A BIG WOLF HUNT

Eight Square Miles Will be Gone
Over for Wolves by Hunters

THURSDAY, MARCH 5 THE DATE

Plans Arranged for a Big Time
Round-up in Plum Creek
Precinct

Arrangements are being made for a big wolf hunt to be pulled off on Thursday March 5, commencing at ten o'clock a. m. sharp. Hundreds of farmers are expected to take part in the wolf chase and it is expected to be a day of sport whether any wolves are corralled or not. Everybody is invited to come out and take part in the chase but it is one of the rules of the game that no rifles or dogs are to be taken along. It is planned to thoroughly cover eight miles square or sixty-four sections of land in the south part of the county. The plot of the ground to be gone over is as follows: Starting in on the John Liveringhouse farm one and one-half miles south of Wayne and to the south line of the county. The west line to be three miles west of the Liveringhouse place and the east line eight miles east of this place or near LaPorte. Lines from the north and south planning for the round-up in Wm. Gilder-sleeve's hay meadow on the southeast quarter of section eight in Plum Creek precinct. Managers have been selected for the different lines. Dave Surber will be manager of the west line, Dan McManigal manager of the east line, C. E. West manager of the south line and Luther Peterson manager of the north line. Get the old shot gun cleaned up, report for duty to any of the above named managers and be on deck ready for business and fun Thursday morning March 5th at 10 o'clock.

DEMOCRATIC CONVENTION

County Democrats Meet to Select Delegates to State Convention

The Wayne county democrats met in mass convention Saturday afternoon to select delegates to the state convention. The convention was not largely attended in fact when the meeting was called to order there were but twenty-three of the faithful in evidence. County Chairman Massie called the meeting to order and P. H. Kohl was chosen Chairman and J. W. Ziegler secretary. A list to select delegates from twenty-three names were offered out of which the following delegation of eleven were chosen: Henry Ley, H. Klopffing, F. A. Berry, C. A. Berry, R. H. Skiles, W. S. Goldie, Jos. Dobbins, Thos. Lound, W. F. Assenheimer, Phil. H. Kohl, C. A. Killian. While the work of counting the ballots were on C. J. Rindell gave the boys a good old fashioned democratic talk on the free coinage of silver which was greeted with applause. The politicians of the party will likely keep the silver question out of the democratic articles of faith but there are still many of the rank and file of the party who are wedded to the sacred ratio. The selection of delegates being the only business before the convention it then adjourned.

CITY COUNCIL ACTS

Declines to Annul Saloon License
by Vote of 4 to 2

Mayor Ley called a special meeting of the city council Saturday night to take final action on the application of the Anti-saloon league in asking for the revocation of the saloon license of Thompson. The council took up the reading of the briefs filed by Elmer Thomas, attorney for the Anti-saloon league and Attorney Fritcher, Tyler and Berry for the council. After the reading of the briefs Councilman Chace made a motion that petition to revoke the license be refused, second-

ed by Craven and the vote stood: Chace, Neely, Craven and Stringer, aye, and Councilmen Duerig and Harrington voted, nay. The attorney's briefs together with the minutes of the meeting were forwarded to Governor Sheldon who passes on the question this week.

The Lincoln Journal of Tuesday says: "The anti-saloon league has added the name of Councilman Stringer to the list of city fathers of the town of Wayne whom the organization desires Governor Sheldon to start proceedings in ouster under the 'derelict officers' act passed by the last legislature because they have refused to revoke the saloon license held by Peter Thompson. Elmer Thomas yesterday filed with the governor an amended complaint. He had omitted the word 'willful' in charging that they had not enforced a law which it is their duty to enforce. The name of Councilman Stringer was added to those of Councilmen Chace, Neely and Craven by Mr. Thomas because he voted not to revoke the license when the matter came before the council after a hearing had been held before the governor. The councilmen alleged that it is not their duty to revoke the license in question and that they have not willfully failed to enforce any law which it is their duty to enforce. Four of the six councilmen have been complained of by the anti-saloon league. Thompson, the saloonkeeper was convicted before a police judge of selling to minors. The offense complained of before the police judge was committed prior to the issuance of the license when Thompson was manager for a saloonkeeper. Thompson appealed from the police judge to the district court, where the case was dismissed because of an alleged insufficiency in the bond offered. Thomson obtained from the district court, a suspension of the judgement pending his appeal to the supreme court which appeal has not yet been filed. Elmer Thomas alleges that the moment the judgement was entered in police court against Thomson it was the duty of the city council to revoke his license and that the suspension of the judgement in the district court makes no difference in the case.

