### The Teachers' Convention

The meeting of the North Nebraska Teachers' Association at Norfolk last week was the largest attended meeting the association has ever held and most prominent in its deliberations was the educational forces from the Wayne Normal College. On Thursday evening a banquet was given for the graduates of the Wayne Normal College about which the News says:

Two hundred Wayne "normalites" banqueted Thursday evening at the Pacific hotel. The banquet was an auspicious reunion of the alumni of the Wayne school, a mingling of students, graduates, faculty members and friends of the Nebraska Normal college. But it was also more than this; the whole banquet was one splendid tribute to President J. M. Pile who largely through his own efforts has built up that typical north Nebraska college at Wayne.

At midnight, when the tables were cleared, John Sauntry, a Wayne college instructor and president of the Alumni association, called the normalites to order. He introduced Robert I. Elliott of University Place, a graduate of Wayne college and at present a law student in the state university, as toastmaster.

The close ties existing between Wayne college and its students, past and present, the tireless labor of the man who made the college, the ideals and inspiration of the school on the Wayne hill, the important place that the college holds in the Nebraska educational field today; these were patent facts suggested to almost every speaker who looked over the splendid gathering at the banquet table.

Frank Perdue, county superintendent of Madison county, was the first man to be introduced. He spoke on "The Normal Teacher."

"The Reason Why" gave Miss Jennie Vennerberg, a graduate of Wayne and principal at Carroll, an opportunity for a bit of philosophical discourse that was heartily applauded.

"Smiles" was declared by Frank Pilger, head of the Pierce county schools, to be hardly a fair toast to give the busy treasurer of a big association.

Miss Ardella Von Conett, instructor of normal training at Central City, spoke on "The New Boys and Girls."

"Sunshine" was of course the toast assigned to A. V. Teed of Ponca, president of the north Nebraska association.

"Home" was the inspiration of an eloquent little talk by Miss Bessie Eaton of Stuart. She told how Wayne college had become the figurative home of hundreds of former students.

Harvey Mason, the Meadow Grove banker, the first student upon whom Wayne college conferred a degree, spoke on "The Old Boys and Girls."

President Pile was given a friendly ovation when his turn came to speak. "I am proud of this gathering and I am proud of the men and women here who are representatives of the college and alumni," he said in closing. "It is in these later years, and on occasions such as these that give pleasure from the results of the hard labor of former years. I am proud of every young man and woman who is doing honest and faithful work. It is given to most of you to make men and women out of boys and girls. You know that you are always welcome to the hill at Wayne."

The hall in which the banquet was held was prettily decorated, Wayne college being a prominent feature. Music was furnished during the evening by the college orchestra.

### Sholes Items

Mr. and Mrs. Joe Mink, John Hadley, Mrs. McDonald and daughter Alice, Guy Root and Miss Cross were Wayne visitors Saturday.

Principal Ben Robinson delivered an address of Consolidated Country Schools before the Association at Norfolk Friday, his place in the Sholes schools being filled by Ray Moats.

Lizzie Olds and friend came up to visit her brother Robert on Saturday.

The High school boys of Sholes played ball with the college nine at Wayne Saturday, defeating the college boys by a score of 3 to 1.

Miss Burson went to Wayne Friday afternoon. Miss Moats substituted in the intermediate room during her absence.

Miss Pawelski visited her parents at Wayne Saturday. She and Miss Burson returning to their duties in Sholes on the morning freight Monday.

John Kenny is the proud possessor of a brand new piano.

A. G. Carlson's new house is rapidly nearing completion.

Eva Englert enrolled in the seventh grade Monday.

Jas. Luckey and family have permanently located in the vicinity of Sholes, his children entered school Monday.

Warren Closson made his regular visit to Magnet Saturday.

M. S. Moats returned home April 1st.

The Ladies' Aid met with Mrs. C. Beaton Wednesday.

Miss Hazel Luckey and friend went to Wayne Friday afternoon.

Whooping cough and measles are prevalent among the children of Sholes and vicinity.

