### FOR BUILDING SITE

Congressman Boyd Introduces Bill to appropriate \$7700.00

### FOR POSTOFFICE SITE AT WAYNE

A Site Once Secured Appropriation Can be Obtained for a Federal Building

Among the first bills introduced in this session of Congress is one of particular interest to Wayne and that is a bill by Congressman Boyd to appropriate \$7700.00 for a public building or postoffice site for this place. Once this is secured it will be a short time before an appropriation can be secured for the constructing of a federal building to be used for a postoffice. In the course of securing public monies for postoffice buildings in this district the larger towns have all been well looked after and it is Wayne's turn to receive recognition along this line. The Herald hopes that the bill may be favorably acted upon and that it will be the first move in an effort to have another good substantial improvement for Wayne.

#### Christmas Presents.

Every year Photos are becoming more popular for Christmas presents. But nearly everybody puts off having them taken until about the last week and then we have more than we can do.

In order to induce people to come in early, we will give fifteen photos for the price of a dozen to every one who orders before Dec. 15.

Remember, the days are getting short so come in early in the day if possible.—Craven, the Photographer

#### Upholstering

A. C. Olsen of Randolph will at once open an upholstering establishment in Wayne and do all work in his line, such as upholstering lounges, sofas, easy chairs, etc. All work guaranteed and prices reasonable. Bring your work to Fleetwood & Johnson's, Wayne.—A. C. Olsen.

The finest coffee substitute ever made has recently been produced by Dr. Shoop of Racine, Wis. You don't have to boil it twenty or thirty minutes "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either.

Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert were he to unknowingly drink it for Coffee. Ralph Rundell.

The ladies of the Rest Room will have an exchange at the Rest Room Saturday Dec. 21st of home made pies, cakes, dressed chickens, butter, eggs, etc. Please do not wait to be solicited, bring your donations in. By order of Committee.

Two car loads of Rock Springs coal just arrived at Saunders, Westrand Co. Send in your orders.

#### Big Bargain Week

During the week of December 21 to 28 inclusive, The Nebraska State Journal will accept \$3 from mail subscribers for the whole year of 1908, without Sunday, or \$4 with Sunday. The regular price is \$4 and \$5. This cut price is only good during Bargain Week, and all you have to do is to mail your remittance to the State Journal, Lincoln, Neb., during that week and you will receive the paper the whole year of 1908 up to Jan. 1, 1909.

The rate goes right back to \$4 and \$5 after these days. Why not come in with us?

### LITTLE GIRL SHOT

14 Year Old Girl Accidentally Shot by Brother

### HER LIFE DESPAIRED OF

Ball from 22 Calibre Rifle Penetrates Spine and Paralysis Follows

Bertha Tiedje, thirteen years old, was accidentally shot by her sixteen-year-old brother Monday evening on the Tiedje farm six miles north of Hoskins. The bullet struck the girl in the neck, lodging near the spinal column, paralysis following. The little girl was taken to an Omaha hospital in a very critical condition.

Henry Tiedje, jr., a sixteen-year-old lad, didn't know the gun was loaded. Brother and sister were up stairs at the Tiedje home. It was 9:15 and the household was about to retire. The girl was sitting across the room from her brother on a bed. Henry took up his 22-calibre rifle and started to clean the gun. He didn't know it was loaded until its sudden discharge put a terrible penalty on his carelessness.

The bullet penetrated the little girl's neck on the right side near the shoulder blade. It apparently lodged near the spinal column for the girl's right side was paralyzed. Dr. Schemel was called from Hoskins and Dr. Cherry from Winside. As a result of the critical condition of the girl and with a view of

making a desperate effort to repair the accident of the evening it was decided to take the little victim to an Omaha hospital. Tuesday morning the little girl, accompanied by her father and mother, Mr. and Mrs. Henry Tiedje, was placed on board the Sioux City train to make connections with the Omaha train at Emerson.

Henry Tiedje, jr., who accidentally shot his sister yesterday, a year ago shot himself through the hand with the same rifle. Mrs. Tiedje, now grief-stricken at the accident, has only recently left the sick bed. Bertha Tiedje will be fourteen years old on Thursday, the accident coming close to her birthday. Despite the paralysis she did not lose consciousness. It was said by the physicians that little chance existed that the accident could result otherwise than fatally. When taken to Omaha the little girl was paralyzed from the shoulders down.—Norfolk News.

**Carroll.**  
From Index.  
John Beal of Wayne visited his brother George the latter part of last week.

Mr. and Mrs. Joe Jones and son Elmer spent the afternoon at Wayne Saturday.

Guy W. Elder is expected home from California next week for a holiday visit with his parents in Wayne.

The home of Mr. and Mrs. Frank Lorenz was made happy Sunday by the arrival of a fine little daughter.

Mrs. W. W. Black is in Henry county Iowa visiting with relatives and friends. She will remain there all winter.

Geo Hoar and family are now moving from the Wadsworth ranch to the McLean place seven miles west and two and a half north of Carroll.

Wm Warmemunde of Red Oak, arrived Tuesday evening of last week for the purpose of spending the winter with his folks who live in the settlement.

Mrs. Duncan arrived home the first of the week after a vacation of nearly two months, which she spent with relatives and old friends at Illinois and Iowa.