BARLEY CHARGED WITH THEFT

Held on Grand Larceny Charge But
Commissioners Send Him
To Norfolk

The 42 pairs of roller skates stolen from the opera house two or three weeks ago were found at Laurel last week. The skates had been shipped in a trunk and checked from Carroll to Laurel. On their arrival at Laurel a baggage man true to his profession let the trunk drop onto the platform breaking in the end of it and exposing to view the stolen skates. The matter was reported and on investigation Joe Barley of this city was arrested on the charge of grand larceny. It is suspected there were others mixed up in the deal but no further arrests have been made. Barley it is said has acted queerly ever since an injury he received on the head some years ago when brakeman on the railroad and the commissioners of insanity were called to inquire into his case. It was decided to send him to Norfolk and he has been taken there. County attorney Wilbur, however, will not quash the larceny charge but will keep it alive and should later developments show that Barley was responsible will prosecute the case.

Improved In Every Feature

Have you seen and examined the New and Improved 1908 DE LAVAL Cream Separators? If not, and you own one or more cows don't further hinder your best interests by delaying longer but let us give you a free demonstration in your own home at once. You will marvel at the mechanical perfection, the wonderful simplicity and convenience of these new machines. These new machines show improvements in every feature, from the supply can to the base of the machine, and mark the greatest move forward in separator construction since the invention of the first practical separator by Dr. De Laval in 1878. If you have milk cows you cannot afford to be without one. The new De Laval skins closer, has greater capacity, operates easier and is more ideal in every way than De Laval machines have been even in the past. The improved De Laval is actually ten years in advance of any other separator made to-day. There are ten new styles, ten new capacities and ten new prices. There is a machine for every dairy, from the smallest to the largest and at a price that will fit every pocket. Don't regret later that you didn't see the De Laval before you bought a machine but write us today for our handsome new catalogue describing the machines in detail and a free demonstration in your own home. You will be surprised. Don't delay.

Meister & Bluchel, Agents, Wayne

ly woman of the very best judgment and right ideals. No member of the class had more genuine friends.

Farmer James Steele, as soon as Commencement was over last August, hastened back to his farm work and so continues. He was a strong class member all the way through the Certificate class last year. We would like to see him teach a few more years because he is the kind of a man needed in our schools.

Ella Buck of '06 came in to make a short visit the other week and she found all glad to see her. She continues in her same school. Last year, it was thought she might give up teaching on account of her health. She has regained health and will continue in the work.

Mabel Nieland of '06 Professional has given up school work and entered a hospital training school to take a course to prepare herself as a trained nurse. We wish her all kinds of success but can but wish she had gone on with her school work as she is a successful teacher.

Decatur school under the management of Lyman Lockwood of '07 Scientific is giving satisfaction to everybody. We hope he may continue in this place several years. He is a conscientious worker who leaves the right notions of school and life in a community.

Miss Jessie Rukow of '07 Certificate class came over from Martinsburg the other week to visit her brother and sister who are students with us. She is getting on nicely in her school work. The patrons of her school think she is the best teacher they have ever had. We are glad it is so.

Agnes Coleman, '03 Scientific, is again a student. She takes music and is finishing for a state certificate. The Normal did not issue certificates when she graduated. Her health is good and she contemplates teaching next school year. The school securing her services will be lucky.

Miss Beechel found it necessary to organize two classes in spelling for the term and to meet the demand for drawing by those who were preparing for county examinations, she has a class which recites on Monday mornings.

Martin L. Ringer, '05 Scientific, is the city clerk of Wayne. A vacancy occurred in the office the first of the year and the mayor appointed Mr. Ringer. He will do the work well. He is a very capable young man who will succeed in any place where he may be put.

We were all glad to have a short visit from Jessie Bush of last year's class. She is teaching near Newcastle and you can bet on her work being up to the standard. She does nothing in a half-hearted way. She is a winner because she is an earnest worker, not satisfied unless doing her very best.

The '03 Scientific class is getting scattered. George Junge is with his mother in California. Her health made it necessary to leave this climate. Miss Bingham is teaching in Montana. Barta is in business at Verdigris. Miss Nieland, Miss Ringer are married; Mr. Mack is in Chicago; Vaught is a

J. FRANK HANLEY
Governor of Indiana

Of all the men prominent as a platform lecturer none have risen to greater eminence in the past few years than Governor J. Frank Hanley of Indiana. He is scholarly but not pedantic. There is nothing of coarseness in his make-up or illustrations, and he does not weary with repetitions. He makes no sensational charges, and he fortifies his statements with facts which cannot be disputed; and he discusses questions of the most momentous importance to the American people at the present time. Governor Hanley is one of the best of the many good attractions that is on the program of the Wayne Chautauqua for 1908.

banker at Pilger; Beauchemin is at Jefferson, S. D.

