

CHELSEA SQUARE.

IN FIRE-SWEEP CHELSEA.

Relief Measures on a Great Scale Are Being Successfully Carried Out. System and order have succeeded chaos in fire-swept Chelsea, Mass. Relief committees have now an almost perfect organization. Nearly 30,000 persons are homeless and destitute and providing shelter and food for these is a difficult problem.

Plans are going rapidly forward toward rebuilding the burned district. Fortunately the securities of all the banks which were burned, were found to be safe in the vaults and Chelsea bankers say they stand ready to pay dollar for dollar to depositors.

Edison's concrete houses. An advertisement of the much-discussed concrete houses, as the pour-and-cure houses, to be completed in a day at eight cents per cubic foot, has now been sent to two experts, whose reports appear in the March number of the Journal.

Another interesting sickness case. At Glen Cove, N. Y., the fourth recorded American case of the disease known as sleeping sickness, from which 200,000 people have died in Central Africa, has resulted fatally.

Tennessee's Ohio Bill. The Supreme Court of Tennessee has decided that the Standard Oil Company may engage only in interstate commerce in that State, affirming the decision of Chancellor Stout at Gallatin based upon a field to be in restraint of trade.

Prof. Koch on a World Tour. Dr. Robert Koch, the famous German scientist, who has discovered the germ of the sleeping sickness and a curative serum for checking of its ravages in Africa, is now in America on a journey around the world, accompanied by his wife.

Chicago. R. G. Dun & Co's weekly review of trade in the Chicago district says: Easter trade in personal needs rose to satisfactory proportions and retail sales generally made a seasonable recovery.

POLITICS and POLITICIANS

The convention of South Dakota Republicans voted to instruct its delegates to support Taft in the national convention.

In St. Paul the Bryan Democrats claim that Johnson men have tried to exclude them from the caucus and they will hold separate caucuses of their own.

The New York Frank Duffy, an election district captain who was convicted for having assisted three men to register falsely at the last election in the Seventeenth Assembly District, was sentenced to not less than two years and three months in prison.

The Democratic convention at Manila defeated by one vote a resolution condemning the Taft administration of the islands and then endorsed Bryan for the presidency.

After two days of hard fighting the New York Democratic convention refused to endorse W. J. Bryan, but drove Sen. John Francis McGarvey and his friends from their seats and elected an unopposed delegation.

Organs of the Socialist party throughout the country are reprinting the recent editorial from the Washington Post approving the statement made by John S. Wise of Virginia that American politics is now chaotic, and that nobody knows what a Democrat or a Republican is.

Gov. Johnson gave his presidential boom some personal attention on his way to and from the dedication of the Milwaukee monument on a special train.

Gov. O. D. Elliott, an ex-Methodist preacher and editor of the Iowa Prohibitionist, will be a candidate for the Prohibition nomination of Governor of Iowa at the primaries to be held on June 2.

NIGHT RIDERS FACE JUSTICE.

Scores of Kentucky Outlaws in Jail Awaiting Trial. The night riders of Kentucky have passed the seed time; now they are reaping the harvest. Scores of them are now face to face with the machinery of the law.

Singularly enough, the worst of the night riding took place in that part of Kentucky where there was the least protection for it—the southwestern counties.

Caloway County was one of the worst affected. Outrages were numerous and marred speedily were mounted the throne and governed with her chess-creating scepter.

Like him. Gradually he accumulated evidence; gradually he secured confessions. Then came indictments and arrests and a revelation of the whole scheme of outlawry.

Perhaps the most startling of the confessions and affidavits in possession details how the whole city of Murray, a town of about 2,000 persons, was marked for destruction on the night of March 23.

On the night before the contemplated raid, however, the Caloway County gang held a meeting and decided that it would be better to defer their assault for a few nights or weeks.