Mr. Ed Cox who is employed at J. J. Mellick's was called home Tuesday by the illness of a sister. He will also attend the funeral of his sister's infant child.

Thomas Hamer sprained his ankle Tuesday while doing the chores at the place of his deceased brother, William. It seems that he stepped on a clod of dirt and turned his ankle in some way.

Information came to us this morning just before going to press, that Mrs. T. T. Thomas of this place, died yesterday at the home of her son, who lives about ten miles north of here in Pierce county.

Willman Bros. shipped two cars of cattle from here last, Saturday to

Chicago, on the same train W. H. Billiter had a car for the same market. Mr. Billiter and Henry Wilman accompanied the shipment, returning home Wednesday evening.

Last Monday evening a crowd of the young people of the settlement gathered at the home of Mr. and Mrs. Griff Davis and enjoyed the evening in dancing and playing cards. Those present feel themselves indebted for an evening of real pleasure.

Mrs. Patrick McHugh and Miss Jennie Grandgenett and Mr. Steve Karger of Logan, Iowa, sisters and uncle respectively of M. C. Grandgenett, visited with the latter for the past week. They returned to their Iowa home Tuesday morning.

**Winside**

From Tribune.  
Geo Farran transacted business at Wayne Monday.

Mr. and Mrs. W. T. Epperly visited Wayne Friday afternoon.

Born—To Mr. and Mrs. Walter Vaught, December 10, a boy.

There is rejoicing at the Bert Lewis home because of the arrival of a pretty little girl.

Mr. Brown was over from Wayne Saturday visiting at the home of his daughter, Mrs. C. E. Miller.

Mrs. H. E. Siman, Mrs. M. M. Baxter and the editor went to Wayne Friday afternoon to visit a dentist.

Mrs. I. D. Brugger and son are visiting relatives at Wessington, S. D. They expect to be gone about a month.

Fred Bright is back in his old place with E. W. Cullen this week, after a few weeks vacation taking exhilarating exercise in the corn field shucking corn.

The Death Angel invaded the home of Clyde Tidrick, who lives about three miles southeast of Winside, and took the loving wife and left four little children motherless. Mrs Tidrick had been sick about two weeks and her condition was critical

from the first, blood poisoning being the cause of her death.

The moving picture show aggregation that struck town last Thursday, came to grief in more ways than one. Their show was not at all patronized and the hotel people attached some of their paraphernalia to square their board bill. Two of their actors, young ladies, who were expected to join them here Thursday only got as far as the Norfolk jail. Their parents sent the sheriff to escort them back to their home in Fremont. Another young girl with the show men, was also escorted to the train Friday morning by marshall Hills and sent back to her home at Wayne.

**Eastern Hunter**

Miss Nina Fleetwood called on Mrs. Worth Monday afternoon.

Mr. W. W. Scott loaded his car on Wednesday to start for Colorado.

Mrs. Cleyberg visited with her parents, Mr. and Mrs. Nies, Tuesday.

Mr. P. A. Peterson and family were pleasant callers at the H. J. Worth home Sunday.

Mr. Worth sold some of his corn to Mr. Gildersleeve, and Ray and Earl delivered it the first of the week.

Mrs. Welch, daughter of Charles Nies, came down from South Dakota to spend the holidays with her parents.

Messrs. Ed. Samuelson and Lincoln Wellbaum went over to play dominoes and spend the evening at H. J. Worth's on Tuesday.

Mr. Carlson and sister from near Wakefield drove up as far as Chas. Soderberg's last Saturday, and Fred and Maggie went with them on to Wayne where they visited with their sister Grace and attended the literary and social at the college.

**A WOMAN'S BACK**

The Aches and Pains Will Disappear if the Advice of this Wayne Citizen is Followed

A woman's back has many aches and pains.

Most times 'tis the kidney's fault. Bachache is really kidney ache.

That's why Doans Kidney Pills cure it.

Many Wayne women know this. Read what one has to say about it: M. K. Rickabaugh, living in the eastern part of Wayne, Nebr., says: "My wife used Doans Kidney Pills and was greatly benefited by their use. Her case was not very serious but was very annoying. She had a sharp which would settle in her back and greatly break her rest at night. As a result for not sleeping well at night she was weak and tired out during the day. When I saw Doans Kidney Pills advertised, I procured a box and she received such great relief from their use that she has been recommending them to her neighbors ever since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United States.

Remember the name—Doan's—and take no other.

**NORMAL COLLEGE**

Mrs. McCann of Tilden enrolled this week. They are taking work in the shorthand department.

A union prayer meeting was held last Thursday evening and was well attended by both the young men and women.

On Wednesday and Thursday will occur the final examinations for this term. As usual good results are looked for in most cases.

Mrs. Ziemer of Hoskins, accompanied by her daughter, visited her son at the College Saturday and also witnessed the athletic exhibition in the evening.

The regular county examinations will be held Friday and Saturday of this week. Three examinations are held every month, one of the members of the faculty being designated by the state superintendent to have charge.

The athletic exhibition given by the young men in the gymnasium Saturday evening was a success in every way. All those taking part acquitted themselves very creditably and are to be congratulated on the wonderful improvement they have made along these lines.

The work for this term closes Friday night. There will be no school work now until December 30th when the new term begins.

Miss Riensch of Crofton returned to school Monday after a weeks absence at her home on account of sickness in the family.