Never have the literary societies, the commercial club and debating societies done so strong work as they are doing this year. Misses Kingsbury and Bellows are getting heavy work from the literaries while Prof. Sauntry is directing the others. The students are showing proper appreciation of these lines of school work.

Miss Corbin is getting some very practical work in both shorthand and typewriting. She is giving most careful attention to every member and such always leads to all there is in the student. We expect to see the department grow stronger.

Calls from both country and town school boards since the holidays have been frequent with but a small supply. Several received certificates before close of fall term but most all had schools waiting for them. A number of teachers got married holiday week, hence so many vacancies.

Another good N. N. C. boy who moves rapidly up is Principal Archie Burnham of Waterbury. He is a thinker and doer who does not care to take a back seat and suck his thumb. In a few years, he will be in a hundred dollar position if he keeps level and we think he will do so.

The Normal orchestra is playing some excellent music to the delight of all. Prof. Sauntry, Chester Jones, Roy Johnson, Harry Zieme, Mr.

Moses, Mr. Siebert with Fred Pileas pianist make up the present membership. The students are getting many good things from the school besides the class work.

George Lambert, after a few years' teaching, has left the work and become cashier of the bank at Foster. He was an earnest student, a strong teacher and will prove a successful banker.

The women's athletic club gave a reception to the men's athletic club on the evening of January 30. The evening was full of enjoyment. Light refreshments were served. The girls under the leadership of Miss Jennie Bellows had an interesting plan for entertainment and they carried it out perfectly.

Republican County Convention

Pursuant to the call of the Republican State and Congressional Committees.

The Republican electors of the several precincts of Wayne county, Nebraska, are hereby requested to select delegates to a Republican county convention which is hereby called to meet at the Court House in Wayne, on Saturday, Feb. 29, 1908, at 2:30 p. m. for the purpose of selecting delegates to the following conventions, to wit: State and Congressional and to transact such other business as may come before the convention. The several precincts of the county are entitled to delegates to said county convention, as follows:

Bronna 3; Chapin 5; Deer Creek 8; Garfield 4; Hancock 3; Hoskins 5; Hunter 4; Leslie 2; Logan 3; Plum Creek 4; Strahan 4; Sherman 5; Wilbur 4; Winside 3; Wayne 1st. ward 4; 2nd ward 5; 3rd. ward 7.

The appointment of delegates being based upon every twenty votes or major fraction thereof cast for Henry H. Wilson for presidential elector at the general election of 1904. It is recommended that the several precincts hold their meetings for the selection of delegates not later than Thursday evening, Feb. 27th.

By order of the Republican County Central Committee.

A. R. Davis,
Chairman.
Bert Brown,
Secretary.

Good Cough Medicine for Children

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by Raymonds Drug Store.

Many Sleepless Nights, Owing to a Persistent Cough—Relief found at Last

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, that invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of the Burley, Colo., Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was indeed marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by Raymond's Drug Store.

College Notes

From Alumni Echo.
Miss Grunwald of '06 class is teaching music at Gregory, S. D. She is an excellent teacher whether it be in the school room or music. But few people get the development out of school in one year that this lady did. She was anxious to get on and knew how to work hard and enjoy every minute. Three of her sisters have been with us since September.

Mr. and Mrs. Bright write the Echo that they leave Manila on March 31 for their return to Wayne and expect to arrive about August 1. They have a great trip planned by which they will see China, India, Egypt, Italy, Switzerland, Germany, England, France and Ireland. They will spend Commencement week here. They take up their work with us the first of September.

Miss Irene Lemmon of last year's Teachers' was chosen principal at Thurston when the principal took the office of county superintendent

but she preferred to remain in the primary work. Her friends are glad to know that the school board recognizes her as capable for any room.

Nellie Ross, '03 Teachers', has charge of primary room at Osmond. Her previous experience in town but she will do best of work in any grade. She is well prepared in primary methods and can quickly adapt herself to grade where she is assigned.

The classmates of Jane Callahan of '00 class will be pleased to learn that she has the primary room in one of the best schools of Sioux City. She is a woman full of resources and excellent judgment, who was known here for two years as one of the most substantial ladies of her class.

Excellent reports reach us of the splendid work being done by Miss Byrd Wales of '07 Teachers' as teacher in the grammar department at Long Pine. She is a mighty love-

There has been considerable discussion the past week over the movement for a new public school building for Wayne and its been mostly along the line of progressing with the movement.

