## WAYNE FOR TEDDY

Straw Vote Shows Him Unanimous  
Choice of County Republicans

## STATE AND DISTRICT DELEGATES

Resolutions Indorsing National and  
State Administration and Con-  
gressman Boyd

The Wayne county republican convention at the court house last Saturday was well attended considering what interest is now taken in politics. The convention was called to order by County Chairman A. R. Davis and Frank Crane of Logan was elected chairman and R. Clossen of Carroll secretary. A committee of one from each precinct was chosen to select delegates to the congressional and state conventions and the following named reported. State: A. H. Carter, M. S. Moats, F. L. Neely, Frank Crane, Geo. Fortner, Simon Tracht, C. A. Chace, A. E. Littell, Thos. Brockman, A. R. Davis. Congressional: C. M. Craven, Grant S. Mears, Bert Brown, Geo. Farrin, F. S. Tracy, August Zeimer, F. M. Northrop, J. G. Mines, Louis Brede-meyer, Chas. Beebe.

The convention had considerable discussion over the resolutions. The discussion relating more to the phraseology than the substance.

### THE RESOLUTIONS

Be it resolved, by the republicans of Wayne county, in convention assembled. We give our hearty indorsement to the administration of President Roosevelt as a practical exposition of the doctrine of progressive republicanism. We deem him the greatest political leader of modern times and we unqualifiedly indorse his crusade against official corruption and his great success in furthering beneficial constructive legislation, and in renewing our pledges of loyalty to the principles of republicanism we insist that the essentials of his policies be embodied in the national platform of 1908. We heartily indorse Governor Sheldon and the state administration and the work of the last state legislature in redeeming the pledges of the last republican state platform.

We commend the practical work that is being done for this district by Hon. J. F. Boyd and have confidence in his integrity and ability to represent the people of this district in Congress and that it is the sense of this convention that he is entitled to renomination and re-election for a second term.

In confirmation of our expression the delegates selected by this convention to state and district conventions are instructed to vote for national delegates whom they know to be in accordance with the sentiments and policies herein indorsed.

An additional resolution was adopted that it be the sense of the convention that delegates to the national convention should not be instructed.

This completing the work of the convention it adjourned after which a straw vote preference was taken on president. The delegates all were in favor of Roosevelt as first choice and on second choice there were 30 for Taft, 23 for LaFollette and three for Hughes.

### NORMAL COLLEGE

Miss Agnes Coleman was a visitor at the College Saturday morning.

Prof. Pile went to Wakefield Sunday afternoon where he gave an evening address at a union meeting of the churches. He returned Monday morning.

Miss Aletha Bass of Laurel, who was with us last fall, returned Monday to resume her studies.

Mr. Goodsell of Craig spent Saturday and Sunday with his sister, Minnie, who will graduate from the State Certificate course this year.

Rev. Osborne gave one of his delightful chapel talks to the students Saturday morning. He had the closest attention of all present and his talk was thoroughly enjoyed.

Miss Florence Welch, '07 Scientific, visited classes Saturday morning. Miss Welch is teaching a country school east of Wayne and is meeting with splendid success.

The social last Saturday evening, in charge of the Crescent literary society, was a success and well attended. All went away feeling better for the hour spent in being entertained.

Prof. Buchanan delivered a splendid address at the union meeting of

the Y. M. C. A. and Y. C. A. last Sunday. His subject was "Y. M. and Y. W. C. A. work and its purpose." Special music was also rendered by the chorus.

The members of the advanced elocution class gave a recital in the Chapel Monday evening under the direction of Miss Jennie Bellows. All those taking part acquitted themselves very creditably. A good crowd enjoyed the program.

Miss Celia Reeves of Madison was visiting friends at the College last week. Miss Reeves has just recovered from a severe sickness but hopes to be able to resume her work in the near future. She has charge of the primary department in the school at Creston.

(Held over from last week) Miss Dugger enjoyed a visit from her mother a few days last week.

A great number of students went home for Sunday between terms. Most of them returned Monday and some Tuesday.

Miss Josie Richardson of last year's Scientific class, who is now assistant principal at Pilger, visited friends at college Saturday and Sunday.

Edgar Taylor who was a student with us a few years ago, came down from Hoskins Saturday for his brother, Luther, who attended last term.

The social given in the gymnasium Saturday evening, by the officers of the Philo literary society, was a success and all enjoyed a pleasant evening.

The classes were all organized Tuesday. The enrollment is good and classes strong. The Scientific students continue this term in Geometry, German and Cicero, and take up Logic and Solid Geometry.

The Echo was a little late in being mailed this month, on account of extra work just at the end of the term. However, it was mailed Monday.

Miss Emma Tripp, Scientific '07, came down from Hartington Monday with Miss Smith who will remain in school with us. Miss Tripp is meeting with splendid success in the Hartington schools this year.

The usual term reception was held Tuesday evening. The student body met in the chapel and after short talks by members of the faculty, the students met each teacher and all repaired to the gymnasium and enjoyed a social evening which had been planned by members of the graduating classes.

Miss Rachael Moore, who graduated from the State Certificate course in 1905 spent several days this week visiting her brother and friends at the school. Miss Moore has been studying music in Chicago for the past year and is now engaged in evangelistic singing.

Last Friday morning ten members of the Commercial class, having completed the course, received their diplomas. Rev. Osborne delivered a splendid chapel address to the graduates in particular and to the student body in general. His subject was "Views on Education." After the talk by Rev. Osborne the diplomas were presented to the graduates by President Pile and the exercises closed with a selection by the College orchestra.

### Serious Accident

Julius Peterson met with an accident last Saturday that almost cost him his life. He was doing some dray work up near the court house and in jumping from the wagon to the ground a blood vessel burst in his right leg from which the blood spurted in a stream almost as thick as a finger. He drove as rapidly as possible to Dr. Blair's office. By the time he arrived there and was got into the office he had lost three or four quarts of blood and strong man as he was he fainted almost as soon as he got in the office. It was necessary to tie up the vein to stop the flow of blood and the physician says had he been a couple of minutes later in getting relief he could not have lived. Mr. Peterson has had one or two accidents of a similar nature before but nothing as serious as this. He was taken home and is getting along as well as could be expected in his weakened condition. He may go to Sioux City and have an operation performed when he gets a little stronger.

### MARRIED

At the home of the bride's parents seven miles north of Wayne February 24th occurred the marriage of Otil Krel, son of Fred Krel, and Miss Christina Jacobsen, daughter of Mr. Gustave Jacobsen. Rev. J. H. Karpenstein of Wayne officiating. A large number of friends and relatives of the contracting parties witnessed the ceremony and partook of an elegant wedding dinner.

## WANTS

Five cents per the each insertion

For Sale—farm lease blanks at this office.

For Sale—Poland China grade sows.—J. M. Coleman.

For Sale—Four good work horses—Herman F. Vahlkamp.

For Sale—One half dozen fine young Brahma hens and one rooster.—H. M. Sewell.

Wanted—One man to chop cotton-wood trees, will pay \$1 a cord.—Phillip Sullivan.

For Sale—good six room house and three lots. Will sell cheap if taken soon.—C. R. Munson.

Notice—No hunting or shooting allowed on my farm, the west half of sections 9-25-4. Offenders will be prosecuted.—Phillip Sullivan.

Lost—Saturday February 29, on the street, a plain gold cross and chain. Finder will be rewarded by leaving same at this office.

I still have a few snaps in Wayne property. Can take a cheap farm team or other live stock as part pay on a small place. Now is the time to get a home.—J. W. Alter.

Wanted—To trade a good business building in a western Iowa county seat town of 2,500 for Wayne property. What have you got to trade?—For particulars inquire at this office.

For Sale—I wish to sell my interest in the firm of Peterson & Benson at Concord, Neb. Reason for selling is that indoor work does not agree with me. Here is a good opportunity for the right party.—Aug. Benson, Concord, Neb.

### Farm Loans

Don't pay Panic Rates, we can loan you private money at reasonable rates, come and see me at office at A. J. Ferguson & Co. It will pay you.—J. M. Cherry.

### PERCHERON AND BELGIAN HORSES

Carroll, Wayne County, Neb.

We arrived with our last importation Oct. 18, 1907. Our barns are full of big square built horses, many of them bred from yearlings to five year olds. We have horses in the northwest, they have the size bone and horse is selected on the merits or its own individuality. We have no agents, do our own buying in the selling at barns in Carroll so we can afford to sell reasonable.

FARMERS: Form your own stock companies select a horse that will be a money maker for your community.

Come And See Our Horses or

# TEMPERANCE WORKER.

Peruna is a Valuable Nerve and Blood Remedy.

MISS BESSIE FARRELL, 1011 Third Ave., Brooklyn, N. Y., is President of the Young People's Christian Temperance Association. She writes: "My name is certainly a valuable nerve and blood remedy, calculated to build up the broken-down health of worn-out women. I have found by personal experience that it acts as a wonderful restorative of lost strength, assisting the stomach to assimilate and digest the food, and building up worn-out tissues. One week I have had occasion to recommend it freely, especially to women."

"I know of nothing which is better to build up the strength of a young mother. For all the ailments peculiar to women, so I am pleased to give my hearty endorsement."

Dr. Hartman has prescribed Peruna for many thousand women, and he never fails to receive a multitude of letters like the above, thanking him for the wonderful benefits received.

Man-a-Lin the Ideal Laxative.

Dr. Hartman has prescribed Peruna for many thousand women, and he never fails to receive a multitude of letters like the above, thanking him for the wonderful benefits received.

**Martha Washington Comfort Shoes**

Thousands of women thoroughly enjoy the genuine relief and comfort of Martha Washington Comfort Shoes. They fit like a glove and feel as easy as stockings. No matter about how wrinkled they first sit upon and on all at will. Elastic at the sides prevents pinching or squeezing, and "puffs" with every movement of the foot. Absolute comfort guaranteed.

Your dealer will supply you if not, write to us. Look for the name and Trade Mark on the sole.