James Steele visited friends on the hill several days last week. Mr. Steele graduated last summer and at present is engaged in agricultural pursuits.

**NOTES FROM ALUMNI ECHO**

County superintendent, Miss Zink, of Holt county has for her assistant in office Alberta Spindler who is recognized as a former bright Normal girl. She is both capable and worthy and her friends are glad to learn she is meeting with best of success and wish for her even a higher place.

The young men have organized an orchestra which expects to furnish some music for College functions. Fred Pile, Prof. Sauntry, Messrs. Zeimer, Johnson, Seibert and others will take part, and some good will be the result. A short daily practice will bring the organization into good playing condition and will add to the many good things for literary and social gatherings.

As we are mailing this number, every one is getting ready for their short vacation which continues from 21st to 30th. A half dozen go to teaching, all others return for next term and many for the year. A larger attendance is expected for two winter terms to follow vacation and an extra large attendance will be here for the spring and summer terms.

The circular describing the work for spring and summer terms will be ready to be mailed by the first of January. Hope our readers may send us some names of persons who may be interested in spring and summer schooling. We shall thank you very much for such a favor. We have a very rich program and shall expect an attendance of about 1000.

County examinations are held at the Normal each month for all who wish to take it, thus saving time and expense necessary if they had to go home for the examination. Grades made are sent here, also to their superintendent. A special examination will be held the 7th week of the summer term to accommodate those who wish to take it after the summer's review.

We have had an unusual large number of visitors this fall. Many school people drop in to see methods of class room work and methods in general classes, also in the model school. All general exercises of the school are always open to visitors and we are glad to have them come in.

**LAND! LAND! LAND!**

Land that grows 15 to 25 tons of sugar beets to the acre, 200 to 400 bushels of potatoes, 40 to 100 bushels of oats, 25 to 60 bushels of corn to the acre, and all kinds of fruit, berries and melons in abundance. Rich, virgin soil, that grows immense crops like magic; when the water that the U. S. government provides at cost is flowed upon it. There is no such thing as crop failure under irrigation. The farmer plants his crop and absolutely controls the amount of water his crops need at exactly the proper time, and he can grow more profitable crops than he can grow in any natural rainfall country, such as sugar beets and alfalfa. Government statistics show that irrigated land will produce from one-third to one-half more crops than any natural rainfall country. Officials of the U. S. Reclamation Service say that the North Platte project, which will irrigate the land we are selling, is best adapted to irrigation of any land in the country, and the supply of water is unlimited.

**RENTERS,** Why pay from \$3 to \$10 an acre rent for land when you can get 160 acres of fine irrigated land for about the same money you are paying for one year's rent of an eastern farm?

**COME TO THE NEW LAND** and own a fine farm that will grow larger crops than the high-priced land you are renting. Uncle Sam will supply you with water to irrigate 160 acres of the most productive land in the country at cost. I can secure you a fine 160 acre, irrigable farm for from \$1 to \$5 per acre.

**DON'T WAIT!** It won't last long. Thousands of people are flocking to this country, and the sooner you come the better bargain I can get you. Don't waste your life renting somebody else's farm at a high price. Come to the rich and fertile North Platte Valley, and make a home and fortune for yourself and family. Don't neglect this splendid opportunity. There's big money in it. This land that you can now secure for practically nothing, will be worth from \$100 to \$300 per acre as soon as irrigated and improved. It is better land than Colorado land, that is now selling for as much. You can hire all the work done on sugar beets for \$45 an acre, and at the average yield of 20 tons an acre, you can clear \$55 an acre and do no work on it yourself.

**FARM OWNERS,** Why farm \$100 eastern land when you can buy irrigated land here for from one-tenth to one-fourth the money, and get land that will produce larger crops and increase rapidly in value? Sell out and come to the rich North Platte Valley. We are not pioneering. There are no hardships in this country—towns, railroads, schools and churches are close at hand. The Platte Valley is centrally located and convenient to all markets. Railroad communications are unexcelled to all good shipping points. All kinds of produce, cattle, hogs and sheep command a high price. The Burlington R. R. now runs through the valley and the Union Pacific is rapidly pushing work on a through line to the coast, which line also runs through the valley. Thousands and thousands of tons of hay are cut in the river bottoms every year.

**INVESTORS:** We can sell you deeded land that is increasing rapidly in value and will continue to increase in value for years to come. Irrigated land is not subject to the depression in land values that always go with a period of crop failures in any natural rainfall country. No matter what the weather you can grow a crop every year under irrigation. I control the sale of thousands of acres of irrigated and dry lands, hay land and ranches. I can secure you any kind of land at a price that will make money quick for you.

**WRITE TO-DAY FOR FURTHER INFORMATION.** Local real estate dealers correspond. We can make some money for you.

I am here at all times and you can get me by telephone at any time from any part of the county. Satisfaction guaranteed.  
—Clyde Oman.

#### Good Cough Medicine for Children

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by Raymonds Drug Store.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babes. The wholesome green leaves and tender stems of a lung-healing mountain shrub, furnish the curative properties to Dr. Shoop Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. Felber's Pharmacy.