The Norfolk City Directory man has been counting noses and says Norfolk has over 5000 population. Be a booster. Buy Wayne made products. That will make Wayne grow.

Is Guy T. Graves giving all the people of this district fair treatment? Is it fair to a newspaper when it is requested that a legal notice be published in a certain paper, to have a learned judge scratch out the name and send it to another paper. We just say, is this fair? Could a fair and impartial judge do that? Could he?—Wakefield Republican.

Ross Hammond has won out in his

contest for the appointment as internal revenue collector for this district. After a prolonged delay the congressional delegation and senators finally agreed upon the Fremont publisher for the place. Ross Hammond has done much for republicanism in Nebraska and is fully entitled to this recognition.

He was compelled to abandon his trip but expects to start as soon as possible.

Sheriff Mears was called to Winside Wednesday to get Rihentz Thieman who had been taken in charge by the marshal there the night before. Thieman is a young fellow about thirty years old who has been working on a farm near there and has developed symptoms of insanity Tuesday night he got up out of bed about midnight and walked three miles and a half to a neighbor's, attired only in his underclothes. The Winside marshal was called to take care of him. He has relatives in Stanton county and it is said has always been rather queer acting. He will be kept here a few days until it is determined whether he is a charge of this or Stanton county.

Weber Bros., were before the city council Monday night with a proposition to furnish power for the city to operate its electric light and pumping system. They wish to put in a big power plant to run their mill and figure that by making it large enough they can furnish power for the city at a price less than the cost of operating the city plant. It's a pretty big proposition and one that the council will look into carefully before taking any action. The city has a large investment in the power machinery and to make this change would leave that idle unless it was sold. The electric light plant has hardly been self sustaining in the past, but we understand that it is now in better condition than for

The annual district conference of the I. O. O. F. lodges of Northeast Nebraska will be held at Wakefield March 10th, preparations are being made for a big time and the Wayne lodge will have a prominent part in the program. All Odd Fellows should make it a point to attend this conference.

Monday a deal was made whereby Fisher & Sellers bought out the flour feed and poultry business of J. L. Payne and leased his building for a storage room. They expect to conduct their business at the new building on the corner west of G. H. Stringers blacksmith shop.

"The Church or the Brewery, Which?" will be the subject of the sermon at the Presbyterian church next Sunday night. This subject is taken from a recent experience of Wm. J. Bryan. A male quartet will furnish suitable music. The public is invited to attend. T. C. Osborne, Pastor.

Dr. F. L. Frink of Newman Grove was here Sunday in consultation with Dr. Blair in regard to Mrs. C. H. Frink who has been suffering with an injury she sustained on one of her hands about a month ago. For a time it was thought amputation would be necessary but she is now recovering nicely.

The March term of the District Court is set for March 2 though Judge Welch may be compelled to continue it on account of a large amount of court work he has at Madison this term. There are forty cases on the docket this term rather a light docket and not much of special public interest either.

Art Lewis was up before the commissioners at the court house this week on the charge of inebriacy. It was decided that it was best for him to go to Lincoln to the inebriate asylum for a while but Sheriff Mears finds that he cannot take him for a few days on account of the asylum being full of patients and several other counties have applications in for quarters for patients ahead of this county. Is it possible that an addition will have to be built to the state's jag cure hospital?

A correspondent to the Sioux City Tribune says: Wayne county has a pretty schoolman, Miss Olga Johnson, of Winside, who has established a record as a pedestrian and deserves a Carnegie medal. For four years she has taught in the rural schools and during that time has walked to and from her school, averaging two to four miles. Regardless of weather and she has hardly missed a day in four years, arriving promptly at her school house at 8:30, building a fire and then after school walking home.

A movement is on foot to build a new school at this place, and it is up to everyone to do their best to bring this matter to a head. A new building is needed, and needed bad. About one hundred and five pupils are enrolled and the present building does not accommodate but half of them; thirty of them having to use the Methodist church. There is no doubt but what a new building will be started in the spring, but let it be a good, modern, up-to-date school building as there is nothing too good for our coming men and women. Hoskins Headlight.

A citizen remarked the other day that he had been in another town for several days and had frequent occasion to use the telephone and says he "I had never thought of it before but the kind of service they had there made me feel that I did

not fully appreciate the splendid manner in which the Wayne telephone system is run." And its a fact that manager Philleo and his force of operators are entitled to a great deal of credit for the kind of service given the customers of the Wayne Telephone Exchange. The operators are prompt and courteous and the linemen are promptly on hand when repair work is needed.