Send the name of your dealer who sells the shoes to the following address: **Martha Washington Comfort Shoes, 1000 North Dearborn Street, Chicago, Ill.** We also make the stylish "Leading Lady Shoes."

**F. Mayer Boot & Shoe Company**  
MILWAUKEE, WIS.

"Solid Comfort"

**To Cure Wrinkles.**

Women have been known to try many formulas to cure wrinkles, but they seldom make the effort to avoid having them in the first place. Late hours make cooperatively young women wrinkled, and the habit of thinking of the things one has not got that she would like to have and failing to give thanks for those she has will also add to the premature wrinkles. The wrinkles of age are honorable and are not easily removed.

**Billion Dollar Grass.**

Most remarkable grass of the century. Good for three rousing crops annually. 800,000 worth of seed and 300 tons of hay besides. It is immense. Do try it for the best thing you ever saw.

Send to the John A. Salzer Seed Co., La Grange, Wis. to pay postage, etc., and they will mail you the only original seed catalog published in America, with samples of Billion Dollar Grass, Macaroni and the 45 million more varieties of the dry soil luxuriator. Victoria Rape, the 20c in a green food producer, Silver King Barley yielding 175 bu. per acre, etc., etc.

Add if you send 1c we will add a package of new farm seed never before seen in this country. John A. Salzer Seed Co., La Grange, Wis. - C. S. U.

Not even the clock.

Two ladies were being shown through the State hospital for the insane. As they entered a ward, one turned to the other and said: "I wonder if that clock is right?"

An inmate standing near overheard her and instantly replied: "Great Scott, no! It wouldn't be here if it was!" - Lippincott's.

Germany has taken great interest in the culture of recent years and the crop is about 20,000 tons per year. It is a close second of the European countries.

# COMMERCIAL FARMS AND FARMERS

CHICAGO.

The weekly review of trade for the Chicago district, published by R. G. Dun & Co., says:

Trade conditions generally would present a better showing of the recovery now taking place were it not for the hindrances caused by the recent adverse weather, which yet curtails the movement of heavy freight and delays the starting up of new work in various lines. Fortunately the detriments are temporary, and there is more effort to widen activity in leading industries, while the demand for spring and summer merchandise obtains further stimulus from largely increased arrivals of outside buyers.

Manufacturing is not yet relieved of the paucity of new orders and only slight recovery appears in effecting gain in the outputs of iron, brass and woodwork, but the situation is distinctly more hopeful and there is gradual additions in machinery and labor forces.

An improved (one-strengthened steel) production, there being more encouraging orders for cast and structural pieces, while the looking in wire, merchant iron and pipe equal expectations.

Pig iron prices waver and this operates against the buying looked for, some heavy consumers holding back for concessions on their needs. One supplier on docks shows less depletion than usual at this time, but still exhibiting promises well for the coming season and this prospect assures a steady run at plate mills.

The markets for grain and provisions exhibit improvements, and together with satisfactory reports as to conditions of winter wheat, the agricultural situation affords much encouragement.

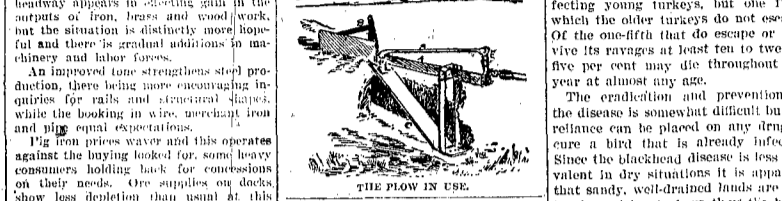

The total movement of grain at this port is affected by lesser opportunities for marketing. 4,487,298 bushels, comparing with 7,289,173 bushels last week and 8,671,338 bushels a year ago, the decline mainly appearing in corn. Compared with 1907, there are decreases in receipts shown for wheat, 191,100 bushels, and 191,100 bushels of live stock were 233,023 head, against 281,752 head last week and 244,530 head last year. Receipts of hides, 2,258,562 pounds, compare with 2,827,800 pounds last week and 2,485,052 pounds in 1907.

Compared with the closes a week ago, cash prices are unchanged in live stock and hogs 25 cents a hundredweight; and higher in corn, 2 cents a bushel; oats, 25 cents; wheat, 1 cent; ribs, 25 cents; lard, 27 1/2 cents; and pork, 50 cents a barrel.

Failures reported in the Chicago district number 35, against 41 last week and 112 in a year ago. Those with liabilities over \$5,000 number 14, against 12 last week and 12 in 1907.

**Improved Ditching Plow.**

A recent invention provides an improved ditching plow, especially adapted for digging tilling sewer ditches or draining ditches. The device is of very simple construction, and capable of effective service in any character of soil. It is especially adapted to be drawn by a traction engine or capstan, says Scientific American. As shown in the engraving, it comprises a beam A, which extends forward and with an upward inclination from the cleaner B.

The latter is triangular in shape, being provided with two diverging wings. The purpose of the cleaner is to travel over the surface of the ground and remove the excavated material from the edges of the ditch. The beam A is hinged to the cleaner, so as to provide for a certain amount of vertical motion. Below the beam and forming an angle there with is a blade C, provided with a cutting edge at its lower end, which serves to enter the earth more or less deeply as the plow is drawn forward, and to carry the excavated material to the surface. At its forward end this blade is braced by means of a support D, which is fastened to the beam A. At the forward end of the beam A is a clevis bar E, which is secured at its upper end to draft bar F, extending to the rear of the beam A. In this clevis bar are a series of notches adapted to receive a link to which a pulley block is connected. This block serves to reduce the cable that is passed to the winch or drum of the traction engine, for the purpose of drawing the plow forward. Owing to the lightness of this plow, it may readily be loaded upon a truck and transported from place to place.

**Buff Orpington Fowls.**

No varieties of fowls are better suited to the requirements of farmers and others than Barred and White Plymouth Rocks, White Wyandottes, and Buff Orpingtons. Both Barred Plymouth Rocks and White Wyandottes are to be found in every locality, and eggs from them may be had at reasonable cost. No variety seems to have a greater hold on the farming community than the Barred Plymouth Rock. The Orpingtons are comparatively newcomers, but have rapidly made their way to a first place in the utility class. Particularly may this be said of the buff variety. Buff Orpingtons are one of many varieties and probably the most popular of the Orpington family. They are rapidly replacing many worn-out strains and mongrels on our farms and have taken a front place in the utility poultry ranks as winter layers and market fowls. There is great demand for eggs and fowls of this breed. They have light-colored legs and a white flesh. Chickens are hardy and grow rapidly. Eggs are of medium or large size, according to strain, according to the Orpington Hen.

White Orpingtons are a most promising variety and are likely to become popular on account of their merits as layers and table fowls.—Exchange.

**Mensuring Hay in Stacks.**

To find the number of tons in long square stacks, multiply the length in yards by the width in yards, and that by half the altitude in yards. They divide that by fifteen. For circular stacks multiply the square of the circumference of the stack in yards by four times the altitude in yards and divide by two. The quotient will be the number of cubic yards. Divide by fifteen for the number of tons.

**Farm Facts and Fancies.**

Hogs need clean, pure water as much as the rest of the stock. See that they get it.

Perhaps you do not realize it, but the dearest animal on your farm is the cheap scrub.

Which do you keep? The cow that makes more than she eats or the cow that eats more than she makes?

It is impossible to plant an orchard or a windbreak in the winter time, but it is possible and profitable to plan one for both.

Fungous diseases and insect pests can be kept from taking the profits of the orchard this next season by faithful, judicious spraying.

The five to eight quarts of milk a day cow will never return the farmer an adequate profit, unless the percentage of butter fat is high.

An argument in favor of the open head in fruit trees is that the fruit on such trees does not rot so badly as that on trees with dense heads.

First the framework, then the trimmings. So with stock-raising. Feed to get the biggest kind of growth, then lay on the fat as fast as possible.

A dairy cow must be given more feed than just enough for her own support if she is to be relied upon to give anything for the support of her owner.

The conditions under which the pigs are kept has as much to do with determining the quality of pork which will be produced as has the quality of the food.

In cultivating the plum and cherry orchards remember that it must be slow enough to avoid breaking the rigors, for the broken roots send up shoots that suck the life of the tree.

A young married couple recently moved from the city to a small farm and submitted an inquiry to the editor of this paper as to the advisability of keeping a "bee" to produce their honey.

If there is anything that makes a disreputable outfit it is an old flea-bitten horse hitched to a rattletrap of a buggy, when the occupant of the buggy uses for a robe a patched quilt.

An old farmer spent a month with a married daughter in a large city. He was so glad to get back and get his old clothes on that he threw his arms around a doddly steer in the feed lot and hugged him until the steer fell over out of wind.

**Starting Seeds Indoors.**

Any one who intends to start seeds indoors needs a knowledge of various facts concerning each variety—the length of time needed for germination; the time required for the plant to reach the blooming or fruiting stage, and whether it can be transplanted to the open ground with safety in early spring, or not until considerably later. For instance, says Suburban Life, chrysothemum seeds will germinate in from five to ten days, but the plants require a very long season of growth before flowering, and the person who gets ahead of Jack Frost must sow the seeds not later than March 1—and earlier, if possible. With varieties which germinate quickly, grow rapidly, and bloom early, the sowing should be delayed at least a month, to avoid the trouble of repeated transplantings, to prevent the seedling plants from getting "leggy" and weak.

**A Queer Pet.**

In a country town in northern Pennsylvania there lives a little old man who sells milk, carrying it from house to house morning and evening in a small handcart. There is nothing strange about that, but his companion on these daily trips is the very strangest you ever heard of—an old gray goose, who follows him about in the most dignified manner and stands watch over the cart, letting no one near it in his master's absence. His name is Major, and his master says he is just as useful as a dog would be.

**America Has the Healthiest Cattle.**

Secretary of Agriculture Wilson says the United States has the healthiest cattle of any nation on the face of the earth. This is owing to our rigid system of inspection and our prompt measures to eradicate diseases. In Europe 45 per cent of the cattle are infected with tuberculosis, and in the United States only 10 per cent, and we will soon have it entirely eradicated. We have inspectors in Europe, and not one animal infected in any way is permitted to be shipped to this country.

