits to the various tribes in their interests. Last year he attended an Indian delegation conference at Pender and while there he drove out over the Winnebago reservation with the Indian agent. Mr. Burkett's attention was attracted by the cool like coverings of the graves and he finally asked what they were. He was shocked when he was told that beneath each roof lay the bones of some Indian. When he returned to the agency he suggested to the warriors the idea of a graveyard, but they poo-hooed the idea and would not consider it. During the summer however he again visited the Winnebago and with about seventy-five of the braver formed in a half circle about him he brought the matter up again and when his plan was understood the three grunts that are the Indian's approval went the rounds as did also the pipe of peace. Upon his return to Washington Mr. Burkett again took the matter up with the Indian commission. To-day he received a letter from the head of Indian affairs stating that the Superintendent of the Winnebago tribe had been authorized to investigate and recommend a sight for the burial ground.

CASE AFTER CASE

Plenty More Like This in Wayne Scores of Wayne people can tell you about Doans Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Frank Thielman, living in the northeast part of Wayne, Nebr., says: "Last spring I had a great deal of trouble with my kidneys. The trouble seemed to come on by spells and seemed to make my work twice as hard. I noticed that when the pains were most severe across my back the kidneys were most irregular in action. I saw Doans Kidney Pills advertised and seeing that they were highly recommended for such complaints procured a box. They acted exactly as represented in my case and it was but a short time before the backache had entirely disappeared. I have suffered no return since and give Doans Kidney Pills my hearty endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

Beware of Frequent Colds

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended Mrs. M. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well. For sale by Raymonds Drug Store.