### Married.

The marriage of Miss Ethel L. Gamble, daughter of Mr. and Mrs. Oliver S. Gamble, to Mr. William Lewis Chichester, took place at the home of the bride's parents at high noon Wednesday December 18th; Rev. C. F. Sharpe of the M. E. church reading the service. The bride was prettily gowned in white silk. The wedding march was played by Miss Grace Gamble, a cousin of the bride. After the wedding a bountiful wedding dinner was served to the guests consisting of the immediate relatives of the contracting parties. After a short wedding tour they will be at home on the groom's farm south of town. Presents received were as follows: Mr. and Mrs. J. H. Chichester, silver knives and forks; Mr. and Mrs. W. O. Gamble, table linen; Mr. and Mrs. S. Fox, table linen, set of plates and salt and pepper shaker; Earl, Bell and Maurice Gamble, salad dish; Mr. and Mrs. J. H. Smith, Mr. and Mrs. J. S. Gamble and Grace, Mr. and Mrs. J. W. Fox, Mr. and Mrs. W. B. Gamble, water, berry and creamery sets. Mr. and Mrs. A. E. Chichester, bread plate; Dr. and Mrs. F. M. Thomas, napkins; Mae Gildersleeve, drawn work; Mabel Martin, dresser scarf; Cella Gildersleeve, Margaret McClasky, Lila Pond, centerpiece; Fern Sears, Etta Connor, set of dollies; Dorothy Bissel, dolly; Julia Bush, napkins.

### Died

Mrs. Anna Lessman-Luth died at her home in Logan precinct, Dixon county, Sunday, December 15, after a short illness.  
Deceased was born September 26, 1877, and was the daughter of Henry Lessman. She was married to Fred Luth, and to this union was born three children who with her husband survive her. Mrs. Luth was well known and highly respected by all who knew her, and her sudden death was a terrible shock to her many dear friends and neighbors. The funeral was held Wednesday afternoon from the German Lutheran church northeast of Wayne and was one of the largest funerals held there in years which attests of the high esteem in which she was held by all. The bereaved relatives have the heartfelt sympathy of all in their hour of sorrow.

### Boy Killed at Laurel

The 5-year-old son of Daniel Mason, living southeast of Laurel, was killed Saturday afternoon as a result of a shooting accident. He got hold of an older brother's gun, which was loaded, and in dragging it from one room to another, he struck it against the stove. It exploded, the charge taking effect in the side of the little fellow's head. An hour afterward the young victim died. The mother has been dead a year and the father and four sons were keeping house. The funeral took place on Tuesday afternoon.

### Latest and Best of All

The new up-to-date three-act comic opera, "The Adorable Fritzie" brings to us the latest song hits and masterly musical numbers, unfolds a comical story, a royal laugh provoker. The scenic and electrical effects are beautiful, gorgeous costumes worn by pretty girls who are sweet singers and graceful dancers and the greatest Prima Donna in comic opera, Miss Josephine Barlowe. All anticipate a most enjoyable evening, at the opera house Christmas night, Matinee in afternoon.

## THE DISTRICT COURT

Second Week of Term is an Unusually Busy One

## SEVERAL JURY CASES TRIED

Criminal Cases Take up Considerable Time First Part of Week Judge Graves Today

The second week of the December term of the District court convened Monday with the petit Jurors on hand to try Jury cases. The first called and the case in, which the most public interest was taken was the State against Raymond La rison for alleged assault with intent to commit rape on the person of fourteen old Eugenia Palmer. When the case was called the court room was filled with a crowd of curious people who are attracted by such cases. There was seats enough for all but some were afraid they would miss something and crowded down the aisle and would probably have climbed over into the jury box had not the court called their attention to the fact that the seating capacity of the court room would still accommodate them. The case was stubbornly contested on both sides but when the case went to the Jury the court instructed that there was not sufficient evidence to warrant a finding of assault with intent to commit rape and the verdict of the Jury was that defendant was guilty on the charge of assault and battery.

The next case was that of State against John Muth on the charge of assault with intent to commit great bodily injury. The trouble grew out of a dance at the home of Peter Sebers last June. The evidence showed that Fred Wroebel made threats against the defendant Muth. Wroebel was first to leave the dance and Muth overtook him a short distance away from the place and a fight ensued in which Muth admitted striking Wroebel a number of times on the head and face with a buggy wrench but claimed he did it in defense believing that Wroebel had a knife he would attack him with. There were a number of witnesses examined and the Jury retired, after being out several hours returned a verdict of acquittal.

Wednesday Judge Graves of Pender held court here. The civil case of Hornby vs Brugger on a breach of Warranty in the sale of a manure spreader was tried to a jury and verdict returned for defendant.

Case of B. E. Fenner vs Bowman Kratz Lumber Co was settled.

Case of City of Wayne vs John Pawelski was dismissed.

The case of W. O. Gamble vs Norman Ferdig is on trial to a Jury today. This case involves the ownership of about twenty head of cattle the trouble growing out of some business deals the parties had about a year ago.

Judge Welch is holding court at Dakota City for Judge Graves today and has not yet announced what the Court's sentence will be in the Raymond Larson case.

### NORMAL COLLEGE NOTES FROM ALUMNI ECHO

Renee Mckenzie of last year's Scientific writes the office a nice letter telling of her pleasant work as primary teacher at St. James. She finds her position more to her liking than she looked for and as she remains at home, her surroundings are better than others who are not fortunate enough to teach at home. She is doing good work as a teacher.