**Holstein Preferred.**

The Iowa State board of control will soon have 1,000 Holstein cows at its different institutions. Different breeds have been used heretofore, but it has been decided to have only one breed and Holstein was selected because of its milk-giving qualities. Last year 100,000 of the Iowa institution gave only a quarter of a million gallons

**THE MARKETS**

Chicago—Cattle, common to prime \$4.00 to \$6.00; hogs, prime heavy \$4.00 to \$4.25; sheep, fair to choice \$3.00 to \$3.25; wheat, No. 2, 97c to 99c; No. 2, 98c to 99c; oats, standard, 55c to 56c; rye, No. 2, 82c to 84c; hay, timothy, \$5.00 to \$10.50; prairie, \$8.00 to \$12.00; butter, choice creamery, 27c to 32c; eggs, fresh, 20c to 22c; potatoes, per bushel, 62c to 70c.

Detroit—Cattle, \$4.00 to \$5.70; hogs, \$4.00 to \$4.70; sheep, \$2.50 to \$4.75; wheat, No. 2, \$1.00 to \$1.02; corn, No. 3 yellow, 61c to 62c; oats, No. 3 white, 55c to 56c; rye, No. 2, 83c to 85c.

Milwaukee—Wheat, No. 2 northern, \$1.08 to \$1.10; corn, No. 2, 57c to 59c; oats, standard, 51c to 53c; rye, No. 1, 83c to 84c; barley, No. 2, 91c to 93c; pork, meso, \$11.50.

Buffalo—Cattle, choice shipping heavy, \$4.00 to \$5.75; hogs, fair to choice, \$3.50 to \$4.00; sheep, common to good, \$3.00 to \$3.25; lambs, fair to choice, \$5.00 to \$7.00.

New York—Cattle, \$4.00 to \$5.70; hogs, \$3.50 to \$4.90; sheep, \$3.00 to \$5.25; wheat, No. 2 red, \$1.00 to \$1.02; corn, No. 2, 58c to 62c; oats, standard, 51c to 53c; rye, No. 2, 81c to 83c; eggs, western, 20c to 22c.

Toledo—Wheat, No. 2 mixed, 95c to 97c; corn, No. 2 mixed, 59c to 59c; oats, No. 2 mixed, 51c to 53c; rye, No. 2, 81c to 83c; clover seed, prime, \$11.50.

Indianapolis—Cattle, shipping, \$3.00 to \$4.75; hogs, \$3.50 to \$4.75; sheep, \$2.50 to \$4.75; wheat, No. 2, \$1.00 to \$1.02; corn, No. 2, 58c to 62c; oats, standard, 51c to 53c; rye, No. 2, 81c to 83c; eggs, western, 20c to 22c.

St. Louis—Cattle, \$4.50 to \$6.00; hogs, \$4.00 to \$4.55; sheep, \$3.00 to \$5.00; wheat, No. 2, \$1.04 to \$1.07; corn, No. 2, 59c to 62c; oats, No. 2, 48c to 50c; rye, No. 2, 79c to 81c.

Cincinnati—Cattle, \$4.00 to \$5.35; hogs, \$4.00 to \$4.00; sheep, \$3.00 to \$5.25; wheat, No. 2, 97c to 98c; corn, No. 2 mixed, 55c to 57c; oats, No. 2 mixed, 50c to 51c; rye, No. 2, 83c to 85c.

# Winter Wheat Crop Realized \$28 Per Acre—High Oats \$37 Per Acre in Southern Alberta.

Caladale, Alta., Nov. 10th, 1907.

Sir—I beg to say that this year we had 349 acres of grain, consisting of 197 acres of spring wheat and 152 acres of oats. The average yield of winter wheat was 38 bushels per acre and oats 7 bushels. We were offered \$1.90 per bushel for wheat and 50 cents for oats making the acre values for the two crops \$38.00 and \$37.00, respectively.

We also had 50 tons of hay worth \$22.00 per ton, and 500 bushels of potatoes, worth 60 cents per bushel, the latter off 2 1/2 acres of ground.

Our best yields this year were 1 acre of wheat, making 41 bushels per acre at \$1.00 per bushel, would be \$41.00 per acre; 47 acres of oats, yielding 55 bushels per acre were sold at 50 cents per bushel. Proceeds \$17.75 per acre.

I might add that 50 acres of oats were "stubbled in."

During the spring of 1906 we had about 300 acres broken by steam. We put in and harvested 55 acres of grain last year, but across the remainder of our breaking, worked up the ground and seeded this year's entire crop; put in 7 acres of alfalfa, and 5 acres of garden potatoes, trees, etc., all with one four-horse team. During harvest we hired other teams; but, aside from this and part of the breaking, the one team did the work of raising, practically 10,000 bushels of grain, worth \$12,000.

Yours truly,

W. H. PAWSON, JR.

# Winter Wheat 25 to 30 Bushels to the Acre in Southern Alberta.

Warner, Alta., Jan. 9th, 1908.

Dear Sir—This is the first year of farming in this settlement. Mr. A. L. Warner raised twenty-five hundred and fifteen bushels of fine winter wheat on one hundred acres of breaking, and Tenby Brothers had sixty acres that went thirty bushels per acre. The winter wheat that is in this year looks fine.

Spring wheat here went thirty bushels per acre; oats, fifty to eighty; barley, fifty, and flax ten to fifteen on sward.

The settlers here are all well pleased with the country. The stock have not required any feed except the grass up to this date and are all fat.

Yours truly,

F. S. LEFFINGWELL.

(Information as to how to reach these districts can be secured of any agent of the Canadian government, whose advertisement appears elsewhere.—Ed.)

# Goos Without Saying.

Conan Doyle had just notified Sherlock Holmes of his approaching marriage.

"Of course," he said, "I need not tell you that I have selected you as my best man. The position naturally belongs to you."

"Quite so," assented Sherlock Holmes, absent-mindedly shooting a charge of dope into his left arm.

# Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it swells and when it swells it causes deafness. It is entirely curable. Deafness is the result of an inflammation of the mucous membrane of the middle ear, and this inflammation can be removed by the use of our medicine, which will give you instant relief. It is a most wonderful discovery. It is a most wonderful discovery. It is a most wonderful discovery.

# CHILDREN TORTURED.

Girl Mad Running Sores from Eczema—Boy Tortured by Poison Oak—Both Cured by Cuticura.

"Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and hands were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble.

"In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, and in about three weeks his hands and arms healed up. Mrs. Lizzie Vincent Thomas, Fairmont, Walden's Ridge, Tenn., Oct. 18, 1905."

# 160 FARMS WEST OF FREE

Some of the choicest lands for grain growing West of Free. Thousands of homesteads of 160 acres each are now being offered for settlement under the Revised Homestead Regulations.

Entry may now be made by proxy (on certain conditions), by the father, mother, son, daughter, brother or sister of an intending homesteader. Thousands of homesteads of 160 acres each are now easily obtainable in these great growing, stock-raising and mined farming sections.

These you will find healthful climate, good neighbors, churches for family worship, schools for your children, good law, splendid crops, and roads convenient to market.

Entry fee in each case \$10.00. For pamphlet "Last Best West," particulars as to rates, routes, best time to go and conditions of location, apply to W. D. Scott, Superintendent of Immigration, Ottawa, Canada, or E. T. Holmes, 215 Jackson St., St. Paul, Minn., or to the nearest Government Agent, Watertown, S. D. Dakota. Authorized Government Agents.

# A CASE OF BAD BOWELS

Are you happy? Not if your liver and bowels don't work. Happiness depends on the bowels. Every time you eat, you put into your body not only good material for repairs and fuel, but a mass of useless stuff that has to be removed promptly or it will clog your machinery, poison your blood, throw your liver out of gear, and make you act mean to those you love. Your stomach is sour, your skin yellow, your breath offensive, and you hate yourself and all mankind. Winter or summer it's all the same, when you are unclean inside, you are unhappy and so is everybody near you. The cure is pleasant, quick, easy, cheap, never fails. Cascarets, the world's greatest bowel cleaner and liver tonic. Cascarets are guaranteed to cure constipation, lazy liver, bad blood, bad breath, sour stomach, biliousness, and all summer and winter bowel troubles. Don't be unhappy—buy a box today. All druggists, 10c, 25c, 50c. Write for health booklet and free sample. Address Sterling Remedy Company, Chicago or New York.

If Governor Sheldon has come to any decision in the Wayne saloon case it has not been announced. It looks very much as though the matter will be handed up to the Supreme court for decision. This being the first case under the Sackett law there is no precedent to go by.

Iowa is again in the throes of a factional republican fight that bids fair to be as bitter as the one two years ago. From this distance it looks as though the standpatters were making inroads into the progressive territory. Not by reason of growing strength but because of veneration for Allison, who in his closing days is in danger of losing the seat in the senate he has had for nearly a lifetime. Many republicans who will "lend a hand" to help Allison have no sympathy for the element that is most active for him.

Wayne is not the only place on the map where there is contention over the liquor question. Hastings is in the turmoil of a bitter local war over the matter and the issue is breaking out in spots all over the northwest. Over in Monona county Iowa just south of Sioux City, an organized effort was started to put all the saloons in the county out of business and last Sunday from every pulpit in the county was preached a temperance sermon that is calculated to arouse a sentiment that will sweep the county in the spring elections.