A large number of friends and neighbors very neatly surprised our landlady, Mrs. Kuhleman and family Friday evening. The time was spent in playing various games. The jolly crowd was treated to splendid lunch about 12 o'clock. No one went home until the wee small hours and all report a glorious time.

### North Bend Items

Chas. Nairn was a Wayne visitor Saturday.

The Barbee's family were released from quarantine last week.

Mrs. Joe Garwood has been at Carroll the past two weeks helping to care for the infant child of Mr. and Mrs. Harvey Garwood who has been quite sick.

Mr. Griffith Garwood transacted business at the county seat last Saturday.

Mr. and Mrs. McDonald of Sholes visited at the Jas. Finn home last week.

Many of the country schools had a week or two days vacation last week while the teachers attended the N. E. Neb. Teacher's Association held at Norfolk. Among the teachers who attended from this neck of the woods were the Misses Phipps, Buck and Bicknell and Mr. Baker.

### Winside

From Winside Tribune.

E. G. Sundahl's new barn was completed last week and Saturday night Everett had a dance, inviting in all his friends.

It is common report around town that Winside's famous hog ordinance has been knocked out by the courts, but as yet no decision has been made.

Rev. Karpenstein will preach in the new Lutheran church in Winside next Sunday morning.

Winside's little park was injured to some extent last season by high water during a heavy rain, and so it is being carefully taken care of this spring and will probably come out as beautiful as ever.

Something got wrong with the lock on the front door of the bank Monday night and all the experts in town were called on to open it. Finally the lock had to be broken in order to get the door open.

Herman Deck, a farmer living two miles west and four miles south of Winside, was found on the road about a mile west of town by Will Gabler Tuesday evening, where he had been thrown from his wagon as he was going home with a load of posts. It seems that one of the posts was about to fall from the wagon and when Mr. Deck reached for it the horses started to run and threw him off the wagon, which ran over him. Gabler brought him to town where his injuries were examined and he was found to be very badly hurt. Dr. Cherry accompanied him to a hospital in Sioux City yesterday afternoon.

### NOT FAR AWAY

Items of Interest From Nearby Localities Boiled Down For Busy Readers

"Wisdom," muses an exchange, "is the art of keeping your mouth shut unless you know exactly what to say."

"Clothes should match the hair," says a fashion writer. If that's a fact a bald headed man could get off easy.

A college professor, in company with his son, was enjoying a walk in the country, when he met an old farmer. It had been a very wet season, and the professor thinking to start the conversation in a way that would prove interesting to the farmer, remarked:

"There has been a rather abnormal precipitation of late."

The farmer seemed somewhat embarrassed, and the professor's son, who used a different vernacular, though he was a student in the college to which his father was attached, attempted to straighten out the matter. Drawing the farmer to one side, he said in a superior way:

"The governor means that we've been having a h - of a lot of rain."

-Harpers Weekly.

Mark Murry of the Pender Times is being favorably mentioned for the Democratic nomination for Secretary of State. Mark is an old democratic war horse and we'll bet he knows how to corral the Indian vote over in the reservation.

An exchange says a pretty teacher of primary English required each of her pupils to write a sentence containing the word, "dogma." Tommy approached the blackboard very studiously, and after much twisting and shuffling wrote the following: "A dog ma had five pups."

"Elephants and girls both attain their full growth at 18," says an exchange, "yet they are greatly different. An elephant is content to travel with only one trunk."

This old story has been revived by the Kansas newspaper: "Bill Jones, a country storekeeper in the short grass district, went to Kansas City last week to buy a stock of goods. The goods were shipped immediately and reached home before he did. When the boxes were delivered at his store by the drayman, his wife happened to look at the largest; she uttered a loud cry and called for a hammer. A neighbor, hearing the screams, rushed to her assistance, asking the cause of the trouble. The wife, pale and faint, pointed to an inscription on the box which read as follows: 'Bill inside.'"

### Hoskins

Mrs. Roerhe and child of Meadow Grove are visiting her parents this week. Mr. Roerhe has sold his interest in the bank at Meadow Grove and they will remove to Hoskins within a month.