Geo. C. Wallway of last year's Teachers' has quit teaching to accept a position in a bank at Emerson. George is a faithful young man whose reliability can always be relied on. He is one of those rare fellows who is always at his best and whose record has not a single black mark. Such a character has its value in all life, success, happiness and progress.

The Normal frequently receives a short call from Elsie Robertson of last year's Professional. She is teaching a large country school near Wayne and as anticipated by all who know her, she is most successful. She is a well balanced woman of control, character and judgment who will do things right and with contagious enthusiasm.

President Pile spent a few hours in O'Neill the other Saturday where he met Malone '00 Scientific and Mullen '92 Teachers'. The former is making a mighty good record as county judge and was re-elected by a large majority. The latter after serving as county attorney so well several years is continuing the law practice with a very heavy, paying clientele. They are excellent fellows.

Holt county has secured another good Normalite as teacher. I refer to Wm. Scholten of last year's class whose home is at Armour, S. D. His present address is Dustin, Nebr. from which place he writes for his Echo. Wm. is a doer of things in an original horse-sense way and all know whatever he undertakes will be well done.

Sarah Ziemer of last year's Teachers' did not take up teaching this year but remains at home assisting

her mother in home work. She is not so big as some in avoidpoups but when it came to class work and literary exercises, her work counted with the best of them. We hope she may be a Scientific for '09. If she attempts it she will be heard from.

Indirectly word reaches the Echo that Louise Kurtz of last year's class is doing the best of work in one of Madison county's best schools. There is not a particle of fear of work with Louise and she is justly ambitious to make of herself a leading teacher and we expect her to do it. She is such a truly, good, honest girl that everyone wishes her the best of success.

The following Alumni members attended the School Folks' Club at Norfolk, November 29: Principal J. F. Power, Stuart; Principal W. F. Richardson, Pilger; Principal A. P. Borg, Allen; Principal E. D. Lundak Verdigrée; Mary Williams, Emson. All enjoyed the meeting and became charter members by attending the first meeting of the club.

Bessie Eaton, '06 Scientific, is meeting with much success as assistant in the Stuart High School. She has organized the eighth grade into a weekly reading circle which meets with her at the home of one of the class. They are reading assigned subjects from Longfellow, Hawthorne, Holmes and other American writers. Such a plan is worth much to a school.

J. F. Power, '06 Scientific; A. P. Borg, '07 Scientific; Etta Marsh, '07 Teachers' were visitors during Thanksgiving vacation. All report best of success and look forward to a fine year's work. They speak of the great value of the general work of the Normal as well the definite work of the courses. The socials, lectures, recitals, literary exercises are most helpful.

800 Men Make Fruitless Search for Lillie Olson Sunday

## LOGAN CREEK TO BE DRAGGED

Kidnapping Theory Given But Little Credence. Body May Be Found in River

Sunday the day set for a general search for the four-year-old Lillie Olson who wandered away from her home in Thurston county near Rosalia, was responded to by 800 searchers, parties going from Bancroft, Lyons, Pender and Winnebago to aid in an effort to clear the mystery. The child started from home one evening about ten days ago saying she was going out to help the boys get the cows. That is the last seen of her. A correspondent of the Sioux City Journal gives this description of the fruitless search of Sunday:

"While the big parties of searchers lacked an official head and thorough organization, it followed a general plan that would have brought results had the body been in the territory covered.

Starting at noon from various places south and west of Rosalia bands of men began to scatter over the prairie in the great simultaneous effort to find some trace of the lost child. There was no gathering of all the forces at one place before the beginning of the hunt, but crowds congregated at several spots and each made its start as it thought best.

The general movement was eastward toward Rosalia and the Olson farm, about two miles distant. The lines formed by the various parties soon assembled into one long line stretching across the hills and through the valleys for more than two miles. The northern wing of the search line rested on the main agency road which runs east and west past Rosalia.

Moving slowly and carefully examining every nook the line advanced. By 1:30 o'clock all the parties had reached the Olson homestead, and the sight of 800 men, on horseback and afoot, and in all manner of conveyances, gathered together with one purpose in mind, was presented for the first time in the history of

the reservation country. A consultation was held at the Olson place, in which the lack of a single leader was evident. The line spread itself out to the north and south once more and with a steady tramp advanced another two miles. The same tactics of examining all possible hiding places were again followed. The men were but a few feet from each other. The idea that the body could have been missed seems incredible. For two miles in every direction from the Olson cabin the ground has been gone over so thoroughly that there seems to be no chance of the body of the baby being there.

Group by group the searchers began to return to the cabin under the hills. No party brought the much longed for news of success, and as the dreary dusk of the winter evening drew near the scene presented by the little hut where a lonely mother waited anxiously for her lost child was one of desolation indeed.

The scene had its effect on the men of the searching party. No rude jests were heard from their mouths as they gathered about the barnyard to talk the matter over. No foul speeches were breathed upon the air but the intense and all-consuming question of where the little one's body might be seemed to be the only thought in the minds of the searchers.

## CITY COUNCIL

At the regular meeting of the council December 9th the following bills were allowed:

H. S. Ringland, freight and express.....	\$ 77 21
H. S. Ringland, freight and express.....	104 16
H. S. Ringland, freight and express.....	97 67

The council appointed a committee to make contract with O. W. Rist of Norfolk for the extension of the water main. There were two bids in, George Grunnemeyer bid for the whole job complete for \$836.00 and O. W. Rist's bid was at a rate of 86 cents per foot net.