St. Louis—Cattle, \$4.50 to \$7.00; hogs, \$4.00 to \$7.00; sheep, \$3.00 to \$5.00; wheat, No. 2, 92c to 94c; corn, No. 2, 58c to 60c; oats, No. 2, 48c to 50c.

Chicago. Business failures in the United States for the week ending April 10 number 291, against 278 the week before. The week of 1907, 167 in 1905, 183 in 1906 and 199 in 1904.

COMMERCIAL FINANCIAL

CHICAGO. R. G. Dun & Co's weekly review of trade in the Chicago district says:

Easter trade in personal needs rose to satisfactory proportions and retail sales generally made a seasonable recovery.

Late buyers have found the reduction of stocks better than was expected and mainly now find it difficult to obtain all the goods required.

Following by the wholesale houses continues exceptionally large in dry goods food products, housewares and hardware.

Merchandise collections in the West and Southwest make a good showing, bank deposits steadily grow and further ease appears in the discount rate for accommodation.

Operations in the prominent manufacturing sections present no material change as to production. More interest is noted in real estate and construction.

Estimates reported in the Chicago district number 21 against 20 last week and 17 a year ago.

NEW YORK. Easter trade at retail, though affected in sections by unfavorable weather, is on the whole fair.

The number of file banks is as large as for some time past, wage reductions curtail buying power and the number of failures continues far ahead of a year ago.

Business failures in the United States for the week ending April 10 number 291, against 278 the week before.

Chicago—Cattle, choice shipping steers, \$4.00 to \$7.15; hogs, prime heavy, \$4.00 to \$5.80; sheep, fair to choice, \$3.00 to \$5.25.

St. Louis—Cattle, \$4.50 to \$7.00; hogs, \$4.00 to \$7.00; sheep, \$3.00 to \$5.00; wheat, No. 2, 92c to 94c.

Detroit—Cattle, \$4.00 to \$6.00; hogs, \$4.00 to \$5.80; sheep, \$2.50 to \$5.50; wheat, No. 2, 90c to 92c.

Milwaukee—Wheat, No. 2 northern, \$1.05 to \$1.08; corn, No. 3, 65c to 66c; oats, standard, 52c to 53c.

Buffalo—Cattle, choice shipping steers, \$4.00 to \$7.00; hogs, prime to choice, \$4.00 to \$5.80.

New York—Cattle, \$4.00 to \$7.10; hogs, \$3.50 to \$6.40; sheep, \$3.00 to \$5.00; wheat, No. 2, 91c to \$1.03.

Toledo—Wheat, No. 2 mixed, 86c to 88c; corn, No. 2 mixed, 53c to 54c; oats, No. 2, 48c to 50c.

Cincinnati—Cattle, \$4.00 to \$6.50; hogs, \$4.00 to \$6.00; sheep, \$3.00 to \$5.00; wheat, No. 2, 92c to 94c.

THE WEEKLY HISTORIAN

1593—Henry IV. of France promulgated the Edict of Nantes.

1638—English settlers arrived at New Haven, Conn.

1740—The English under the Duke of Cumberland defeated the Scottish rebels led by the young Pretender at the battle of Culloden, near Inverness.

1740—British warship Hembroke wrecked near Porto Novo, with loss of 200 of her crew.

1755—Dr. Samuel Johnson's "Dictionary of the English Language" published.

1793—First newspaper in what is now the Province of Ontario issued at Newark (Niagara).

1803—The Bank of France established.

1815—Commodore Decatur of the United States navy captured two Algerian vessels and 600 prisoners.

1820—British Parliament passed the Roman Catholic relief bill.

1835—Emperor and Empress of the French arrived in England to visit Queen Victoria.

1838—Dr. Simon Bernard acquitted of conspiracy against the life of Louis Napoleon.

1861—Confederates seized Harpers Ferry.

1862—Mexico declared war against the United States.

1865—Battle of Columbus, last conflict of the Civil War, fought east of the Mississippi river. Union ships replaced on Fort Sumter.