Mr. and Mrs. F. Zilmer left for South Dakota Monday.

Mrs. John Weatherholt entertained a large party of young folks Tuesday evening for her son, Ed Lucky, and brother, Art Fuess, who left for Dakota the following morning.

Mr. and Mrs. Arthur Weatherholt will soon occupy the recent Zilmer property.

The infant daughter of Fred Strate has been suffering with lung trouble.

School was dismissed for Thursday and Friday to give the local teachers an opportunity to attend the association.

Miss Bonnie Madison is visiting her uncle, Mr. S. Deal, this week.

R. G. Ligna has been somewhat indisposed this week.

## Confirmation Sunday Will Soon Be Here

If your boy is to be confirmed this year he will of course need a new suit. We have anticipated your wants in this line, and in our "boys' dept" you will find the largest assortment of suits suitable for confirmation to be found in this part of the state, all in the latest styles and best fabrics from which to make a selection, Casimers and Thibets, worsted and serges in the new and nobby patterns, also plain blacks and blues.

These suits are carefully made, and elegantly finished and are far better than the ordinary run of boys' clothing found in the majority of stores. They were ordered by us especially for the approaching confirmation, and while they are superior suits in every respect, the prices are the lowest in Wayne.

For a New School House. Judge Hunter is today circulating a petition for a special election to vote on a proposition for the purpose of issuing bonds for a \$4600.00 school house. The petition is being willingly signed as the people of Wayne realize the necessity for a new public school building.

Congressman Boyd is active in his work for appropriations for public buildings in this district. His efforts to get \$7,500 for a public building site for Wayne will in all probabilities be successful at this term of Congress.

A. V. Teed of Ponca, county superintendent of Dixon county, has been prominently suggested in the north state country as a candidate for state superintendent. He has not, however, actively entered the fight, though Dixon county in the republican county convention endorsed him for the state office. Teed is one of the jolliest fellows imaginable and has an unusually wide acquaintance among north Nebraska people. - Norfolk News.

It is claimed that William Kay, county Treasurer of Dixon county, is not an American citizen. This startling discovery was made by an inspector, who came to Wakefield to investigate some defects in the naturalization papers of a party who had had Kay sign as a witness. The inspector found that Kay was five years old when he came to America and that his father had never taken out papers. Kay was a county supervisor four years before he was elected county treasurer last fall. A most tangled legal proposition now confronts the county.

The coroner's jury at Wakefield brought in a verdict that no one was to blame for the accident in which the two Blick brothers were run over by a train and one killed and the other seriously injured. It was proven that the engineer blew the whistle, rung the bell and made every possible effort to prevent the accident. It appears that the brothers recklessly attempted to get over the crossing ahead of the train.

The Spring Elections. The local town elections in Nebraska have been of unusual interest this year by reason of the active growing temperance sentiment and the results while perhaps not as sweeping as pre-election predictions would indicate, the returns throughout the different states show quite an addition to the "dry" territory. Locally the vote stands about as it was a year ago. In the surrounding towns there was some variation. Carroll voted for a sagoon as also did Winslow. Wakefield is satisfied without saloons to the extent of 10 majority. Randolph remains in the "dry" column despite the predictions otherwise. Bloomfield came in out of the wet as also did Wausa, Oakland, Blair and Tekamah in this vicinity. Emerson went wet by a small margin and Allen by two votes. Hartington went wet by quite a large vote it being the first time the issue had ever been raised there. At the State Capitol the temperance people camp withingness that two hundred of carrying the city and in Illinois and Colorado many counties held before license were carried by the anti-license ticket.

## THE CITY ELECTION

Citizen's Ticket Wins All Candidates Elected

## ANTI LICENSE ORDINANCE FAILS

License Favored by Majority of 60. Ley Re-elected Mayor by 85 out of a Total Vote of 415

In the city election held Tuesday, Henry Ley was re-elected mayor by 85 majority and the referendum vote on license or no license was in favor of license by a majority of 60. A drizzling rain fell nearly all day long, but it did not dampen the ardor of the workers on both sides and the result was an astonishing vote cast for a city election. All three of the candidates of the license party were elected, which now makes the city council a unit on this question. There was considerable activity all over the election of two members of the school board and late in the afternoon quite a number of ladies took advantage of their right to vote for members of the school board.