On Thursday evening Dec. 19th Bro. Adams, Assistant Supreme Chief, of the Ben Hur Lodge and Bro. May of Lincoln, will be with us. Bro. Adams only spends one week in the state and Wayne is greatly favored in having him for one evening. He will deliver an ad-

dress on Fraternal Insurance in the lodge room of the Ben Hur's. It is to be an open meeting and the public is invited to meet with us.

**Modern Woodmen**  
The Modern Woodmen last week elected officers as follows: C. Howard Whalen; W. A. Bert Brown; Banker, Geo. Fortner; Clerk, E. Hunter; Manager, Ben Elliott; Escort, Leonard Gildersleeve; Physicians, Drs. Williams and Blair; I. W., Harry Owen; O. W. Carl Sund.

## NORMAL COLLEGE

The new county superintendent of Wheeler county is none other than one of our hard-working, honest girls in the person of Edna Blackman of '00 Teachers'. Edna was an industrious student who had to help herself, mostly in getting an education. She has been a successful teacher and deserves much for what she has made for herself. My friend, best wishes from the Normal and school friends.

Everybody's good friend, Elmer Lundberg, of '94 class, has severed his connection with the Wayne Herald. He was editor but not owner of the plant which was sold to other parties recently. Very likely, Elmer will remain in Wayne and engage in law practice. He graduated from the university law school and is well prepared for professional life.

The primary department of the Thurston school is presided over by Irene Lemmon of last year's Professional class. She made splendid special preparation by her work in the model school for such a position. She is an ambitious worker with sufficient initiative to prevent her teaching from getting into a rut or to become mere routine. Drop in to see us.

Lewis Omev of '98 Teachers' after serving several years very successfully as principal at Litchfield and Ansley is again principal at Orchard where he began his work as principal nine years ago. He has done well but is not enjoying best of health. During the summer of 1906 he did some advanced work at the Normal in preparing for a state certificate. Success to you, Lewis, you deserve it.

A few weeks ago, when we penned a real nice little note about Mabel Sears, '04 Teachers', we had no idea she intended to break right off and get married but she did that very thing. Who is the lucky fellow? A. B. Rightmire, another Normalite, is his name. He quit teaching in 1906 with close of his second year as principal at McLean and is engaged in the lumber business. All of us congratulate.

Peters of '06 class sends a Kodak picture and we could recognize him, Joe Humpal and Elmer Curtis. The picture shows these former Normalites in the dissecting room of the medical college at work on a "man." I presume it was a man, at least, I see there are bones and Joe is looking at them with solemnity of a funeral attendant. Dr. Peters, Dr. Humpal, Dr. Curtis. That sounds well.

Another good Alumnus changes her name and the Buffalo Y. W. C. A. loses a good secretary. Emma Shinbur of '98 Teachers' is married to a former university class-mate. For the past two years, she has been doing splendid work as secretary of the city Y. W. C. A. of Buffalo, N. Y. No girl deserves better than she. She is big in all things which mean goodness.

Jane Callahan of Elk Point, S. D., was one of the very soundest of the members of '00 Professional class. Her intention at the close of her Normal course was to take up kindergarten but she kept on teaching till this year when she entered the latter work which will require for her but one year on account of her preparation in Normal work and success in teaching.

Brunswick has Ed. McGee of '07 Scientific as principal and is moving up as a school town. Ed is a quiet worker but his work is effective. He is not afraid of hard work and knows how to get the best out of his boys and girls. He will make a go of his school as he always did of his class work, here where he enjoyed the confidence of everyone.

Pilger is to be congratulated on having had such principals as Le-cron, Elliott and Richardson. A patron of the school tells us that no better man than Richardson has been at the head of the school. He is strong as a man as well as teacher and principal. With him is as strong a teaching force as is found in much larger schools. Good for Pilger and her teachers.

Inis Brannon of '06 Certificate class is one of the strong country teachers of Antelope county. She is a number one girl with enough energy and willingness to do, to run

two schools. She is sincere to accomplish much for others as well as for herself. Her record will be one to be proud of. Her address is Oakdale. Success to you, my good friend.

The '05 Certificate class was short as to percentage of gentlemen and long as to the other sex. Five of the latter are married. Agnes Clifton, Jennie Waddell, Mamie Walker, Nellie Lauman and Mabel Tucker have changed their names. Julia Davis and Maude Davis are attending with us this year. Other members of the class with the exception of Mr. Miller are teaching.

Among the Alumni folks who spent Thanksgiving at the Normal were Miss Van Conett, '07 Scientific, high school teacher at Central City; Henry Raubach, '02 Scientific, principal at Creston; Eva Christensen, '06 Teachers', teacher of intermediate at Meadow Grove; Jessie Beech-el, '07 Teachers'. Others visited classes on Friday and Saturday following. All give best of reports of their work.

The father of Nellie Miller of '96 Teachers' called at the office recently and told us that she was well and happy in her home at Seattle where her husband is engaged in business. Nellie was a very bright woman and a fine teacher and her friends are glad to learn that she is enjoying life. Her folks live not far from Seattle.