1868—British troops under Sir Robert Napier took Magdala, a strongly fortified place in Abyssinia.

1874—Body of Livingstone, the explorer, interred in Westminster Abbey.

OPENING OF THE BASEBALL SEASON.

## COMING TO WAYNE

World Famous Medical Specialist  
 to Visit Here Three Days,  
 May 25, 26 and 27.

Word has just been received here that Dr. F. Earl Gordon, who is consulting physician to the Hot Springs doctors, who have their Nebraska State Institute permanently located at 14th and O streets, Lincoln, has decided to pay a three days visit to Wayne and while here will stop at the Boyd hotel where he will receive patients. Dr. Gordon will make examinations and give consultation free of charge and all curable cases will be treated free of charge except for the bare cost of the medicine used.

This wonderful Hot Springs system of all home treatment which Dr. Gordon is bringing to Wayne has a national reputation as is attested by the fact that the United States government owns Hot Springs, Ark., and has established its army and navy hospitals there where soldiers and sailors are sent after all other methods have failed to cure. The United States government highly endorses the Hot Springs system of treatment and the Hot Springs Doctors hold a government license to treat all chronic diseases of the nerves, blood, heart, lungs, bowels, kidneys, liver, skin including rheumatism, neuralgia, paralysis, catarrh, gall stones, piles, goitre and diseases of women and diseases of men.

The daily papers throughout the country are continually publishing reports of the wonderful cures that have been made by these wonderful Hot Springs doctors. The Hot Springs system is all home treatment so that frequent visits to the office are not necessary and it may be used in any home anywhere, without inconvenience, publicity or annoyance and without detaining the patient from his or her usual occupation.

The Nebraska State Journal in a recent issue published the following remarkable article:

"Rufus E. Geiger of 210 South 10th street, Lincoln, tells an interesting story of how he was cured of epileptic fits by the Hot Springs Doctors and is now able to go back to work at his trade as a machinist without fear of falling among the heavy machinery and being killed, while having a fit, because he has no more fits."

Mr. Geiger also tells another story of how his letter, which was published in this paper, telling of his cure has brought him a host of visitors. In a letter to the Hot Springs Doctors he says: "Gentlemen: Since that letter I wrote you telling you how the Hot Springs treatment cured me of epileptic fits, after I had been treated and experimented on by fourteen doctors for six years without receiving any benefit whatever, I have had hundreds of inquiries from people who wanted to know whether it was a fake advertising scheme. Some evenings when I return home from work I have five or six callers to ask about my cure. It seems funny that so many people would think the letter a fake and come to ask about it, but I guess it is because of the experience they have had with other doctors like I had with those fourteen that treated me and took my money, but did me no good. I think some of the people are sent by other doctors the doctors who could not cure me themselves and it is hard for them to believe that any one else could cure me. But here I am sound and well; Hot Springs treatment cured me after fourteen doctors failed. No more fits for me—let the skeptics keep on coming, I am here as a living testimonial and glad to help any sick person to a cure by sending them to you."—R. E. Geiger.

While calling at the office of the Hot Springs Doctors at 14th and O streets, the reporter asked Dr. Ben W. Kinsey, who is chief of staff of the Hot Springs Doctors, if it was the custom of the doctors to publish a testimonial from each patient. "There would not be enough room in your paper to do that, so we publish only a few of the thousands that come to us from patients who express a desire or willingness to have them published for the benefit of others," said Dr. Kinsey.

The waiting rooms of the Hot Springs Doctors are now filled every day with patients who have come from all over the state and adjoining states to consult with these noted specialists and diagnosticians.