Congressman Boyd is being heard from in Congress not so much in speeches as in practical work for his constituents. Boyd and Norris are making a strenuous effort to have Secretary of Agriculture Wilson send practical lecturers connected with the department of Agriculture to come into the several counties of the Third and Fifth districts for the purpose of making practical demonstrations in soils, stock growing and in the broader field of grain raising. Secretary Wilson, who had given the question some consideration in conjunction with his experts of the department, appreciated the importance of the subject and the strength of the arguments advanced by the two members from Nebraska. They presented in detail the varied industries of their districts from both the farmers' and stock-growers' point of view. They bore down upon the necessities of wider education for the farmer in soils, selection of seeds and choice of breeds of cattle, sheep and horses. They outlined their ideas to the secretary, who met the congressman more than half way in their efforts to bring directly to the homes of the farmers and practical knowledge as represented by trained men of the Agricultural department who have specialized in the subjects most directly associated with farm work. To the representatives Secretary Wilson stated that practical lecturers will be sent into their districts and to places which the farmers may select where practical talks will be given upon subjects in which the farmers are most directly interested, and that the men selected should remain in the field as long as there was any demand for their presence.

**Bishop on Marriage Laws.**  
Bishop Scannell of the diocese of Omaha has issued a pastoral letter on matrimony. The letter is based on the decree of Pope Pius X, which becomes a law for the Catholic world after Easter.  
On and after next Easter Sunday no marriage of Catholics or of a Catholic with a non-Catholic will be valid unless contracted before the pastor or ordinary of the place, or a priest delegated by either of these and at least two witnesses. Heretofore throughout the greater part of the United States, marriages celebrated without the presence of a priest were valid, if there were no annulling impediment, because the church had not added any condition regarding the validity of the ceremony. These marriages were however gravely illicit and were called clandestine because the marriage being a sacrament it ought to be celebrated before the church. After next Easter all such marriages will be canonically null and void.  
The main point to be observed is that for the future the marriage must be before a competent priest having the care of the souls in the district in which the marriage takes place. But he cannot assist validly even in a marriage of his own parish or district unless he be delegated for that purpose by the local pastor or ordinary of the place the presence of a priest is unnecessary for validity.  
The new decree nowhere binds those outside the church (except apostates) and it binds all those within the church. The decree deals only with one feature of matrimony, namely, the competent priest before whom the marriage can validly be contracted and that it leaves unchanged all the other laws and regulations which are now in force.

**Brenna**  
The five-year-old son of Mr. and Mrs. John Benek died at his home in Brenna last Monday night.  
Jim Reed and wife of Topeka, Kans., are visiting at Jim Bairds. They moved to Topeka from Brenna about two years ago.  
About thirty young people gathered at the Sieken home last Friday evening. The evening was spent in singing hymns.  
Harry McMillian and Halsey Moses were the only fortunates from Brenna who attended the leap year dance at Winside last Friday evening.  
Miss Bonnie Reed, of Denmark spent Sunday with her friend, Lizzie Miles.  
Miss Lola Douthit has accepted a position as teacher in a Cedar county school.

**Carroll**  
Mr. J. E. Winfrey and daughter Stella, of Stella, Neb., are here this week, called by the serious illness of Mrs. W. L. Robinson daughter of Mr. Winfrey.  
Mr. Frank Griffith returned Tuesday evening from Long Creek, Iowa where he has been visiting with his grandmother and other relatives since Christmas.  
Dan Burress graduated last week from the business course at Wayne Normal College, receiving a diploma. He will immediately take up the teacher's course at the same school.  
We understand that Miss Biekin has rented the Goltz building and she intends to establish a millinery store in it. This will be another addition to the Carroll business interests and we sincerely trust that prosperity and success will be hers.  
Considerable moving is being done this spring as is the general custom. However there is not so much of it as there was last spring. The recent warm weather has put the roads in bad shape for those changing location.

**Notice**  
GUARDIAN'S SALE OF REAL ESTATE  
Notice is hereby given that in pursuance of license therefor issued by Anson A. Welch, Judge of the District Court of Wayne County, Nebraska, on the 2nd day of March, 1908, for the sale of real estate hereinafter described, I will sell at public vendue to the highest bidder, for cash, at the door of the office of the Clerk of the District Court of Wayne County, Nebraska, in the Court House in Wayne, in said county, on Wednesday, the 1st day of April, 1908, at the hour of eleven o'clock A. M., the following described real estate, belonging to Ester LeVahn and Myrtle LeVahn, minors to-wit:  
Their undivided one-fourth interest in and to the Southeast Quarter of the Southwest Quarter of Section Five (5), Township Twenty-six (26), North of Range Five (5), East of the Sixth Principal Meridian in Wayne County, Nebraska, said sale to remain open one hour.  
Dated this 5th day of March, 1908.

O. L. Olson, Guardian of the Estates of Ester LeVahn and Myrtle LeVahn, Minors.

**Plum Creek**  
A. Dovernan returned from his Iowa visit Monday.  
W. H. Gildersleeve shipped two cars of cattle to Omaha Tuesday.  
Henry Prescott is wearing the smile that won't come off over the arrival of a new dish washer at his home last Thursday. Cigar Henry.  
The Altona Telephone Co., are building one and a half miles of a line with three new subscribers. This makes 45 phones on this system.  
A. Gildersleeve moved on W. H. Gildersleeve's farm one mile east of LaPorte.  
Several of our progressive farmers clubbed together and sent for a car load of oil meal this week.

The officers of the Altona Telephone Co., made arrangements with the Cuming County Ind. Tel. Co., by which they get connection with that system by way of Altona and have installed a switch at the latter place for that purpose.  
A most enjoyable party was given at the C. C. Bastian home Tuesday evening a farewell gathering for Adam and Leonard who leave soon for South Dakota. About forty of their young friends were present. Numerous games were played and an elegant three course supper was served at midnight. Sometime was spent in viewing the specimens Adam brought from Yellow Stone Park. It being so dark and misty the young people were obliged to stay until they broke. The bright faces and countenances told of the pleasant time the young people enjoyed and after eating apples, peanuts, oranges, candy and singing a few favorite songs in which there was a unanimous blending of young voices they departed all wishing the boys much happiness and prosperity in their new home.  
Albert Bastian is shelling corn today. Bastian Bros., are doing the shelling.  
A baby girl came to gladden the home of Henry Frevert Monday.  
Dan McManigal and son Mort are down in Texas looking for land.

**Brenna**

C. L. Schuler, Higher-Grades and Tom McGrath, all of Platt Center purchased two imported Percheron stallions of Burress Bros., Monday. Mr. McGrath has been looking for a number of stallions for several weeks, visiting most all of the importers in this state, and Iowa and Illinois.

**Carroll Notes**  
T. D. Jones moved to his farm north of town last week.  
There were several out of town visitors in Carroll last Saturday attending the big sale at the pavilion.  
Mr. and Mrs. Beebe were up from Wayne Friday evening to attend the church social.  
The infant child of Mr. and Mrs. Harvey Garwood has been quite ill the past week but is much improved now.  
Chas. Morris left Tuesday with his goods for South Dakota. Mrs. Morris will visit here a week before going. This family leaves many friends in Carroll and they will be greatly missed.  
Forest Hughes Sundayed in Carroll.  
The quarantine for small pox was taken off from the homes of Chas. Marshall and Will Jones the first of the week.  
Dan Martin formerly of Wayne is now a resident of this city.

**Sunny Slope**  
Paul Obst visited friends at Wayne last week.  
J. W. Bicknell has moved to Carroll.  
Jas. and Ora Stephens attended the sale at Wayne Friday.  
Chas. Morgan of Randolph is finishing a 264 gallon cistern for W. W. Black.  
Paul Paulie of Iowa, has moved to the Arthur Robbins farm which he bought last fall.  
John Laurie went to Wayne Monday to help his cousin, Geo. Porter, move to Hoskins.  
Mrs. Mina Taylor has moved to a farm near Page. Mr. Roeder who bought her farm last fall, will take possession of it this spring.

**Hoskins**  
Mrs. Brown and children of Hartington visited with her sister, Mrs. Barge a few days last week.  
Washington's birthday was duly celebrated at the village school with a program of songs and recitation on Friday the 28th.  
The masquerade on Saturday evening was well attended and some very striking costumes were out.  
Mrs. Bradford is packing her household goods. She will remove to Omaha where she will join her husband who has been working there the past year.  
Mr. and Mrs. Arthur Weatherholt will move into the property vacated by Mrs. Bradford.  
Miss Frances Schroeder is visiting at the Conrad Schroeder home this week.  
E. W. Zutz of Norfolk visited his parents here between trains Sunday.  
The Misses Anna and Pauline Schroeder were Norfolk visitors on Saturday.  
Miss Lillie Luckey went to Wayne Wednesday.  
Mrs. R. Templin returned from Loretto Sunday where she had been called by the illness of her father.  
Mrs. F. Zieher, Mrs. Bradford and Mrs. Meiske were Wayne visitors Saturday.  
Miss Anna Schroeder visited with the Misses Pauline Schroeder and Helen Lehmer over Saturday and Sunday.

**Eastern Hunter**  
Aug. Samuelson shelled corn Monday.  
Mr. and Mrs. Hilder of Wakefield spent Monday with Mrs. Repine.  
Mrs. Smith of Pender visited her daughter, Mrs. Ellein the first of the week.  
Mrs. John Olson spent Tuesday afternoon with her sister, Mrs. Henry Rubeeck.  
Quite a number of young folks from here attended the leap year dance at Winside Saturday night.  
Chas. Johnson who lived on the Hilder eighty this winter moved to Wayne this week and Mr. Chris Peterson who has rented it for this year is now moving in.  
Hans Madsen moved from the Eph Anderson to the Nurenberger farm south of Wakefield Tuesday. Clarence Aulker will farm the Anderson place this year.  
Carl Clayberg who has been on the Chas. Nies farm, has packed his goods to start for Dakota.

Tennesseeans  
Grand Concert  
Jubilee Troupe  
Prices: 25c 35c 50c  
Normal and High School  
Students 35 cents.

**District Court**  
Judge Welch opened the March term of the District Court today and this morning is taken up with the hearing of applicants for naturalization papers. The docket is pretty slim so far as anything of public interest is concerned and by reason of the few jury cases the Court has decided to dispense with the jury for the term thus making a saving in county expense. There are two divorce cases to be tried at this term, that of Kauf and Kaul and Trenn vs. Trenn. In the two state cases on the docket, State vs. Booch of Winside where the violation of the hog ordinance is charged and State vs. O'Connell where the violation of a Wayne ordinance is charged the cases will be continued to next term of court. The two remaining liquor cases from last year being Mildner against state and Hoffman against state being cases in error will be submitted to the court by written brief. There were only about six civil cases to come before a jury had it been called and none of immediate importance. Judge Graves will be here a week from tomorrow to hear further evidence in the Fair Grounds case. It is likely that this term of court will be over in a day or so.