Those who listened to Lincoln McConnell yesterday are united in the declaration that his lecture was by far the best delivered from the Chautauqua platform this year. One hour and a half he held his audience with the grip of a master. His utterances were clear and forceful and one can not listen to this talented gentleman without being better for it. Beatrice will welcome his return. Daily Express, Beatrice, Neb.

The last number of the Wayne Lecture Course will be given at the opera house Friday, March 6th. Lincoln McConnell will give his celebrated lecture "Colored Folks." This is said to be in some respect an answer to Tillman's lecture given at our Chautauqua last summer.

Herman Woehler and Miss Minnie Baden of Garfield precinct were married today by Judge Hunter.

Husbands Entertain

The spirit of reciprocity has found favor with the husbands of the U. D. ladies. During the Club year, many are the occasions when, for an evening, the study of Englands history and kindred club duties are laid aside, the lonesome husbands invited in and treated to a feast that satisfies the hunger of the body rather than of the mind. It began to look selfish until the men conceived the idea of taking their turn as hosts. Their dinner to their wives on Washington's birthday of last year is still a matter of favorable conversation among Wayne's social circles, and as if to give it the color of an annual affair, again on last evening at the home of Mr. and Mrs. J. Woodward Jones the ladies were entertained by their spouses who produced for their inspection and consumption a sumptuous dinner of their own cooking (?), followed by an evening of constant surprises and novelties.

The ladies had been kept in the dark as to everything except the place of meeting, and immediately upon their appearance at 6:30 o'clock small tables seating three couples at each table were placed through the rooms and spread with paper tablecloths and napkins and set with the regulation "hotel" chinaware, at which the guests were seated. At once the twelve men proceeded to bear from the kitchen the edibles provided until the tables fairly groaned under the variety and quantity. Each lady was given a bouquet of carnations in three colors.

Of course the men had to hold a burlesque club meeting, and if all the quotations in response to roll call, alleged to come from Shakespeare, were really penned by that great bard, it ceases to be a wonder that he needed Lord Bacon's assistance, and if the excuses given by various men for non-preparation of their part of the program are all true, domestic duties in Wayne homes are turned topsy-turvy. Of course the fellow who begged off because his evenings had been occupied in rubbing St Jacobs Oil on rheumatic joints had to be excused, but when the newly married man complained that he had to care for babies, the usual fine was imposed with vigor; and when the fat jolly member who

had been duck hunting explained again that he had come all of fifteen miles over rough roads after four o'clock to be present, mercy was extended. An inquiry was made as to the condition of the treasury developed the fact that the bank book as balanced at 3 o'clock yesterday showed an overdraft of 27 cents and it could not be definitely ascertained how many issued checks were outstanding. The matter will be called to the attention of the National Bank Examiner.

Altho it was not so intended, it turned out to be a real injustice to impose the written examination on questions in English history to the invited guests which followed, however no mark below 30 per cent. was judged by the examining board. The papers handed in seemed to vary as to whether Queen Victoria was succeeded by her eldest son or by the Prince of Wales; and as to which of his wives Henry the Eighth loved the most. Mrs. H. B. Craven drew the honor prize at this examination, and Mrs. H. S. Ringland made the most points at whist, each of whom was presented with a bouquet of pink roses. The favors of the evening to all the ladies consisted of the steel knives and forks used at dinner.

The profound secrecy surrounding the preparations, the novelty of the "stunts", the excellence and generous proportions of the dinner, the growing popularity of the U. D. men's dinners in their wives's honor, and the high admiration these same young matrons are coming to hold of their husbands' unselfishness and versatility, made of this second annual dinner by the "Unworthy Devils" to their "Unrequited Dishwashers" a pronounced and praiseworthy success. It is said that the other club ladies of the city are hoping it will become infectuous.

One of Our "Breadwinner Families"

This is one of the many families of Wayne county that have been wearing the famous **BREAD-WINNER** Suits for the past 5 years. This stalwart family of men and boys, as well as thousands of other men and boys of this community, will bear us out in the statement that no other working pant or coat will compare with this wonderful **BREAD-WINNER** make for service and fit.

The Bread-Winners

Are made up in all styles.

The Blue Pin Stripe

is a beauty and handsome enough to wear to church.

The Black Stripe

is also a neat pattern and is probably the most popular with the young men.

The Plain Blue

is rather the popular pattern with older men, but whichever kind you select you will have as handsome a fit as the ordinary tailor could give you.