This wonderful Hot Springs treatment is what Dr. Gordon is bringing to Wayne. He will be here but three days, May 25, 26 and 27 and while here will receive patients at the Boyd hotel. Examination and consultation is free to all who call and curable cases will be treated free except for the cost of the medicine used. If your case is found to be incurable, you will be frankly told so and you will not be accepted for treatment at any price or under

## NOT AS BAD AS EXPECTED

Although the mercury dropped lower than the freezing point several times in the past four or five days of cold weather, the fruit crop it is now believed has not been as badly injured as at first thought. The continued strong wind from the northwest kept the tree branches in motion and helped much towards saving the buds from freezing. Cherries and plums which are in full bloom and it is estimated that about one third of the blossoms will be lost, but if it is no worse than this there will be a good average yield. Apples and other fruits had not yet reached a stage where great damage could be done, and garden stuff was not far enough advanced to be hurt. It is seldom we have a high wind-storm from the northwest lasting as long as this has, but the indications are now for more reasonable weather. The storm was general all over the west and was especially severe in Colorado where the damage to the fruit crop is enormous.

### Farewell Concert

Given under the direction of Otto A. Voget assisted by the following pupils: Ray Estabrook, Arthur Johnson and Pauline Voget. At Wayne Opera House, Thursday evening, May 7th, 1908.

  - 9 Violin Solo, Fantasia Caprice H. Vieuxtemps
  - 10 Violin Trio, Turkish March W. A. Mozart
- Otto A. Voget, Arthur Johnson, Ray Estabrook.

### A Statement

Editor Herald—Having been found not guilty of evading the quarantine regulations I wish to call the attention of your citizens to the fact that the law places all local Boards under the State Board of Health as found in Sec. 6 and 8 Art. 7, Chap. 56, 1903 statutes. Your city attorney is charged with the duty of obeying said law yet he is advising your city officials to disobey it and follow an ordinance that has been eliminated by the State Board. Any citizen who can read can understand that to be the case. Your citizens are interested in this matter—no one can tell but that his may be the next family stricken down in which case his grief will be hard enough to bear and should have, if living in a civilized community, the aid and sympathy of the Board of Health. In Omaha and larger cities culture tubes are furnished free by the Board to be used in all cases of tonsillitis as it is well known that many diphtheria cases have every appearance of tonsillitis and the bacteria test alone is sure. All persons found in a quarantined house may leave on examination by physician and fumigated by physician or trained nurse. This custom is in vogue all over the world. All clothing sent out to be washed should be soaked in formaldehyde one hour as was done in every case by the Gamble family. The writer before entering the Gamble home changed his clothing and after ten days the patient being convalescent I exercised my American citizenship, changed my clothing and was then fumigated by a trained nurse from the M. E. hospital of Omaha.—D. C. Patterson.

as they are the best that ever have been or probably ever will be written. Don't miss this one dramatic treat of the entire season, Wayne, Nebr., May 1st, Friday night at the opera house.

Special Notice  
 Tomorrow, Friday, our special order man will be here to take your measure for a suit. Call and see what he is showing.—Dan Harrington.

JUST RECEIVED, A CAR LOAD OF  
 OIL MEAL—WEBBER BROS.

John Kate expects to again take active control of the Two John's clothing store next week. He is having extensive repairs made in the interior of the building and says he will write an ad next week telling all about the change. He has an original style of ad writing that makes spicy reading.

Otto Voget and sister Miss Pauline went to Norfolk Saturday and on Sunday furnished music in the Congregational and Methodist churches. The people were so well pleased they made arrangements for Mr. Voget to give a concert there on May 11th, and will give practically the same program there as at the Wayne concert on May 7th.

Next Sunday will be Farmers' day at the Methodist church and a special invitation is extended to all farmers in the vicinity of Wayne to attend the services, especially the morning. The Pastor will have for his morning subject, "Seeding." In the evening he will speak on "The Unavoidable Christ." The evening choir will be assisted by the orchestra.

Sheriff Mears and wife went to Norfolk Saturday night to take Mrs. Marie Boline to the hospital for treatment. The family live about six miles northwest of town. The patient is laboring under the delusion of imaginary troubles and it was on the advice of physicians that she go to the hospital for a time and it is thought that with treatment there she will soon recover. Mr. and Mrs. Boline have three children.