Leeta Cross of '07 Certificate class is meeting expectations of her teachers. Never did a lady attend more strictly to business than she. Last year meant 48 weeks of the hardest kind of work for her and she deserves special mention for the credit she did herself by going through the course and winning the best wishes and full confidence of class members and teachers. All wish her great things in school work.

Agnes Leahy of '03 Scientific after two years' successful teaching entered the pharmacy school at Omaha and has graduated with the class honor. As a student, she was remarkably strong along every line. Mathematics seemed as easy for her as latin and science or as easy as

any other line. She and the editor were classmates and I know her worth and worthiness.

E. O. Blackstone's friends regret that he failed to win the county superintendency of Stanton county. He is a worker and will re-enter teaching with a view to a course in medicine later. No doubt of his success in whatever profession he goes into. As a member of '05 class he was strong all the way through and ranked up towards the head.

John McCluskey of '94 Teachers' is a prosperous farmer who lives near Newcastle. John was a splendid fellow in school and took a leading part in all school doings with Paul, Bright, Powers, Omev, Taylor and Hurley. He taught with success several years and made the race for county superintendent a few years ago. Farming was more to his liking. Come down, John, for a visit.

A nice letter from Minnie Birch of last year's Professional contains subscription for Echo, and price of an Alumni book. She is a big-little woman; big in ability and womanly ideals but not in avordupois. Her name was near top of list in considering rank in class for prize. She teaches in her home county of Pierce and we guess is doing the very best.

A number of subscriptions expire with this issue and we trust to receive a renewal. We have complimented some members of the association with a few copies and shall send a copy of the January '08 issue to each whose address we have to give all an opportunity to subscribe, but after that the paper will be sent to subscribers only. If our effort in behalf of the membership is not worth 50 cents to each, it is worth nothing.

J. F. Rohn of '04 Teachers' will leave the Normal to take the place of assistant county clerk in Pierce, his home county. He has finished most of the Scientific course and will try to get back a term or two to graduate and receive a life certificate. He is a strong student and a successful teacher. It seems too bad for him to drop his school work at this time.

## COLORADO AS A GOLD PRODUCER

STATE HAS FIGURED MOST PROMINENTLY AS A SOURCE FOR THE YELLOW METAL. THE FIRST FIND.

The large increase in the output of gold in Colorado during the past decade has been a subject of much comment and writing. In 1896 the total output amounted to \$14,911,000; the year 1906 showed a production of \$22,771,200, and indications are that the present year will show the largest production of gold in the history of the state. The Blackhawk (Colo.) correspondence of the New York Post says that in 1896 Colorado was considered by many to be comparatively "played out" as a gold producing state, while today it is producing something like 35 per cent of all the gold mined in the United States. The remarkable change is due undoubtedly to the necessity of searching for more gold when silver mining became practically a non-paying industry in the state. This renewed searching led to the development of new mines and to the adoption of up-to-date methods, which meant greater economy in ore production today, enabling old mines to be operated at lower levels, and lower values to be worked with profit. Many new properties have been opened up within the past ten years, but local experts attribute the greater increase in Colorado's gold production largely to two causes, viz., the market decrease in the cost of work and materials, and the tendency to consolidate adjoining mining properties lying on the same or neighboring veins under one management.

### What Some of the Mining Papers Have Recently Said About the King Solomon Tunnel and Development Co. and Summit County, Colorado.

#### IN SUMMIT COUNTY.

King Solomon Tunnel and Development Company is Opening Up Promising Property.

FRISCO, COLO., Nov. 20.—Summit county, Colorado, is experiencing an awakening such as it has not had for years. A number of individuals and several large companies are showing their appreciation of the value of the mineral deposits of the county by investing their money in properties and the development of them. The Ten-Mile, a range located about 100 miles from Denver, and running to the north from the Mosquito for a distance of nearly ten miles with the camp of Alma nesting at the southern extremity and the noted Old London and other good mines flanking it on the south, runs nearly north to Frisco. The Blue river, with its famous placer beds, runs at the base of the eastern slope, and Breckenridge (noted the world over for its crystallized and wire gold) is located just across the river and about midway of the range. Crossing to the western slope we come to Kokomo and Robinson. These towns are the home of the noted Robinson mine which, according to Professor Emmons' U. S. geological report, has produced between six and seven millions in gold, also the Willy and others. In this valley is located McNulty gulch, one of the best-known old producers of phenomenal amounts of a course placer gold, which is said to be still yielding good returns. Continuing to the south, we come to Leadville, which is producing over half the tonnage of the state. The Ten-Mile range without doubt contains the mammoth lodes that for centuries have fed the placer mentioned above. The backbone of this range rises to about 14,000 feet and shows conclusively that it was the center of a great volcanic disturbance.

Through the whole length it is crossed every few hundred feet from southwest to northeast by strong fissure veins of great average width, carrying gold, lead, silver and copper in good amounts. Its rugged characters and great height have combined to delay its development, though in spite of these hindrances many mines and prospects from which ore running from \$40 to \$100 has been packed down on jacks and marketed, have been opened at intervals along its entire length.