For police judge Britton was elected by a majority of 78. For treasurer there was no opposing candidate to H. S. Ringland and the same is true of Martin Ringer for city clerk. For members of the school board, P. H. Kohl and Wm. Orr were elected.

The vote by wards was as follows: FIRST WARD Mayor: Ley 86, Jones 21, police judge: Britton 87, Alter 19; councilman: Stringer 87, Moran 19; License 81, Against License 21; School Board: Kohl 55, Orr 39, Leisnering 25, Duerig 15.

SECOND WARD Mayor: Ley 82, Jones 67; police judge: Britton 78, Alter 63; councilman: Strahan 85, Bush 67; For License 76, Against License 68; School Board: Kohl 75, Orr 70, Duerig 70; Leisnering 70.

THIRD WARD Mayor: Ley 82, Jones 77; police judge: Britton 96, Alter 63; councilman: Jones 79, Marsteller 77; For License 75, Against License 83; School Board: Kohl 99, Orr 88, Duerig 80, Leisnering 83.

## Elegance and Economy in Men's Easter Attire

Never since this store opened have we shown so swell a line of men's Spring Suits and mens Easter furnishings as that which now greets the Easter buyer. This is no advertising catch or thoughtless assertion, but an honest fact. We know we have the goods and are better prepared to properly clothe you than any other store in Wayne, you'll know it too as soon as you set eyes on the nobby suits we are showing, and learn the prices of the same. Our Kuppenheimer hand tailored suits are the equal of any merchant tailor, both in material and workmanship, but the price is about 35 per cent lower.

DON'T ACCEPT OUR STATEMENT. USE YOUR OWN EYES. RELY ON YOUR OWN JUDGEMENT.

We are making a special display of fine Easter neckwear and fancy dress shirts, there is nothing of merit, in the way of new shapes, colorings and patterns which we cannot show you.

In the new Easter neckwear we have the small checks, plaids, cross stripes and graduates, in four-in-hands, ticks, bows, and clubs in all the different widths.

We have shirts in the new colorings and patterns in coat style and regular cut, with cuff attached or separate cuffs, pleated bosoms or plain, in \$1.00 and \$1.50 grades.

# De Laval CREAM SEPARATORS Always in the LeAD

From the invention by DE LAVAL of the first practical cream separator in 1878 the DE LAVAL machines have been always in the lead.

The first "hollow" bowl cream separator; the first factory cream separator; all of the several first styles of hand separators; the first steam turbine separator; the first disc bowl separator, and the first "split wing" or distributing tubular shaft separator were each and all De Laval inventions, each marking periods of advancing evolution in the usefulness of the cream separator.

So too were the first "tubular" shaped bowl separator; the first bottom feed separator; the first vertical "blade" bowl separator; the first interior cone construction bowl separator, and numberless other types of construction each and all De Laval inventions, though found so impractical or comparatively inferior from one reason or other that they were never put into commercial use in the De Laval machines.

Every would-be competing cream separator on the market today merely utilizes some patent expired or abandoned De Laval construction, and if any one of them should make a pretense of denying it the patent evidence may be produced showing the falsity or evasion of such denial.

The new 1908 De Laval cream separators mark another great evolution in cream separator construction, being new and remodelled in practically every detail, and place a still wider margin of superiority between the De Laval and even the best of imitating separators.

The De Laval main factories in the United States and Sweden are the largest and finest of their kind and have ranked for ten years among the model shops of the world, their equipment is the best that mechanical science and money can make it; the 20 smaller De Laval factories, assembling, and repair shops in as many different countries are relatively as superior; the De Laval inventors and experimental engineers are the best of the men who have shown practical separator genius in every country, and a large staff of them is kept constantly at the betterment of the De Laval machines, while the shop employes generally are the most competent and best paid men in their classes.