**Additional Local**  
E. C. Rennie was in Winside today.  
Fisher & Sellers pay cash for poultry.  
For pure maple syrup go to the Brookings Grocery.  
Chas. Nairn of Carroll was in town Wednesday.  
Every sack of flour is guaranteed at Fisher & Sellers.  
P. H. Kohl and C. A. Berry went to Omaha Wednesday morning.  
Mr. and Mrs. J. A. Jones and Mrs. Davis of Carroll were in town yesterday.  
Today's markets: Wheat 93, rye 98, oats 42, corn 48, barley 62, flax 68 and hogs 8.80.  
John Kates, W. K. Heister and Will Bentow attended K. P. Lodge at Winside Tuesday night.  
A. E. Dorsett had a light stroke of paralysis Tuesday night but at last reports he was improving.  
Try a small sack of the Wandotte Cleaner and Deterger, a necessity in every household, Brookings Grocery.

**Referendum Petition**  
A petition is being circulated this week requesting the city council to provide for a direct or referendum vote on the question of issuing saloon licenses for the next year. This allows the saloon issue to be voted upon separate and apart from the election of city officers and makes it possible to get the direct opinion of the voters on the issue. The petition will go before the council with the necessary number of signatures as provided by law to include the referendum vote on the official ballot.

**Guilty of Manslaughter**  
Herman Boche who has been on trial at Madison on the charge of murder was found guilty of manslaughter in the case against him for shooting and killing Frank Jarmer, a Norfolk saloon keeper, near a resort last May. The jury was out sixteen hours. A motion has been made for a new trial. Judge Welch will pronounce sentence and formally hear the new trial motion March 16. Boche seemed unaffected by the verdict. Boche shot Jarmer at a resort May 1. The defense claimed Jarmer was in the act of robbing Boche, who was drunk. For five days Boche lived in the woods, and once sheriff Clements shot four times at him. Once last summer he lunged at the sheriff with a pitchfork. Boche was acquitted nineteen years ago of killing George Ives with an ax while Ives was chopping down a tree on Boche's farm.

**CITIZENS BANK**  
Report of the condition of the Citizens Bank of Wayne, Charter No. 447, Incorporated in the State of Nebraska, at the close of business February 28th, 1908.

A. R. DAVIS, Notary Public.

**Plum Creek**  
A. Dovernan returned from his Iowa visit Monday.  
W. H. Gildersleeve shipped two cars of cattle to Omaha Tuesday.  
Henry Prescott is wearing the smile that won't come off over the arrival of a new dish washer at his home last Thursday. Cigar Henry.  
The Altona Telephone Co., are building one and a half miles of a line with three new subscribers. This makes 45 phones on this system.  
A. Gildersleeve moved on W. H. Gildersleeve's farm one mile east of LaPorte.  
Several of our progressive farmers clubbed together and sent for a car load of oil meal this week.

**Brenna**  
The five-year-old son of Mr. and Mrs. John Benek died at his home in Brenna last Monday night.  
Jim Reed and wife of Topeka, Kans., are visiting at Jim Bairds. They moved to Topeka from Brenna about two years ago.  
About thirty young people gathered at the Sieken home last Friday evening. The evening was spent in singing hymns.  
Harry McMillian and Halsey Moses were the only fortunates from Brenna who attended the leap year dance at Winside last Friday evening.  
Miss Bonnie Reed, of Denmark spent Sunday with her friend, Lizzie Miles.  
Miss Lola Douthit has accepted a position as teacher in a Cedar county school.

**Carroll**  
Mr. J. E. Winfrey and daughter Stella, of Stella, Neb., are here this week, called by the serious illness of Mrs. W. L. Robinson daughter of Mr. Winfrey.  
Mr. Frank Griffith returned Tuesday evening from Long Creek, Iowa where he has been visiting with his grandmother and other relatives since Christmas.  
Dan Burress graduated last week from the business course at Wayne Normal College, receiving a diploma. He will immediately take up the teacher's course at the same school.  
We understand that Miss Biekin has rented the Goltz building and she intends to establish a millinery store in it. This will be another addition to the Carroll business interests and we sincerely trust that prosperity and success will be hers.  
Considerable moving is being done this spring as is the general custom. However there is not so much of it as there was last spring. The recent warm weather has put the roads in bad shape for those changing location.

## TEN YEARS AHEAD OF ALL OTHER Cream Separators

In skimming efficiency, simplicity, durability and convenience the new 1908 improved DeLaval Cream separators are fully ten years ahead of any other machine on the market to-day. Thirty years of experience, protective patents, and many other valuable improvements devised and perfected by the DeLaval engineers in all parts of the world in the past three years are responsible for this fact. Every feature of the DeLaval is improved from the supply can to the base. The new centrifugal bowl with its separate spindle is alone a triumph in separator construction and must be seen to be fully appreciated. Then there is the 1-piece "anti-splash" sanitary supply can, adjustable shelves for skim-milk and cream receptacles, new frame designs, and many other less important all combining to make the DeLaval as nearly ideal as a separator for farm and dairy use can be made. There is the proper size machine for every size dairy from the smallest to the largest and no cow owner can afford to be without one of these improved machines. Write us at once and we will send you our new illustrated catalog by first mail with full information how you may have a free demonstration of the improved DeLaval in your own home. It will pay you to do so and your only regret will be that you did not investigate sooner.

Meister & Bluechel, Agents, Wayne

### Local News

John Agler was in Winside Tuesday.

Phone 98 for Rock Spring nut coal \$8.50.

Harry Armstrong of Sioux City spent Sunday here.

"Colored Folks as I Know Them," is the subject of Lincoln McConnell's lecture at opera house tomorrow night. This is in part an answer to Senator Tillman's position on the race question. Come out and hear him.

The fire company were called out Friday afternoon to the southwest part of town to put out a fire in a smokehouse. Pete Henkle was smoking about fifteen dollars worth of meat when the smoke house caught fire. Henkle says he has been in the habit of smoking his own meat but that he won't do it any more. The total loss will not exceed twenty dollars.

A central Kansas editor says: "We attended church some time ago and listened to a very good sermon, as sermons go. We enjoyed the singing, and stood up with the brethren and sisters while they sang the good old hymn, 'Shall We Know Each Other There?'" While the hymn was being sung we glanced about us and counted about a dozen members of the congregation of the church who do not speak to each other when they meet on the street or elsewhere. The thought occurred to us why should they know each other there when they seemingly don't know each other here?"

If there is any class of business men in existence who ought to hold the general newspaper fraternity in grateful remembrance it is the bankers of the country. During the financial crisis the newspapers were the salvation of the country. There was not a firebrand in the lot. From one end of the country to the other—in village, town and city—the newspapers urged the people to be calm, quiet and serene, assuring them that the finances of the country were safe and sound and that the banks are absolutely secure, and published utterances of noted financiers to back up their statements.

The average obscure country newspaper man may not have any credit at the bank, but deserves well of the banking fraternity, and is entitled to their advertising and printing. If he is prepared to print checks, deposit slips, note heads and the like he ought to have the privilege of doing so, without having to back a large lithographic firm in a large city, or a cheap sweat shop in some remote town. These outfits are no help to the banker when the days of adversity come.—Ponca Journal.

Phone 98 for Rock Spring nut coal \$8.50.

W. O. Gamble was in Laurel on Monday.

Robert Jones of Carroll is moving to Wayne.

James Hancock of Carroll was in town Saturday.

W. L. Robinson of Carroll was in town Tuesday.

W. H. Gildersleeve shipped two car loads of cattle to Omaha Tuesday, Carl Thompson one car of cattle and one of hogs and E. W. Closson one car of hogs and one of cattle.

Judge Welch was unable to open court here Monday on account of the Boesche murder trial at Madison taking up more time than was expected. The March term will commence today.

On invitation of Mrs. J. D. Haskell of Wakefield, Mesdames A. A. Welch, D. C. Main, Dan Harrington, John Harrington, F. G. Philleo and H. B. Jones went to Wakefield yesterday to spend the afternoon at the Haskell home.

Hansens Bros. last week put a fine glass counter in their butcher shop that is about the finest ever seen here. It's not only an elegant piece of business fixture but makes a fine place for the display of meats.

This place is kept neat and clean and they are building up a good trade.

Olaf Olson the father of the little Lillie Olson who disappeared from Thurston county a couple of months ago was taken through here from Bloomfield to Pender yesterday in custody of the Sheriff. The officer refuses to give any reason for the arrest and all sorts of stories are being circulated about it.

Mr. and Mrs. Hans Madsen living five miles southeast of town met with an accident last Friday night that might have been much more serious than it proved to be. They were driving home after dark and the buggy went in a washout in the road and overturned throwing the occupants out. Mrs. Madsen fell in such a way as to be severely injured on the hip and otherwise bruised.

Quite a number of farmers have been shipping out to new places and others shipping in. Among those shipping away are A. P. Kloppping, Randolph H. A. Whitaker to Monmouth, Neb., Bert Surber and Mrs. Nichols to Norfolk. Those shipping in from other places are Wm. Brunner of Aender, who will farm the Chas. Nies place, L. A. Plum of Oakland to the Geo. Porter farm and A. L. Donner of Randolph who will farm near town, Ed Van Norman of Woodbury county, Iowa, to the Chas. Lund place.

**A Letter To You**

We are too busy this week unpacking new spring goods to write an add. A good portion of our spring goods are now in, and we are busy marking them and placing them in stock for your inspection, and we invite you to come in and look at the many new and pretty patterns we have in this seasons styles of mens' boys' and childrens' suits.

The Kuppenheimer hand tailored suits are the equal of any merchant tailor's work, and at about one third less in price that's quite a saving these hard times.