UNION MADE

THEY BOTH WEAR "Bread Winners"

OVERALLS

Boys' Bread-Winners

We have the boys' made up mostly in a neat brown stripe, very suitable for school wear.

We also have the boys' made up in the blue stripe and plain blue.

Boys' and Girls' Rompers

These are handsome little one-piece washable suits for boy or girl, made in the **BREADWINNER** way and at only 50c a suit. Try a suit of these little rompers, they save the other clothes. Ages 1 to 10.

We are pleased to state that within the past year we have received orders for **"THE BREAD-WINNERS"** from North and South Dakota, Iowa, Montana, Idaho, and from several distant points in Nebraska. These parties were unable to secure **"THE BREAD-WINNERS"** where they reside. We are the exclusive representatives of **"THE BREAD-WINNERS"** in Wayne County.

P. S. Watch next week for our spring announcement of Hart Schaffner & Marx Suits.

G. F. Wright with his brother C. E. of Wessington, South Dakota who is here on a visit went to Page Tuesday for a short visit.

Geo. Stringer went to Fremont yesterday to attend the state meeting of the Nebraska Blacksmith and Horseshoer's association.

Elmer Boeckenhauer who lives eight miles south of Wakefield was a Wayne visitor Tuesday and made this office a pleasant call.

A number of young ladies were entertained at cards at the home of Miss Alice Kate Monday evening. A very pleasant time was had by all present.

County Assessor Witter has appointed M. S. Lynn deputy assessor for Deer Creek and Carroll in place of Lute Evans who resigned to take a better job.

Mrs. Frank Owen left Tuesday for Deadwood, South Dakota to visit a month with her mother until Mr. Owen gets settled in their new home at Ashton, Idaho.

A Lincoln man tried to beg off the jury by telling the judge that he was about to be married. The judge ruled against him, commenting grimly, "You might as well stay on the jury and enjoy yourself a little while longer."

Mr. Olson father of the little Lillie Olson who mysteriously disappeared from her home in Thurston county a couple of months ago was here Tuesday night enroute to Bloomfield with some horses. The family is moving to a farm near Bloomfield as they felt they could not remain on the place where occurred the disappearance of their child.

Try our dry heat followed by special treatment for rheumatism and you will be surprised at the results as others have been. Can assure a cure in persons under 60 years of age; and permanent relief to others.—F. E. Gamble, Osteopath.

F. M. Northrop is thinking some of taking up his residence in some western state, perhaps Oregon, within the next year. Mr. Northrop first came to Wayne when there was but a few laths sticking up to show that a townsite had been staked out. He has been prominently identified with the early history of the town and twenty-seven years continuous residence makes him one of the pioneer settlers of the town and county.

Visiting Specialists
from the
**Cleveland Institute of
Medicine and Surgery**
Legally Chartered and Incorporated
Cleveland, Ohio
will pay their first visit to

Wayne, Nebraska
and will be at the
Boyd Hotel
Wed., March 11, '08
Tell your sick friends:
ONE DAY ONLY
9 a. m. to 7:30 p. m.

FREE
This institute, composed of a crew
regularly graduated, physicians and
nurses, licensed, legally chartered and
incorporated under the laws of the State
of Ohio, sends at its own expense these
eminent medical specialists in order to
introduce the newest methods and dis-
coveries in medicine and surgery such as
the system of treatment under X-ray
Violet ray, Flinsen ray, Hydrotherapy
Etc., to give to those who call on the
above date, consultation, examination,
advice and all medicines required to com-
plete a cure, absolutely free. These spe-
cialists will diagnose your case and give
you the benefit of their skill and medi-
cal knowledge.

There is in this case no experimenting
or guess work at your expense. You will
be told whether you can be cured or not.
If your case is curable they will put you
under treatment immediately. If incur-
able they will give you such advice as may
prolong your life. Their treatment always
gives quick relief and ultimately positive
cures. Being prepared to cope with each
individual case the human system is
thoroughly cleansed of the disease in a
natural and direct manner and im-
provement is noticed at once; even the
worst cases are treated without any in-
convenience to the patient or the pursu-
ing of his or her daily vocation.