John Hufford this week bought Albert Berry's store and will take charge of the business the first of next week. Mr. Hufford has been with John Kate in the Two John's Clothing Store for the past eight or nine years. He is one of the active young business men of the city and will no doubt do well in the new line of business. Mr. Berry has not decided just what he will do, but is figuring on going west before long.

While the elements was destroying lives and property in different sections of the country last Thursday afternoon Wayne county wasn't spared from having damage done. At the farm of J. W. Mason eleven miles northwest of town, occupied by Frank Carlson, about a thousand dollars damage was done to the buildings on the place. Corn cribs and sheds were tossed about and reduced to kindling wood and a wagon and two top buggies were badly broken by being blown about. The Park grove consisting of forty acres on the Park farm adjoining Mason's was where the twister got in its heaviest work. Large cottonwood trees a foot and a half in diameter were wrenched out of the ground or broken down. Fortunately there was no one injured as the family took to the cellar when they saw the twister coming.

Petitions are being circulated in the trade territory tributary to Wayne the purport of which is to ask the Wayne city council not to grant saloon licenses the ensuing year. The movement we are informed, is gotten up solely among the farmers, and while the petitions have not been filed it is said they will show a strong sentiment as against license, both moral and economic reasons being given. Probably more than anything else the petitions show that the farmers feel that they are entitled to have a voice in these matters and bear out the contention of the Herald that the only equitable way in which to deal with this question is by a county option law giving the people of the entire county a voice on this question.

The "Laminata" Collar, the new summer collar at Harrington's.

Pure Jersey ice cream at Leahy's drug store.

Hydraulic and cased wells. Geo. Wadsworth.

A fine line of queensworn at Brookings Grocery.

A. E. Clark's new automobile arrived Saturday. It's of the carriage style and is certainly a dandy.

Attorney A. R. Davis went to Fairfax, S. D. Wednesday morning to assist the prosecution in a murder case.

Go to Whalen's Saturday for a dish of ice cream. Half of what you pay for it goes to the Ladies' Aid Society of the M. E. church.

Chas. Endres has rented the Leif Sauntry residence property west of the Doctor's office and is moving in this week.

CARD OF THANKS—We wish to extend our thanks to the friends and neighbors for the many acts of kindness in the loss of our child.—Mr. and Mrs. Clarence Liveringhouse.

Prof. Sauntry left Saturday for Chicago and Columbus, Ohio where he will spend his vacation and also study the methods of eastern colleges in teaching Commercial law and bookkeeping. He will no doubt get some new ideas to use in teaching his classes at the College.

Ensley Moore of Jacksonville, Ill., is here this week looking after his farm interests near Wayne.

Mr. and Mrs. Chas. Reynolds returned Wednesday from a week's visit with relatives at Fullerton.

Lew Kloppping shipped three car loads of cattle to Omaha the first of the week.

Henry Owen's is enjoying a visit from his mother, of Norfolk.

Go to Brookings Grocery for bulk garden seeds.

Robt. Jeffrey, of Ames, Iowa, arrived here yesterday to attend the funeral of his sister.

The Pleasant Valley Society met in regular session at the home of Mrs. C. S. Ash on Wednesday afternoon, the time was pleasantly spent in social intercourse and a Kensington after which a two course supper was served.

D. A. Jones shipped thirteen car loads of cattle of his own feeding to Chicago the first of the week and struck a fairly good market. John Morgan and Homer Wheaton accompanied him. The party returned last evening.

Chas. Thompson shipped a car load of horses to Chicago this week. Del Strickland accompanied him with the shipment.

Subject of sermon at Presbyterian church on Sunday morning is "The Rule of Greatness." Public is invited to the service.

Chas. Jeffrey is here from Bloomfield to attend the funeral of his sister.