About one-half of our spring suits of the famous Widow Jones make for boys and children are now in, and we feel certain that we can please all the mothers in our territory this season on boys' and childrens' suits. We like to them, come and look at them and don't feel obliged to buy.

The new spring styles in the Hawes \$3.00 hats and in this season we have shapes to suit every taste, and the Hawes hat is acknowledged to be the best \$3.00 on the market. We also have new spring shapes in the John B. Stebson hats.

We have all the new styles in spring shoes, the pointed toe on swing last, and the Educator toe, and all the different shapes in between, we have them in lace and button, butcher and plain, and can suit the most fastidious dressers with as good a line of shoes as was ever shown in Wayne.

Spring is not yet here but the early buyer is the one that gets the pick of the seasons latest, and we invite you to be among the early ones.

New Spring ties just in

# RAILWAYS FILLING UP OPEN LANDS IN WEST

## St. Paul Road's Pacific Coast Extension Gives Entrance to Rich New Country.

### WHERE THINGS MOVE QUICKLY.

#### Claims Being Rapidly Taken and Towns Are Building Along Route—Big Railroad Bridge.

Not so many years ago the western boundary of Missouri, Iowa, Minnesota and Nebraska presented a rugged range of heavily made farms, thrust into what seemed a boundless, unbroken expanse of unimproved, black prairie. Now the prairie has been broken up by the spreading land, and the rich soil is being put to use by the farmer. The St. Paul and Northern Pacific Pacific Coast Extension is now building a big railroad bridge across the Missouri river, and the new line of the St. Paul Road and the new coast division. The town of Moberge is expected to be one of the most important on the road. Its name is made from the abbreviation "Mo," meaning Missouri, and "bridge."

### WORK OF CONGRESS

Ocean mail subsidy and currency legislation were the subjects of speeches in the Senate Monday. Senator Gallinger opened the debate in favor of his bill for ocean mail subsidy to build up American merchant marine, and he was followed by Senator Dewey, who strongly approved the measure. Senators Simmons of North Carolina and White of Maryland spoke in criticism of the Aldrich currency bill, Senator White announcing that he would not vote for any measure now before the Senate. An hour was devoted to further consideration of the bill to revise the criminal code, and at 5:14 o'clock the Senate adjourned. The unusual spectacle of the committee on railroads on the floor of the House of Representatives was witnessed in that body, much to the discomfort of Mr. Dalzell, a member of the committee. Mr. Dalzell, in a resolution providing for an investigation of the railroads, was interrupted by the speaker on an objection by Mr. Mann (Ill.), held it was not privileged. Despite Mr. Dalzell's argument, the speaker refused to alter his decision and the resolution was recommitted. The army appropriation bill, carrying \$85,000,750, was taken up.

### FEEL AMERICAN PANIC.

Parisian hotels have balances on Wrong Side of Ledger. Paris hotels largely dependent on American trade are undergoing the hardest times in years. Hotels which before the money flurry in the United States were charging triple rates and turning persons away are now unable to pay expenses. Five dollar rooms are offered at \$2 and less. The manager of a hotel near Place de l'Étoile said recently he had three guests he knew were unable to pay their bills, but he was keeping them for the sake of appearances. In another ultra-fashionable hotel near Place Vendôme there are only forty-three guests. They have the entire staff awaiting their orders and the manager has given instructions that they have everything they wish and that particular care be taken that none leaves.

### UNIVERSITY OF PARIS.

The doctors degree in the University of Paris is so coveted as to designate the faculty under which the work was done, as those who do literary work would receive the degree doctor of letters, etc. To obtain the doctor's degree the candidate must possess the lower degree of the corresponding division of work, submit two theses on different questions, reply to questions or objections concerning them, pay a fee of 10 francs and present 100 printed copies of one of his theses to the university. The candidate for the degree doctor of letters must write one thesis in Latin, the other in French. If in the scientific department, the thesis must be on some original investigation; if in theology, the examinations are both oral and written.—School Bulletin.

### Two Cities.

The most northern town on the globe is probably Hammerfest, latitude 79 degrees 55 minutes 14 seconds, off the northwest coast of Norway, a place of some 4,000 inhabitants. In Hammerfest the sun stays for two months above the horizon. The southernmost town in the world is Punta Arenas, on the Strait of Magellan, Punta Arenas is a place of some 3,000 population.

### Worth Reading.

France has more than 300 daily newspapers. Generally the right ear is larger than the left. Buts are an alarming nuisance in England. For every ton of gold in circulation there are fifteen tons of silver. Germany sends 23,000,000 feathers per year to England for millinery purposes. As a rule a man's hair turns gray five years sooner than a woman's. The weight of the pyramids of Cheops is estimated at 4,000 tons. Loss of life in the mines in the United States is far greater than in Europe. Every year there are 500 deaths from hunger and destitution in Great Britain.

### TO PLEAD FOR PAPOOSE.

Indians Will Ask White Father for Land for Recent Arrivals. Washington is soon to be visited by one of the most imposing and prominent Indian delegations in recent years. It will be composed entirely of Osage chiefs and official interpreters, and while they will protest when there against the removal of restrictions on the sale of Indian lands, their principal mission is one which to the tribe itself is of far greater importance—the presentation of a request that all Indian babies born during the past half year be permitted to share in the land allotments.

### THE WEEKLY HISTORIAN

1437—Murder of James I. of Scotland. 1525—Imperialists defeated the French at battle of Pavia. 1544—Diet of Spire opened. 1547—Coronation of Edward VI. when only 30 years of age. 1587—Thomas Cavendish passed the Straits of Magellan. 1621—Miles Standish chosen captain of Plymouth colony. 1746—Brussels taken by Marshal Saxe. 1770—William Scarborough, one of the builders of the Savannah, the first steamer that crossed the Atlantic, born in Belfast, S. C. 1777—Col. Nelson, with a party of American militia, defeated British troops under Major Stockton. American Congress commissioned five major generals. 1778—Lord North's conciliatory bill presented in Parliament. 1780—New York ceded her rights in western lands to the United States. 1781—Congress appointed Robert Morris superintendent of finance. 1793—American flag raised over Corsica. 1797—Triumph captured by the British under Sir Ralph Abercromby. French and Austrians resumed hostilities in Italy. 1803—Ohio admitted to the Union. 1809—Drury Lane theater, London, destroyed by fire. 1810—Andrew Hofer, the Tyrolean patriot, shot by the French. 1813—British and Canadian soldiers captured Ogdensburg, N. Y. 1814—Henry Kirke Brown, who produced the first bronze statue ever executed in the United States, born at Leyden, Mass. 1824—United States concluded an indemnity treaty with Spain. 1828—City of Corinth, Greece, badly damaged by earthquake. 1829—"Thad" Lincoln, favorite son of the President, died at the White House. Jefferson Davis inaugurated President of the Confederate States at Richmond. 1833—Arizona territory formed from New Mexico. 1864—Second Confederate Congress that at Richmond. 1869—President Johnson publicly denounced the reconstruction committee and declared Congress to be in rebellion against the government of the United States. 1867—Maximilian entered Queretaro. 1868—House of Representatives resolved to impeach President Johnson. 1874—Business section of Panama destroyed by fire. 1880—Attempted assassination of the Czar of Russia. 1881—Osage Free State declared to be neutral territory. 1882—Charles Bradlaugh expelled from the British House of Commons. 1884—Gen. Gordon entered Khartoum. 1887—Congress passed a bill to retire the trade dollar. 1894—Capital of Honduras captured by the insurgents under Ortiz. 1896—"The Confederate States" museum dedicated at Richmond, Va. 1898—Court of inquiry began its investigation into the blowing up of the battleship Maine.

### ODDS & ENDS OF SPORT

President O'Brien of the American Association has signed Gerald Hayes as umpire. The Northern Baseball League has abandoned all idea of entering St. Paul and Minneapolis. Jack Palmer of Newcastle, former champion of England, lasted four rounds before Tom Burns of America in a London fight. E. C. Cowdin has leased the racing qualities of The Pippin and Counterpane to the Newcastle stable. Both are 2-year-old fillies. The Lake Michigan Yachting Association has decided to start the annual Mackinac cruise of the Chicago Yacht Club on July 25. The youngest and smallest ski rider who participated in the national tournament at Duluth was Carl Talsen, 11 years of age, of Islip, Wis. At the meeting of the biennial congress of the National Truffing Association the doors were opened to amateur racing under the association's rules. The racing discussion in Kentucky has been ended for this season by granting licenses to four tracks—Churchill Downs and Douglas Park, Latonia and Louisville. C. C. Wheeler of New York is building a motor boat for the purpose of defending the British international cup, which was won last year by the Dixie and has been challenged for by the British Motor Boat Club. The Nebraska university athletic board has authorized the employment of Capt. Fox of the Lincoln baseball club to be coach for the university baseball squad. John E. Madden, the Kentucky horseman, will have several horses in the European races this year, including nine entries made in the freight and general passenger service. The Altoona shops of the former are practically closed and cuts in freight and passenger service have been made by both roads. In the last week many of the cars were taken to the local service of the Reading road and fifteen from the Pennsylvania.

# WASHINGTON GOSSIP

President Roosevelt, upon hearing that the principal railroad systems were preparing to announce a general reduction in the wages of employes, started an investigation with a view to finding if such a reduction is justified by the facts. By this act, acting under the Erdman law, he has requested Chairman Knapp of the Interstate Commerce Commission act as Commissioner of Labor Nell to make an investigation and report on what they find. According to Chief Stone of the Engineers' Brotherhood, the Chicago and Great Western is to start the wage cutting movement. The various unions are prepared to resist the reduction to the utmost. The president's action in calling upon the Interstate Commerce Commission to investigate the contemplated reduction of wages by the railroads has caused no little resentment on the part of the railroad officials, especially as regards the intimation that their action is for the purpose of discrediting the administration. They insist that the decrease in revenues necessitates a reduction in operating expenses. On the other hand, representatives of the railroad employes state the earnings of the men are already on the lowest living basis and will be stand a reduction. Mr. Goss of the American Federation of Labor is represented as saying: "The wages of the railroad men can not stand a reduction. The cost of living has been increasing faster than the wages, which, in fact, have not been increasing at all." The statement is also made that representatives of the railroad organization at a meeting in New York city decided that under no circumstances would they consent to a reduction of the present wage scale.