If you are improving under your family
physician, do not come and take up their
valuable time as they absolutely refuse
to treat any one who is under the care
of the local physicians. They wish be-
sides to give each patient plenty of time
and their undivided attention but can
not listen to long stories not pertaining
to your trouble. They have discarded the
old methods and remedies used for ages
by the medical world, and which it
would be folly to depend upon any longer,
for they are not known to cure, as
thousands die, depending on them for re-
lief. The following list of diseases only
are taken under treatment, to-wit: Dis-
eases of the Nervous System, Heart, Stomach,
Lungs, Kidneys, Catarrh (purulent
or dry), Consumption, Epilepsy, Deaf-
ness, Diseases of Women, Tumors,
Papule Carcinoma, Piles, of a Chronic Na-
ture only. They treat Deafness by an
entirely new method, and hearing in
many cases is restored at once. Catarrh
in all its varied forms, like other diseases
if once taken under treatment, are cured
permanently to remain so and to never
return. It matters not whom you have
seen, or with whom treated, do not fail
to call, as a visit will cost you nothing,
and may restore you to health, or even
save or prolong your life, as thousands
of persons will testify by unassailable
testimonials in all parts of the country.
If you suspect Kidney Trouble bring a
two ounce bottle of your Urine for chem-
ical and microscopic analysis.

REMEMBER!—The free offer is during
this visit only, and will not be repeated.
Persons commencing treatment upon
their future visits, will be required to
pay, but not one cent will be asked from
those commencing treatment during
this visit for any medicine necessary to
effect a cure; irrespective of your posi-
tion in life, or the number of those who
come on above date. Whenever, or by
whom wanted, a positive guarantee, to
be given under their system of
treatment. Those having long standing
and complicated diseases who have failed
to get well and become discouraged, are
particularly invited to call.

NOTICE:—Married ladies, without
their HUSBANDS, and minors without
their FATHERS, will positively not be
admitted to consultation, unless accom-
panied by one of their local physicians.

The Mines Have Won Out.

The threatened panic terminated very
quickly
The wealth of this great West has
again saved the credit of the American
business man and banker.
Wall Street and its speculators can
no longer plunge the country into a
stampede that will prove disastrous.
It has been proven that the tremen-
dous agricultural and mineral wealth of
the West overbalanced the wild specu-
lations of the Street. It proves also
beyond all shadow of doubt that there
is a difference between an investment
in stocks likely to be manipulated, and
stocks that depend on the amount
and quality of production to regulate
price.

It is proven that mining stocks, in-
stead of being the unsafe investments
so widely heralded, are actually and de-
cidedly the only safe stocks to buy.
It has proven that in addition to ma-
nipulating watered stocks, Wall Street
asks and secures from the American
public the sum of \$350,000,000 annually,
in order to keep the wheels of the Stock
Exchange of this country going round.
This is the amount.

And while American securities gener-
ally quoted on the Exchange have
shrunk more than three billion dollars
since the first day of January, 1907, the
mines of the country have in nine
months paid dividends amounting to
\$71,944,260, and since incorporation the
stupendous sum of \$547,000,000,000 in
dividends.

The enormous sum paid the past year
does not represent the profits of one-
half of the divided stock. Neither does
it do the amount include the profits of
such large mining corporations as Amal-
gamated Copper, Copper Range Con-
solidated, American Smelter and hun-
dreds of private and close corporations
who do not make public their earnings
or dividends and others whose stocks
are not listed.

Investors are learning that they can
make more by investing their own
money in legitimate mining enterprises
than they can by accepting a small in-
terest from banks that "stand behind"
the stock market.
Who is going to pay the three billion
dollars lost in American securities dur-
ing 1907?

The answer is easy
The people who could not cling to
their holdings, when prices went tum-
bling down, down, down, under the in-
fluence of a common "everyday scare."
Do mining stocks slump? A few of
the listed only. This demonstrates
that the unlisted stock is not affected
by manipulation, and that for specu-
lative purposes investments in new,
producing mines, and mines that will
shortly produce, often bring greater profit
than the investment in listed securities.

Even the Eastern brokers are now
trying to obtain good mining interests
in the West, because they now know
that if it were not for Western wealth
the Western enterprise "business"
would be shot to pieces.
The mines of the West have saved
the credit of the American people, and
the time has now come for every man
who has money to invest, to invest it
on his own account.

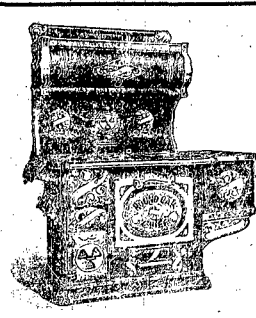

The dull period has passed. The pen-
dulum of trade is swinging back on the
up-grade. The time to secure invest-
ments that will pay is to follow the in-
dicator. Thousands and thousands of
dollars withdrawn from banks will be
diverted to the great mining interests,
which stand behind the great industries.
More money is going into the districts
which are well known than at any other
period of their existence. The invest-
ment opportunities afforded have greater
possibilities and greater profits.
Prosperity is assured for the reason
that the great mineral resources of the
West are ever available.