P. P. Huff of Norfolk visited with his mother and sister yesterday.

J. R. Russell is here from Meadow Grove on business.

Mrs. Lida Kerguson has returned from Excelsior Springs, Mo. Mrs. Jeffrey will remain a couple of weeks longer.

Mr. David Elson who lives on Perry's ranch north of town showed us his fine horse, King Messenger, one day this week. It is a beautiful black, 16 hands high. Good bone and muscle and of fine style and action. It is nothing of the heavy draft horse style but a model for an all purpose horse. The horse is at Bonawitz's livery barn five days of each week including Saturdays.

Quite a contention has been raised this week over Board of Health rules. D. C. Patterson, father of the young girl who has been sick at the Gamble home drove to Wakefield Tuesday morning and took the train for Omaha without securing permission of the health officers. Mayor Ley swore out an information against him on the charge of violation of a city ordinance and Sheriff Mears went to Omaha and brought him back Wednesday evening at which time a hearing was held before Police Judge Alter. The evidence submitted showed that Mr. Patterson had changed his clothes and was fumigated before leaving the Gamble home and that he drove to Wakefield alone. The question seemed to be hinged on whether or not the ordinance conflicted with the rules of the state board, and the court in discharging the defendant, took the position that the regulations of the state board superseded the local regulations. The average citizen while not familiar with the technical rules governing such cases is concerned that nothing shall be done that will give contagious diseases a chance to spread and still not work undue hardships on those who are quarantined. Mr. Patterson returned to Omaha this morning and his daughter and Dr. Frank Gamble who have been sick with diphtheria are reported as recovering rapidly.

**Death of Hattie Jeffrey**

After a lingering illness of six weeks Miss Hattie Jeffrey died at her home in this city Wednesday morning. While the news of her death was not unexpected it profoundly shocked the community in which this young woman has spent the most of her young life and by whom she was beloved.

Harriett E. Jeffrey was born Aug. 16th, 1882 at Anamosa, Iowa, and when three years old with her parents came to Wayne where she has since lived. Her mother died about a year ago and she leaves her father five brothers and three sisters. The funeral services will be held from the Presbyterian church, of which she was a devoted member, to-morrow at two o'clock. Words fail to express the sorrow her many friends feel and the bereaved relatives have the sympathy of all in their great bereavement.

Oren Garwood, who until recently was manager of the Jas. Robertson lumber yard, left town last Wednesday without informing anyone of his destination. After reaching Sioux City he wrote back to Mrs. Garwood, saying that he was going many miles away and telling her not to look for him. He wrote a similar letter to his

## Which Do You Prefer?

### A Tailor-Made Suit or a Chicago "Buzzard."

For those who are hard to fit and wish to have their suits made to measure should patronize their local tailor who understands his business and is here to stay. Should anything prove unsatisfactory he is here to make it good.

The man who is "here today and gone tomorrow" taking orders for suits may know how to count inches on a tape measure but it is very probable that he never saw the inside of a tailor shop. Good cutters do not have to travel through the country taking orders. If they are competent their place is at the cutting table where they can easily be kept busy.

A person who is hard to fit or has an odd-shaped form must have his coat and vest made to try on before it is completed to be assured of a fit.

Leave your order for clothes with your home tailor and you will get satisfaction.

# Henry Schroer

## The Tailor

### No Trace of Disease

any one of the three years, 1901, 1902 or 1903 at or following the International Live Stock Exposition at Chicago. Is it remarkable? If you saw the shows you know the countless thousands in value assembled. There was anxiety among breeders. They had to be assured against the spread of contagious diseases. The management met the demand each year by disinfecting with famous

## ZENOLEUM

Zenoleum exclusively. That's high, reliable testimony. Do you see Zenoleum? It's a powerful disinfectant, kills flies, keeps away and destroys them, kills lice, keeps away and destroys them, kills ticks, keeps away and destroys them. It's the most powerful disinfectant ever used. It's the most powerful disinfectant ever used. It's the most powerful disinfectant ever used.