### CHINA TO BE THE GREATEST.

Kingdom Has a Future. The Secretary of War has accepted bids for furnishing heavier than air flying machines from J. E. Scott, Chicago, A. M. Higgins, New York, and Wright Bros., Dayton, Ohio. In all forty-one bids were received; but the three mentioned were the only ones that complied with the specifications. It was a part of the agreement that none of the particulars of the bids were to be given out, but retained as confidential. Some of the conditions of acceptance are that the machine must remain in the air at least one hour, lift without damage, be under perfect control and equilibrium and be capable of a speed of at least forty miles an hour in still air. The machines are expected to be ready for trial next fall. The report of Interstate Commerce Commissioner Lane upon the charges against the Southern Pacific, and their investigation by him has been made public. It shows that since the rate bill went into effect a system of rebating has been in force upon the Southern Pacific in utter defiance of the law. A list of 108 firms is given which received preferential rates, and one of these is shown to have received \$23,304 during the period from April, 1906, to the date of the investigation. It is assumed that the Department of Justice will commence prosecution in the near future. A new arbitration treaty between the United States and France has been signed by representatives of the two countries and will soon be submitted to the Senate for ratification. This provides that practically all questions arising between the two governments shall be settled by arbitration. In reply to the recent request of the railroad managers for an extension of the time for putting into operation of the nine-hour law, the Interstate Commerce Commission announces that it can not interfere with the new law, except in particular cases where good cause is given. A comprehensive employers' liability bill was introduced in the Senate by Senator La Follette of Wisconsin, and in the House by Representatives Sterling of Illinois. The authors say the bill has the indorsement of the railroad employes. The Secretary of the Navy has accepted the resignation of his son, Midshipman Victor M. Metcalf, because of ill health. It was with considerable reluctance that Secretary Metcalf accepted the resignation, as he was anxious that his son should have a navy career. The new armored cruiser North Carolina completed her trial speed test, developing a maintained average speed of 22.48 knots, which is in excess of the contract speed required, and is said to be the best record ever made by a vessel of the armored cruiser class. By direction of the president, the acting secretary of war ordered a company of infantry to proceed from Fort Gilchrist, Alaska, to Fairbanks, in the same territory, to preserve order during a mining strike in that section. This action was taken upon representation of the Federal Court in Alaska. The distance to be traveled is 155 miles, and the troops will be carried by sleds. The journey can be accomplished in four or five days. The formal reception of Baron Takahira as ambassador of Japan to the United States took place in the White House. The most cordial expressions of good will passed between the ambassador and President Roosevelt, the latter referring to the bonds of amity which had long existed and pledging the government and people of the United States to do all in their power to strengthen and perpetuate the pleasant relations between the two countries.

### LABOR WORLD

The Fall River (Mass.) Spinners Union has reached its fiftieth birthday. In Italy the membership of trade unions decreased from 240,089 in 1902 to 204,271 in 1907. Germany has altogether thirty-three labor colonies where the unemployed can obtain work as a right. Through the efforts of organized labor the manufacture of cigars in the Marquette (Mich.) strike is to be abolished. A general strike of marble cutters all over New England is being held because of the employers' refusal of an increase of wages and a Saturday half-holiday. Pipe coverers in Washington, D. C., have granted an increase in wages of 50 cents a day by their employers. They now receive a minimum salary of \$3 a day. President Campers of the A. F. of L. has called a convention of all affiliated organizations in West Virginia to meet in Huntington on Feb. 18, to organize a State branch. "Museum of Safety Devices" and general industrial hygiene have been established by the governments of Holland, Germany, France, England and other countries. These do magnificent work in educating employes and employers, as well as the public generally. The workmen of Washington, D. C., are said to be planning several strikes which will be of benefit and interest to the organized toilers. One of the plans contemplates the erection in the near future of a magnificent temple of labor. Another, the building of a home for the aged and infirm. In 1901 the Cigar-makers' International had a membership of 13,000 and about 450 unions. At the adjournment of a convention the general fund of the organization showed a deficit, and this was the case for two successive years. The membership now approximates 70,000, and there are 1,000 unions. There is also in the bank to the credit of the union \$100,000. The labor officials of Massachusetts say that, with the report of the recess committee of the Legislature, all sections of which advocate laws to restrict and define the powers of the courts in injunction cases arising from industrial disputes, some favorable legislation is assured. The parliamentary committee of the Trades Union Congress is sending an important circular to the affiliated trade societies. The circular invites the trade unions to send delegates to London, England, on the 26th of February to discuss wages and means for forming a labor daily newspaper. The Department of Labor at Washington is having printed a report, covering twenty-five states, showing that there were 30,777 strikes and 1,511 lockouts in the United States during 1905 inclusive, a total of 33,308 labor disturbances, involving 190,945 establishments. There were 6,728,048 strikers and 716,231 employes locked out, making a total of 7,444,279 wage earners affected. The Illinois baseball league will go to Rockford officials of the local organization deciding to dispose of the holdings for \$1,000. The Dan Olvire players have been sold to the Green Sox.

### RAILROADS

Railroad managers in Chicago are becoming worried over the rapid decrease in tonnage. It is stated that the average falling off in revenue freight tonnage for the Chicago roads for the month of December was fully 20 per cent as compared with the same month of December, 1906. Heavy losses have been sustained in merchandise, iron, steel, vehicles and furniture. Flour and grain shipments are the only ones which are growing. Whether or not a railroad is liable for damages when it fails to give shipments to destinations in time to save the shipper from a falling market probably will be tested in a suit which the Rock Island Grain Company is threatening to bring against the Frisco road for \$42,000 damages. It is alleged that the Frisco failed to deliver 200,000 bushels of grain in time for it to be taken to Russia in the steamer Norphalpen. According to the records of the Interstate Commerce Commission there were 7,432 derailments on railroads in the United States during the year ending June 30, 1907. These accidents resulted in the death of 515 persons and the injury of 6,505. This was an increase of 1,871 derailments over the previous year, with a proportionate increase in fatalities and injuries. A study of the causes shows that a little more than two-thirds of these accidents were due to defects in equipment, the remainder to defects in roadway. The trouble is attributed largely to the enormous increase in traffic, which in recent years has exceeded the carrying capacity of the roads, necessitating the use of every car and engine capable of running, and leading to the permanent straining of unacceptably strain. "The North Carolina Supreme Court reversed Judge Long of the Superior Court in the \$30,000 fine imposed on the Southern railway for selling tickets above the 2 1/2 cents a mile established by the Legislature. The higher court holds the criminal proceedings void, saying that where a civil penalty is prescribed against a corporation, followed by the creation of a criminal offense against the agents of the corporation, the civil penalty first prescribed relieves the corporation of punishment by inflicting the criminal penalty created against the agent. Lehigh Valley officials have announced that the famous Diamond Express, running from Philadelphia to Buffalo, will be taken off within a few days. Retrenchment is being made on a 10 per cent basis and the withdrawal of this service by inflicting the criminal penalty created against the agent. Lehigh Valley officials have announced that the famous Diamond Express, running from Philadelphia to Buffalo, will be taken off within a few days. Retrenchment is being made on a 10 per cent basis and the withdrawal of this service by inflicting the criminal penalty created against the agent. Lehigh Valley officials have announced that the famous Diamond Express, running from Philadelphia to Buffalo, will be taken off within a few days. Retrenchment is being made on a 10 per cent basis and the withdrawal of this service by inflicting the criminal penalty created against the agent.

### NATIONAL CAPITOL NOTES.

The House of Representatives the other day for a time considered pension business and in less than an hour passed 370 bills. The House committee on military affairs voted to recommend an increase of 27 per cent in the pay of enlisted men in the army and marine corps. An order executing army officers on duty in Washington for two hours to indulge in horseback riding two afternoons a week was promulgated by Acting Secretary Olney. Senator Lodge reported favorably from the committee on immigration a bill regulating the regulations governing assignments of air space and accommodations to steering passengers on ocean vessels, to conform to the regulations framed by the British board of trade, which went into effect Jan. 1 last. On a point of order raised by Mr. Macon of Arkansas the House struck from the executive appropriation bill the provision for an increase of \$1,500 a year in the salaries of assistant secretaries of the several departments. It was held that a separate bill would be necessary to secure this increase.

### WORTH READING.

France has more than 300 daily newspapers. Generally the right ear is larger than the left. Buts are an alarming nuisance in England. For every ton of gold in circulation there are fifteen tons of silver. Germany sends 23,000,000 feathers per year to England for millinery purposes. # A RARE OPPORTUNITY

is here offered to the Sick and Suffering of our community. Read Reflect Act Carefully Thoroughly Accordingly

## Visiting Specialists

from the Cleveland Institute of Medicine and Surgery Legally Chartered and Incorporated Cleveland, Ohio will pay their first visit to Wayne, Nebraska

Boyd Hotel Wed., March 11, '08

Tell your sick friends: ONE DAY ONLY

9 a. m. to 7:30 p. m. FREE

This institute, composed of a group of regularly graduated physicians and surgeons, licensed, legally chartered and incorporated under the laws of the State of Ohio, sends at its own expense these eminent medical specialists in order to introduce the newest methods and discoveries in medicine and surgery such as the system of treatment under X ray, Violet ray, Finzen ray, Hydrotherapy, etc., to give to those who call on the above date, consultation, examination, advice and all medicines required to complete a cure, absolutely free. These specialists will diagnose your case and give you the benefit of their skill and medical knowledge.

There is in this case no experimenting or guess work at your expense. You will be told whether you can be cured or not. If your case is curable they will put you under treatment immediately; if incurable they will give you such advice as may prolong your life. Their treatment always gives quick relief and ultimately positive cures. Being prepared to cope with each individual case the human system is thoroughly cleansed of the disease in a natural and direct manner and improvement is noticed at once, even the worst cases are treated without any inconvenience to the patient or the pursuing of his or her daily vocation.