The great object ever kept before every member of the De Laval productive organization is the making of the best cream separator possible and ever making of it better year than last year.

These are the reasons why the De Laval machines began in the lead and have kept it from 1878 to 1908, excelling all attempted imitation and competition in every greater degree today than at any past time.

The new 1908 De Laval catalogue, affording an education in separator knowledge, is to be had for the asking.

In turning down the proposition of Weber Bros., to furnish the power to the city at 5¢ a kilowatt from their switch board, it meant a raise of 50 per cent for the consumers of electricity and a little fortune to Weber Bros. It would also cost the city from \$200,000 to \$250,000 to change our present plant from steam power to electrical power and in case of a fire that would come in contact with any of the wires, we would be without power and have no fire protection.

In regard to improvements in extending the water main I would refer to Harry Fisher who is acquainted with the facts. The boys belonging to the fire department are exempt from paying poll tax and also all over 50 years of age. The balance, whom the street commissioner was unable to collect have been handed to the County Clerk and are charged against them according to law. All insurance companies doing business in Wayne paid their tax. Would refer to A. T. Witter, past city clerk. We made the extra levy to pay off some of the bonded indebtedness of the city. As the water bonds will be due in a few years and it is desired to be able to pay them off without a bond issue.

In regard to water bond of \$200,000 being taken up this year. It was taken up in regular course according to law and handled as fast as circumstances would permit.

Instead of \$5000 being collected by direct tax, as stated in the issue, was received from this source from May 1, 1907, \$2700.78.

However, if there be any one sincerely interested in getting a correct statement of the city's business for the past and present year, let him examine the city's records for it and be convinced that the present administration has brought no discredit to itself nor the city.

Respectfully,  
 Henry Ley, Mayor.

#### Wedding Balls

At a quarter to eight o'clock on Thursday evening, April 2, 1908, occurred the marriage of Miss May Lyle Cunningham and Mr. Claude Earnest Hudson. The union was solemnized at the beautiful home of the bride's parents, Mr. and Mrs. E. Cunningham, in the presence of a few of the intimate friends of the family. A simple ring ceremony was used and Rev. C. S. Osborne of the Presbyterian church performed the rite. The bride, attired in a pretty gown of white French organdie, and carrying garnations received the wedding party in the front parlor of the home. Following this, the contracting parties informally took their place at the altar and marriage vows were exchanged. Mr. Donald Cunningham, a brother of the bride, and Mr. James McShane, of Joliet, Mont., attended the couple. The spacious rooms of the home were neatly decorated, pink carnations and smilax being in evidence at every turn. Immediately following the ceremony the reception was held and more than two hundred guests came to offer their congratulations and well wishes to the wedded pair. The young ladies of the Shakespere Club of which the bride is a member, waited on the guests with light refreshments. Miss Wallace presided at the punch bowl at the door of an upstairs room, where the guests gathered in turn to view the beautiful array of presents. The gifts were many and costly in a rich variety of linens, cut glass, silverware and hand painted china.

Congressman Boyd is active in his work for appropriations for public buildings in this district. His efforts to get \$7,500 for a public building site for Wayne will in all probability be successful at this term of Congress.

A. V. Teed of Ponga, county superintendent of Dixon county, has been prominently suggested in the north state country as a candidate for state superintendent. He has, however, actively entered the fight, though Dixon county in the republican county convention endorsed him for the state office. Teed is one of the jalliest fellows imaginable and has an unusually wide acquaintance among north Nebraska people. Norfolk News.

It is claimed that William Kay, county Treasurer of Dixon county, is not an American citizen. This startling discovery was made by an inspector, who came to Wakefield to investigate some defects in the naturalization papers of a party who had had Kay sign as a witness. The inspector found that Kay was five years old when he came to America and that his father had never taken

## Elegance and Economy in Men's Easter Attire

Never since this store opened have we shown so swell a line of mens' Spring Suits and mens Easter furnishings as that which now greets the Easter buyer. This is no advertising catch or, thoughtless assertion, but an honest fact. We know we have the goods and are better prepared to properly clothe you than any other store in Wayne, you'll know it too as soon as you set eyes on the nobby suits we are showing, and learn the prices of the same. Our Kuppenheimer hand tailored suits are the equal of any merchant tailor, both in material and workmanship, but the price is about 35 per cent lower.