Business of every kind depends upon
money. Heavy shipments of gold are
rushing in from Alaska, Nevada, Colo-
rado, California and other rich states
of the West. The farm products of
the West are being paid for by British
gold, but the produce of the mines pays
the bills. The mines are coming gold,
and the people are awakening to the
fact that mining is the backbone of
prosperity.

At this time there are many mines
just out of the world of the production
stage, in which stocks are selling at a
nominal figure. They are the mines
which will guarantee the future pros-
perity of our people. Investments
made in a great many of these mines
will later be repaid by the coming of
good times that are to come. The
prices asked for stocks in mines of this
description have not fluctuated. They
have held firm. In many instances
sharp advances have been made, and
the buyer who purchases now, while
the market is right, will have cause to
look back at this time with rejoicing.
He has been shown the way to handle
his own investment. His neighbors
will be envious where he made his
money, and will probably tell
them that he was "lucky!"

It will be the shrewd investigator
and investor who takes time by the
forelock, who grasps his opportunity,
and will later be envied by his neigh-
bors—because he had the foresight to
get in at the right time and secure
an interest in a property with a golden
future.—Investor's Guide, November,
1907.

Carroll Notes
Bert Francis is moving to town
this week.
Several pupils stopped school be-
ing afraid of small pox.
Small pox is reported at Charles
Marshall's and at O. M. Hulbert's.
There is to be another military
store in Carroll in the near future.
Forest Hughes who works in
Wayne spent Sunday with his folks
here.
Harry Ralston of Randolph assisted
the Index for a couple of days last
week.
Rev. Funk, the Baptist minister is
moving his family to Carroll this
week.
The Carroll Lumber & Grain Co.,
are having a Malleable exhibition
this week.
Miss Nettie Jones is the new
switch board operator. She took
her place Monday.
L. J. Hughes left Monday
morning for a short visit with relatives
and friends in Red Oak, Ia.
Mrs. Will Robinson has been
sick for about a week. A doctor was
summoned from Sioux City on Sun-
day.
The revival in Carroll has been a
great success. Two weeks ago forty-
six names were added to the
church roll and last Sunday twenty.

He reports a very pleasant trip and
regretted very much to leave the
old folks.
No new cases of smallpox have
been reported this week. It is to be
hoped that this disease is now under
control. There will probably be
more cases in the families that are
now quarantined.

On Wednesday Al Conyers received
the sad news of the death of a sister
Mrs. E. M. Bell, who lives at Morn-
ingside, Iowa a suburb of Sioux
City. Al left on the morning train
yesterday so that he might attend
the funeral which was held in the
afternoon.

Simon Tracht returned home Wed-
nesday evening after spending two
weeks at the home of his brother at
Ashton Iowa. It was a genuine
pleasure for Simon's many friends to
see him alight from the train with-
out those crutches that he has been
compelled to use all winter.

Mrs. D. Evans, of Red Oak, Iowa,
who has been visiting her daughter
Mrs. Frank Cooper was released
from quarantine on Tuesday and
allowed to return to her home in
Iowa. Clement Jones another of
the smallpox patients at the Cooper
home was released from quarantine
at the same time.

Winside

Capt. Adams and wife, the Sal-
vation Army people who were here
last winter with others holding
meetings, have been in Carroll for
a couple of weeks holding services.
The Index reports that the meetings
have been productive of great re-
sults in a spiritual way and in gen-
eral respects it has been the greatest
revival ever held in Carroll.

A peculiar accident happened to
Mrs. Gust Bleich one day last week.
She was scrubbing the floor and a
large silver penetrated her finger
coming out on the opposite side.
She removed the silver herself and
that was the last she remembers
until she found herself lying on the
floor. The injured member has
caused her considerable trouble, but
it is better now.

A good case for the humane
officer came to our notice one day
last week when a couple of fellows
beat a poor sick horse until the horse
died right in the harness. It oc-
curred just out of town near the
Lowry residence. It seems that the
fellows thought the horse balky and
they whipped it with the whip for a
time, then used a tug and wound up
by using the neckyoke. Parties on
the street interfered before the in-
human men desisted with their
cruelty.
Lawrence Longnecker's team made
some excitement on the streets yester-
day afternoon, when they took a
little spin on their own hook from
Needham's elevator, up Main street
to Carter's corner and out west of
town. They did no damage to them-
selves or wagon, but ran into Frank
Carpenter's buggy and sprung the two
back wheels.