If you are improving under your family physician, do not come and take up your valuable time as they absolutely refuse to treat any one who is under the care of the local physicians. They wish besides to give each patient plenty of time and their undivided attention but cannot listen to long stories not pertaining to your trouble. They have discarded the old methods and remedies used for ages by the medical world, and which it would be folly to depend upon any longer, for they are not known to cure, as thousands die, depending on them for relief. The following list of diseases only are taken under treatment, to-wit: Diseases of the Nervous System, Heart, Stomach, Lungs, Kidneys, Catarrh, (puerulent or dry), Consumption, Epilepsy, Deafness, Diseases of Women, Tumors, Pseudo Cancers, Piles, of a Chronic Nature only. They treat Deafness by an entirely new method, and hearing in many cases is restored at once. Catarrh in all its varied forms, like other diseases if once taken under treatment, are cured permanently to remain so and to never return. It matters not whom you have seen, or with whom treated, do not fail to call, as a visit will cost you nothing, and may restore you to health, or even save or prolong your life, as thousands of persons will testify by unassailable testimonials in all parts of the country.

If you suspect Kidney Trouble bring a six ounce bottle of your Urine for chemical and microscopical analysis. REMEMBER—The free offer is during this visit only, and will not be repeated. Persons commencing treatment upon their future visits, will be required to pay, but not one cent will be asked from those commencing treatment during this visit for any medicine necessary to effect a cure; irrespective of your position in life, or the number of those who come on above date. Whensoever, or by whom wanted, a positive guarantee to cure will be given under their system of treatment. Those having long standing and complicated diseases who have failed to get well and become discouraged, are particularly invited to call. N.B.—Married ladies, without their HUSBANDS, and minors without their FATHERS, will positively not be admitted to consultation, unless accompanied by one of their local physicians. Hours: 9 A. M. to 7:30 P. M.

DON'T FORGET THE DATE WED., MARCH 11TH ONE DAY ONLY

ECZEMA AND PILE CURE FREE Knowing what it was to suffer, I will give FREE OF CHARGE, to anyone afflicted with Eczema, Salt Rheum, Erysipelas, Piles and Skin Diseases. Send name, address, and a recent photograph. Don't suffer longer. Write to: Dr. J. H. Williams, 1000 Broadway, New York. Enclose stamp.

# Poultry Pan-a-ce-a

## Pays The Grocery Bill

One user of Dr. Hess Poultry Pan-a-ce-a said, "Our hens last year, while feeding Dr. Hess Poultry Pan-a-ce-a paid for the extra feed bought them, having raised no corn to speak of, also bought all of our groceries and nearly all of the other household necessities, and part of the food for the stock." We will guarantee

Dr. Hess Poultry Pan-a-ce-a to pay for itself many times over in increased egg production, besides curing poultry diseases. It is sold on a written guarantee.

1 1-2 lbs. 25c; 5 lbs. 60c Instant Louse Killer Kills Lice. It is a powder put up in round can with perforated top, convenient for sprinkling into the feathers, nests, etc. For sale by

### Winside.

Mrs. Carrie Trenn arrived last Friday from Cheyenne, Wyoming, and will visit friends for a few days when she will return to Wyoming.

C. H. Fish will move to South Omaha in a few weeks to take a position at the stock yards. His announcement will be received with many regrets by Winside people, as Mr. and Mrs. Fish are old settlers in Winside and have a large circle of friends who regret to see them go.

Dan Carter is scanning the want ads of the papers carefully in hopes of being able to buy a second hand circus tent. Dutch intends to play ball this summer and insists on having a suit.

It's peculiar how quickly news gets around. One day last week, E. W. Tucker made the remark that he would marry Winside girl in a jiffy, if it was possible for them to get out of town without being mutilated at the depot. In three days the officials of the Northwestern railroad heard about it and issued an order prohibiting the very thing Mr. Tucker was afraid of.

Hans Rushman leaves this week for Wessington, S. D., to make his future home. His many friends are sorry to see him go away.

Mrs. Shultheis came up from Wayne Monday. Mrs. Dora McCabe came over from Wayne Sunday evening and visited at the home of her sister, Mrs. F. S. Tracy, till Monday morning. Mrs. McCabe now has a position in Ahern's store at Wayne.

Adolph Tieman, a farm hand who has been working west and south of town for a short time, made his appearance at Club Long's about ten o'clock Tuesday night and said that he was burning up inside that the folks at the place where he worked steeped matches in gasoline and made him drink the mixture instead of coffee. Mr. Long phoned to Winside for an officer and then guarded the fellow until Marshal Hills arrived. The officer brought him to town and Sheriff Mears came over from Wayne Wednesday and took him to jail. Tieman is undoubtedly hopelessly insane. He is a man nearly forty years old, and has not been in this section very long.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But strengthen these same weak insular nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak insular nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell.—Ferber's Pharmacy.

Ernest Harrigfeldt returned from Omaha Friday. Mrs. Chris Hanson and son went to Omaha Saturday to have the son's eyes treated.

A farewell surprise was given the Frank Hooper family last week. Ernest Harrigfeldt is baling his hay. He expects to ship part of it to Omaha.

Lee Smith went to Coleridge Saturday. He expects to work for his uncle this summer.

Henry Kloppling returned from Iowa Thursday where he purchased some hogs.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to cure or suppress. Demand Dr. Shoop's. Take no other.—Ferber's Pharmacy.

Unequaled as a Cure for Croup "Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack, and cure successfully in many thousands of homes. For sale by Raymond's Drug Store.

R. F. D. 1 The neighbors of Mr. and Mrs. Geo. Porter planned a nice surprise for their new home. Everyone brought a well filled basket and a bounteous dinner was served, a social time enjoyed by all present and a set of silver knives and forks given Mr. and Mrs. Porter as a token of remembrance.

Mrs. Geo. Hofeldt and baby are visiting at the home of her daughter, Mrs. Fred Krakow, near Wakefield. The stork left a fine baby girl at the home of Mr. and Mrs. Doc. Surber Tuesday Feb 25th. Its nineteen years since the stork visited this home so he was very welcome.

Mrs. Geo. Hofeldt entertained friends Friday eve, Mrs. Ned Lloyd Saturday eve and Mrs. J. L. Kelly Tuesday eve in honor of Mr. and Mrs. Geo. Porter.

Mr. Will Plumb arrived Friday from Omaha, Iowa, and move on the Porter farm. We believe it is customary to speed the departing and welcome the coming guest. We welcome Mr. Plumb.

As required by the terminal tax law the Omaha road has filed with state Board of Assessment the value of the property located on its right of way through Nebraska. The value given as to its property at Wayne is \$76 930.77.

## The Wayne Feed and Exchange Mill

We carry a full line of Minnesota hard wheat flour made by the Mystic Milling Co., Sioux City. Rye Graham and whole wheat and fresh Buckwheat flour. We have and expect to keep on hand a full line of feed stuff of all kinds. We are now prepared to do all kinds of grinding—can grind your corn in ear or shelled. We make Rye, Graham flour. Bring us your rye. We expect to grind on Tuesdays and Fridays. Try a sack of alfalfa fat sugar meal and alfalfa meal for poultry. It is as good as oil meal for stock and cheaper. Our motto is, "live and let live." Phone 289

## Fisher & Sellers

Upholstering A. C. Olsen of Randolph will at once open an upholstering establishment in Wayne and do all work in his line, such as upholstering lounges, sofas, easy chairs, etc. All work guaranteed and prices reasonable. Bring your work to Fleetwood & Johnson's, Wayne.—A. C. Olsen.

A man in Hoskins, Neb., has in his possession a sheet of printed paper which in its original state was about six or eight inches square folded down to one inch square and perforated and is in such a fine state of preservation that letters can be discerned upon its face by the aid of the magnifying glass. It was found in the Rockies in Wyoming over fifty years ago.—Allen News.

\$100.00 paid by Dr. Shoop for any recent case of Grippe or acute Cold that 25 cent box of Preventives will not break. How is this for an offer? The Doctor's supreme confidence in these little Candy Cough Cure Tablets—Preventives—is certainly complete. It's a \$100. against 25 cents—pretty big odds. And Preventives, remember, contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventives 25c.—Ferber's Pharmacy.

A move is on foot to straighten out the Logan near Wakefield and Uncle Sam has been interested in it to the extent of a promise from Secretary Wilson to send out an engineer in May to look over the valley and see what can be done. It would be one of the biggest things that could happen in the Logan Valley to have that stream straightened out as there are thousands of acres that overflow every year and make some of the richest land in this country unavailable for anything but hay and frequently that even is spoiled by overflow water from the river.

## The Triumph of a New Idea.

It has been a subject of comment that the usual features of the Sunday newspapers showed too little variety. A recent departure in Sunday journalism has met with popular recognition and approval. The great illustrated weeklies and monthlies no longer have a monopoly on the periodical field. Conan Doyle received \$25,000 for serial rights of his last story, the highest price ever paid for similar rights. Anthony Hope, Jack London, Sewell Ford, and many other popular novelists contribute to the publication which set the pace by selling this record price. Celebrated men and women write constantly for it on all subjects of timely interest. Clever verse, wit, humor and interesting miscellany complete a most interesting table of contents. It is most profusely illustrated by the leading artists. In fact, the Sunday Magazine of THE RECORD HERALD contains the highest standard of periodical literature throughout. It gets the best at whatever cost.

## Lame Shoulder

Whether resulting from a sprain or from rheumatic pains, there is nothing so good for a lame shoulder as Chamberlain's Pain Balm. Apply it freely and rub the parts vigorously at each application and a quick cure is certain. For sale by Raymond's drug store.

A little girl attending country school in an adjoining county was asked to write a sentence containing the words "bitterend," and after some effort produced the following: "Our neighbor's dog chased my kitty, and as she ran under the porch he bit her end."