DON'T ACCEPT OUR STATEMENT. USE YOUR OWN EYES. RELY ON YOUR OWN JUDGEMENT.

We are making a special display of fine Easter neckwear and fancy dress shirts, there is nothing of merit, in the way of new shapes, colorings and patterns

we have the small graduates, in four-inch different widths, colorings and patterns cuff attached or separate in \$1.00 and \$1.50

DEEP WATERWAY TO THE GULF

The Mississippi River Commission Favors Project.

A deep waterway between Chicago and the Gulf seems to be one of the possibilities of the near future.

The Mississippi River Commission, in a report now in the hands of the Secretary of War...

The real significance of this recommendation on the Mississippi River Commission lies in the fact that three members of the commission are also members of the Board of Survey...

With a Board of Survey outlining the plan for the entire distance, appropriations will be sought for the immediate starting of the work.

## ENGINEER H. S. SANDERSON CONGRATULATES KING SOLOMON

Denver, Colo., Mar. 20, 1908.  
Mr. F. C. Dinsmore, Pres.  
King Solomon, T. and D. Co., Denver, Colo.

Dear Sir:  
I am not only surprised but intensely gratified at the results of the assays handed to me this day on the ore opened up in the winze of Vein No. 2.

While it has been apparent for over a year that an ore chute existed at this point in the mine and I had always expected that development would disclose ore running from \$50.00 to \$60.00 per ton, I had not however looked for any large bodies of High Grade so close to the surface.  
Of the three assays handed me the highest values are in Gold, Silver and Copper, at present prices of Copper, \$317.63, while the lowest samples assayed on the same items \$195.08, and the third sample taken over the entire streak ran \$265.82.  
If the streak is as reported, viz: -12 inches wide and opened up throughout the entire length of the winze and assays as above on an average test the company is indeed to be congratulated.  
The extent of this ore chute should be ascertained by sinking the winze and drifting either way to the boundaries and then stopping on the chute after the mill holes have been driven at either boundary from the lower drift.  
It is obvious that the possibilities offered by prospecting the various veins as they are cut by the tunnel are indeed great and I would urge that every effort be used to develop sufficient territory so that when a milling process is finally decided upon that the ore chutes already opened up will be sufficiently large to permit of continuous milling and shipping.  
With best wishes for success, I am,  
Very truly yours,  
H. S. Sanderson.

## A Good Father

Starts his boy on the right road  
That languid, lifeless feeling that comes with spring and early summer can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish circulation in general. The customary lack of exercise and out door air ties up the liver, stagnates the kidneys, and oftentimes weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You'll easily and surely note the change from day to day. Sold by Peber's Pharmacy.

## "Health Coffee" is really the closest Coffee Imitation ever yet produced.

This clever Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert - who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Ralph Rundell.

## Weak women get prompt and lasting help by using Dr. Shoop's Night Cure.

These soothing, healing, antiseptic suppositories, with full information how to proceed are interestingly told in my book "No. 4 For Women." The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by Peber's Pharmacy.

## Chamberlains has the Preference.

Mr. Fred Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purpose that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale at Raymond Drug Store.

## Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets.

Pain always means congestion - unnatural blood pressure. Dr. Shoop's Pink Pain Tablets coax congested blood away from rain centers. These Tablets, known by druggists as Dr. Shoop's Headache Tablets - simply equalize the blood circulation and then pain always departs in 20 minutes. 20 tablets 25c. Write Dr. Shoop, Racine, Wis., for free package. Sold by Peber's Pharmacy.

## "One touch of Nature makes the whole world kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is observed when a man discovers something exceptionally good - he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that other similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale at Raymond's Drug Store.