The company is well financed with a good stock treasury reserve and sufficient funds in cash and gilt-edge securities in the treasury to drive the tunnel nearly 1,000 feet further. Large ore reserves will be blocked out before shipments of ore are made, so that the best transportation and smelting rates will be secured, and reduction works

will not be erected until ore for several years is on hand and thorough tests made to ascertain the method of treatment best adapted to the company's needs. The president, treasurer and secretary have their funds invested in the treasury stock of this enterprise, and are devoting all their time to putting the company on to a paying basis at the earliest possible moment. Funds for the company's use have been secured by bringing over 200 investors from the east who have thoroughly inspected the property, and although the company has made a guarantee that that they would return the money invested if the property was inspected and found to be misrepresented, a call has never been made for a single dollar, and stockholders so visiting the property are the company's references.—Mining Investor.

A clipping from a San Diego, Cal., paper tells of a purchase made there by two formerly well known Wayne residents. The item is as follows: Dr. L. W. McKee and Judge J. D. King have bought the north half of lot K Horton's Addition for a consideration of \$10,000. Dr. McKee, who represents the Occidental Life Insurance company as inspector of agents, and his father-in-law, Judge King, have purchased the property for a permanent home, and will take possession within the next thirty days.

Boys and girls on the farm who want to get positions in the banks or other business houses will be interested in the announcement that the Grand Island Business College of Grand Island, Nebraska, will admit students again this winter for a short business course and accept checks on any bank the same as cash or if the student prefers, the entire expenses can be paid after the course is finished and a position is secured. This school is one of the best in the United States. Expenses are very low and the moral tone high.

The big debate in which five states are represented is to take place tomorrow evening. Mr. Elliott, a former graduate of the Wayne Normal and now a student at the State University is one of the debaters to represent Nebraska. The states represented are Illinois, Iowa, Minnesota, Nebraska and Wisconsin. This year Nebraska meets Iowa and Minnesota. Mr. Elliott's many Wayne friends are interested in the outcome of the debate, hoping to see his side win.

The bazaar and supper which was held by the ladies of the Presbyterian church, last week, proved a success in every way. The total receipts amounted to \$141, although this is not net as expenses have not as yet been figured from it. The following had charge of the booths: Mrs. John Harrington the sherbet, Miss Ruth Bressler and her Sunday school class, pop corn and grab bag booth; Mrs. Ellis, aprons and domestic, Mrs. Dan Harrington and Sunday school class, dolls and candy booth. Mrs. Buchanan and Mrs. Williams, fancy work.

Christmas will be observed by the Sunday School of the Methodist church with exercises of unusual interest. Sunday Dec. 22nd has been set apart as Christmas Sunday. Special invitation cards have been issued and the officers and teachers hope to welcome home many of the former scholars and their friends. The pastor will preach a special Christmas Sermon at 10:45 and there will be special exercises in the Sunday school. On Christmas Eve the young people are preparing to give a Christmas drama under the direction of Mrs. Chas. Culler and a competent committee entitled "Christmas Folks and the Children." J. E. Marsteller is superintendent.

The people of Wayne who were privileged to hear Miss Agnes Glenn at the Union Missionary Praise Service last Friday night, were deeply touched at the recital of her story of sacrifice and of victory. Miss Glenn went out six years ago to work in the uncivilized interior of Japan, where no missionary had ever been. Trusting in God for her support she ventured forth alone, laboring through famine and war, learning the difficult language, visiting from house to house where she could enter, preaching every afternoon and evening wherever she could find an open door, going for weeks and weeks at a time without bread, having only the cheapest food of the natives, rice and fish, until hundreds of men, women and children have thrown away their idols and are now serving the living God. Eleven Sunday schools have been established, three missions have been opened and ten young men have dedicated themselves to the Christian ministry. Now she comes back to interest others to go with her to that great mission field. In all her work Miss Glenn has never taken an offering or spoken of her needs, trusting alone in God. The ladies are preparing her a surprise missionary box for Christmas for her to take with her on her return to her work in February.

### NORTHEASTERN NEBRASKA NEWS

The political campaigns in Thurston county are warm enough to last all the year round.

Bro. Jones, of the Ponca Journal, is advertising this week that he is also handling cut flowers in connection with his printing plant. We presume the next winkle Bro. Jones will add will be caskets and tombstones.

The Pender Republic thinks the people of Thurston county voted for Tarrant because they knew he could not qualify and because it would get Fennel out of office and give the county board a chance to appoint someone. We have already heard a certain Pender preacher mentioned.

Good farming, based on sound principles of science and practice, was never more important or profitable than now. The Homestead, an agricultural and live stock paper published every Thursday at Des Moines, Iowa, is the best exponent of good farming. The Homestead is edited by farmers who live upon and operate their own farms right here in the middle West, so that their teachings are thoroughly practical. It has departments devoted to horticultural, poultry, sheep, dairy, veterinary, laws affecting farmers, current events, house and home

Sunday school lessons, editorial comment, live farm gossip, etc; and its contributors include able and successful farmers and experiment station experts throughout the West. Many farmers in this vicinity are already subscribers for the Homestead and all should be; as whatever adds to the practical knowledge of the farmer increases the value of land and enhances the prosperity of the community. We take subscriptions for this splendid farm paper at this office; and, by special arrangement with the publisher, can give you a low subscription rate for it in connection with the Wayne Herald.

#### Beware of Frequent Colds

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended Mrs. M. White of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well. For sale by Raymonds Drug Store.

#### Piano Tuning

Having located permanently in Wayne I solicit your piano tuning and guarantee the best of work in that line. Leave order at this office. Fred R. Lister, piano tuner.
